Crockett County 4-H Senior Judging Team Wins Over-All Judging Awards At Sonora Wool Show; Junior Team Second

Crockett County 4-H Senior Judging Team captured the over-riding award at the Sonora Wool Show last week and was champion judging team of the show. Team members Frank Jacoby, David Jacoby and Jay Miller won first place in wool, mohair, range judging and third place in livestock judging.

Junior 4-H team of Rex Jack Applewhite, Lellean Duwain Vinson, Jr., and two first places in wool and range judging, third in livestock judging, and fourth in mohair judging. Rex Bland was second in range judging in the Junior Division and third high in over-all judging. Other high individual judging honors went to Bill Jacoby who was first in mohair and third in range judging. Frank Childress who was over-all high individual in wool and range judging.

Ozona FFA team of Herbie Tomm, Tommy Everett, Kieth Miller and Jim Brock Hoover won fourth over-all high judging. They were also fourth high in range judging.

Forty-four teams competed in contest, including one hundred and five individual judges.

The first National Wool Judging contest held on Thursday, the Crockett County 4-H Team of Herbie Tomm, Tommy Everett, Kieth Miller and Bill Jacoby won first place. Sutton County second place. Bandera County third place. Childress won fifth high individual honors in the National contest.

Ozona Girls Urged To Enter Contest For Rodeo Queen

Mrs. R. L. Bland Chairman Says Entry Deadline Is July 6

All girls between ages of 15-18 in Crockett County are invited to enter their names in for entry into the Rodeo Queen's contest. Entries will be taken at the Ozona Wool Show and Saddlery anytime until July 6, on which day the entries close to give a week for picture taking and planning entertainment.

The contestants will be judged on horsemanship, personality, appearance and equipment. For any details or information please contact Mrs. R. L. Bland, chairman of the queen's contest.

Mrs. Bland urges all eligible girls to enter. It is an opportunity for Ozona girls to perform and to compete with contestants from other places. Contestants who are made to feel welcome and treated cordially will return next year. The queen's contestants, and particularly the one selected to reign as queen next year, act as hostesses to all Ozona girls. Miss Judy Black was chosen last year's Rodeo Queen and will reign until her successor is chosen this year.

Mrs. Bland says she is honored to be hostess to the girls and hopes they feel it is an opportunity for them to help make the Ozona Rodeo a success.

Kosts To San Francisco For Community Antenna Association Convention

Mr. and Mrs. Oscar Kost left by plane Sunday afternoon for San Francisco, Calif., where they will attend the national convention of the National Community Television Antenna Association. Mr. and Mrs. John Threadgill of Brady, owners of the Brady Community TV antenna system, stopped off here in Threadgill's plane to pick up the Kosts.

The quartet flew to Tucson, Ariz., where they spent Sunday night and completed the journey to San Francisco Monday morning in time for the opening of the national convention. They plan to return late this week. Mr. Kost is manager and part owner of the Ozona Television System which serves Ozona with television signal by cable from microwave and antenna reception on a 400-foot tower. He is a director in the Texas Association of Community Antenna System owners.

Ozona Girls Enjoy Activities At Y. W. A. Paisano House Party

"Christ for the Whole Wide World" was the theme of the Y. W. A. houseparty at Paisano last week end. The Y. W. A.'s enjoyed a well rounded program of speakers and activities.

State director Miss Mary Jane Netherly spoke to the girls on phases of Y. W. A. work. Mrs. Zillich and Miss Roberta Ryan showed slides on Hawaii and Chile. Carlos Gruber, missionary, spoke to the girls about the work being done in South America by the missionaries. Rev. Earl Dunn, B. S. U. Director at Sul Ross, brought the Sunday morning message "The Whole Wide World for Christ".

Girls attending from Ozona were Mary Parker, Helen McCaleb, Beverly Alford and counselors.

Lions Work Day Sat. To Prepare Park For Rodeo

Club Getting Ready For Annual Junior Rodeo July 13-15

The Ozona Lions Club set Saturday June 24th as work day at the rodeo grounds last Thursday at its regular noon lunch meeting.

Lion President Woody Mason asked members to start planning now to be present and bring their tools with them. It was decided it would be safer to set the date up some in case of some conflict than to let the date be set later and face some unexpected interference without recourse.

The advertising committee under the directorship of Lion Bill Akers was reported to be making good progress toward reaching its July 1st deadline in preparation of programs.

Lion Bill Bradbury presented a group of freshmen high school girls who sang for the group accompanied by Miss Shirley Stiles who also played a solo for the club.

