

Citizenship Topic For Woman's Club Program

Citizenship was the program topic when the Ozona Woman's Club met Tuesday afternoon in the home of Mrs. Stephen Perner, with Mrs. John Bailey as assisting hostess.

Mrs. L. B. Cox, Jr., was program coordinator. Mrs. Joe Pierce, Jr., gave a summary of the conclusions of Martha Rountree, noted TV and radio commentator, concerning the growing influence of women, especially through their federated clubs, in shaping public affairs and improving morality generally.

Mrs. Hubert Baker gave highlights of the General Federation convention in Los Angeles and noted re-districting under way among clubs of the Texas Federation. More and smaller districts have been created in order to promote a closer harmony of clubs at the district level and in turn for a more concerted effort toward the Federation objectives.

Mrs. Bailey Post exhibited samples of bronze memorial plaques from which the Club chose a style which it will purchase to mark memorial trees planted on the hospital grounds in the club's project.

Mrs. L. B. Cox, III, president of the Woman's Forum, presented a piano solo, "Etude" Op. 10, No. 3, by Chopin.

Others present were Mmes J. A. Fussell, J. W. Henderson, A. C. Hoover, B. B. Ingham, Sr., Roy Killingsworth, Ivy Mayfield, J. B. Miller, Max Schneemann, O. L. Sims, O. D. West, Evert White and Charles Williams, Sr.

Highway Patrolman Cites Law Requiring Flaps On Dual Wheels

Highway Patrolman Jackie W. Holmes, who took over the Ozona patrol station Oct. 1 succeeding Patrolman Walter Cawyer, this week called to the attention of truck owners provisions of the new "mud flap" law which went into effect April 1 of this year.

Heretofore, trucks or trailers with dual rear wheels were required to have mud flaps on the rear duals only in wet weather but the new law requires them at all times. Broken windshields in following cars from flying gravel prompted enactment of the new law, the patrolman said. Only the rear wheels of any combination tractor-trailer vehicle need have the flaps, which must be within 8 inches of the road surface.

Patrolman Holmes, in an effort to point up safe driving to Crockett county residents, has asked the Stockman to carry a "Deathless Days" chart each week, the first appearing in this issue and showing Crockett county now with a score of 61 deathless days — the last fatal accident occurring east of Ozona on August 16, taking the life of Roman Landin of Ozona.

Lt. Starling Is Guest Speaker At ESA Meet

First Lieutenant Dennis Starling was guest speaker at the regular meeting of the Ozona chapter of Epsilon Sigma Alpha sorority held Saturday in the Girl Scout cabin, with Mrs. Sarah Boyd and Mrs. Betty Hoover as hostesses.

Lt. Starling, a veteran of 12 years in the Air Force, and presently operations officer at the Ozona Air Force Station, gave an enlightening resume of Communism and its development as a world threat to freedom, and then described the United States defense measures, stressing the importance of the DEW Line, (Distant Early Warning) radar network and the function of the national radar network, of which the Ozona Station is a part, in the cold war with Russia.

Members present were Mrs. Betty Hickman, Mrs. Sarah Boyd, Mrs. Betty Hoover, Mrs. Jo Lou Chapman, Mrs. Mary Webster, Mrs. Jessie Knox, Mrs. Ann Mullins, Mrs. Effie Dobbs, Mrs. Jane Womack, Mrs. Marjo Peltó, Mrs. Margie Wehnau, visiting member at large, and Mrs. Coralie Meinecke sponsor.

Girls Auxiliary Officers Installed

"A Child of the King" was the theme for the installation service for officers of the Girls Auxiliary of the First Baptist Church at the meeting Wednesday evening at the church. After a short mission program and prayer, Mrs. George Glynn, G. A. Director, installed the following officers: Mrs. Doris Dover, counselor; Fannie Beth Everett, president; Dale Dover, vice president; Gloria Loudamy, secretary; Teresa Trulove, program chairman; Sammie Glynn, prayer chairman; Patricia Allen, stewardship chairman; Mary Ann Pitts, forward steps chairman; Lucille Childress and Pamela Foster, mission study co-chairmen; Margaret Simon and Lana Kay Alford, community missions co-chairmen; Beverly Loudamy and Connie Hubbard, social committee.

Each girl was given a miniature crown as she was called forward and pledged herself to serve as a child of the King the coming year. Delicious refreshments were served before the meeting adjourned.

