Crockett 4-H Top Contest Held Here Range Judging

Bank Trophy Won 1st Time By Local Team Third Annual

Crockett County 4-H Club won the Third Annual Crockett County Junior 4-H & FFA Judging Contest held on the Baggett Ranch Tuesday afternoon. Team members were P. Childress, high individual of the contest, Pierce Miller, Frank Childress and Bob Childress. The team won the Ozona National Bank trophy for the first time. Eldorado and Sutton County 4-H won the trophy the first two times it was given. P. Childress, director of the bank made the presentation to the team coach, County Agent Pete Jacoby.

The contest, sponsored by the Crockett County Soil Conservation District and Supervisors, concluded with a barbecue supper and the presentation of awards at the De River Feed Company warehouse. Charlie Davidson, chairman of the board, Bob Scott and Dick Hum, local SCS Conservation County Agent Pete Jacoby and National Agriculture Teacher M. Barber directed the contest, assisted by local 4-H club leaders and supporters.

Winners, rosettes, and ribbons were presented to winning teams in the Crockett County Soil Conservation Board of Supervisors. Al Harrell, board secretary and treasurer, made the presentations. Eighteen area 4-H and FFA teams competed in the contest. Names and individuals of each team and of individuals of each team are as follows:

Senior high teams, 16 years and older: 1. Ozona FFA; 2. Sutton County 4-H; 3. Eldorado FFA; Crockett County 4-H; 5. Iraan

OHS Athletes Stow Spikes and Cleats, Look Back Over Highly Successful Season, But Forward To Hard Work To Build Up Winners

By Ernie Boyd

The last pair of spiked track shoes, along with the iron and brass spurs were stored for another season last week as the athletic year closed on a note of success.

Ozona won eight, lost two and tied one in football and in the process of the football season won the district title, placing five men on the all-district team.

In basketball, the Lions failed to win the district title for the first time in seven years, but did manage to win fifteen of twenty-four games and won their own tourney for the first time in ten years. One Lion made the all-district first team and two made the second team.

In track, the Lions lost the district title by a bare quarter of a point but sent six men to the state meet for the first time in the history of the school, placing fifth in the B division, and defeating Junction at last.

Prospects for the next season are bright, but problems of more than a little importance do exist and it will take some good coaching and some unexpected help to make a winner in any of the fields of competition next season.

Lost due to graduation from this year's football champions are such stellar players as Jake Young, Mark White, Stanley Williams, Rod Franklin, Ronnie Paulk, Jesus Ramos and Clayton Friend and in addition at least two other regulars from the team may not be able to take the field next season.

On the brighter side such players as Bobby Sutton, Jerry Jacobs, Kenneth and Leslie Deland, Billy Bob Holden, David Sikes, Johnny Cooper, Dizzy Reeves, Don Powers, Jim Williams, Dickie Flannigan, Bob Meinecke, Johnny Jones, Adolf Rivera, Robert Rodriguez, Ronnie Beal, Joe McMullan and Buddy Ingham all will be back plus

Col. Dittman To Deliver Address To OHS Graduates

Prof. of Air Science At A&M To Speak At Commencement

Col. Henry Dittman, professor of Air Science at A&M College, Air Force combat veteran of World War II, former commander of Air Force operations bases in Hawaii, the Philippines and Greenland and in the U. S., will deliver the commencement address to graduates of Ozona High School at the commencement exercises Thursday evening, May 22.

The commencement exercises will be held in the High School auditorium starting at 8 p. m.

The processional march will be played by Alleane Young and the invocation will be by Wanda McCaleb. The salutatory address will be by Stanley Williams and the valedictory address by Mary Jo Ward.

Gwynel Walker will play a trumpet solo, "My Regards" by Llewellyn, and Mark White will play a trombone solo, "In a Monastery Garden." Ketelby Honor awards will be presented by Principal P. O. Hatley and the class will be presented for graduation by Supt. L. B. T. Sikes. Diplomas will be presented by School Board President O. Q. Alford. The benediction will be by Jake Young, Jr., and the recessional march by Alleane Young.

The 1958 graduating class includes Bill Black, James Burton, Jonathan Burton, Joe Clayton Melchor Cardenas, Genelle Childress, Herminia Delgado, Rodney Franklin, Clayton Friend, Larry George, Alma Ingham, Delma Martinez, Carolyn Mayfield, Dartha Dee Melton, Wanda McCaleb, Ronnie Paulk, Jesus Ramos, Alicia Rodriguez, Bobby Vargas, Gwynel Walker, Mary Jo Ward, Mark White, Stanley Williams and Jake Young.

Baccalaureate Service To Be Sunday Morning In H. S. Auditorium

Baccalaureate services for the 1958 graduating class of Ozona High School will be held Sunday morning at 11 o'clock in the high school auditorium.

