Mules Slam Dimmitt In 41-0 Victory

Teacher Duo Die In Asphyxiation

When Mr. and Mrs. Jerry Lawrence worked to light their central heating unit in their home at 906 Ivy Tuesday night, and finally, with the help of neighbors, got it lighted around 9 p.m., they did not know they were spending a few of the last hours of their lives.

Wednesday morning, when the popular teaching duo failed to turn up for their classes at Muleshoe High School and Muleshoe Junior High School, school officials went to check on them.

MJHS Principal Fred Mardis called the Muleshoe City Police Department, then he and another teacher and friend of the couple, Phyllis Wood, went to the Lawrence home in northeast Muleshoe.

The brick home was all closed up and the garage door was closed and locked. On arrival, Lt. Jerry Hicks called the fire department. The garage door was forced and both the Lawrence vehicles were in the garage.

Fire Department personnel Allan Berry and Jack Rennels forced a back door and they entered the home to a heavy smell of gas. Berry and Rennels found the couple dead in their bed in the southeast corner of the brick home.

Attempts were made to revive the couple, but to no avail. A doctor was called, but all resuscitation attempts failed. The firemen opened the doors and windows, and intalled an exhaust fan to remove fumes from the house.

Justice of the Peace Tana Holmes was taken to the death home and pronounced the couple dead. Thursday morning, Justice of the Peace Holmes said she was ruling death by accidental asphyxiation. Although blood samples were taken from the bodies, Mrs. Holmes said there was no doubt in her mind that the deaths were accidental asphyxiation.

Muleshoe City Police

Chief Johnny Richards and Bailey County Deputy Sheriff James Williams went to the scene, and an investigation was conducted by the officers and by representatives of Pioneer Natural Gas Company. They found a mal-functioning central heating unit. A vent pipe, which was supposed to be attached to the heating unit was found in the floor of the heater closet, and officers surmised that the lost vent pipe caused all the fumes to go into the home instead of being vented to the outside.

Jerry Lawrence was 29. Cont. Page 6, Col.3

Silverton Eases By Longhorns

After a scoreless three quarters of play, the Silverton Owls took advantage of two Lazbuddie Longhorn miscues, and turned the fumbles into scores in the fourth.

Lazbuddie made several attempts in the first half of the game, but failed to turn long plays into points and the Owls managed to hold on to win out on the Lazbuddie fumbles late in the game.

Lazbuddie's sole TD, a 65 yard TD run by Blake Buchenau was called back in the first quarter on a penalty, and the Longhorns did not manage to put together a scoring drive after that time.

Civics Classes Plan Campaign, Election

Have you been wondering how you are going to vote this year? Do you understand how the candidates stand on important issues which will affect everyone for the next four years?

If so, make it a MUST to come to Muleshoe High School on the morning of the election, November 4, at 9:30 a.m.

At this time, you will

DEMOCRATS AND INDEPENDENTS FOR REAGAN-BUSH--As election time nears, Democrats and Independents for Republicans Ronald Reagan and George Bush have been out boosting the campaign of the duo they say they think will be the ones to take the presidential and vice presidential bid Tuesday. Pictured are four men symbolic of the 'big push' for the Republican presidential candidates. They are from left, Dee Treadwell, Frank Ellis, Sam Damron and John Smith. The polls will be open Tuesday, November 4, from 7 a.m. to 7 p.m., and they are urging people to 'get out and vote.'

Absentee Voting Turnout Shows Increased Interest

Many of the nation's voters are wearing the name tag 'Undecided' these days, with just two days before the Tuesday, November 4, General Election.

By mid-afternoon on Friday, the final day to cast

absentee ballots, it was reported that 293 people had voted by absentee ballot. This was said to be an indication of higher than normal interest in Tuesday's election, where a new president will be elected for the United States.

Local Citizens Back Campaign Of Reagan-Bush

Several citizens of Muleshoe and the surrounding area have joined more than 1,200 fellow Texans on the Statewide Steering Committee of Democrats and Independents for Reagan-Bush, Governor Bill Clements announced.

Some of the persons include Sam Damron, Bailey County Chairman; Neal Dillman, Carelean Hamilton, Frank Ellis, Rev. H.D. Hunter, James R. Jennings, Ernest Kerr, Ruby Lee Kerr, Andy E. Lewis DDS, B.H. Black and John David Hamblin.

Governor Clements, chairman of the Reagan-Bush campaign in Texas, made the announcement along with Democratic State Senator Bill Meier of Fort Worth, chairman of the Statewide Steering Committee of Democrats and Independents for Reagan-Bush.

"Many Texas Democrats are dismayed with the liberal direction the party is headed. The Democratic Party--with its national and state platforms--has now endorsed homosexual rights, gun control, forced busing, and collective bar-

Although most of the attention has been focused on Ronald Reagan-George Bush; and on Jimmy Carter-Walter Mondale, two other parties are represented on the ballot in Bailey County.

Independent John Anderson and his running mate, Milton S. Eisenhower have generated more

local interest than have Libertarian Ed Clark with his running mate David Koch.

The team of Anderson-Eisenhower are the only Independent candidates, while J.D. Webster is opposing Kent Hance for U.S. Representative and David Hutzelman is opposing

Voting Box #6 - Old Bula School; Election Judge: C.C. Snitker
Voting Box #7 - Needmore Community Center; Election Judge: Bertha Beene
Voting Box #8 - Muleshoe City Hall; Election Judge: Cara Juan Schuster

Three Way Falls To Wellman On Home Field

Wellman was rude to host Three Way Friday night and had a 45-6 lead over the Three Way Eagles at halftime before going on to a 45-27 victory over the Eagles.

A Tommy Brown to Louis Peacock 20 yard pass provided the Eagles' lone first half score. Keith Layton slammed a 40 yarder to Tim Roberts in the fourth, then Brown and Peacock also scored in the fourth.

Mule JV Players Add Final Action

The Muleshoe Mules went 'Trick or Treating' in Dimmitt Friday night, and when they came home, they had been handed the treat, and left a whole 'bag of tricks' behind.

Muleshoe's treat was a 41-0 victory over the Dimmitt Bobcats, and the trick was to put in the junior varsity team in the second half, and watch the JV team, guided by quarterback Sammy Gonzales, go on to make the final touchdown of the game.

Turnovers again plagued both the Mules and the Bobcats, as the Mules had four turnovers in the game to six for the Dimmitt Bobcats. However, where the Mules managed to capitalize on Bobcat mistakes, the Bobcats were unable to return the favor.

The Bobcats took the initial kickoff, and after failing to move the ball, it went to the Mules, who also, early on, failed to advance toward the goalpost.

After Dimmitt again miscued, the Mules settled down to the business at hand, and at 4:20 of the first quarter, put their first of six touchdowns on the scoreboard. Charles Walker rambled to his right for seven yards and paydirt, and Mule QB Monty Hysinger booted the extra point.

Walker again broke out of the pack with just :12 seconds left in the first on a 27 yard jaunt and Hysinger again made it seven points with his kick.

The next two touchdowns, in the second quarter belonged to Mule back Felix Norman. Just going into the second, the Mules had again recovered a misguided Bobcat play and at 11:24 of the second, Norman made it over from the two, and Hysinger toed in the extra point.

Norman then slammed through on a 23 yard gainer to the end zone, and went in standing up for six more points. This time, Norman booted in the extra point, and at halftime, the Mules were leading by 28-0.

Coming back in the third, QB Hysinger found no one to hand off to, and spotting just a little daylight, managed to squirm

through and outrun the defenders for another TD, this one for 47 yards.

At this point, there was 1:19 on the clock.

In the fourth quarter, with Junior Varsity QB Sammy Gonzales leading the team, Chris Kirvin and Hector Orozco put on a running show for the crowd at the game.

Kirvin made the final TD of the game, capping a long drive with a nine yarder with 3:31 left in the game. Gonzales attempted an extra point, but was blocked by the Bobcats.

Providing good action in the game were JV players Jimmy Green, Cubby Ramos, Chris Kirvin, Pepe

Cont. Page 6, Col. 2

Refuge Asks For Hunter Assistance

According to Allen Jones refuge manager at the Muleshoe National Wildlife Refuge, during the 1979-80 sandhill crane season, the U.S. Fish and Wildlife Service, in cooperation with the Texas Parks and Wildlife Department and other sandhill crane hunting states, obtained biological information from sandhill cranes.

He said three subspecies of sandhill cranes are involved in the hunter harvest, and there are wide variations in their respective population levels.

By using measurements from sandhill cranes taken by hunters last year, statisticians were able to determine that the cranes approximated the following percentage of the harvest in the states indicated:

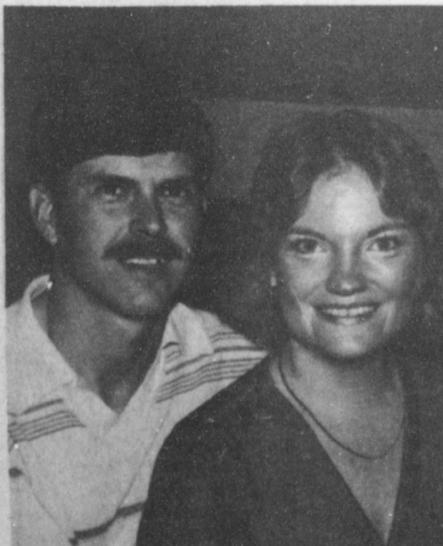

North Dakota, 22 percent Lesser Sandhill Crane; Canadian Sub-species, 53 percent and Greater Sandhill Crane, 25 percent.

New Mexico, Lesser Sandhill Crane, 91 percent; and Canadian Sub-species, nine percent.

Texas, 87 percent Lesser Sandhill Crane; Canadian Sub-species, 12 percent; and one percent Greater Sandhill Crane.

