from the wool industry.

## Ozona Girl To Attend Two-Weeks Workshop In Speech at Texas Tech

Miss Marilee Dale, daughter of  
Rev. and Mrs. Troy Dale, has been  
accepted as one of twenty-five  
high school seniors to attend a  
Speech Workshop conducted by the  
speech department staff at Texas  
Technological College, Lubbock  
from July 21 through August 2.

Students will produce plays and  
study casting during the two-  
weeks workshop sessions. The the-  
ory and practice of make-up, cost-  
uming and lighting as well as act-  
ing will be included in the course  
of study.

The Texas Tech Speech Work-  
shop will be under the direction  
of Dr. Paul Merville Larson head  
of the speech department. Dr. Lar-  
son has just returned to the states

in Europe.

## Blakley Backers See Victory In Effective Campaign Over State

William A. Blakley, Dallas  
rancher-lawyer-businessman who  
had never sought public office and  
was virtually unheard of in Tex-  
as politics a year ago, is now being  
credited with having conducted one  
of the most effective campaigns  
in Texas history in the race for  
U. S. Senator. So states James  
Blundell, Blakley's campaign man-  
ager.

Since announcing for Senator  
three months ago, an office in  
which he served with marked dis-  
tinction for four months in 1957, Blakley  
has traveled more than 12,000 miles  
and visited upwards of 200 towns  
and cities throughout the state. He  
has waged a campaign of personal  
visiting and handshaking with tens  
of thousands of voters on court-  
house squares, on the streets and  
in the stores.

A plain man, characterized "as  
Texan as a cowboy's saddle," Blakley  
has never outgrown the cow  
country background from which  
he launched his remarkable career.  
Born while his family was on the  
way to Oklahoma territory in a  
covered wagon, he was earning a  
cowhand's wages at 14.

He got hold of the books, taught  
himself accounting and became an  
accountant. He taught himself law  
and became a lawyer. Long years  
of hard work and sacrifice made  
him a successful businessman,  
rancher and lawyer, but he has  
never turned his back on his hum-  
ble beginnings.

"The right to work and the right  
to educate your children, without  
restraint, regulation or interfer-  
ence from government, or private  
associations and organizations,  
must be reestablished, protected  
and maintained if this nation is to  
continue to be the land of the free,"  
Blakley declared.

## Ozona Oilers Top Little League For Season's Crown

### Beat Out Surprising Moore Oil Team In Second Half

By Ernie Boyd

The Ozona Oilers, after playing  
catchup for three innings with the  
Moore Oil team, chased across six  
runs in the fourth and then be-  
hind the fine pitching of Leroy  
Cooper went ahead to smash the  
Moore team 18 to 8. The win in  
second half playoff gave the Ozona  
Oil team the title outright.

Moore got away to a quick lead  
when Doug Moore of the Ozona  
Oil team had trouble finding the  
plate. Ozona Oil went ahead in the  
bottom of the first only to see  
Moore go ahead again in the sec-  
ond, but in the end it was power  
and good pitching in the late in-  
nings that paved the way to victory.

Catcher Bobby Amthor hit two  
home runs and Mykle Stahl one  
for the victors who pounded the  
Moore team pitchings and made  
the most of every mistake the  
Moore team made.

Despite going down in defeat the  
mere appearance of Moore Oil in  
the play off was a surprise, since  
the team is still very young and  
was the winner of only one game  
in the first half. Moore went on a  
real winning streak to make its  
way to the play off in the second  
half.

Ozona Oil once again proved its  
self to be the league's best as it  
crushed South Texas and then  
Moore to win both playoffs and  
cop both halves of the season's  
play.

## Teachers To Honor Rep. Joe Burkett

State Rep. Joe Burkett, Jr. of  
the 78th District has been notified  
that the directors of the Vocational  
Agricultural Teachers Association  
of Texas have voted unanimously  
to give him the Distinguished Ser-  
vice Award.

John Holcomb of Austin, execu-  
tive secretary of the association,  
said the award was to honor the  
"conscientious efforts" by Burkett  
on behalf of vocational agriculture.