Lion sweetheart Miss Jan Pride-more, after failing to find the Lucky Lion present for three weeks, passed the job on to a guest but they also failed and Lion Tail Twister Doyle Elmore became even richer than he had been the previous week.

In other business the club voted to sponsor an entry in the Ft. Stockton Water Carnival. A letter stating the qualifications of the candidate and the duties of the sponsor was read to the club before any action was taken. A motion that Miss Nancy Friend be asked to represent Ozona was made, seconded and approved with the President authorized to extend the invitation which was later accepted.

'FINEST RAIN EVER' VERDICT OF WEST TEXAS AFTER THREE DAYS OF SLOW, SOAKING FALL

Gleeful ranchmen, business men, housewives and children greeted fair weather and sunshine with a new tolerance this week as they emerged from a three-day period which produced what many old timers described as the finest rain ever at this time of year.

Having just faced what might have been the beginning of a new drought — or at least a "dry spell" which could prove costly in the face of present uncertainties in the livestock business — ranchmen viewed the soaking rains as the complete solution to their problems, for, they argue, a ranchman can stand low prices but not drought for long.

Not often does this ranch country receive five to seven inches of rainfall without a single knocked out water gap and only in scattered areas even one draw running muddy water. Most draws and gullies ran water, but it was a clear water trickle, comparatively speaking, so slowly and gently did the persistently falling rains come in the three-day period.

Following the hit and miss showers which have teased this area in recent weeks, the general rains all over the state are doubly beneficial in that maximum soil penetration has resulted and mild temperatures have contributed to rapid growth of pastures.

The rains came to this area Thursday afternoon as a cold front moved in after triggering rains in the Panhandle and plains area earlier in the day. The afternoon's gentle fall registered a little over a half inch in Ozona Thursday afternoon — a fine start, locals opined. But there was to be more.

Rains continued through the night and at intervals all day Saturday and Saturday night, and even more Sunday morning.

Altogether the rainfall in the three-day period here totalled 4.56 inches on the gauge at the water office, while gauges in other parts of the city registered up to a little more than five inches in the period. Ranchmen in far west Crockett county reported rain totals up to seven inches in the period, and heavier falls were also reported in sections of the north-west part of the county.

Only small amounts of water were collected by the flood control dams on Johnson draw above Ozona and the draw through Ozona ran only a trickle of water. Howard Draw, fifteen miles west of Ozona ran half full at one period of the rainfall as a result of heavy showers in northwest Crockett. The fall was more like the fall in the rest of the county.

With a registered rainfall of .52 of an inch a week earlier, Ozona's June rainfall total to date is a whopping 5.08 inches, far ahead of the June average, even with the contribution to such average made by the flood rains of June, 1954.

With a registered rainfall of .52 of an inch a week earlier, Ozona's June rainfall total to date is a whopping 5.08 inches, far ahead of the June average, even with the contribution to such average made by the flood rains of June, 1954.

B&B Moves Ahead In LL Race With Win Over Moore

Extra Innings Needed To Decide Monday Night Contest

B&B Grocery moved into undisputed possession of first place in the second half race, in the Ozona Little League Monday night by downing previously unbeaten Moore Oil 15 to 14 on a run scored in the third extra inning.

Joe Howerton, the Grocery 3rd baseman, broke the tie when he stole home to give the Grocers the win.

B&B came from one run behind in the fifth frame to tie the score and each side tallied once in the sixth to send the game into extra innings.

The 7th and 8th were scoreless but in the ninth, Moore Oilers scored one to go ahead but the Grocers tied it up in the last of the ninth and then Howerton stole home to win.

Killingsworth Named To WTS Dean's List; Straight A Average

Canyon (Spl.) — Roy Neil Killingsworth of Ozona was one of 108 students at West Texas State College named to the spring semester honor roll.

The dean's honor list is composed of the upper five per cent of the undergraduate student body.

Killingsworth was also one of 13 students who compiled perfect 3.00 or "straight A" records.

Son of Mr. and Mrs. Roy E. Killingsworth, young Killingsworth completed his freshman year in May. He is a chemistry major.

NEITHER WETTEST NOR DRIEST — SO FAR ...

1961 Rain Record Boosted by June Fall

Tabulation of the Ozona rainfall chart and readjusting average rainfall figures revealed that the comparatively dry year of 1960 dropped the average rainfall from 18.53 to 18.43 but otherwise nothing much in the way of records have been disturbed.

