**WE PAY FOR BETTER SERVICE**

A sour note amidst the New Year jubilation that floated over us on a dreamy cloud of optimism and official self-satisfaction was the shockingly sudden collapse of law and order and recognized government in the former Republic of Cuba — as marked by the headlong flight of President Fulgencio Batista and President-Elect Rivero Agüero to the sanctuary (we are told) of Generalissimo Rafael Trujillo's Dominican Republic.

Only hours before Roy R. Rubottom, Jr., Assistant Secretary of State for Inter-American Affairs, told a Senate Foreign Relations sub-committee that the US would maintain its hands-off policy and that no intervention was planned. He said the Department had no evidence that the mysterious Fidel Castor is under Communist influence or that his insurgents include organized Communist elements. The same thought was echoed later by Senator Wayne Morse, chairman of the sub-committee who also said his group felt the State Department "is doing an exceptionally able job."

In the light of the events immediately following, however, it appears that the State Department and Allen Dulles' hush-hush Central Intelligence Agency (which is supposed to know what goes on) were caught flat-footed again. Our confusion is reminiscent of the days following Nasser's seizure of the Suez Canal — and the subsequent (and to us highly surprising) invasion of Egypt by our bosom allies, Britain and France.

Of course, that was way off in the Middle East. But Cuba not only lies just beyond our doorstep, but as a long-time protectorate — a sort of adopted child that has only recently become of age — should have been of intimate and continuing concern to this country. After two years of expanding guerrilla warfare that has involved kidnapping the US naval personnel and civilians, interference with US-owned property and business and, finally, the overthrow of the established government to whom some 40,000 US nationals have looked for protection, we do not share Senator Morse's enthusiasm for the State Department's awareness or competence.

Rather, we think, the senators should now try to find out why the Department has not known what the score was, or, if it did, why it had taken no action.

Mr. and Mrs. Charles R. (Chick) Womack are the parents of a daughter born in the Crockett County Hospital December 31. The baby has been named Nancy Jane. Mr. Womack is a teacher in the Ozona Junior High school and Junior High football coach and high school track coach.

Mrs. Lela Nussbaumer and daughter, Maycee, of Del Rio spent a part of the holidays here visiting relatives.

**TOWARD GREATER VICTORIES**

The March of Dimes opens its 1959 campaign with the determination that its bold new program will lead toward greater victories than those achieved against polio.

Here and in communities all over the county a total of two million volunteers are acquainting the public with the aims of the National Foundation's expanded health program. They move into the annual drive with the sure knowledge that they have a winning combination that spelled success over a major disease in the past. It was the partnership of laymen with physicians and research scientists that produced the Salk vaccine and rehabilitated thousands of victims.

Now, as Basil O'Connor, president of the National Foundation, recently said, "This team is ready to apply its unique formula for success to the solution of other perplexing diseases of mankind." Then he added:

"Our concept for the future is the development of an organized force in the fields of medical research, patient care and professional education, flexible enough to meet new health problems as they arise, with specific goals initially."

An immediate broad attack will be launched against arthritis and birth defects (congenital malformations), but spokesmen emphasized that as long as polio patients need care and rehabilitation the March of Dimes will provide it. In 1958, for example, about 50,000 polio victims received aid from the National Foundation which totaled approximately \$18,900,000.

Other funds raised during the 1959 drive will be used for a greatly enlarged research program. This activity is devoted to studies not only of arthritis, birth defects and polio, but of virus diseases and disorders of the central nervous system in general.

The need to train more medical specialists also is being met by expansion of the professional education program. Polio, arthritis and birth defects have crippling factors in common, demand the attention only highly skilled and well trained professionals in health care give. Patient aid will be extended in 1959 to cover victims of arthritis and certain birth defects through the age of 18. The degree to which this program can be brought to life depends in large part on public support of the March of Dimes.

Mr. and Mrs. Robert Sonnevolt are the parents of a son, Stanley Wynn, born Dec. 28 in the Crockett County Hospital.