The sermon to the graduates will be preached by Rev. Troy Dale, pastor of the First Baptist church. Rev. Leroy Russell, pastor of the Ozona Methodist Church, whose turn it was to preach the baccalaureate sermon in a rotation system in vogue here, will be unable to be here because of the serious illness of Mrs. Russell in Houston.

Invocation will be by Rev. Dale. The High School Choral Club, directed by Corbett Smith, will sing "Send Out Thy Light," by Gounod and will sing the choral response to the closing prayer by Frank Lilly, minister of the Ozona Church of Christ. The processional and recessional marches will be by Miss Alleane Young.

Heavy Rains Fall In Area To Push Pasture Growth

2 1/2 To 6 Inches Registered In County; So. Half Is Light

Thunderstorm activity boomed in West Texas Tuesday night to bring heavy rains to a wide area of Crockett county and other parts of the ranch country, put draws on the rise and wet down pasture lands that were beginning to burn after bountiful rains earlier in the spring had brought relief from long years of drought.

The thunderstorm nature of the disturbances was evidenced by the wide variation in rainfall amounts registered in Ozona and immediate surrounding territory. Rainfall was unofficially gauged in downtown Ozona at 2.21 while on the west side of Ozona gauges showed 2.8 of moisture. Just north of Ozona on the W. R. Baggett ranch, the fall was measured at 5 1/2 inches and further north about 3 1/2 inches were reported. Ranchers on the western side of the county also measured 5 and 6 inch falls.

The fall was light to the extreme south of Crockett county, ranchers report, from a half inch to less. Heavy rains fell in the Del Rio area, however.

The rain here was accompanied by some small hail, described as pea size, but no damage resulted.

Deep Wildcat Spotted 8 Miles West of Ozona

Argo Oil Corp. of San Antonio will drill the No. 1 Alma Cox, et al, a 9,500-foot wildcat, in Crockett county, 8 miles west of Ozona.

Location, on a 665.9-acre lease, is 330 feet from the south line and 660 feet from the west line of 5-ST-J. H. Gibson, Abst. 2064.

The prospector is eight miles south-southwest of the Vaughn (Ellenburger) field.

Carol Friend Wins Scholastic Improvement Award of UT Sorority

Miss Carol Friend, daughter of Mr. and Mrs. W. E. Friend, Jr., of Ozona and an Ozona High School graduate, was presented with the scholarship improvement award of Alpha Delta Pi sorority at the University of Texas at the sorority's recent awards and recognition banquet for members and alumnae.

Carol was one of six sorority members to receive special recognition, other awards being for scholarship, outstanding athlete, best pludge, best-all-around ADPI, alumnae service and Senior ring award.

The annual banquet was held in the Sun Room of the Stephen F. Austin Hotel last Friday evening. Miss Friend's award was presented by Mrs. W. H. Woods, Jr., her accomplishment the greatest scholastic improvement shown during the present school year.

Pioneer To Buy 14 Miles Pipeline

Don P. Smith, President of Pioneer Gathering System, Inc., Arroyo, Texas, has announced the signing of gas purchase contracts with Magnolia Petroleum Company and Pan American Petroleum Corporation covering the purchase of 14 miles of pipeline in the Clayton Ranch field and Addie Field in Crockett County, approximately 10 miles east of Ozona, Texas.

It is these wells may be tied to its gathering system, Pioneer Gathering has applied to the Federal Power Commission for the construction of 14 miles of 4 1/2-inch pipeline and a dehydration plant. Construction is expected to be completed as soon as a Certificate of Public Convenience and Necessity is granted by the FPC. Pioneer Gathering is a wholly owned subsidiary of Pioneer Natural Gas Company.

Strawn Yields Oil, Water In Indicated World Field Extension

A 1 1/4-mile southeast extension to the World, West (Strawn) field of Crockett County has been indicated with the swabbing of 50 per cent water and 50 per cent oil at F. W. Holbrook of Midland No. 1 Shannon, in 38-BB-TCRR, 16 miles southwest of Big Lake.

Recovery was through Strawn perforations between 8,117-21 feet and 8,125-31 feet at the rate of 10 barrels of fluid per hour.

The project was shut in, waiting on orders.

Shallow Wildcat Set On L. B. Cox Ranch

Don McKeehan of Ozona will drill a 1,300-foot cable tool wildcat in Crockett County, 17 miles southwest of Ozona. It will be drilled as the No. 1-A Cox.

Location, on an 85-acre lease, is 1,450 feet from the south line and 2,250 feet from the west line of the northwest quarter of 39-ST-T&SIL.

Homer Good's Hounds Win Honors At Rising Star Bench Show Sat.

Six dogs belonging to Homer Good of Ozona and shown by son, Muggins, and Dickie Flanagan, won three first places, two second places, two third places and one fourth in the annual Star Fox Hunters Assn. bench show in Rising Star, Texas, last Saturday.