The presentation will be made at  
the annual awards breakfast Aug-  
ust 6 in the ballroom of the Adol-  
phus Hotel in Dallas.

Burkett, a livestock farmer in  
addition to being a practicing at-  
torney, has been one of the out-  
standing champions of the ranch-  
ing industry since he was first e-  
lected to office in 1951.

## Appeals Court Judge, Serving As Appointee, Seeks Elective Term

Justice Holvey Williams, of El  
Paso, appointed in June, 1957, to  
succeed the late Justice Joseph Mc-  
Gill in the Eighth Court of Civil  
Appeals, has the distinction of hav-  
ing all cases in which he has ruled,  
and which have been reviewed by  
the Supreme Court, affirmed dur-  
ing his tenure of office.

Williams, who served 15 years  
as Assistant U. S. Attorney in  
charge of the El Paso, Pecos and  
Del Rio offices, resigned to accept  
the appointment to succeed McGill.  
Under Texas law it is required  
that he run for election at this  
time, even though McGill's term  
had not yet expired.

"The people will get a chance to  
confirm my appointment July 26.  
I hope they do," Williams said.  
Williams attended Southern Me-  
thodist University and Baylor U-  
niversity before receiving his law  
degree from the University of Tex-  
as in 1925. At Texas he was a  
member of Alpha Tau Omega frat-  
ernity.

He was district attorney of Mc-  
Lennan County (Waco) from 1937  
to 1941. In that year he was ap-  
pointed Assistant U. S. Attorney  
and held the position until his  
present appointment.

Mrs. L. B. Cox, Jr., is in Temple  
this week where she will undergo  
minor surgery.

## New Johnson Bridge Is Opened To Traffic Last Saturday Night

Still shy of its steel railing,  
which was delayed in shipment,  
the new bridge over Johnson draw  
on U. S. Highway 290 in Ozona  
was opened to traffic Saturday  
night.

The bridge was about three  
months in building. Its design con-  
forms to needs of the channel im-  
provement plan of the Soil Con-  
servation Service, the final stage  
in the Johnson draw watershed  
flood control plan. The bridge is  
wider than the old structure, thus  
eliminating a bottleneck and traf-  
fic hazard on the busy highway,  
and longer, with less cumbersome  
under structures to allow a freer  
flow of flood waters. All of this  
and the new bridge presents a  
pleasing improvement in appear-  
ance.

The steel railings will be in-  
stalled by the contractor when the  
material is delivered.

## Kotmann Would Take Politics Out of Post Of Ag. Commissioner

Glenn H. Kotmann, candidate  
for agriculture commissioner, be-  
lieves that politics should play no  
part in operation of the agriculture  
commissioner's office. Accordingly,  
he has made this his campaign  
theme:

"Take politics out of the agri-  
culture commissioner's office."

Kotmann, a 30-year-old live-  
stock man and legislator from San  
Antonio, feels his wide background  
and experience in the livestock  
field and agriculture together with  
service on all the major agriculture  
committees of the Legislature qual-  
ify him for the post he seeks.

He has pledged himself to "serve  
all areas of the agriculture and  
livestock business in Texas, from  
the producer to the consumer." He  
says also:

"I believe the office of agricul-  
ture commissioner ought to be  
operated for the benefit of all the  
people of Texas. To do this, people  
must be put ahead of partisan po-  
litical considerations."

A native of San Antonio, Koth-  
mann was educated in the San  
Antonio public schools. He gradu-  
ated from Texas A&M in 1950 with  
a degree in agriculture.

He is in the livestock business  
with his family who have been a  
well known hill country livestock  
and ranch family for more than  
100 years. The Kothmanns have  
operated from offices in the San  
Antonio union stockyards since  
1893.

Kotmann belongs to the Cattle  
Raisers Assn., the Texas Sheep and  
Goat Raisers Assn., National Guard  
Assn., Texas A&M Former Stu-  
dents Assn., the San Antonio Ju-  
nior Chamber of Commerce, the  
Chamber of Commerce, the Ameri-  
can Legion and the Texas Farm  
Bureau.

