NUMBER 31

Crockett Goes Over 3 to 1 For Pres. Roosevelt

Willkie Polls 132 to 415 For President; McDonald Leads

Crockett county joined the rest of Texas and the solid South in giving a resounding majority to President Franklin D. Roosevelt for a third term in Tuesday's general election balloting. With one small box yet to be counted, the president was favored for another four years in office by 415 voters, while Wendell L. Willkie, Republican nominee, received 132 votes. Twenty-three Crockett county voters marked their ballots for the straight Republican ticket through the state offices.

Nationwide returns gathered by news agencies and radio through Tuesday night steadily piled up another huge majority for President Roosevelt. Mr. Willkie conceding the election early Tuesday morning and wiring the president his congratulations. It was one of the most colorful campaigns in American history. Latest returns show 55 per cent of the popular vote for Roosevelt and 45 per cent for Willkie.

Ozona voters turned out 445 strong to poll 350 votes for the president, and 95 for Willkie. Outside boxes, with the exception of the Thompson box, reported 65 for Roosevelt and 37 for Willkie.

J. E. McDonald, commissioner of agriculture, who drew the wrath of the state Democratic leaders by endorsing the Willkie candidacy, was an easy victor over the write-in candidate, W. N. Corry. In this county McDonald polled 306 votes to Corry's 87.

All four proposed amendments were approved by Crockett voters on the basis of votes already counted. Only about a third of the voters expressed a choice on the amendments. The first amendment on the list, that giving Red River county authority to refund its warrant indebtedness by a vote of taxpayers was barely approved in this county, in fact, the vote from the Thompson box might put it in the disapproved list. The vote tabulated was 90 for the amendment and 86 against. All the other three were approved by fairly large majorities.

4 Millions In AAA Payments Made In Texas

50 Millions In Government Funds Due Farmers, Ranchmen

COLLEGE STATION, Nov. 6.—Nearly \$4,000,000 already have been received by Texas farmers and ranchmen cooperating with the 1940 AAA program from an estimated \$50,000,000 to be paid.

Cotton and wheat parity payments, meanwhile, neared completion, George Slaughter, chairman of the state AAA committee, announced at a committee meeting in College Station his week.

An estimated 405,000 agricultural conservation payments will be made under the 1940 program, the chairman said. To date 25,453 payments totaling \$3,711,429 have been made. Last year at the same time only 8,000 payments had been made.

Cotton parity payments amounting to \$21,827,802 had been made to 297,737 producers out of an estimated 350,000 totaling \$25,000,000. Wheat parity payments are 99 per cent complete, \$3,475,864 having been paid to 47,858 producers.

The majority of 1940 agricultural conservation payments will be issued after December 1 because of the requirement that the total soil-building allowance must be earned if payments are to be made prior to the closing date for compliance in the program, November 30.

Breaks Third Term Precedent

Sonora-Ozona Tilt High Spot Armistice Day

Annual Battle Monday At 2 p. m. On Sonora Gridiron

While the scene of the Armistice which 22 years ago ended hostilities in the first World War, this year became the scene of triumph by the same forces which on that November 11, 1918, bowed in defeat, America still celebrates the Armistice anniversary and next Monday will observe the day with a national holiday.

Ozona will observe the event quietly, with schools, the bank, postoffice and some of the business firms of the city closed for the day. The day's big attraction for the followers of the Ozona high school football team will be the annual Armistice Day classic between the Ozona Lions and the Sonora Bronchos, to be played this year on the Broncho field in Sonora.

The Lions suffered a 14-0 defeat at the hands of the Mason Cowboys in Mason last Friday afternoon. The Cowboys' greater reserve strength was the factor leading to the Lions' defeat, the locals having led the Mason crew in first downs and penetrations in the scoreless first half only to lose by the two touchdowns scored in the final half.

The Armistice Day game in Sonora will be called at 2 o'clock on the new sodded athletic field in that city. Comfortable grand stand seats are available and a large contingent of Ozona fans likely will accompany the team. The pep squad and band will be on hand in full regalia and will combine a patriotic display with the usual between-halves stunts.

Seventh Grade To Present Armistice Day Program Today

A patriotic program in observance of Armistice Day will be staged by pupils of the seventh grade at the assembly hour in the high school auditorium at 3 o'clock this afternoon. The program will be under the direction of Miss Zelma Scott and Mrs. I. S. Moore.

The program will open with a song by the class, "Shout Wherever You May Be." Brief statements will be made on Book Week by Ada Ballard, on National Education Week by Betty Wardlaw, and on Armistice Day by Joy Hubbard.

A playlet, "Eleven Millions" will then be presented by the class. Characters in the playlet are: The
 (Continued on Last Page)

Phonograph Of 1910 Vintage Is Latest Addition To Museum

An Edison cylinder type phonograph of 1910 vintage is one of the newest additions to the Ozona high school museum and one that is attracting unusual attention from the younger generation.

The phonograph was loaned to the museum by Rufus Collier of Dallas, a cousin of Mrs. C. S. Denham. With it came 24 records of the same period. As interesting as the machine itself are the early-day records of musical numbers and comedy skits. Among the titles in the 30-year-old collection are "Gasoline Gus and His Jitney Bus," "Uncle Josh at the Movies," "Everybody Calls Me Honey," "Life's Railway to Heaven," "My Yokohama Girl," "Uncle Josh Buys an Automobile," "The Husking Bee," etc.

Another gift to the museum made recently is a pair of old fashioned high top lace shoes for women, popular in the early years of the century. The shoes were a gift from Mrs. George Thompson, who also gave a pair of shop-made bridle bits of early design.

Tax Collections In October May Set New Record

Last October's Record Total of \$80,000 Believed Raised

Although exact totals have not yet been tabulated and in spite of the failure of two or three of the county's largest taxpayers to take advantage of the first month's greatest discount rate, October tax collections in this county are expected to set a new record total, according to estimates made by Claude Russell, deputy collector in the sheriff's office.

Last year was the first time the graduated discount system was used and it produced an all-time record high in collections for the first month, when the largest discount is allowed. Collections last year were in excess of \$80,000 for the month of October, and estimates made yesterday by the collector indicated that the total might near \$90,000 for October this year.

A discount of 3 per cent is allowed on payments made in October. In November the discount rate is dropped to 2 per cent and in December to 1 per cent. After the first of January, no discount is allowed and taxes must be paid by February 1 or become delinquent.

Order Numbers Of Registrants Are Posted Here

National Lottery Determines Order of Call To Training

Order in which Uncle Sam wants the services of Crockett county's young men between the ages of 21 and 35 years for a year of military training was determined when the master list as drawn in the national lottery at Washington last week was received by the local Selective Service board early this week.

Order numbers for the 445 registrants in this county have been posted on the registration list in the postoffice lobby. The complete list, with order numbers as determined by the drawing of serial numbers in Washington, is printed on another page of this issue of the Stockman. Clip and save this list for future reference.

Quotas for the first call are expected to be forwarded from state headquarters this week, but had not been received by the local board yesterday. Several registrants have indicated a desire to enter training service voluntarily before their numbers come up, and these, if the number is sufficient, will replace the first numbers who might be subject to induction.

Questionnaires on the basis of which the classification of each registrant is to be determined are to be mailed from the local office soon. All registrants will receive these questionnaires in the course of time. The questionnaire must be filled out and returned to the local board within five days from date of mailing, unless an extension of time is granted for reason.

An oddity of chance is noted in the results of assignment of order numbers here. Among the 445 registrants, three received the same order number as serial number. Jake Young's serial number was 145 and he received the order number 145. Joe Clayton had serial number 235 and got the same order number, and Foster Kirkpatrick also drew the same number, 348.

Schools Observe Education Week With Open House

Education For Common Defense Theme Of Observance

With its principal objective to focus public attention on the educational system, National Education Week will be observed next week by schools throughout the nation. Ozona schools will observe the week with an "open house" for patrons throughout the week, with special attention being called to the observance by ministers of the three churches in next Sunday's services, it was announced this week by C. S. Denham, superintendent. Another highlight of the week's observance will be an address by Rev. Eugene Slater, pastor of the Methodist church, to the student body at the assembly program Thursday afternoon.

National Education Week was first proclaimed by President Coolidge in 1923 following a conference of officials of the National Education Association, the American Legion and the U. S. Department of education. The first National Education Week was proclaimed for Nov. 18 to 24, 1923, and the plan met with hearty approval all over the nation.

The fundamental purpose of the observance is to help parents and citizens in every community to know the achievements, and the needs of their schools. No other agency is more vital to the well being of American democracy than the public school. No other cause is more deserving of special consideration by the American people
 (Continued on Last Page)

PERNER APPEAL AGENT

Paul Perner has been named appeal agent for Selective Service in Crockett county. Mr. Perner's duties will be to review and recommend appeals of registrants from decisions of the local board affecting the classification of registrants. Houston Smith was first appointed this position, but could not serve because he had previously been appointed as chairman of the local advisory board. The appeal board for this area is at San Angelo.

Workers Launch Red Cross Roll Call Drive Tues.

Final Plans To Be Perfected At Meeting Friday at 4:30

A crew of fifteen workers will take the field in Ozona next Tuesday morning in a whirlwind drive to put the Crockett county chapter of the American Red Cross over the top in its 1940 Roll Call Drive.

This was the announcement yesterday of Miss Mildred North, this year's Roll Call chairman, who has enlisted the corps of volunteer workers in the hope of completing the campaign here for a record enrollment in a one-day drive.