Good's Miss D won the "Best Opposite Sex," a designation equivalent to reserve champion, the best opposite sex to the grand champion, a male this year. Miss D won first in the all-age female class and Good's Miss Lear and Red Head won first in the best pair showing.

The Ozona hounds won second and third places for the best pack, the second place going to Miss Lear, Red Head and Cisco Girl, and third place to Young Junior and Old Junior. Miss Lear won second in the Derby Female and Cisco Girl won fourth in the 6 to 12 months old female puppy class.

About 200 dogs were in the show. Besides the ribbons and rosettes, Good won a quantity of dog food given as prizes.

Jimmy Williams Named President FFA Chapter

At a recent meeting of the Ozona FFA Chapter Jimmy Williams was named president for the coming school year.

Other officers elected were Kenneth Deland, vice president; Ken Miller, Wayne Allen, Weldon Day, John Gilliam, Muggins Good, L. C. Poindexter, Wayne Albers, Bobby Childress, Pleas Childress, Jimmie Moran, Deeney Holden, Reid Holmsley, Louis Mock, Herbie Neelke and Jimmy Sutton.

Washouts Delay Dam Construction; Bridge Work Is Also Slowed

At least two contracting firms working in this county didn't join in the general smiles touched off by the fine rains of the week.

One was the Hunter Strain Construction Co., now at work on construction of a flood retention dam on Newton draw at Site No. 6 in the Johnson Draw watershed control program, just north of Ozona and south of the Big Lake cutoff highway.

Construction on the dam had proceeded to completion of the compacted core for the dam, a start on the fill of the main draw bed area and cutting the ditch for the draw-down tube. The heavy rains, registering over five inches on the Baggett ranch, brought a heavy flow on both main Johnson and the Newton tributary. Result, all the fill that had been made in the main draw channel was washed away, a built-up roadway destroyed and the pipe ditch damaged.

Lesser damage but some delay in work was caused the R. T. Farr Construction Co. of Temple, contractors on the highway bridge on U. S. 290 over Johnson draw. Most of the pier columns had been poured and undamaged. Forms had been set for three more of the columns and were slewed out of place by force of the water and had to be reset.

The State Highway Department was presented with a major problem, too, as a result of the rise in Johnson draw. Traffic was held up from around 3 a. m. to nearly noon, some of it to late afternoon, by high water flowing over the crossing north of the bridge site.

When the water fell somewhat, Scottie Houston, the efficient Highway maintenance superintendent here, called in crews from surrounding districts and working against the handicap of the fast running water, had installed flumes and mounded up a dry crossing by midnight.

Alford Chosen Head New School Board At Organizational Meeting

Quebe Alford, hold-over member of the Crockett Consolidated Common School District board of trustees, was elected president of the new board at its first meeting for new members of the board named in the April election.

Bill Carson, another hold-over member, was named vice president, and Byron Stuart, re-elected to the board, was chosen secretary. Other members of the new board are Glenn Sutton, hold-over member, and new members, J. B. Miller, M. A. Lemmons and James Childress.

Mary Jo Ward, Stanley Williams Are Top Students

Miss Mary Jo Ward, daughter of Mr. and Mrs. R. C. Ward, with a scholastic average of 94.79 for her four years of high school work, won valedictory honors in the 1958 Ozona High School graduating class a report of the faculty committee revealed this week.

In second place and salutatorian is Stanley Williams, son of Mr. and Mrs. Ben Williams. His average was 94.23 for the four years.

The 1958 graduating class boasts a total of nine students with grade average above 90 for the four-year high school period. These students and their averages, besides the two top honor students, include Wanda McCaleb with an average of 94.03; Jake Young, 93.51; Jonathan Burton, 93.40; Jim Burton, 93.30; Gwynel Walker, 92.36; Mark White, 92.11, and Genelle Childress, 90.02.

Commission Examines Property Renditions; To Meet Again May 22

Crockett County Commissioners Court met as a board of equalization Monday and examined livestock renditions for the current tax year. Notices were being prepared to those ranchmen whose renditions will require substantiation.

The board will meet again on May 22 at which time land values and city property values will be scrutinized.

Sinclair Strike In Crockett Is Depleted

Sinclair Oil & Gas Co. No. 1 Sue Noelke Houser, opener and lone producer in the Wilbanks (Clearfork) field, 16 miles south of Rankin, has become depleted.

It was finalized March 30 for a daily pumping potential of 14.88 barrels of 32.3 gravity oil, no water, through perforations between 6,381-391 ft. Gas-oil ratio, 1.240-1.

Location is 750.8 feet from the north line and 660 feet from the west line of the east one-half of the southwest quarter of 5-G-TWNG.

Operator tested through Ellenburger perforations between 11,604-614 feet, but failed to develop production.

SILLY, BUT UNFUNNY!

The needs of the Defense Department and the existence of a recession are being used as excuses not to keep Federal spending down.

