It Ponders For Purchase Road Machines

Commissioners In Session Today To Decide Deal

Members of the Crockett County Commissioners Court were due into session this morning to an effort to reach a conclusion on the "lowest and best" received Monday afternoon. The court opened sealed bids for purchase by the county of an array of road machinery to worn-out equipment now

complicated problem of determining the type of equipment suitable for use in this county program, of picking the equipment of this type at the advantageous price is being by the Court this week.

Help in making the decision, the court held up the final award contract for supplying the machinery manufacturers until investigation could be among users of such equipment. County Judge Houston said.

Mr. Smith and members of the court made a swing through Odessa, Crane, Rando and other points, talking with officials and road men, dirt moving contractors in parts of the area, gathering aposium of opinions on the size of equipment most here, the judge said.

The machinery makers have sizes and types of equipment would be difficult to make a fair comparison of bids. Judge Smith explained. The award for supplying the county two motor scrapers, one type tractor and one (Continued on Last Page)

Meeting Here July 24 Explain Bracero Contracting Program

Representative from the Texas Employment Commission will be at the courthouse Friday, July 24 at 10:00 a.m. and in Ozona Thursday, July 23 at 3:30 at the courthouse.

It will be to the advantage of ranchers who contract Mexican nationals to be at this meeting. Certain information will be given to ranchers regarding contracting the responsibility under the national program.

Information will be given to ranchers when contracts are renewed or when additional Mexican nationals are contracted. Ranchers not present at the meeting may have to go to Angelo before they will be able to extend contracts or contract additional Mexican nationals.

Moore Oilers Win L L Championship Over BB Grocers

All Stars Picked For Regional Series To Begin Soon

By Ernie Boyd

The Moore Oil Company turned some aggressive base running into runs, and then hung on despite two three-run homers by the B & B Grocers to win the Little League championship last Friday night.

The final score was 8 to 6 but Rosie Seahorn's boys held a five-run margin prior to Stewart's long three-run blast to left center, which pulled the Grocers to within two runs, but also ended the scoring for the night.

Except for the two home runs, Robert Flores pitched good ball for the Oilers while Stewart and Sanches who each pitched three innings for B & B, were victims of some loose infield play which allowed the scampering Oilers to speed around the sacks without the benefit of base hits.

Moore won the first half, but lost two games to B & B while doing so and then trailed the Grocers through all of the last half while losing two more games, but with the championship on the line the Oilers rose to the occasion and downed the only team that has given them much trouble this season.

Following the championship game, the following boys were named to the League all-star team which faces Sonora in the first game of the regional play-offs on a date yet to be determined.

From the runner-up B & B team Gary Stewart, a repeater from last year, Vennie Sanchez, Pete Garza and Rick Hagelstein were picked.

Champion Moore Oil also had four members of its team chosen. They were Pon Seahorn, Robert Flores, Aaron Shackelford and George Kyle.

Third place Mason Motors put three men on the team with Joe Jacobs, Lynn Merritt, a repeater, and Milton Colquitt being chosen.

Last place Ozona Oil placed Carey Pitts and Bobby Amthor on the team which is scheduled to meet Sonora in Sonora.

Alternates chosen for the team in case some member chosen can not take part, were named as follows, Bubby Scrivener, Joe George and David Childress.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

List of donors to the Hospital Memorial Fund since June 9, 1959: Mr. and Mrs. Jack Wilkins in memory of William Ewart Moughon, grandson of Mr. and Mrs. Ewart White.

FOUND — Pair of glasses. Owner may recover same at the Stockman office.

Reach Golden Anniversary

MR. & MRS. MONROE BAGGETT

will be honored by their children at a reception Sunday afternoon from 4 to 6 o'clock in the fellowship hall of the Methodist Church on their fiftieth wedding anniversary. Although the party has been planned for Sunday afternoon, the Baggetts' golden anniversary date is actually July 21.

Miss Lillie Boerner and James Monroe Baggett were married July 21, 1909, in the home of the bride's parents, the late Mr. and Mrs. W.

L. Boerner, in Ozona. Both families were identified in the ranching business, the Boerners later to move to Floydada. Now retired from active ranching after a lifetime in the livestock business Mr. and Mrs. Baggett have made their home in Ozona all of their 50 years of married life.

Hosts for the Sunday anniversary will be Mr. and Mrs. James Baggett, Mr. and Mrs. Jerry Pace of Austin, Mr. and Mrs. Hiram Brown of Austin and Mr. and Mrs. N. E. Smith of Lamar, Colo.

Rains Keep Up Booming Recovery From Drouth Years

Inch In Past Week Up July Total To More Than 1 1/4 Inches

Two heavy summer showers fell in Ozona this week with Ozona rain gauges showing .4 Sunday morning and about .6 Wednesday afternoon for better than an inch of rain this week.

The two showers this week brought to four, the number of measurable rains in Ozona this month, with a total of around one and a quarter inches all together.