1961, after getting off to a good start with 2.81 inches in January, had lagged behind until June when the 5.08 inch rainfall thus far brought this year's total to over 10 inches as compared to a year's total of 15.20 last year.

Since the year 1941 set an all-time record as the wettest year in Ozona since records have been kept from 1931, and 1951 went the opposite for a record dry year,

it might not be comfortable to speculate on what 1961 may bring. So far, it has performed on the favorable side, after having thrown a scare with a comparatively dry four-months period. Late May and June have produced bountiful rains without flood, hail or wind damage and it is hoped it will keep up the pace through the balance of the year.

The 1941 record rainfall measured 38.08 inches and the 1951 drought year saw only 7.23 inches.

The heavy rains over the week-end have produced a number of debates and arguments over Ozona as to what the conditions were at the time of the flood in Ozona in 1954. The chart should prove use-

ful in settling some of these debates. May, June, Sept., October and July in that order maintained an over two inch average with May leading with 2.50 inches in the 30-year averages.

The chart shows several interesting facts, one being that three times, once in 1946 and again in 1950 and still again in 1951 it went three months and more without any rain. The wettest three month period was in 1954 when a total of 20.32 inches fell in April, May, and June, the year's total that year was 24.70.

A close study of the chart reveals one thing clearly, rainfall is not consistent in Crockett county.

THE LAND OF THE FREE

The Democratic leadership in Congress is said to have notified the Democratic leadership of San Angelo and Tom Green county that Congressman Clark Fisher of that district is more independent than the Demo hierarchy likes and that if San Angelo expects to continue to get federal handouts it had better get rid of Clark Fisher. It seems that Fisher voted against packing the rules committee to grease the way to the New Frontier.

LBJ and Mr. Sam have done right well by San Angelo in the past, as witness the federal largess lavished on the area and the promise of even more to come — Mr. Bryant having just returned from another visit to Washington.

So, it might be interesting to watch developments as the powers that be set about carrying out orders.

As Mr. Sam has said — "If you want to get along you gotta go along." We hope the liberty loving people of Tom Green county can somehow be alerted in time.

TRICKY STATISTICS

Henry Hazlitt writes in Newsweek: "We have made a habit of accepting all the Russian claims on the general principle that it is safer to overestimate the strength of one's enemy than to underestimate it. But we are in grave danger of downgrading our own system."

He then cites testimony given before a Senate subcommittee by one of this era's most respected economists, Colin Clark. Dr. Clark observed that practically everyone believes that Soviet productivity has been growing at a rate of 6 percent a year — a rate far beyond that of this country. Then he said: "Like so many other things which 'everybody knows' this supposed 6 per cent per annum growth trend of the Soviet economy is an illusion."

Over the 1913-56 period, he went on, Russia's rate of growth actually averaged 1.2 per cent per year. And even if we start with 1928 or 1939 the growth has been only 1.7 or 1.6 per cent per year. U. S. growth, by contrast, has been running steadily, with minor fluctuations at a 2.3 per cent rate for many years.

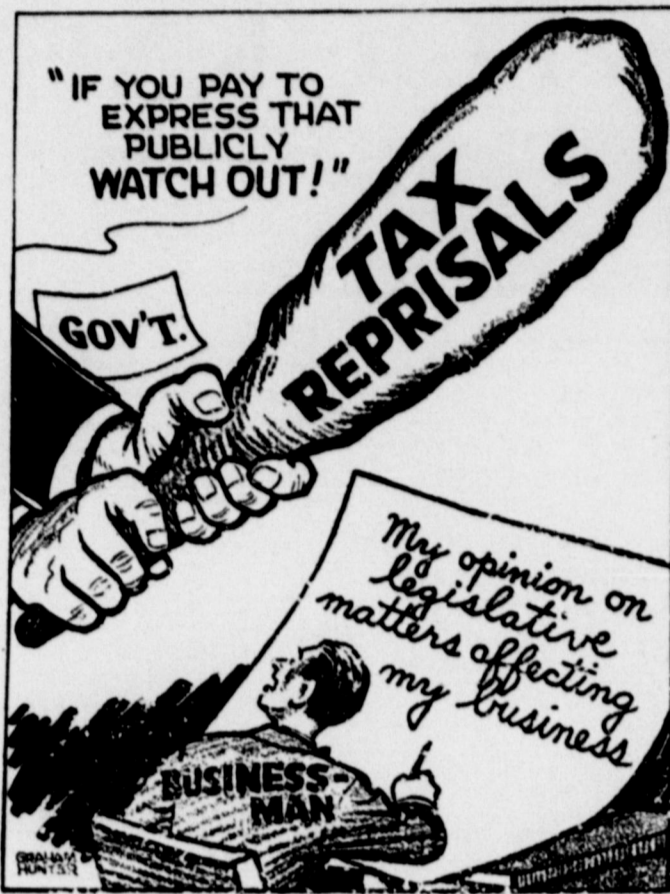

To quote Mr. Hazlitt once more: "The economic and other freedoms of the market economy — the capitalist system — are so precious for their own sake, that most of us would prefer it even if it were less productive materially than a Communist system. But it happens to be incomparably more productive."

