Man And Wife Die Headon Crash West Hiway 290

Alice Couple, 67, Dead After Freak Crash; Trio Hurt On 163

Mr. and Mrs. Charles Francis Pitts, of Alice, Texas both 67 years of age, were killed almost instantly at 9:50 o'clock Wednesday morning when the car in which they were riding went out of control a short distance east of Lancaster and swerved across the highway into the left bar ditch, struck a low bankment and caromed back on the highway into the path of an oncoming truck.

Both Mr. and Mrs. Pitts were thrown from the car to the pavement by the force of the impact of the truck, Highway Patrolman Walter Cawyer, who investigated the accident, said. Mr. Pitts' head was horribly crushed and Mrs. Pitts' body was crushed. Both were dead when the officer arrived.

Douglas Rufus Brayer, 34, of Jacksonville, Fla., driver of the refrigerator truck, said the driver apparently skidded on the wet pavement, swerved to the left across the highway and bounced back on the highway directly in front of the oncoming truck. The car, a Studebaker, struck the left bumper of the truck and spun around several times, throwing the couple out. The car was being west and the truck was being east. The truck was not damaged.

Deaths of the Alice couple were the second and third highway deaths in Crockett county so far this year. The highway death toll in this county was two during 1957. The Highway 290 fatal accident was the second crash near here during the past week. Three West Texas State College students from Canyon were seriously injured late Sunday in a one-car accident just west of Ozona on Highway 163.

The three youths, John Garth Hatfield, 18, of Silverton, driver, Sidney O'Neal, 21, of Plainview, and Billy Jack Harvey, 21, of Arroyo, were thrown clear when their car went out of control, left the highway and crashed through right-of-way fence into the Sophie Cooke pasture. The car rolled over several times.

The trio of students received treatment at the Crockett County hospital.

The bodies of Mr. and Mrs. Pitts are at the Cody Funeral Home where a waiting burial arrangement.

6 Track, One Lit. Ozona Entries In State Competition

State Interscholastic League Meet Under Way In Austin

By Ernie Boyd

Track Coaches Chick Womack and Byron Cleere took six members of their team who qualified in the regional meet in Odessa to the state track and field meet to be held in Austin this weekend.

The meet which includes both literary and athletic events will be in its 48th year with registration beginning in Gregory Gym today.

A proposed amendment to change the championship division into five divisions instead of the present three will be under consideration by officials during the meetings held as a part of the event. Presently an athlete who qualifies in one event may enter any other event up to a certain number whereas under the new rules an athlete may enter only the events in which he qualifies at the regional level.

Under the present setup Ozona will compete in the class B division with other A and B schools. Class AA and AAA will compete in class A and AAA will compete in AA.

Last week the six Ozona trackmen were invited to attend a special invitational meet held in Lubbock for state qualifiers from Ft. Worth west and the Lions were able to garner but one point but still brought some smiles to their coaches' faces.

Jake Young set an individual record for himself when he tossed the shot 50'3". Jake has gotten fifty feet in practice but never in competition and the toss was good for sixth place and one point for the Lions.

Jerry Jacobs skipped over the high hurdles in 15 flat but did not place as the winning time was a sizzling 14.5. However .5 of a second is not much difference and Jacobs was the only boy in class B to qualify for the finals.

The 440 relay team was without its anchor man but it is expected Bobby Sutton will be back for the state event this week. Sutton was injured in a fall in Odessa two weeks ago.

Other boys making the trip will be Bobby Vargas in the broad jump and Jim Doran and Tony Parker, both freshmen on the sprint relay team.

In the literary division Miss Genevieve Childress will compete in extemporaneous speaking, having won first place in Odessa two weeks ago. Miss Childress reached state last year and with added experience this year is expected to be a strong contender for recognition. She will be accompanied to Austin by Mr. and Mrs. Heck Leath.

Three-Day Drizzle Wets Top Of Ground But Moisture Meager

The third day of cool, drizzly weather this morning kept hopes alive for a soaking rain over this West Texas ranch country, but despite the continuing threat, actual moisture of record is mighty meager.

Only one tenth of an inch of rain had accumulated in local gauges to this morning. The weather has served to interrupt sheep shearing now in full progress, and will be beneficial in stimulating continued weed growth and grass even though only the ground top has been wet.

Ozona FFA Team Wins 2nd In Tech Livestock Judging

To Compete Saturday In State Contests At A&M College

Livestock judges from Ozona FFA placed second in a field of 104 livestock teams judging in the 31st annual Texas Tech Vocational Agriculture Judging Contests on the Tech campus Saturday, April 26.

The 104 teams entered in the meet represented schools from a wide area of West Texas, the Panhandle and South Plains. The Ozona team was composed of Kenneth Deland, Jim Williams and Pierce Miller. Teams from each school were required to judge classes of cattle, sheep and swine, and also 10 steers into slaughter and feeder grades.

Out of a possible score of 1650 points, the first five highest scoring teams were Robert Lee FFA, 1412 points; Ozona FFA, 1398; Plainview, 1377; Friendship, 1354, and Abilene 1328.