The rain this month has already more than four times exceeded last year's July measure, which was, of course, negligible.

The big dark bank which brought Wednesday's rain was most of the morning in forming to the west, and northwest, and apparently ranches to the west and northwest of Ozona got good rains before Ozona began to get its share around 4 p.m.

Brilliant flashes of lightning and loud claps of thunder came with the hardest rainfall, which dropped hot July temperatures to the high seventies by 5 p. m.

A fire alarm at the height of the rain proved to be nothing more than a burned out air conditioner and produced nothing more than some wet firemen.

Six In Contest For First Queen Of Junior Rodeo

Ballot Boxes Placed In Downtown Stores For Girl Nominees

With the date for the second annual Ozona Lions Club Junior Rodeo only a week away, Ozona Lions were very busy this week getting arena, concession stands and dozens of other details ready.

A contest to select a queen of the rodeo for the first time also got under way this week as boxes with the contestants' pictures were placed at various business places around Ozona with votes going at a penny each.

Money gained from voting on the queen will go to help defray the expense of gifts for the girls.

Girls taking part in the contest are Beverly Alford, Judy Black, Camille Adams, Susie Chandler, Pam Ferner and Nonie Conklin. All of the girls chosen are of less than senior standing in high school in order that they might be on hand for the show next year.

The addition of a boot scramble for children 12 years of age and under for both nights of the show has been announced. All entries will have to register for the event but no entry fee will be charged.

A second printing of entrance applications called for last week indicates that another outstanding field of junior cowboys and girls will be seeking the prizes when the show opens next Friday night following a 5 p.m. downtown parade.

Vic Montgomery and his staff have been hard at work securing livestock and making all of the show preparations which have to be made.

Full Entry List Anticipated For Local Golf Meet

Contestants Tee Off Saturday Morning In 3rd Annual Tourney

By Ernie Boyd

A large field of entries are expected to tee off Saturday morning as play begins in the 3rd annual Ozona Country Club Invitational Golf Tourney.

This year's tourney offers contestants a departure from the usual run of golf equipment as prizes and players and their families and guests will be treated to a barbecue supper Saturday night.

Bill Ferman of Dallas is to be the starter with Mrs. Frank McMullan the assistant. Entries must have their qualifying scores in by Saturday night. Scores can be called in to EX 2-2520.

Arch Ward of Stamford is the defending champion but he will (Continued on Last Page)

Six Ozona Beauties Nominated By Lions Club As Candidates For Queen Of Ozona Junior Rodeo July 24 and 25

Pam Ferner, Nonie Conklin, Beverly Alford, Judy Black, Camille Adams, Susie Chandler

The six Ozona beauties pictured here have been nominated by the Ozona Lions Club as candidates for the annual Lions Club Junior Rodeo, scheduled for July 24 and 25 at the fairgrounds arena here. With such an array of beauty, the Club mercifully spared a panel of judges the chore of selecting the "most beautiful" and put the selection on a vote basis, with a penny a vote fee to go to the club's treasury. Boxes have been placed at strategic spots in the downtown section to receive the votes and the queen will be crowned at the rodeo opening and will reign until a new queen is chosen for next year's show.

All of the nominees are sophomores or juniors in Ozona High School, the selection limited to the below-senior rank in order that the queen will be on hand for next year's show to pass on her crown. Money dropped in ballot boxes will be counted at a penny a vote for the designated candidate.

BIGGER AND BOLDER

Federal aid to education is on the prowl again — bigger and bolder than ever.

H. R. 22, introduced by Rep. Lee Metcalf, Montana Democrat and reported out by the House Education and Labor Committee calls for \$4.5 billion of tax money in federal grants over the next four years. These funds would be used for school construction and for teachers salaries. But after four years, what? Human Events, in reporting on the measure, notes that: "The bill fails to include, however, any provisions for ending the program — so, like price supports, the grants would probably continue on and on."

"Thus, the cost of this legislation over a 20 year period would total some \$87 billion — an amount greater than the entire proposed federal budget for the current year and equivalent to approximately one-third of the size of our national debt."

The magazine goes on to quote the dissenting opinion of 10 Republican minority members of the committee.

"(It) would, by producing serious inflationary pressures, tend to undermine our educational system as well as other aspects of our national life. Inflation makes school construction far more costly, and it robs teachers of badly needed purchasing power."

As you might imagine, H. R. 22 is the darling of the leftist National Education Association, which, with the exception of its Virginia delegates, clasped this legislative lulu to its collectivist bosom — and intends to see that congressmen are badgered into voting for it.

Since this enormous "teachers union" constitutes one of the most powerful lobbies in Washington, it will take a lot of pressure from home to keep H. R. 22 from passing — and to prevent the local school from being federalized and removed from local control.

A LITTLE ENGLISH ON THE BALL

On his departure for another round of the hitherto fruitless Geneva conferences Secretary of State Christian Herter, who has already done more budging on Berlin than most Americans care for announced stoically that there was "some possibility we might reach an agreement." He amplified this by saying that he was not optimistic.

