VOLUME 73

McLEAN, GRAY COUNTY, TEXAS - THURSDAY, JULY 1, 1976

NUMBER 27

## F. P. To Register For Summer Term

Registration for the second summer term at Frank Phillips College in Borger will be held from 5:30 to 6:00 p.m., Monday, July 12, in the J. W. Dillard Library. Classes will begin at 6 p.m., July 12 and late registration will continue through Tuesday, July 13.

Students should report to the second floor Reading Room of the library at 5:30 p.m. on Monday. Information regarding materials needed to complete applicant files may be acquired by visiting or calling the Registrar's Office prior to the registration hour.

Course offerings include freshman and sophomore level courses in secretarial science, biology, English, reading, math, Government, history, psychology, sociology, and chemistry.

Classes will be held Monday through Thursday only. The second summer term ends Friday, August 13.

## Darryel Herndon Installed As New Lion's Boss

June 21st was Ladies' Night at the McLean Lion's Club. In addition, new officers for 1976-77 were installed by Lion Dorman Thomas. Darryel Herndon takes over as Boss Lion succeeding outgoing Boss Lion Homer Jefferson. Other new officers installed were W. W. Boyd-1st V. Pres., Thacker Haynes-2nd V. Pres., Mike Darsey-3rd V. Pres., Casper Smith-Sec.-Treas., Joe Cooke-Lion Tamer, Jim Allison-Tail Twister, Carey Don Smith and William McElroy-Directors.

Miss Maridale Glass succeeds Betty Holmes as Lions Club Sweetheart.

## Masonic Lodge To Have Meeting

The McLean Masonic Lodge will have their regular meeting on Thursday, July 8. There will be an installation of officers.

There is also a practice every Tuesday night. Everyone is asked to please come.

Visiting Virginia Dalton this week were Mr. and Mrs. W. W. Barker of Amarillo.

## Youth To Sponsor Service In Park

The youth of the churches of McLean welcome you to "One Nation Under God" a patriotic, spiritual worship service on the evening of July 4th in the McLean park.

Special music will be provided by several different groups, including the presentation of "In God We Trust" by the youth of First Baptist Church.

The youth promise a tremendous evening and encourage you to remember the real foundations that our nation was based on.

## Unlawful To Shoot Fireworks In City Limits

The City of McLean wishes to remind the citizens of the area that there is an ordinance that makes it against the law to shoot fireworks inside the city limits.

They want to remind you that fireworks are dangerous, to children and could cause serious injuries. Citizens are reminded that we are having a very dry season and fires can be started from the fireworks. Even if you are outside the city limits, there is the danger of starting a fire.

## Heart Division Gets State Awards

First place program award for the entire state was presented to the Gray County Heart Division at the American Heart Association's 41st Texas Affiliate Annual Assembly held last week in Houston. Accepting the award was Dr. C. Forrest Sparter, president of the Gray County Heart Division. Special recognition was given to Dr. Sparger for the initiation of the first "C.P.R. Week" in the nation. Second place public information award for the entire state was also presented to the Gray County Heart Division and was accepted by Katherine Gibby, publicity chairwoman.

The division's six outstanding scrapbooks prepared by Miss Gibby covering each program, professional education, community service, public education, public information as well as the Pampa Stroke Club, were on display in the exhibit hall and at the a-

## Former Resident Buried In Missouri

Mrs. Josephine "Jo" Burrows, 77, formerly of McLean, died Sunday in Jefferson City, Mo.

Funeral services were held at 10 a.m. Tuesday retired nurse from Memorial Hospital in Groom. She moved to Eldon, Mo., from McLean in February. She was born in Canyon and married Roland A. Burrows in 1917 in Amarillo.

She is survived by the widower; two sons, Arthur E. of Eldon and Roland A. of Fort Huachuca, Ariz.; two daughters, Mrs. Evelyn Wayne of Atlanta, Ga.; and Mrs. Carl Livingston of Little Rock, Ark.; two brothers, Ed VanSant of Odessa and Claude VanSant of Gladstone, Ore.; one sister, Mrs. Ira Sanford of Dallas; five grandchildren and three great-grandchildren.

## McLean Students On Dean's List At McMurry College

Roderic Harold and Gregory McBee Fabian, sons of Dr. and Mrs. H. F. Fabian, of McLean, have been named to the spring, 1976 Dean's List at McMurry College, in Abilene.

The Dean's List is the academic honor roll made up of those students who, while carrying a minimum of twelve semester hours, achieve a grade point average of 3.5 or above.

Rod is a 1972 graduate of McLean High School, and is a Chemistry major.

Greg is also a Chemistry major, and is a 1973 graduate of McLean High.

Guests in the Evan Sitter home were Mrs. Mabel Daniel of Lubbock and Mrs. Jack McGraw of Arlington, Va.