## Four Ozona CAP Cadets To Attend Summer Encampment

This year, for the first time, O-  
zona Cadets will participate in the  
annual Civil Air Patrol summer  
encampment. Four Cadets will  
check in at Sheppard Air Force

mander of the local CAP squadron,

where they will join other Group  
3 cadets and will board a U. S.  
Air Force transport plane which  
will take them to Sheppard AFB.

## Ozona Park To Be Site Of Area LL Playoff Games

### Ozona-Sonora Stars To Open 3-Night Ser- ies Monday Night

By Ernie Boyd

The Ozona Little League All-  
Stars will face the Sonora All-  
Stars on the Ozona diamond Mon-  
day night in the first round of  
the area playoff.

Tuesday night, the winner of  
the Monday night game in Ozona  
will face the winner of the Del  
Rio vs Bracketville game, which  
will also be played Monday, and  
then on Thursday the winner of  
this contest will face the winner  
of the San Angelo playoff in the  
Ozona park.

In securing the play-offs for O-  
zona this year, the local Little  
League officials were able to claim  
the playoff for the second time in  
the last three seasons. All of the  
games are scheduled to begin at  
8 p. m.

Dick Webster of the Champion  
Ozona Oil and J. D. Melton of  
South Texas Lumber will manage  
the fourteen - man Ozona squad  
which is made up of six players  
from Ozona Oil, two from Moore  
Oil, four from South Texas, and  
two from Mason Motors.

The major problem facing this  
year's manager will be pitching,  
since it is possible that the local  
team could engage in three games  
during the four days of the play-  
off.

The Ozona team promises to be  
a hitting club, however, and could  
possibly off-set some pitching  
strength with some solid hitting,  
but as always in baseball, pitching  
is the key, not hitting.

Available for use Monday night  
will be Leroy Cooper the league's  
leading hurler, and Doug Moore  
who has shown well this year,  
both of Ozona Oil and in addition,  
Jesus Fierro of Mason Motors and  
Ventura Sanchez of South Texas,  
both of whom have shown well  
during the season play.

Among the hitters will be Mykle  
Stahl, Bobby Amthor, Robert Flor-  
es, Ronney Stewart, Scott Mahon,  
and Sammy Cervantez not to men-  
tion Cooper, who was the league's  
leading batsman as well as pitcher.

Others named to the squad and  
all of whom were selected for fine  
play during the year are: Julian  
Melton, Carey Pitts, Bryan Mont-  
gomery, and James Riff and the  
pitchers.

Sonora's strength is unknown  
but in the last two seasons they  
have fielded fine teams with last  
year's entry leading the local team  
until the fading innings when a  
key throwing error opened the  
gates for a smashing Ozona rally  
and win.

The Del Rio vs Bracketville win-  
ner will doubtless be very strong  
and the winner of the San Angelo  
playoff is powerful every year.

## CAP Squadron Views Air Force Films at Meet

The Ozona Squadron, Civil Air  
Patrol held a regular meeting  
Tuesday night at the Airport.

There was a short business meet-  
ing, during which it was decided  
to hold the next meeting on Tues-  
day night, August 12, at the Air-  
port at 8:00 p. m.

Following the business meeting,  
two Air Force films, on loan from  
the Air Force film library, St.  
Louis, Mo. were shown. The first,  
"Air Force Scrapbook" was a pic-  
torial history of the Air Force  
from the Wright Brothers flight  
at Kittyhawk to the present. The  
second was "Career for Tomor-  
row". This film showed a typical  
Cadet summer encampment, and  
was of special interest to the Ca-  
dets who had been invited to at-  
tend the meeting, as four mem-  
bers of the Ozona Cadet Squadron  
will be attending the summer en-  
campment at Sheppard Air Force  
Base, Wichita Falls, Texas, start-  
ing August 8.

Mr. and Mrs. T. J. Bailey have  
returned from a vacation trip to  
Mexico.

