Crockett Junior Team Wins State Title In Judging

State Title In Of Eight At Angelo Meet

Crockett County 4-H junior judging team won championship in their state wool and mohair contest held at San Angelo Saturday. The team were David Jacoby, age 12, individual of the judging with a score of 617 by 29 points under the individual of the senior division Baggett, age 12; Bryson, age 11, and Larry, age 9. They competed in eight teams.

The team was presented a beauty by the American Cattle Raisers Assn., of San Angelo. Members received high honors and David a high individual medal, these made possible the A&M College System County 4-H was set with a score of 1659, and Banister 4-H third with a score of 1650.

The junior team placed sixth in the contest. Members were P. L. Jacoby, fourth high individual, and Frank Childress, second high individual. The team won the state title in the state junior team wool and mohair contest two years ago. Crockett County 4-H grass and grain judging teams made a good showing at the state contests held at A&M College last week. The judging team of Pierce and Childress, Bob Childress and Bill Jacoby placed second in the state contest. The judging team of P. L. Jacoby, Johnny Jones, Jay Millard, and Troy Williams placed first in the state contest. Sutton and Childress won the grass contest in Crockett County won the range contest.

Coaching teams are coached by Agent Pete Jacoby.

Numbering System For Ozona Completion

Sponsoring Lions Club Sale Of House Numbers Soon

Numbering system for Ozona residences, unless the last phase of their plan is completed, will be completed by the Ozona Lions Club. The club plans to have a city directory showing addresses of all residents. The club plans a house number canvass to sell numbers to holders at a nominal price. The club will also attempt to reimburse it for the cost incurred in completing the project.

BIBLE CLASS

Members of the Church of Christ Bible Class met Wednesday at the church for a study of "A Lesson in the Dispensations." Present were Mrs. P. T. Williams, Mrs. Glen Williams, George Senna, Mrs. Edna Senna, Mrs. Bud Senna, Mrs. Bill Johnson, and J. W. Owens.

Public Meet On Game Laws For Crockett Co. To Be Held June 30

A public meeting, to which interested persons are invited, will be held at the courthouse in Ozona at 2 p. m. on Monday, June 30, for the purpose of discussing proposed hunting, fishing and trapping regulations for Crockett county for the coming year.

The meeting is sponsored by the Texas Game and Fish Commission under the new regulatory powers law passed two years ago affecting Crockett county. Under this law, the Game and Fish Commission is empowered to draw up game regulations for this particular county after conferring with its people and the Commissioners Court.

The law was in effect last year and the only change made in the game laws for last year in Crockett county was the closed season on quail and lifting the ban on sale of furs from fur-bearing animals, formerly lawful only during a specified trapping season.

Representatives of the Game Commission will be here and will hear suggestions from sportsmen on any proposed changes in regulations. Game Warden John Lockett said. The program as agreed at the meeting must be approved by the Commissioners Court and the Game and Fish Commission.

Dates For Lions Sponsored Junior Rodeo July 25-26

Two-Day Events To Feature Junior-Senior Youth Divisions

The Ozona Lions Club announced this week the official date of their first annual Junior Rodeo in Ozona. July 25th and 26th have been set for the two-day event. The two-day performances will be held at 8:00 p. m. at the Ozona Fair Grounds.

Events to be included in the rodeo are: Bareback riding, senior division; steer riding; calf roping, senior division; calf roping, junior division; ribbon roping; hair pulling, senior division; hair pulling, junior division; girls' barrel racing, senior division; and girls' barrel racing, junior division.

Trophy belt buckles for all events, and a grand trophy belt buckle for the all-around performer will be awarded.

The senior division is for youngsters 15 and over. Contestants must have been eligible for high school Intercollegiate League play during the school year 1957-58 to participate in the rodeo.

The junior division is for 14 year-olds and under.

Prospective rodeo contestants may write Ozona Junior Rodeo, Box 506, Ozona, Texas, for application blanks and all information will be mailed to them. Applications may also be picked up at Ozona Boot and Saddlery. Deadline for entering the rodeo is noon, July 25th.

A parade is being planned for the afternoon of July 25th in downtown Ozona.

Hollie N. Laxson, 55, Died Of Heart Attack; Funeral Here Friday

Funeral services were held at 4 o'clock Friday afternoon from the Ozona Church of Christ for Hollie N. Laxson, 55, longtime Ozona ranch worker, who died of a heart attack at the Arthur Phillips ranch 26 miles south of Ozona Wednesday night of last week. Services were by Frank Lilly, minister, with burial following in Cedar Hill Cemetery under Cody Funeral Home direction.

Mr. Laxson was born in Sonora July 14, 1902. He moved with his family to Ozona in his early childhood and had resided here since.

Survivors include his mother, Mrs. Sallie Laxson of Ozona; one brother, Cecil Laxson of Ozona, and one sister, Mrs. W. W. Kessler of Burkhart.