## wards banquet.

Mrs. Bessie Franklin participated as a delegate from the Pampa Stroke Club and was one of the featured speakers at the stroke club workshops.

Over 300 delegates, officers and committee members attended the three-day meeting at Houston's Shamrock Hilton Hotel.

The meeting featured training and orientation workshops, the introduction of a new five-year goal document and the presentation of the first Lyndon Baines Johnson Research Award.

## Traffic Deaths Are Predicted Over Fourth of July

The director of the Texas Department of Public Safety said indications are that some 42 persons will be killed in Texas traffic accidents during the Fourth of July weekend, and called upon Texas drivers to "prove our estimate is too high."

Colonel Wilson E. Speir said his department expects "unusually heavy traffic" throughout the state, especially around recreational areas and where Bicentennial celebrations are scheduled.

He said the estimate covers a 78-hour period which starts at 6 pm Friday and continues until midnight Monday, July 5th.

During a comparable period last year, the department estimated that 54 persons would be killed during the holiday period. At the conclusion of the July 4th holiday last year, statewide statistics indicated 44 lives lost and rose to 49 with late reports.

In a concerted effort to keep deaths down, the DPS and local law enforcement agencies will be cooperating in an all-out effort to make the streets and highways as safe as possible. All available DPS troopers will be on duty, Speir indicated, and they will be especially watchful for drinking drivers, speeders and persons driving in a reckless manner.

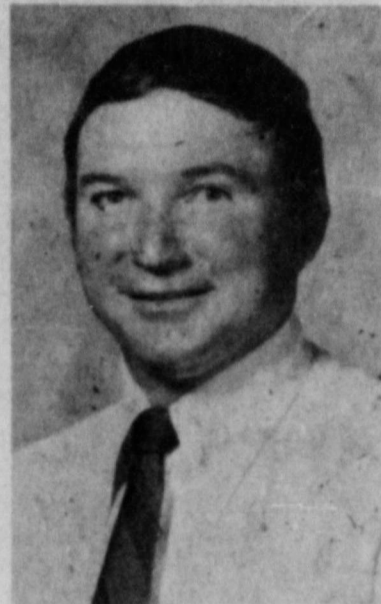

In addition, the DPS will be working with the news media in a special public education program termed "Operation Motorcide" which focuses public attention on where and why fatal accidents are occurring during the holiday period.

## Post Office To Close July 4-5

All post offices will be closed Sunday and Monday, July 4th and 5th in observance of the nation's 200th bicentennial anniversary celebration.

There will be no delivery or boxing of mail at any post office on these two days. Normal transportation, delivery and window services will be resumed on Tuesday, July 6th.

Mr. and Mrs. Wayne Leathers and family visited in Pampa Sunday with F. B. Carter and Brad Dalton.

JESSE SMELLEY

## McLean School Hires Head Coach

Jesse Smelley accepted the position of head football coach and athletic director of McLean High School last week.

Smelley has been head coach at Prosper of Class B the past two seasons. He has coached at Hillsboro, Lewisville, Lometa, Bertram, Medina, Santa Anna and Chillicothe in addition to Prosper.

He was head coach at each school except Hillsboro and Lewisville. He won district championships at each school except Chillicothe.

Smelley attended Inasca High School and Texas Wesleyan College of Fort Worth. He took part in football and basketball in high school. He played basketball in college.

## Meador Installs Hedley Lions

Lions Boyd Meador and William McElroy drove to Hedley last Thursday night. Mr. Meador, as past District Governor of the Lions Club, installed the new officers at Hedley for 1976-77. Excellent food was served followed by musical entertainment that included singing, piano, Hawaiian guitar, and the old fashioned base fiddle (i. e. inverted washtub with chord and wooden rod).

Concluding the program, Lion Meador reminded the new officers that their mission is to serve and help others. Outgoing Boss Lion Woodrow Farris was succeeded by Don Tarver.

Mr. and Mrs. Terrell Fair of Ranger visited Mr. and Mrs. J. J. Railsback on Thursday and Friday.

Congressmen cannot be arrested for traffic violation.

## 34% Savings Bond Goal Reached

Mr. Floyd F. Watson, County Chairman for the Savings Bonds Program in Gray county, reported sales of Series E and H United States Savings Bonds in the amount of \$28,597 for April 1976. Sales for the first four months of the year totaled \$168,156 which represents 34% of their assigned dollar goal.

Sales in Texas during the month amounted to \$21,912,800 while sales for the four-month period totaled \$95,165,176 with 35% of the yearly sales goal of \$272.4 million achieved.

## Driving Class Slated July 10

Persons interested in receiving a reduced insurance rate may enroll in a defensive driving course to be offered at Amarillo College July 10.

The all-day class will be conducted by Walter Eubanks, AC chairman and instructor in public safety education. Classes will meet in Room 111 of Building A at the West campus School of Vocational Arts, 6222 W. 9th, from 8 a.m. to 5 p.m.