Final plans and organization for the Roll Call drive will be completed at a meeting of chapter officials and Roll Call workers to be held at the Methodist church at 4:30 o'clock Friday afternoon. At this meeting, the corps of workers will be given assignments of different sections and groups in the city for which they will be responsible.

The chapter this year will try for an all-time record enrollment. Last year's enrollment total reached 297 and sights have been set on 350 memberships for this year. The workers are to concentrate on \$1 memberships in the hope of getting as many enrolled in the organization as possible. However, gifts of larger amounts will be accepted. Of each membership of \$1 or more, 50 cents goes to the national Red Cross treasury, the balance remaining in the local chapter fund.

Workers who will have assigned sections of the city to solicit in Tuesday's drive include Mrs. Roy Henderson, Mrs. Charles E. Davidson, Jr., Mrs. Sherman Taylor, Mrs. P. T. Robison, Mrs. Jimmy Blaylock, Miss Wayne Augustine, Mrs. George Bean, Mrs. Joe North, Mrs. Massie West, and Mrs. Lowell Littleton. Ed Vitela will handle the solicitation in the Mexican settlement. Taylor Word has been assigned the canvass among workers at the Texas-NewMexico pipe line station and Bruce Harp among workers in the Todd oil field. Mrs. Scott Peters and Mrs. Rob Miller are assigned to soliciting ranchmen and others who may be out of town on the day of the solicitation.

LIGHT RAINS FALL

Slow falling rains again added to the moisture stores of the Ozona section over the week-end. Continued warm weather with the occasional rains has resulted in ideal range conditions for the fall months over most of the county. Livestock is in fine condition, ranchers report.

HEARING SET ON PROPOSED WATER DIST.

State Board of Water Engineers To Hear Matter Dec. 2

VOTERS CONFIRM

Subsequent Elections On Dist. and Bond Issue Due

A hearing on a petition signed by more than 50 resident property taxpayers voters of Crockett county asking creation of Crockett County Water Control and Improvement District No. 1 has been ordered by the State Board of Water Engineers at Austin for December 2, 1940, at 10 o'clock a. m.

The petition was addressed to the Commissioners Court of Crockett county and the Board of Water Engineers and was presented at the last session of the Court here. It was transmitted without action by the local body to the state board.

Under the proposal embodied in the petition, the water district, if created, proposes to issue bonds in the total sum of \$85,000 for purchase of the county-owned sewer system for \$10,000 and the privately owned water works system at \$50,000 and expenditure of the additional \$25,000 on improvements to the water system. The county commissioners, in a session prior to presentation of the petition, granted an option to the bond firm of McRoberts-Thomson and Co., of San Antonio, originators of the project and acting as agent in carrying out the various steps necessary in its prosecution, on the sewer system at a price of \$10,000. County Judge Charles E. Davidson, majority stockholder in the water company, likewise gave the firm an option to buy the water works at \$50,000, each option conditioned that the properties would in turn be sold to the proposed Water Control and Improvement district if created.

Following the hearing in Austin December 2, the Board of Water Engineers, if it finds the proposed district necessary, will order its creation. However, creation of this district must be confirmed by a majority vote of the property taxpayers voters of the area outlined for the district. If the vote on this issue is favorable, another election will be called for a vote on the \$85,000 bond issue, and election of a five-man governing board to administer the district's business operations. The boundaries of the proposed Water Control District coincide with the boundaries of the present city of Ozona.

Over 60 Women Make Garments For Red Cross

Local Chapter Accepts Ambitious Quota for War Relief

A sizeable army of Ozona women are engaged in an ambitious Red Cross sewing and knitting program for the benefit of civilian war sufferers, principally in bomb plagued London.

Mrs. Jimmy Blaylock, chairman of the knitting division, and Mrs. Hugh Childress, directing the sewing program, have enlisted the assistance of more than 60 women here in turning out the chapter's assigned quotas of sweaters, dresses and layettes.

Those assisting in the knitting as announced by Mrs. Blaylock include Mesdames T. A. Kincaid, H. B. Tandy, Joe Graham, Quimby Ragsdale, Homer Schwalbe, Minnie Crumley, Stephen Perner, Roy Henderson, Evert White, W. M. Johnigan, R. K. James, Elton Smith, Melvin Brown, Charles E.

SUBSCRIPTION RATES: One Year \$2.00, Six Months \$1.25, Outside of the State \$2.50

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect and all matter not news, will be charged for at regular advertising rates.

America First!

The most colorful and perhaps the most bitterly fought political campaign in American history for the office of president of this Republic has ended. The free American voters have made their choice on the most momentous issues ever presented them.

Now that the campaign has ended there are many who feel the crushing weight of bitter disappointment that the man of their choice was unsuccessful. Others are gleeful that the candidate who received the backing was the choice of a majority of the nation's voters.

Political parties will continue to spar at each other for advantages in the next campaign four years hence. There will be criticism from the opposition party and from within its own ranks for the administration.

Now that the die is cast and America has spoken, Franklin D. Roosevelt is to be my president the same as yours for another four years and a precedent-shattering third term in the highest office in the land.

ORDER NUMBERS Crockett Registrants

- 1-Tomas Hernandez, 2-Loslie Nance, 3-William Abbott, 4-Refugio Fierres, 5-Ignacio Mendez, 6-Benino Del Ortiz, 7-Charles Black, Jr., 8-Ray Deland, 9-Bernardo Alvarez, 10-Joe Pierce III, 11-Refugio Zamaripa, 12-Theodore Maples, 13-Barney Maples, 14-Carlos DeHoyas, 15-Alfred Cook, 16-Julius Pogue, 17-Joseph Friend, 18-Rafael Chas, 19-Jose Perez, 20-Clifford Woods, 21-Jesus Guerrero, 22-Carl Cravens, 23-Moclavio Fierros, 24-Robert Al Nimmo, 25-Alvin Harp, 26-Antonio Guerra, 27-William R. Jones, 28-Offie Maples, 29-Vicente Mancha, 30-Guinn Caruthers, 31-James Smith, 32-Byron Stuart, 33-Rafael Munoz, 34-Lee Dudley, 35-Frank Russell, 36-Rodrigo Machado, 37-Hess Manley, 38-Fred Gibson, 39-Hearst Simpson, 40-James Franks, 41-Alcario Vasquez, 42-Ewell Kincaid, 43-Francisco Mar, 44-Blake Brown, 45-Lois Hoover, 46-Oma Glover, 47-Hilton North, 48-Edward Valdez Vitela, 49-George Soto Munoz, 50-Jason Tyson Kyle, 51-Eula Beall, 52-Estevan Charles Salavarr, 53-Fernando Valdez, 54-Simon Varela Gonzales, 55-Torevio Cardeza Garcia, 56-Ernesto Mares Vargas, 57-Earl Lewis, 58-Robert Williams, 59-Ernest Fielder, 60-Calvin Jarmon, Jr., 61-Richard Speer, 62-George Hester, 63-Charles Davidson, jr., 64-Cecil Kemp, 65-Freddy Wilson, 66-George Brown, 67-Sidney Schwalbe, 68-Haro E. NOTICE OF HEARING

THE STATE OF TEXAS COUNTY OF CROCKETT To the resident property taxpay-... voters and land owners and to... other persons interested in the... of Crockett County Wat-... Control and Improvement Dis-... No. 1:

NOTICE IS HEREBY GIVEN that a hearing will be held at 10 o'clock a. m. on the 2nd day of December, 1940, at the office of the State Board of Water Engineers... the City of Austin, in Travis County, Texas, upon a petition for... creation of a water control and improvement district in accordance with the following order:

ORDER SETTING PETITION DOWN FOR HEARING Office of the State Board Of Water Engineers Austin, Texas)

On this 30th day of October, 1940, the State Board of Water Engineers convened in regular session, at their regular meeting place in the City of Austin, in Travis County, Texas, with the following members present, to-wit:

- C. S. Clark, Chairman, A. H. Dunlap, Member, A. W. McDonald, Member.

A petition signed by more than fifty persons owning land within the proposed district was presented to this board, praying for the creation and establishment of Crockett County Water Control and Improvement District No. 1, in Crockett County, Texas, which petition is in words and figures as follows, to-wit:

PETITION FOR WATER CONTROL AND IMPROVEMENT DISTRICT

THE STATE OF TEXAS COUNTY OF CROCKETT To the honorable commissioners court of Crockett County, and to the honorable state board of water engineers, Austin, Texas:

Pursuant to articles 7880-1 to 7880-147, inclusive, revised civil statutes of 1925, and all amendments thereto, we, the undersigned land owners within the boundaries hereinafter set forth, hereby respectfully petition your Honorable body for the organization of a water control and improvement district within the terms and provisions of Section 59 of Article 16 of the Constitution of Texas, and in respect to the organization of such district respectfully show as follows:

I. That the name of said district shall be "Crockett County Water Control and Improvement District No. 1."

II. That said proposed district contains an area of approximately 370.27 acres, more or less, and lies wholly within the County of Crockett and State of Texas.

III. That the boundaries of said proposed district shall be as follows, to-wit:

- Beginning at the NE corner of survey 23, Block OP, the NE corner of the original Townsite of Ozona, Thence West 5280 feet to the NW corner of survey 23, Block OP, Thence South 5280 feet to the SW corner of Survey 23, Block OP, Thence East 1275 feet to a point in the south line of Survey 23, Block OP, Thence South 2640 feet, Thence East 4845 feet, Thence North 4540 feet, Thence West 840 feet, Thence North 3380 feet, to the place of beginning.

