McLean, Gray County, Texas 79057, Thursday, April 7, 1966

No. 14

AROUND TOWN

Easter vacation time is here. McLean public schools will have a four-day holiday, with all classes dismissed Friday and Monday, and resuming their usual schedule on Tuesday morning.

McLean youngsters had plenty of Easter eggs on hand today (Thursday), with the first four grades going on the annual Easter egg hunt held in several places around town.

City and school elections are over for another year. County, district and state primaries will be held Saturday, May 7.

It seems that votes cast in area elections were comparatively light. We've all heard people say, why vote, my vote won't make any difference. This attitude is wrong. Everyone's vote counts and no matter how the election turns out, you will know you have done your part.

Have you ever stopped to think what it means to vote in a public election? It is not only our duty as an American citizen, but we should feel privileged to cast our vote for a person or an issue we believe in. How many other countries can you think of that allow their people the same right?

This statement keeps coming to mind—the Democratic form of government isn't perfect, but it is so much better than all the rest.

Dick Dickinson underwent eye surgery Friday, April 1, at St. Anthony's Hospital in Amarillo. His condition is listed as good, and he is in room 502.

Sunday, April 10, is Easter, and is a special time of year. Start the day off right by attending the church of your choice.

April 15 Deadline For Auto Inspections

Approximately three-quarters of a million Texas vehicles have only until Friday, April 15, to be inspected as required by law, according to Capt. Alan Johnson, commander of the Motor Vehicle Inspection Service of the Texas Department of Public Safety.

"In the remaining days of the inspection period, it is possible for the states 5350 inspection stations to handle the last minute inspections only if motorists take their vehicles in immediately so there will be no delayed periods between inspecting one vehicle and the next," he said. The first of the last week is usually not too crowded as the lines begin forming on the last two days due to motorists waiting to the very last minute.

"From now until the deadline, every minute of the inspection station's time will be at a premium, and waiting lines will become general throughout the state as it approaches," Johnson said.

Johnson urged all Texans to avoid the inconvenience of waiting in line to get the safety inspection sticker for 1966 by taking immediate action now. He said that beginning Saturday, April 16, officers will be obliged to start handing out tickets for non-compliance with the Motor Vehicle Inspection law which requires an annual safety inspection of vehicles.

Dinner guests in the Charlie Vineyard home Friday evening were Mr. and Mrs. James Smith, Vickie and Ronnie.

JAYCEES HOLD CHARTER NIGHT

McLean Junior Chamber of Commerce held its annual charter banquet Thursday, March 31, at 8 p. m. in the grade school cafeteria.

Jay Thompson acted as master of ceremonies and John P. Jones gave the invocation.

Following the dinner, which was served by Mrs. Jack Bailey and Mr. and Mrs. Earl Riley, the Jaycees, their wives and a number of guests enjoyed musical selections by George Green and Doug Richards. Guests at the banquet were Jaycee members from Clarendon, Pampa, Shamrock and Amarillo.

Wesley Simpson of Amarillo installed the following officers for the coming year:

President, Casper Smith; vice president, Charlie Vineyard; secretary, Robert Martindale; treasurer, Jim McDonald; director, Bill Kingston, and inter-club director, Carey Don Smith.

Following installation ceremonies, a response by the new president, Casper Smith, was given, and a report on the 1965-66 year was given by Carey Don Smith, past president.

The main address of the evening was given by A. J. Carrubi Jr., president of the Texas Jaycees. Highlights of the speech were ways the Jaycees can serve their community.

Carrubi stated: "Problems of your time appear on the walls of your community. It will take more than lip service to do your part. We have to educate ourselves and overcome the social errors of our time. To be a successful leader, you must stand up for what you believe, and not just follow the crowd."

In the closing statements of the speech, Carrubi said each Jaycee should challenge himself to be a better citizen and to help build a better community in which to live.

The banquet was adjourned with all Jaycees joining in repeating the Jaycee creed.

Six Flags Opening Due on April 15

The scene at Six Flags Over Texas, two weeks away from its 1966 season opening on April 15, is a sight to behold.

The 115-acre historical theme park, located midway between Dallas and Fort Worth, is emerging from its winter and fall cocoon. Some 170 engineers, electricians, mechanics, painters, construction crews and landscape gardeners are engaged in a beehive of activity getting the big tourist attraction ready for an estimated 1.8 million visitors this year.

Six Flags will be open during the spring season (from April 15 through May 27) on Fridays from 5 to 11 p. m., Saturdays and Sundays only from 10 a. m. to 10 p. m. During the summer months the park is open seven days a week.

Richard T. Goldston Distinguished Student

Texas A and M University's list of "Distinguished Students" for the fall term includes Richard T. Goldston of McLean.

The undergraduate honor is awarded to students who not a 2.25 grade point ration (out of a possible 3.0) and who earn no grade lower than "C."

Goldston, sophomore veterinary medicine major, is the son of Mr. and Mrs. L. T. Goldston, Rt. 1.

Rodeo Association To Meet Tonight

Cecil Seany, newly elected president of the McLean Rodeo Association, announced there will be a meeting concerning the upcoming rodeo, Thursday night at 7:30 p. m. at Futrell Chevrolet.

All Lions Club and Roping Club members and other interested persons are urged to be present.