"We are interested in checking the composition of

Lazbuddie FFA Taking Orders In Fruit Sale

Randy Cantrell, Vo-Ag teacher at Lazbuddie High School, said members of the FFA are currently taking orders for fruit to be delivered by the Ag Department members.

Available are small boxes of oranges or grapefruit for \$8; large boxes for \$10 or apples for \$9 per box. Also, the fruit may be mixed. Orders may be placed for the fruit to be delivered in December by contacting

HE HIT THE BIG TIME--Pictured making his first touchdown in a varsity football game is Chris Kirvin, No. 34, as he rambled for nine yards. During the second half of the

HALLOWEEN TIME....The Tuesday and Wednesday morning ladies Bible class at the Muleshoe Church of Christ hosted a Halloween party Thursday for residents of the Muleshoe Nursing Home. David Cox took along his fishing pond. There were also a haunted house, bean bag throw, fortune telling booth, and a guessing game (number of kernels of corn in a jar). Clara Weaver guessed the closest to the number of corn kernels. They also served refreshments to the residents. Shown along with Bozo the Clown and the scare crow are Charlie Garth and Ora Roberts.

Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use... moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."
— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers... (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."
— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."
— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."
— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

Vote for Proposition 1 November 4th.

Republican Party Platform

...the Republican Party supports deregulation by the federal government of public education, and encourages the elimination of the federal Department of Education.

Federal education policy must be based on the primacy of parental rights and responsibility. Toward that end, we reaffirm our support for a system of educational assistance based on tax credits that will in part compensate parents for their financial sacrifices in paying tuition at the elementary, secondary, and post-secondary level.

Next year, a Republican White House will assist, not sabotage, Congressional efforts to enact tuition tax relief into law.

We will halt the unconstitutional regulatory vendetta launched by Mr. Carter's IRS Commissioner against independent schools.

Democratic Party Platform

Education

We applaud the leadership taken by a Democratic President and a Democratic Congress in strengthening federal programs in education.

Our primary purpose in assisting elementary and secondary education must be to assure a quality public school system for all students.

The Party accepts its commitment to the support of a constitutionally acceptable method of providing tax aid for the education of all pupils in schools which do not racially discriminate, and excluding so-called segregation academies.

School Prayer

We support Republican initiatives in the Congress to restore the right of individuals to participate in voluntary, non-denominational prayer in schools and other public facilities.

No statement.

Health Care

Republicans unequivocally oppose socialized medicine, in whatever guise it is presented by the Democratic Party. We reject the creation of a national health service and all proposals for compulsory national health insurance.

As consumers of health care, individual Americans and their families should be able to make their own choices about health care protection.

The answer is to enact a comprehensive, universal national health insurance plan. The Democratic Party pledges to seek a national health insurance program.

National Defense and Foreign Policy

At the start of the 1980s, the United States faces the most serious challenge to its survival in the two centuries of its existence.

Republicans commit themselves to an immediate increase in defense spending to be applied judiciously to critically needed programs. We will build toward a sustained defense expenditure sufficient to close the gap with the Soviets, and ultimately reach the position of military superiority that the American people demand.

The SALT II Treaty also serves our security interests...The SALT II agreement is an accomplishment of the Democratic administration. It contributes directly to our national security, and we will seek its ratification at the earliest time.

We will not accept an indefinite deferral of strategic arms control and are determined to pursue negotiations with the Soviet Union.

Family

The family is the foundation of our social order. It is the school of democracy. Its daily lessons -- cooperation, tolerance, mutual concern, responsibility, industry -- are fundamental to the order and progress of our Republic. For the first time in our history, there is real concern that the family may not survive.

Government may be strong enough to destroy families, but it can never replace them.

We protest the Supreme Court's intrusion into the family structure through its denial of the parent's obligation and right to guide their minor children.

In view of the continuing efforts of the present Administration to define and influence the family through such federally funded conferences as the White House Conference on Families, we express our support for legislation protecting and defending the traditional American family against the ongoing erosion of its base in our society.

Right-To-Life (Abortion)

We affirm our support of a constitutional amendment to restore protection of the right to life for unborn children. We also support the Congressional efforts to restrict the use of taxpayers' dollars for abortion.

The Democratic Party supports efforts to make federal programs more sensitive to the needs of the family, in all its diverse forms.

...the American family structure has changed radically in recent years.

It is not only morally right, but far less expensive, for government to assist children in growing up whole, strong and able. The Democratic Party shall seek vigorously to enact an adequately funded, comprehensive, quality child-care program based upon a national commitment.

The Democratic Party supports the 1973 Supreme Court decision on abortion rights as the law of the land and opposes any constitutional amendment to restrict or overturn that decision.

No individual should be victimized by unfair discrimination because of race, sex, advanced age, physical handicap, difference of national origin or religion, or economic circumstance.

Equal Rights

All groups must be protected from discrimination based on race, color, religion, national origin, language, age, sex or sexual orientation.

Women's Rights and E.R.A.

We reaffirm our Party's historic commitment to equal rights and equality for women. We support equal rights and equal opportunities for women, without taking away traditional rights of women such as exemption from the military draft. Ratification of the Equal Rights Amendment is now in the hands of state legislatures without federal interference or pressure.

A Democratic Congress first enacted E.R.A. in Congress and later extended the deadline for ratification. Now, the Democratic Party must ensure that E.R.A. at last becomes the 27th Amendment to the Constitution. We oppose efforts to rescind E.R.A., in states which have already ratified the amendment, and we shall insist that past ratifications stand. The Democratic Party shall withhold financial support and technical campaign assistance from candidates who do not support the E.R.A.

Knock-out punch!

ASTD's Texas Dept. -- an expert from the world of technology -- the calculator -- has delivered a knock-out punch to one of the oldest enemies of the University Interscholastic League -- the slide rule calculator.

The new IUL calculator was the last in which high school students competed in slide rule mastery. Nonetheless, we have calculator application contests, designed by Dr. John Hedges, an electrical engineer at the University of Texas at Austin, will substitute for the slide rule which was a staple of IUL contests for 65 years.

Dr. Hedges considers calculators "just more fun and more stimulating to the development of mathematical skills."

COLLECTION & AUTOS
The Environmental Protection Agency moved to help the domestic auto industry by proposing certain pollution standards on motor vehicles, bringing to \$40 million the projected savings to the industry that have been announced since July.

Open Letter To The Public

Within a few days, we will have been through another national election. This will be the last opportunity I will have to reach you, at least through this medium. I will continue to try to see you in your home or business until election day. A few of you have expressed a reluctance to vote. You already know the reasons to vote far exceed any excuse not to do so. There are probably enough apathetic or reluctant voters in America to form a political party large enough to unseat most of the Republicans and Democrats in office. Alas! They would lose the election because some of them chose to vote.

The rest of us recognize the need for sweeping changes in county, state, and federal government. We can not continue to suffer this encroachment of government into every facet of our lives. Throughout history, every powerful nation has collapsed because their governments have defied how business and industry is to operate and live their citizens lives for them. You say it can't happen here? Look around you, folks! We are already up to our necks in Big Brother's pile.

Georgia's living peopled commercial himself, on television several nights ago, stated right to your face that government can do better. Big Government has never done anything better than what was provided by free enterprise and private citizens. Every technological advancement we've ever had was followed with a mad scramble by government to start a new department and exer-

cise control.

Why can't our leaders see that their guarantee schemes have already been tried over and over in the past and have failed miserably? I guess after the dead horse is buried, you forget how bad it smelled.

Ladies and Gentlemen, it is time to claim what is rightfully ours! That is Government of the People, By the People and For the People! Instead of government in spite of the people.

We can't wait any longer. I can't wait any longer. What we do for our nation will affect the lives of our descendants. I want mine to have their guarantee of "Life, Liberty and the Pursuit of Happiness."

The changes we want in government will not come overnight. There will be some bitter, hard fought battles along the way. Many of the changes we desire will start here at the grass roots.

I want to be a part of this. With your help we can at least improve matters in our country and make enough noise to affect our state and federal officials.

Please vote for me on the 4th. I CAN HELP!

Miss Tyree Wagnon, Stevens Exchange Wedding Vows

Miss Stern Tyree Wagnon, daughter of Mr. and Mrs. Joe Pat Wagnon, was married to Blake Edwin Stevens, son of Mr. and Mrs. Duane Stevens, of the Pleasant Valley Community in the chapel of the First United Methodist Church of Muleshoe, Friday evening, October 24th. The ceremony was performed by Rev. J. Wade Griffin of Lubbock.

The bride, escorted and given in marriage by her father, wore a formal length gown of white or-

ganza fashioned with a square neckline in front and back, edged in pearl-ange lace. The empire bodice had an overlay of lace and Camelot sleeves with wide bands of lace at the wrist. The full skirt had an insert of permanent pleats in front with the sides and back of Chantilly lace that cascaded into a chapel length train. The finger-tip chapel veil was hand-dyed in matching lace and fell from the lace and pearl covered head piece. The bride's bouquet was a cascade of white roses in-

terspersed with miniature sunset roses, stephanotis, and baby's breath.

For something new, the bride carried a lace edged handkerchief, something old and borrowed was a pearl necklace belonging to her mother and she wore the traditional blue garter. For good luck the bride carried in her shoe a penny minted in the year of her birth.

Mrs. Johnny St. Clair, sister of the bride, was the matron of honor. The bridesmaids were Miss Lauri Young and Miss

Denise Young, cousins of the bride, from Oklahoma City, Oklahoma.

The attendants wore identical gowns of spice colored tinasetta knit. The crisscross bodice featured double spaghetti straps with the accordion pleated skirt falling from the empire waist to the floor. A matching chiffon capelet accented the gown with self-fabric bows attached to each shoulder. They carried sophisticated colonial bouquets of enchantment lilies and baby's breath. The matron of honor carried a small cascade bouquet of enchantment lilies, baby's breath and stephanotis.