**CUBAN COURSE IS CLEAR**

The news conference at Weisbaden, Germany, at which the nine US fliers shot down by the Russians over the border of Soviet Armenia told the story of the outrageous action of Russian MIG pilots in opening fire and setting their plane ablaze, and the further abuse by Red peasants of the five who were able to parachute from the blazing C-118, has brought more incensed Americans flocking to the standard of Lyle H. Munson, the man who would be a latter day privateer!

Mr. Munson, who served in both the Office of Strategic Services and in the Central Intelligence Agency — and who presently operates a concern called The Book-mailer — formally applied to Congress some days ago for a "letter of marque and reprisal." Such letters, granted long ago to merchant skippers as authority to fight pirates, have not been issued since the Civil War, but the authority of Congress in the matter stands — in Paragraph 11 of Section 8, Article I of the Constitution — and is as easy to read as ever.

"Fellow Americans," says the Munson petition, "are being held captive and hostage by pirate and rebel groups as governments in Communist Russia, Communist East Germany, Communist China, Cuba and Indonesia." He notes further that "the Office of the Executive is impotent to rectify the above abuses by reason of preoccupation with other pressing matters" and that this is especially unfortunate because "what is now happening may be construed as an open invitation to pirate countries to imprison Americans with impunity."

Mr. Munson formally declares that he is "prepared to demonstrate financial and moral responsibility to lease, equip and staff a seaworthy man-of-war to liberate these pirate-held American citizens at personal and private expense and risk." His "man-of-war," he thinks, might be a PT boat, a plane or helicopter, and by now the Munson volunteers could man a fleet of any of these.

It is not likely, however, that in

these decadent times Congress will give them or Commodore Munson (our title) the opportunity. But the problem, relieved slightly by release of the nine prisoners from the USSR, and aggravated by the arrogant dalliance of Fidel Castro with his US prisoners in Cuba, remains.

Short of the free-wheeling adventure for which Mr. Munson prays authority, we would not say how the US should go about rescuing the Americans in Russia's slave camps, the fliers in East Germany, the 450 Korean GI's in Red Chinese prisons. But for a starter, the Cuban procedure seems not only simple but obvious. Cuba's independence from Spain was won by American fighting men in 1896. Cuba remained a protectorate of the US until 1934. And, whether we like it or not, Kremlin stooge Castor cut this country in on the deal when he kidnapped our nationals. Our duty in assisting President Batista to restore law and order is abundantly clear.

And if Congress won't let Munson go, there are still the Marines

Mr. and Mrs. Ernie Boyd had as guests last week two of Mrs. Boyd's sister and their children. Here were Mrs. Billy Temple and daughter, Donna of Dallas, and Mrs. Hugh J. McClendon and sons, Mark and Jay, from Sulphur Springs.

### RIGHTS ND RIGHTS ate Capitol

In 1876 a wagon of oxen was good in Texas. But on streets and super-ex wagon would be bottleneck.

Now are saying old, ox wagon-era a bottleneck on the movement of dynamic government.

Revision is not one sizzling campaign yet and patiently, in government, in professional and civic and in private educational institutions away in a make-campaign. Principal

objective now is to get Texans thinking about what they want and need in a state constitution today.

Their campaign gained official blessing last year when the Legislature passed a resolution instructing the Legislative Council to do research on the subject and report back in 1959. An 18-member citizens advisory committee was appointed to counsel with the legislative study group. Dean Robert G. Storey of the SMU Law School is chairman; C. Y. Mills of Mission and Mrs. Horton Wayne Smith of Austin vice chairmen; and Dan Moody Jr. of Austin, secretary.

Next meeting of the advisory group is to be held in September. Right now, one member admits that progress toward revision is itself moving at an ox wagon pace. Reason is that those concerned feel strongly that any action should be preceded by an exhaustive, professional research job. This takes money.

Legislative Council, with a staff of seven, and 11 studies under way, can't go all-out on this one thing, but is doing some fact gathering

during the summer. Both Council and committee hope to get money for the work, perhaps by next year, from the Legislature and/or some private foundation.