Mrs. R. O. Cunningham returned Friday afternoon from an extended visit with relatives at Abilene, Houston, Corpus Christi and Padre Island. She was accompanied by her son, Eddie Cunningham of Houston.

Mr. and Mrs. C. A. Myatt Jr., Audra and Dianna of Washington, D. C., are visiting their mother and grandmother, Mr. C. A. Myatt Sr.

IS IT, OR ISN'T IT?—Dr. H. Allen Hynek, an expert on such subjects, has been in the field again tracking down reports of UFO sightings in Michigan. Dr. Hynek believes that what people have been seeing is the result of luminous marsh gas released by decaying vegetation in swampy areas. Asked to comment on the published photograph of a "flying saucer," he said it looked more like a chicken feeder.

Raines Is New Lions Club Prexy

McLean Lions Club elected officers for 1965-67 at their regular meeting Tuesday.

Ted Raines was elected to serve the club as president for the coming year.

Other officers elected were: R. T. Wood, first vice president; George Terry, second vice president; Jim Allison, third vice president; H. F. Dunn, secretary; Jack Futrell, Lion tamer; John M. Haynes, tall twister.

New directors elected were Charles Weaver and J. W. Meacham. Jack R. Riley and Oba Kunkel are carry-over directors.

M. M. Joel Burroughs, present Lions Club president, and several other members will represent the local club at the District 2T-1 Lions convention to be held in Hereford April 15, 16 and 17.

Hereford to Host Lions Convention

The Hereford Lions Club is planning one of the biggest District 2T-1 conventions for April 15, 16, 17 that has ever been planned.

Friday night, April 15, to start things rolling. Flip Breedlove of Clarendon will give free barbecue to all the Lions and their families in the district.

Over the three-day period, there'll be a golf tournament, a bowling tournament, a real hot district governor's race, and speeches in the neighborhood of eight hands and six individual acts will perform. There will be hundreds of dollars worth of gifts given away at the different breakfasts, lunches and business sessions.

Hereford is going all out for the affair . . . and they promise every Lion and his family a good time.

Placement Tests Offered by Wayland

Credit will be given at Wayland Baptist College, Plainview, this fall to entering freshmen who satisfactorily complete advanced placement tests administered by the college entrance examination board.

CEEB advanced placement tests are now given in American history, biology, chemistry, English, European history, French, German, Latin 4, Latin 5, mathematics, physics and Spanish. The tests are scheduled in many high schools the week of May 16-20.

Normally, a high school senior who wants to be considered for advanced placement at Wayland will complete tests in one or two areas. The results of the tests will be sent to the college where admissions officials evaluate the student's performance in relation to requirements in freshman courses.

CEEB regulations are set by the testing service and include completion of some college level work while in high school. The board offers high schools descriptions of courses which may be established to prepare students for advanced placement tests.

McLean Students Participate In Literary Meet

McLean students represented the local schools in the District 2-A spring literary meet held at White Deer Saturday night and Monday night.

Jack Riley, school superintendent, reported that all of the results of the contests were not in, but a full report on the event will appear in the News next week.

The results of the District 2-A tennis meet held at Clarendon recently will also be announced next week.

New Scout Executive For Adobe Walls

Steve Odum, new Scout Executive for the Adobe Walls Council, Boy Scouts of America, has moved his family from Houston, and they are at home at 816 N. Chisty, Pampa.

Odum comes to the Adobe Walls Council from the Sam Houston Area Council, where he was serving as field director, and had been a member of the professional staff of that council since 1962. He is a graduate of Rice Institute with a degree in chemical engineering, and was a graduate of the 15th National Boy Scout Training School.

Mr. and Mrs. Odum are members of the Methodist Church, and have two daughters, Linda and Elaine. The Adobe Walls Council serves 15 counties in Texas and the Panhandle of Oklahoma.

Agriculture Clinic At Clarendon April 20

Plans for an Agriculture Clinic were made last week at a meeting of the Donley County Program Building Committee, according to County Agent Ronald Goch. The clinic will be held April 20 at 1 p. m. in the Clarendon High School agricultural building in Clarendon.

Speakers for the clinic are some of the noted authorities in their fields and will include the following: James Valentine, area soil chemist with the extension service, will discuss the latest information on fertility and kinds and amounts of fertilizers; Dr. Kenneth Porter, astronomist with Southwestern Great Plains Research Center at Bushland, will discuss cross varieties, planting methods and dates; Allen Wiese, weed control specialist with the Bushland Research Center, will present the latest information on weed control in corn; Don Rummel, area entomologist with the extension service, will talk on insect control, with emphasis on the late methods of boll weevil control.

The program building committee hopes that farmers, ranchers and business people of the county will take advantage of the agricultural clinic to obtain some of the latest information in the agricultural field.

SWA-PA-HOBI CLUB TO MEET

The Swa-Pa-Hobi Club will meet at the home of Mrs. A. G. Teeple on Monday, April 11.

NOW IT'S OFFICIAL

Official announcement was made this week of the appointment of Frank Simpson as McLean Postmaster.

Simpson received a telegram from Senator Ralph Yarborough confirming the appointment.