Amanda Marie St. Clair, niece of the bride, was flowergirl. Her gown was of the spice colored tinasetta knit with gathered matching overskirt of chiffon. In her hair was a comb of lily petals, miniature sunset roses and baby's breath. She carried a basket trimmed with white ribbon, accented with sunset roses and baby's breath and filled with love knots.

Damon Joelvin St. Clair, nephew of the bride, was the ring bearer and carried a white satin lace trimmed pillow made for the bride by her grandmother, Mrs. Thurman White.

Jim Overman served as best man. The groomsmen were Bruce Crabtree and Derrell Chances. Ushers were B.H. Wagnon and Johnny St. Clair, uncle and brother in law respectively, of the bride. The groom and groomsmen wore toast colored tuxedos accented with velvet lapels trimmed in satin.

The mother of the bride was attired in a formal length gown of hunter green tinasetta knit with a short fitting bodice featuring spaghetti straps and the lightly shirred skirt falling from a fitted waist. The gown was accented with a loose fitting lace jacket with scalloped edges and elbow length sleeves.

The groom's mother wore a lime green chiffon over satin gown. The chiffon capelet accented the round neckline of the fitted bodice with the full skirt falling in tiers to the floor.

Mrs. Sam Damron presented selections on the organ of "Panis Angelicus" by Franck, "Arioso" by Bach, the wedding march from Lo-

hengrin and the recessional from "A Mid-Summer Night's Dream". As the bride and her father stood before the altar, Mrs. Charles Lewis, accompanied by Mrs. Damron, sang "We've Only Just Begun".

The candle lit ceremony was performed before an altar with an open Bible. On each side of the altar were tree candelabras decorated with baby's breath and greenery. A white frosted unity candle with a mini-garland of enchantment lilies, set amidst baby's breath and greenery, was placed on a pedestal to the side of the groom with two lighted tapers.

Concluding the exchanging of wedding vows, the bride and groom each took a lighted taper and as Rev. Griffin explained the significance of two lives now pledged to each other and becoming one, lit the unity candle.

Following the ceremony, which was attended by the immediate families, the

bride and groom were escorted to the reception, which was held at the Muleshoe Country Club.

The traditional four foot wedding cake, topped with two doves, was served on a table covered with a bridal cloth of white net. The cloth was bordered with satin, above which were applied white felt doves and roses, joined together with love knots and accented with seed pearls. The late Mrs. Marie White, grandmother of the bride, made the cloth.

Punch, mints, and nuts were served from crystal and silver appointments. Serving were Ms. Dolores Kelton, Mrs. Tommy Gunstream, Mrs. Raymond Gaede, Miss Kellie Overman, Miss Kay Lynn Prather, and Miss Delia Shaw.

A wedding toast was given by Charles Flowers, followed by a toast from the best man, Jim Overman.

Champagne was served to the guests by members of the houseparty, Mr. and Mrs. Charles Flowers, Mr. and Mrs. Tim Campbell,

Mr. and Mrs. Tommy Gunstream, Mr. and Mrs. Raymond Gaede, Mrs. Myron Pool III, and B.H. Wagnon.

A buffet table was covered with a white Irish cloth edged in lace, and catered by Mrs. Perry Stockard. A pair of silver candelabras flanked an arrangement of birds of paradise, spice fugi, mums, and tiger lilies.

Miss Tonda Gunstream, cousin of the bride, registered the guests.

Special guests at the wedding were Mr. and Mrs. Thurman White and Mrs. Oneita Wagnon, grandparents of the bride and Mrs. Sena Stevens, grandmother of the groom.

Out of town guests were Mr. and Mrs. Clifford White, Patrick, Todd and Carolina of Goldsmith; Mr. and Mrs. Otis Stowe of Austin; Mrs. Buddy LeCrone and Russell Young of Oklahoma City; Mr. and Mrs. Roland Stevens and Tania of Dimmitt; Mr. and Mrs. Bob Borden and Roby of Portales; Mrs. James Thomas of Big Spring; Mrs. Greg Wall of Texhoma, Oklahoma; and Miss Melissa Kaewer of El Paso.

For going away the bride chose a lilac plaid suit with navy accessories and an orchid corsage given her by the groom.

The couple will reside at 250 1/2 27th Street in Snyder.

A rehearsal dinner honoring the couple, hosted by the groom's parents, Mr. and Mrs. Duane Stevens, was held on Thursday, October 23 at KL's Steakhouse. Dried basket arrangements adorned the tables with a

fresh candle arrangement of bronze daisy poms, white stock, bronze cushion poms mixed greenery and baby's breath on the head table.

Those attending the dinner were the wedding party, family and friends. Special guests attending were Mrs. Sena Stevens, grandmother of the groom,

Mr. and Mrs. Thurman White and Mrs. Oneita Wagnon, grandparents of the bride, Rev. J. Waide Griffin, Mr. and Mrs. Sam Damron and Dr. and Mrs. Charles Lewis.

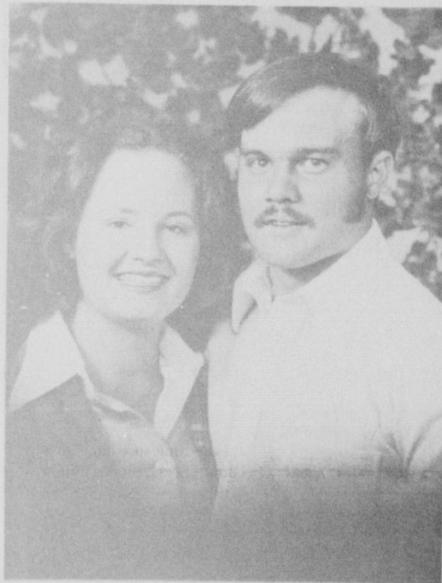

The wedding toast was given by Jim Overman and numerous other toasts were made.

Monday night, October 20th, Tyree Wagnon, bride-elect of Blake Stevens, was surprised with a lingerie shower. Miss Wagnon was escorted to the Pizza Hut by Leslie Wagnon, Keva Roming, and Leslie Cowan. Friends waiting there for her were Michelle Agee, Awyna Cox, Sally Lunsford, Nancy Garcia, Shelli Hawkins, and Sharon Carpenter.

Also on October 24th, Mrs. Joe Pat Wagnon hosted a Bridesmaid's Luncheon at the La Crepe Suzette in Lubbock for her daughter, Tyree, and her attendants, Mrs. Johnny St. Clair, Misses Lauri Young and Denise Young of Oklahoma City. Special guests were Mrs. Sena Stevens, Mrs. Duane Stevens, Mrs. Oneita Wagnon, Mrs. Thurman White, and Mrs. Buddy LeCrone. A luncheon of tossed salad, Le Boeuf Bourguignon and Mousse au Chocolat was enjoyed by the guests.

MRS. BLAKE STEVENS [nee Tyree Wagnon]

JANUARY WEDDING PLANNED....Mr. and Mrs. Jack Hysinger and Mr. and Mrs. Wayne Foster wish to announce the engagement and approaching marriage of their children, Kanetha Lorene Hysinger to Richard Kenneth (Ken) Foster. They are planning a January 2 wedding at the First United Methodist Church in Muleshoe. Kanetha is a 1980 graduate of Muleshoe High School and is attending West Texas State University. Ken is a graduate of Farwell High School and is farming with his father. Invitations will not be sent locally.

Mrs. Anderson Feted With Lullaby Shower

MRS. HAL ANDERSON

Mrs. Hal (Renee') Anderson was feted with a lullaby shower from 7-8:30 p.m., October 28 in the home of Mrs. Charles Lewis. Susie Hamblen and Joyce Albertson greeted the guests.

The hostesses presented Mrs. Anderson with a yellow and white baby bootie corsage.

Cindy Purdy served coffee, spiced tea, thumbprint cookies, sand tarts, nuts and mints from a silver coffee and tea service.

The serving table was covered with a white linen cloth. A center piece of silk flowers enhanced the table.

Special guests were Mrs. Hazel Dyer, mother of the honoree; Mrs. Jewell Anderson of Lubbock, mother in law of the honoree; Mrs. Gene Meador and Mrs. Zelma Arthur, aunts of the honoree.

Kindergarten Halloween Party

Kindergarten students at the Muleshoe Goodwill Center were treated with a Halloween party Thursday morning.

Games were played and refreshments were served by the teacher, Mrs. Gonzalez, Mrs. Saldana, Mrs. Serrano, Mrs. Davila, Mrs. Soto, Mrs. Estrada, and Mrs. Villarreal. Mrs. Perez organized the party.

TOXIC SHOCK SYNDROME
ATLANTA -- A great medical mystery is inexorably unfolding at the Federal Center for Disease Control, a mystery that may be as old as the ancients or as new as the 20th century. They hope to find ways of curing and preventing the syndrome and thus be able to still the growing apprehension among women who use tampons during menstruation.

The hostesses gift was a car seat. Hostesses for the occasion were Mrs. Homer Allgood, Mrs. Pat Bobo, Mrs. Roger Albertson, Mrs. David Hamblen, Mrs. Bruce Purdy, Mrs. Gary Shipman, Mrs. Alec Schuster, Mrs. Tom Jinks, Mrs. Ernest Kerr, Mrs. Danny Shipman, and Mrs. Charles Lewis.

SENIOR CITIZENS

Senior Citizens met October 27, in the fellowship hall of the First Methodist Church, with 55 present for a covered dish luncheon. Seven visitors were also present. One of the visitors, Helen Stepunek, from California, is a cousin of Durad Head and Mae Wilterding.

While the group were eating lunch, "The Gospel Notes", Jacque Baker, Helen Gable, Betty Cox, R.A. Bradley, and David Cox, a quartett from the Church of Christ, gave the program in song and Bible verses.