Advocates of Constitutional revision advance these points, among others, as reasons for concern:

1. It's a stragglers document, 47,000 words long, patched up with 133 amendments. If nine more proposed amendments are approved next November it'll be 54,000 words. Much of it is regarded by lawyers as properly belonging in the statutes rather than in a basic document like the Constitution. Much is cited as totally useless, such as provisions for repelling Indian raids.

2. Like Topsy, Texas' huge conglomeration of agencies, departments, commissions and divisions, "just grew." It's all so loosely put together, say critics, that folks don't know who to blame when things don't suit them. Same indictment is applied to the fiscal set-up. It's a billion-dollar-a-year business, but control is mincemeated among many. State has more than 100 special funds, representing about 85 per cent of state revenue. These can't be touched by the Legislature, even if they are not needed for the purpose for which they're earmarked and are desperately needed elsewhere.

3. Another argument made is that increasing concentration of government in Washington can be halted only if state governments are sufficiently vigorous and adaptable to meet people's changing and growing needs. Some suggest that Texas' present Constitution may be a "strait jacket" on state government.

**High Cost of Driving** — Texas drivers will have to "pay the piper" next year in higher auto insurance.

State Insurance Board has announced that effective Aug. 1, auto insurance rates will be substantially higher in most parts of Texas. Average hike will be 32 per cent on comprehensive coverage, 19 per cent on liability and 17 per cent on collision. In Dallas County, for example, a policy which now costs \$108 will jump to \$142.

Premiums paid on the old rate schedule have not nearly met accident claims, said Penn Jackson, chairman of the Insurance Board.

## Elect Jerry Shurley

OF SUTTON COUNTY

State Representative, 78th District

**EDUCATION** is important for the quality of our citizenship and to our national security. Jerry Shurley intends to do what he can for the schools and teachers of Texas. His opponent has consistently voted against teacher and school legislation and has even proposed House Bill 13 to repeal the Gilmer-Aikin laws, which have greatly improved our school system.

**LOBBYISTS** do not and will not have an attachment on Jerry Shurley. His opponent is being actively campaigned for by some of the most powerful "career" lobbyists in Texas.

**FARM-TO-MARKET ROADS** are of extreme importance to the farmers and ranchers of this district and to the towns where they trade. Jerry Shurley opposes the proposed legislation that would cut down Farm-to-Market road funds, thus severely curtailing Farm-to-Market construction. His opponent? What is his view?

**WATER CONSERVATION** is important to Jerry Shurley as an active rancher of this district. His opponent notes with pride his own achievements in this field in spite of the fact that the Texas Legislature was never "prodded" hard enough to pass water legislation until several months after the 7-year drought ended.

### SHURLEY A MAN OF EXPERIENCE

**JERRY SHURLEY** is happy to say that he can not be obligated to Austin politicians by many years of "legislative experience." Instead, Jerry Shurley points with pride to his own experience which includes the following:  
Being an active rancher of this district for 8 years, a graduate of the University of Texas, having begun his law practice, and having become acquainted with the people of this district and their problems, Shurley is anxious to work for new and better solutions to these problems as your Representative.

**Report to the People**  
As Mentioned in the Report last week, Alaska is, for all intents and purposes, the 49th State of our Union.

I did not support Alaskan Statehood either in Committee or on the Floor, for a variety of reasons. But in the flush of victory, the Alaskan Statehood proponents are being kind and forgiving as I received an invitation asking me, as a "friend" of Alaska, to celebrate Statehood with the Alaskan Society here in the Capital. Since the Territory is now virtually the 49th State, we extend to our new brothers the hand of friendship and wish them well as they join us. May they grow strong and be an asset to the United States of America.

**One Thing** strikes me as odd about the publicity surrounding Alaskan Statehood. The present Governor (appointive), Mike Stepovich, has been singled out for praise as a man who did much for Alaska's fight to become a state. Stepovich has accepted the acclaim, and now speaks enthusiastically of Statehood for Alaska, but the record shows it was not always so.

In 1951, Stepovich was in the Territorial Legislature of Alaska, where he was chairman of a committee that had jurisdiction of a resolution calling for Alaskan Statehood, but he bottled it up and became the first chairman not to report the resolution in many years.