Students who satisfactorily complete the course will receive a 10 per cent discount for three years on auto liability, collision, and medical payment coverage as written by insurance companies who are rate-regulated by the State Board of Insurance," said Charles Gaither, supervisor of Community Service courses.

Persons may obtain further information from either the registrar's office in the Administration Building at the Washington Street campus or the West campus. Fee for the class will be charged.

## Co. 4-H Seed Sale Winners

The Gray County 4-H has announced the winners of the garden seed sales this year. McLean had two winners. In Senior Girls Division Leisa Gable won and Junior Boys Division, Deb Crockett won. Leisa and Deb won an expense paid trip to Camp Brownwood in July.

Mr. and Mrs. Leroy Williams were in Amarillo on business Wednesday.

McLEAN HIGH SCHOOL CHEERLEADERS—Ann Skippe, Lela Skipper, Diane McAnear, Leisa Gabel, Cindy Sherrod, Robbie Turpen and Rose Dwyer.

### Cheerleaders Attend Camp

The McLean High School cheerleaders attended cheerleading camp at West Texas State University last week. These girls worked hard and brought home three

ribbons, one superior, and two excellent. The McLean girls accompanied these ribbons with the Master Key to Spirit plaque and the Spirit Stick. These girls have worked hard and would like all of you to attend the Tiger football games and help back the Tigers.

### Deer and Turkey In Good Shape

"Recent heavy rains have had a good effect on deer and turkey populations," said Bob Cook, white-tailed deer program leader for the Texas Parks and Wildlife Department.

Range conditions are good to excellent all over the state with ample vegetation for deer to feed on and a good insect crop for the turkeys," said Cook.

June is the time of year when bucks begin to develop antlers and abundant food now will mean good racks in the fall.

In spite of the dry winter, there were no massive die-offs in Hill Country herds. Does survived the winter and now are in good shape. There should be a large fawn crop and a better-than-average survival

rate.

Conditions for turkeys are excellent. The soil moisture, which affects turkey eggs and early poult survival, is excellent.

"Heavy rains came just in time for a good hunting season next fall," said Cook.

### Billy Wilson Has 3rd Birthday

Billy Wilson celebrated his third birthday last Friday with a party in the park.

When LaVerne Brooks his grandmother, asked him what kind of birthday cake he wanted he had a quick answer. "I want a tall cake like you make with a little man and woman on top." His little eyes sparkled when he woke up on his birthday and found a three tiered cake decorated in pink and red, adorned with a June birthday angel on top.

### McLean 4-H Have Picnic

The McLean 4-H Club had their annual family night Saturday June 5 in the city park.

Entertainment was furnished by the Conald Cunningham family and Leisa and Greg Gable.

The following 4-H members attended: Allan Patman, Roxy Littlefield, Billy Billingsley, Beth and Bryan Smitherman, Anna Jean Lamb, Sandy Blaylock, Leisa, Greg, and Lance Gable, Mark Tate, Susie Billingsley, and Deb Crockett.

Parents attending were Mr. and Mrs. Joe Billingsley, Mr. and Mrs. Ed Patman, Mr. and Mrs. Bill Billingsley and daughter, Mr. and Mrs. Creed Lamb and daughters, Mr. and Mrs. Gerald Tate and daughters, Mr. and Mrs. LeRoy Blaylock, Mr. and Mrs. Clay Gable and son Mr. and Mrs. Lloyd Littlefield and son, Mrs. Tony Smitherman, and Mrs. Don E. Crockett and sons.

A good time was had by all and everyone is look-

### Fidelas Class Have Meeting

The Fidellas Sunday School class met last Thursday. The hostess, Ruby Boyd and Versie Collie served sandwiches, cake, punch and coffee to Ada Simmons, Thelma Stevens, Vela Corcoran, Safronia Pettit, Bertha Smith, Marzie Lisman, Elizabeth

ing forward to the next get-together.

### Young At Heart Have Meeting

The Young at Heart met Friday the 25th for their annual potluck dinner with 12 members

Kunkel, Juanita Smith, and Stella Gibson.

A business meeting was held. Bertha Smith, Relia Ayers and Elizabeth Kunkel were elected as the nomination committee.

enjoying the food. Saturday evening they had 15 members present with five visitors. The visitors were Tommy Don Smith of Beaver, Okla., Ed Haynes, Pete Evans and J. B. Lester, all of Shamrock and Jo Blaylock of McLean. On Tuesday the club served lunch to 50.

## A 10-minute call to San Francisco doesn't take a lot of dough.

### For just \$2.44 or less, you could take down these recipes by Long Distance.

We're printing these recipes to make a point: a Long Distance call lets you say so much, for so little.