But nothing can excuse such silliness as exists in the Budget in this example:

The Government plans to spend \$756 million to remove land from cultivation, through the "soil bank" program. The same government also plans to spend \$216 million for irrigation to put more land into production. And it plans to spend almost \$2 1/2 billion dollars to remove surplus crops from the market!

Americans should let their Congressmen know they don't want their money to be wasted like this — or in any other way.

FORD SUNLINER... America's glamorous, best-selling soft top

FORD SKYLINER... World's only retractable hardtop

Why people who love CONVERTIBLES buy FORD

Only Ford lets you choose from a steel-top convertible or a fabric-top beauty. Who else but Ford... world's largest convertible maker... could offer you two different kinds of convertibles. There's the fabric-top Ford Sunliner and the steel-top Ford Skyliner. They're both styled and powered in the Thunderbird tradition.

Nowhere else can you find so much convertible for so little money. Take the Ford Sunliner for example. A comparison of manufacturers' suggested retail delivered

prices shows it's America's lowest-priced convertible. As for the Skyliner, it's the world's only 2-in-1 line car... a snug steel-top and a breezy convertible. Just touch a button. The all-steel top vanishes into the rear deck... and you're sitting pretty in the smartest convertible ever.

So if you're the one-worshipping type, better see your Ford Dealer and get all the reasons why Ford outclass its nearest competitor in convertibles by a whopping 2-to-1 margin!

Junior GA's Stage Banquet For Mothers

The Junior Girls' Auxiliary of First Baptist Church were hostesses at a banquet given in honor of their mothers on Tuesday night, May 13.

As they arrived, the mothers were presented with corsages. Mrs. Buster Loudamy, W. M. U. president, led the invocation, after which the welcome was given by Mrs. George Glynn, G. A. Director.

After a delicious meal was served to members and guests, Mrs. Troy Dale introduced Rev. C. W. McCullough, missionary on leave from Columbia and San Andres Island. Rev. McCullough told of some very interesting experiences and spoke of his large family, which includes adopted children of other races.

A Maytime theme was used in decorating the Fellowship Hall. The tables were lovely with tiny baskets of roses, and candles inside hurricane lamps.

The girls would like to thank everyone who had a part in making this banquet such an outstanding event for them.

GIRL SCOUT TROOP 1

Girl Scout Troop 1 met at the home of Mrs. Bruce Mayfield last week to identify flowers and trees. This week's meeting will be the last until the opening of school in September. The girls will receive their second class badges. Girls present were Vicki Applewhite, Diana Couch, Carmen Childress, Mary Frances Goolsby, Sharon German, Carol Harrison, Linda Huff, Ann Long, Linda Leath, Janis Paulk, Cheryl Lyles, Anne Ruth Wallace, Janis Walker, Linda Miller and leaders Mrs. Mayfield and Mrs. Billy Mills.

Ozono Music Club Observes Music Week With Student Recital

Ozono Music Club celebrated National Music Week by presenting a recital featuring two students from the classes of each music teacher in Ozona. The recital was held Thursday night at 8 p. m. in the high school auditorium.

A good crowd attended the recital in spite of the electrical storm of the early evening. The program was completed before the failure of electric power.

Each student was presented a yellow rose by little Karen Cody, daughter of Mr. and Mrs. Ken Cody. Following the program, punch and cookies were served in the foyer by Mrs. D. B. Pettit, Mrs. Ken Cody, Mrs. J. W. Howell and Mrs. Ottist Pridemore.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, May 16, 1929

High school days will soon be over for eight more Ozona youngsters next Friday night when commencement exercises for the 1929 graduating class will be held at the new Ozona Baptist Church. Dr. Rupert N. Richardson, head of the history department at Simmons University, will deliver the commencement address. Members of the 1929 graduating class are P. C. Coates, Jr., Mildred Davis, Rachel Graham, Chas. E. Grimmer, Alma Johnigan, Arthur Kyle, Mildred Miller and J. B. Miller.

The engagement and approaching marriage of Miss Lulu Mae Evans and Royce Smith was announced at a forty-two party given Tuesday evening by Mr. and Mrs. Ira Carson at the W. E. West home. Date for the wedding is June 12.

At their last meeting of the club year, the Ozona Woman's Club elected Mrs. Frank Friend to honorary membership. There are two other honorary members of the club, Mrs. Kate Baggett and Mrs. J. B. Smith.

Miss Lucille Ingham, daughter of Mr. and Mrs. B. B. Ingham of Ozona, will receive her B. A. degree from Texas Christian University in June.

The Producers Wool & Mohair Co. of Del Rio today announced the sale of a million pounds of wool at 32 1/2 cents a pound, the first sale of spring wool in Texas this year.

Last Friday evening, a number of friends were invited to the home of Mr. and Ms. L. B. Proffit on the 0-9 ranch to witness the wedding of Mrs. Mae Petty of Barnhart and Bill Chapman of Ozona. The ceremony was performed by L. Q. Sparks of Barnhart.