On the subject of a summit meeting, he said that unless some progress was made, the President would be unwilling to attend such a huddle.

But in Britain, optimism seems to be running high. Prime Minister Harold MacMillan exudes confidence on a summit meeting and Foreign Secretary Selwyn Lloyd considers it possible to reach an agreement with Russia on Berlin. And Laborite Aneurin Bevan (who will be Foreign secretary if his party takes over) thinks there are no great differences between the two sides on a Berlin agreement!

The catch is that they are talking about temporary or provisional agreements. But perhaps it makes no difference after all.

There's no reason to suspect a temporary agreement is any less binding to a Red than a permanent one.

The British evidently think the temporary model will last long enough to get them to the summit.

Shallow Producer In West Crockett Finaled; Jones Re-Enters Gasser

J. H. Buchanan, San Angelo, has completed his No. 1-C C. W. Meadows, 11 miles northeast of Sheffield and 3/4-mile east of the Half field of Crockett county, as a San Andres discovery.

It was finaled for a daily pumping potential of 42 barrels of 32 gravity oil, with gas-oil ratio too small to measure. Production was natural through perforations be-

tween 1,744-1,768 feet, in 4 1/2-inch casing cemented at 2,005 feet, the total depth.

Top of pay was picked at 1,738 feet on elevation of 2,304 feet.

The project originally was filed as a 3/4-mile east outpost to the Half field, producing from the Queen at an average depth of 1,679 feet.

Location is 330 feet from the south and 1,990 feet from the east lines of 40-GG-HE&WT.

J. E. Jones Drilling Co., Midland, filed application to re-enter and clean out to 8,200 feet at the No. 1 University, an 8,230-foot Ellenburger failure in Crockett county, 10 miles east of Sheffield, for completion attempt as a third producer and a 3/4-mile north and slightly east extension to the Ingham (Devonian gas) field.

The project, originally drilled by Neville G. Penrose, was abandoned in 1951. While being drilled it surfaced gas rated at 25,000 cubic feet daily on a test between 6,385-6,420 feet and rated at 40,000 cubic feet daily on a test between 7,038-7,065 feet.

Location, on a 320-acre lease, is 1,950 feet from the south and 630 feet from the east lines of 1-29-University.

Soil Conservation Districts Honored By New Memorial Stamp

The Crockett county soil conservation district is one of more than 2,800 such districts throughout the country being honored by issuance of a commemorative soil conservation stamp by the postoffice department.

The stamp will be issued August 26 at Rapid City, S. D., at the annual meeting of the Soil Conservation Society of America, and will go on sale at local post offices the following day. The stamp, in three colors, depicts a modern conservation farm, and is of 4-cent denomination.

The soil conservation stamp is a salute to progress in this district and other such districts across the country.

In one field at least, the president is crying for more, not less, spending.

This is in foreign aid, where the House cut the President's demand

by \$400 million and the Senate cut \$366 million off Ike's request. The President said immediately that he may call a special session of Congress later this year to force Congress to give him more foreign aid money. Since rumor has it Congress may not adjourn until mid-September anyway, it could be the Capitol Hill fireworks will be flashing until late in the fall.

Despite some opinions to the contrary, the 48-star flag is not obsolete. A Presidential proclamation issued in January said both governmental agencies and private citizens may use 48-star flags until present supply is exhausted. Some confusion prevailed on this point, when many communities planned public destruction on July 4 of what they considered the outdated flag, and asked military help.

The Marine Corps Commandant issued an order forbidding Marines to participate, saying that only when to avoid capture by the enemy or when worn out, could the National Colors be destroyed within regulations — and then in private ceremonies with due reverence. Many communities then cancelled their flag-desecrating programs, and those who persisted did so without help from the Marines.

An article appearing in newspapers from coast-to-coast, saying people could purchase through their Congressmen a 49-star flag that had been flown over the Capitol on July 4, caused many headaches in Washington. Actually, the 49-star flag was exhausted even before the article appeared, so now we are busy writing letters explaining the situation and returning cheques and money orders sent with their flag orders. Even so, some 1,017 persons

sent their orders in weeks before the supply of flags was exhausted, so minutes after July 4 arrived Capitol guards started running flags up the one permanent and three "emergency" flag poles on the Capitol building. The sun was up before the job was finished — at an average of 44 seconds per flag.

Those who have been in the political arena awhile know people can get pretty intemperate in their remarks to public officials when aroused. Perhaps no one takes more abuse in this regard than Congressman Olin E. (Tiger) Teague of Texas, Chairman of the House Veterans' Affairs Committee. Teague earlier this year recommended a bill to establish uniform standards and formulas for basic veterans benefits as concerned World War I, World War II and Korean War veterans, and to eliminate from the pension rolls those veterans not in need of assistance.