The meeting was called to order by Mae Wilterding minutes were read and approved. J.C. and Odessa Shanks joined the group.

Bill Moore presented James Warren, who is running for Commissioner of Precinct Three. He gave a short talk.

The meeting was dismissed with a prayer by Mae Wilterding.

Muleshoe Fine Arts Boosters

The Muleshoe Fine Arts Boosters met Monday night at the high school with the president, Marshall Williams, presiding. Twenty members were present. Final plans were made for the Halloween Carnival which will be in the Coliseum Saturday night, November 1 beginning at 6:30 p.m. and the Queen Coronation will be at 9:30 p.m.

The Boosters made plans to have a bake sale on November 22. Sandra Martin will be in charge of the sale.

The Boosters decided to have a float in the Christmas parade this year. Ken Taylor and Winston Allison will be in charge of this project.

Stadium cushions and Mule Mania cups are still on sale at the concession stand at the home games, or stadium cushions may be purchased at Bratcher Motor Supply during the week.

Zeta Rho Met In Home Of Karen Kidd

The members of the Preceptor Zeta Rho met recently in the home of Karen Kidd for their third regular meeting. Preceding the business meeting a program illustrating the Aerobic Exercise was given by Jenny Oliver. After demonstrating some of the graceful movements, she encouraged the group to join her in going through the exercises.

After the program, the president called the meeting to order and the Opening Ritual was repeated. Minutes were read and the treasurer's report was

given. Lucy Faye Smith read the next issue of "Golden Moments", in celebration of fifty years of Beta Sigma Phi.

Communications and committee reports were given with an involved discussion on what to select for a service project for the year.

Plans were revealed by City Council president, Pat King, for the Halloween social combining all three chapters of Beta Sigma Phi. The party will be hosted by City Council and held in the home of Sandy Chitwood.

The area convention was discussed, followed by the meeting being adjourned and repeating the Closing Ritual.

Sound waves used to detect track flaws

COLLEGE STATION — An improved technique using ultra-high frequency sound waves for detecting flaws in railroad tracks is being developed by engineering researchers at Texas A&M University.

Each year rail failures are the single greatest cause of train derailments throughout the country. Many flaws in the rails remain undetected, despite a

large fleet of flaw detector cars inspecting several hundred thousand miles of track annually, said researcher Dr. Don E. Bray, a Texas A&M mechanical engineering professor.

Present methods depend on a less sophisticated system to locate and identify dangerous weak points in the rails.

The new technique under study by Bray sends ultra-high frequency sound waves into the metal and measures their echoes, akin to the technique used in radar.

Experience is the issue.

The 80's. As we enter a new decade, we face serious and growing challenges in the economy, energy, agriculture, education. To solve these problems—to make the important decisions which will affect all our lives for years to come—will take more than just good intentions. It'll take experience and leadership.

The kind of experience and leadership we have in Bob Price.

Bob Price. Farmer, rancher, businessman. Experienced as our former congressman for eight years. Effective as our state senator for the last three years. A leader in Austin.

Energy

Bob Price knows we must fully and rapidly develop alternate sources of energy to help control inflation and expand the area's economy. As a member of the Senate Natural Resources Committee, he passed bills to encourage production and sale of gasohol utilizing Texas grain crops (S.B. 988) and to promote solar and wind-powered energy production (S.B. 204).

The Economy

As our congressman for eight years, Bob Price worked for policies to promote more jobs and better wages for our area's working men and women. As our State Senator, Bob continues to reach these goals through legislation which encourages new industry; through tax and budget reform and through elimination of governmental interference and over-regulation of business.

Education

Bob Price is committed to quality public education and fair wages for teachers, and feels these goals can be accomplished without increasing taxes. Bob knows that we must properly train the future leaders of Texas in the schools of today.

Agriculture

As a working farmer and rancher, Bob Price knows the problems facing this vital industry and those who provide services and products to the agricultural community. In the last session, Bob's version of S.B. 1321—a landmark piece of legislation—provided authority for the Ogallala Water Import Authority which will allow planning for desperately needed water for the area. Bob also passed the Family Farm Security Act which was overwhelmingly approved by voters in November, 1979.

We face one of the most important peacetime elections in years. On November 4th, remember:

Experience is the issue.

Bob Price is the answer.

Political ad paid for by the Bob Price for State Senate Committee, Mike Brugel, Treasurer, P. O. Box 1338, Pampa, Texas 79065.

Coaches Comments

The open date really helped us in the fact that we got some players healthy and worked hard on our option game.

Our victory over Olton was a big victory for us and puts us 1-0 in district play. Our team played with a tremendous amount of enthusiasm, and we were pleased with the defense and offense. All of our players played extremely well. Charles Walker and Monty Hysinger played very well. On defense, Marvin Lewis stood out with the rest of our defense always going to the ball.

We are very excited about the district race, and we

FRESHMAN FOOTBALL TEAM 6-0-1

Freshman Are Featured

The Freshmen football team has gotten off to a really good start. Their record is 6-0-1. The coaches for the team are Coach Tom Duncan and Coach Robert Brandon. The Mule's Tale Staff is happy to feature these fine young athletes.

Jason Scoggin, the 14 year old son of Kearney and Doris Scoggin, plays guard. He is involved in FFA and 4-H. He commented, "We will win district. We have the best team ever."

Randall Stevens, the 15 year old son of Mr. and Mrs. John Stevens, plays offensive end and strong safety. His activities include sports and livestock. He commented, "I have really enjoyed football this year. It has made me stronger, and our team has a good chance of going undefeated."

Ronny Cox plays tight end and corner for the team. He is the 14 year old son of David and Betty Cox. He participates in athletics and speech.

Mark Bell, the 14 year old son of Don and Barbara Bell, plays defensive end. His activities include FFA and FCA. He commented, "I think we have a great coaching staff."

Darin Shaw plays corner and quarterback. He is the 14 year old son of Eugene and Donna Shaw. He is a member of Student Council, FTA and FCA. He commented, "I think the coaching staff is great and we hope for a District Championship."

Milton Norman, the 15 year old son of Mr. and Mrs. Jim Norman, plays flanker, halfback, and corner. He also runs track.

Jeff Hamilton, the 14 year old son of Mr. and Mrs. Kenny Hamilton, plays quarterback and monster. His activities include FCA, FTA, and he is secretary-treasurer of his class. He commented, "Three more games and we will be District Champs!"

John David Agee, the 14 year old son of Mr. and Mrs. John Neil Agee, plays split end and cornerback. He is in all athletics. Randy Gatewood plays wingback for the Mules. He is the 14 year old son of Cappy Gatewood. He is in FFA. He commented, "I think football is a great sport and it is good competition."

Perry Whalin plays offensive guard and defensive tackle for the team. He is the 14 year old son of Mr. and Mrs. Herbert Whalin. He is interested in art. He commented, "I think we have a real great team and I also think we have great coaches. Coach Duncan and Coach Brandon are always working with us real hard, and without them we would not have the team that we have today."

Cheyenne Bickle, the 14 year old son of Mr. and Mrs. Bennie Bickle, plays center and noseguard. His comments were, "I think our Freshmen team will have a good chance to win district. We are undefeated at this point, but we will have to work harder and have team effort. We can win the District Championship for 1980."

Dennis Dee Ruthardt, the 16 year old son of Mr. and Mrs. Ray Ruthardt, plays fullback. He participates in all athletics. He commented, "The football team is doing well this year with all wins, no losses, and one tie."

Hector Garcia plays defensive end and tight end for the team. He is the 14 year old son of Mr. and Mrs. Raul Garcia. He also runs track.

Jay Gleason, the 15 year old son of Mr. and Mrs. Jerry Gleason, plays center and linebacker. He is in FFA. His comments were, "I think that our football team has a great chance of winning district and going undefeated this year."

Richie Richards, the 15 year old son of Mr. and Mrs. Johnny Richards, plays split end and cornerback. He is in all athletics. Randy Gatewood plays wingback for the Mules. He is the 14 year old son of Cappy Gatewood. He is in FFA. He commented, "I think football is a great sport and it is good competition."

Thurman Coleman, the 15 year old son of Mr. and Mrs. Abel Ontiveroz, plays defensive end and center. His comments were, "I think we have a good team this year and a good chance."

Thurman Coleman, the 15 year old son of Mr. and Mrs. Abel Ontiveroz, plays defensive end and center. His comments were, "I think we have a good team this year and a good chance."

Arnold Ontiveroz, the 15 year old son of Mr. and Mrs. Abel Ontiveroz, plays defensive end and center. His comments were, "I think we have a good team this year and a good chance."

Jessie Camarillo, the 15 year old son of Mr. and Mrs. Pete Camarillo, plays defensive tackle. He is active in FFA. He commented, "I think we have a very good team this year. I think we have a very good chance of winning district. Winning every game is really something to be proud of. We also have a very good coaching staff this year."

Casey Stewart plays noseguard for the team. He is the 15 year old son of Mr. and Mrs. Donnie Stewart. He participates in FFA. He commented, "We have a good team this year and the best backs."

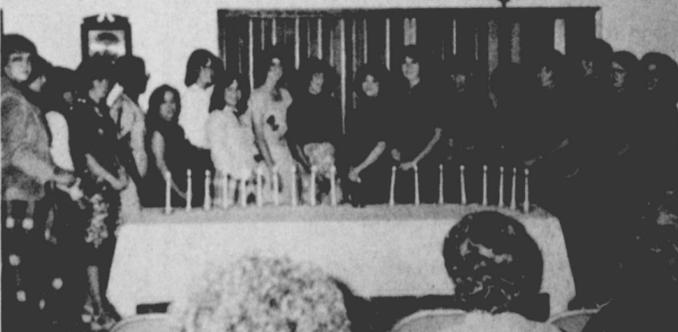

Good luck to the Little Mules in their last two games.

Good luck to the Little Mules in their last two games.