IV. That the area of this proposed district is urban and industrial in nature, but not incorporated under the laws of Texas relating to the creation of cities, towns or villages, and the proposed district has expectancy for net revenues from operation of its waterworks system and its sewer system, as contemplated by Chapter 32, Acts of the Forty-Third Legislature enacted at its Third Called Session, in 1934.

V. That the number of land owners within the boundaries above set forth is more than fifty and accordingly this petition is sufficiently if same is signed by fifty or more of such land owners.

VI. That said proposed district is to be organized under the provisions of Section 59 of Article 16 of the Constitution of Texas, as provided in Chapter 25, General Laws enacted by the 39th Legislature at its Regular Session, in 1925, and amendments thereto.

VII. That the purpose of the organization of said district shall be for and include the control, storing, preservation and distribution of its waters and flood waters, the

waters of its rivers and streams, for irrigation, power and all other useful purposes, and all works, facilities, plants and appliances, in any and all manners incident to, helpful or necessary to the collection, transportation, processing, disposal and control of all domestic, industrial, communal wastes, whether of fluids, solids or composites, and further to gather, conduct, divert and control local storm waters, and other local harmful excesses of water; the same to be accomplished by any and all mechanical or chemical means or processes incident necessary or helpful to such purposes, to the end that the public health and welfare may be conserved and promoted and the purity and sanitary condition of the state's waters protected, effected and restored.

VIII. That the general nature of the work to be done is the purchase, improvement, construction, installation, maintenance and operation of a waterworks system, and the purchase, improvement, construction, installation, maintenance and operation of a sanitary sewer system. However, this brief statement of the nature of the work to be done is not intended to exclude or prevent the construction, installation, maintenance and operation of such additional lawful improvements as occasion may require at some future time.

IX. That the necessity exists for the organization of such district, to provide for the purchase, improvement, construction, installation, maintenance and operation of such waterworks system and sewer system, so as to promote and protect the purity and sanitary condition of the State's waters and the public health and welfare of the community.

X. That said projects are practicable and feasible, due to the availability of water and the nature of the soil and contour of the land, and due to the further fact that a waterworks system and a sewer system have been constructed in this territory which are not adequate to the needs of the proposed district, and which may be purchased at a reasonable price, and will serve and be a benefit to all the land within said district, and will be a public benefit and utility.

XI. That in order that the Board passing on this petition may better understand the purposes, utility feasibility and need or necessity therefor with reasonable detail and definiteness, there accompanies this petition a copy of the plans and report of J. S. Barlow, engineer, covering said projects, which shows in detail the proposed plans of purchase, improvement, construction and installation of such waterworks and sanitary sewer system, and that same are feasible.

XII. That negotiations are now under way for the financing of such projects, and according to the plans and specifications of J. S. Barlow, engineer, it is estimated that the present waterworks system can be purchased for approximately \$52,500.00, and that the extensions and improvements thereof will cost approximately \$22,500.00, and that such sewer system will cost approximately \$10,000.00, aggregating approximately \$85,000.00.

WHEREFORE, your petitioners respectfully pray that this petition be set down for hearing, as provided by law, and that a date be fixed for such hearing, and that notice of such hearing be given, as provided by law, and that such hearing be held and that thereupon on this petition be in all things granted, and that the proposed Water Control and Improvement District be created and that directors of such district be appointed, as provided by law; and your petitioners hereby further pray for all and further matters and relief and orders necessary and appropriate in the premises, to which they may be entitled, even though not therein specifically mentioned.

Respectfully submitted, this 30 day of October, 1940.

AND IT APPEARING that it is signed by more than fifty holders of title to land therein, being resident land owners in the proposed district, and that said petition has been filed by the County Clerk of Crockett County and recorded in a book kept for that purpose in the office of said County Clerk, and that it is accompanied by a deposit of \$250, to pay all cost which may be incurred in such proceedings, and that it is in due form and for lawful purposes as provided by Section 59 of Article 16 of the Constitution of Texas and Statutes enacted pursuant thereto and that such petition should be

heard by this board; IT IS THEREFORE ORDERED by the Board of Water Engineers of the State of Texas, that said petition be and the same is hereby set down for hearing before the Board of Water Engineers at the office of said board in the City of Austin, in Travis County, Texas, at 10 o'clock a. m. on the 2nd day of December, 1940.

Upon such hearing, any persons whose land is included in or would be affected by the creation of such district may appear and contest the creation thereof and may offer testimony to show that such district is or is not necessary, would or would not be a public utility, and would or would not be feasible or practicable. Also any interested person may appear at such hearing and offer testimony with reference thereto.

A copy of this order, or notice containing the same, shall constitute proper notice of such hearing, and such notice shall be given by the sheriff of Crockett County, Texas, by posting a copy thereof on the bulletin board used for posting legal notices at the Court-house door of Crockett County, Texas, at least fifteen days prior to the date of such hearing, and shall cause a copy thereof to be published in a newspaper of general circulation in the area of the proposed district once each week for two consecutive weeks, the first publication thereof to be at least twenty days prior to the date of the hearing. The sheriff shall make due return of service thereof with copy and affidavit of publication attached on the original notice prior to the date of hearing.

It was moved by Member A. H. Dunlap, and seconded by Member C. S. Clark that the foregoing order be passed, and upon the question being called for it was unanimously passed, all members voting aye and none voting no.

Passed, approved and ordered at Austin, Texas, this 30th day of October, 1940.

Attest: C. S. Clark, Chairman, A. W. McDonald, Sec'y. 22-3tc

Passenger Car Steering Ease Featured in GMC Trucks

Here's a truck a woman could drive! This modern General Motors Truck, with its Ball-Bearing Steering, handily placed controls, ample legroom and buoyant seat cushions is as comfortable and easy to handle as a passenger car. Steering effort is reduced as much as 57 per cent; and today's GMC truck driver finds his driving task much easier and safer.

imously passed, all members voting aye and none voting no. Passed, approved and ordered at Austin, Texas, this 30th day of October, 1940.

Did you buy YOUR car on "Millinery"?

YOU hear it said often nowadays that it's millinery that sells automobiles. All right—let's put it up to one who knows. Did you buy your car on nick-nacks, trick devices, novelties? We don't think so. We believe that while considering style, and room, and comfort—you really picked your car on what it would do on the road! Now, we take our hats off to no car for being smarter-looking than Buick. We'll match our product against any for room, appointments, fine finish, comfort. But beyond all that, we challenge the whole field to equal Buick on its all-round performance ability.

On its power—on its pull—on its pick-up—on its easy handling (including freedom from shifting)—yes, and on its thrift.

Nowhere will you find a car that does so much so well and so frugally.

You'll find novelties in the new Buicks of course, but they're not the chief attraction. Instead you'll see the two big basic engineering developments of the year—FIREBALL design and Compound Carburetion.

They give you an automobile that packs a real thrill—better come in and learn more about it.

BUICK PRICES BEGIN AT \$935 for the Business Coupe delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices subject to change without notice.

Grid Squad Enjoys Austin Visit For Texas-SMU Game

Although they lost the game against Mason in Mason Friday afternoon, 27 boys, members of the Ozona high school football squad, enjoyed a visit to Austin on Saturday where they witnessed the Texas University-SMU game in Memorial Stadium. The group, accompanied by a group of parents and teachers, visited points of interest in Austin and were enthusiastic Knot Hole spectators at the afternoon's big game.

Making the trip were Henry Patrick, Loren Wyatt, Calvin Williams, Donald Wilson, Bill Carson, Joe E. Chapman, Lloyd Coates, Roy Coates, Shorty Colquitt, L. B. Cox, Basil Dunlap, Billy Hannah, Floyd Hokit, Bobby Lemmons, Stanley Lemmons, Charles McDonald, Mervin McLaughlin, Tom Ed Montgomery, Leslie Nance, Elton Smith, J. H. Stevens, Bland Tandy, Louis J. Wardlaw, Wayne West, Jr., Byron Williams, George B. Armentrout and Jim Ad Harvick. Accompanying the boys were Mr. and Mrs. Fleet Coates and Joy, Mr. and Mrs. Charlie Coates and Jack, Bascomb Cox, Dr. H. B. Tandy, Coach Dan Patterson, C. S. Denham and Leslie Nance.

Volume Of Chaucer, 400 Years Old. In U. of T. Collection

AUSTIN, Tex., Nov. 6.—SUN in its original binding of oak slabs and leather, a 400-year-old "omnibus" edition of Geoffrey Chaucer's works is currently being shown in the rare books room of the University of Texas library.

Two large exhibition cases are filled with Chaucer editions dating as far back as 14 years before Columbus discovered America, and may be seen at the Library Open House, Sunday afternoon.

Oldest item in the Chaucer group is a leaf from the first edition ever printed of "The Canterbury Tales," dated 1478. Struck from the press of William Caxton, England's first printer, it was the fifth book printed in Great Britain.

Other copies shown range from 1526 to 1602. The University's copy of the 1602 edition was at one time owned by the Duke of Northumberland, Earl of Warwick and bears his autograph.

Librarians here consider their Chaucer collection, which has drawn scholars from throughout the world and even Great Britain, one of the internationally-known Rare Book Library's outstanding features.

HE REALLY SAW SNAKES

A Newton, Texas, resident recently struck at a snake on a log and before he left the spot had killed fifteen rattlers, some of them with as many as twenty-three rattles. When he struck at the snake on the log a larger one emerged! He got his gun and cleaned out fifteen rattlers. While he was concentrating on the rattlers a wildcat ran out of the other end of the same log; believe it or not!

Defense Contracts 52 Million In Tex.

AUSTIN, Tex., October 30.—National defense contracts awarded Texas reached a total of \$52,781,616.48 on October 1, Governor W. Lee O'Daniel announced today.