Kenneth Deland of Ozona was fourth high individual of the entire contest with a score of 478 points. Only the top 10 high individuals were announced.

Next Saturday, May 3, the Ozona team will represent Ozona High School in the state contest finals on the campus at A&M College.

A grass identification team composed of Bob Cooke, Leslie Deland and Muggins Good placed third among the grass judges of the area. Bob, second high in this contest, had a score of 359.25 out of a possible 360.

The Ozona FFA Wool Team also placed third among the area wool teams. Deeny Holden, Wayne Abers and B. B. Ingham, Jr., composed this team.

Ozona Goes Dial After Six Years From First Start

Cut-Over To Modern System Made About 10 p. m. Tuesday

Six years from the time telephone officials met with a group of local civic leaders and promised dial telephones for Ozona in two years, the modern miracle of communication was put into service here shortly after ten o'clock Tuesday night by a crew of nearly a dozen technicians while a handful of wide-eyed Ozona citizens looked on.

"Electronic miracle that dial is, it seems to me more of a miracle that you ever got it," E. H. Danner, president of the General Telephone Co. of the Southwest told a group of invited Ozona guests at a steak supper at the country club preceding the cut-over to dial. He had heard John E. Robbins, then with the old San Angelo Telephone Co., predecessor of the General system, give his history of the local conference, the two-year promise and all the delays that followed to postpone by four years completion of the promise.

Picking 10 p. m. as the time for the cut-over from the old common battery system to the dial, because of the lightened load on the switchboard at that hour, a crew of technicians stood by until a few minutes after the hour when all fell to in the tremendously complicated job of switching over to the dial system. Workmen began snatching wires, used to tie across the newly installed dial system to permit continued use of the common battery, checking the operation of the dial switches and cutting other wires in a maze of circuits to the old system.

The first long distance call was by Mrs. S. M. Harvick, who was president of the Interclub Council, the group which first met with the telephone officials in 1952 to request dial phones for Ozona. Mrs. Harvick called her daughter, Mrs. Don Dwyer in San Antonio. First local calls were made by Mrs. Evert White to her mother, Mrs. N. W. Graham, who was chairman of the Woman's Club committee on the phone project at the time of its initiation.

About 55 guests were present at the country club supper given by company officials in honor of the occasion. John E. Robbins, division manager, presided and introduced company personnel here for the meeting, including President Danner, who later spoke to the group to describe company aims and the extent of its operations; Roland McCullough, San Angelo district manager; J. W. Willows, division plant superintendent; Sharon Lee, division traffic department; Ted Maxwell, former district manager of Ozona; George Olsen, public relations department; Jack Sims, Buddy Langley and Miss Jackie Worden, all of the San Angelo office, Dick Webster and Mrs. Ben Butler of the Ozona office.

Parent Education Found Great Need In Ozona Schools

Hale-Aikin Group Finds System Opera- tion Above Average

Expressing their own greater enlightenment by reason of their study and investigation of the Ozona Public School system, members of the local Hale-Aikin school study committee, in a public meeting Friday night in the high school auditorium, pronounced parent education, more interest and understanding on the part of parents in realizing the facilities offered and in planning for their children's education, as one of the needs in Ozona.

In the field of student guidance, the committee reported, it found the school administration, principals and teachers giving all assistance possible. Each fall parents of freshmen students are invited to confer with the faculty on the school curriculum and aims of the entering students, but out of 63 freshmen in this year's class, parents of only 17 attended such a conference.

The Hale-Aikin committee, which was divided into three sections, one on the school program, one on teacher supply and one on buildings and finance, had completed five weeks of work in the investigation and their report is to be made to the state Hale-Aikin committee of twenty-four which in turn will report to the legislature at its next session.

Charles Ratliff, reporting for the school program committee, said the committee had found the Ozona school far above the average in most fields included in the study. One recommendation for improvement was a need for courses in speaking in the elementary grades. In achievement tests in reading results here showed pupils in the North Elementary grades far above the national average in reading comprehension and in the high school somewhat fewer points higher but also still above the national average.

The sputnik age influence on the framers of the questionnaires used for reporting was indicated in one calling for a report on the number of pupils enrolling in math and science courses in high school. Out of 191 pupils in high school, 173 are taking math and 131 take science, again an average far above the national percentage.

The committee recommended to the state group that driver education be required in every school, that the program should be under the supervision of the Department of Public Safety and costs shared by that department.

Frank Martinez Home Destroyed By Fire In Sunday Night Blaze

A raging fire, out of control when discovered, Sunday night destroyed the home of Mr. and Mrs. Frank (Pancho) Martinez, in the Latin-American section of Ozona.

The family was away from home at the time and no clue as to the cause of the fire has been discovered. Firemen arrived to find the house ablaze all over and succeeded only in dousing the flames in time to avoid setting fire to adjoining houses. The house and contents were a complete loss.