Half Million Gal. Additional Water Storage Planned

West Hill Tank Will Stabilize Townwide Pressure In Mains

Contract has been awarded the Chicago Bridge and Iron Works of Houston for the erection of a half million gallon water storage tank to be erected on the hill west of Ozona to augment the city supply and to equalize pressures throughout the city.

Contract was awarded the Houston firm by the Crockett County Water Control District board of directors on a bid of \$18,990 for a steel tank to be erected on a concrete foundation prepared by the district in advance of shipment of the steel. Engineer's estimates on a tank of this capacity was approximately \$37,000.

The tank will be erected on a spot of land given by Floyd Henderson just west of the Quebe Alford residence. The spot will give the new tank the exact elevation of the present storage tanks on water works hill, thus equalizing pressures throughout the system, now partly augmented by booster pumps for the sections of the city on higher elevations.

Water supply for the new tank will be from the new well recently completed on the west hill which delivers 275 gallons per minute on the pump. Another well on the westhill with a capacity of around 200 gallons per minute is at present on a stand-by basis.

The new tank, which will be 52 feet in diameter and 32 feet high, will be connected to the system with a 10 inch line and an 8-inch line from the well to tank will supply the storage.

Material for erection of the tank is expected to be delivered in the next six weeks and will be completed within six weeks after material is on the ground. It is to be a welded steel, covered tank, sand blasted and painted.

D. O. Nichols, Conoco Drilling Chief, Dies; Burial Near Bowie

Dean O. Nichols, 40, drilling superintendent for Continental Oil Co. who had made his home in Ozona for a little over a year, died Friday morning in an Ozona hospital after an illness of approximately six months.

Funeral services were held at 3 p. m. Sunday in Vashit Community, near Bowie with burial in Vashit cemetery. Cody Funeral Home of Ozona was in charge of local arrangements.

A native of Bowie, Mr. Nichols had been associated with the Continental Oil Co. for 13 years. He had formerly lived in Texon and Big Lake. He was a member of the Ozona Baptist Church.

Survivors include the widow and three sons, Don, 9, Danny Joe, 7, and Thomas, 6; his mother, Mrs. Pearl Nichols of Bowie; two sisters, Miss Pauline Nichols of Bowie and Mrs. R. M. Jones of Hope, Ark.; and a brother, John Nichols of Bowie.

Wolfcamp Discovery In West Crockett Co.

A Wolfcamp discovery was assured in Crockett County with the pumping of 102 barrels of oil, plus 25 per cent water, in 24 hours at G. E. Kadane & Sons, Wichita Falls, Edwin L. Cox, Dallas and Dan Auld, Kerrville. No. 1 Margaret H. Smith, in 4-HH-L&SV, eight miles northeast of Iraan.

Recovery was through perforations between 6,384-94 feet. The project has been shut in for storage.

Total depth is 7,842 feet with 5 1/2-inch casing cemented at 6,485 feet.

DAUGHTER TO POWERS

Mr. and Mrs. J. W. Powers are parents of a daughter, Barbara Louise, born Friday morning at the Crockett County Hospital. The baby weighed 7 pounds, one ounce.

Celebrate Golden Wedding Anniversary

Mr. and Mrs. W. R. Baggett
... on their 50th anniversary

Mr. and Mrs. Will Baggett Honored On 50th Wedding Anniversary With Open House Tues.

When children of Mr. and Mrs. W. R. Baggett entertained with open house at the Baggett home here Tuesday night to honor the couple on their golden wedding anniversary, more than 150 friends from Ozona and surrounding areas of West Texas and other parts of the state called to extend congratulations and best wishes for many more anniversaries.

Hosts were Mr. and Mrs. Bill Baggett and Mr. and Mrs. Richard Flowers.

Mr. Baggett and the former Miss Lena Perner, daughter of the late Phil Perner, pioneer Ozona merchant, and Mrs. Perner, were married at the old Ozona Methodist Church, now the Childress apartments, on June 17, 1908. The officiating minister was the Rev. R. A. Adair, then pastor of the Methodist Church at Sherwood, later pastor of the Ozona church. Attending the couple were Miss Mary Schauer and J. M. Baggett, brother of the groom.

The couple went to their new home on the Baggett ranch, just completed at the site of the present headquarters two miles north of Ozona. The house built at that time was later sold and replaced with the present ranch home.

Mr. Baggett has retired from active ranch management, turning the land to his children and in late years the pioneer couple make their home in Ozona.

Assisting the hosts as members of the house party were Mrs. Stephen Perner, Mrs. Paul Perner, Mrs. B. B. Ingham, Sr., Mrs. N. W. Graham, Mrs. Arthur Alston, Mrs. Floyd Henderson, Mrs. Early Baggett, Mrs. John Bailey, Mrs. Hiram Brown of Austin, Mrs. Jerry Pace of Austin, Mrs. James Baggett, Mrs. P. C. Perner, Mrs. Max Schneemann, Jr., Mrs. Miller Robison of Marfa, Mrs. Marshall Montgomery, Mrs. George Bunker, Mrs. Max Schneemann, Sr., Mrs. J. M. Baggett.