In a 10-minute phone call to San Francisco, between 5 p.m. and 11:00 p.m. tonight, you could take down the recipes below. And by dialing 1+, the most you pay is \$2.44, plus tax.

So enjoy a pleasant visit tonight by Long Distance. Whether you call to get a couple recipes... or just to find out what's cookin'.

#### 1. SOURDOUGH STARTER

- |                                      |                               |
|--------------------------------------|-------------------------------|
| 1 package active dry yeast           | 1 cup instant nonfat dry milk |
| 2 1/2 cups warm water (105° to 115°) | 2 tablespoons sugar           |
|                                      | 4 cups all-purpose flour      |

a) Stir yeast, water, dry milk and sugar in 2 1/2 quart crock or non-metallic bowl until yeast is dissolved. Stir in flour gradually until a smooth batter forms. Let stand loosely covered in warm place. 3 to 5 days. Stir down batter occasionally. Store loosely covered in refrigerator.

b) Replace exact amount of starter used for each recipe by stirring equal amounts of homogenized milk and flour back into starter. (For example, replace 1 cup starter with 1/2 cup homogenized milk and 1/2 cup flour) Let stand loosely covered until it bubbles, overnight. Stir down. Each time this process is repeated, the starter becomes more active and develops a more sour flavor. Note: if stored as much as two to three weeks between usings, just pour off the watery layer on top and replace following procedure in (b).

#### 2. SOURDOUGH BREAD STICKS

- |  |                                     |
|--|-------------------------------------|
| 1 cup instant nonfat dry milk              | 2 teaspoons salt                    |
| 1 cup warm water (105° to 115°)            | 2 teaspoons sugar                   |
| 1 cup Sourdough Starter (see Recipe No. 1) | 1/2 teaspoon baking soda            |
| 2 cups all-purpose flour                   | 1/2 to 1 cup all-purpose flour      |
| 3 tablespoons vegetable oil                | 1/2 cup butter or margarine, melted |

a) Mix dry milk, water, Sourdough Starter and 2 cups flour in non-metallic bowl, cover loosely. Let stand in warm place until mixture is coarse and bubbly, at least 8 hours.

b) Mix oil, salt, sugar and baking soda into sourdough mixture. Stir in enough of the remaining flour to make dough easy to handle. Knead dough lightly on well-floured-board, about 2 minutes.

c) Roll dough into rectangle, 15 x 10 inches, on well-floured board. Cut into fifteen 1-inch strips. Roll each strip into even round strand, about 14 inches long. Double strand over and twist to form bread stick. Place bread sticks on greased baking sheet, brush with melted butter. Cover with plastic wrap. Let rise in warm place until double, 1 to 1 1/2 hours.

d) Heat oven to 375°. Bake bread sticks until golden brown, 30 to 35 minutes. (Makes 15)

**FBLA Members Go To Washington D. C.**

Seven FBLA members and two sponsors left on June 17 for the national

FBLA meeting held in Washington, D. C. While there they stayed in the Washington Hilton along with 3,100 other Future Business Leaders of America. They toured

the White House, Capitol Building, Jefferson Memorial, the F. B. I. Building and Congressman Jack Hightower's office where the picture above was taken.

Appearing at the convention was Colonel Saunders, famous for Kentucky Fried chicken. Also at the convention as guest speaker was Richard (John Boy) Thomas from the T. V. Show the Waltons.

The McLean chapter brought home the Gold Seal Chapter Award. This award means that the McLean chapter is the most outstanding chapter in the state.

Those going were Halcyon Back, Cindy Sherrod, Rose Dwyer, Lela Skipper, Natalie Morris, Glenn Oldham, Scott Haynes and sponsors, Jan Johnson and Mary Dwyer.

**"ONE NATION UNDER GOD"**

A community-wide effort to proclaim the joy of our nation's 200th birthday through song, fellowship, and prayer.

The youth of McLean's churches invite you to participate in this occasion of keeping our nation, ONE UNDER GOD.

Join us in the McLean Park, Sunday, July 4th at 6:00 p. m.

Mrs. Henry Gray of Amarillo, was installed as senior regent of the Women of the Moose Monday evening. Assisting Mrs. Gray will be Mrs. Woody White, junior graduate regent; Mrs. Jim Lee, junior regent; Mrs. Hassel Tubbs, Chaplain; Mrs. W. S. Shirley, recorder; and Mrs. Victor Luedecke, treasurer. Mrs. Gray is the daughter of Mr. and Mrs. Phillip Gibson of Alanreed.

**Market Report**

Fresh vegetables in "heavy supply"--some with lower prices than a year ago--are in Texas grocery stores, and they make the best buys currently in produce departments, Mrs. Gwendolyn Clyatt says.

Among them are cabbage, carrots, green peppers, corn and cucumbers, along with yellow squash and potatoes.

Another good choice is dry yellow onions.