HOSPITAL LANDSCAPE MEMORIAL FUND GIFT

A memorial to Mr. Bill Laxson has been given to the Crockett County Hospital landscape memorial fund, sponsored by the Ozona Woman's Club, by Mrs. Pat Lee, Mr. and Mrs. Dock Lee and Mr. and Mrs. J. B. Paker. A marker is placed on each memorial gift.

Pre-School Round-Up Set For May 5th At N. Elementary School

The annual Pre-school Round-up will be held in the North Elementary Auditorium on May 5th, beginning at 2 p. m. Every child who will become five years of age before October 1st, 1958 will be eligible to attend Kindergarten next year and it is hoped that all of those planning to be in Kindergarten next fall can be present for the Round-up.

To aid in simplifying registration next fall, registration blanks, health charts and birth certificates can be cleared during the Round-up. Parents are urged to obtain and present birth certificates as early as possible.

Present Kindergarten pupils and their parents will be on hand to welcome the newcomers and their parents. After a short program, refreshments will be served by the Kindergarten Room Mothers. This year's Room Mothers are Mmes. Boyd Baker, Sid Cawyer, Taylor Deaton, Maxine Saunders, and Geo. Russell, Jr. Next year's Room Mothers will be Mmes. Joe Tom Davidson, Jack Williams, Dick Henderson, and P. C. Perner. Kindergarten teachers are Mmes. M. L. Barber, Chas. Womack, and C. W. Gotcher.

Abe Caruthers Dies In Wyoming Gunshot Accident

Body Of Former O- zona Rancher To Be Buried Here Sat.

Funeral services will be held at 2 o'clock Saturday afternoon from the Ozona Methodist Church for Abe Caruthers, 56, former Ozona ranchman, who died of an accidental gunshot wound suffered Tuesday afternoon near Buffalo, Wyoming.

Mr. Caruthers was killed instantly Tuesday afternoon when a .22 caliber rifle he was carrying was accidentally discharged.

The body is scheduled to arrive by train in San Angelo at 6 a. m. Saturday and will be brought to Ozona by Cody Funeral Home coach. Pallbearers will be Phillip Schneemann of Grants, N. M., James Childress, John Coates, Max Schneemann, Jr., Charlie Black, Bill Schneemann, B. B. Ingham, Jr., and Bill Childress. Burial will be in Cedar Hill cemetery under direction of Cody Funeral Home.

The body was found shortly after 2 p. m. Tuesday entangled in a wire fence about a half mile east of Buffalo, Wyoming, where Mr. and Mrs. Caruthers were living while they were searching for a ranchland to buy in that area. After selling his ranching interests in Crockett county and his home in Ozona several months ago, Mr. Caruthers had been seeking ranch property in the Wyoming-Montana area.

A deal had been closed for ranch land near Miles City, Mont., the day before and Mr. Caruthers had made a down payment of \$50,000 on the property.

Mr. Caruthers had gone to a small pasture near Buffalo where he had about 20 head of horses on pasture. There was snow on the ground and when he failed to return by lunch time, Mrs. Caruthers, fearing he had stuck his pickup in the snow, went to look for him.

The body was found in the fence, a bullet hole behind the right ear and the bullet lodged in his brain. Several empty .22 shell casings around the pickup and the carcass of a dead rabbit indicated he had been shooting rabbits to feed his dogs.

Surviving are the widow and two sons, Abe, Jr., 13, and Bobby, 10; four brothers, Lit Caruthers of San Angelo, Robert Caruthers of Mertzton, Charlie Caruthers of Arizona and Gus Caruthers of Fort Stockton, and one sister living in Lubbock.

"DOLE" IS A KIND WORD

Most Americans, regardless of party, will agree with President Eisenhower that the irresponsible \$1.5 billion unemployment compensation measure cooked up by House Democrats and reported by the House Ways and Means committee "has grave defects" and that it would constitute a "dole" and "nothing else." And certainly the President's broad inference that he will veto such a bill if it is ever passed should surprise no one.

The plan sent to Congress by the White House House called for Federal advances to states that would finance extension of compensation payments by half again the prescribed period — in most large states an additional 13 weeks. These Federal funds would be repaid by the states within four years, and out of future payroll taxes on employers, or directly from the states' treasuries.

Contrasted with this "accommodation" type of legislation, the House plan would constitute a Federal "give-away" to the states of funds up to \$1.5 billion to continue the compensation of workers who had exhausted their benefits under the existing system. Further, it would provide 16 weeks of similar benefits to workers not now covered by unemployment compensation.

In his sharp answers to press conference questions on the subject, the President expressed himself as most concerned over the preservation of states' rights and the insurance principle under which unemployment compensation now operates.

The bill reported by the House committee, he said, suggests "the complete elimination of states influence, ignoring of state standards" and would "tend to be very destructive of the whole unemployment insurance system as now devised."

In castigating this measure as a "dole," we think the President was using considerable restraint. In an election year it could be mistaken for something even more unsavory.

"Drive carefully. You know the kind of insurance forms you'll have to fill out if you don't!" — Frances Rodman

Worry often gives a small thing a big shadow.