Re-Entry Try Planned For Gas Completion Of Ellenburger Producer

Willets & Craig, Midland, have filed application to re-enter and plug back for completion attempt from between 7,950-8,086 feet as on Ellenburger gas discovery the firm's No. 1 Melissa Childress Smith, opener of the Buckhorn (Ellenburger) field of Crockett County, 11 miles northeast of Ozona. It will be drilled as the No. 1-16 Melissa Childress Smith.

While being drilled, the project surfaced gas in five minutes and flowed at the daily rate of 113,000 cubic feet daily on a test between 7,965-8,025 feet. It flowed at the daily rate of six million cubic feet and sprayed and recovered distillate on a test between 8,025-8,100 feet; and at the rate of one million cubic feet, headed oil and distillate and unloaded distillate, on a test between 8,100-135 feet. It was completed March 16 for a daily flowing potential of 213.13 barrels of 44.1 gravity oil, no water, through a 1 1/2-inch choke and open hole between 8,130-162 feet.

Location is 1,800 feet from the south and east lines of 16-B-University.

Tropical Storm Backlash Brings Torrential Rains

Falls of Over Ten In. Down Fences, Cause Livestock Losses

The spent fingers of hurricane Alma, which broke up on the Texas coast the past week-end in the same innocent fashion that her sister Alice did in 1954 to usher in the hurricane season a week later in the year, reached out over central and west Texas to dump torrential rains in spots and send rivers and draws on flooding rampages.

Although Alma failed to push the moisture-laden air quite as far west and north as did Alice, mother of Ozona's disastrous flood of June 28, 1954, the Texas hill country and central Texas farther north experienced flooding rains equal to that north of Ozona which sent Johnson draw on its killing rampage in 1954.

And in Crockett county, rains up to ten inches and more in a two-day period might have tested the three flood detention dams already completed on the Johnson watershed had they fallen in the same area as the 1954 rains. As it was, draws in the east, south and southeast sections of the county were running higher than in 1954's flood, according to reports.

The Dempster and Ralph Jones ranches about 15 miles east of Ozona received seven inches of rain in about two hours Monday morning. Flood waters drowned some livestock and tore out fences and roads. Farther to the south, heavy rains and flooded draws drowned some sheep on the Stephen Perner ranch and falls up to ten inches were recorded in the areas south of Ozona.

To the north and west, rains were more moderate, averaging from an inch to two inches and covering most of the county. Ozona received 1.08 inches at the fire station with unofficial recordings of up to 1.6 inches in other parts of the city.

The rains were most welcome to ranchmen of the area, discounting the damaging falls which visited some areas. Good rains of the spring produced a bountiful weed crop and grass was just beginning to get a good start but needed moisture at this time. The rains will speed a grass cover for the drought pastures in this area.

Volunteer Fire Dept. Names New Officers At Annual Meeting

Ozona Volunteer Fire Department named new officers at the annual meeting for election Tuesday night at the fire station.

Joe Tom Davidson was re-elected fire chief; Jim Dudley was named president; Charlie Applewhite, vice president; Claude Montoya and Bud Harrison, assistant chiefs; Bill Cooper, fire marshal; A. O. Fields, secretary-treasurer, and Rev. Morris Bratton, Methodist pastor, chaplain. The new officers take their posts effective July 1.

Johnny Hokit, paid fire station attendant, and Mrs. Hokit served homemade ice cream to the group.

Miss Geneva Knox Is Student At Red Cross Okla. Aquatic School

Miss Geneva Knox, physical education instructor in Junior and Senior High Schools here and coach of the girl volleyball teams, is a student at the National American Red Cross aquatic school now in session at Lake Murray near Ardmore, Okla.

As a student Miss Knox is receiving Red Cross instruction in advanced first aid and first aid instruction.

Classes are held from 8 to 12 a. m. and from 2 to 6 p. m. daily. A night session is held each night, giving information concerning the workings and purposes of the Red Cross.

Miss Knox is spending the summer with her mother in Fort Worth.

TVA'S FREE HAND

A great deal of national notice is being paid to an Internal Revenue Service ruling holding that certain institutional advertising carried on by the taxpayer, business-managed electric utilities of this country cannot be considered a legitimate business expense for income tax purposes. For the most part, this advertising presents the utilities' side of the private-versus-public-power controversy. The great bulk of the comment on the IRS ruling has denounced it as being a serious blow at the right of free speech and free expression. There is still another interesting and significant side to the matter. This year marks the Tennessee Valley Authority's 25th anniversary. TVA has issued a publicity kit consisting of a series of mimeographed releases running to a total of 25,000 words or more. All manner of TVA activities and ideas are thus publicized — agricultural research, flood control, forestry, employ relations, navigation, power production, power rates, and so on. Needless to say, all the material is designed to create the best possible impression of TVA in the mind of the reader.