At the time Stepovich was appointed Governor by President Eisenhower, his opposition to Statehood was well known and the Administration was opposed to Alaskan Statehood unless it was tied in with Statehood for Hawaii. Interior Secretary Fred Seaton prevailed upon Mr. Eisenhower to change his view, which he did. The President's new position was then accepted by Governor Stepovich, who had to do an abrupt about-face to adopt his new position.

Now, the press gives Stepovich and the "Senators" and "Representatives" elected under the Tennessee plan for Statehood the full credit for accomplishing the mission. But actually the three men who did the most for Alaskan Statehood are Leo O'Brien, Democratic Congressman from New York, who authored the Statehood bill, E. L. (Bob) Bartlett, an able Delegate to the Congress from Alaska, and Seaton, the Republican Interior Secretary, who is an able

man. But they have been largely ignored, while a man who long opposed Statehood for Alaska has stepped front and center to take the bows.

When I was in West Texas over the July 4th weekend many people asked me what I thought of the now infamous Adams-Godfine case.

I am not a member of the Committee holding the hearings and since my two committees meet at the same time the "Goldfine" investigators do plus my heavy office work and Floor activity. I hear of the Adams-Godfine case for the most part through the newspaper, TV and radio like everyone else. Certainly I would not attempt to prejudge the case from these sources of information, not having heard first-hand testimony and evidence.

I am disturbed that the basic questions and issues of the Adams-Godfine case have disappeared in the hi-jinks surrounding the investigation in recent days. The key-hole peepings, eaves-droppings, statements by hired publicity hucksters, unauthorized snooping by the Committee investigator, and other unsavory conduct, has done no credit to the Congress. This sideshow tends to blacken the name of many serious, hard-working investigating committees. Certainly the central issues of whether Goldfine gave Adams the gifts as payment for undue influence, whether such influence was brought to bear, whether Goldfine took tax deductions for the gifts, and other points, should be cleared up promptly without the circus-like atmosphere now prevailing. The actual hearings have not been nearly so all-consuming here as you might gather from reports. The matter is, after all, only a small part of the overall National picture. And for that we may offer thanks.

**New Senate Hand Aided Democrats**

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since.

Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.

For Better Eating — Next time you land one of those big yellow cats and want to make it into one of the juiciest meals drain the blood through his tail before you cut him up.

Usual procedure is to make the kill with an ice pick through the top of his head, between the eyes, then slice off the tail just above the tail fin and hang him up by his head. All the blood then will drain through the tail and make for better looking, better tasting meat.

Skinning The Cat — Most fishermen skin the catfish before storing in the deep freeze. But not many of them skin their bass.

Here's how one fellow does it. He follows the usual procedure of removing the fish's insides and head — but he doesn't scale it. Instead he wraps the fish in foil, with scales on, and drops it in the deep freeze. Then when he is ready to cook he peels the skin, scales and all, off the fish, much like you skin a catfish. Much quicker, much easier than scraping off the scales, he says, and better eating too. Ever try it?

### Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 59 years. Said the *Austin American Statesman*, when William A. Blakley announced for the Senate: "He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator." Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas.

### SENTRY DUTY

In America every editor is on sentry duty, guarding constantly against all encroachments on the Freedom of the Press. It has always been like this. Ever since the press battled for and won freedom of expression, its guardians have had to be on the constant lookout for infiltration by the enemies of that freedom. Infiltration — pressure from powerful groups to tug down comment on a situation — pulling of strings to keep a story from being published — predigested propaganda releases.

But the press knows the importance of never giving up its freedom. For on freedom of the press depend all other freedoms that make up democracy. Therefore, the men of America's press refuse to recognize any check — except military security — on complete, unbridled and inviolate freedom to print the truth.

That is the challenge of today to the courage and the vigilance of these sentries of America's press.

It may be interesting to some  
of our readers at this season to  
know our experience as to the best  
route to New York.

Taking it that New Orleans is  
the starting point, and the only  
monopolies and impositions are be-  
tween here and there, Austin, we  
advise all Texans arriving at New  
Orleans, at this season, to take the  
new mail route directly to Wash-  
ington and New York.