LITTLE LOLLIPOP GETS BIGGER?

In his fight to include his "bill of rights" for the protection of rank-and-file members in the Senate bill on union pension and welfare funds, Senate Minority Leader William F. Knowland is making an all-out effort to strengthen what has been called "a little lollipop to make someone believe we are doing something we are not."

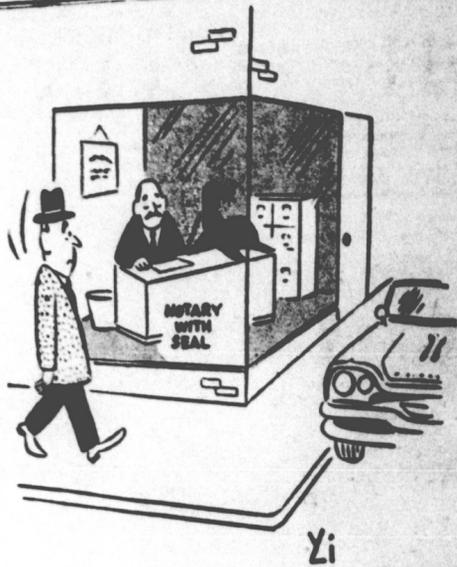

Senator Gordon Allot, of Colorado, who offered this description of the outcome of the McClellan Rackets committee hearings, also charges that the bill is "misleading" and "ineffective." In his efforts to beef up the measure which purports to protect the \$4 million would-be beneficiaries of these union funds which are estimated to take in \$6.5 billion a year, Senator Knowland is offering amendments designed to:

Provide for secret polls of union members on their leaders' policies; limit officers terms to four years; require referenda on strikes set up elections to oust union officers; curb trusteeship control of local union; ban agreements to allocate organizing territory; protect members from loss of right to vote; prohibit labor contracts for more than two years or waiving the right to strike, unless approved by majority vote, and forbid payments by employers to employe representatives.

Senator Knowland has promised he will demand roll-call votes on each of these amendments, and any that is added will strengthen the measure as it now stands. But if he should be completely successful, the amended measure will still fall short of what is required. There would still be no curb on the money power or the monopoly power of the unions. And there will be none until the American workman is assured of the right to work without paying tribute to a union, and until labor unions are brought under the restraint of anti-trust laws.

Despite the addition of the Knowland "bill of rights," the Senate would still have brought forth a "lollipop."

"Home is a place where we are treated the best and grumble the most." — Mort Lawrence.

Official Texas Highway Map Issued

It's here! It's free!!! The Texas Highway Department today released its new 1958 Official Highway Map. Maps may be obtained by writing the Texas Highway Department, Austin 14, or at the Highway District and Travel Information Bureau county tax offices have maps available for requesting the map.

Official Highway Travel used by all state and governmental agencies in Texas for planning highway distances, zones, and like information. The same map is used by seeking roads to recreational attractions throughout the state. The reverse side of the map reflects in full color some outstanding scenic and recreational facilities in Texas.

The new 1958 travel map is better to today's demand for more travel information. The steady growth of Texas from a population of slightly over seven million just ten years ago to its present estimated population of more than nine million is reflected in the information shown. The number of cities and towns shown on the 1948 map was 567, there are 1,812 — an increase of 1,245. State and U. S. highways have been increased by miles, and farm-to-market roads from 620 miles to 17,126 — a 16,506-mile increase. The map reflects a total of 43,292 miles of highways.

Highway parks, long cherished by highway users, were not shown on the 1948 map. Today, roadside parks are pinpointed as stopping places. Divided highways also show a startling increase in the ten-year period. In 1948 there were 110 miles of divided highways shown. Now there are 1,100 miles marked on the map with black bands and red center lines dividing highway miles.

President Nixon agrees with the belief that no pump-priming is needed to restore prosperity. All wires, he told the American Paper Publishers Association business to produce goods sell them, and for labor to pay raises.

do not see, either, how this could fail.

ASK THE MAN WHO FARMS ONE

The men who know farming best are not nearly as keen for federal subsidies as the farm-bloc Congressmen are.

A nation-wide poll of all kinds of farmers conducted by "Farm Journal," Number 1 farm monthly, among its readers shows:

Half of all farmers in the United States want the government to pull out of agriculture lock, stock and subsidy.

Another 11 per cent was less government help than they are now getting.

In the South, always an enthusiastic advocate of high price-supports, more than half want the government to get out.

In the Midwest, 43 percent are against any government help.

The poll is based on the opinions of 4000 farmers which "Farm Journal" says is a representative sampling of our five million farmers. Maybe if their wishes are heeded, we could afford more education, and research.

Livestock Markets Show Strength, Supplies Light

Fort Worth—Rainy and stormy weather over the weekend resulted in lighter number of livestock being offered at Ft. Worth Mon. and since movement at other major markets over the nation were also of moderate proportions the trade was active and prices on the up side.