We certainly shouldn't underestimate Soviet power, militarily or economically. But it's even worse to downgrade ourselves. That fits right into the Soviet plan for world conquest.

CENSORSHIP BY TAXATION

NOW IT'S "MILLIONS FOR TRIBUTE"

The Cuban tractor affair leaves a bad taste in the mouth for many Americans. We deplore the paying of ransom as an instrument of national policy.

It might be argued, as indeed partisans of the tractor project do, that no price is too great to pay to save many human lives.

It should not be necessary to pay a ransom to save the lives of the 1200 prisoners Castro holds. A strong statement from the President of the United States used to be sufficient to make any dictator or brigand think twice before sending his firing squads into action. A statement from President Kennedy holding Castro personally responsible for the safety of the Cuban prisoners would have been more effective. It also could halt the barter of human lives that undoubtedly will be encouraged by Castro's ransom deal. After all, Castro can always take and threaten more prisoners.

As former Vice President Richard Nixon said, this will encourage "every tin-horn dictator around the world to take advantage of the United States."

There was once a time, long ago, back in 1797 in fact, when the watchword of American statesmen was, "Millions for defense but not one cent for tribute." We have come a long way from that old-fashioned attitude when the leaders of this nation gave encouragement to the payment of ransom money to dictators.

WHAT IS CIVIL DEFENSE?

Now we are going to have some Civil Defense — \$20 billion worth, to be provided under a four year plan starting in July — or so goes the word along the Potomac.

As everyone knows, there have been big plans for CD before now, but they have uniformly been greeted with yawns by the body politics, whose attitude toward atomic attack is understandably fatalistic. A recent survey shows that only 1,565 American households out of about 50 million have provided themselves with bomb shelters, while the Government, for all its advice, has constructed but 14 for the protection of our teeming bureaucracy.

Frank B. Ellis, the Kennedy campaign manager in Louisiana who was appointed Director of the Office of Civil Defense in January is said to have told the President he will either do the job or look for another one. The preliminary plan, already submitted to the White House, calls for the coordination of Federal, State and local efforts with the Federal Government meeting half the cost. Expenditure for the first year, beginning July 1, would be upwards of \$300 million and devoted largely to research surveys. From there on, spending would reach more respectable levels — on the order of a billion for the second year and five billions for the fourth.

Obviously, the thought of sheltering 180 million people from nuclear blast and fall-out is no less

absurd this year than heretofore, but the Program would appear to be under more determined direction and more intrepid spenders. At the same time, the threats of Mr. Khrushchev, emboldened by easy victory in Cuba and Laos, grow more ominous.

We are all for those research surveys — by which we may hope to learn even belatedly that there is no such thing as "civil defense"

per se, that actually, in a non-aggressive country like ours, and in times like these, the only civil defense is military defense. And the only defense worthy of consideration is a system so alert, resourceful and powerful that no adventurer will risk its terrible retaliation.

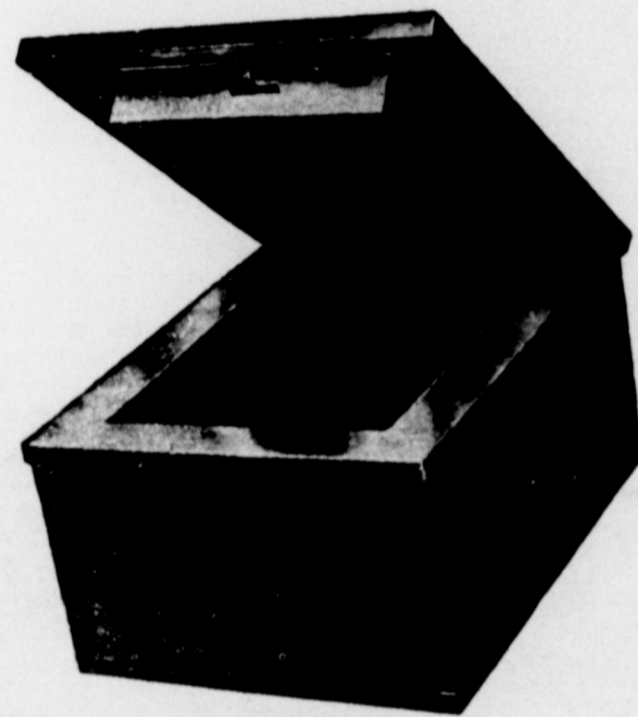

We do not need to speculate on whether or not a test of strength will ultimately come. It is here