**TAX-MAN SAM SEZ:**

The Internal Revenue Service is holding Taxpayer Assistance Day every Monday morning between January 5 and April 15 again this year. Taxpayers who have problems they cannot solve by reading their tax instructions that they receive in the mail should plan on either telephoning or visiting the Internal Revenue Service office on Monday morning if they need help. There are 20 Internal Revenue Service offices located in the major cities throughout the Northern half of Texas in the Dallas District. At most of these offices the Internal Revenue men are out of the office carrying out their regular duties (visiting taxpayers at their place of business or office) during the remainder of the week. The Revenue folks feel that most taxpayers can solve most of their problems by reading their tax instructions carefully. They are in business, however, every Monday morning for those of us who don't read so good.

**LADIES BIBLE CLASS**

The Church of Christ Ladies Bible Class met at the church Wednesday morning to study a lesson on Corinthians. Darrell Brawley is the class teacher. Present were Mrs. Paul Hallcomb, Mrs. Bill Johnigan, Mrs. J. D. Owens, Mrs. P. T. Robison, Mrs. Bud Loudamy, Mrs. Ed Cranfill, Mrs. Peery Holmsley, Mrs. Armond Hoover, Sr., Mrs. T. C. Goodman, Mrs. Hubert Baker, Mrs. Lilly Smith, Mrs. Darrell Brawley, Mrs. J. W. Johnigan, Mrs. Mrs. Armond Hoover, Jr., Mrs. Rusty Williams and Mrs. J. B. Miller.

Girl Scout Troop No. 6 went on a cook-out last week where they completed their requirements for the outdoor cookery badge. Mrs. W. A. Adams of Fort Stockton was a holiday guest here in the home of Mrs. Clay Adams.

**The News Reel**

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Jan. 9, 1930

Decision on whether or not the \$375,000 road bond issue, approved by Crockett county voters recently, is to be approved by the attorney general is expected here Friday. Assistant Attorney General D. L. Whitehurst, to whom papers in the election were presented by P. L. Childress and Scott Peters this week, indicated that the election order was not in strict accord with statutory provisions but promised to search the record for rulings by the court on the issue.

A Piggly Wiggly grocery store, the first chain to be established in Ozona, will open Saturday in the Couch building next door to the Joe Oberkamp store. The new store is owned by E. M. Kirkland, Sonora ranchman and owner of the Piggly Wiggly store in that city.

Rob Miller has purchased the interests of other stockholders in the recently established Model Laundry here and is now sole owner of the business.

Joe Forehand, until recently a clerk in the Adams and Adams dry goods and grocery store here, has purchased the Westex Service and Repair Station, recently established on Powell avenue, one block south of Broadway by Allen McKinney.

Friends of the late J. T. Robinson, veteran land commissioner of Texas, have called a meeting in San Angelo Feb. 1 at the Hilton Hotel to discuss plans for the erection of a monument to his memory. The meeting is called by B. M. Halbert, W. L. Aldwell and Sol Mayer, all of Sonora.

Practically all of West Texas is glistening in a thick coat of ice this week as the result of a renewed attack from old man winter. Trees and telephone and light wires were swaying under the weight of ice and power was interrupted Wednesday night.

J. W. Henderson, Sr., was seriously ill last week but is reported improved.

Vernon and Bascomb Cox and Marshall Montgomery have leased three-fourths of the late S. E. Couch Crockett county ranch lands.

Will Miller has purchased the brick home owned by Jones Miller and occupied by Mr. and Mrs. Ben Lemmons. He expects to move in about Feb. 1.

**HIGHLIGHTS AND SIDELIGHTS From State Capitol**

By Vern Sanford  
Texas Press Association

Austin, Texas — Holidays are over, but Austin is entering another period equally festive, active and exhausting for participants.

Tuesday (the 13th) the 56th Legislature convenes, bringing hundreds of new residents to the Capital City for five or six months or more. Their arrival steps up demand in many areas — for rent houses, hotel rooms, catering services, typewriters and stenographers.

A week later comes the Inauguration of Gov. Price Daniel, with a parade, swearing-in ceremony, Capitol reception and a multitude of balls and special parties.

Many organizations send delegations to Austin during the session. These groups — over breakfasts, luncheons, dinners, barbecues or maybe just coffee — meet with their legislators to tell them their special woes and hopes.

Even school children come by the busload to supplement their civics studies by observation.