Immediately, the roof fell in, and here are some of the choice quotes directed to him by veterans from around the U. S. — at least the ones that are printable: "You are among the most unreasoning and uncompromising enemies of the war veteran." "There is one nice thing about it; when the Great Commander calls us, we do not have Olin Teague to sit in judgment." "So stop lying about the veterans of World War I, and be the man your parents thought you would be, fair to all and not a few." "May God have mercy on your soul, for some day you will have to pay the price and it might not be too long." "To Olin Teague, a man who detests and despises the poor and needy people and in whose heart there is no compassion." "The museum

in Paris contains 27 paintings of the Last Supper depicting Christ and the 12 disciples. In all 27 artists' versions, Judas bears a striking resemblance to certain Texas Congressmen."

Ironically, a newspaper wrote an article claiming the was "wasteful, extravagant and boondoggie," purporting to give figures to prove it — the entire article was in commerce, without bothering to produce it. The article, produced by Teague's scap for too much for the veteran, while Teague continues to mean letters upbraiding him, doing too little for the veterans thus catching it from both sides. Just who is this man Teague who hates (or loves, take your choice) the veteran so much? He was discharged a colonel from the Army to be elected over five opponents to Congress immediately after World War II. In Europe, he was decorated 11 times, including the Silver Star with two clasps, the Bronze Star with two clasps, the Purple Heart with two clasps, Combat Infantryman's Badge, French Croix de Guerre with Palm. He is in fact, the most decorated war veteran in Congress. He was wounded three times; he left one foot on the battlefield.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where pifon won't even grow. But that's all routine for this Chevy, equipped with Positraction® rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing! Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in speed—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. We'll show you what tough trucks are made of.

*Optional at extra cost

No job's too tough for a Chevrolet truck!

The Stockman, July 17, 1950

ward surfaced road—all the San Angelo from Ozona, a tent outlet over hard sur- roads to Fort Worth and points in east and north Tex- as become a reality in the future if plans now being for- mulated by citizens of Eldorado to a successful conclu- sion outline of the plan advo- cated by Schleicher county good boosters was placed before Pickett County Commission- ers Ernest Hill, president of the do Lions Club and W. O. Under, cashier of the Eldo- rado Bank.

news reel— Pickett county having per- mitted its part of the bargain in selling \$375,000 in bonds, the Commissioners this week passed a memorial to the State Highway Commission that body to start construc- tion at the earliest possible

news reel— Picking the point where pa- ving is no longer a virtue, the Commissioners Court of Crockett

county this week issued an ul- timatum to landowners who have not yet exterminated prairie dogs from their land. The order also cites the fact that a few landown- ers have not yet reimbursed the county for killing the dogs and in- cludes a "pay up" demand as well. To show the determination with which the court issued the final ultimatum, it closed with these laconic words. "By way of notice, without malice, this court asks your cooperation to get rid of prairie dogs; but should any decide to pay no attention to this appeal, to such, if any, this court respectfully asks that you guess again."

news reel— About one percent of the Texas feeder lamb crop is estimated sold, but there are far fewer lambs to go this year. It is estimated the crop this year will be 50 percent of last year's. The guessing price at this stage of 8 cents a pound, is two cents under last year's crop.

news reel— Mr. and Mrs. Paul Perner, Misses Elizabeth Perner, Mary Perner, Tommy Smith, Carolyn Montgom- ery and P. C. Perner spent the first of the week at a camp in Christoval.

news reel— W. D. (Dub) Drennan, Jr., has bought the interest of Joe Fore- hand in the Forehand Tire Co. here.

news reel— Mr. and Mrs. Sid Schwalbe are

the parents of a daughter born July 7.

news reel— Lowell Littleton spent the week end in Lubbock visiting Mrs. Lit- tleton and her parents.

news reel— Mr. and Mrs. J. W. Henderson, Sr., have returned from an extend- ed trip to Corpus Christi and oth- er points east.

news reel— Approximately 600,000 acres of public school land will be adver- tised for sale Sept. 1 because of failure of title holders to pay in- terest to Nov. 1, 1928, J. H. Walk- er, commissioner of the general landoffice, announced in Austin.

William H. Pierce has returned from Camp Rio Vista at Ingram, Texas, where he spent the past five weeks. He won a medal in marksmanship and qualified as a Pro-Marksmen in the Junior National Rifle Association. He also won honors in horsemanship and life saving.

Miss Ann Ratliff, Bride Of Week, Is Honored With Gift Tea Saturday

Miss Ann Ratliff, who became the bride of Dr. James McMullan, Jr., July 11 in Eldorado, was hon- ored at a gift tea Thursday af- ternoon, July 9, in the fellowship hall of Ozona Methodist Church. Hostesses for the occasion were Mrs. Byron Stuart, Mrs. Richard Flowers, Mrs. Robert Cox, Mrs. A. O. Fields, Mrs. Winston Whit- aker, Mrs. Sherman Taylor and Mrs. Coralle Meinecke.