Texas Calendar New Available

Although there's something colorfully "fishy" about its cover, both Texan and non-Texan are going to find it virtually impossible not to be hooked on one or several of the events listed in the latest edition of the "Texas Calendar of Events."

Just published by the Travel and Information Division of the Texas Highway Department, in separate English and Spanish versions, the calendar offers travelers almost 400 events from which to sample the historic, recreational and scenic attractions of "Texas: Land of Contrast."

Not the least of which are the nautical doings at Sea-Arama in Galveston, whose funny denizens are the cover subject for this calendar that lists events occurring between April and September 30, inclusive.

The big events are there—Fiesta San Antonio, Six Flags Over Texas and the Texas Cowboy Reunion—as well as such tempting entertainments as the brand new Longhorn Jazz Festival at Austin, the unique Queen Ooola Day and Miss Stone Age Contest at Iraan, and the historic Motorcade Caravan from Curveo to St. Joseph, Mo., along the approximate route of the original Old Chisholm Trail.

Because of its wide diversity of listed subjects, travelers will find themselves with any number of choices to describe the "Texas Calendar of Events." Such as: "It's the berries!"—Strawberry Festival at Poteet. (April 15, 16).

Or "Texas surely knows its onions!"—Onion Fiesta and Musical Festival at Raymondville. (April 14-16).

And even "See Texas First," the title of a flower show to be held in Wharton. (April 21).

That flower show, incidentally, is only one of some 25 floral events calling attention to the bluebonnet, state flower of Texas, as well as azaleas, dogwood—and even crimson clover.

The English version of the "Texas Calendar of Events" will be distributed through customary channels—the Highway Department's Tourist Bureaus and district offices throughout the state, as well as chambers of commerce, air and bus terminals, and other outlets.

Its Spanish version will be distributed primarily through major travel offices in Mexico.

Copies of either translation may be obtained free by a stop at one of the Highway Department's eight tourist bureaus, or by directing an inquiry to the Texas Highway Department, Travel and Information Division, P. O. Box 3064, Austin, Texas 78703.

Mrs. G. A. Shull of Amarillo visited her mother, Mrs. C. A. Myatt, Tuesday.

Light Turnout Elect Officials

Leslie Darsey and Sammy Haynes were re-elected as trustees on the McLean Independent School board Saturday. Odus Calcote was the only other contender in the race.

A total of 138 votes were cast in the school election.

In the city election held Tuesday, E. J. Windom Jr., Jim Allison and Ted Raines were elected aldermen. There were five other men in the race: George Terry, Don Alexander, R. L. Brown, Miro Pagan and Charlie Vineyard.

More voters turned out for the city election, with 192 votes cast.

Former Resident Killed In Auto Wreck Buried Here Today

Funeral services for Mrs. Thelma Ashby, 57, of 4108 Harrison in Amarillo, were held at 2 p. m. today in the First Church of the Nazarene. The Rev. Clyde Dawson, pastor, will officiate.

Burial will be in the McLean Cemetery under the direction of Blackburn-Shaw Funeral Directors.

Mrs. Ashby was killed Saturday in a car accident in Benson, Ariz.

A former resident of McLean, Mrs. Ashby is survived by her husband, Paul; and a son, Paul G. of Amarillo. She was the sister-in-law of Mrs. Homer Wilson.

Funeral Rites Friday For Georgia Nicholas

Georgia Ethel Nicholas, 217 N. Walnut, died April 5 at 9:30 p. m. at Northwest Texas Hospital in Amarillo after an illness of five weeks.

Born Nov. 16, 1912, at Quanah, she moved to McLean from Chillicothe in 1946.

She was married to Cecil Nicholas in Sayre, Okla., in November, 1930.

Services will be in the First Baptist Church in McLean Friday, April 8, at 2:30 p. m., with Dan Beltz, pastor, officiating.

Interment will be in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Survivors include her husband, Cecil Nicholas of the home; parents, Mr. and Mrs. Jess Rogers of Elk City, Okla.; three sisters, Mrs. Beatrice Ayer, Lexington Park, Md., Mrs. Geneva Shaw, McLean, and Mrs. Jerry Smets, Reseda, Calif.

Pallbearers are J. L. Mann, Raymond Smith, Britt Hathaway, Truitt Johnson, Olin Stapp, Joe Graham, Noble Fish, Cecil Seaney, Clyde Brown and Ed Turner.

Assembly of God To Begin Revival

The Assembly of God Church, 4th and Main, will hold a revival starting April 10. Services will be held each evening at 7:30.

A former McLean resident, Rev. Fred Smith Jr., will be the evangelist.

Z. A. Myers, local pastor, cordially invites the public to attend.

J. WAYLAND BENNETT

CPA Meeting To Feature Tech Speaker

J. Wayland Bennett, associate dean of agriculture at Texas Tech, will be the featured speaker at the 32nd annual meeting of stockholders of the Canadian Production Credit Association on April 16.

Dr. Bennett will speak on "Changes in Agriculture . . . Past, Present and Future."

The annual stockholders meeting will be held at the Canadian High School auditorium, beginning at 10 o'clock Saturday morning, April 16. More than 500 stockholders, members, their families and guests from the six-county area served by the association, are expected to attend the business meeting and the barbecue luncheon which will follow it.