News Reel

of "The Ozona Story" from the files of Ozona Stockman

Stockman, Oct. 16, 1930

Week - end saw another helping of rain for the ranching section, falls ranged from an inch to seven inches. All West draws and streams were

filled and considerable damage was done by overflows in some areas. Brady again suffered flood damage and two men were drowned in the swollen South Concho river at Christoval.

—news reel—

The Menard Yellowjackets sat heavily on the Lions' back here Saturday afternoon, beating the Ozona squad by a count of 12 to 0.

—news reel—

The Crockett County Commissioners Court has given its approval to the straight route survey for the Ozona-Barnhart road, pay-

ing of which is provided for in the recently approved \$375,000 road bond issue in this county.

—news reel—

McMan-Amerada No. 2 L. P. Powell, in the south end of the Powell pool in Crockett county, has been completed at 2,572 feet pumping 80 barrels of oil in 24 hours after yielding 150 barrels in the first 24 hours in pumping off the head.

—news reel—

The lamb market has been showing great strength during the last few days with the last three days marking up prices. A group from Lampasas offering 4 cents for mut-

ton lambs and 4½ cents for ewe lambs met with refusals yesterday. Judge J. A. Whitten of El-dorado said he had refused \$3 a head for his mixed lambs. Claud Linthicum said he was holding his mutton lambs for 5 cents a pound.

—news reel—

Announcement was made this week of the purchase by Neville Davis, son of Mr. and Mrs. George Davis of Ozona, of the Couch and Kessler store at Barnhart. The store handles groceries, dry goods and feeds.

—news reel—

Edit. — Funny how quickly a good rain will soften up hardened

features and loosen a drawn mouth into a broad grin.

—news reel—

George Bean, Ozona ranchman, sold his fall clip of wool Saturday to Joe Blakeney at 20 cents a pound. Mr. Bean had previously sold his mutton lambs at 4 cents a pound and his ewe lambs at 4½ cents.

—news reel—

Mrs. J. W. Henderson, Sr., was reported in serious condition Thursday morning as the result of what is believed to have been a paralytic stroke suffered Wednesday night.

—news reel—

Ele Hagelstein is reported to have sold 1300 mutton lambs at 4½ cents a pound.

EDITORIAL

By Roberta Johnigan

In order to have a successful team, each player must do his part. Even though there are only a few weak players, the team still does not accomplish what it really could with all strong members.

The same rule applies to being a member of a class in high school. Each class's goal is to gain profit in order that they might be able to sponsor such events as the Junior-Senior banquet, or the long awaited Senior trip.

If all the work is done by just a few members in the class, the reward will not be as great as it would have been had each member done his part.

Too often, we have the attitude, "Oh well, what I can do is so little, why do anything at all?" If each of us had this attitude there would not be very much accomplished, would there?

THE ART OF TAKING NOTES

Roy Neil Killingsworth

For you students who don't know how to keep notes in class, hear these words of wisdom. This is how you do it!

First and foremost you should have a notebook on which you can draw and scribble poems. An important rule to follow on this is never allow yourself to inject any notes in this notebook; take your notes on looseleaf paper that is so much easier to lose.

You should never be listening when the teacher gives out anything important. Catch the tail-end of it the second time around and have him repeat it a third time. This can often lead to the teacher making a spectacle of himself which enlivens an otherwise dull period.

Another thing to watch for in keeping notes is to be careful that you don't pay too much attention to the notes. This may cause you to miss an interesting quirk of the teacher, such as he might wink his right eye at a pretty blond sitting on the front seat every third word.

The most important rule to follow in taking notes is that you should never write your notes so that you can read them. Leave the neatness and punctuality to your buddy. You can always study with him. The only trouble is that he may keep notes just like you. What then?

HOMEWORK CAN BE FUN?

By Margo Pogue

The only way to do homework is to (1) wait until at least 9:30 at night; (2) Get some candy, fruit, cake, or a sandwich (it really doesn't matter just as long as it's eatable); (3) find a pencil without an eraser, or a pen that's about out of ink; and (4) get lots of paper — four or five sheets anyway. Now you are ready to begin — almost. You must not forget to turn on the television set and the radio. You may turn the record player on also; however, this is optional.

Now you're ready to settle down to work. In about five minutes, something will come on T V or the radio that you're interested in. If not, you're on the wrong channel. Change it.

After that you're ready to work for ten or fifteen minutes at least. Then your pen will run out of ink, or you'll need an eraser desperately. Of course, you won't be able to find the ink or eraser, and as your search takes you through the kitchen, you'll suddenly discover how hungry you are.