Last session, a period of uncomfortable concern over ethics and lobbying, saw a dropping off in the lavishness of party-giving for legislators. This round may be even more grim and business-like. Lawmakers will face staggering problems in trying to pull the state out of debt and find money for new needs. No group would want to appear too flush lest it be seen as a likely tax target.

Some events and issues on which interest is likely to focus immediately:

**Speakership** of the House of Representatives still is in doubt. Even those who claim it's "sewed up" know that pledges can come unhitched. There'll be a big crowd on hand to find out whether the secret vote hands the gavel to Waggoner Carr of Lubbock or Joe Burkett, Jr., of Kerrville. Secretary of State Zollie Steakley will preside at the suspenseful opening session.

**Money** gets top billing on almost everybody's list of legislative problems.

Governor Daniel's recommended budget calls for spending \$2,311,434,306 during 1960-61. An extra \$185,900,000 in new tax revenue would have to be raised to cover it and wipe out the current deficit.

Overall, the governor's budget is a 10 per cent increase over present spending. Almost all the increase, he pointed out, would go to meet a growing population's need for basic state services — education, highways, welfare and hospital and correctional institutions.

Governor Daniel said he had found "no public sentiment" for reducing these services.

Not included in this budget are several items for which there is certain to be demand, such as teacher pay raises and medical aid for persons on the welfare rolls.

**Education**, on all levels, will be a broth that many will try to stir.

For public schools, the Hale-Aikin Committee of 24 is presenting a lengthy report on ideas for improving programs. Included are more pay for teachers, longer school terms, special instruction for the gifted, driver education, etc. Total cost of the additions would be \$80,000,000 a year for the state, about \$32,000,000 a year for local districts.

**Highway bills** will abound. Seen as likely are proposals to (1) allow the Highway Commission to set higher speed limits on new divided highways, (2) restrict billboard advertising on new interstate routes, (3) prohibit location of utility lines on highway right of way outside of cities and (4) prohibit car owners' registering their cars in counties other than where they live in order to escape auto property tax.

**Safety** legislation, both to punish the guilty and train the innocent, has widespread support.

Recommended measures would (1) allow chemical tests for drunkenness, (2) increase the State Highway Patrol, (3) strengthen traffic courts, (4) provide state aid for driver education in public schools and (5) overhaul the drivers license law.

**Water law** will again be in the news when the State Water Board presents its report to the Legislature with the recommendation that \$5,000,000 be spent on water plan-

ning in the next five years.

Texans lost hundreds of millions in this decade through drought and uncontrolled floods, the Board noted. It suggested planning directed toward capturing for use some 20,000,000 to 25,000,000 acre feet of the 42,000,000 acre feet estimated to run annually into the Gulf from Texas.

**Small Loan Companies** likely will be the center of some heated

legislative debate as they have been in the past.

Texas Legislative Council has suggested a law giving the State Banking Commission authority to police the small loan industry and a constitutional amendment to allow the Legislature to fix interest rates.

**Insurance** will, as usual, be the subject of a new bill. Probably the most controversial will be a

measure to provide for auto insurance rates, as to the present state-wide rate, the legislative Council declined to do this, but suggested the Insurance work on a plan toward careful drivers.

### Medical Review Of 1958 Lions Football Shows Star-Studded Aggregation Carried To New Heights

By Ernie Boyd

The last college bowl game and in the records and attention now turned to all, it is time for a last look at the 1958 football season at Ozona school through the medical review.

The Texas Sports Writers Association named its official team, to which Bobby Jacobs was named as a halfback by the Sports Writers team, Ozona Star Telegram named the team which had Suttler, halfback and B. B. Ingham as honorable mention all-around, thus getting three mentioned on the two out-of-state selections for a all-time high for Ozona.

The Lions ended the season with a 3-1 record, advancing to the state race in the of doing so, and the figures to be revealed do much to the Lions were able to mark they did.

The 1958 Lion crew was primarily based team and in ground out 3,689 yards and 543 passing for a total of 4,232 yards or an average yards a game which is real any league.

Bobby Sutton, of course, led all runners with 1,663 yards across 212 carries. During the Sutton accounted for 144 and in addition was on the end of 3 touchdown passes wound up the season slightly better than 8 yard per average.