Most classes of cattle and calves at Fort Worth sold strong to as much as 25 to 50 cents higher, and the turn toward the strong side was a welcome relief compared to low close the previous week. Good and choice steers and yearlings sold from \$25 to \$29, and fed heifers cashed at \$28 down. Renewed interest in fleshy feeder cattle appeared, and some 850-pound fleshy cattle drew \$27 and \$27.50 as feeders, while 500-pound yearlings sold at \$30 with heifers at \$28. Good stocker steer calves sold at \$30. Medium and low grade bevs sold at \$16 to \$24.

Fat cows cashed at \$17.50 to \$22, some heifer kinds to \$23. Canners and cutters sold from \$13 to \$17.50. Bulls cashed at mostly \$17 to \$21.50. Choice fat calves drew \$26 to \$28.50, and lower grades scaled downward from that range.

Lambs React Following Sharp Break Last Week

Lambs sold on a strong to 50 cents higher basis at Fort Worth Monday as the market reacted following the sharp break of the

previous week. Sheep were fully steady. Good and choice Spring lambs sold from \$20 to \$22, and good and choice yearling lambs sold from \$16 to \$17.50. Feeder Spring lambs sold from \$18 to \$20, and feeder old crop lambs drew \$15 to \$16.50. Yearling ewes were listed at \$22 down. Two-year-olds cashed at \$15 downward. Canner ewes sold around \$8 to \$9.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, May 2, 1929

The Ozona Baptist Church, beautiful new brick house of worship which is being completed this week, will be formerly opened with dedication services next Sunday morning at 11 o'clock. The program for the day includes, besides the formal dedication services, a barbecue dinner in the city park and open house at the church during the afternoon. Rev. A. J. Carson, former Ozona pastor now pastor at Victoria, will preach the dedication service. Rev. M. M. Fulmer is pastor.

W. C. Easterling, former publisher of the Ozona Stockman and a number of other newspapers and magazines in West Texas, an able writer and familiar figure in Texas journalistic circles for more than thirty years, died in Del Rio Friday night following an illness of several weeks.

Work of razing the sheet iron building on the corner west of the postoffice began this week in preparation for construction of a two-story concrete building by J. R.

WANTED BY THE FBI

GEORGE EDWARD COLE

A complaint was filed before a United States Commissioner at San Francisco Calif., on January 9, 1937, charging George Edward Cole with violation of the Unlawful Flight to Avoid Prosecution Statute in that he fled from the State of California to avoid prosecution after allegedly murdering a police officer.

Cole is described as follows: Born March 24, 1927, Philadelphia, Pa. Height, 6 feet 1 inch. Weight, 150 to 170 pounds. Build, medium. Hair, brown, receding. Eyes, brown. Complexion, medium. Race, white. Nationality, American. Occupations, bus driver, truck driver, typist. Scars and marks: pit scar on outside corner of right eye, small cut scar on inside of left wrist, appendectomy scar, tattoo, small heart and names "Mom" and "Dad" and letters "GP" or "SP" on left forearm; tattoo, 8-point star on back of left hand. He wears full upper denture.

Cole has previously been convicted of grand larceny and robbery. He reportedly has stated that he will shoot any police officer attempting to apprehend him. Cole is considered armed and dangerous.

Any person having information which might assist in locating this fugitive is requested to immediately notify the Director of the Federal Bureau of Investigation, United States Department of Justice, Washington 25, D. C., or the Special Agent in Charge of the nearest FBI Division, the telephone number of which appears on the first page of local telephone directories.

Kersey, Ozona postmaster and theatre operator. Another story will be added to the present post-office building, the entire second story to be used as living quarters and apartments.

Notice! Notice hereby given that a meeting will be held in Ozona on Saturday, June 1, for the purpose of organizing a Trap Company among ranchmen ranching along the Pandale - Ozona road. Chas. E. Coates, W. H. Bunger.

S. E. Couch, Crockett county ranchman and capitalist, past his 70th milestone but despite that fact one of the "youngest" and most vigorous town boosters and community builders in the county —

with memories of the seventies but an open mind for the twenties — will soon take to the air. Mr. Couch has ordered a \$12,500 Ryan closed model monoplane for his own use and has employed Embree Hunt as his pilot.

One and a half million pounds of Sutton county long wool was sold Wednesday at 33 cents a pound, according to reports here.

Judgment for the plaintiffs was entered by Judge Sutton Wednesday afternoon in the case of Wm. Cameron Lumber Co., against M. R. Showalter and others for title to interest in a hotel building at El Masho, Crockett county oil town.