If you're normal it should take you about thirty minutes to find what you're looking for. Some really champion searchers will be able to stretch it to an hour.

By the time you're ready to go again, it's way past your bedtime. The best thing for you to do in this case is go to bed. The homework can wait until tomorrow, because, after all, sleep is more important.

This fall's record enrollment of 378 students represents 32 states, the District of Columbia, and ten foreign countries and territories.

TWIRLERS TO PERFORM

Friday night the Ozona High School band will present the drum major and twirlers during their half-time performance.

They are able to do a solo routine with the band accompanying them.

This year's drum major is Sandra Whitaker and Nonie Conklin is head twirler. Sally Baggett, Linda Millspaugh, Glenda Friend, Peggy Harvick, and Don Nell, Carnes, are the other twirlers.

A woman was telling the other "girls" at the sewing club about her birthday party. "You should have seen the cake! There were 29 candles."

"Twenty-nine candles?" queried one of them. "What did you do, burn them at both ends?"

ABOUT 1492

Four Hundred and sixty-seven years and four days ago a gentleman by the name of Christopher Columbus first caught sight of what is now known as the great continent of North America. There are several versions of Chris' famous voyage. Here, however is one of the most unique versions yet. America was founded by Columbus in 1492. This is an easy date to remember because it rhymes with "ocean blue", which was the color of the Atlantic in those days. If he had sailed a year later the date would still be easy to remember because it would rhyme with "boundless sea."

Columbus fled to this country because of the persecution by Ferdinand and Isabella, who refused to believe the world was round even when Columbus showed them an egg. Ferdinand later became famous because he objected to bull fights and said he preferred to smell flowers if he had to do anything. In the end he was stung by a bee.
Before Columbus reached America, which he named after a man called American Vesputius, he cried "Ceylon! Ceylon!" because he wanted to see India, which was engraved on his heart before he died. When he arrived, he exclaimed "Excelsior!" meaning "I have found it." Excelsior has been widely used since then.

Another fresh one...from Pontiac!

The 1960 Catalina Convertible

You find it attractive because of the simplicity of lines, the absence of over-design.

You're drawn to its crisp freedom, its perfect form, its exhilarating freshness.

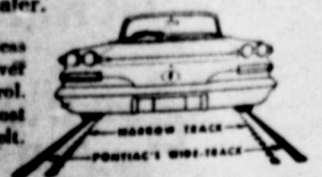

You'll find it amiably obedient because of Wide-Track Wheels and a thoroughly new suspension system. Wide-Track firms the foundation, stabilizes, balances. A softer suspension makes it responsive, quick and easy to take direction.

Pontiac's Tempest engines for 1960 are more

vigorous than ever. You have a wide choice of V-8 power packages, ranging from the high performance 425 to the economical 425E which prefers regular grade gasoline.

The car, the keys, the catalog, the courtesy—all await you at your Pontiac dealer.

since by persons returning from China and India. Columbus was mistaken in thinking he had reached India when he had not even as far as the west. As Columbus discovered, if you go west long enough and yourself in the east and west. The East and the West are separated by the Date Line, as the North and South are separated by the Mason-Dixon line. In the New World most of the middle West, although it is in the East by those who live in the Far West.

Columbus, who was as confused as anybody who has been at sea for a long time, called the first he saw Indians. It is not what they called Columbus. Unfortunately error has lasted through the centuries. The original Indians are still known as "Indians" while all manner of immigrants from England, Ireland, and Lichtenstein are referred to as "Americans."

Accompanied by his devoted knights the Knights of Columbus, Columbus made several other voyages in search of India. Try as he might, however, he kept discovering America and finally returned to die. He lived for a time in Madrid, but spent his last days in grace.

MUM DAY

Tomorrow will be a busy day for a few members of the Junior class. Mums are to be delivered sometime during the afternoon. If you are not at home, they will be placed in your refrigerator. If a Junior is unable to reach you, you can receive your mum at the main gate (by the concession stand) prior to 7:30 p. m. If you have not had an opportunity to purchase a mum, a few extras will be sold at the gate.

SNAKE DANCE, BONFIRE

Tonight is the night of our annual snake dance and bonfire before the Sonora game. The snake dance will start at the high school at 7:00 p. m. Everybody come to help the snake dance be a big success. The dance will end at the football field where the bonfire and pep rally will be held. The fire will be set at 7:30 p. m. Y'all come!!