Now, TVA, of course, does not

deduct the cost of its kit from income tax returns — for the simple reason that TVA pays no income tax. In fact, TVA is a tax-subsidized agency. Therefore, the taxpayers of the whole country, are in effect, ponying up the money that pays for the kit.

So there's the situation. The IRS is attempting to muzzle opponents of socialized power. Yet advocates of socialized power have a free hand, and the taxpayers keep it full of cash.

AND MORE ON THE WAY

In the White House the other day, President Eisenhower waved a mysterious wand which dispatched electricity to a spot in the Pennsylvania coal fields and started up the atomic-reactor-powered Shippingport electrical generating plant.

To some, this gesture seemed a little anticlimactic since the plant began working six months ago — even though its cumulative total of operation is only 17 days. And to most — the costs involved in this economic absurdity, as revealed by Human Events (May 26 issue), are strictly from Alice in Wonderland. Shippingport is a 60,000 kilowatt plant that cost over \$121 million — over \$2,000 per installed kw, as compared with \$145 per kw for a coal-burning plant.

Even the designers and operators admit that the cost of operation per kilowatt hour will be over 70 mills, says Human Events. "In an area where electricity can be purchased for 5 mills per kw. Other technicians claim that the actual cost for this plant will probably come to more than 100 mills." The publication points out that this would mean a loss of \$20 million a year in the Shippingport operation.

But there's more than plain old tax money involved. There's disposal of the radioactive waste, which is difficult and dangerous. And when Dr. Edward Teller, the noted scientist, was asked by the Senate Disarmament Subcommittee to compare the fallout from nuclear reactor accidents, he replied:

"Well, I would consider reactors more dangerous for a number of reasons... one of the planned reactors... as far as its potential ra-

ON OUR WAY!

diative content is concerned, doesn't have to give away anything to a megaton bomb."

So, perhaps the best thing we can say for Shippingport is that it hasn't blown up yet.

Dr. and Mrs. Weidner B. Gibson and family are in Ozona this week for a short visit in the homes of

Mr. and Mrs. T. J. Bailey and Mr. and Mrs. Sonny Henderson. The Gibsons are enroute from their home in Palo Alto, Calif., to Europe for the summer. Dr. Gibson, Associate Director of Stanford Research Institute, is a native of El Dorado and a nephew of T. J. Bailey.

"BY AND LARGE the bill seems to deal positively with every major problem I presented to the Congress."

Thus wrote President Eisenhower in a letter on May 16th to House Armed Services Committee Chairman Carl Vinson (D-Ga) describing the Defense Reorganization bill cleared from the Committee by a 37 to 0 vote. But 12 days later, for reasons not clear even now, the President reversed himself and publicly attacked the bill. He denounced portions of it as authorizing "legalized insubordination," said it created "administrative roadblocks and bottlenecks" and indicated Congress was "completely out of step" on many Defense issues.

This reversal by President Eisenhower led to some of the most caustic, bitter, emotional words ever heard on the Floor of the House this week as the members voted on whether to pass the Committee bill or the version President Eisenhower declared himself in favor of 12 days after giving his blessing to the Committee measure.

VINSON, in outlining the Committee bill, said it provided: unity in strategic planning; unity of military command; unity in our fight-

ing forces; additional powers for the Secretary of Defense; a speed up in the commands; prohibition for the Joint Chiefs of Staff of defense research and development under the present and duplication of the defense force of land, air and sea; continuation of the program constitutional amendments to provide for our defense organization was needed. Certainly some reorganization was needed. It passed, apparently, to clear for a more streamlined operation of the Army without, at the same time, trading almost \$1 billion into the hands of a few firms. TREASURY DEPARTMENT figures show that in fiscal 1958 Texas received a total of \$1.1 billion in federal grants-in-aid to individuals, state and local governments. This amounted to \$1.10 per capita, compared with \$1.00 for the nation as a whole. California, with \$432 million, received a higher total than New York got \$412 million, paid 3.2% of the total. The U. S. Treasury during 1957 received 7% of the grants-in-aid.

Mrs. W. W. West left for Ruidoso, N. M., where she will spend the summer in her home there. She was accompanied by her daughter, Mrs. Larry West. Mr. West will commute to his plane.

WHAT ABOUT THE BEST?

are most excellent as fine as could be wished; excepting a few, that have been injured by the rust. Corn that which was left of the last planting — perhaps one fourth planted — is now really made; it is being almost in roasting ears. It can not fall much short, if any, of fifty bushels to the acre.