A number of other contracts are in process of negotiation. The total does not include the as yet unannounced cost of twelve destroyers to be built at Orange for the United States navy.

The figure is exclusive also of a \$4,000,000 expenditure authorized for the final work on Marshall Ford Dam on the Colorado river.

An old bridge across the Neches river between Angelina and Trinity has served its best days for pedestrians and motor cars and was abandoned when a new highway was put through. However, squirrels still make use of the bridge, going back and forth over the river by using the iron frame work of the bridge.

Racial Prejudice To Be Subject At Baptist Convention

Racial prejudice will have the penetrating light of Christianity of the Baptist general convention of Texas in Houston, November 11-15. Renewed emphasis and larger apportionment are expected to be given to work among the negroes of the state by the denomination next year. Fifty-one per cent of all negroes in Texas are members of churches, with 73 per cent of them belonging to Missionary Baptist Churches. For the past several years J. R. Charles T. Alexander of Waco has been a full time worker under the auspices of the Baptist denomination to serve among the negro Baptist churches.

Encouraged by the increase of receipts this year over the year ago a committee of 150 headed by Dr. George W. Truett of Dallas is expected to propose a budget of \$1,200,000 for the next twelve months to be increased annually

for five years until \$1,600,000 a year is reached. This plan would liquidate the outstanding indebtedness of the convention, greatly enlarge its mission program, and systematically increase the permanent endowments of Baptist owned schools in Texas. Funds would be raised by the local churches through an every member canvas which gives each person on the church roll the opportunity to pledge systematic amounts thru the church treasury to be divided between local and denominational channels.

Dr. Howard McCamey of Dallas, first dental missionary to be appointed to foreign mission service, and Mrs. McCamey, trained nurse, sailed from New York City on November 1 to begin a long, circuitous journey to Lagos, Africa, where they will be stationed at the Baptist hospital. Because of war conditions, it was necessary for them to sail to Brazil, then to Capetown, South Africa, and make a 1,500 mile over land journey in order to reach their destination. Dr. and Mrs. McCamey, Texas Baptist missionaries, are under the auspices of the foreign mission board, Richmond, Virginia, thru which the Baptist churches in Texas co-operate.

EARNING THEIR FEES

Judge: "Now gentlemen, you have been arguing for an hour on this point; I overrule the objection, and the witness may answer the question. You called on Mrs. Murphy on the 11th. What did she say?"

Witness: "Nothing, your honor—she was out."

Ozona Students In University Of Texas Make High Ranking

Two University of Texas students from Ozona who were freshmen students in that institution last year ranked among the 16 leading groups of students from other Texas high schools during their freshman year, according to a tabulation of grade point scores for the different towns represented in the class received by the local school this week.

The two Ozona students, Norman Rendall and Walter Escue, both earning their way through the school, had a point ranking of 2.375. This compared with the all-schools average of 1.180, the all-Texas schools average of 1.181 shows the high ranking of these students. In all the schools listed, only three ranked higher than Ozona among schools having two students enrolled, and in all schools of all classes, only 16 ranked higher.

The Texas petroleum industry pays nearly \$70,000,000 a year in state and local taxes not counting the gasoline tax which is paid by the consumer.

Save Money—Read the Ads!

More than 1,000 KAF, 1,008 to be exact, have been seized from Medina lake by the Texas game department during the last fortnight. Medina lake, lower than it has been at any time since it was created, has given up some huge gar, many of them five and six feet long, but there were not as many gar in the lake as sportsmen of that section believed.

Medina lake is in danger of going completely dry. Should that occur, the Texas Game department will stock the lake and should it be closed for fishing for a year it is expected to once again become one of the best fishing lakes in Texas.

Probably more bass weighing over seven pounds have been taken from Medina lake than any other one body of water in the state.

Save 2% On Taxes By Paying In November

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

Discounts inaugurated last year on state taxes and followed by the county with similar discounts on county and school taxes, are to be operative again this year, with 3 per cent, 2 per cent and 1 per cent savings possible by prompt payments.

The discount dates, with the amount of discount allowed on the total tax bill, for the balance of the tax-paying period are as follows:

2 Per Cent Discount
On taxes paid Nov. 3 to Dec. 2, inclusive

1 Per Cent Discount
On taxes paid Dec. 3 to Jan. 1, inclusive

No discount is allowed on first half payments under the split payment plan. However, the same discounts are allowed on second half payments, payable before July 1. Second half payments made in April are discounted 3 per cent; in May, 2 per cent, and in June, 1 per cent.

W. S. WILLIS
Sheriff, Assessor and Collector of Taxes, Crockett County

Texas To Supply 33,213 Trainees By End Of June

Quota For Each Local Board Estimated On Percentage Basis

State Director of Selective Service, General J. Watt Page, announced today that the estimated quota for Texas for the remainder of the fiscal year (which ends June 30, 1941) is approximately 33,213 trainees. The estimated quota up to and including February 28, 1941, is approximately 16,959.

General Page pointed out that for the present the estimated net quota for each local board will be prorated on a percentage basis according to the number of registrants in each county.

The maximum requirements for men, to include February 28, 1941, have been estimated for Texas by periods: One call in November, not earlier than November 19, 1-873 men; one in December, probably between the first and tenth, 875; three calls in January—the first 2,077, the second 5,535, and

the third 2,499; one call in February, 4700.

The periods and quotas have been worked out to conform to the program of the War Department for completion of housing facilities, hospitalization and supplies to take care of the increase at the various camps and stations. The figures on quotas are only estimated. After a national quota basis has been established, adjustments will be made from time to time, depending upon the number of men placed in Class I-A and the number of men joining the armed forces by entry other than through Selective Service.

State Selective Service Headquarters will issue calls on local boards for the actual number of selectees required not later than ten days before the day on which the first men to fill the call are to be inducted.

The alert filling station attendant had checked the oil and gas and was cleaning the windshield when the woman driver asked: "And would you mind going over Willie's face just once?"

Texas motorists consumed an average of 778 gallons of gasoline per car last year, or 46 gallons more than the national average of 732 gallons.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Nov. 6.—Remember "way back when we used to say: well, business is always slow in a presidential year!" That's one old saw—that never was any too soundly based, anyway—that has disappeared from the conversation. Business is by no means slow, but it is the war and re-armament situation we have to thank for it, almost completely submerging the election itself as an immediate factor in business. Newest shot in the arm is launching of the housing phase of the defensive drive with President Roosevelt giving go-ahead to a \$150,000,000 program for immediate construction of dwelling units in 53 vital defense-industry areas. Projects approved in the first leg of this job run to about \$45,000,000 worth, the units to be completed in four to 12 months. Co-ordinator Charles F. Palmer plans to get facilities and fixtures on a mass purchasing plan, and has circulated manufacturers and suppliers in many parts of the country with questionnaires about prices and quantities of materials now available.

WHITHER EXPORTS

A sobering thought amid current upswinging is seen in figures showing that the British Empire took two-thirds of our total of \$295,000,000 in merchandise exports for September. It reminds us that, although our overall exports for first three quarters of 1940 are 37 per cent ahead of 1939, the fact remains we have lost such customers as Belgium, Netherlands, France, Germany, Denmark, Norway, Sweden, Italy, Switzerland and Poland. Also, of those sales we still are able to make the rest of the world, about

two fifths have come to be in the category of war materials—not what you could call an enduring nor an endearing business. Meanwhile the terrific pace of the present buying by our one big, good customer, the Empire, is using up assets that otherwise would let her continue as a valuable customer after the war.

BITS O' BUSINESS

First 150 industrial companies reporting earnings at three quarter post of 1940 had a net aggregate income gain of 31.9 per cent over same period in 1939. Dun's review barometer shows that in September "general business" was up 11 per cent in Florida, and 11.6 per cent in Iowa and Nebraska. In Ohio, employment gained 8 per cent in September over previous year. The "quit rate," or percentage of employees voluntarily leaving their jobs because of opportunities elsewhere in August was 1.1 per cent; which doesn't sound very high, but it was higher than for any month since September of 1937—and will go higher as relative scarceness of skilled workers acts as boost to wages. Retail sales volume indicates the draft is causing little or no curtailment in demand for retail goods.

THINGS TO WATCH FOR

University of Texas engineers have a fruit and vegetable quick freezer to help farmers preserve their produce for an all year market; they foresee "community" plants where produce can be quick frozen and stored away under the grower's name, for leasing to market when demand situation is better. Reducing candy, a special caramel; you eat one 15 minutes before a meal and it cuts your appetite for meat and potatoes, so the theory goes. A home-use coffee extractor, in which you make your own coffee extract by a cold water drip method, a whole pound at a time, then just mix the extract with hot water when you wish a hot cup. A new household portable electric heater with this safety feature: it turns off automatically when tipped over.

A tramp knocked on the door of the inn known as "George and the Dragon." The landlady opened the door, and the tramp beseeched: "Could you spare a poor, hungry man a bite to eat?"

"No!" and she slammed the door.

A few minutes later the tramp knocked again. The landlady came again. He asked: "Could I have a few words with George?"

Present oil-well drilling equipment is designed to penetrate the earth to 17,500 feet, or nearly three and one-half miles.

Texas Insured Fire Losses Over Nine Millions Annually

AUSTIN, November 6.—The value of insured property alone, destroyed by fire in Texas each year, would go a long way toward solving the relief problem or building up our national defense, Marvin Hall, state fire insurance commissioner, said today.

Texas has an annual insured fire loss of approximately nine and one-half million dollars, the Commissioner declared, and if this amount of money could be saved it would buy 950 war planes costing \$10,000 each, or pay one half the cost of one of the world's finest first line battleships.