Norris G. Land, assistant vice president of the Federal Intermediate Credit Bank of Houston, will represent the Houston bank at the meeting.

Two members are to be elected for three-year terms on the board of directors at the annual business meeting. Nominated for Place No. 1 are Wallace N. Hamker of Booklet, who has been a member of the board since 1946, and Jack Rutledge of Canadian.

Nominated for Place No. 2 are C. B. (Joe) Henderson of Wheeler, a member of the board since 1955, and Robert Hogan of Mobeetie.

Other nominations may be made from the floor at the meeting, according to the association's general manager, Erbin L. Crowell.

FRONTIER DEFENSE—Texas history is relived at old Fort Davis, key post in the defense system of West Texas from 1854 to 1891. Today the remains of Fort Davis are more extensive and impressive than those of any Southwestern fort. Visitors can inspect many officers' residences, troop barracks, warehouses, and the hospital. (Photo Texas Highway Department)

DOWN MEMORY LANE

40 Years Ago

C. C. Bogan, J. W. Burrows, Sam Hodges and J. S. Howard were the successful candidates for school trustees at the election held last Saturday. Messrs. Burrows and Howard were re-elected and Messrs. Bogan and Hodges are new men for the place.

This was one of the quietest trustee elections held here for several years, only 164 votes being cast, with three mutilated ballots.

N. E. Savage, J. A. Ashby and W. S. White are the hold-over members of the board, whose terms of office expire next year.

Jas. F. Heasley is the new city secretary, and E. J. Lander and Perry Everett city aldermen, according to the city election held Tuesday.

Very little interest seemed to be taken in the election, only 99 votes being cast, including two mutilated ballots.

The question of paving the street at the intersection of First and Main was brought up by Street Commissioner W. T. Wilson at the Chamber of Commerce meeting Monday night. Several members made talks in favor of the project, and the fact was brought out that such paving could be done for about 20c per square foot. This matter was deferred to the city council for consideration.

Mrs. Willie Boyett, Misses Floye Landers, Lola Ruth Stanfield, Sybil Graham and Nora Lee Morgan attended the Music Festival in Amarillo this week.

Miss Stella Roby came in Tuesday from Woodward, Okla., to visit with her mother.

Sam Brown of Alanreed was in McLean Friday.

Dr. and Mrs. E. D. Langley of Glen Rose are visiting in McLean this week.

Study Club last Friday afternoon in the home of Mrs. Lee Wilson.

The subject for study was New York City, with Mrs. W. H. Robertson as leader.

Roll call was answered by naming a city of interest.

The Statue of Liberty and Metropolitan Museum were discussed by Mrs. Ben Page.

The Bronx and Wall Street was given by Mrs. Roy Barker.

Mrs. John Hildreth discussed The Little Church Around the Corner, and Mrs. T. R. Garrett gave Washington Square and Greenwich Village.

Lovely refreshments were served by the hostess to the following members: Mesdames John Cooper, Leslie Jones, Norman Johnston, Ben Page, W. H. Robertson, Roy Barker, T. R. Garrett, John Hildreth, Travis Stokes, Vernon Johnston, Ruel Smith and Frank Howard.

W. E. Bogan, Boyd Meador and T. A. Landers made a trip to Bruce Nursery at Alanreed Tuesday, to select trees for the Lions Club roadside park in the west part of town.

This park will be similar to the one on the east side as soon as sufficient trees and shrubbery can be obtained.

Mrs. Bob Black was hostess to the Culture Club at the home of Mrs. Dwight Upham on Thursday, March 19.

Officers for the coming year were elected as follows: President, Mrs. Black; vice president, Mrs. Wilson; recording secretary, Mrs. Floyd; corresponding secretary, Mrs. Boyd; treasurer, Mrs. Upham; critic, Mrs. McHaney; parliamentarian, Mrs. Lochridge; press reporter, Mrs. Davis.

Members besides the above who answered roll call on the St. Patrick Day program with an interesting fact about Ireland, were Mrs. Harris King, Mrs. H. C. Rippey, Mrs. C. H. Leeds, Mrs. Bob Thomas and Miss Margaret Glass.

20 Years Ago

A fellowship banquet was given Tuesday evening at the First Baptist Church, honoring the high school senior class. Hostesses for the occasion were the women of the WMS.

Virginia baked ham was the main dish of the banquet, which was served from a beautifully laid table carrying out the class color scheme of red and white. The centerpiece was an oval mirror with a flat bowl of apple blossoms flanked by red blossoms. Red and white tapers and programs printed in red

on white completed table decorations.

The invocation was offered by Frank P. Wilson. Mrs. C. J. Montgomery gave the welcome to seniors, with response by Bob Black.

Rev. E. Douglas Carver, pastor of the First Baptist Church of Pampa, brought the address of the evening.

Musical numbers were given by Misses Joyce Smith, Patty Ruth Rippey and LaWanda Shadid. At the close of the program, the group sang the national anthem and Rev. R. H. Nichols gave the benediction.