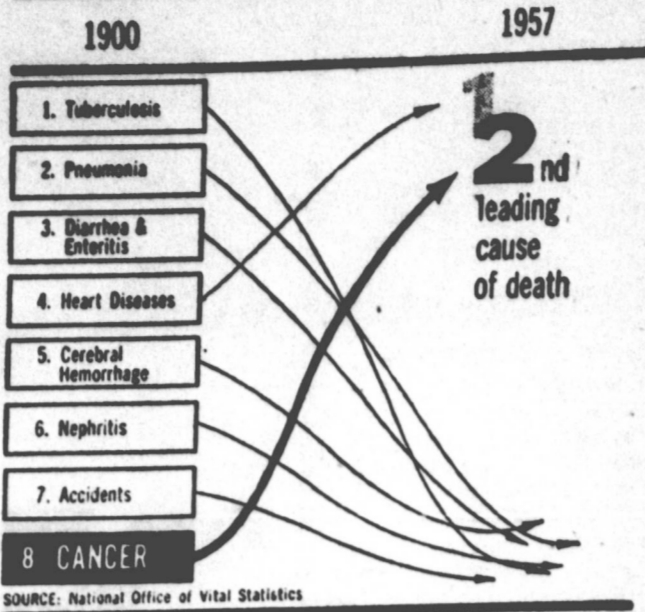

Popular subscriptions amounting to \$286 had been collected by a committee from the Lions Club Monday toward purchase of the electric sign to be erected in the downtown section, carrying the name of Ozona and its slogan, "Biggest Little Town in the World."

Total county and school taxes for 1929 amounting to more than \$72,000 have been collected to date. W. S. Willis, sheriff and tax collector, reported to the Commissioners Court this week. School taxes amounted to \$34,215.36 and county taxes \$37,815.56.

Lieut. Harvey F. Dyer, flight instructor at Brooks Field in San Antonio and Student Flier Fred Holcomb landed here Saturday in a 450-horsepower DH Army plane and spent the week-end as guest of Mr. and Mrs. Collins Coates. They were honored at a dinner party at the Hotel Ozona Saturday night by Miss Louise Coates. They made the trip from San Antonio, part of the student flyer's cross-county training, in one hour and forty minutes.

ing water for Red Barn, Yates field town in Pecos county. The town's own water wells began flowing oil, creating another unusual situation in the Yates field that has been so unusual from many angles. However, the Pecos river itself is flowing oil, oil rising from the bed of the river and from the banks to the top of the current.

17,000 Sheep & Lambs Steady in Monday Trade

FORT WORTH — Trade on sheep and lambs was rather slow getting underway at Fort Worth Monday. Shippers were out early and took a part of the supply at fully steady prices, and by midmorning all interests were active and prices were generally steady on the big supply.

Buyers were rather critical of the quality of much of the offering and a good sized number of the old crops in particular were medium and low grades and displayed heavy water-fills due to the warm weather. Milk fat lambs topped at \$22.50, and old crop fat lambs topped at \$18, all interests meeting these requirements to get choice lots.

Good and choice slaughter Spring lambs sold from \$21 to \$22.50, and cull to medium Springers sold from \$16 to \$21. Stocker and feeder Spring lambs cashed at \$18 to \$20. Good and choice shorn old crop lambs cashed at \$17 to \$18, and cull to medium old crop sold from \$12 to \$16. Excessively heavy old crop ranged from \$16.50 downward.

Stocker yearling wethers sold from \$16.50 down. Yearling ewes sold around \$19. Two-year-old muttons sold from \$15 down, and aged wethers cashed at \$13.50 down. Old bucks sold around \$6 to \$6.50. Slaughter ewes cashed at \$7 to \$8.50. A few slaughter goats sold for \$7.

Cattle and Calves are Uneven, Grasses Weak
Cattle trade was again a hit

or miss affair at Fort Worth Monday with fully steady prices in effect on grainfed heaves, canners and cutters, bulls and high grade stockers. Weakness prevailed on fat cows, slaughter calves and grassy yearlings and heifers and prices ranged from weak to 50 cents lower on these kinds.

Good and choice slaughter steers and yearlings cashed at \$25 to \$28.75. Common and medium kinds sold from \$16 to \$24.

Fat cows cleared at \$18 to \$21, a few heiferish kinds to \$22. Canners and cutters cashed at \$12 to \$18. Bulls drew \$17 to \$22.

Good and choice slaughter calves sold from \$24 to \$28, and common and medium offerings sold from \$17 to \$24. Culls drew \$14 to \$17. Good and choice stocker calves sold from \$26 to \$32.75, and heifer calves ranged from \$31 downward. Stocker steer yearlings of lighter weights sold at \$28 downward, and some heavier weights sold from \$27 downward. Stocker cows cashed at \$17 to \$21.