Mrs. J. A. Marley of Hastings, Okla., was here last week visiting her father, J. S. Pierce, Sr. She

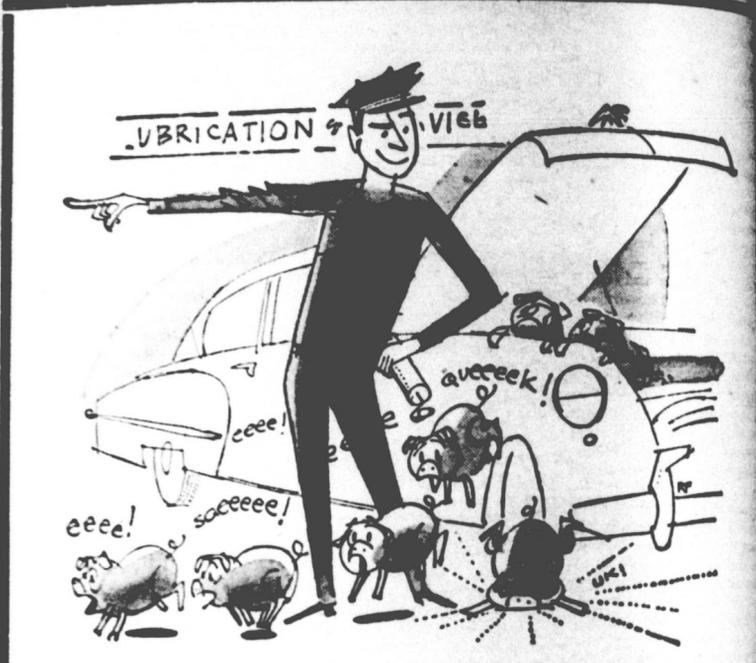

was accompanied by her daughter, Misses Nora Alice and Loretta, and Mrs. Ollie...

Mrs. Elam Dudley, former resident, now living in Fort Worth, is visiting relatives in Ozona.

One of the most beautiful days of the year. Wildflowers are in bloom, grass is green, and the sun is shining for the summer. Even though it is a month away, May 1 is a month to look forward to. It is a day of celebration, a day of flower-decked parades, a day of a time that was so special, a goddess of the flowers.

Also observed many beautiful customs. May Day is celebrated in the village where the pole is decorated with the flowers. A May Queen is chosen, and this was what the girl wished for as she was the prettiest dress early in the morning of May 1. It was for the queen and her court to dance around the country. May Day means a day of enjoying the flow-ers, pick wildflowers and baskets of them on the of their loved one's meaning and spell are you are seen, so it is best to bell and hurry away.

"SENIORS"

Allean Young

As we are looking at the past, Clayton Friend, and Jim Burton are of conversation. Friend, better known as Clayton, was born in San Angelo, Texas, in 1940. He moved to Ozona when he was in the 10th grade. The last six years of his life have been attended in Ozona. He likes sports, and yes, roping is his favorite. After walking the aisle and getting his diploma plans to attend a major in agriculture. Clayton is in O. H. S. for Clayton. He played football for three years, was student representative one year, club 3 years, wool judging 2 years, grass judging one year, livestock judging one year, roping one year, F. F. A. conducting team one year. Vice-President of F. F. A. As you can see, Clayton is a busy boy. The son of Mr. Clayton and Mrs. Clayton is a tall, thin, brown-eyed, brown-haired young man. He likes steak and strawberries, and whipped cream are his favorites in food. Clayton is known in the halls as a likable,

friendly person.

Our next Senior is 6 feet 1 inch tall, has brown hair, and green eyes. He plans to attend New Mexico State and major in range management and animal husbandry, when next fall comes. He says that he can't get along without sports! He has no favorite, but says they change with the seasons. At the present baseball is the one.

Football, basketball, tennis, track, baseball, Senior play, band, choral club, speological club, National Honor Society and F. F. A. judging teams are the many activities in which he participates in O. H. S. Steak, beans, and tortillas are favorite foods with this Senior — caramel pudding finishes his meal.

As you have probably guessed by now, our busy, well-known Senior is Mark White, son of Mr. and Mrs. Ted White of Ozona. He was born in San Angelo, December 15, 1939. Mark lived at the ranch until he was six and then moved in to attend school.

A member of the band, science club, swing band, National Honor Society, a part in the Junior play his Junior year and a member of the Senior play cast this year, and having played basketball and run track, Jon Burton was born in Farmington New Mexico, November 20, 1941. He moved to Ozona in 1949 and has attended the last nine years of school in Ozona. John is 6 feet 1 inch tall, has brown hair, and brown eyes and is the son of Mr. and Mrs. A. F. Burton of Ozona.

Baseball is his choice of sports but, he likes them all.

When September comes around, Jon thinks he is going to Rice and major in mathematics or physics. We know you'll make it, Jon. A little bird tells us that your grades are some of the best.

Food — fish or steak for Jon and to finish the meal he'll have chocolate pie.

As you noticed, Jon is quite busy but manages to keep very good grades. Good luck to all three Senior boys next year!

I'll be seeing you with more Seniors next week.

COMIN' AND GOIN'

By Alma Ingham

Genelle Childress enjoyed the Fiesta in San Antonio this past weekend. She left Friday with her family and returned Sunday. From all reports it was very gay!

Diane and Gwynel left Friday after school for Abilene. Saturday they met the band at McMurry for the Contest in which our band won the "sweepstakes". Congratulations band, and Mr. Smith!

Carl Conklin was home from college this weekend. He brought four of his buddies home with him. They went to Carl's ranch hunting javelinas. Some more college kids home from school this weekend were: Sarah Hicks, Carol Friend, Apn Baggett, and Erby Chandler.