The time is only 4 days and 17  
hours. You leave New Orleans with

a through ticket to New York,  
which only costs \$48.00.

Prof. Wood's Hair Restorative.  
Is, no doubt, the most wonderful  
discovery of the age of progress,  
for it will restore, permanently,  
gray hair to its original color, cov-  
er the head of the bald with a most  
luxuriant growth, remove at once

all dandruff and itching, cure all  
scrofula, and other cutaneous eruptions,  
such as scald head, etc. It  
will cure, as if by magic, nervous  
or periodical headache; make the  
hair soft, glossy, and wavy, and  
preserve the color perfectly, and  
the hair from falling, to extreme  
old age.

**Honey, What a bargain I drove today!**

The gasoline I buy gives me "more for my money." For only pennies I spend a busy day in my car taking good care of my husband, children and home.

Higher taxes now add 8.8¢ cents to the price of every gallon of gasoline. The price of gasoline itself has gone up only 17% in the last decade. Yet today's regular gasoline is the same as premium was 5 years ago. Today's premium is as powerful as aviation gasoline of the last war.

**Cattle and Calves Weaken, Runs Expand**  
 Fort Worth — Cattle and calves opened about steady at Fort Worth Monday but weakness developed on cows shortly after the opening and sales were around 50 cents lower by the time a clearance was completed. Liberal waterfills offset some of the apparently lower offers in most cases. Fed steers and yearlings sold on a steady to weaker basis, spots 25 cents or more lower. Most of the fed cattle were of the shortfed, or warmed-up grasser variety and attracted about equal bids in many cases from packers and feeder buyers. Slaughter calves were steady to weaker, compared with the high close of last week, as national packers exerted pressure from the start on that class. Stocker and feeder cattle and calves were firm throughout. Bulls were steady to stronger, some toppy bulls up to \$22.50 or fifty cents above most recent sales. Good and choice slaughter steers and yearlings cashed at \$24 to

\$27 and common and medium offerings cleared at \$17 to \$24. Fat cows cashed at \$17.50 to \$20.50, and canners and cutters drew \$11 to \$17.50. Bulls earned \$18 to \$22.50. Good and choice slaughter calves sold from \$24 to \$28, and common and medium sorts brought \$17 to \$24. Culls sold at \$14 to \$17. Medium to good stocker steer calves cleared at \$25 to \$32, a few to \$33. Heifer calves ranged from \$29 downward. Stocker steer yearlings of medium to good grades sold from \$22 to \$27, with some choice lighter weights to \$27.50 and \$28. Stocker heifers sold around \$24 to \$25 and downward. **Lambs and Yearlings Open Lower, Feeders Firm** Slaughter lambs were weak to 50 cents or more lower and the top was \$1 under the highest price last week. Strictly choice lambs were very scarce. Yearling wethers were weak to 50 cents lower. Older sheep and goats were steady. Good and choice slaughter lambs

cashed at \$20 to \$22 and cull to medium lambs sold from \$12 to \$19. Stocker and feeder lambs ranged from \$17 to \$20, and shorn

feeders sold from \$18 down. Good and choice yearlings ranged from \$17 to \$18, some 118-pound yearlings at \$17. Cull to

medium yearlings sold from \$12 to \$15. Slaughter wethers cashed at \$7 to \$7.50. Slaughter goats sold around \$7. Two-year-old wethers ranged from \$10 to \$12. Bucks brought \$10 to \$12. Mouthed ewes sold low mouthed

**Sure-footed Man Serves Texas**

The colorful language of the ranch and trail seems to fit Bill Blakley, who made his start in life as a working cowhand. He still rides and ropes with the hands on his ranch at roundup time. Speaking of Blakley's service as U. S. Senator in 1957, the *Dallas News* said: "... If he was as unassuming as an old boot, it was nevertheless a well polished boot that never wobbled or wavered from its purposeful path. For this man Blakley is a sure-footed man who knows exactly where he stands and what he believes." Texans will vote to return William A. Blakley to the Senate on July 26 because he truly represents the spirit, traditions and views of all Texas.