Anecdote of Peter Cartwright — Peter Cartwright, the famous western preacher, whose name is associated with that of General Jackson, and is familiar to thousands of our readers, has been in the city making us a visit. Right well have we and many more enjoyed the old man's flow of soul, his genial humor, and his fund of back-

woods life and adventure.

The District Convention met at Lockhart, on Saturday last, pursuant to adjournment. Delegates from Hays, Guadalupe, Bastrop and Caldwell were present. John P. White, Esq., of Guadalupe, received the nomination for the office of District Attorney.

We regret to learn by the last issue of that excellent paper, the Sequin Mercury, that a friend to whom the proprietors entrusted money to buy paper in Galveston, has decamped, and when last heard from was on his way to Baltimore with the funds. As will be seen in another column the Mercury gives a most flattering account of the

crops in that section.

We find in the Victoria Advocate the following statistics of Jackson county; White males over 18 and under 45 years of age, 203; under 18, 235; over 45, 78; white females over 18, 213; children under 16 and over 6,175; slaves, 814; free persons of color, 5. Total population, 1,802. Voters, 228. Number of acres planted in corn, 3,371; wheat, 53; cotton, 2,843; sugar, 33; miscellaneous products, 423. Total number of acres of land in cultivation, 6,724.

THE LIVER INVIGORATOR

speaking catfishing work as bass fishing. caught in most any uently one will hit on ll take minnows, cut ait, even Ivory soap. he old time favorite ng catfish is by trot g a line is extend- wo points, perhaps a

creek or across one, or across a channel where catfish are likely to be foraging.

The line can be anchored to a stake, tree, stump or weighted down with glass bottles for buoys.

Most often one end of the line is tied to something solid. The other end has a heavy weight, with a guy line from the weight to a tightly closed bottle which floats on top of the water to designate the end of the line or the location. They also help keep the line off the bottom.

Hooks can vary in size. Most fishermen usually use a 5/0 to 7/0 Eagle Claw. A great deal will depend on the area in which you are fishing. If the fish are small, then a smaller hook is best. Some fishermen use 3/0 but these are very light for large fish.

The hooks are attached to the trot line via a stageon with a short line of about 50 pound test. This stageon or drop should be from a foot to 18 inches long. It can be tied directly to the trot line, or there are fasteners available which make the operation a little easier.

When running a trot line it is best to have everything possible cleaned out of your boat. Everything except your life preserver and a tub in the center of the boat. The catfish can then be dumped into this tub. Some fishermen are now using plastic garbage containers for this purpose.

Best advice we can possibly give is that you be careful. There are two distinct hazards in catfishing. One is that in playing out your trot line and baiting it in a hurry you can easily get a hook caught in your hand. There is considerable tension on a trot line. If you are not careful when you release it after baiting or removing a fish, it will jerk a hook into your thumb.

Brother, you've had it when this happens. If the hook goes in over the barb, then cut the hook off the line immediately. If you can work the barb through the flesh with pliers, cutting off the shark, that's fine. The better plan, however, is to get to the family doc as quickly as you can. He can remove the hook and give you an anti-tet shot which is a safeguard. He'll also flatten out your wallet a little, which will teach you to be more careful next time.

The other danger is from the catfish itself. This gentleman has a sharp spine on its pectoral fin and another on its dorsal fin. These fins can do you more harm than a knife blade. A flopping catfish can

stick you with this spine and cause very serious injury.

They are extremely dangerous. And if you are finned badly, we repeat — see your doctor as soon as you can. You may save an arm or a leg.

I watched a smart fisherman recently. When he caught a catfish he took hold of it with a pair of tongs. He also had a pair of cutting snips and before he put that catfish down he had cut off its spines. It took him an extra minute but it was also a safeguard.

Catfish can be handled by a good pair of pliers or fish gripper in the mouth. A pair of tongs, similar to those used to handle hot bottles containing the baby formula, will do.

Texas has several varieties of good catfish. One of the best is the channel cat that attains a maximum weight of about 25 pounds. This fish is produced by the Game and Fish Commission hatcheries and placed in lakes, streams and stock tanks. It is a nocturnal feeder, which makes night time the best to fish for them.

Then there is the Blue Cat. Some of these have been checked in at 150 pounds. Generally a 25 pounder, however, is a good one.

Among others are the flatheads; the yellow bullhead, also known as the Pollywog; the black bullhead; the brown bullhead and the widemouth catfish. There are also several other varieties not too frequently found.

OPENS SWEET SHOP

Mrs. Bruce Mayfield has opened The Sweet Shop in the building next to the News Mart, formerly the location of a beauty shop. Mrs. Mayfield will offer home cooked pies, cakes, pastries, doughnuts, cream puffs, cookies, etc. and will handle special orders for baked goods.

SPEARMAN'S HAVE SON

Mr. and Mrs. Jerry Spearman of Ozona are the parents of a son born Monday morning in the Crockett County Hospital. The baby, named Ricky Lee, weighed 5½ pounds at birth.