It would pay the cost of food, clothing and shelter for more than 9,000 families for a period of one year. This amount of money would build 1,900 modern one-family suburban homes sheltering 9,500 people—the population of an average Texas city.

SHERIFF'S NOTICE OF SALE

THE STATE OF TEXAS County of Crockett.

WHEREAS, by virtue of a certain alias execution issued out of the County Court of Eastland County, Texas, on the 9th day of October, A. D., 1940, wherein Continental Supply Company, a corporation, is Plaintiff, and W. T. Graham, is defendant, on a judgment rendered in said court against said Defendant and in favor of said plaintiff, for the sum of two hundred thirty-six dollars and 91-100 (\$236.91) dollars, with interest thereon at the rate of six per cent per annum, from date of judgment, together with all costs of suit; I have levied upon and will on the 3rd day of December, A. D., 1940, between the hours of ten o'clock a. m. and four o'clock p. m. at the Court House door of said county, proceed to sell

for cash to the highest bidder, all the right, title, and interest of the defendant, W. T. Graham, in and to the oil, gas and other minerals underlying, as well as the oil and gas lease hold estate in the following described real estate, situated in Crockett County, Texas, to-wit:

The 8 1/2 of the SW1-4 of the NE 160 acres of Section 30 Block GG, H. E. & W. T. Railway company Survey, Abstract No. 5491, Certificate No. 4291, containing 20 acres more or less.

as well as all of said defendant's right, title and interest in and to the oil wells located thereon and the personal property used or obtained in connection therewith; said interest being levied upon as the property of the said W. T. Graham.

The above sale to be made by me to satisfy the above described judgment for \$236.91 in favor of Plaintiff, together with all costs of suit and sale, and the proceeds to be applied to the satisfaction thereof.

W. S. WILLIJS, Sheriff, Crockett County, Texas. By C. Russell, deputy. 22-3tc

Grid Squad Enjoys Austin Visit For Texas-SMU Game

Although they lost the game against Mason in Mason Friday afternoon, 27 boys, members of the Ozona high school football squad, enjoyed a visit to Austin on Saturday where they witnessed the Texas University-SMU game in Memorial Stadium. The group, accompanied by a group of parents and teachers, visited points of interest in Austin and were enthusiastic Knot Hole spectators at the afternoon's big game.

Making the trip were Henry Patrick, Lorain Wyatt, Calvin Williams, Donald Wilson, Bill Carson, Joe B. Chapman, Lloyd Coates, Roy Coates, Shorty Colquitt, L. B. Cox, Basil Dunlap, Billy Hannah, Floyd Hokit, Bobby Lemmons, Stanley Lemmons, Charles McDonald, Mervin McLaughlin, Tom Ed Montgomery, Leslie Nance, Elton Smith, J. H. Stevens, Bland Tandy, Louis J. Wardlaw, Wayne West, Jr., Byron Williams, George B. Armentrout and Jim Ad Harvick. Accompanying the boys were Mr. and Mrs. Fleet Coates and Joy, Mr. and Mrs. Charlie Coates and Jack, Bascom Cox, Dr. H. B. Tandy, Coach Dan Patterson, C. S. Denham and Leslie Nance.

Volume Of Chaucer, 400 Years Old. In U. of T. Collection

AUSTIN, Tex., Nov. 6.—Still in its original binding of oak slabs and leather, a 400-year-old "omnibus" edition of Geoffrey Chaucer's works is currently being shown in the rare books room of the University of Texas library.

Two large exhibition cases are filled with Chaucer editions dating as far back as 14 years before Columbus discovered America, and may be seen at the Library Open House, Sunday afternoon.

Oldest item in the Chaucer group is a leaf from the first edition ever printed of "The Canterbury Tales," dated 1478. Struck from the press of William Caxton, England's first printer, it was the fifth book printed in Great Britain.

Other copies shown range from 1526 to 1692. The University's copy of the 1692 edition was at one time owned by the Duke of Northumberland, Earl of Warwick and bears his autograph.

Librarians here consider their Chaucer collection, which has drawn scholars from throughout the world and even Great Britain, one of the internationally-known Rare Book Library's outstanding features.

HE REALLY SAW SNAKES

A Newton, Texas, resident recently struck at a snake on a log and before he left the spot had killed fifteen rattlers, some of them with as many as twenty-three rattles. When he struck at the snake on the log a larger one emerged. He got his gun and cleaned out fifteen rattlers. While he was concentrating on the rattlers a wildcat ran out and the other end of the same log, believe it or not!

Defense Contracts 52 Million In Tex.

AUSTIN, Tex., October 30.—National defense contracts awarded Texas concerns reached a total of \$52,781,616.48 on October 1, Governor W. Lee O'Daniel announced today.

A number of other contracts are in process of negotiation. The total does not include the as yet unannounced cost of twelve destroyers to be built at Orange for the United States navy.

The figure is exclusive also of a \$4,000,000 expenditure authorized for the final work on Marshall Ford Dam on the Colorado river.

An old bridge across the Neches river between Angelina and Trinity has served its best days for pedestrians and motor cars and was abandoned when a new highway was put through. However, squirrels still make use of the bridge, going back and forth over the river by using the iron frame work of the bridge.

Racial Prejudice To Be Subject At Baptist Convention

Racial prejudice will have the penetrating light of Christianity of the Baptist general convention of Texas in Houston, November 11-15. Renewed emphasis and larger apportionment are expected to be given to work among the negroes of the state by the denomination next year. Fifty-one per cent of all negroes in Texas are members of churches, with 73 per cent of them belonging to Missionary Baptist Churches. For the past several years, DR. Charles T. Alexander of Waco has been a full time worker under the auspices of the Baptist denomination to serve among the negro Baptist churches.

Encouraged by the increase of receipts this year over the year ago a committee of 150 headed by Dr. George W. Truett of Dallas is expected to propose a budget of \$1,200,000 for the next twelve months to be increased annually

for five years until \$1,600,000 a year is reached. This plan would liquidate the outstanding indebtedness of the convention, greatly enlarge its mission program, and systematically increase the permanent endowments of Baptist owned schools in Texas. Funds would be raised by the local churches through an every member canvass which gives each person on the church roll the opportunity to pledge systematic amounts thru the church treasury to be divided between local and denominational channels.

Dr. Howard McCamey of Dallas, first dental missionary to be appointed to foreign mission service, and Mrs. McCamey, trained nurse, sailed from New York City on November 1 to begin a long, arduous journey to Lagos, Africa, where they will be stationed at the Baptist hospital. Because of war conditions, it was necessary for them to sail to Brazil, then to Capetown, South Africa, and make a 1,500 mile over land journey in order to reach their destination. Dr. and Mrs. McCamey, Texas Baptist missionaries, are under the auspices of the foreign mission board, Richmond, Virginia, thru which the Baptist churches in Texas co-operate.

EARNING THEIR FEES

Judge: "Now gentlemen, you have been arguing for an hour on this point; I overrule the objection, and the witness may answer the question. You called on Mrs. Murphy on the 11th What did she say?"

Witness: "Nothing, your honor—she was out."

Ozona Students In University Of Texas Make High Ranking

Two University of Texas students from Ozona who were freshmen students in that institution last year ranked among the 16 leading groups of students from other Texas high schools during their freshman year, according to a tabulation of grade point scores for the different towns represented in the class received by the local school this week.

The two Ozona students, Norman Rendall and Walter Escue, both earning their way through the school, had a point ranking of 2.375. This compared with the all-schools average of 1.180, the Texas schools average of 1.181 shows the high ranking of these students. In all the schools listed, only three ranked higher than Ozona among schools having two students enrolled, and in all schools of all classes, only 16 ranked higher.

The Texas petroleum industry pays nearly \$70,000,000 a year in state and local taxes not counting the gasoline tax which is paid by the consumer.

Save Money—Read the Ads!

More than 1,000 gar, 1,098 to be exact, have been seined from Medina lake by the Texas game department during the last fortnight. Medina lake, lower than it has been at any time since it was created, has given up some huge gar, many of them five and six feet long, but there were not as many gars in the lake as sportsmen of that section believed.

Medina lake is in danger of going completely dry. Should that occur, the Texas Game department will restock the lake and should it be closed for fishing for a year it is expected to once again become one of the best fishing lakes in Texas.

Probably more bass weighing over seven pounds have been taken from Medina lake than any other one body of water in the state.

You Can Save 2% On Taxes By Paying In November

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

Discounts inaugurated last year on state taxes and followed by the county with similar discounts on county and school taxes, are to be operative again this year, with 3 per cent, 2 per cent and 1 per cent savings possible by prompt payments.

The discount dates, with the amount of discount allowed on the total tax bill, for the balance of the tax-paying period are as follows

2 Per Cent Discount
On taxes paid Nov. 3 to Dec. 2, inclusive

1 Per Cent Discount
On taxes paid Dec. 3 to Jan. 1, inclusive

No discount is allowed on first half payments under the split payment plan. However, the same discounts are allowed on second half payments, payable before July 1. Second half payments made in April are discounted 3 per cent; in May, 2 per cent, and in June, 1 per cent.

W. S. WILLIS

Sheriff, Assessor and Collector of Taxes, Crockett County

Texas To Supply 33,213 Trainees By End Of June

Quota For Each Local Board Estimated On Percentage Basis

State Director of Selective Service, General J. Watt Page, announced today that the estimated net quota for Texas for the remainder of the fiscal year (which ends June 30, 1941) is approximately 33,213 trainees. The estimated quota up to and including February 28, 1941, is approximately 16,959.