Misses Oma Bell McPherson, Ernestine Dickinson, Laura Willis and Marjorie West acted as ushers, and seniors present were Bob Black, Vernelle Christie, Sue Drum, Edna Dale Dunlan, Earlene Eustace, Marvis Godfrey, Gloria Gunn, Irma Fulbright, Imogene Peabody, Billie Thacker, Willa Mae Moore, Kenneth Preston, Bill Mounce, Norman Grigsby, Eula Mae Lively, Marnelle Ledgerwood, John McClellan, Odes Shelton, Mary Lee Stevens, Peggy Ledbetter, Joe Preston, Mary Hess.

Less than 1300 voters took the trouble to vote in the county hospital bond issue Saturday, the bonds carrying about three to one, with two boxes still out.

McLean boxes went 246 to 3 and

COUNTY SOLONS VOTE SELF SALARY HIKE

GRAY COUNTY BUDGET FILED AFTER TWO-MONTH DELAY

Pampa Daily News
November 25, 1965

It was learned by the News yesterday afternoon that salary raises of approximately 25% for Gray County's Judge and four County Commissioners were approved by a vote of the Commissioner's Court a little more than two months ago.

"The raise amounts to approximately 28% increase for the commissioners and a 22% hike for the Judge.

"The minutes record the motion as carrying unanimously."

Pampa Daily News
November 28, 1965

Minutes of the Special meeting more than two months ago, kept by the County Judge, were not filed in the County Clerk's office until November 17, 1965.

Pampa Daily News
November 30, 1965

Gray County's budget for 1966 approved and adopted last September 17, finally was filed this afternoon in the County Clerk's office.

"Article 689-11 of Vernon's Civil Statutes of the State of Texas states:

"The County Judge shall after the adoption of the county budget and prior to October 15 of each year, file with the State Comptroller at Austin, Texas, a true and correct summarized statement of the adopted budget, which statement shall show the total amount adopted for each of the several divisions of the county's activities." Also "when the budget is completed, which must be prior to August 1, a copy shall be filed with the clerk of the County Court in order that it may be available for the inspection of any taxpayer." This was not done in Gray County this year. There was no copy on file for the taxpayer."

Pampa Daily News
December 1, 1965

"Craig said that before the Commissioners officially adopted the budget, they discussed the raises and directed him to include them in the budget."

Venereal Disease A Serious National Problem, Says AMA

Venereal disease is spreading so rapidly that it now represents this nation's most urgent communicable disease problem. VD is hitting particularly hard among teenagers and young adults, according to the American Medical Association.

The venereal diseases are infecting about two Americans a minute—3,000 a day, or 1,100,000 a year. Cases of infectious syphilis have almost tripled in this country in the past five years. More than a million new cases of gonorrhea are developing annually.

VD can blind, cripple, and even kill.

The ravages of venereal diseases are all needless tragedy, says the AMA, because both syphilis and gonorrhea can be avoided. If contracted, they can be cured by prompt medical treatment.

The cure for both diseases—penicillin—has been available since 1943. Any family physician or public health clinic can administer prompt treatment.

Venereal disease is caused by intimate personal contact.

Complacency, ignorance, and a free-and-easy attitude toward moral standards are partly responsible for the spread of VD; the increasing use of alcohol, especially among young people, also plays a role.

Authorities believe, however, that thousands of young people simply aren't aware of the dangers of VD. Once infected, they are complacent about treatment.

One of the first signs of syphilis may be a painless, ulcerating sore. Gonorrhea produces inflammation of the genital and urinary tracts, and a discharge of pus.

A person may contract syphilis and be unaware that he has the disease. After the first symptoms, the germs may remain hidden in the body for as long as 20 years before any damage is discovered. Then the person may become crippled, develop heart disease, blood vessel disease, blindness, or show mental symptoms. Even death may result from this hidden stage of syphilis.

If left untreated, gonorrhea may be responsible for arthritis, endocarditis, sterility, and blindness.

If a person suspects he may have contracted venereal disease, he should go to a physician immediately.

VD should be treated promptly by a physician.

Gallstones Still Medical Puzzle

In the upper right part of the abdomen is a small pouch called the gall bladder. It is a temporary storage center for bile, and is a part of the digestive system.

Sometimes lumps of solid matter composed of bile pigment and salts form in the gall bladder or in the ducts leading to it. These are called gallstones.

There may be only one gallstone or there may be hundreds. They can be so tiny that they look like sand or they can be as large as a golf ball. Gallstones occur more often in women than in men and more frequently in persons past 40.

Exactly why we get gallstones is still somewhat of a puzzle. They are generally thought to be the result of changes in composition of the bile, or stagnation of the bile, or infection.

Gallstones often lie quietly in the gall bladder or bile ducts. But if a large stone starts to move, you'll know immediately that something's wrong. Pain in the upper part of the abdomen will be severe and will cause the sufferer acute agony. The attack may be over in a few minutes or it may last for days. Sometimes it becomes mildly chronic and may be interspersed with acute episodes.

Of course, not all severe pains in the upper part of the abdomen are from gallstones. Only your doctor can tell with proper diagnostic techniques.

You can't diagnose gallstones yourself. Your abdominal pain may or may not originate in the gall bladder. Let your doctor decide, and recommend treatment.

When CARE was founded 20 years ago, its aid went solely to war victims in Europe. Only three European countries still get help. Today, CARE concentrates on bringing food, self-help and medical aid to the people in developing nations of Latin America, Africa and Asia.

