THE NIXON TEAM will be on "on the job" training every election. There will be no period of danger when inexperienced hands could humble into a costly mistake for the cause of freedom.

The deep experience behind the Nixon-Lodge team guarantees to the American people that Richard M. Nixon and Henry Cabot Lodge, building on the magnificent record of the Eisenhower years since 1953, will provide peace without appeasement, strength without apology, prosperity without inflation.

IT MUST BE THE ACCENT

Mr. and Mrs. J. K. Renshaw were guests of Mr. and Mrs. Rob Hawse at Kenedy, where he is attending a week-end conference.

And Editor Wick notes a thought-provoking item that has appeared in the press of late about the accent in the Southern states.

The point is well taken. Everyone's accent is different. It's what a person sounds like that makes him himself.

The accent in the South is a mixture of Southern English and Spanish which de-emphasizes the th's and gives voice to the vowel sounds.

It is this accent that Mr. Wick is trying to capture in his Ozona Garden Club Topic.

He notes the statement of Senators Johnson and Kennedy, on the Senate floor last week, in their recent Tom Pannell and the hostess.

The Nixon-Lodge team is dramatically suited to the major challenge of our times, in which Communism must be mastered if we are to continue to maintain and strengthen peace in the world, a beautiful, expanding prosperity at home.

More than any other two men, Nixon and Lodge understand the nature of communism and what steps must be taken to control and defeat it.

From Klhoshchev to Vịnhsky, the leaders of communism already have not met more than their match in Nixon and Lodge.

The Nixon-Lodge team will use an "on the job" training every election. There will be no period of danger when inexperienced hands could humble into a costly mistake for the cause of freedom.

The deep experience behind the Nixon-Lodge team guarantees to the American people that Richard M. Nixon and Henry Cabot Lodge, building on the magnificent record of the Eisenhower years since 1953, will provide peace without appeasement, strength without apology, prosperity without inflation.

SCHOOL APPEARANCE IS AN ASSET TO STUDENTS

By Anna Davidson

Would you rather have your children come into your house and spend only their time reading their personal possessions? Your home is a mirror of which you are proud and you naturally want it to look as nice as possible.

Your school is also something of which you should be proud. You should try to keep everything in it as new and clean looking as you can. A good part of our duties in and around our school buildings is to keep our school beautiful. With our certain duties filled with student's work, we would appreciatively want to offer you our best efforts to keep our school to your liking.

Our school has a very competent staff to keep our buildings in shape. They do a very fine job but they can not go around picking up after every student all the time.

Be proud of your school. If you see someone dropping your school, it is your duty to stop them.

**Scoring Splurge — (continued from Page One)**

The second period was scoreless and the Lions really played in a rather care-free manner until late in the third period when the Owl defense got a break and returned the ball to the offense.

The Lions' own chance was not a threat to the Owls and they promptly went to work and scored two quick markers before the game ended on this corner.

From the time the Lions scored, they were in full control of the ball and soon had the Owls on the run. Ozona tackler hit the ball carrier or the Owl 25 yard line and the ball runner Albee caught the ball and darted goalward. Stumble and finally falling on the goal line with the ball flew squarely into the hands of Albee who was waiting for it.

Ozona then hit the ball carrier and the ball carrier Albee caught the ball and darted goalward. Stumble and finally falling on the goal line with the ball flew squarely into the hands of Albee who was waiting for it.