General Page pointed out that for the present the estimated net quota for each local board will be prorated on a percentage basis according to the number of registrants in each county.

The maximum requirements for men to include February 28, 1941, have been estimated for Texas by periods: One call in November, 1939; one in December, probably between the first and tenth, 1940; three calls in January—the first 2,677, the second 5,535, and

the third 2,499; one call in February, 4700.

The periods and quotas have been worked out to conform to the program of the War Department for completion of housing facilities, hospitalization and supplies to take care of the increase at the various camps and stations. The figures on quotas are only estimated. After a national quota basis has been established, adjustments will be made from time to time, depending upon the number of men placed in Class I-A and the number of men joining the armed forces by entry other than through Selective Service.

State Selective Service Headquarters will issue calls on local boards for the actual number of selectees required not later than ten days before the day on which the first men to fill the call are to be inducted.

The alert filling station attendant had checked the oil and gas and was cleaning the windshield when the woman driver asked: "And would you mind going over Willie's face just once?"

Texas motorists consumed an average of 778 gallons of gasoline per car last year, or 46 gallons more than the national average of 732 gallons.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Nov. 6.—Remember "way back when we used to say: well, business is always slow in a presidential year?" That's one old saw—that never was any too soundly based, anyway—that has disappeared from the conversation. Business is by no means slow, but it is the war and re-arms situation we have to thank for it, almost completely submerging the election itself as an immediate factor in business. Newest shot in the arm is launching of the housing phase of the defensive drive with President Roosevelt giving go-ahead to a \$150,000,000 program for immediate construction of dwelling units in 53 vital defense-industry areas. Projects approved in the first leg of this job ran to about \$45,000,000 worth, the units to be completed in four to 12 months. Co-ordinator Charles E. Palmer plans to get facilities and fixtures on a mass purchasing plan, and has circulated manufacturers and suppliers in many parts of the country with questionnaires about prices and quantities of materials now available.

WHITHER EXPORTS

A sobering thought amid current upwelling is seen in figures showing that the British Empire took two-thirds of our total of \$295,000,000 in merchandise exports for September. It reminds us that, although our overall exports for first three quarters of 1940 are 37 per cent ahead of 1939, the fact remains we have lost such customers as Belgium, Netherlands, France, Germany, Denmark, Norway, Sweden, Italy, Switzerland and Poland. Also, of those sales we still are able to make the rest of the world, about

two fifths have come to be in the category of war materials—not what you could call an enduring nor an endearing business. Meanwhile the terrific pace of the present buying by our one big, good customer, the Empire, is using up assets that otherwise would let her continue as a valuable customer after the war.

BITS O' BUSINESS

First 150 industrial companies reporting earnings at three quarter post of 1940 had a net aggregate income gain of 31.9 per cent over same period in 1939. Dun's review barometer shows that in September "general business" was up 11 per cent in Florida, and 11.6 per cent in Iowa and Nebraska. In Ohio, employment gained 8 per cent in September over previous year. The "quit rate," or percentage of employees voluntarily leaving their jobs because of opportunities elsewhere in August was 1.1 per cent; which doesn't sound very high, but it was higher than for any month since September of 1937—and will go higher as relative scarceness of skilled workers acts as boost to wages. Retail sales volume indicates the draft is causing little or no curtailment in demand for retail goods.

THINGS TO WATCH FOR

University of Texas engineers have a fruit and vegetable quick freezer to help farmers preserve their produce for an all year market; they foresee "community" plants where produce can be quick frozen and stored away under the grower's name, for releasing to market when demand situation is better. Reducing candy, a special carmel; you eat one 15 minutes before a meal and it cuts your appetite for meat and potatoes, so the theory goes. A home-use coffee extractor, in which you make your own coffee extract by a cold water drip method, a whole pound at a time, then just mix the extract with hot water when you wish a hot cup. A new household portable electric heater with this safety feature: it turns off automatically when tipped over.

A tramp knocked on the door of the inn known as "George and the Dragon." The landlady opened the door, and the tramp beseeched:

"Could you spare a poor, hungry man a bite to eat?"

"No!" and she slammed the door.

A few minutes later the tramp knocked again. The landlady came again. He asked: "Could I have a few words with George?"

Present oil-well drilling equipment is designed to penetrate the earth to 17,500 feet, or nearly three and one-half miles.

Texas Insured Fire Losses Over Nine Millions Annually

AUSTIN, November 6.—The value of insured property alone, destroyed by fire in Texas each year, would go a long way toward solving the relief problem or building up our national defense, Marvin Hall, state fire insurance commissioner, said today.

Texas has an annual insured fire loss of approximately nine and one-half million dollars, the Commissioner declared, and if this amount of money could be saved it would buy 950 war planes costing \$10,000 each, or pay one half the cost of one of the world's finest first line battleships.

It would pay the cost of food, clothing and shelter for more than 9,000 families for a period of one year. This amount of money would build 1,900 modern one-family suburban homes sheltering 9,500 people—the population of an average Texas city.

SHERIFF'S NOTICE OF SALE

THE STATE OF TEXAS

County of Crockett.

WHEREAS, by virtue of a certain alias execution issued out of the County Court of Eastland, County, Texas, on the 9th day of October, A. D., 1940, wherein Continental Supply Company, a corporation, is Plaintiff, and W. T. Graham, is defendant, on a judgment rendered in said court against said Defendant and in favor of said plaintiff, for the sum of two hundred thirty-six dollars and 91-100 (\$236.91) dollars, with interest thereon at the rate of six per cent per annum, from date of judgment, together with all costs of suit; I have levied upon and will on the 3rd day of December, A. D., 1940, between the hours of ten o'clock a. m. and four o'clock p. m. at the Court House door of said county, proceed to sell

for cash to the highest bidder, all the right, title, and interest of the defendant, W. T. Graham, in and to the oil, gas and other minerals underlying, as well as the oil and gas lease hold estate in the following described real estate, situated in Crockett County, Texas, to-wit:

The 8 1/2 of the SW1-4 of the NE 160 acres of Section 30 Block GG, H. E. & W. T. Railway company Survey, Abstract No. 5491, Certificate No. 4221, containing 20 acres more or less.

as well as all of said defendant's right, title and interest in and to the oil wells located thereon and the personal property used or obtained in connection therewith; said interest being levied upon as the property of the said W. T. Graham.

The above sale to be made by me to satisfy the above described judgment for \$236.91 in favor of Plaintiff, together with all costs of suit and sale, and the proceeds to be applied to the satisfaction thereof.

W. S. WILLIS, Sheriff, Crockett County, Texas. By C. Russell, deputy. 22-3tc

—: SENSES :—
OWENS-MAYES

SEEN . . .

Margaret making an "ex" cover her books.

Tom Ed and a certain Sophomore girl listening to the radio in the North Park Sunda.

Gene Hollon kissing Joy in Austin. They don't wait to get in dark corners, which is the usual custom.

L. B. stepping out quite often lately. Is it the new "Chevy" Bud?

Bertie Sue sitting by a senior in the show Saturday night. What about it, Jessie?

Willie Louise with an out-of-town boy. These parks are very comfortable, aren't they?

Margaret and Bill Carson together frequently. Boochie are you slipping?

Rozelle reading: "The Bride's Holiday." Are you thinking about taking one, "Rozzie?"

George B. and Lila sitting together in study hall. Shorty, you are slipping.

Roy and Mildred having a nice conversation in study hall.

HEARD . . .

Roy thought that the Statue of Liberty was running.

Pee Wee had to borrow Boochie's pick up and leave school just to take his New Zealand friend home.

Gem Ella didn't have a date with J. K. Saturday night. Why the trip to Johnson City, "Baby girl?"

The boys had a good time Friday and Saturday.

Mustard goes out every Sunday night. Is it for the fun of it or just to see who is out, Mustard?

Boochie saying every girl means the same to him this year.

Mary saying she is a man-hater. We don't believe you, Mary, after Sunday night.

That Joy is very eager for Armistice to come. It is not because of the ball game with Sonora; then, it must be because some of the ex-seniors are coming home, maybe.

Lorain asking where the moon is. What's wrong, didn't you have time to look for it yourself?

SMELLED . . .

Book reports. Miss Terry and Mr. Sikes have certainly taken a liking to having them given.

Tomatoes, eggs, and apples flying around Hallowe'en night. Several of them struck home, too.

Sweet flowers in Miss Terry's room.

FELT . . .

Very weak. Three girls certainly were weak when they got caught letting the air out of someone's car tires.

TASTED . . .

Good candy that Shorty DIDN'T give Lila Lee.

VOLLEYBALL ORGANIZES

The volley ball girls met in the gymnasium at four o'clock on Tuesday, October 22, to elect their officers. They elected the following officers: Captain, Gem Ella Dudley; co-captain, Lottie Jo Owens; and business manager, Helen Mayes.

Last week Miss Kinney had the team work chiefly on volleying and serving; she has said that the team is ready to play the other teams whenever they are ready.

Gem Ella and Helen have each lettered one year previously. Lottie Jo did some good playing last year and shows bright prospects of making the first team this year.

FOURTH GRADE NEWS

The fourth grade had a surprise Friday afternoon. Sam Perner served chocolate bars to all the pupils. We like surprises.

JOE BEAN.

The fourth grade had the nicest Hallowe'en party.

Mrs. Phillips, our room mother, brought a ghost with her when she came. The ghost was very good. She scared the children and told our fortunes. A witch came and told us a story. She left riding her broom. We had orange soda pop and cookies to eat. Mrs. Walter Augustine helped serve the children, Mrs. Piner, Mrs. Frank Russell, Mrs. Charles Coates, and Mrs. Sargay came to our party.