HALL OF STUDY

One period of our school day leads most pupils to dismay. Do you sit with your hands folded complacently in your lap, gaze out the window, or thumb through the latest magazine? One may do all of these and still make a passing grade. Is this statement right? Must a person judge the actions or activities of another? These questions are aimed at you. Swirl them about in your minds. Study Hall is yours — do with it as you may!

SING WHILE YOU DRIVE

At 45 miles per hour sing — "Highways Are Happy Ways".
At 55 miles sing — "I'm But A Stranger Here, Heaven Is My Home".
At 55 miles sing — "Nearer, My God To Thee!"
At 75 sing — "When The Roll Is Called Up Yonder, I'll Be There"
At 85 miles sing — "Lord I'm Coming Home".

JAMES MOTOR CO. ANNOUNCES NOW NOT ONE BUT TWO FOR YOU

TWO FABULOUS FULL LINES OF ALL-NEW CARS BY DODGE

DODGE DART

A COMPLETE NEW LINE OF ECONOMY CARS
IN THE LOW PRICE FIELD

This is the 1960 Dart — the first completely new full line of automobiles to enter the low-price field since 1928. The smaller Dodge Dart, designed to fit the family pocketbook as well as the family garage, is offered in 20 sedan, station wagon, hardtop and convertible models.

The roomy Dodge Dart, which is styled in classic lines, features its own distinctive interior and exterior, with all the features you've been waiting for. A completely new, advance-design six-cylinder engine — inclined at an angle of 30 degrees in the engine compartment — will provide peak economy for the U. S. motorist. All welded Unibody construction to eliminate squeaks, rattles, dust and rust — roomier family-size interiors that make driving pure pleasure. And a solid look and feel that makes it hard to believe that Dart is a low-priced car.

Dart comes in 20 exciting models — 3 great series, Seneca, Pioneer and Phoenix, each not only sleek looking, with compact sculptured lines, but also with exceptional roadability and handling ease because of its new "Unibody" construction, engines Torsion-Aire ride and 118-inch wheelbase.

See America's First Fine Economy Car — The Dodge Dart — tomorrow.

'60 DODGE

INTRODUCING THE GREATEST DODGE EVER TO TAKE THE ROAD
BIG. SOLID. BUILT TO COMMAND

Dodge for 1960 introduces two all-new lines of roomy, comfortable cars with outstanding roadability and ease of handling — the Matador and the Polara. Both were built to prove you don't have to be extravagant to travel in style.

Underneath Dodge's bold, crisp styling you will find a satisfying bonus in strength and silence of exclusive all-welded Unibody construction — the unequalled responsiveness of a new Ram Induction V-8 engine. Yet for all these exclusive advantages, this magnificent '60 Dodge is most moderately priced.

Coupled with proven Torsion-Aire Ride which has been improved for 1960, the Dodge cars achieve a new, higher level of roadability and handling ease. These engineering achievements permitted stylists to create a new exterior silhouette. At the same time, door openings are larger and higher so it is easier to get in and out. The sweeping exterior silhouette is accented by small canted fins flaring gracefully and naturally from new jet-tube fenders, which are climaxed by large, single tail lights. Style features of the front of the 1960 Dodge cars are the flaring bumper with recessed wrap-around parking lights and new horizontal grille. In addition to the fresh, vibrant look of tomorrow achieved through advanced engineering and new styling, we are offering the motoring public a rugged, fleet, powerful car at a modest price. Come in and see them.

Notes From The County Agent's Office

By Pete W. Jacoby

Progress report recently received by the Texas Agricultural Experiment Station — Texas A&M — on drylot rations for devoting lambs, it was found that millet wether lambs self-fed protein dehydrated alfalfa consumed 37 percent less than self-fed a mixture of parts of chopped alfalfa and whole oats. Similarly, self-fed a mixture of equal parts of chopped alfalfa and protein cottonseed consumed 19 percent more than the oat-alfalfa lambs. Lambs self-fed a mixture of equal parts of chopped alfalfa and sorghum grain consumed 5 percent more feed than alfalfa lambs. Lambs hand-fed whole oats and alfalfa hay consumed 6 percent more than the lambs self-fed chopped alfalfa and oats. There was no outward evidence of urinary calculi and a mild feedlot trouble.

Another progress report released by the Texas Experiment Station on the influence of castration and stibestrol on weight and grade of lambs, it was found that castration of the two treatments resulted in an increase of 8.2 percent more gain on a 120 day period. These increased weights result from a faster rate of growth in lambs prior to castration and the stimulating effect of stibestrol after castration. There was a significant difference in the grade.