Good luck to the Little Mules in their last two games.

Happy Birthday

Friday, November 7 - Carroll Precure
Saturday, November 8 - Sammy Ovalle

FHA-HERO OFFICERS...left to right: FHA-Lynda Bell, president; Melissa Wagon, second vice president; Beth Harmon, first vice president; Annette Crabtree, fourth vice president; Charli Hawkins, student advisor; Charlott Morris, third vice president; Donna Horn, secretary; Kacy Henry, historian; Marlea Cox, student council representative. HERO-

Senior civics' students at Muleshoe High School are busy preparing for a mock election which will be held on the day of the real election, November 4, at 9:30 a.m. in the high school auditorium. Each of five civics' classes has chosen people who will represent one of the candidates or a leading political figure. Other students will be acting as members of the press, as campaign chairmen and workers, decorating committees, and election day workers and judges. This mock election will be given for junior students at high school and for anyone interested in learning more about the issues. Before going to vote on November 4, why not come by Muleshoe High School at 9:30 so you can vote more intelligently?

To begin their election activities, civics' students are participating in a get-out-the-vote campaign. Each student has written a short paper on the importance of voting and many are giving these on KMUL radio and Channel 6 TV. The following are samples of the students' papers:

Marvin Lewis: So you say, "Why should I vote? My vote won't make a difference." However, just think of it this way: A grain of sand does not make a difference, but many grains of sand together make a desert. So let's come together and let us get out and vote!

Be Counted by Carla Shafer: In the "Constitution of the United States of America", Americans are guaranteed certain inalienable rights. These rights include freedom in the pursuit of happiness and the right to vote. Americans are known to stand up and protest any action which could limit these rights, except when it is the American who is doing the limiting. This has happened with the right to vote. There has been no legislation passed which could weaken the power of the vote, but the number of voters has decreased. For a nation who is supposedly proud of their achievements, America is not willing to take the time to uphold these ideas through the vote. The only way to insure our American heritage is to stand up and be counted in the vote.

Mary Mata: Gripe! Gripe! Gripe! That's all some people do. What are they griping about? They are griping about the way the government is run. Are the majority of these people justified in their griping? No! Why? Because they didn't vote! They didn't bother to support the candidate with their views! If everyone would vote, we would be off to a great start!

Everyone on the offensive unit were cited for playing with super effort and spirit.

Calendar Of Events

- Tuesday, November 4 - Election Assembly, juniors and seniors, 9:30 a.m.
Wednesday, November 5 - Band Marching Contest, Lubbock
Thursday, November 6 - 9th football at Friona, 5:00; District 17 FTA Convention, Plainview 8:00 a.m. - 3:00 p.m.
Friday, November 7 - Varsity football with Friona here, 7:30; Junior Class Supper, 5:00-7:30 p.m.
Saturday, November 8 - Muleshoe Speech Tournament 8:00 a.m. - 7:00 p.m.

JV Walks On Olton

Muleshoe came home last Thursday night, October 23, after winning their first district game over Olton 24-14.

Olton scored on the first play of the game on the kickoff return for 102 yards. Their own PAT for 1 was good.

Zeke Contreras scored on an 8 yard run early in the first quarter. Tyrri Vandiver's kick was good, tying the score, 7-7.

The offense fumbled the ball on the Olton 30 yard line. Olton came up with the ball. As the stubborn Mule defense held Olton, they were forced to punt. Pepe Martinez blocked the punt as the ball went rolling into the endzone. Kent Reynolds, who has just transferred from Albuquerque, New Mexico, showed that he could play as he came up with the ball for a touchdown. Vandiver's extra point attempt failed.

Mark Denney ran in for the third touchdown of the night for the Mules from one yard out. Denny also ran in for the two point conversion.

Late in the third quarter, Tyrri Vandiver booted a 26 yard fieldgoal for 3 points. When it seemed the Mules had everything under control, the Olton back scampered for a 40 yard run and touchdown. Their PAT was good, ending the game at 24-14.

Outstanding defensive players were Pepe Martinez, Jimmy Green, Kent Reynolds, and Chubby Ramos.

Everyone on the offensive unit were cited for playing with super effort and spirit.

whether or not to vote. This should be each citizen's main concern because it was founded by our forefathers. They came to this country to find new freedoms. They encountered many hardships and setbacks. They stood strong and finally set up one of the strongest governments in the world. The government of the United States can only stay strong if we have good strong leaders. This is only possible if each and every able citizen goes out and votes for the person he feels is best suited for the job. The act of voting is one of the main and basic rights set up by our forefathers. This right should be upheld no matter what the cost. Your vote may be the deciding force of whether or not our government stays strong.

Why We Should Not Vote, by Derek Prater: The main reason a person should vote is that he or she should care what goes on in America. Many men have given their lives for this great nation. If you do not vote, a man may become president who will lead us back into war. That would mean there could be many lives lost for no real reason. This nation is one of the few that will let you vote, so you can have a voice in the government. So do your part and vote!

If You Don't Vote, Don't Complain, by Lori Butler: In America we have many rights for which Americans fought, for over 100 years. We have rights such as Freedom of Religion, Freedom of Speech, The Right To Bear Arms, The Right To A Speedy and Fair Trial, and The Right To Vote. We have the right to pick who will run our country, how they will run our country, and for how long they run America. We the People of the United States of America are free and we have more rights as citizens than any other country in the world. Yet do we vote? In election years barely over 50 percent do. Will you vote on November 4? If you don't you have no right to complain about our government!

Why Should You Vote? by Melissa Allison: You may be asking yourself, "Why should I vote?" Well, I'll tell you why you should vote. You owe it to yourself to express your opinion about the way our country is run. Or you may be thinking, "I am only one person. What difference can one person's opinion make in a country this size?" One person's opinion doesn't make a difference by itself; but when you add up a number of these opinions, it makes all the difference in the world. So, think of yourself and vote!

It's Your Government - So Vote!, by Nancy Garcia: One of the main conversation topics every morning, around every coffee shop or in almost every home has been our present government and president. More often than not those people are griping about or putting them down. The questions I

then you have no right to gripe. In order to improve or remedy this situation, set down that cup of coffee and get out and vote! Vote for the person you believe will do the kind of job you want, and that you will be happy with.

Andy Snell: Why vote, that is the question many people ask around election time. Voting is a right and a privilege that many people had to fight for. People complain about the way the government is being operated; but when it comes election time, they sit at home and do not vote. Have a say in how your life will be governed and VOTE!

Greg Harrison: I'm tired of people, especially young people, sitting back and cussing politics. The people of today are always disagreeing with the people we have in office. They keep saying, "Well Mr. so and so over here should have gotten the office." They you ask these people, "Have you voted?" or "Did you vote at the election?" their reply: "No, I didn't have time." or "No, I really didn't see any sense in it." People have won these elections before by only one vote. It could be your one vote that makes the difference. So, if you don't vote, then no wonder we let people in office that sometimes don't deserve it.

DECA Provides Skit For PTA

The Muleshoe High School Chapter of DECA performed a "Shadow Skit" in the PTA booth at the Halloween Carnival held at the Bailey County Civic Center on Thursday night, October 30.

The skit involved very unusual surgical procedures within an operating room scene.

Involved in the skit is the doctor, played by Albert Lopez; the nurse, played by Janie Ibarra; the patient, by Maria Flores; and the sounds technician was Bruce Hernandez.

The results were lots of fun and enjoyment for the audience as well as the performers.

DECA - Developing Future Leaders in Marketing and Distribution

Halloween Candy Raffle

The Senior Class sponsored a Halloween Candy Raffle. Three plastic pumpkins were filled with Halloween candy and money. A drawing was held Thursday, October 30, to find out who the winners were.

Ronny Cox won the largest pumpkin. Clifford Watson won the second pumpkin and Deli Snell won the third.

Former Resident Gets Special 'Job' Attention

Last Sunday, the *Abilene Reporter-News* had a feature story on a graduate of Muleshoe High School, who fills a unique occupation.

David Jones graduated from MHS in the early 60's and is the son of Mrs. Norma Orwin, now of Clovis.

Other local relatives include Betty Johnson and Myron Pool, both of Muleshoe. They are his aunt and uncle. A grandmother, Mrs. W.M. Pool, Jr., now resides in Clovis.

The story from the paper says:

David N. Jones is one of the new breed of young chief executive officers with business education backgrounds and Vietnam military service who are moving into top management positions in business, industry and commerce.

A veteran of six years with Pride Refining Company, Jones was promoted to president of the Abilene-based company in June of this year. He came to Pride in 1974 from a Fort Worth accounting firm where he worked as a CPA.

Like most people in the petroleum industry, Jones is keeping a sharp eye on the Iraq-Iran War and his fingers crossed hoping it doesn't enlarge or cause more problems for the oil industry than it already has. He notes that the present situation is more critical to the world's oil industry than that was the shutdown of production in Iran during that country's revolution which overthrew the late Shah.

"As far as the oil industry is concerned the Iran-Iraq situation, I don't think we have as much slack as we did during the Iranian crisis," Jones said. He said that while the existing surplus in reserve supplies of oil in this country are "enough at this time to handle demand without shortages" he feels the industry will have used up the surplus in reserves by February 1981 if the fighting is still going on.

He said that even though other oil producers, such as Saudi Arabia, are increasing production, it still will fall short of three million barrels per day which Iraq was exporting -- mostly to Western Europe and Japan. It will take time to compensate for lost production to bring world

crude reserves back up to the levels being maintained before the outbreak of war in the Middle East.

Jones, a native of Muleshoe and a Texas Tech graduate, believes that independent oil producers are the backbone of the Abilene area oil industry and play a major role in our economy.

"The oil activity in our area is unbelievable," he said. "I think we are blessed by having so much independent production here and such an outstanding group of independent producers." Jones believes the overall economy of the Big Country is very good "except for high interest rates" and sees no reason why it shouldn't continue to be excellent.