By FOSTER WHALEY

Many farmers are very busy bedding their land in preparation for pre-irrigation for milo. Others are watering wheat. The dryland farmer is watching his wheat deteriorate daily. Many have been debating whether it would be worth the \$2 per acre it would cost them to spray for green bugs. Green bugs, brown wheat mites and chronic dry springs are enough to give the dryland farmer the blues.

Someone said that when Noah had the flood we got a quarter inch of rain in the Panhandle of Texas. If this is correct, I'll bet the flood didn't happen until May or June. Can anyone remember when

we got a good two-inch rain in February, March or April?

All the above factors tend to be good reasons why many farmers have decided to graze out a substantial portion or all their wheat allotment.

A good friend dropped by our office in early March and we were discussing when he should take his cattle off wheat. We encouraged him to continue to graze the wheat right up close to April 1. The Bushland Experiment Station has shown that yields of wheat (both dryland and irrigated) are substantially reduced when grazed after March 1. Why would we so advise such a dryland farmer?

There is very little profit realized out of a 11 bushel per acre average, dryland wheat crop. The present price of wheat stands at about 55 per cent of parity. Thirty cent calves are on 111 per cent of parity. Farmers and ranchers catch on fast now. This is probably the reason so many of them are grazing their wheat out or going heavy in government program.

Below are the results of a two-year test at Bushland Experiment Station on irrigated milo varieties.

1963 and 1965 over yield of irrigated milo—Bushland:		
1	Bonanza	\$400 lb
2	RS 671	\$280
3	WAC 750	\$270
4	Pioneer 820	\$135
5	PAG 665	\$140
6	TE 88	\$805
7	TE 77	\$910
8	Lindsey 788	\$780
9	PAG 515	\$760
10	Stand King	\$710

The results of the Bushland dryland test on milo look like this:

1	DeKalb C 446	\$260 lb
2	Horizon 78	\$210
3	RS 610	\$205
4	RS 626	\$245
5	RS 625	\$240
6	Richard on 202 R	\$210
7	TE 66	\$235
8	RS 608	\$245

QUESTIONS & A

Q—I have a large number of savings bonds purchased over a period of years. Is it possible to send these bonds in and have them re-issued in one bond of a larger denomination?

A—No, regulations provide that bonds may not be re-issued merely to change the denomination. However, should you desire to change the name of the co-owner or beneficiary, the bonds could be re-issued in the denominations requested.

Q—An aunt, who died several months ago, had a number of savings bonds, but we have not been able to find them in her effects. Is there anything we can do about this?

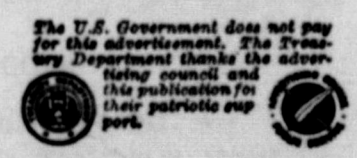

A—Yes, write and explain the circumstances to the Bureau of the Public Debt, Division of Loans and Currency, 536 South Clark Street, Chicago, Ill. 60605. You will be supplied the necessary forms and a search of the records will be made to see if the bonds are still outstanding. All savings bonds are registered in the name of the owner to safeguard his interest.

Money in your mailbox

If you'd like to have regular, twice-a-year income from a government-guaranteed investment, you'll be interested in Series H Savings Bonds. Twice a year for ten years they'll bring you this steady income in the form of interest checks. Then at maturity, your H Bonds will be redeemable at par. H Bonds pay 3 3/4% when held to maturity. Ask your banker about H Bonds—and start finding money in your mailbox soon!

News From ALAN REED

By MRS. CECIL CARTER

Visiting with the Cecil Carters Sunday were W. L. Trice of Kelton, Mr. and Mrs. Leo McMahan and family and Mr. and Mrs. F. B. Carter.

Mr. and Mrs. O. W. Stapp spent the weekend in Amarillo with the Paul Averitts.

The Rameriz family has moved to Albuquerque, N. M.

Baptismal services for Lean and Randy McCracken, Linda, Janet, Martha and Ronnie Taylor and Jack Dunham were held Sunday evening at First Baptist Church with Leo McMahan officiating. Fellowship in the church kitchen followed the preaching services, with cake, coffee and punch enjoyed by all.

Mr. and Mrs. Roy McCracken of McLean were visitors at First Baptist Church Sunday evening. Also present were Mr. and Mrs. Cicero Turpen, Mrs. Ann Turpen and children and Mr. and Mrs. Joe Leonard.

The D. E. Malones of Skellytown visited their daughter and family, the Curg Hills, Saturday.

Re-elected for another term as school trustees were J. C. Gilbreath and Robert Bruce.

Mr. and Mrs. Marvin Hall and Mr. and Mrs. Roy Sherrod visited with Mrs. Everett Hall in an Amarillo hospital Monday evening. Mrs. Hall underwent surgery recently.

Mr. and Mrs. L. H. Earthman visited in Lubbock this week with the Claude Farleys.

The WMS of Alanreed Baptist Church met in the church Monday, April 4, for Bible study, with Chairman Lela Sherrod in charge. Passages from Amos, Hosea and Isaiah were studied by all present.

Miss Lou Ella Patterson of Pampa was here on business Monday.

Visiting with the Greenwoods last week were Ned and Harvey Craig of Lubbock and Burnett Greenwood of Wichita Falls. Visiting over the weekend were Mr. and Mrs. Ben Jackson of Estelline.