Progress report by the Texas Experiment Station on feeding of brownweed to cattle, sheep, goats, rabbits, guinea pigs and chickens, it was found that feeding trials that dried brownweed from sandy land will result in abortion in cows, sheep, goats and rabbits. Abortions did not occur in Spaniards but delayed breeding occurred in sows.

Guinea pig given on alcohol of broomweed aborted. Chickens fed broomweed or alcohol extract of broomweed gain as rapidly as the

High Cubs To Eldorado Juniors Today At 6:30

By Roy Killingsworth

Ozons Cubs will play host to Eldorado Juniors in the local field. The game will be played in Eldorado early in the season the two teams are expected to be a tie. However, Coach says the Cubs were playing their heads in order to win the game with the Eldorado team.

The game with Eldorado the Cubs will be doing without the services of some of the boys who were starting. The end of the season found some boys devoting more time to their curricula work than to team work and as a result they made their grades.

The game played here last week by afternoon the Cubs and Eldorado high boys of Junction played a 12 to 12 tie with neither team being able to make an extra point. At times the Cubs were good ball and at other times they played like they did not know how to do. The outstanding Cub player was Paul Perner on offense and defense.

Thursday Oct. 22, the Cubs will play a game with Eldorado here this week. Game time is 6:30.

Garden Reminders

From Garden Club Reporter

The American Rose Society lists Mrs. G. B. King of Abilene as one of the accredited rose judges. She always judges the roses at the State Fair in Dallas and is president and organizer of the Texas Rose Society. She states that roses can be grown in West Texas and gives the following rules:

1. For soil, use one-third sand, one-third garden soil and one-third acid peat moss. Dig this in well to about 18 inches.
2. Set each rose bush on about a bushel mound of sand.
3. Do all fertilizing from the top — use a balanced rose food twice a year, and in summer her plants get an instant food once a month.
4. For our alkaline water, she recommends the use of liquid sulphur, (Soil-Sul) in watering in the fall and in summer when the leaves turn brown.
5. Pruning is something you do each time you cut a rose. Always cut down to two sets of leaves for long stemmed roses.
6. These are the roses Mrs. King recommends for this area: Pinks — Standard, Picture, patented, Tiffany, Reds — Standard, Crimson Glory, patented, Nocturne, Chrysler and Bravo, Orange red — patented, Torch Son and Aztec, Yellow — Standard, Eclipse, patented, Lady Elgin and Sunlight.

Minister's Forum To Feature Program Of P. T. A. Monday Night

All Ozona ministers will take part in a discussion of the topic, "Redemption and Education" when the Ozona Parent-Teachers Association meets Monday night in the

school cafeteria. Moderator of the meeting will be the Rev. Chas. E. Petet, pastor of the United Presbyterian Church of San Angelo and president of the

San Angelo Ministerial Alliance. Local ministers participating will be the Rev. Darrell Brawley, Rev. Harry Trulove, Rev. Morris Bratton, Rev. Al Brown, Rev. Fr. Con-

nal Lynch, Rev. Hugh Stiles and Mr. Jay Thompson. The meeting is scheduled for 7:30 p. m. and the public is cordially invited to attend.

Fall in love with your car again

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible. We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

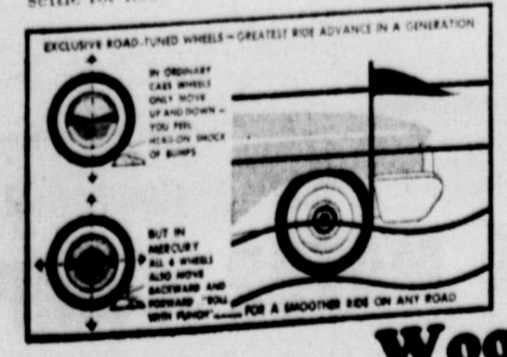

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in. Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

Prices importantly reduced on *all* Mercury models! Popular Monterey* now \$136⁵⁰ lower. Now you can own a new Mercury for a very few cents a day more than a car with a low-price name.

You'll be glad you bought a Mercury every time . . . Why pay a medium-range price for a car with a low-price name? For this year, Mercury is in a new lower-price range. You'll be glad you didn't settle for less . . .

... every time you look at its Sleek-Line styling. Every line is clean, trim. All excess metal has been pared away, shaped smooth. There's no unnecessary bulk. Just elegant simplicity.