"We missed the recession of our diversity, I think," Jones said. Then,

with a warm laugh, "They had a party and we weren't there." He added that recessions just aren't this area's kind of parties.

The former army artillery captain, who served two tours in Vietnam during four years in the Army, has advanced rapidly since joining Pride. He was appointed comptroller in 1975 then he was promoted to vice president-finance.

In April, 1979, Jones was named executive vice president and chief of operating officer, a position he held until being named president.

Pride is a big contributor to Abilene's economy and buys much of the area crude for use in its refinery north of Abilene. Jet fuel is its major product.

Jones, his wife and their four children live on Buffalo Gap Road.

Sup-R-Lix, the high performance liquid

The world's most advanced liquid supplement is here. It's called Purina Sup-R-Lix. Purina research discovered a unique way to homogenize a molasses-based supplement and load it with a better balance of essential nutrients, extra minerals and more animal fat without separation problems. And in tests against conventional liquid supplements at the Purina research farm, Sup-R-Lix increased daily gains up to 11.2% and improved feed efficiency as much as 7.3%. Stop in today and get the whole story.

EDITORIAL

Vote For Reagan

After four years of the Carter administration, there are several very vital reasons why Governor Reagan should be elected president.

President Carter has failed to control inflation, which is not only disastrous for Americans with fixed and low incomes, but will eventually wreck our entire economy.

Carter has let our defense posture reach such a low status that the Russians have us badly outnumbered in naval, bomber and missile weaponry. Carter would also approve the SALT II treaty with the Russians which would further weaken our defense capabilities.

Our erratic foreign policy has not only confused Americans, but our allies as well. Carter's on again, off again decisions have reduced our ability to function as a world power and protect our interests and citizens abroad.

Carter's energy program has not provided enough incentives for domestic exploration of oil and gas that is needed immediately in order to decrease our dependency on the OPEC nations. Conservation is well and good, but will not solve the problem.

Nuclear power is a must and environmental obstructions should be reduced in relation to construction of nuclear plants, as well as the exploration of oil and gas.

Governor Reagan would reduce governmental controls that restrict the expansion of our economy, thereby creating new jobs.

Also, his "Peace Through Strength" approach would restore our respect abroad and we could face up to the Soviets once again.

Reagan would restrict Federal spending except in areas that affect our national security, control inflation and return financial responsibility to the White House.

Letters To The Editor

Dear editor:

After months of campaigning and millions of dollars spent on advertising, the voters will soon be called upon to choose a new set of leaders for the county, state and nation. How much do we really know about the candidates for office? In almost every race, voters are being asked to make a choice between "The Voice of Experience" and "Its Time For a Change". Beyond these two tired cliches, most voters will have little information to take with them into the voting booth. Some will make a decision

based on who is being supported by their friends, or who has won the endorsements from specific organizations and personalities. Some will cast ballots because of party labels ("Once a Whig, Always a Whig"). For some, a candidate's personality will tip the scales in his favor. A disturbingly large number will throw up their hands in disgust, muttering something about "politicians", and stay home.

It isn't an easy task to determine how a candidate feels on issues which are important to you. In the first place, candidates search for issues which reflect a difference between them and their opponents, a difference which they feel

is in their favor. They are prone to capitalize on these issues, not with specific proposals, but in vague generalities calculated to sound good to those who support their specific position, and at the same time not offend those who oppose their position.

If no issues can be found to exploit, the candidate is likely to spend a lot of time on TV showing how well he can smile, shake hands, sign papers and walk from one government building to another. While all of these things are required for the

job, chances are his opponent can do them equally well. He may show you his wife and children and the family dog. He may be shown standing next to someone who is famous, as if fame and competence were contagious.

The answer to choosing the best man or woman for the job is not to be found in television commercials or written advertisements before election day. The answer comes from making a conscientious effort to learn what the officials elected this November 4 do with

the power we bestow on them. Ask your newspaper, radio, and television stations to report how these people vote in the state legislature and in Congress. Ask them to report on decisions made by elected judges. Request direct information from officials. Demand to be put on their mailing lists. Write letters to find out how they vote on issues that matter to you. The solution to incompetence is an informed public with a long, long memory.

A Concerned Citizen

AUSTIN — Texas voters have been promised a lot of attention from candidates, and last week they received a big dose of it.

President Jimmy Carter last week made campaign stops in Beaumont, Texarkana and Waco to appear with Texas Democrats and strengthen his program to capture this "must win" state on Nov. 4.

Meanwhile, GOP nominee Ronald Reagan met in Austin with Gov. Bill Clements and conservative leaders of several farm and ranch groups to discuss ways to promote his election.

Their endorsements, however, were clearly made by individuals and not rank-and-file group members.

Not to be overlooked was Massachusetts Sen. Ted Kennedy, who courted votes for Carter in blue collar areas of Beaumont and Hispanic areas in McAllen.

Rural Texas

As political polls continue to indicate a neck-and-neck horserace, rural Texans find themselves more and more the object of attention.

Clements said he is pushing Reagan to pick a new secretary of agriculture from Texas, an incentive which no doubt helped to fuse the above-mentioned endorsements.

China Grain Deal

And from Carter, Texas farmers gained assurances they will sell millions of tons of grain at market prices to China in a treaty signed Wednesday for more than \$9 billion in trade.

Republicans have charged the grain deal signing near election day is a political ploy, but administration officials explained the signing was delayed by China's displeasure over U.S. news leaks and potential market fluctuation.

As if to underscore that point, last week a \$10 million class action lawsuit was filed against the nation's largest grain company and a former Nixon agriculture official by 294 farmers in 35 Panhandle counties and two New Mexico counties.

The suit alleges that Continental Grain Co. and a former federal official, now a Continental vice-president, conspired to keep U.S. wheat prices artificially low prior to the controversial 1972 Soviet grain deal.

EDITORIAL

There's A B-i-ig Difference

THERE IS ONE issue which should not be clouded in the last minutes of charges and countercharges. Presidential candidates should be clear on this issue.

It is that we are opposed to Carter's "different" approach.

Despite the fact that we have been carried away by the criticisms, the lack of philosophical leadership in next year's election is a "different" approach.

And that is why we do not support Carter's America.

NOT ONLY do we represent decades of experience and sound economic advocacy.

Despite the balance of a sort of "most" American men have done for the

Bill Sarpalius for 31st Senatorial District

SARPALIUS FOR SENATE

An Effective Conservative

Educator:

As a school teacher Bill Sarpalius understands the value of a good education. As a parent, he is concerned with the role quality education plays in the future of our state.

Experience:

Bill Sarpalius understands the Texas Legislative process. He believes that to be an effective State Senator you must make yourself available to the people. Bill intends to do this through the use of a mobile office.

Businessman:

As a businessman, Bill Sarpalius can relate to the problems facing businesses in the 1980's. A longtime District resident, Bill is sensitive to the needs of business in the area.

Humanitarian:

Bill Sarpalius and his two brothers were raised at Cal Farley's Boys Ranch. After college graduation, Bill returned to Boys Ranch with his wife, Donna, and his son, David, to work for five years as a staff member and teacher.

Agriculture:

A former State President of the Future Farmers of America, Bill Sarpalius has earned both Bachelor and Masters degrees in Agriculture from Texas Tech University and West Texas State University. He understands the importance agriculture plays in our economy.

Jaycees In Action

By Chuck Smith

JAYCEES ENCOURAGE VOTER TURNOUT

The Muleshoe Jaycees wish to take this opportunity to encourage everyone to get out and vote. Tuesday, November 4th is Election Day. Please exercise your right to take part in the democratic process.

Many people complain of government that is too big, regulations that stifle business, inflation, poor leadership, and corruption of our national leaders. Americans, like no other nationality, have the power to more than complain about the state of their government. Through the vote, the American people can shape the destiny of our country.

It is so sad that the apathetic attitude of the majority of the people, has been the real reason for many of our problems. People should realize that if enough of them work together, and exercise their

rights, many of our problems can be solved. But, this can only happen when people decide to care and become involved. A good way to start is exercise your right to vote. Then become involved!

Remember, the people are supposed to be served by government, not serve the government. Exercise your rights and vote on November 4th.

It has been a while since we have run this news report, but circumstances have prevented our usual weekly article. The Muleshoe Jaycees have been very busy as of late. Several projects have been completed.

The Miss Tri County Pageant was well done. Chairman Troy Stegmuller did an excellent job. Thanks to all Jaycees who helped.

Please notice the Vial of Life ads that will be in the newspaper periodically. Walter White will be conducting the project. Information will be made available as it is ready.

Our thoughts and prayers are with the families of Jerry and Pat Lawrence. Jerry was a good Jaycee and we feel their loss greatly. The Jaycees have set up a memorial scholarship at the First National Bank.

LIFE SAVER... Lacy Hardage, right, saved the lives of seven drowning people at Lake Hubbard, and though it's been five years since that heroic event, the Woodmen of the World honored Hardage this week by presenting him their Life Saving Award plaque. Hardage, 78, is now a resident of the Farwell Convalescent Center, but is a former resident of Muleshoe. Presenting him with the plaque was WOW State President Raymond McKinney. Mrs. Lacy Hardage lives at Clay's Corner. He is the grandfather of Mrs. Wendell Robison of Muleshoe.

Continued growth predicted for engineering service

COLLEGE STATION — Continued growth has been predicted for the Texas Engineering Extension Service, which last year conducted occupational training for 50,000 Texans, including thousands of

firefighters and police officers. James R. Bradley, director of the extension service, said new programs should add 100-150 new people this year to the extension service staff that numbers about 350.

Made up of 15 training divisions with offices and centers in

Lubbock, Floydada, Arlington, Fort Worth, Huntsville, Galveston, Houston, Corpus Christi, San Antonio, Weslaco, Bryan and College Station, TEEX conducts training programs that help the people of Texas maintain productivity or become more productive.