Consumers can expect price decreases on Southern varieties of peas--and onokra--as supplies increase.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Watermelons continue in good supply and quality but present prices probably will remain until after July 4th.

Honeydew melons are not as plentiful--due to a hail in the Rio Grande Valley earlier in June.

Texas cantaloupe are plentiful, mostly in small size.

Soft, summer fruit is increasing in supply, and prices are more attractive. Items in particular are peaches, plums, grapes, nectarines and cherries.

At meat counters, consumers can find forequarter cuts reasonably priced, the specialist said. She cited warmer weather accompanied by less consumer demand as one reason for lower prices on those cuts, making chuck cuts economical buys.

Cuts she termed moderate to economical in price are a few of the quick-cooking beef steaks, ground beef and liver.

"Pork prices remain high--with Boston butt roasts and smoked picnics generally the best value.

By carefully comparing prices, good values can be found on quarterloins cut into chops, semi-boneless hams, bacon, roll sausage and liver.

Fryer chicken prices remain about the same with very good values offered.

Also, several markets feature turkeys--with attractive prices on drumstick and thigh roasts.

**Meredith Walleye Underfished**

Recent surveys of the lake Meredith walleye population indicate a slower growth rate due to an overpopulation of large walleye.

These growth figures collected over the last five years by Texas Parks and Wildlife Department biologists support the numerous indications that there are plenty of catchable walleye in the Panhandle lake and the stocking of more walleye fry would only increase the problem.

"There are a few ardent walleye fishermen who consistently catch large fish at Meredith and the recent walleye tournament has also helped start some anglers on the successful road to walleye fishing," said Joe Kraai, fishery

biologist for the Panhandle.

"We need more fishermen to harvest the excess fish now while they are available," Kraai continued.

Lake Meredith has been a successful walleye fishery since 1968 and natural reproduction of walleye eggs in the lake each spring by the mature female fish is estimated in the millions.

Lake Meredith is like any other Texas lake, all of which can only hold or support so many fish per acre. When the fish become crowded or too thick, the growth rate slows even though there are fish in the 10-to-12 pound class at the present time at Meredith.

The larger walleye become harder to catch due to the requirement of big bait fish. Most fishermen cannot get the large fish to bite because they fail to use large lures or large baits.

Many seven-to-ten inch walleye were collected and released during the recent spring spawning season and these fish should furnish anglers with plenty of hungry walleye next spring for their stringer.

Successful walleye fishermen use all types of spoons, jigs, spinners, and live worms and minnows for bait and both bank and boat anglers have been reeling in some nice catches of fish this spring. The most consistent locations on lake Meredith are near rocky points and deep water. The sensitivity of walleye to light seems to drive them deeper as the daylight increases.

The daily creel limit of five walleye will furnish any gourmet angler with plenty of fish filets for the frying pan. Many anglers consider the walleye the best eating fish available in Texas.

More information about walleye fishing is available by contacting any of the bait shops near Meredith

**WHAT IS YOUR AIM?**

GREAT TRUTHS may sometimes be stated in amusing ways. The following statement of truth is to say the least THOUGHT PROVOKING, yet at the same time contains an element of humor. It is taken from "Wells of Thought."

Jacob Ditzler and J. S. Sweeny were having a debate on the scriptural mode of baptism. Mr. Ditzler showed a secondary meaning of the word baptize was "to wash or sprinkle."

In reply, Mr. Sweeny showed that a secondary meaning of believe was "to have an opinion" and a secondary meaning of saved was "to be pickled."

Then he gave the resulting translation of Mark 16:16: "He that hath an opinion and is sprinkled shall be pickled."

He then raised the question, "Is it our aim to see what we can make out of the scriptures, or is it to find out what God has said?"

WHAT IS YOUR AIM? Remember, Truth is absolute! How YOU handle the Truth determines where YOU spend eternity. (2 Tim. 2:15)

 Texas A. & M. College  
 Extension Service

by Joe VanZandt,

We will have a Sick Plant Clinic in Pampa Thursday, July 8, in the Flame Room of Pioneer Gas Building. The clinic will start at 10:15 a.m. to 12 noon and afternoon hours will be from 1:00 to 3:30 p.m.

This clinic is a come-and-go affair for anyone with problems or questions about what is wrong with any type of plant or insect. Farmers, homeowners, and anyone with problems relating to diseases, insects, soil fertility and gardening are invited to attend.

This clinic is sponsored by the Gray County Program Building Committee in cooperation with the County Extension Service. There will be four Area Extension Service Specialist present to help in identifying your problem and make recommendations for control or prevention. The Specialist scheduled include: Dr. Bob Berry, Plant Pathologist; Dr. Carl Patrick, Entomologist; Jim Valentine, Soil Chemist; and Dr. Roland Roberts, Horticulturist.