now. We are undergoing it. That is what the cold war is. Civil defense, we had better not think of it where it will provide the defense for the greatest number of civilian — and that is in the Army, the Navy, the Marine Corps, the Air Force and the Coast Guard.

Resumption of nuclear war would be a good way to start

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Texas' tax debate continues. Not as lively now as during the legislative session — but many voices are being heard.

It's sort of a "speak now or forever hold your peace" period. Some type of tax bill, undoubtedly the biggest in Texas history, will have to be passed in July or August, and those with something to say are rushing to get in their licks.

Legislators report that the small scale "great debate" is proving very helpful in stirring up opinions from previously silent constituents. They're hoping to discover enough home district reaction to guide them to a swift, sure solution when they return for the special session July 10.

In The Wind — A number of new approaches to tax plans already battled around during the regular session are being worked on by lawmakers during this interim. Among plans being considered are these:

1. By Rep. Charles N. Wilson of Trinity (sponsor of the 2 per cent sales tax passed by the House last session) — a new sales tax that would be linked, Samese-twin fashion, with a corporation income tax.

2. By Rep. T. Hinson of Mineola (a frequent sponsor of legislation favored by the governor) — a 2 per cent tax on everything selling for \$5.00 or more, with the usual food and drug exemptions.

3. By Rep. Ben Atwell of Dallas — selective excise taxes of 2 per cent on a long list of items, but generally exempting the bed rock necessities of life.

New Committee at Work — Governor Daniel's new tax study committee, made up mostly of the board chairmen for various state agencies, got off to a diplomatic, soft-voiced start.

Several lawmakers took a dim view of having "another study group", recalling that the last one had come up with a payroll tax plan that never caught fire. Texas voters, they pointed out, selected their legislators to write the tax laws and will hold the legislators responsible for the outcome.

New Worlds To Conquer — With the election of John Tower as U. S. Senator, exultant leaders of the Texas Republican Party feel they have a foot solidly in the door.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, June 23, 1932

A Chrysler sedan belonging to Joe Forehand, manager of the Ozona Motor Co., was destroyed by fire on the highway east of Ozona Saturday. The fire started under the hood and when Mr. Forehand raised the hood to investigate the vacuum tank exploded, spreading the flames throughout the car.

Ozonans who place their faith in the West Texas Utilities Co. for their three squares a day went breakfastless or dined late this morning when they awoke to find their electric stoves "dead", refrigerators dripping and no lights. Lightning struck a transformer.

A secondary primary for Crockett county was determined up by the county Democratic committee Tuesday. The first primary will be held July 23 and the second or run-off primary August 27.

Henderson White, about 17, employed on the Jeff Owens ranch in West Crockett county, suffered serious injury to both eyes Monday when a bucket of unslaked lime exploded in his face.

Beyond the door, that they hope to swing wide, is a two-party Texas with the GOP sharing political power in Texas on a roughly equal basis.

New goals are being carefully considered. All but one (Travis) of Texas' big metropolitan counties went for Tower, as well as large sections of West Texas. In these areas, except where a very popular Democrat is entrenched, the Republicans can be expected to bid for places in Congress, the Legislature and even county jobs.

First test is due in Bexar County where Congressman Paul Kilday is due to resign to become judge of the Court of Military Appeals. Bexar County went for Tower last month.

Under the present law, Kilday's successor will be determined in a one-shot, high-man-wins special election, probably next fall. There is some talk of trying to get the Legislature, during its special session, to pass a law which would require a run-off in special congressional elections. This would reduce Republican chances.

Following the plan of most other banks of the country, the Ozona National Bank will collect the two-cent government tax on checks and charge the amount to depositors' accounts at the end of each month. The new tax went into effect last Tuesday.

The test on the J. S. Todd ranch in north central Crockett county to be drilled by ten firms in search of production in the lime of Ordovician age, was spudded in last week.