A Better Way To Keep "Warm" This Winter.

Add blown insulation now.

Don't get steamed this winter because of heating bills going through the roof. Add pink Fiberglas® blown insulation instead. It's easy.

Your independent Owens-Corning contractor will help you determine how much insulation you need to add. And before you know it, he'll have it installed. With no mess, no bother.

Pink Fiberglas blown insulation can help you save on your fuel bills, and make your home more comfortable, too.

Call your independent Owens-Corning contractor now... before your winter heating bills have a chance to make you "warm" again.

Savings vary. Find out why in the seller's facts sheet on R-values. Higher R-values mean greater insulating power.

GROUND BREAKING... On October 5, the Three Way Baptist Church broke ground for an addition to their facilities. The 4,400 square foot building will include an auditorium, two classrooms, a pastor's study, and a library. Participating in the ground breaking were Harold D. Abney, pastor, Adolph Wittner, chairman of deacons, Tommy Terrell, chairman of the building committee, and D.P. Brinker, the oldest member of the church.

Doctor Talk

By Dr. Harold B. Ligon

In summer, a word about swimming is in order. In general, when we go swimming we should follow rules and those who have had a history of seizures of any kind should not swim unaccompanied, and never in an area where a lifeguard is not present.

Children require careful supervision and should never be left alone to swim, regardless of their ability. Also, remember that children can drown in an eighteen-inch-deep kiddie pool. Of course, the most serious calamity in swimming is drowning but there is such a thing as near-drown-

ing--when a person is submerged in the water, bringing about the entrance of water into the lungs, almost to the point of drowning.

In near-drowning, water in the lungs can cause a chemical pneumonitis which damages cells lining the air sacs and this process can result in lung collapse. Surfactant, a chemical produced by the body, lowers the surface tension of the air sac membrane and serves to prevent lung collapse. Therefore, it aids revival when emergency mouth-to-mouth resuscitation is applied.

Mouth-to-mouth resuscitation, begun immediately, even if the victim is still in the water, is the primary treatment. Oxygen, if handy, is highly desirable. But oxygen is infrequently available. Efforts should be taken immediately to drain the water

from the lungs. (Sea water drains more easily than does pool or fresh water.)

Hospitalization is mandatory for observation because there is such a thing as delayed death after recovery of consciousness.

Foreign diseases seen as threat to American animals

COLLEGE STATION — Smuggling frozen semen from high-powered Brazilian bulls is daily increasing the risk of economically devastating foot-and-mouth disease in Texas, says a top federal scientist.

Foot-and-mouth disease, eradicated in Texas 55 years ago, and African swine fever, unknown in this hemisphere until 1971, are two of the foreign animal diseases most worrying scientists. Dr. Jerry Callis said at Texas A&M University.

Callis, director of the Department of Agriculture's Plum Island Animal Disease Center

in New York, said ordinary pasteurization and hide and cheese processing do not eliminate foot-and-mouth virus from products of infected animals. He also said completion of the Pan American Highway from South America would dramatically boost the chances of eventual invasion of foreign animal diseases.

The longest commonly performed opera is Richard Wagner's "Die Meistersinger" which usually runs for 5 hours, 15 minutes.

RECIPE

By Sarah Anne Sheridan

A special treat this time each year is fresh apple pie. Fall apples are now plentiful!

Apple Pie

- 3/4 to 1 c granulated sugar
 - 1 to 2 T flour
 - 1/8 t salt
 - 1/2 t grated lemon peel
 - 1 to 2 t lemon juice
 - 1/2 t nutmeg
 - 1/2 t cinnamon
 - 6 to 7 cups thinly sliced, pared, cored cooking apples (2 lbs.)
- Pastry for two-crust pie or 1 package pie-crust mix
- 1 T butter

Combine sugar with flour, salt, peel, lemon juice, nutmeg and cinnamon (amount of sugar depends on tartness of apples). Preheat oven to 425 degrees. Place half of apples in pastry-lined pie plate; sprinkle with half of sugar mixture; dot with butter. Adjust top crust on apples. Bake 40 to 50 minutes or until filling is tender and crust nicely browned.

By Bill Wooley

agri-facts

What do the following events have in common? A Chinese businessman in Beijing decides it's time for a new pair of shoes... a housewife in Brussels buys a bar of soap... an Italian merchant orders a case of candles... and a musician in Venezuela discovers he needs violin strings. The common element in all these events is the strengthening demand for American beef by-products. In its first full trading year the PRC (People's Republic of China) is buying nearly 150,000 cattle hides. Two years ago when the beef industry had total exports of about 1.6 billion dollars worth of beef... over 80 percent of the total dollar volume was from by-products. So as our cattle producers provide us with steaks and hamburgers they also provide shoes in China, soap in Brussels, candles in Italy, violin strings in Venezuela, and thousands of other needed items world wide.

The GOOD BOOK

HOLY BIBLE

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

America in its early days depended on the "GOOD BOOK" for its guide in ethics, worship, and pursuit of freedom. These early gains are now in danger of falling and we need to turn all America once again to God and His word. America can be strong only when each individual looks to God for strength.

ATTEND CHURCH

Voting...

Cont. from Page 1

James E. 'Jim' Nugent, Democrat and H.J. 'Doc' Blanchard, Republican for Railroad Commissioner.

Kent Hance is unopposed by a Republican for another term as the U.S. Representative.

Locally, most interest is generated in the county commissioner and constable races.

Incumbent Robert (Bob) Sanders is contested by Republican James Warren in Precinct Three and as Matt Dudley did not seek re-election, seeking the position of County Commissioner for Precinct One are Thomas S. Freeman, Republican and R.L. Scott, Democrat.

As John Blackwell, incumbent constable in Precinct One moved from

Election...

Cont. from Page 1

"At the same time, the Jimmy Carter liberal democrats have turned their backs on the bread-and-butter issues of crippling inflation, double-diget interest rates, tragically high unemployment, a counter-productive energy program and deplorable agricultural policies that affect the working men and women of our country. This is totally unacceptable to mainstream Texas."

Senator Meier pointed out that under the Carter administration, inflation has risen from 4.8 percent to a high of 18 percent. He quoted figures showing that it now costs \$1.45 to buy the same amount of goods and service that \$1 could buy before Jimmy Carter took office.

Refuge...

Cont. from Page 1

hunter-harvested cranes again this season," commented Jones. "If you are successfully hunting in the Buffalo Lake and Muleshoe National Refuge Areas, we will appreciate your taking time to go by one of the following offices where a conservation officer will take the necessary measurements. The entire process takes only a few minutes."

The Muleshoe National Wildlife Refuge headquarters is located 20 miles south and two and one fourth miles west of Muleshoe via Highway 214 and a gravel road. Hours are 8-4 Monday through Friday, but personnel are generally available at other hours and on weekends. The Refuge personnel suggest calling ahead to assure that an officer will be available.

Muleshoe this year, Republican Claude Holmes and Democrat J.R. Carpenter are vying for the position.

After the death of long-time constable for Precinct Three, W.E. Young earlier this year, Gerry Pierce is seeking that slot.

Bobby Henderson appears to be a shoo-in on the Democratic ticket for sheriff as he has no republican opposition. There is no Republican candidate opposing Jack Young for District Attorney, and no one is seeking the position of County Attorney. Also, Lavayne Williams is unopposed for County Tax Assessor-Collector.

Also generating much interest is the race between Republican incumbent Bob Price and Democratic contender Bill Sarpalus, for the 31st Senatorial District seat.

Unopposed for re-election are Richard N. Countiss, Associate Justice Court of Civil Appeals; Carlton B. Dodson, Associate Justice, Court of Civil Appeals; Charles L. Reynolds, Chief Justice, Court of Civil Appeals; James H. Whiteside, member, State Board of Education.

Bill Clayton has no Republican opponent for State Representative, 74th District.

A race is shaping up between Will Garwood and C.L. Ray, for Associate Justice, Supreme Court, Place Four. Another contested race is the Associate Justice, Supreme Court, Place One, which shows Jim Brady and James P. 'Jim' Wallace, as opponents.

Other unopposed candidates are Sears McGee, Associate Justice, Robert M. Campbell, Associate Justice, Marvin O. Teague, Judge, Mike McCormick, Judge and Tom Davis, Judge, all for the Court of Criminal Appeals.

Mules...

Martinez, Perry Flowers, Hector Orozco, Steve Orozco and Eugene Porras.

Felix Norman led the rushing for the Mules with 167 yards on 14 carries and Charles Waljker had 86 yards on 16 carries.

Muleshoe had 21 first downs to five for Dimmitt and the Mules had 361 yards on the ground and 47 through the air, while Dimmitt had 31 yards rushing and 39 yards passing.

Muleshoe drew a total of 65 yards in penalties, including one that nullified the first touchdown of the game, and Dimmitt had 20 yards in penalties.

Teacher...

Cont. from Page 1

and was a first year Vocational Agricultural teacher at Muleshoe High School. His wife, Pat, was 26, and the couple were married just over a year ago.

Mrs. Lawrence was in her second year at Muleshoe Junior High School

Citizens...

Cont. from Page 1

School, said they would like to invite the general public to attend this special program, as they believe, after listening to the morning program, persons attending will be able to vote more intelligently.

"It will prove to be a morning of pleasure as well," added Mrs. Allison, "because the students are putting a great effort into this program. There will be decoration and music in a patriotic theme and much pageantry, so we encourage everyone, COME--to the convention."

The reason for all of the activity is that the students of Mrs. Allison's classes will be presenting a mini-campaign and mock election. Students in each of the five civics classes at MHS have been selected by fellow students to represent the major candidates in this year's election, as well as other leading political figures.