Mrs. Sherman Taylor greeted the guests. In the receiving line were Mrs. Whitaker, Miss Ratliff, her mother, Mrs. Vernon Ratliff of Modesto, Calif., Mrs. Ashby McMullan, the groom's mother, Mrs. Tom Ratliff of Eldorado, aunt of the bride, and Mrs. Mein- ecke.

Mrs. Sonny Henderson and Mrs. Larry May assisted with the gifts. Misses Nonie Conklin and Sandra Whitaker provided piano music during the tea hours. Mrs. Ronnie McMullan of Big Lake and Mrs. Dick Kirby were at the bride's

book. The tea table was laid with a pink cloth covered with white net, with ruffles to the floor. White medallions outlined and dotted the long ruffles. The center ar- rangement was of white carnations with pink rosebuds centered in each flower. Pink tapers flanked the centerpiece. Crystal was used on the table for frosted pink punch iced sandwich loaf, salted nuts and pink and white wedding bell mints.

Serving at the tea table were Mrs. Charles Ratliff of Ozona, aunt of the bride, Mrs. Frank McMullan, Mrs. Jack Wilkins and Mrs. Lewis Hersey of Big Lake, aunts of the groom. Assisting in the serving were Misses Ann Bag- gett, Carol Blackstone and Ales- tha Brown.

The gift tables were covered with white organdy with pink and white bows on the skirt. The bride's book table, also white, was centered with a nosegay of white carnations and pink ribbons. Pink dahlias were on the piano.

About one hundred guests called during the tea hours.

insecticide for the control of
scab disease that is non-
to pecan leaves, results
luxuriant foliage, better
greater nut weight
per tree, has
proved effective by the Tex-
cultural Experiment Sta-

tion, said D. W. Rosberg, associ-
ate professor in the Department
of Plant Physiology and Pathol-
ogy. The fungicide is Zineb and
was applied as a spray at a rate
of 2 pounds per 100 gallons of wa-
ter.

The tests were conducted in
Bastrop, Wharton and Parker
counties during 1950-56. Nine fun-
gicides were tested in 1950 to de-
termine their effectiveness in con-
trolling the disease. The treat-
ments were applied as sprays to
trees of the Delmas variety, which
are highly susceptible to scab dis-
ease, said Rosberg.

Most effective control of scab
disease was obtained with EMMI,
Zineb, Bordeaux mixture and Pur-
trated Azricultural Spray were
comparable in their effectiveness.
However, he said, the latter two
compounds produced marginal
leaf burning, while a damaging
infestation of mites and aphids
developed in the Bordeaux spray-
ed trees. A mild phytotoxic effect
expressed as slight chlorosis and
brittleness of leaflets occurred in
the trees sprayed with EMMI. In
contrast, the leaves of the Zineb-
treated trees were dark green in
color and phytotoxic effects were
absent.

Rainfall is a primary consid-
eration in determining when a spray
application for effective control
of pecan scab disease should be
made. In dry years, one or two
spray applications may provide
satisfactory scab control, while
during seasons of frequent, though

not necessarily heavy rainfall, sev-
eral spray applications will be re-
quired, Rosberg added.

National Farm Safety Week has
been designated for July 19-25,
says the Texas and Ranch Safety
Council, with the emphasis this
year on "Safety Makes Sense."
Farm families who continually in-
clude safety in their plans and
work are aware that safety that
saves makes sense. Safe farming
and living saves time, money,
sound bodies, carefree hours and
even lives, the council says.

Farm work accidents claim a-
bout 3,500 lives each year, more
than any other major industry.
About 12,000 farm residents lose
their lives each year in all types
of accidents, and another million
or more suffer accidental injuries.
The accompanying disabilities,
miseries and financial troubles
emphasize that "Safety Makes
Sense," say the council.

Human failure, not motor ve-
hicles, farm implements and ani-
mals, is the basic cause of acci-
dents. In nearly every case, hu-
man failure to recognize and cor-
rect a hazard is the real cause of
accidental death and injury. Hu-
man failure to recognize and cor-
rect common sense, improper equip-
ment, improper care and use of
equipment, procrastination, false
confidence and lack of knowledge,
states the council.

The object of National Farm

LADIES GOLF ASSOCIATION

The monthly luncheon of the
Ladies Golf Association was held
last Thursday at the Country Club.

In golf play for the day, low
putts went to Mrs. Jess Marley.
For the monthly play of "strokes
improved" the ball was won by
Mrs. Joe Pierce.

Luncheon hostess was Mrs. Ear-
ly Baggett. Bridge hostess was
Mrs. W. E. Friend, Jr. High score
in bridge went to Mrs. T. J. Bailey,
second high to Mrs. George Bun-
ger, cut to Mrs. Sid Millsbaugh, Jr.

Others attending were Mrs. Hil-
lery Phillips, Mrs. Dempster Jones,
Mrs. C. O. Walker, Mrs. A. S.
Locke, Mrs. John Childress, Mrs.
J. S. Pierce, III, Mrs. Beecher
Montgomery, Mrs. John Lee Hen-
derson, Mrs. V. I. Pierce, Mrs.
Jess Marley and Mrs. Joe Pierce.