Jumbo is no longer the largest Hereford bull in the world. He is dead. Owned by John M. Gast, Odessa breeder, Jumbo gained the 3,709 pound mark before he was shipped to Fort Worth for slaughter. The huge animal measured 14 feet from the tip of his nose to the root of his tail and stood

6 feet tall. Mr. and Mrs. Massie West returned from Dallas Sunday, their small daughter, Joyce, who underwent a tonsil operation in Dallas, is recovering rapidly.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird —sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications... 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the Ford that makes saving fun!

Grandson Of Former Ozonans to Accompany Father To Guatemala

Subject of a story in Wednesday's San Angelo Standard-Times was 10-year-old Billy Perdue, son of Rev. and Mrs. W. G. Perdue of Crane and grandson of Mr. & Mrs. Doyle Perdue, former Ozonans now living in San Angelo.

Billy is making preparations, the story recounted, to accompany his father on a trip to the jungles of northern Guatemala in the heart of Central America when the minister goes there on a missionary trip July 10-17.

"Taking all those shots took away some of the pleasure of thinking about the trip," Billy said. "But I wouldn't miss going for anything."

The Rev. Mr. Perdue is pastor of the First Baptist Church at Crane. He was asked several months ago, by a Baylor University classmate, Clark Scanlon, resident missionary at Guatemala City, to preach in that country.

As a member of the Order of Royal Ambassadors, Billy will be seeing first-hand some of the things he has been reading and studying about.

Included in his father's itinerary

will be stops in Guatemala City, Antigua, Quezaltenango, Huehuetenango and Chichicastenango.

An interesting side trip planned by the two will be to the Mayan Highlands, capital of the ancient Mayan civilization.

Billy and his father will leave

Houston July 10 via jet clipper and after a brief stop in Mexico City will arrive in Guatemala late the same day.

FOR RENT — Two-bedroom unfurnished house. Inquire at Ozona Boot & Saddlery.

Five Ozona High School Girls Attending T.C.U. Summer Twirl School

Fort Worth — Five students from Ozona are currently attending the annual High School Summer Workshop sponsored by the School of Fine Arts at Texas Christian University.

They are Don Nell Carnes, Cheryl Clayton, Glenda Friend, Arlene Gotcher and Peggy Harvick. The students are enrolled in the twirling division.

Approximately 250 high school students from Texas, Oklahoma, Illinois, Arkansas and New Mexico are in attendance, reports Dr. Lawrence A. Hanley of the TCU music faculty who is general chairman of the Workshop.

The program is conducted each year to encourage school musicians and speech students to continue participation in these areas during the summer, Dr. Hanley explains.

Classes are being conducted in band, orchestra, ballet, speech and theatre, June 11-23. Two workshops are being conducted in twirling and drum majoring — June 11-16 and July 30-August 4.

Justice of the Peace Al Fields and Constable Gene Williams and Mrs. Fields and Mrs. Williams attended the Justice of Peace and Constable convention in Corpus Christi over the past weekend.

Producers Pleased At Queen's Serving Lamb To President Kennedy

It's the diplomatic thing to do these days, enjoy lamb.

Heads of two nations recently demonstrated this; first, when President Kennedy listed as one of his favorite dishes, lamb chops, and secondly when Queen Elizabeth II served lamb to the President and Mrs. Kennedy during their recent visit to England.

The popularity of lamb as the dish of presidents and kings is a tradition fast gaining acceptance in this country as more and more people learn of the taste appeal of tender lamb, not only for festive occasions, a la king, but better yet, for everyday, home or away, says a release by the American Sheep Producers Council.

Queen Elizabeth served saddle of lamb to the President and Mrs. Kennedy. In the United States, the saddle of lamb is more commonly known as the rack of lamb, or half a saddle. Broken down into simpler terms, the rack is merely your favorite rib chops in one piece with the backbone removed for easy carving.

The rack or saddle, the regal crown roast, and the boned and rolled shoulder make up the larger roasts of lamb, but in these days of giving the customer what she wants, there are 43 different cuts of lamb, including several versions of the always popular leg of lamb.

Ladies Golf Association In Monthly Luncheon

The weekly meeting of the Ladies Golf Association met last Thursday at the Country Club for their monthly luncheon. Golf was played in the morning and bridge in the afternoon.

The golf ball was won by Mrs. Jess Marley, low net on the trophy play was won by Mrs. Dempster Jones. Luncheon hostess was Mrs. W. T. Bradbury. She was assisted by Mrs. George Bunger, Mrs. T. J. Bailey, Mrs. Jack Williams and Mrs. Leroy Zunker.