Visiting the M. C. Burdines Sunday were Mr. and Mrs. Gene Curties and family of Pampa and Mr. and Mrs. Earl Fulton of Lefors.

Baptismal services were held Saturday night at First Baptist Church for Voyne Ray and Laura Cox, as Mr. Cox was unable to be with them on Sunday night when the others were scheduled. Mr. Cox returned Sunday to Fort Worth, where he is working. Mr. and Mrs. Voyne Griffin of Pampa were at the services.

For the purpose of establishing a brotherhood, the men of First Baptist Church met at Lake McClellan and were served a pancake breakfast by the Warner Phillippses and Mrs. George Smith. Ten men were present and a brotherhood was formed with officers chosen. Present were Leo McMahan, W. L. Trice, L. H. Earthman, George Smith, Jack Dunham, Cecil Carter, Junior Taylor, Robert Bruce, Brooks Magee, Warner Phillipps and the ladies serving.

BIRTHDAYS

April 10—Mrs. C. O. Goodman, Cleo Hensley, B. T. Watt, J. E. Smith, Donna Thrasher.

April 11—David Pool, June Bible, Jackie Steel, Joyce Ann West.

April 12—Martha Ann Beasley.

April 13—Barbara Ann McCurley, Steven Craig Howard, Larry D. Gibson.

April 14—Johnny Holman.

April 15—E. L. Sitter, Rebecca Ann Lee.

April 16—Ted Glass, Samuel Don Haynes, Dale Greenhouse, Dale Ray Steel, Homer Goldston, Mrs. Ruby Hill, Mrs. Naomi Hill.

CARD OF THANKS

The McLean Jaycees would like to thank the school for the use of the cafeteria for their installation banquet, and a special thanks to Mrs. Jack Bailey and Mr. and Mrs. Earl Riley.

Why hasn't Mrs. Reba Hays missed a day's work since May 10, 1951?

Mrs. Hays is an operator for Southwestern Bell in Fort Worth. She hasn't missed a day's work since May 10, 1951. You have to have some pretty good reasons to work 15 years without being absent one day. You have to have what we at Southwestern Bell call the "spirit of service." Mrs. Hays has this spirit.

"I've been very lucky to keep in good health," says

Mrs. Hays. "And something else that helps is liking my job. It's the company's responsibility to give the customer good service. As an operator, that's my responsibility, too."

Mrs. Hays and 50,000 other Southwestern Bell people have one thing in common. They're making your telephone service—already the world's best—even better.

NEWS OF CONSERVATION

By VAN MILLS

Eben Warner and Blake Laramore have seeded about 60 acres to Indian grass. They plan to irrigate this grass and use it for irrigated pasture.

Robert and Artie Sailor drilled about 35 acres to blue grama grass on a farm they operate west of Pampa.

J. A. Quirk has seeded 160 acres to a mixture of blue grama grass and sidecoats grama on his farm northeast of Groom.

Tom Anderwald is in the process of leveling about six acres of land on his farm south of Kingsmill.

Lamon Stovall is in the process of leveling about 30 acres of land on his farm just east of Pampa.

Pete Seitz is in the process of seeding about 60 acres back to grass on his farm east of Laketon.

Row direction for irrigation was laid out for E. James and Johnny Brooks. They have just completed an irrigation well on this place which is located southeast of Pampa.

Row direction for irrigation was also laid out for W. B. Jackson and Floyd McLaughlin.

Many farmers and ranchers are planning on controlling sagebrush and shinnery with a chemical spray. Shinnery should be sprayed with an emulsion containing not less than 1/2 pound of 2,4,5-T or silvex acid equivalent, and 1 gallon of diesel fuel with sufficient water to make 4 gallons per acre. Shinnery must be sprayed during a period of vigorous growth between May 1 and June 1. Sagebrush should be sprayed with 1 pound of 2,4-D, and one gallon of diesel fuel with sufficient water to make 4 gallons per acre. It should be sprayed at the most vigorous growth between May 1 and June 1.

Row direction for irrigation was also laid out for W. B. Jackson and Floyd McLaughlin.

Dr. Walter H. Judd, former Republican Congressman from Minnesota, was in the news again when he told the Senate Foreign Relations Committee our policy in regard to Red China has been correct. "To keep China isolated and weaker than it would otherwise be is the realistic way to deal with its existence," Dr. Judd said. The former lawmaker said that Communist China should be kept out of the United Nations until she is "willing to meet the qualifications for membership."

Mr. and Mrs. Alvis Dodd and son of Alvord visited during the weekend with Mrs. Dodd's mother, Mrs. Maude Hance.

DEKALB

302 STORM PROOF COTTON
New Vigor — Yield — Quality

Here's a strain-cross developed especially for areas where a definite storm proof boll is desired. Medium height, erect plants have short branches and great uniformity. Hybrid vigor makes 302 somewhat earlier than standard storm proof varieties. DeKalb tests show substantial increases in lint yield over most popular varieties, under both irrigation and favorable dryland conditions.

"DEKALB" is a Registered Brand Name. Numbers are Variety Designations.