All you need is to bring specimens of plants or insects that you would like some answers as to what is wrong with them.

The Grain Stocks report which was recently released by USDA indicated that old crop wheat in storage on June 1 totaled 665 million bushels, 55 percent above a year earlier and 96 percent above 2 years ago. Disappearance from all storage positions during April and May, 1976 was 271 million bushels, 17 percent above the same period last year.

Sorghum grain in all storage positions June 1 totaled nearly 154 million bushels, 17 percent more than a year earlier but 37 percent below the same date in 1974.

Corn in all storage positions totaled 1,857 million bushels, 24 percent above a year earlier but 2 percent below June 1, 1974.

The inventory of hogs and pigs was also released by USDA recently which indicated that as of June 1, 1976 in the U. S. there were 52.6 million head, 9 percent above last year, but 11 percent less than two years ago. This is the second lowest June 1 total since 1965. The breeding herd is up 11 percent from last year, and continues upward

trend started last December. The market hog inventory increased 9 percent from a year earlier.

The pig crop from December 1975 through May 1976 was up 16 percent from a year earlier, but down 8 percent from two years ago.

Hog producers intend to farrow 5.8 million sows during June-November 1976, 17 percent above that period last year and up 6 percent from 1974.

The way cattle prices have gone steadily down since they reached a quick peak in April makes me wonder how much longer the cattlemen are going to have to take it on the nose as far as having a generally unprofitable situation.

A lot of experts told us things would get better about now but sure enough things have gotten worse. Things in the cattle business have a long way to go to get most segments back on a profitable basis.

This hot, dry weather is causing this corn crop to use a lot of water. Most corn is increasing its daily water requirements which will amount to about .35 inch per day at the peak demand period from tassel to blister stage. This means that a corn crop uses up 3 1/2 inches of water every 10 days. If near maximum yields are to be expected, corn should not suffer for lack of water especially during this growth stage.

Last year in a research trial conducted at the North Plains Research Field at Etter, the maximum yield came from 5 irrigations. All plots received one irrigation June 5 about 35 days after emergence. The next irrigations were applied at the pre-tassel stage on 55-60 days after emergence. This was followed by the blister stage irrigation, 15 days later and the final irrigation was at the milk stage, another 10 days later.

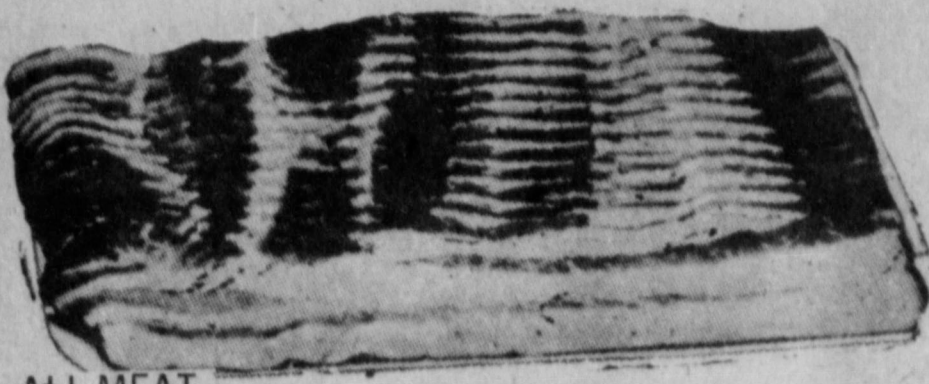

Based on previous research, the maximum yield of 104 bushels/acre for four irrigations was approximately 30 to 35 bushels below expected yields. The relatively low yield can, partially be explained by examining water availability and evaporative-transpiration rate of corn during the high water use period of June 20 to July 25. Total water use for the period would average about 12 inches, while water received totaled approximately 7.9 inches (8 inches of applied irrigation water estimated at 80 percent efficiency and 1.5 inches of rain). Water stress during this critical period could account for the relatively low yield.

**DOWN MEMORY LANE**

**10 YEARS AGO**  
Lonnie Easley and Eddy Finley are to receive recognition at the Texas FFA convention to be held July 13-15 in Austin.

A deal was made this week whereby Leo, Theo and Reo Heasley became the owners of the Grigsby Auto Shop.

**20 YEARS AGO**  
Richard Dean Moore was honored on his birthday Thursday, June 28, at the city park, by mother, Mrs. Ott Moore. Dedication of McLean's new \$50,000 hospital-clinic was held in impressive ceremonies here Sunday afternoon at 2:30 when over 300 persons were present.