W.S.C.S. Continues Christianity Study

The Woman's Society of Christian Service met in the fellowship hall of the church Wednesday morning to continue the study of the topic, "In Every Place a Voice," led by Mrs. H. B. Tandy. Mrs. R. A. Harrell discussed "How We Can Be Christian in Ranching" and Mrs. S. M. Harvick discussed "How We Can Be Christians in Our Homes." Mrs. Tandy closed with prayer.

Other members present were Mmes. Bill Cooper, Hugh Childress, Sr., N. W. Graham, J. A. Fussell, Charles Williams, Joe Pierce, Jr., Morris Bratton, Dempster Jones, Floyd Henderson, Evert White, C. F. Brown, Clarence Raspberry and Bailey Post.

The study will continue through the next two Wednesdays, at 9:30 a. m. in the fellowship hall, with the prayer group meeting at 9 o'clock. A nursery will be provided for the children.

PUT THE TINIEST SHELLS IN A 4% SOLUTION OF COMMERCIAL FORMALDEHYDE PUT OTHERS IN COOL WATER THEN BOIL TO COTTON AND REMOVE CONTENTS DRY (NOT IN SUN), THEN RUB WITH LIGHT OIL. RE-APPLY SEVERAL TIMES A YEAR TO KEEP COLORS BRILLIANT.

ENJOY YOUR SHELL COLLECTION THIS SUMMER AND HAPPY HOLIDAYS!

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vera Sanford

Texas Press Association

AUSTIN, Texas—If a fire-breathing dragon were loose on the Texas countryside—smashing cars and their occupants, stepping down pedestrians—there'd be no question about the need to get rid of the monster. An aroused public would demand that somebody do something.

In actuality, innocent people are being maimed or killed every day as they go about their business. Thousands are lost every year.

But somebody is doing something. Right now, officials and private citizens are forming a massive "pose." They're going after the killer—the monstrous indifference, carelessness and other difficulties that bring death on Texas streets and highways.

Leaders are members of the Texas Traffic Safety Council created by the Legislature just a year ago. Gov. Price Daniel is chairman. Col. Homer Garrison, Jr., director of the Department of Public Safety, vice-chairman. Heads of numerous other state agencies are members.

Formation of the Council was the starting point for a campaign which, for the first time, brought the official power and prestige of state government to bear on a growing problem. For some years Texas vehicles and their drivers had been outgrowing highway ca-

cities and outdistancing law enforcement agencies by sheer weight of numbers. In 1956 Texas had an appalling all-time high of 2,611 motorcides.

Governor Daniel called it a public emergency.

With only a skeleton organization, the Council hammered away through 1957 at tightening enforcement, organizing holiday safety campaigns. By the end of the year the toll had dropped by 72.

In April Governor Daniel climaxed publicity efforts with a statewide broadcast calling for a "crack down" on two major traffic evils—speeding and driving while intoxicated. Simultaneously, local traffic safety councils were formed in 190 counties. An estimated 8,000 people participated.

Results thus far are encouraging. For the first 23 weeks of this year the toll was down by 101 persons, about 11 per cent, from last year. There were 163 fewer deaths, down about 17 per cent, from '56.

Goal for 1958 is a year-long 10 per cent drop or 254 lives saved—a real slab at the dragon.

July Snow Storm—Next summer's Democratic precinct conventions will be like an extra after-hours election. There'll be rival "platforms" and rival candidates, but only one key issue— who's to control the party.

Battle lines were drawn when the State Democratic Executive Committee held its June meeting in Austin. Governor Daniel, as head of the party in Texas, called on his moderate-conservative cohorts to "show under" the liberal-labor Democrats of Texas at the conventions. He accused DOT of trying to usurp the party name for a "splinter group."

SDBC is recommending electing precinct delegates to county conventions by primary ballot and moving primaries up to May and June. It also suggests a search for means to prevent party line crossing at primary time.

DOT is pushing for its "code of ethics" for conducting conventions and a party registration law to keep out Republicans.

Relative merits of the two "platforms" may be as confusing to some voters as a snowstorm in July. What's clear is that if the moderate conservatives win out, Governor Daniel will continue at the helm of party affairs in Texas. If the DOT prevails, Mrs. Frankie Randolph, national committeewoman and DOT chairman, will take the wheel.

"Straight To The Point"

A Summary of Vacation News From The Teenage Set

By Sally Baggett

As usual nothing "fantastic" has happened in the big little town of Ozona, unless you would call rain "fantastic" and in the case of Ozona I think it might be.

What's this we hear about our steadies, Bobby and Frances? Now's your chance boys and girls!

Jerry Jacobs and Gwyneth Walker seemed to have had a bit of car trouble Monday coming home from San Angelo. What seemed to be the trouble, Jerry?