Bridge hostess was Mrs. T. J. Bailey. High score went to Mrs. John Lee Henderson, second high to Mrs. Early Baggett, low to Mrs. Jess Marley and cut to Miss Sarah Hicks.

Mrs. Lindsey Hicks, president, presided at a short business meeting. Others attending were Mrs. Jack Baggett, Mrs. Dempster Jones, Mrs. Joe Pierce, Jr., Mrs. J. M. Baggett, Mrs. Lloyd Sherrill, Mrs. Arthur Kyle, Mrs. Joe Clayton, Mrs. Sidney Millsbaugh, Jr., Mrs. Joe S. Pierce, III, Mrs. Ashby McMullan and guests, Mrs. Scott Peters of Austin and Mrs. Robert Cox.

Mrs. Martin Harvick, Tri-County PTA Prexy, Attends Safety Meet

The June P. T. A. Safety Assemblage and Council Seminar, a four-day meeting in Austin, was attended by Mrs. Martin Harvick, President of the 2SC Tri-County Council. In San Angelo, she met Mrs. Sam Moore, San Angelo City Council, Mrs. Byron Byrd, Lake View City Council, and Mrs. B. J. Maynard, Crane-Pecos-Upton Tri-County Council. They flew to Austin, staying in Kinsolving Dormitory on the University of Texas campus for the instruction and planning session.

Mrs. T. W. Whaley of Kosse, state president, presided and introduced the assemblage planning committee as follows. R. H. McKay of Dallas, state chairman of workshop; Mrs. J. M. Daniel of Bryan, state safety chairman; Mrs. F. C. McConnell, second state vice president, and C. E. Sanderson, state chairman of school education, both of Austin.

Also presented were Mrs. Leon S. Price of Dallas, regional vice president of the National Congress of Parents and Teachers; J. O. Musick, general manager of the Texas Safety Association; J. B. Carlisle, safety education inspector, Texas Department of Public Safety; Lewis Spears, consultant, Texas Education Agency, the last three from Austin.

The conference was divided into four "study guides."

General objectives included: To vitalize safety knowledge that people might be motivated to translate this knowledge into safety habits and attitudes; to determine needs and to develop programs that will protect children and adults of the community.

About 200 persons participated. These included the state board of managers, district safety chairmen, council representatives, consultants and resource persons.

LOST — Leather case containing prescription colored glasses and other personal items. Liberal reward for return to the Stockman office or to Walter Dunlap.

Mr. and Mrs. Eddie Bower and daughter, Joan, of Dallas are visiting Mrs. Bower's mother, Mrs. Vera Baker in Ozona this week.

Intermediate GA's To Paisano Camp Week

Kathy Stiles and Lynda Parker were driven to Iraan early Monday morning to meet with a group of GA's and counselors from the Iraan First Baptist Church who were on their way to the Intermediate GA week of camp at Paisano Encampment.

Pastor for this camp week is Rev. Riley Fugitt and music director will be Dewey Baldwin of Balmorhea. Carlos Gruber, a native Latvian and now a Baptist missionary, will be the speaker to this group of girls as he was to the Junior group last week.

FOR SALE — Two - bedroom houses, Asbestos siding, composition roof. Located in Amerada camps — two in Reagan county and one in Crockett county. For information write or call F. C. Cope, Amerada Petroleum Corp., Big Lake, Texas. Phone 35K21.

Mrs. N. E. Smith and son, Mike, are here from Lamar, Colo., to visit her mother, Mrs. J. M. Baggett, and other relatives.

FOR RENT — Two-bedroom unfurnished house. Inquire at Ozona Boot & Saddlery.

MEN'S short sleeve Western Shirts at the Ozona Boot & Saddlery.

FOR SALE — Used bath tub and lavatory. Bargain. Inquire at the Stockman office.

FOR RENT — Nice air conditioned furnished apartments. Monthly paid. Phone EXbrook 2-278 or EXbrook 2-3239.

FEET HURT? Too tired for years? Let W. C. Owens fit you in a good pair of KNAPP shoes. Phone 392-2359.

RANCH RECORD

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

numbers since the rains.
can cause extensive damage
in a very short time.
with pecan trees are
to be on the look-out
pest to trees. The follow-
insecticides will do a good job
rolling the web worm if
applied; DDT, Parathion,
or lead arsenate. Caution
in the use of all these
insecticides.