**Turner Reunion Held In City Park**

Sunday, June 20, the family of Mrs. Kate Turner held a reunion in the McLean city park. Mrs. Turner has been in the Vernon Turner home of McLean for the last five weeks. Those attending were all seven sons. Her only daughter of Fritch was unable to attend. The sons and their families were Mr. and Mrs. Lanzo Turner of Pampa; Mr. and Mrs. Rush Turner of Olton, Mr. and Mrs. Bobby Boyd Becky and Larry, Mr. and Mrs. Bill Carson, Brian and Chris of Rolla, Mo., Mr. and Mrs. Gary Turner, Kevin and Kathy, Mrs. Glenda Hammond and son; Shawn and Shane Holly of Canyon; Mr. and Mrs. Ed Turner and Kathy of Gruver; Mr. and Mrs. Juan Turner from Amarillo; Mr. and Mrs. Joe Turner, Allan

and Toni of Amarillo; Mr. and Mrs. Bill Turner, Loretta, Dexton, Christina and Neil of Pampa; Mr. and Mrs. Vernon Turner of McLean. Other members of the family were Mrs. Ester Turner of Strawberry, Ark.; Mr. and Mrs. John Coleman of Wichita, Kans.; Mr. and Mrs. Bill Simmons of Wichita, Kans.; Mr. and Mrs. Floyd Simpson of Pampa, Mrs. Kathrine Kite of McLean; Mrs. Jimmy Pool of Amarillo; and Mrs. D. L. Miller of McLean.

**30 YEARS AGO**  
Mr. and Mrs. Forrest Cecil of Gardelia, Calif., announce the marriage of their daughter Doris, to Jack L. Harris on June 23.

A surprise birthday party honoring R. M. Holley on his 71st birthday was given Monday night in his home.

Very little difference was noted here as price controls ended.

**40 YEARS AGO**  
The Lone Star Theatre, owned by Smith Bros. and Chas E. Cooke, opened to a packed house Wednesday night.

Born, June 21 at Amarillo, to Mr. and Mrs. Earl Stubblefield, a girl.

**50 YEARS AGO**

### Hang On, It's Your Life

One person died and another nearly lost his leg in two accidents involving the use of inner-tubes on Lake Travis in May.

"Tube riding can be very dangerous," according to William Walker, supervisor of water safety enforcement for the Texas Parks and Wildlife Department. "The tube is unstable in the water; the rider has no control over where he will be towed and is at the mercy of the boat operator."

"Tubing" is a fast-growing fad on Texas lakes that requires no skill. A large inner-tube is attached by towline to a motorboat; when the tube is in position, the motorboat speeds up and the rider hangs on.

In both of the Lake Travis accidents, the rider had fallen off the tube and the boat operator returned to pick him up. The boat operators were unable to see their friends in the water and ran over them, killing or injuring them with the boat propellers.

The majority of the accidents that happen while tube riding are caused by boat operator carelessness -- operating the motorboat at excessive speeds, traveling in a zig-zag fashion so that the tube speeds around in a pop-the-whip action. Persons riding inner-tubes have slammed into trees, rocks, docks, houseboats, sailboats

### Co. Wheat Crop Loan and Purchase Rates Announced

County Loan rates and purchase rates for the 1976 wheat crop were issued by the U. S. Department of Agriculture and reflect the national average loan rate of \$1.50 per bushel. This is an increase of 13 cents per bushel over 1975. 1976 Gray county rate is \$1.51. Adjustments were made to county loan rates to more nearly reflect the area-to-area changes which have occurred in case price relationships among terminal markets and freight charges. Compared to the 1975 county loan rates, the 1976 loan rates increased by various amounts in other states, but the increase for Texas is 13 cents.

The 1976 county loan is for wheat grading No.

and other motorboats. Some have been caught in two ropes and dragged for considerable distances.

Tubing is fun if done safely. The rider should wear a bright-colored, Coast Guard-approved personal flotation device (PFD) and the boat operator at a reasonable speed. If the operator must make a turn, he should allow for the distance the tube will swing. The PFD will keep the rider afloat and the bright color will help the boat operator locate him in the water.

### Summertime and Wildlife

Each spring a new generation of wildlife young makes its debut into the outdoor world and both wildlife and people have a curiosity about their surroundings which sometimes creates additional problems for everyone including the Texas Parks and Wildlife Department.

Many children and adults discover young wildlife while participating in various outdoor activities. Acting with a sense of compassion and responsibility, these fascinating creatures are often petted, taken home and put in a pen.

There are reasons and rules why these young

animals and birds should not be condemned to a twilight zone of existence between wildness and domestication.

The most obvious reasons to leave young wildlife alone are state and federal laws governing the possession, sale or barter, and confinement of both game and non-game animals, birds and endangered species such as the Horned toad.

These laws were initiated for the purpose of insuring the health, protection and general welfare of man and wildlife alike. Serious, unexpected problems usually arise from unqualified attempts to domesticate creatures which natural laws intended to be wild.

The opportunity to

learn to survive in the wild is lost if young wildlife are removed from their natural environment. This survival knowledge can only be taught by their wild parents.