Nonie Conklin is visiting Nubin Sears in Sweetwater. She said Nubin wrote and said she had two dates a nite lined up for her so I would imagine Nonie is having a very good time.

Rodney Franklin and Jackie Young have taken another excursion, this time to Wyoming. Ann Baggett went to Austin Wednesday. She says she is going to visit her cousin Baggett Pace. Sometimes I wonder.

Frances Childress, Carol Friend, Ann Baggett and I went to Del Rio to the Sheep and Goat Raisers convention Friday. No need to say we had one large time.

Say Ronnie, who is Peggy? She knows you because she dedicated a song to you on the Big Lake station.

Mike and Carolyn Clayton have another little girl.

Jake Young seems to have sudden interest in Big Lake. I wonder who or what it could be.

The junior wool judging team won state in wool judging. David Jacoby won high individual in the state for the juniors. Congrats, boys.

Mark White went to Arizona. He is driving a truck or something. I think we girls should get us a truck and go tour the states.

Say kids, the party is on Monday, Tuesday and Friday nites. Say girls, seven of the ball teams are here. That seems to be a week. Not much has happened school is out so this

FRONT LINE OF FREEDOM

JUST a Newsstand? No.

It is a battleground.

In this tiny territory rival publications fight for the attention of the public. From left to right you can find all shades of political and social opinion, freely expressed. And because of this a newsstand is more than just a convenience in the life of an American town.

It is a front line.

There is another battle going on around a newsstand, more far-reaching than the com-

petitive rivalry of paper against paper, magazine against magazine. For there are always people—yes, even here—who dislike to see opinions freely expressed... and who attempt to bring all sorts of restraining pressure on those who champion the Press's freedom.

But those who write and print and publish the free opinions of America, they see a threat to that freedom as a threat to all freedoms, and vigilantly hold back pressure-wielders from closing in on the newsstand.

For the newsstand is freedom's front line.

TEXAS PRESS ASSOCIATION

On the 17th Anniversary of Series E Savings Bonds, a

Report to the Shareholders

in the UNITED STATES GOVERNMENT

More than 100 billion dollars in Bonds issued since 1941! They are the most widely held investment in history.

More dollars are invested in Bonds today than ever. 40 million Americans hold Bonds—one family in three.

Nest eggs hatch quicker now than Series E Bonds mature in 8 years 11 months, and pay 3% at maturity.

Average Bond is held about 7 years. \$5 in \$10 of Bonds matured since 1951 are still outstanding, and drawing interest!

More Bonds were sold by Payroll Savings in 1957 than in 1956. 42,000 firms now offer Payroll Savings.

The Treasury records every bond sold. If it gets mutilated, lost, stolen or destroyed, it is replaced, free.

Buy Bonds where you bank, work, or at school, and help strengthen America's Future Power.

Jones Finals Gas Producer On Dudley Ranch In Crockett

The discovery, J. E. Jones and Union Oil Co. of Calif. No. 1-C Dudley, 15 miles southeast of Sheffield and eight miles south of the Ingham (Devonian) field, was completed for a calculated daily absolute open flowing potential of 6,300,000 cubic feet of gas, with gas-liquid ratio of 143,000-1.

Production was through perforations between 9,602-942 feet in 5 1/2-inch casing set at 9,714 feet, the total depth.

The strike is 660 feet from the south and east lines of 28-1-I&GN.

A newly opened west area of the Todd, North (San Andres) field gained its fourth well and a location north extension with completion of John I. Moore of San Angelo and Duncan Drilling Co. of Big Spring No. 1-A Shannon, 22 miles northwest of Ozona.

It was finaled for a daily pumping potential of 47.49 barrels of 28 gravity oil.

Production was through perforations between 2,134-147 feet in 5 1/2-inch casing set at 2,207 feet, the total depth. Pay section was acidized with 1,000 gallons.

The project is 990 feet from the south and 330 feet from the west lines of 5-BB-EL&RR.

CROCKETT HOSPITAL NEWS

Patients admitted to hospital since June 10th: Mrs. Jerry Spearman, Ozona, obstetrical; Mrs. J. W. Powers, Ozona, obstetrical; Mrs. Jesus Guerra, Ozona, obstetrical; Mrs. Mike Clayton, Ozona, obstetrical; Mrs. T. C. Rives, Ozona, obstetrical; Howard Kemper, Ozona, surgical; Glenda Kemper, Ozona, surgical; and Howard Mock, Ozona, surgical.

Patients dismissed: Mrs. Pat Bowlegs, Mrs. Tom Ed Montgomery and infant son, Mrs. Jesus Guerra and infant son.

Mrs. B. E. Ingham has returned to her home here after a visit in Houston with her brother-in-law and sister, Mr. and Mrs. Spencer King. Before returning home, Mrs. Ingham visited her son-in-law and daughter, Mr. and Mrs. Nelson Boothe, in San Marcos, and spent a week in a San Angelo hospital for a medical check-up and treatment.