Bill Black, Joe Clayton, Erby Chandler, and B. B. Ingham had dates in Big Lake Saturday night.

Those four seemed to have had loads of fun there.

The cheerleading election is drawing nearer. It will be held the seventh of May. The following girls are coming out for cheerleader:

Frances Childress, Diane Phillips, Camille Adams, June Bungee, Susie Chandler, Barbara Barbee, Sandy Ratliff, Judy Black, Pam Perner, Janet North, Dee Woodall, Glenda Friend and Becky Cullins. The Student Council is in charge of the election May 7th.

Let's dedicate next week as "Be Kind to Seniors" week. After all we'll be leaving you Wednesday, May 7th at 4:00 for Corpus Christi. We know that each one of you under-classesmen will miss us. Have fun in your school work and will think of you when we're deep sea-fishing and having parties on the beach.

F. F. A.

Our F. F. A. teams went to Texas Tech last Saturday. The livestock team, Jim Williams, Kenneth Deland, and Pierce Miller, won second place and will go to state May

third. Bob Cooke, Lealie Deland, and Muggins Good, who are the gras team, won fourth and the wool team, Wayne Albers, Deeney Holden, and Buddy Ingham, won fifth place.

JUNIOR PLAY

Last Monday and Tuesday the Junior class presented its play, "You Can't Beat the Drums". Every one seemed to enjoy it very much. There was a good crowd both nights and they sold a lot of concessions so the seniors can rest easy. They're sure to have chicken instead of hot dogs at the banquet.

Alpha Drumm, played by Marilee Dale did a very good job as the mother and Mill Tandy did equally well as Hum Drumm, the father. The children were Primera Drum, played by Alleane Young, was the oldest daughter and had some very funny lines if you were intelligent enough to translate them. Dizzy the second daughter, played by Diane Phillips, was a fanatic on Elvis Presley (no relation to our Elvis) and vowed to play his record one million times. This tend-

ed to drive Elmer the Eel, alias Bobby Sutton, nearly out of his mind. He was quickly put out of his misery however, by Ferric and Hercules O'brian, played by Johnny Cooper and Jerry Jacobs, the Dick Trancys of our fair city. They really must have been rough on poor Elmer because he looked kind of beat up as the herded him on stage. Of course a cinder track in Odessa might have had something to do with it. In the midst of all this confusion there was Dirty, the son, played by Billy Bob Holden who ran around doing imitations of worms and washing machines, and Lorna Long, played by Molly Sue Richardson, the wife of a convict who was completely dumb-founded by the activities of the Drumm family. Another lively character on stage was Prissy Drumm, Hum's mother played by Tommie Spurgers, who was forever working on her ladder of love-lyness. She couldn't find a use for it in the play but maybe the spelunkers could find a ledge to hang it off of.

CHEERLEADING ELECTIONS

By Gwynel Walker

The coming cheerleader elections to be held Wednesday, May 7, in assembly, are of great interest to everyone. The thirteen candidates, met with a committee from the student council, who is in charge of this election, to be divided into three groups with three girls in them, and one group with four in it. After drawing from the hat, the group are as follows: Group one — Susie Chandler, Becky Cullins, Janet North.

Group two — Camille Adams, June Bunger, Pam Perner.

Group three — Frances Childress, Diane Phillips, Judy Black.

Group four — Sandra Ratliff, Barbara Barbee, Glenda Friend, Dee Woodall.

Each group will do two yells a piece, one of which has been selected by the student council, but the motions can be any way they desire.

After all groups are through, they will do the yell "Whistle! Boom!" together.

With the school year coming to a close, I would like to say, in behalf of the 1957-58 cheerleaders, thanks to everyone who has helped the cheerleaders in any way this past year. We feel as though we had a successful year, but not without the wonderful spirit of the student body, cheering the Lions on to victory.

In this coming election I sincerely hope, that everyone will pay great interest in the try-outs and vote for the ones, who will work hardest for the student body as a whole. Don't just vote on the ones who are your friends, but the ones who will do the best job for you.

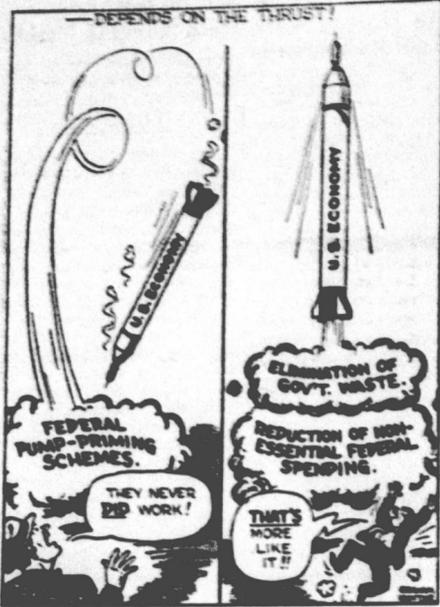

MOUSE NEWS

By Pee Wee Mouse

Well, today is a sad day. Ever place I go, I see someone hanging flowers on someone else's door. Guess everyone's got something. I don't understand people. Here it is the first day of May, and everyone's goota' be sad. The only dumb thing about all of this is that when a person puts flowers on a door, they ring the door bell and run — that sure sounds mean to me. Those poor sad people have enough trouble without some pest runnin' around and teasin' 'em. If you ask me, I think that the reason people are putting flowers on doors is because school is killin' everyone and that's bad, because it's nearly out!