LADIES BIBLE CLASS

The Church of Christ Ladies Bi-
ble Class met Wednesday morning
at 9:45 at the church, Mrs. H. W.

Safety Week is to establish safety
in farm living. Farm safety activi-
ties aim at developing the atti-
tudes, customs and environment
for safe living for every member
of the family every day of the
year. In the vital contest of edu-
cation vs. accidents the score
should be Safety Education 100
per cent, Accidents zero, the
council states.

Baker teaching the class in the
absence of Darrell Brawley, min-
ister. The study has been a series
of lessons on "The Life of Christ."
Attending the class were Mmes.

H. W. Baker, O. L. Sims, Bill John-
igan, J. D. Nairn, Leon Blanken-
ship, Neal Hannah, Bud Loudamy,
Herman Knox, Roger Davis, Ed
Cranfill and J. B. Miller.

"The men of America's defense forces know how important peace is—
know it's a matter of life and death. And peace costs money. Every
U. S. Savings Bond you buy helps provide this money—helps strengthen
America's Peace Power. Are you buying enough?"
says Gregory Peck
appearing in "Pork Chop Hill"

SUL ROSS COLLEGE RODEO CHAMPIONSHIP TEAM

Left to right in the picture: Bob Johnson, Eldorado, Texas; Pete Lewis, Dell City, Texas; Don Lee Smith, Aspermont, Texas; Jim Batsch, Rapid City, South Dakota; Jody Jones, Ozona, Texas; Jeff Smith, Aspermont, Texas; and kneeling in front of the trophies, Don Thorson, Scenic, South Dakota.

The Rodeo Team is looking at the seven trophies they have won during the 1959 rodeo season. The team is Regional Champions of the Southwestern Region. The team has won a total of 3,369.5 points. New Mexico State University was the second place team with 1,738 points. Sul Ross placed 3rd in the National Finals held July 3-5 in Klamath Falls, Oregon.

then publicly opened and read. Plans and specifications including minimum wage rates as provided by Law are available at the office of Robt. A. McCulloch, Resident Engineer, Sonora Texas, and Texas Highway Department, Austin. Usual rights reserved. 15-2c

Roger Gotchers Visit; To Attend Sul Ross

Mr. and Mrs. Roger Gotcher and daughters, Cindy and Cheryl, of Batesville, Texas, left Friday for Alpine after a two weeks visit with his parents, Mr. and Mrs. C. W. Gotcher, and Arlene.

While in Alpine, Roger will be enrolled in the graduate school of Sul Ross College and plans to re-

turn to Batesville in September to resume his duties as Junior High coach and science teacher. During the past school year the former Ozonan has been an active member of the Organization of Southwest Texas Schoolmen and Texas State Teachers Assn., and has been elected president for 1959-60 of the Zavalla Unit of TSTA, representing about 200 teachers from Batesville, Crystal City and surrounding schools.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford

Texas Press Association

AUSTIN, Texas. — Whatever the outcome of the summer tax battle, when the smoke has all cleared, the fire wont be out.

Like live coals banked in ashes, the tax issue will be ready to flame up again when new fuel is added.

Sources of new fuel are easily foreseeable.

Every member of this Legislature, by his voting record, expressed a tax viewpoint. Many of them will have to face opponents attacking this viewpoint in the 1960 elections. Since a new law moves primaries up by two months, campaigning will begin long before the dogwood is out — maybe while Christmas lights are up.

Many candidates may be wary of lighting into an issue on which it's almost impossible to take an all-round popular stand. But whoever gets elected and comes to Austin in 1961 will find the old tax monster waiting, bigger and fiercer than ever.

This Legislature will likely enact just barely enough new taxes, mostly on old favorite sources, to cover the budget. But the 1961 budget will have to be bigger. For some time population growth and other factors have kept budgets going up by about 10 percent every two years.

Additionally, there will be, as

always, demand for new programs new buildings, new spending. Hale Aikin school improvement program alone would call for at least a \$100,000,000 tax bill.

Only hope for avoiding an even hotter tax battle in '61 is for 1960 voters to give their elected officials clear instructions on what they want and how they are willing to pay for it.

New Insurance Bill—Out of the House-Senate conflict over the State Board of Insurance came a reorganization bill aimed at getting rid of at least some present officials.

Sen. Floyd Bradshaw of Weatherford introduced the bill calling for organization of a new three-member, full-time Board of Insurance.

One member would be designated commissioner at a \$20,000 salary. One would be the chairman at \$15,000; another, a member at \$15,000. Nothing in the bill says present members could not be appointed, but all appointments would be subject to Senate confirmation. Senators tried to oust present

Commissioner William A. Harrison on two years ago, were balked by Board Chairman Penn Jackson and an attorney general's ruling that they lacked this authority.