SON TO RIVES

Mr. and Mrs. T. C. Rives are the parents of a son born Sunday evening at the Crockett County Hospital. The baby weighed 8 pounds at birth and has been named Tommy Claudis Rives.

Young Texans Back Blakley For Senator

Sixty-eight Young Texans-for-Blakley clubs have been organized and now are working actively for the election of William A. Blakley to the U. S. Senate. Some 10,000 young people are members.

State President Robert A. Dean of Midland said that by the end of June there will be at least 100 such clubs fully organized. The goal is at least 16,000 members.

Both young men and women are members, and some of the most active are women. Ages of the members range from 21 to 39 years.

Dean, the state president was named one of the outstanding young businessmen of Midland and is a state vice-president of the Texas Junior Chamber of Commerce. He is a geologist by profession and directs statewide activities of The Young Texans from his offices in Midland.

The clubs in the various cities, while independent of Blakley's campaign organization, work with the county managers in their respective areas. Many members have voluntarily contributed \$1 toward

expenses of their clubs, although the primary object is not fund raising.

"It's when some men are feeling fit as a fiddle that they begin looking around for a female accompanist." — Henry Morgan.

"Alimony is paying for a subscription to a magazine that isn't being published any more." — Howard Duff.

Those African natives who beat drums to scarce off evil spirits are objects of scorn to smart American motorists who blow horns to break up traffic jams.

How much is a billion dollars? Well, it's a pile of \$1,000 bills — 111 feet higher than the Washington Monument!

Mr. and Mrs. Ernie Boyd and children have returned from a vacation spent with relatives in Sulphur Springs.

Mr. and Mrs. J. B. Pace of Austin and Mrs. Hiram S. Brown and sons, El and Steen, also of Austin, are here this week to visit the parents of Mrs. Pace and Mrs. Brown, Mr. and Mrs. J. M. Baggett, and to attend the reception Tuesday night to honor Mr. and Mrs. W. R. Baggett on their fiftieth wedding anniversary.

Crockett Discovery Rates 190 Bbls. Daily; Ellenburger Test Shows

Crockett County gained a discovery and a wildcat recovered shows in the Ellenburger during the past week.

Crockett gained a Wolfcamp discovery with completion of C. E. Kadane & Sons, Edwin L. Cox and Dan Auld, Wichita Falls, No. 1 Margaret H. Smith, located eight miles northeast of Iraan.

It was finalized for a daily pumping potential of 190.37 barrels of 42 gravity oil, plus 40 per cent water, through perforations between 6,384-394 feet, which had been acidized with 500 gallons.

Top of pay was picked at 6,379 feet on derrick floor elevation of 2,809 feet. Total depth is 7,842 feet, with 5 1/2-inch casing set at 6,485 feet.

Location is 2,090 feet from the south and west lines of 4-HH-L&SV.

Gulf Oil Corp. was preparing to run logs in its No. 1-L Shannon in J. Wiley Heirs, Crockett County wildcat, seven miles northeast of Iraan, after recovering shows from the Ellenburger.

On a two-hour drillstem test between 7,550-625 feet, the total depth, recovery was 990 feet of

gas in the drillpipe plus 80 feet of gas-cut mud and 170 feet of oil and gas-cut mud.

Flowing pressure was 300-30 pounds and shut-in pressure 435 pounds.

Queen sand gas production was indicated earlier on a drillstem test between 2,233-293 feet.

WEDNESDAY BRIDGE CLUB

Mrs. Glenn Richardson, Mrs. Bit Terry and Mrs. Byron Stuart were hostesses to the Wednesday Bridge Club this week. High score prize went to Mrs. Pete North, second high to Mrs. Kit Pettigrew and bingo to Mrs. Taylor Deaton. Others present were Mrs. Sonny Henderson, Mrs. J. P. Pogue, Mrs. Richard Flowers, Mrs. John Ray Powell, Mrs. Chas. E. Davidson, III, Mrs. Dick Kirby, Mrs. Dick Ketchum, Mrs. Joe Couch, Mrs. L. B. T. Sikes and Miss Carol Friend.

BEAUTY OPERATOR

Mrs. Betty Conaway, an experienced beauty operator, has accepted a position as operator at Marg's Beauty Salon, in the Crockett Hotel building, Mrs. Marg Smith, owner, announced this week. Mrs. Conaway's husband, Jim Conaway, is laboratory technician at the Crockett County Hospital.

Miss Joan Ridley, teacher in the Ozona schools, is among a group of 33 Texas teachers taking a special course in language teaching at

Texas Tech this summer. The course, designated Spanish 5335, is designed to assist Southwest teachers cope with the bi-lingual pro-

blem where Spanish-speaking and English-speaking pupils are mixed in the same classroom.