Among the Lions ball crew was Billy Bob Holdman converted to fullback in the first game. Holden the ball 119 times and up 726 yards and scored 14 points for the Lions during the

er averaged over 13 yards per carry.

Another soph, Jim Freeman, wound up the season with a better than 8 yard average per carry from the infrequently used wing back position. Freeman doubled as a defensive end and made all-district as a soph giving coaches visions of good things to come next fall.

Leading passer on the club was quarterback David Sikes who missed the latter part of the season due to injury. Sikes threw 23 passes and completed a respectable 9 for 160 yards and two touchdowns. Sikes held the distinction of being the only Lion toaser who did not have an interception against him.

The Lions set what is probably an Ozona record by intercepting 24 enemy aerials during the season. The Lion air defense, before it was shattered by injuries, had amassed a record of having intercepted 9 of 14 passes thrown from the McCamey game to the end of the first half of the Sanderson game. Seven of the nine interceptions were turned into Lion touchdowns.

Leading pass snatcher was junior Jim Williams who caught 8 opposition passes, running two of the eight back for TDs.

The Lions as a ball club rolled up 390 points to 111 for the opposition. The Lion defense limited the opponents to 2,167 yards much of which came against reserve units, whereas the Lions never once faced reserves during the season.

The 1957 district champ Lions were very close to the 1958 crew in regular season play as they rolled up 3,278 total as compared to 3,333 for the 1958 team. The big difference came in passing as the 1957 team picked up 920 yards passing where the 1958 team got only 543 but the rushing difference more than made up for the lessened pass yardage.

Seven seniors hung up their football gear for the last time after the Plains game. They were lineman Johnny Cooper and back Bobby Sutton, the co-captains of the team, ace defense man Dizzy Reeves, who received the Rotary best tackler award; fullback Billy Bob Holden, recipient of last year's best lineman award from the Ro-

tery; mainstay guard Kenneth DeLand; quarterback David Sikes and end Jerry Jacobs, both of whom were key men for the Lions until injured at mid-season.

Coach Fred Hickman said last week that it was not often a team lost seven men and all of them stars in their own right.

#### AUXILIARIES MEET

The Avis McCullough and Connie Jay Auxiliaries of the First Baptist Church met together in the home of a counselor, Mrs. Glynn. The program was given in the form of newspaper stories written by a G. A. member vacationing in California and reporting on Baptist mission work in that state.

Those present and taking part on the program were Joleen Butterfield, Sharon German, Annie Ruth Wallace, Lana Kay Alford, Mary Frances Goolsby, Patricia Allen, Gloria Loudamy, Mary Ann Pitts and Candy Colquitt. Mrs. Buster Loudamy was a visitor.

**First Cattle Market of New Year Was Good One!**

FORT WORTH — If a good start means a good finish, then the cattle market will be a thing of joy for Southwestern stockmen in 1959. The first session of the New Year Monday was active, and slaughter cows and slaughter calves were strong to 50 cents higher. Fed cattle, bulls and stocker and feeder classes were fully steady, some stockers strong.

Good and choice slaughter steers and yearlings ranged from \$26 to \$29.50. Heavier steers ranged from \$26 downward in most cases. Stocker and feeder yearlings ranged from \$23 to \$29.50, also. Plainer butcher cattle sold from \$18 to \$25.

Fat cows bulked at \$18.50 to \$21 and canners and cutters sold from \$13 to \$18.50, some shelly kinds down to \$12 and \$11. Bulls bulked at \$18 to \$23, odd head higher when good enough.

Good and choice fat calves drew \$26 to \$30, and plain and medium sorts sold from \$18 to \$25.50. Stocker calves drew \$25 to \$32, and choice lightweights were scarce. Heifer calves drew \$30 down.

**Lambs Open Weaker, Top \$18.00-18.50. Feeders Up**

Trade on slaughter lambs was slow and weak at Fort Worth Monday from a packer standpoint. Slaughter interests were fortified with some sizeable numbers of direct and previously contracted lambs and held the line firmly at recent lows and prices were 25 to 50 cents under the somewhat stronger market last week when trade was a forced affair due to weather conditions.

Most of the offering was lambs. Good and choice slaughter lambs cashed at \$17 to \$18.50, the top figure for some shorn fat lambs

with No. 1 pelts sold to shippers. Both woolled and shorn lambs drew up to \$18.