Since then Senate hostility toward Jackson and Harrison has been open and frank. Senate appropriation bill slashed salaries to one-third for Board members. House held out for full-time Board reorganization bill — with a full-time Board to please the House and a chance to name new members to please the Senate.

Let Nature Be — A group of

West Texas ranchers won another round in their court fight to force a cloud-seeding firm to leave the weather alone.

Texas Supreme Court upheld an injunction to stop a weather modifying program by Southwest Weather Research, Inc.

Weather Research had been hired by a group of Fort Stockton cotton farmers to drop silver iodide pellets into clouds that threatened to bring crop-destroying hail storms.

Water-loving ranchers brought suit. They contended the cloud seeding not only chased off the hail but moisture of all kinds.

Insurance Cut Due — State Board of Insurance has ordered reductions in auto insurance rates ranging from 10 to 15 percent in some parts of the state.

Effective date is Aug. 1. Most of the cuts will stem from a reduction in expenses, such as agent commissions, rather than low accident rates. State-wide the cuts will amount to about \$226,000,000, saving some drivers as much as \$20 a year.

In some areas, mostly larger cities, the drop will be smaller, and in a few counties the rate will rise.

Board chairman Penn Jackson said that a merit rating plan, setting lower rates for accident-free drivers, will be made later.

Adventures in ADVERTISING

TOMBSTONE TERRITORY

Before World War I Fairy Soap was the largest seller on the American market. Mother used it as a beauty aid. Junior used it in the bath tub. Sister used it to shampoo her hair. And father used it to wash that portion of his face which wasn't covered with mustache and mutton chops. In magazines, on bill boards and in newspapers, you would see advertisements of Fairy Soap.

During the first great war the demand for Fairy Soap was so great that the manufacturers dropped their huge advertising program with an eye to making a bigger profit. They figured Fairy Soap was so well known it would carry itself. They were wrong. Other far sighted soap manufacturers stepped in with appealing advertising campaigns and took over the market. Fairy Soap was never able to come back and today lies in the graveyard alongside the Gold Dust Twins, Saint Jacobs Oil, Melon's Baby Food, Dolly Varden Chocolates, Omer cigarettes, Maxwell automobiles and many other products that died a natural economic death due to lack of advertising.

Straight To The Point

A Summary of Vacation News From The Teenage Set
By Sally Baggett

Things are beginning to pick up around here. Everyone is getting ready for the rodeo and the girls are sending news from twirling school.

Sandra Whitaker, Nonie Conklin, Don Nell Carnes, Peggy Harvick and Glenda Friend are at McMurry twirling school giving the instructors heck! I hope you learn something and don't spend all of your time at the drug store!

Much fun was had at the swimming pool Saturday night. After the swim, water melon was served at the Country Club. Some of the couples were Bob Childress and Kathy Doran, Jim Doran and Barbara Barbee, Dick Carr and Sally Baggett, Jake Young and Carolyn Carr, Phillip Carnes and Sandra Whitaker, Johnny Childress and Janet North, Pam Perner and Darrell Rasberry, Alleane Young and Tooter Malone, Joe Foe and Frances Childress, Bill Meinecke and Nancy Friend, Tommy Stokes and Wanda McCaleb. After the watermelon was finished off, someone found a record player and plugged it in.

Where is Linda Millsbaugh?

Susie Chandler finally returned to civilization, but she left again Wednesday.

Alma Ingham had a date with Tommy Owens Sunday night. Could this romance be budding again?

Tommy Parker has been spending most of his time in Big Lake. I suppose it's the same attraction that is keeping all our Ozona boys over there at one time or another — those Big Lake girls.

Janet Mason is at Mt. Wesley for a week. Bob, you'd better write often — those moonlight hikes in the hills are interesting.

The only intelligent conversation you can get out of the boys is their roping time and stuff like that. You guessed it. Preparation for the rodeo. Every girl has been deserted for the arena.

Well, see you next week. Don't let the twine bug bite.

Golf Tourney —

(Continued from page one)

have his work cut out for him this year as a large number of area golfers are expected to be after the title.

Instead of the usual assortment of golf equipment the club directors have decided to give wrist watches, electric shavers, beverage coolers, and a chaise lounge as prizes with the lounge going to the medalist, the watches to flight winners and the remainder to runner ups and consolation winners.

The medalist score must be shot on the Ozona course Saturday as scores tallied on other courses will not count in medalist play.

Local golfers have been putting in a lot of extra hours this week in an attempt to sharpen up their games for the coming tourney. T. J. Bailey, Beecher Montgomery, Joe Williams and others will be accorded some chance in their respective flights with one or more doubtless winding up among the upper bracket prizes.

Miss Ann Ratliff, Dr. James McMullan Wed In Pretty Home Ceremony At Eldorado Sat.