Candidates to be portrayed are Jimmy Carter, Walter Mondale, Ronald Reagan, George Bush, John Anderson, Patrick Lucey, also Bill Sarpalus and Bob Price, who are running in the 31st district senatorial race.

Other students will be acting as Edward Kennedy, Gerald Ford, John Connally, Thomas O'Neill, Barry Goldwater, Sr., and many others. Students have been busy studying the important issues and will be speaking for his or her candidate.

The mini-campaign will consist of a lively press conference with students acting as members of the press placing the candidates 'on the spot'.

Later, the candidates will have several student political figures speaking for, or at times, against them; this will be followed by the candidates themselves, urging everyone to vote for him or her.

After hearing all about each candidate's position on different subjects, everyone will have a chance to vote in the mock election. This may provide a preview of what will happen later that night when the votes begin to come in from the real election.

where she was a remedial reading teacher, and sponsor of the MJHS cheerleaders.

For the first year the Lawrence's resided in Muleshoe, he was employed at Fry & Cox Implement Co. before joining the school system.

He was active with the Muleshoe Jaycees, and was in the process of conducting a rebuilding of the MHS Ag Farm at the time of his death.

Dual interment services for the two teachers were at 1 p.m. Saturday in Greenwood Cemetery in Fort Worth, following funeral services in Aspermont and Burkburnett.

Services for Lawrence were at 10 a.m. Friday in the First Baptist Church at Aspermont with Rev. Clyde Cook, pastor of the Central Baptist Church of Stamford officiating. He was assisted by a cousin of the Lawrence Rev. Gary Lawrence, of Abilene.

Jerry Lawrence was born in Rotan, spent most of his life in Aspermont and attended Cisco Junior College before transferring to Texas Tech University.

He and Patricia Zimmerman were married August 11, 1979 in Burkburnett.

His survivors include his parents, Mr. and Mrs. A.L. Lawrence, Aspermont; and three brothers, Charles Lawrence, Lubbock; Deryll Lawrence, and Dewayne Lawrence, both of Aspermont.

Service for Mrs. Lawrence were at 3 p.m. Friday in the First United Methodist Church of Burkburnett with Rev. Don Underwood, officiating.

She was born in Wichita Falls and graduated from Burkburnett High School. She received her degree from Texas Tech University and taught at Lubbock High School before moving to Muleshoe.

Her survivors include her parents, Mr. and Mrs. W. T. Zimmerman, Burkburnett; a brother, Bill Zimmerman, Ridgefield, Cn.; a sister, Mrs. Kay Nuckols, San Antonio, and a grandmother, Mrs. Fern Gibson,

Letters To The Editor

To the Judge and Members of Commissioners Court, Littlefield, Texas

In re: The Bookmobile Gentlemen:

I am writing to inform you that I, for one, was bitterly disappointed in your dropping the Bookmobile. The way in which it was done...without any notice to users...was a second blow.

I was a faithful member of the County Library Board for some nine years and made many trips to Littlefield to support it. I was involved in the effort that brought about the establishment of the Bookmobile program.

In my work on the Board I was proud of the headway made in building up the County Library. In my visits there and in the reports that we received I was able to see how very much it was used by the Littlefield school students. I could not keep from being a bit envious of those children for that privilege since most schools have limited book supplies. I strongly wished that our kids could have additional sources for research...not only our youngsters but those of other outlying areas, for we had for years been a de-

Burkburnett.

Two scholarship memorial funds have been started for the deceased teachers. The Jerry Lawrence Memorial Scholarship Fund has been started by the Muleshoe Jaycees at the First National Bank. Persons wishing to contribute to the fund may go to the bank or contact any member of the Muleshoe Jaycees.

Alpha Chi Omega has started the Pat Zimmerman Lawrence Memorial Scholarship Fund through Texas Tech University, Lubbock. Local contributions may be made by contacting Lanell Skaggs at Muleshoe Junior High School.

prived area, so far as accessibility to books was concerned. The beginning of the traveling library seemed a partial answer. It seemed to fill a need for many people, in that through the State loan facilities almost any book could be obtained.

I have had an opportunity to read one of your letters of explanation that attempted to make the cancellation sound "practical". But I want to differ with you in one or two areas.

So far as having the movement started on Revenue Sharing Funds...I do not even remember hearing that term at that time.

As to the objectionable books being available to children, I would cite you to the television that sits in every home feeding much more violence and garbage into the minds of children than they would ever get from a chance book. And, too, I believe there is something about "freedom of the press" that does not allow any public library to make its own judgements about what can be placed upon its shelves. I doubt there was anything in the Bookmobile so repulsive as they can find in every drug store and news counter.

As for the Bookmobile being strictly recreational... I thoroughly disagree. Actually reading stimulates an inquiring mind. A reader has to put forth some effort in the reading of a book, while TV can easily be used as an anesthetic. Teaching a young child to enjoy reading opens many doors for him and gives him something that will fill a void for him all of his life.

One more thing...I feel that the cancellation was discriminatory to tax payers. You have chosen to invest this money (tax dollars) for the benefit of Littlefield patrons, leaving all of the rest of the County out.

Again, I am very sorry that you have made this decision. I definitely feel that it is a step backward for our area.

Very truly,
(s.) Mrs. C.S. Silcott

AIRMEN ARRESTED

LONDON - Three American airmen have been charged in one of Britain's biggest LSD arrests and United States military and British policemen are questioning 75 other airmen in the case, officials said. The police said that more than 10,000 LSD tablets worth \$48,000 and caches of cannabis worth \$9,500 had been seized.

WHO KNOWS?

Overwhelmingly endorsed by 82% of the Texas lawyers.

Vote to Keep Judge Will Garwood on the Texas Supreme Court

Judge Will Garwood has widespread support from Democrats, Republicans, Independents, three former governors, four former attorneys general, 11 former Supreme Court justices, 15 Texas Bar presidents.

Texas lawyers endorsed Judge Garwood by 82%. He won local judicial preference polls by 86% in Dallas, 86% in Houston and 80% in Fort Worth.

Judge Garwood is the choice of so many because he's fair-minded, non-partisan and better suited to the job through personal qualifications and superior training.

He has over twenty years experience in private civil law practice. He served with the Judge Advocate General's Corps, U.S. Army, and was first in his class every year at The University of Texas School of Law, receiving his LL.B. with honors.

"The appointment of Will Garwood to the Texas Supreme Court sounds like a chapter of Texas history repeating itself. The Garwoods have a long record in the judiciary. Will Garwood's grandfather, Hiram Garwood, was county judge of Bastrop County in 1888 and at one time president of the Texas Bar Association. W. St. John Garwood, son of the county judge and father of the new associate justice, was the first Houstonian to be named to the Texas Supreme Court in 80 years... This three-generation record of public service is in the finest Texas tradition"

- HOUSTON POST
"Garwood's legal credentials are, to put it modestly, magnificent."
- DALLAS MORNING NEWS

**The
Consumer
Alert**
by Mark White
Attorney General

AUSTIN—Here is some-
thing that may be of interest
to those of you who have
experienced or will experi-
ence the heart sinking feeling
of returning to the space
where your car was parked
only to discover an empty spot.
You will be happy to know that
the Legislature of Texas has
recognized this as a problem
area and passed legislation
governing under what
circumstances you may be
towed legally at your own
expense, as well as when you
may recover expenses
incurred due to an illegal tow.
Article 6701g-2 of the Texas
Revised Civil Statutes
addresses the removal of
unauthorized vehicles from
parking facilities or public
highways. The statute gives
the parking facility owner or
towing company the right to
remove and store any
unauthorized vehicle without
the consent and at the expense
of the owner or operator of
the vehicle, if a sign or signs
are prominently displayed
specifying who may park in
the facilities and stating that
all others are prohibited. The
sign(s) must be readable from
all entrances to the parking
facility; however, they need
not be illuminated. The
parking facility owner or
towing company also has the
right to remove and store an
illegally parked vehicle at the
owner's expense and without
his consent if the vehicle is
obstructing an entrance, exit,
fire lane or aisle of the parking
facility. If you as the operator
or owner of an unauthorized
vehicle have received actual
notice from the facility owner
that you will be towed away if
the vehicle is not voluntarily
moved, the law gives you no
recourse. Here again the act of
the facility owner towing your
car away is legal and will be at
your expense. The towing
company is also insulated
from liability in this situation
so long as it receives written
verification from the parking
facility owner that the
owner/operator of the
unauthorized vehicle actually

has been notified of the intent
to tow if the vehicle is not
removed. In all other instances
a parking facility owner or
towing company may not
remove any unauthorized
vehicle unless it is done under
the direction of a peace officer
or the owner/operator of the
vehicle.
Any parking facility owner
who removes an unauthorized
vehicle under the conditions
set out above will not be liable
for any damages arising out of
the removal or storage of the
vehicle, as long as the removal
is accomplished by an insured
towing company.
It is important to note that
this statute also is violated if
the parking facility owner has
a pecuniary interest in the
towing company or if the
towing company has a
pecuniary interest in the
parking facility. That is, no

consideration may pass
between these entities in
connection with the removal of
a vehicle from a parking
facility.
The statute further
disallows a towing company to
remove a vehicle from a public
highway unless it is done
under the direction of a peace
officer or the owner/operator
of the vehicle.
Any violation of this Act is a
Class B misdemeanor, which
places liability on the facility
owner or towing company for
damages arising from the
removal or storage of the
vehicle, including any towing
or storage fees assessed in
connection therewith, plus
reasonable attorney fees.
Violators of this Act may be
enjoined pursuant to pro-
visions of the Deceptive Trade
Practices-Consumer Protec-
tion Act.
If you have been the victim
of a questionable tow feel free
to file a complaint with the
Attorney General's Consumer
Protection and Antitrust
Division. It is only through
your complaints and our
subsequent investigations of
the alleged illegal practices
that we can thwart such
activities.

It amazes us to see
how seriously some peo-
ple take themselves.