There was a definitely more active tone to the feeder trade and medium to good feeders sold from \$16.00 to \$17.50, some of the lambs at \$17.00 and \$17.50 indicating a definitely better outlet.

A few odd yearlings sold from \$15 to \$17 and occasional aged muttons drew \$12. Slaughter ewes sold around \$8.

**A Word To The Wise; Take This Advice**

Christmas is over, the "new" is gone from the New Year, and now it is time to settle down to our normal every day living. Think about those bills you have acquired during the past two months. It is always convenient and nice to be able to say "Charge it, please." But how would you feel if suddenly your credit were

discontinued? You can be assured that such a thing will not happen, if you pay your bills on or before the tenth of the month, or as agreed. Inquire about our loan service if you are having difficulties meeting your monthly bills.

**Million Highway  
Building Program In  
Planned For '59**

Texas — The State Highway Commission recently announced a program to rehabilitate 2,385 miles of the State Highway System.

W. M. Formby, Chairman of the Highway Commission, stated the \$20-million program is the principal purpose of protection investment that has been made by the taxpayers of Texas in the Highway System.

Work will be done on 360 projects this program, and the work will be done during 1959. It always has programs of this type in order to keep our highways in the best possible state of repair until they can be completely repaired. The volume of work generated by Texas' 4.3 million vehicles is tremendous, and the rehabilitation program increases the carrying capacity of the road. A very important part of the program is that the work on these highways will be done in a safe manner — a goal constantly striving for," said.

Commission chairman stated the work under the program would be in road widening, resurfacing, and work of this type.

Let County projects are: Highway 163 from Ozona to Lett County Line 32.0 miles and seal coat at an estimated cost of \$58,000.

### Lemley To Sell 2000 Cows in Unusual Sale At San Angelo Jan. 12

Joe R. Lemley, San Angelo Angus breeder and calf order buyer, has planned an unusual stocker cow sale in San Angelo, Monday, January 12th. Facilities of the Producers Livestock Auction Company have been leased for the event which starts at 11 a. m.

The unusual thing about the sale is this: the cows that do not have calves at side and are obviously not about ready to calve, will be pregnancy tested by qualified veterinarians. Also, the cattle that are four years old or older will be toothed for age by the "vets". The cattle will be shaped into uniform lots according to quality, age and date of calving. The bulk of the consignment will sell in truck load lots but there will be a number of lots of 5 and 10 head for those ranchers who only need to replace a few of their cows before breeding season begins.

The consignment will consist of about 1,200 Angus and 800 Here-

ford cows and some 800 stocker calves and yearlings. There will be pairs, heavy springers, late calvers, open cows and bred and open heifers. A goodly number of the cattle will be strictly choice quality — good enough to suit any one.

A number of area ranchmen and breed association representatives have expressed a keen interest in seeing a test sale of this sort in order to compare with consignment sales where responsibility, quality and true value of the offerings are so difficult to establish.

"I may take a pretty good country boy's licking on this sale," Lemley said. "We haven't had much time to advertise. Also, those Vets, may find some open cows among those I bought as bred and some gummers in place of those I bought for not over "eight year olds." The packers will sure be the leading contenders on these."

Mrs. E. L. Chapman spent the holidays in Anaco, Venezuela, as house guest of Mr. and Mrs. W. D. Wood. Mr. Wood is a petroleum engineer with Socony-Mobile Oil Company.

### NOTICE OF AN ELECTION

Notice is hereby given that an election will be held on Tuesday, the 13th of January, 1959, at the courthouse in Ozona, Texas, for the purpose of electing three members of the Board of Directors of the Crockett County Water Control and Improvement District No. 1 for terms of two years.

Candidates whose names will appear on the ballot for the offices are James Baggett, Lowell Littleton and Sherman Taylor.

Election officials for said election are Tommy Harris, election judge, and Mrs. J. A. Peltz and Mrs. J. P. Pogue, clerks.

Tomas Lopez returned to Alpine this week after spending the holidays here with his parents, Mr. and Mrs. Francisco Lopez. Tomas is attending Sul Ross State College where he is majoring in music. While in Ozona, he planned and took charge of the music during the special manger scenes for the three evenings at the Ozona Community Center.