Miss Ann Ratliff, daughter of Mr. and Mrs. Vernon Harrison Ratliff of Modesto, Calif., former Ozonans, became the bride of Dr. James Ashby McMullan, Jr., son of Mrs. Ashby McMullan and the late Mr. McMullan of Ozona, in a pretty home ceremony Saturday in the home of Mr. and Mrs. J. T. Ratliff of Eldorado, uncle and aunt of the bride.

The ceremony was read by Rev. Morris Bratton, pastor of the Ozona Methodist Church.

J. T. Ratliff, the bride's uncle, gave her in marriage.

She wore a ballerina-length gown of ivory peau de soie designed with a lace basque bodice. A crown of pearls held her fingertip-length veil of ulsion, and she carried a yellow-throated white orchid and lilies of the valley on a white Bible.

Miss Sally Sandlin of Mount Pleasant was maid of honor. Bridesmaids were Miss Gretchen Gerlach of Corpus Christi and Miss Sara Keys of Austin.

Ronnie McMullan of Big Lake was best man for his brother, and another brother, Joe McMullan of Ozona, was groomsmen, along with Dr. Bill Lilly of San Saba. The Ratliff home was setting for the reception.

Dr. and Mrs. McMullan will live at 608 Era in San Angelo. The bride was a student at University of Texas where she belonged to Zeta Tau Alpha sorority and Ashbel Literary Society. Her husband received a degree from Texas A & M College School of Veterinary Medicine.

Mrs. McMullan, the bridegroom's mother and Mrs. Charles Trigg of Eldorado were hostesses for a rehearsal luncheon in the home of Mr. and Mrs. Trigg.

TV & RADIO SERVICE. Part time. Also service on hi-fi and record players. Charles White, 1303 Ave. F. 14-21p

Seven More Miles Of Pandale Road To Be Contracted July 22

Approximately seven more miles of ranch road from Highway 290 west of Ozona toward Pandale are scheduled for construction in a contract to be awarded by the State Highway Commission on July 22, according to notice to bidders posted by the Commission.

This road which traverses southwest from Ozona through ranch country to the Val Verde county town, crosses approximately thirty miles in Crockett county, the balance to be in Val Verde county.

Around 25 miles of the road has already been paved in contracts let by the Highway Department over a period of several years. The road is expected ultimately to be completed to intersect U. S. Highway 90, thus giving in that area a more direct outlet to the north and east.

Lynn Gustavus, Former Ozonan, Is Married In Abilene Ceremony

First Baptist Church in Abilene was the scene Friday evening of the wedding of Lynn Gustavus and Delma Dale Haralson, both of Abilene.

The bride is the daughter of Dr. and Mrs. H. R. Gustavus, former Ozonans now living at 754 Westwood Dr. in Abilene. Dr. Gustavus practiced dentistry here for a number of years.

The couple will reside at Fort Benning, Ga., where the bridegroom will attend Army Officers Training School. He is a 1959 graduate of Hardin-Simmons University where he was a member of the Cowboy Band and the Colt Club and was president of Phi Kappa Delta. He will attend the University of Texas Law School.

The bride is a 1959 graduate of Abilene High School and was employed by T. S. Lankford and Sons in Abilene. She plans to attend the University of Texas.

WATER SPORTS SAFETY

By CAROL LANE

BE CAREFUL AT ALL TIMES! Always wear your life preserver when you are in the water. It will save your life.

Court Ponders —

(Continued from Page One)

crawler type front end loader, ranged from a combination of lighter machines at \$93,000 up to a little over \$120,000 for heavier machines and different combinations of equipment. The job of ferreting out the best deal and to secure the most usable equipment for the county's need is that of the Commissioners Court in session Tuesday.

The court in its notice to bidders, gave notice of its intention to issue time warrants amount not to exceed \$10,000 to pay for the new equipment.

FOR a job well done in cleaning your carpets with the best equipment. — RATLIFFS.

takes the guesswork out of Home Buying

In 1948, residential customers of WTO used an average of only 110 kilowatt hours per month. TODAY, they use an average of 230 kilowatt hours per month. WTO customers in 1955 used more than twice as much electricity ... and paid 10% less per kilowatt hour than in 1948.

Choose the home that displays this medallion seal! It's your assurance that it meets highest standards for better, more convenient, more economical living!

- MODERN ALL-ELECTRIC KITCHEN. Automatic electric range and oven are already installed.
- MAJOR ELECTRIC APPLIANCES — at least four of them, including the range — are part of the original house plan ... located for convenience by the home's designer.
- LIGHT FOR LIVING is provided for in work, play and traffic areas, to illuminate them for beauty as well as for your family's safety and comfort.
- READY WIRING — a prime requirement in homes qualifying for the Medallion seal — is ample to accommodate today's appliances plus those you will want in the future.

Get your money's worth, electrically speaking! Make sure the home you buy or build meets Medallion Standards for better living — electrically — today and tomorrow. Ask your building contractor.

LOOK FOR THIS SIGN

LIVE BETTER ELECTRICALLY

Electricity costs so little — you can use lots of it!
