Angelo Fabric Mart To Hold Open House

San Angelo - A Mecca for Women ( and girls) who sew for near-13 years in its smaller downtown home of Mr. and Mrs. Ken Cody locations, the Fabric Mart will initiate open house Monday morners at 2002-4 W. Beauregard in the Village area.

Clifford Kyker, owner, launched the original Fabric Shop at 35 W. Twohig Ave. here an Septemhere continuously at that location and the more recent site at 31 W.

He also has two stores in Abilene another in Brownwood, and still another in Fort Worth.

Noting the modern trend to "sewing your own" as the textile industry continues to bring out newer and better fabrics, including the convenient "wash and wear materials, Kyker said: "We just outgrew our former home. Now we've got the space, fixtures and facilities to properly take care of the West Texas dressmaker."

Especially designed island display fixtures and angled wall sections permit easy-check display and removal of the fabrics for the shoppers convenience.

Ther ewere seven other teams other than Ozona. They were: Big periods. Lake, Eldorado, Menard, Sonora, Mr. Harlan was fat and blende Barnhart, Iraan and London.

In the final games Big Lake won over Eldorado for Consolation and Iraan won over Ozona for Championship.

VOLLEYBALL TOURNAMENT

The Ozona Invitational Volley-

ball Tournament was held last

When the time was up for the Ozona and Iraan game, they were tied 22 to 22 and had to play a ten minute over time. It was very exciting and I must say that the girls played a very good game.

We are especially proud of Alleane Young and Glenda Friend who among four other out-of-town girls made the all-tourney team. Congratulations to both of you.

Charlie Kay

Door Charlie Kay, I heard a girl friend of mine had a date with a boy in San Ancols. Is this true?

Heart Broken

Dear Herst Broken,

Deart believe everything you haur. Buides if she did I doubt if if you don't then that, you very doubtful!!!

Dear Charlie Kay,

Please tell me what a "church key" is. I thought it was the key to the church door but so said I was wrong so I'm asking you.

Dear Pearl, The only church key I know of is the one to the church!! Of course I don't know everything. Charlie Kay

Dear C. K., A terrible tragedy has come into my life. All these years I have believed in the Easter bunny. Today someone told me it wasn't so. Should I believed them?

Dear Fan,

Some people believe everything and anything don't they?!!! Face reality - a rabbit can't lay eggs!

A Fan

Dear Charlie Kay, What do you do for an itch in the eye?

Dear Blink,

I usually scratched mine if possible - otherwise let it itch.

How much wood would a wood- week.

huck chuck if a wood-chuck could

Dear Chucker,
Not being, a wood-chuck, I afraid I don't know!

Dear Charlie Kay, How do you find out if your girl was "true" to her boyfriend. She went out of town last week-end and I want to find out if she went with any other boys.

If you don't trust her anymore then that, you have no business

CHERELEADERS TRYOUTS

The girls practicing for cheerleading again this spring. The tryouts will be held April 1, 1959 in the High School Auditorium at 9:25 a. m.

The girls are divided into two groups. There are June B., Judy B., Glenda F., Pam P., and Barbara B. in one group. Susie C., Camille A., Anne D., and Janet N. are in the other group.

The girls will tryout in these groups, but you vote for them individually. There are places for five cheerleaders and a substitute. Good luck to each one of you.

# Plain talk to the man who thinks "all cars are built alike today"

The one thing we know car buyers want above all in an automobile is quality. Yet many people assume that all cars today are pretty much the same A count avocs in this respect.

This is far from being the case. I can name at least 30 basic differences in the design of our '59 Mercury. Naturally, we feel these differences make Mercury a better car. For example:

EXTRA STRENGTH STARTS WITH THE PRANT The backbone of every Mercury is the frame. We use a heavy box-type construction-the heaviest in the industry. Competitors use frames that are up to 125 pounds lighter.

ME BAILD GOALITY TOO GAS SEE Compare the way Mercury builds engine hoods. Most competitive cars use what is known as a single-panel con-

struction. This type of houd can be twisted and turned with the oliginast pressure-often flutters and vibrous when the car is in motion. At Merce on the other hand, we sie a double panel construction -two layers of steel with the insulation tandpricked in between. Not only is More hood more rigid, but it la