Here's why Plymouth, America's favorite family wagon, is
TODAY'S BEST BUY-TOMORROW'S BEST TRADE

You get more wagon for your money today...more money for your wagon tomorrow!

Any way you look at it, you can't find a better wagon buy than Plymouth! So big—it carries more, does more, provides more room for family fun. So beautiful—just look at those long, years-ahead lines. So economical—Plymouth is priced right in the low-price "3", yet you can't buy a bigger wagon at any price. And further proof: Plymouth beat every car in the low-price class in the 1958 Mobilgas Economy Run; Plymouth's second consecutive victory!

Get the biggest wagonload of value at a price far lower than you would expect. See your Plymouth dealer today.

FIVE BIG REASONS WHY YOUR NEXT WAGON SHOULD BE A PLYMOUTH

1. Biggest of the low-price "3". Big as wagons costing thousands of dollars more. You can't buy a bigger wagon at any price!
2. Holds so much more than the "other two". Over 7 cu. ft. extra passenger and cargo space. Optional "secret" luggage compartment available in 6-passenger models.
3. Rear-facing 3rd seat. Folds flush into floor. You don't store it outside when it's not in use. Easy to enter, has convenient back step.
4. Disappearing rear window. Roll down into the one-piece tailgate. Doesn't just out. Only on Plymouth wagons in the low-price "3".
5. Torsion-Axle Ride at no extra cost. Only Plymouth has it in the low-price "3". No sideways on turns...no nose-dive on stops.

They don't come any bigger than *Plymouth* station wagons

"JUNIOR-SENIOR BANQUET"

Friday night, May 16, 1958, at 7:30 p. m. the Junior class will give their annual banquet honoring the Seniors. After the banquet, there will be a dance for all the high school; however, only Juniors and Seniors are invited to the banquet.

From all we hear it is going to be a very beautiful affair. We want everyone to come and have a good time. A word to the boys — please bring a date. I know the girls would love to come, and I am sure none of them will come without a date. See you Friday night at the North Elementary Auditorium.

MOUSE'S PROPHECIES

By Sue Chandler

The other day, while I was trompin' through the bottom drawer of Mr. Sikes files, I found a lot of incriminating information about the Seniors of '58. Let's just turn the date up about ten years and have a peep.

Genelle Childress, rather, "Nellie Belle" is in Kansas City designing hats, and as pastime, she's raising "little brown sugar ants." Our "blood brothers," Bomba and Bill, are living in a big mansion on the river, and when it's too cold to fish, they run out to Hollywood, where Bomba stars as Tarzen and Bill as Roy Roger's right hand man.

Alma Ingham, Ozona High School's faithful sign painter, is now painting signs for all of the big political campaigns. Oh, yes, to all of you that need some signs painted, Alma's headquarters is in Barnhart, Texas.

Ronnie Paulk, one of the good ole' Lions, is training elephants over in Africa — he always did have a way with animals, especially mouses. We got along pretty well.

Remember Carolyn Mayfield — uh, I mean, you couldn't forget Carolyn Mayfield! Yes, she's working with the Louisiana Hay-

ride pantomiming, singing, and, well, she's their "Jayne Mansfield."

Out of the Class of '58, we came up with a few teachers, such as, Dartha Melton, who is in Alaska. Yes, she always did think Texas was a little warm. Anyway, she's teachin' her favorite subject — study hall! I don't know what "Raiders" are, but anyhow, the file said she was runnin' herd on a bunch of them.

Oh, Clayto Friend you know, the cowboy, well, he worshipped his old English teacher, Tex Harlan so much, that he's following right in his footsteps — so you guess where he is!

Wanda McCaleb is styling dresses for the Brussels Fair and drivin' a jeep for a Searcher's Club. (You know, one of those bunches of girls searchin' for boys) Rodney Franklin is in Kentucky.

What doing? Well, he's riding a sulky and in spare time, the files didn't say, but I'll bet Rodney makes use of it!

We've run upon another teacher Jon Burton. Yes, Jon is down Juno way teaching his pick subjects — math.

Alicia Rodriguez is in San Antonio and from what I understand she's flying an airplane for the Air Force.

Guess what I've found now, ole' Gwynel Walker. She's somewhere playing with Elvis's band — Presley, not Cleere. She didn't have a choice!

Bobby Vargas is on television. Yeah, he always did like Mickey Mouse, and that's why he's the star of that show.

Minnie Delgado is out at A&M and it says here that the reason she's out there is because she's doin' research on Algebra II, trying to find out if Coach Pelto made all of the stuff up.

Jim Burton made big times — I mean the New York Times. He's in New York City writing sports articles.

We lost one of the girl to Sonora. Yep, it's to be said that Delma Martinez is in Sonora making jermseys for a bunch of Broncos!

Stan Williams, remember that boy? Well, he's in Montana on a horse ranch — yes, he's a horse doctor, but in his spare time, he writes Children's story books. (Just like he always wanted to do).