BEHIND THE BANDSTAND

By Sally Baggett

Saturday the band went to Abilene for band contest. Not like the Brady festival, they came home with something besides memories— Sweepstakes. Earlier in the year they went to marching contest and got a first, then Saturday in Abilene, a first in sightreading and a first in concert. Ozona was the only class 'A' band to get a first in concert or a sweepstakes award.

Becky Davidson was our student conductor and she got a first. Becky is to be congratulated for doing such a fine job of directing us and having so much patience with us.

Congratulations, band, for a fine performance!

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford

Texas Press Association

AUSTIN, Texas — It's a comparatively dull season at the State Capitol now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the Capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being decided — elsewhere. Next year's legislators are out "talking with the people to see how they feel."

Small Turnover Possible—Prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators — Otis Lock, Seary Bracewell and Carlos Ashley — bowing out of politics. There will be a scramble by House members for those seats.

House of Representatives generally has a large-scale assault on incumbents every election, and about a 30 per cent turnover.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November — after the primaries. For some of the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from homes and businesses a good part of every year.

At Last — Spring has finally sprung in Texas employment, bringing the long-awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since Dec. 20, showed a significant decline in the number of unemployment compensation claims. Drop was from 92,435 to 89,326.

"Make it Painless" — Tax talk towers over the other topics in the build-up for the 1959 legislative session.

Why Work?

West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter-proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problem without enacting new levies. "Proper enforcement," said a labor spokesman, would tax, not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups, generally, have opposed the corporation tax, saying it will hamper Texas' industrial development. Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of 8 to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates

are treading delicately on a subject. One said in his statement that he opposed a sales tax and a state income tax and that "if additional taxes to be levied, let's make it as less as possible."

Wedding Plans Of Miss Fontaine Fowler, Nolen Cope Told At Floydada

Mr. and Mrs. Sam Fowler of Floydada, Texas, announced the engagement and approaching marriage of their daughter, Fontaine, to Nolen Cope, son of Mr. and Mrs. Elmer Cope of Lamesa, when Mrs. Fowler entertained with a tea April 18 between the hours of 3 and 5.

Those receiving with Mrs. Fowler and Fontaine were Mrs. Elmer Cope and Mrs. Leta Noland, mother and grandmother of the prospective groom, of Lamesa; Mrs. Bruce Drake, Mrs. Joe Friend and Mrs. Carl North, grandmother and aunts of the bride-elect, from Ozona; Mrs. W. L. Anderson, paternal grandmother of the bride-elect of Mannsville, Okla.; Mrs. Mac Fowler, aunt of Floydada and Leta Cope of Lamesa, sister of the groom-to-be. Glenda Friend of Ozona was among other members of the house party.

The table was laid with a white Madeira cloth and the center piece was an arrangement of mint green carnations, with satin streamers of mint green and white, bearing the announcement "June 7, Fon and Nolen." The napkins were white with "Fon and Nolen, June 7, 1958," printed in silver letters.

Lime punch was served from a crystal punch bowl, with Mrs. Bill Darden, Mrs. Leonard Matsler, Mrs. Earl Crawford and Mrs. B. P. Sand-fur pouring and serving white angel squares, green mints and nuts. About sixty guests registered.

Parent Education

(Continued from page one)
A need for additional adult education facilities in typing, home economics, arts and crafts was cited here, the committee indicating, however, that it found the school board and administration willing to offer such courses if interest is sufficient.

Courses offered, facilities and materials available and utilization of time and materials were found adequate in the system, the committee reported.

In answer to the question, "What suggestions do you have for improvements, both State and local level, to provide adequate administrative, teaching and special service personnel?" the committee wrote, "Increase the salary scale of the teaching profession will improve the personnel problem in administrative and teaching."

In the field of teacher supply, the committee report was made by Mrs. Martin Harvick and Frank Jones. The committee found no immediate teacher supply problem and projected the local need for the next five years as follows: Six teachers to meet larger school enrollment, 20 more to replace teachers expected to leave the profession, and none to meet contemplated program expansions.

The committee found the rate of turn-over in the local faculty as normal, reporting that in the past two school terms, the system had replaced 14 teachers, 3 men and 11 women. Of these, 5 women quit for personal or family reasons, and 3 men and 6 women accepted employment in other schools. Salaries were found the most important factor in successful teacher recruitment.

The committee on buildings and finance was headed by County Judge Houston Smith but in his absence, the report was made by Quebe Alford. This committee found the local building needs met for the foreseeable future and found finances adequate.