... every time you feel its exclusive Road-Tuned ride. Mercury's Road-Tuned wheels (see left) take bounce out of bumps. This ability of each wheel to "roll with the punch" is one of the most important ride advances in years . . . another reason why you'll be glad you bought Mercury . . .

... every time someone sits in the middle. There's real comfort for 6 people, not just 4. Full head room, hip room, foot room for all.

... every time you see other new cars. You'll discover that Mercury has the freshest styling—no warmed-over '59 design as in many so-called 1960 cars. You'll find that Mercury has the newest features—de luxe interiors on even the lowest-priced model, at no extra cost. And you'll appreciate the extra quality—the kind that cuts repair bills. For Mercury is the best-built car in America today. Don't miss the first showing.

Don't buy any car until you've driven the Road-Tuned 1960 Mercury.

Game of Season —

(Continued from Page One)

put forward this year for the Lions to have much chance.

Joe McMullan and Tommy Porter remained out of the work Monday and it is doubtful if either will see service Friday. McMullan will be replaced in the lineup by Darrell Rasberry, and Porter who has been out several weeks will have able Deeny Holden in his position.

The Broncos are expected to go into the air quite often Friday night in an effort to get over the Lion defense, in view of some rather sloppy pass defense displayed at times, by the Lions in recent games.

The defensive burden will fall on Jim Williams, Jim Freeman and Johnny Jones in the deep slots and on Phillip Carnes, Bob Meinecke and the linebackers near the line.

Given good weather the largest crowd of the season is expected for the crucial contest which will launch the winner into the middle of the title fight and almost surely put the loser out of the running.

LADIES BIBLE CLASS

The Church of Christ Ladies Bible Class met at the church Wednesday morning to make plans for the meeting which will begin October 25. Present were Darrell Brawley, minister, and Mmes. H. W. Baker, Darrell Brawley, Ed Cranfill, Charlie Fuller, T. C. Goodman, Paul Hallcomb, Armond Hoover, Peery Holmsley, Armond Hoover, Jr., Bill Johnigan, R. H. Knox, Bud Loudamy, J. W. Owens, O. D. Lions Gallop —

(Continued From Page One)

With the ball on Sanderson's 46 yard line, Meinecke hit Williams down the sideline once again and this time the receiver made a nice catch and apparently had the defense out run, when he dropped the ball on the one yard line. Williams and the nearest defender made a desperate leap after the rolling ball, after a few seconds hesitation, but the Lion end won the leaping contest by a split second, and the cats racked up the score on the next play.

The Ozona defense, anchored by the strong play of tackle Dick Flannagan and line backer B. B. Ingham, simply would not relax enough to allow the Sanderson team to keep the ball, and that to a great extent accounted for the size of the Lions score.

The Lions kicked off in the third quarter and when the Eagles failed to get a first down on fourth try on their own forty-six, they set the stage for the next Lion score. Tony Parker dived over from the one following the move to that point, and Bob Meinecke kicked the extra point to bring the score to 25 to 0.

Meinecke took over as quarterback with an alternate backfield composed of Jim Doran at fullback, and Muggins Good and Joe Friend at halfback, and tacked on two fourth period scores.

During the fourth period play Muggins Good turned in some fine play, running nine times for a nifty 68 yards despite getting nailed for a five yard loss on one effort.

The first score came when a short kick gave the Lions the ball near midfield. Muggins Good and Jim Doran were the big guns following a thirty yard pass from Meinecke to Carl Montgomery which put the Lions deep in Eagle territory. Meinecke went over on the quarterback sneak to end the

drive and then Good sliced into the end zone for two points to bring the score to 33 to 0.

An interception of an Eagle pass by Tony Parker gave the Lions their final chance and they cashed in as Doran and Good ground out good yardage on the ground while Meinecke connected on shots to Carnes and then Jones for the score.

With time running out Meinecke fired a quick pass over the middle intended for Quarterback Johnny Jones, in the game at an end post, and this time fate smiled at the Lions. A Sanderson back deflected the ball and Jones ran under it and into the end zone for the score. Good once again got the two points and seconds later the contest ended with the Lions on top 41 to 0.

The Lions ran up a staggering 590 yards on offense as they counted up 20 first downs and 41 points. Sanderson's tricky single wing attack was able to garner only 76 yards rushing and 8 passing as they picked up seven first downs. Penalties set up or gave Sanderson three of their seven first downs.

Tony Parker was once again the Lions' leading ground gainer with 142 yards on just fourteen tries. Jim Doran had 51 yards and all in all it was a big night for Ozona.