Young wildlife in captivity are prevented from learning about their natural enemies and to defend against them. Knowledge about obtaining shelter and food are eliminated as people place food in front of the young wildlife. Keeping young wildlife captive for only a short period of time is inviting disaster for the animal or bird.

Adults, children and family domestic pets are bitten, clawed, seriously injured, and some even killed every year by

wildlife "pets" which should have remained undisturbed in nature. Pet deer, which are raised from fawns, losing their natural fear of man, have reverted their wild instincts without warning, maimed or killed their compassionate captives. Remember, it is usually children who bear the brunt of tragedies involving wild "pets".

Many wild "pets" produce harmful or deadly parasites and diseases such as virus hepatitis, rabies, tetanus, tularemia into the home. Most cities or towns require that only dogs receive annual rabies shots leaving the recipient in a potentially dangerous position.

# WHEELER CHRISTIAN ACADEMY

## ANNOUNCES BEGINNING OF 2ND YEAR OF QUALITY CHRISTIAN EDUCATION

### USES INDIVIDUAL INSTRUCTION

The A. C. E. program allows teachers to have more time with each student. In a conventional classroom, teachers instruct the entire class at one time. This limits teachers from devoting attention to an individual student.

In the A. C. E. Learning center, students are busy working on PACES at their own speed. The teacher, therefore, is free from responsibility of instructing the entire class and is available for working with an individual student.

### AWARENESS OF LIFE MISSION

In Ephesians 6:2 parents are told to raise their children in the discipline and instruction of the Lord. In the midst of our nation's present society, the Christian school is best prepared to contribute to the commandment. Graduating students go forth with an appreciation of discipline, an understanding of moral values, and a true knowledge of God. They are physically, emotionally, academically, and spiritually confident to face their adult lives. Most importantly they possess the awareness of the most exciting life mission: service for the Lord Jesus Christ.

### STUDY HABITS DEVELOPED - A.C.E.

students are constantly developing a good system of personal study habits and self-motivation. In a society which places less and less emphasis on personal responsibility, the development of self-control and motivation is an education within itself.

Because A. C. E. learning tools are prescribed according to ability, each student works at a level where he can understand and master the material. This frees the student to work within the limits of his own speed and develop his ability toward its greatest potential.

## NOW ENROLLING FOR '76-'77 SCHOOL YEAR

**106 E. TEXAS ST.  
PHONE 806-826-3056  
WHEELER, TEXAS  
Rev. R. Pfeil, President**

AN A.C.E. SCHOOL

### ESTABLISHMENT OF STANDARDS

At the Christian school, students benefit from the enforcement of standards of conduct as outlined in the scriptures. They learn to distinguish between acceptable and unacceptable behavior. While their friends in secular schools are adrift in a system teaching no absolutes, the Christian student is growing in understanding and practice of Biblical self control.

**CARD OF THANKS**

The family of Mrs. Cuba Collie would like to take this opportunity to express our deepest love and appreciation to everyone for all the wonderful food brought to the house and the women in Mom's Sunday School class for the marvelous lunch at the church.  
 Our deepest love and thanks to Dr. Wood and Dr. Fabian and all the nurses for their sincere concern.  
 If we failed to miss anyone with a card of thanks, we just want to thank everyone for their prayers and sympathy during the passing of our beloved mother and grandmother.  
 God bless you all.  
 The Family of  
 Cuba Collie

Mr. and Mrs. Jack Hill and family of Lubbock have been visiting his parents, the J. A. Hills, these past two weeks. They returned home Sunday but Ty Hill remained for a longer visit.  
 Polly Harrison returned home this week from East Texas where she accompanied some of the children and grandchildren to Six Flags over Texas and other points of interest.  
 The J. A. Hills and Jack Hills visited the Sonny Morris in Pampa Friday.  
 Mrs. Bert McKee is home from Groom Hospital and is doing fair.  
 Visiting the P. M. Gibsons Sunday was their daughter's family, the Don Bednorz and Kristi of Amarillo.

We want to thank our many friends for cards, flowers, visits and prayers during Roy McCracken's illness and death.  
 Also thanks to Dr. Fabian, Dr. Wood, the nurses, office and kitchen staff.  
 Mrs. Roy McCracken  
 And Family 27-1c

We wish to express our appreciation for all the kindness shown us during the illness and death of our mother and grandmother.  
 We also sincerely thank all the friends for their thoughtfulness, concern and expressions of love shown to her during her stay in the hospital.  
 May God bless each of you.  
 The Etta Brown  
 Family

Words can never express the love we feel for everyone who attended the pot-luck supper given for us at Heald and the Bailey reunion.  
 It was a memorial occasion for us, one we will never forget and one we will treasure always.  
 To each and everyone of you from near and far in the wonderful state of Texas, our deepest love and thanks. God bless you.