THE LION'S ROAR

Published Weekly by the Student Body of Ozona High School

THE Prowler

By Gem Ella Dudley

Lila why did you wait two hours at Rendall's? Honey don't ever believe promises they get you into trouble, because boys seldom keep their promises.

Congress Hotel, Congress Hotel. Just where is Congress Hotel. Maybe Pee Wee and Shorty can tell us.

Poor Willie! All of my sympathy is with you.

Mr. Pingleton did you have company Friday afternoon. People have to have excuses, don't they? Little girls that go to Barnhart have a lot of fun!

Many groans were heard from the Sophomore class when Mr. Sikes told them that he was the promised surprise. He wasn't wrapped up in pretty paper and ribbon, so that's not fair.

Tom Ed, did you and Sonny S. have a nice little "party" broken up? After all there are such things as rules.

After a while may be some girls will learn that it's impossible to knock the volley ball through the net. We'll learn!

Sug, John Coates informed us that you refused a trip to Mason and Austin. What's the matter? That's very unusual.

Several girls were stopped last night by the "law." Goodness girls, you shouldn't chase people so much.

Several girls walked quite a distance Thursday night, but it was not for reducing purposes.

George, what did you mean when you said that some of the boys were happy and some were sad Saturday morning? (Crap games get little boys into trouble, don't they?)

The show "My Love Come Back" was very suited to you, Helen, wasn't it? Did you enjoy the show, or was it the show you were interested in? For further information, see Jean Drake.

Thanks to Billy, Bud, and Marvin for taking two innocent girls to the top of the capitol. That trip was just their third trip. You weren't trying to reduce, were you boys?

Speaking of the capitol, it was suggested that about the 492 step from the fourth floor would be an ideal place for "smooching." These people with ideas.

Faye, you weren't far wrong when you insisted that we passed Coach Sunday morning. Coach, may I ask did you enjoy your bed in the kitchen? It was luxurious, wasn't it?

The high lights of Austin were seen by Joy. Two royal escorts "guided" her Saturday morning.

Susie, how is Del Rio, or did "Del Rio" ask you the same question.

Hallowe'en night was celebrated by some people who drove around in a jalopy and threw rotten apples at people. Shame!

Say, Frances, may I ask how is Joe—(or how isn't Joe?)

The arrival of two "X's" made some hearts double their beats.

Mary, you celebrated your recovery with a bang, didn't you? Tom Ed, were you the lucky guy?

Is your cousin beating your time Margaret? Keep in step with her and maybe you'll get a few pointers from that "New Zealand" way.

Priss, don't you know it isn't nice to honk during church, and especially during prayer?

NORMAL TEACHERS

Mr. Sikes, Mr. Patterson, and other Ozona teachers are now normal since the conscripted drawing.

Most of the group to have military training first will be volunteers. There have already been enough volunteers to take care of the first group, it has been announced. Mr. Caruthers was the only teacher who would have had to go if there had not been volunteers. As he has no responsibility and is in good physical and mental condition, he would have had to go as his number was drawn close to the first. None of the other teachers' numbers were drawn. Now everything is about normal again as far as conscription is concerned.

An advertisement is a guarantee of quality.

Band Will Give Best Performance

The band and the pep squad will make the trip to Sonora on November 11. They plan to put on their best performance of the year since this is one of their most important games. The members of the band and pep squad will be in Sonora in full uniform. Between halves the band and pep squad will form the letters U. S. A. The capital in Austin and what the boys did while in Austin. L. B. Cox gave information regarding the SMU-Texas game, in which SMU won 21 to 13.

Mr. Denham announced that 52 annuals had been sold and that approximately 75 more would have to be ordered before it could be definitely arranged for the school to publish one. The student body was asked to check three-week grade sheets and to keep up grade standards.

Mr. Nance announced a scout meeting for Monday night at which all parents were invited to be present.

Football Boys Learn Pointers From SMU Vs. Texas Game

The football boys of Ozona journeyed to Mason last Friday morning for the yearly gridiron meet between the two teams. It was an exciting game for both of the teams. When the half had come, the score was nothing to nothing. Then the Punchers started putting on the steam. They made two touchdowns and one extra point against the hard fighting Lions.

After the game the boys had supper at the Fort Mason Hotel and then traveled on to Austin. The boys and their escorts arrived in Austin around nine o'clock Friday night. From the city limits they journeyed to the Travis Courts on the Georgetown Road.

After they had gone to their cabins and put up their bags, the boys went to a small cafe and had another meal.

Saturday morning the escorts took the boys to the Milam Cafeteria for breakfast.

After breakfast Coach Patterson and five boys went over to see Madison Bell, coach of SMU, and the Mustangs. The rest of the boys went to the state capitol. When they reached the capitol, they climbed to the dome to view Austin. Something very interesting was a cloud so low that it did not extend over the hills in East Austin.

From the capitol the boys drove over to the University of Texas. There they looked up Gene Hollon, who took their sight seeing. First, Mr. Hollon took the boys to the tower of the new library, erected in 1937. The library is 28 stories tall. From there they could again see all of Austin. From the tower they went thru the building, which was very interesting. After viewing the campus the boys went to the Commons Building and had lunch at the University Cafeteria.

When the Lions had finished lunch, they went to the Texas Memorial Stadium for the Texas SMU football game. The game was very interesting, especially for our coach, since he graduated from Southern Methodist University. The football players were sitting in the end zone or the Knot Hole section, as it is known on the campus.

At the half it was 0-0 tie between the two teams. Then the Ponies made a touchdown and an extra point and the Longhorns came firing back with the same. Then again the Ponies doubled their score, making it 14-7. After SMU made its other 7 points, Texas ran for a touchdown, but no extra point. Again the Ponies ran for another touchdown and kicked the extra. Though Texas kept battling SMU for the touchdown, they didn't make it.

After the game most of the Ozona boys returned home, but some stayed and returned Sunday morning. The school plans for the

MEETING HELD

The students of O. H. S. met in the study hall Monday morning to hear an account of the week-end trip made by the football boys. Bobby Lemmons told about the football game between Ozona and Mason, which was played in Mason on Friday. Said Bobby, "We got a few crooked deals, but we played a good game anyway." George B. ArmentROUT related the visit to the capital in Austin and what the boys did while in Austin. L. B. Cox gave information regarding the SMU-Texas game, in which SMU won 21 to 13.

Mr. Denham announced that 52 annuals had been sold and that approximately 75 more would have to be ordered before it could be definitely arranged for the school to publish one. The student body was asked to check three-week grade sheets and to keep up grade standards.

Mr. Nance announced a scout meeting for Monday night at which all parents were invited to be present.

VOLLEY BALL GAME

The volley ball girls enjoyed a lunch which consisted of hamburgers, cold drinks, and potato chips in the gym Tuesday at noon. The reason for this was to be getting in practice from the time they finished lunch until 12:30 when they played the boys in a practice game. From the looks of the floor and the benches the boys decided that the girls had carried out their plan.

The girls who ate their lunch in the gym were Helen Mayes, Sybil Luther, Gem Ella Dudley, Rozelle Pharr, Lottie Jo Owens, Ethel Mayes, Florence Luther, Mary Elizabeth Gray, and Alene Hokit.

Although the boys beat the girls, the game was good practice for both teams.

FIRST GRADE NEWS

We are going to have a Hallowe'en party tomorrow afternoon. We wrote invitations to our mothers. We made costumes and masks to wear to our party. While our mothers are here, they will see our house.

We made a new chart about our house. It was the following:
Our Furniture

We made furniture for our house.
We painted our furniture.
We put our furniture in our house.

FIFTH GRADE NEWS

The fifth, sixth, and seventh grades have started a newspaper of their own named the "Corral."

SECOND GRADE NEWS

The second grade dressed up their room with Jack-O-Lanterns and balloons which they decorated by painting Hallowe'en figures on them.

New Student Enters O. H. S.

We have a new pupil in our high school; his name is Leroy Barto. Leroy was born in Mesquite, New Mexico, in the year of 1927. Ever since he was a little "kid" he has been moving all over the state of Texas. Before he came to Ozona, he lived in Loop, Texas. When he was asked if he liked it here, he said, "I like it here fine, and I don't plan ever to move away." Leroy, who has two sisters and one brother, is now boarding at Mrs. Jeffreys. He has lived on both a ranch and a farm, but he likes the ranch better. His hobbies are reading and wood work. He likes to whittle and carve little ships and animals out of wood. The books that he likes to read are adventure novels. The books that he likes best are "White Fang" by Jack London, and "Penrod and Sam," by Booth Tarkington. He likes all kinds of sports, but likes basket ball best of all. When he first came here, he was out for football the third day.

One peculiar thing about Leroy is that he doesn't like "women." He said, quote, "They make me dizzy." I think he is the only boy in the whole school that doesn't like girls.

football boys to take a trip such as this one every year.

Library Receives New Books

The Ozona high school library received a new set of books about two weeks ago on Nature. The books, six in number, tell about trees, animals, flowers, insects and many other things.

A butterfly is classed as "Lepidoptera" in the science field. That is the subject of the first book in the set. The second book contains knowledge about "Garden Flowers." The book tells one how to plant and raise garden flowers and of the hundreds of different kinds of flowers there are that are grown in the garden.