Jesus Ramos is, well, he's over in South America hunting wild spiders.

The last time Mary Jo Ward was heard of, she was trying to reach old Mexico by canoe. She started out on Devil's River and I don't think she's gotten there yet, 'cause there was a band waiting for her and as far as I know, there still is. Melchior Cardenas is flying rockets to the moon. Yes, Melchior thinks the place is over-loaded with blonds.

Jake Young is in England driving a race car. They say he's the fastest thing on wheels.

Larry George, a chemist in Austin, is trying his best to invent a pill to make you grow taller. Mark White, last but not least,

is working in an experiment station trying to make a car run on Tequila — for emergencies, you know.

Welp! I guess that they're all in check, anyway you know where all of the Seniors are gonna be — at least none of them are in Alcatraz!

Vast Research Attack to Probe Theory That Viruses May Cause Human Cancer

Minute particles so small that the most powerful microscope can scarcely reveal them may hold the secret of cancer, according to new clues in the greatest research attack ever mounted against a disease.

Scientists are actively interested in viruses as a cause of cancer today. This year larger sums of money than ever before will be spent to probe this theory, according to the American Cancer Society.

The ACS so far this year has awarded 35 grants totalling more than \$1,000,000 for this one aspect of the cancer research problem. This is almost ten per cent of the total the ACS will devote to research this year.

Already some good clues are turning up that may indicate viruses as human cancer causers. For years it has been known that some forms of cancer are caused by viruses in chickens, rabbits and mice.

Mice Play A Part

Now a mid-western scientist has been able to induce leukemia, a form of blood cancer, in mice by injecting a substance filtered out from the brain tissue of persons who died of leukemia. Another investigator has obtained a virus-like substance from a strain of mice which spontaneously develop leukemia and has induced the disease with it in a non-susceptible breed of mice.

Minute particles which resemble a virus have been observed under the electron microscope by eastern scientists. They were obtained from kidney cancer cells of frogs. Further work is expected to determine whether these particles are viruses.

A large part of the research effort is going toward learning how a virus may indeed start cancer. It begins to appear that viruses take over the role of

VIRUS-TESTING—A skilled technician in one of the ACS-supported laboratories prepares a membrane of living human cells which are used for virus studies. Scientists are testing to find out if some viruses can cause growth abnormalities in the cells which could lead to cancer.

chemicals controlling cell growth and if this turns out to be so, there remains the possibility that factors other than viruses also may disrupt this machinery.

Lung Cancer Is Studied

Viruses as a cause of lung cancer in man are being investigated. A west coast scientist is exploring the possibility that repeated respiratory virus infections induced in mice eventually will cause cancer. In humans, it has been observed that lung cancer frequently is first detected after an onslaught of a bronchial infection which cannot be attributed to the usual cold, flu or grippes.

Viruses too may play a dual role—both villain and hero. There

have been classic cases of cancer halted or slowed down when the patient was stricken by a virus-caused disease. Now a mid-west scientist has found that human cancer cells injected into rats will grow but, when mixed with a type of virus, no cancer growth occurs. Transplanted tumors, injected with this same virus, decrease for a time as much as 50 per cent.

Will the cancer problem finally be solved because a specific vaccine is developed to prevent the disease? Or because a chemical will be found that will halt cancer virus growth? No one is yet willing to go this far but the first concerted push to find out is now underway.

MOLECULE MODELS—A scientist who is probing the causes of cancer has fashioned models of basic molecules of nucleic acids which are believed to be the growth controlling substances in living cells. These substances, known as DNA and RNA also occur in viruses which are being studied for their possible role as a cause of cancer.

WMU HEARS MISSIONARY

On Wednesday morning, May 14, the Woman's Missionary Union of First Baptist Church met in the Fellowship Hall at the usual hour for a program presented by Rev. C. W. McCullough. Rev. McCullough and his wife are missionaries on furlough from Columbia and San Andres Island. The women were shown films of San Andres and Jamaica that were both beautiful and informative, with Rev. McCullough telling of the people and the work there. Thirty women were present to meet this missionary, who at the present time is pastor of First Baptist Church in Brady.

Homemaking Department Presents Fifty Models In 'Adventures In Fashions' Annual Style Show; Wanda McCaleb Wins Outstanding Homemaker

The Home Economics Department of Ozona High School, under the direction of Mrs. Janie Hull, presented its annual Spring style show in the High School auditorium last week before an appreciative audience.

This spring's show, titled "Adventures in Fashion," presented some fifty models wearing their own creations and ranging from the height of fashion as presented by the Brussels fair to dresses designed for simple occasions.

Miss Genelle Chidress served as commentator and kept the attention of the audience throughout with her comments on the various dresses and models.