THE STATE OF TEXAS
TO ALL PERSONS AND PARTIES INTERESTED IN THE ESTATE OF ROBERT L. McDONALD:

You and each of you are hereby cited, required and commanded to appear before the County Court of Gray County, Texas, to be held in the County Court room in the courthouse of said county in the City of Pampa, in said county, such appearance to be at or before ten o'clock A.M. of the first Monday next after the expiration of ten days from the date of service, exclusive of the day of such service, which day and date of service shall be the date of publication that this newspaper bears, and which day of appearance will be the 18th day of April, 1966, and contest, by filing written answer of contest, if they or any of them see proper so to do, a verified account, the nature of which is an account for final settlement of such estate, which has been filed by Betty L. McDonald, the administratrix of the Estate of Robert L. McDonald, and is now pending there, in a probate proceeding on the probate docket of said county styled Estate of Robert L. McDonald, Deceased, the file number of which account and the docket number of which proceeding is 3156, which account will at such 10 o'clock hour, on such day, and at such place be considered by such court.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 4th day of April, 1966.

Given under my hand and seal of said Court, at office in Pampa, Texas, this 4th day of April, 1966.

CHARLIE THUT, Clerk of the County Court, Gray County, Texas
By WANDA CARTER, Deputy 14-1c

POLITICAL CALENDAR

Insect Control On Fruit Trees

A good set of peaches and plums from the trees which are now blooming isn't assured. For, points out County Agent Foster Whaley, insects can damage the fruit or even "wipe-out" the crop if they are not controlled.

Insect control on fruit trees, he adds, is largely a preventive program. Once the insects begin to cause damage, little can be done to rid the fruit of the pests and prevent further damage. Most of the common fruit damaging insects begin their activity and reproducing during the first 30-45 days after the trees begin to bloom, points out Whaley. Therefore, insecticides applied during this early period will control the insects which damage fruit later in the season.

Homeowners with a few trees are advised to follow a preventive spray program. Malathion or methoxychlor, either in the wettable powder or emulsifiable concentrate forms, are effective for controlling insects. They are not hazardous when used as directed and will not leave residue in the fruit. Both are available in numerous commercial formulations and directions for mixing and applying are given on the container label.

The county agent recommends four spray applications, timed to coincide with bloom and fruit formation. The first or petal fall spray should be applied when about three-fourths of the blossom petals have shed. The second or shuck split spray should be made about 10 days after most of the petals have shed. The third or first cover should follow the second spray in 10 to 14 days and fourth or second cover spray should follow the third application in 14 to 21 days.

If later infestations begin to damage the fruit, a spray containing carbaryl (Sevin) will give good control. It can be safely used on peaches and plums up to within one day before harvest. On peaches, allow 21 days between the last application of methoxychlor and harvest and seven days for malathion. On plums allow seven days between last application and harvest with methoxychlor and three days for malathion.

For more detail, Whaley invites interested persons to come by his office for a copy of L-245, "Guide for Controlling Insects and Diseases on Fruits and Nuts."

Hopkins-Greenhouse Wedding in Arizona

Olivia Ann Hopkins, daughter of Mr. and Mrs. Dw. Swain of Pampa, and Alton Dale Greenhouse, son of Mrs. Odell Mantooth of McLean, exchanged wedding vows March 18 at 7:30 p.m. in the Wee Kirk Chapel in Scottsdale, Ariz.

Rev. Donald P. Kelsey, D. D., of Scottsdale solemnized the marriage ceremony and sang Because and The Lord's Prayer.

Attendants for the bride and groom were Mr. and Mrs. Calvin W. Fraser of Gardena, Calif.

The bride, given in marriage by Mr. Fraser, chose a white silk and linen dress adorned with small pearls surrounding the neckline. She carried a bouquet of white orchids and roses.

Mr. and Mrs. Greenhouse enjoyed a wedding trip to Las Vegas, Nev., and Los Angeles, Calif. They visited Mr. and Mrs. Calvin Fraser while in California.

Greenhouse is associated with the Form-O-Uth Foundations in Pampa and with Marie Foundations in McLean.

STRICTLY FRESH

Women are a lot like ships. If kept in good shape

and painted occasionally, they'll stay see-worthy.

It's a pity the world can't have about six months of peace and quiet so people could catch up on their worrying.

From a church bulletin board: "You aren't too bad to come in. You aren't too good to stay out."

Conversation heard at a local tavern: "I never worry. I've got enough money to last me the rest of my life—unless I buy something or live too long."

The huge national debt our younger generation will inherit should keep them from one indulgence—ancestor worship.

When money is found growing on trees there is usually some grafting going on.

SWEETIE PIE

"Call off the hunt! I'd rather put with the FLIES!"

BACK TALK

Fed up husband to rival, "This is my last warning, Foley—Stop fooling around with my wife or I'm going to let you have her."

These changes in operation will be made if I am elected to Commissioner. I will set up the precinct on a business basis by keeping a stock record of all expendable materials and record all debts and credits of material bought and used, I will draw a map of all County and private roads indicating what type materials constitute the roadbed and mileage for which each precinct is responsible so that a cost per mile of road upkeep may be recorded. I will inventory all heavy equipment own-

ed by the precinct each year and file it in the County Auditor's office. All pertinent information pertaining to County affairs will be published in the local paper.