"Animals" tells all about the arrangement of "Eutheria" as classed by the leading scientists. "Cetacea" was decided upon for whales, "manatees" for Sirenia, "sloths" and "armadillas" for "edentata," rats and mice for "Glires," bats for "Chiroptera," shrews for "Insectivora," cats and dogs for "Carnivora," men and monkeys for "Primates," kangaroos and opossums for "Marsupialia." This is the most complete lists of the animal Eutheria.

The fourth book is on wild flowers. The book illustrates how and when and where most wild flowers are grown and in what conditions they are grown.

Trees, the fifth book in the set is mostly on how trees grow and what they produce.

The sixth book and the last book of the Nature Library volume of books contains knowledge of birds. It has illustrations on birds feeding their young and what put into the library in hopes of they feed them. These books were pupils adding knowledge to their collection of book knowledge. I certainly believe anyone can add to his knowledge also if he will read these books.

THIRD GRADE NEWS

The third grade is learning about the many different kinds of our cereal grains.

They planted some of them October 25. They were corn, oats, wheat, and maize. They planted the maize to watch it grow. We all know that it is not a cereal grain. The oats grew best of all.

SUE LITTLETON.
Patsy McDonald brought a pumpkin to school. Some of the children helped make the jack-o-lantern.

In two days, the jack-o-lantern had something that we called mold. Mr. Denham brought the microscope for us to look at the mold. It made it a hundred times bigger.

Charlie Boy said that if we had covered it up, the pumpkin wouldn't have molded.

Sue Littleton brought two more pumpkins to school. One of them was a big one and one was a little one.

BETTY COOK & DONALD HOOVER.

Friday afternoon the president called the meeting to order and the secretary read the minutes of the last meeting. Then we chose best citizens. They were Ray Piner, Rosalie Friend, Billy Joe Kemp, and Ralph Cabanes. We drew a moon with a bat flying across it, and we put the good citizen's names in the moon.

TOUGH LUCK

Pete—Why do you look so sad, Murphy.

Murphy—I just heard a man call another man a liar, and the man who was called a liar said the other would have to apologize or there would be a fight.

Pete—And why should that make you sad?

Murphy—The other fellow apologized.

HOOKY-PLAYERS

Even though it is hard to go to school all of the time, I don't think it is fair to yourself to "play hooky." As a rule, it is necessary for one to be out of school as much as he should be without his missing without an excuse. It is hard to catch up with the school work after he has been absent. He might miss something that would be asked on a test.

If one person has a right to be absent, every one has the same right. If everyone were absent, the teachers would be thrown off their schedule and would have to make the work up.

When a student is out of school without his parents' consent, he is probably up to no good. He probably does something that he knows he shouldn't and that he wouldn't if he were in school. I will admit that there aren't many people who have graduated from high school without "playing hooky" at least once; nevertheless, most of those who did will tell you, if you should ask them, that they realized that they hadn't got any good out of it after they had stopped and thought about it.

There are many things worse than "playing hooky", but there are also better things. It would be a good thing if everyone would always try to do the better things of life instead of the worse.

I believe that then everyone would be happier in the long run, and after all, we want to be as happy as possible, so let's think twice before we "play hooky" again.

Pep Squad Gives Huge Bonfire

Ozona high school students belonging to the pep squad will sponsor a bon fire on the tennis court on Friday night. A loud speaker will be fixed for the talks. The pep rally will be held before the Ozona-Sonora game on November 11. The band and pep squad will parade through town before the pep rally. The pep squad will give several yells and songs. The first being "The School Song." Talks will be made by Leslie Nance, Jr., Floyd Hokit, Henry Patrick, George B. ArmentROUT, Judith Williams, Mr. Caruthers, Joy Coates, and Mr. Denham.

A shirt tail parade will be held after the bonfire. The crowd will parade through the town in one straight line.

Texas service stations and other oil distributing facilities represent a total investment of \$150,000,000 in this state.

THIS BUSINESS OF Living
BY SUSAN THAYER

There's Work to be Done

Hurry... Hurry. Don't waste time talking or arguing. Don't interfere with the wheels of industry that must turn so swiftly in the days to come. There's work to be done in this country of ours—much work and it must be done in the next five years or perhaps less.

We've got to build a great fleet of airplanes; more than we've ever dreamed we'd want at one time.

We must double the size of our navy. At least that's what Congress has voted to do.

We must produce tanks and guns; trucks and motorcycles and dozens of other machines vital to a modern army.

We must build barracks and make uniforms and weave blankets for an army of more than a million men before we even start to be strong enough to live in the world as it is today.

At the same time we are turning out this vast array of equipment for defense we must continue to produce for peacetime living. We must even increase the amount of good comfortable every-day things of life we've been turning out the past ten years. We must build stoves and bath room fixtures and refrigerators for new homes and old. We must produce cultivators and tractors for farmers which will in turn be called upon for greater production. We must weave silk and woolen and cotton for good looking new clothes. We must build typewriters and adding machines and desks. We must design and make costume jewelry and cosmetics as well as pots and pans if we women are to be satisfied.

Because today, with so many strange and unprecedented things happening, our system of representative democracy is in even greater danger than our country itself! And it is as essential to sell ourselves on the efficiency and adaptability of the system of government under which we became the world's economic leader as it is to prove to the world that we're too powerful to molest.

For what would it profit the United States of America "Conceived in liberty and dedicated to the proposition that all men are created equal" to build the greatest air force in the world and lose her belief in the importance of the individual man?

TEXAS SIXTH IN DUCK HUNTERS

Texas is the sixth leading duck hunting state, figures released by the U. S. Fish and Wildlife Service show. Texas sold a total of 63,460 migratory waterfowl stamps last year. Minnesota was the leading state with a total of 120,034 stamps being sold, according to word received by the Texas game, fish and oyster commission here.

Other states in the big ten of duck hunters are Michigan, 86,064 stamps; Wisconsin, 84,075; California, 74,644; Illinois, 66,434; Washington, 50,796; Iowa, 39,143; Louisiana, 33,870 and New York 32,304.

A total of 1,111,561 hunters purchased the \$1 duck stamps which must be carried by all migratory waterfowl hunters over sixteen years of age. The stamp must be in the hunters' possession when they are in the field. Texans usually stick the stamp on the back of their state hunting license. It must be cancelled by the holder writing his name across the face of the stamp.

Jews and Christians Convene

Basil O'Connor accepts the chairmanship as the national conference of Christians and Jews opens at the Warwick hotel, in New York. L. to R., Rev. Dr. Norman Vincent Peale of New York; Rev. Father Edward J. Walsh of Brooklyn; Basil O'Connor, chairman; Dr. Everett R. Clinchy, conference director, and Rabbi Samuel Golsenson, of New York.

(Hooray for Coach Patterson!)

During the last frame, the Mason fullback made another touchdown, and too, made the extra point with an off-tackle play. The score ended 14-0 in favor of Mason.

There were quite a few high spots on either side. Wilson, Colquitt, Lemmons, and Williams for Ozona and the four backfield men of Mason were outstanding for Mason. The score by periods is as follows:

LIONS ROAR

(Continued from Page Six)

Mason Punchers Punch Ozona Lions

The Mason Punchers won over the high spirited Ozona Lions Friday, November 2, on Mason's grid iron.

The Lions and Punchers were very well matched in spite of the score at the end of the game.

The first half of the tussle between men and beasts was a saw-saw of glaring action. In the first half, the Lions made two first downs. However, the second half was not nearly identical to the first frame.

Amid flying sand and rolling stones, for the try-out field was stony and sandy, the Punchers came back stronger than ever the second half of the game.

The Punchers scored early in the third quarter by a long floating pass to a galloping cowboy. With a little fancy side-stepping, this man-of-the-saddle plowed his way to the border for a touchdown. The fullback for Mason ran the extra point over tackle to make the score 7-0 in favor of the cattlemen.

The Lions still continued to fight, however, to the final gun.

In the last period, Hannah, Ozona halfback, tried to knock down a pass. The umpires called Hannah's try as interference with the pass receiver. Considerable talk followed this decision. Even a certain coach was vexed to the point that he wanted to fight the umpire after the game. The umpire didn't show up for the engagement.

Schools Observe—

(Continued from Page One)

once each year. The specific objectives of the movement as outlined by the national association are as follows:

To increase public understanding and appreciation of the schools.

To encourage every parent to visit his child's school at least once annually.

To secure the participation of the people in improving the schools.

To give pupils an appreciation of what the schools are doing for them.

To encourage civic groups to give consideration to education.

To provide an annual period of special emphasis in all-year programs of educational interpretation.

The theme of this year's observance is "Education for the Common Defense," with the conclusion that "A system of universal public education is the greatest common defense the American people have erected or can erect."

Over 60 Women—

Someone has said, "The fellows who drive with one hand are generally headed for the aisle of a church. Some of them will walk down it and some of the m will be carried."

Texas has nearly one-fourth of the total oil and gas pipe line mileage in the United States.

Twentieth Century Name For New Club

Twentieth Century Club is the name adapted for a newly formed bridge club here which was entertained with a luncheon by Mrs. Early Chandler at the home of her mother, Mrs. Tom Smith. The new club is a result of a recent division of Las Amigas club to make two smaller clubs.

High score prize for the afternoon's bridge went to Miss Wayne Augustine. Second high trophy was awarded to Mrs. J. B. Miller, Mrs. Joe Clayton won low and Mrs. Phillip Lee Childress, bingo.

Other guests were Mrs. George Bunker, Mrs. Jake Miller, Mrs. James Baggett, and Miss Totsy Robison.

Mrs. Alice Baker visited friends last week in Junction and Fredericksburg. Mrs. Royce Smith of Junction accompanied Mrs. Baker home Friday and visited friends and relatives here until Sunday.