Miss Wanda McCaleb was presented the Minnie Henderson outstanding homemaker award at close of the show in recognition of having been chosen the outstanding homemaking student for the 1957-58 school year. The presentation was made by L. B. T. Sikes, Superintendent of the Ozona Schools.

In addition to modeling their own work, some of the girls presented work done for sisters, mothers and friends' children.

Miss Camile Adams and little Miss Jan Pelto modeled dresses made by Miss Adams. Mrs. Joe Tom Davidson and daughter, Barbara, modeled dresses made by daughter Ann. Little Miss Virginia Leigh Henderson modeled a dress made by her aunt, Helen Henderson, and Miss Peggy Moore modeled a dress made for her by Miss

Wanda McCaleb

Even though no award was presented for the outstanding dresses shown, an all white evening gown made by Miss Ann Davidson and an all white tailored suit made by Miss Minnie Delgado received warm consideration from the audience.

Girls from the first level of Homemaking through the senior year took part in the show and displayed an amazing amount of skill in the art of sewing.

Rutherford, Unopposed Says Thank for Support Of West Texas People

Congress J. T. Rutherford today thanked the people of West Texas for their "cooperation, friendship and help as I carry out my duties as your United States Representative."

"I feel certain," Rutherford said, "that the extreme courtesy I have been shown by people from throughout the 19 counties I represent has enabled me to do a more effective job. I shall not forget that kindness, and pledge to give my continued best efforts to the job of representing our area, our State and our Nation."

Rutherford is unopposed for the Democratic Primary election to be held July 26th this year, and the filing deadline to receive opposition at that time has already passed.

"However," he said, "I shall return to West Texas at the conclu-

sion of the present session of Congress to resume my annual practice of touring the 16th District and talking over problems and issues with the people I represent."

Congressman Rutherford has maintained a 100% voting attendance record during the three and one-half years he has been in Congress, carrying out his original campaign pledge of being on the job in Washington during the Congressional sessions and in his District during the annual recess periods.

A six-year veteran of the Texas Legislature before being elected to Congress in 1954, Congressman Rutherford said the "friendships," good will and cooperation of West Texans have meant a great deal to me, and I again want to say thanks from the bottom of my heart. I am humbly grateful to the people who have chosen me to represent them."

CAP Weiner Round And Meeting At Airport

The Ozona squadron Civil Air Patrol held a winter round and meeting at the Municipal Airport last Tuesday night. This was a joint meeting of the Senior and Cadet Squadrons, and was attended by all attending.

Operation and use of the CAP radio had to be postponed due to static between here and San Angelo, but the various reports of CAP radio communication was explained by Lt. Dick Webber, communications officer. The radio has

now been moved to the home of Lt. Jim Coker for monitoring and communication.

Following the winter round, a regular meeting was held.

A squadron fly-in to Sonora was planned for next Sunday. Take-off is scheduled for shortly after 1:30 p. m. at which time a briefing will be held for all pilots. Any Senior or Cadet members wishing to go on the flight should report to the airport at 1:30 p. m. in uniform.

Report was given by Lt. John Barbee of a U. S. Air Force sports field trip to Tinker Air Force Base at Oklahoma City, Okla.

which he and Vernon Harlan made April 26. They were picked up at Mathis Field in San Angelo by a USAF C-47 and flown via Abilene to Tinker AFB. Because of bad weather the return trip was made on April 28, but still had to be made on instruments. While there, they were conducted on a tour of various base installations, including radar, weather, aircraft warning and the T. V. station. A report was made on the Senior training program by Lt. Gerald Dingus, Training Officer. Lt. Jim Coker, Cadet Commandant, announced a Group 3 Cadet SARCAP to be held

in Brownwood May 31 and June 1. Any Senior or Cadet member wishing to make the trip should contact either Lt. Coker or Lt. Lemmons so that arrangements can be made for transportation.

Cadet members attending the meeting Tuesday night were: Jim Burton, Sandra Ratliff, Buddy Dale, Tommy Forter, Jon Burton and Buddy Anderson. Senior members present were: Pecos Childress, Dick Henderson, Walter Cawyer, Ralph Simon, John Barbee, Jimmy Barbee, Pat Barbee, Bill Carson, Clyde Woodall, Dick Webster, Gene Lilly, Mildred Gordon,

Helen Coker, Jim Dingus, and Maurine O.

Long on looks and load space ...Chevy's new Fleetside!

Here's the new pickup that brings you clean-lined Fleetside styling and increased load capacity ... both in the same model!

From their dual headlights to their projectile-like taillight housings, these new Chevrolet Fleetside pickups are beauties to behold. And—even more important to your business—they're built for more load.

The new Fleetside pickup box—available in 78- or 98-inch lengths—is a full 6 feet wide. This means you have a choice of 59.5 or 75.6 cubic feet of cargo space—larger in either case than that of any comparable pickup model.

Your dealer will also give you the details on the fast-stepping Stepside, America's lowest priced popular pickup.