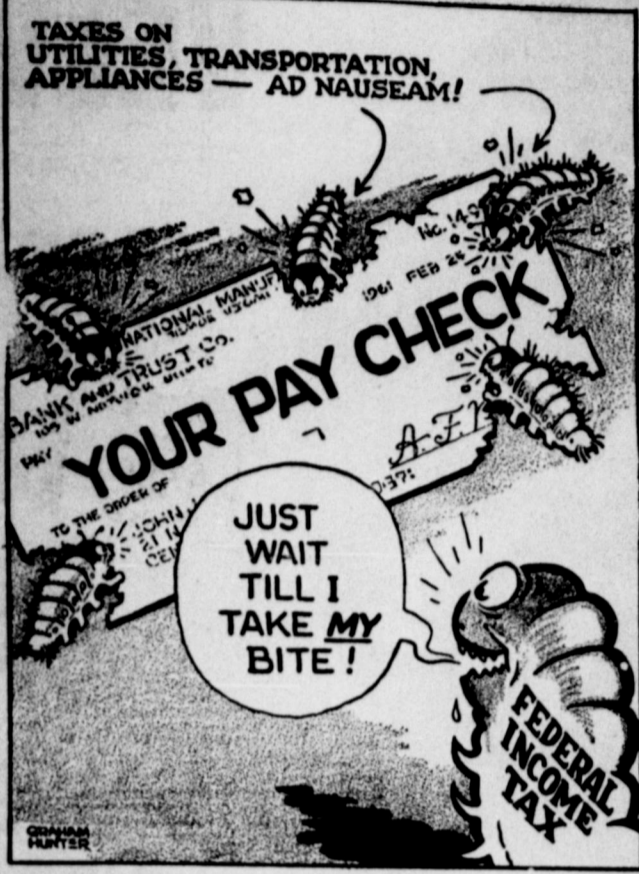

iggers, fleas or ticks invade
some premises, they can be
eliminated with lit-
er. For chiggers, the appli-
of dusts or sprays of chlor-
toxaphene or lindane will
give the best results. Fleas
controlled with malathion
spray. Dogs may be dipped
for fleas with malathion
to control the source of flea
infestations. Diazinon is recom-
ended for the control of brown
bugs and is also good for the
control of chiggers and fleas in
other areas. Most insecticides are
poisonous and should be handled
carefully. Always follow the man-
ufacturer's label when mixing and
applying insecticides. Small chil-
dren should be kept away from
these areas for several days af-
ter application.

grasshoppers become a pro-
blem, heptachlor, chlordane
or dieldrin, used as a bait can
give complete recommendations
of these insecticides.

worms may soon be active
and must be controlled when the
larvae are young if insecticides are
used. The following insecti-
cides are effective if used proper-
ly at the proper time: toxal-
thion, malathion, and lead ar-
senate will give good results.

Bluestone is recommended for
control of scum forming on
bathtubs and tanks. If used proper-
ly will remove the green scum
and harmful effects on fish
are prevented. Safe dosage is 8
oz. of bluestone per million
gallons of water; or 1 level tea-
spoon per 1,500 gallons of wat-

Ozonia Boy Admitted to Scottish Rite Hospital

Andres Galindo, 12-year-old son
of Mr. and Mrs. Eginio Galindo
of Ozonia, was admitted on June
14, to the Scottish Rite Hospital
for Crippled Children in Dallas.
Thirty-seven years ago, Scottish
Rite Masons founded the hospital,
dedicated to an effort to provide a
chance at a normal life for the
handicapped child. Since 1925,
more than 130,000 children have
been admitted for treatment to
the hospital, which is supported by

public contributions and bequests.
Expertly staffed, unusual phys-
ical facilities and devoted inter-
est in the individual, make the
Scottish Rite Hospital an outstand-
ing treatment center which serves
the entire state.

Curator of Famous Buffalo Gap Museum Of The Old West Seeks Copy of 'Ozona Kicker', Early Day Ozonia Newspaper For Display In Museum

Ernie Wilson, curator of the Er-
nie Wilson Museum of the Old
West at historic Buffalo Gap, Tex-
as, in Taylor county, reputed birth-
place of famous badman Billy the
Kid, is seeking a copy or copies of
the early day Ozonia newspaper,
"The Ozonia Kicker," for his mu-
seum.

"Do not think it strange that I
write you as I have talked to your
relatives here about the old paper
called 'The Ozonia Kicker,'" Mr.
Wilson writes.

"Here at my museum we are
very anxious to get one or more
of the old copies of this paper. We
would be glad to pay for them.

"Another interest I have is that
I worked in a bank at Junction
in 1908, (having graduated from
my father's ranch into bookkeep-
ing) and would hear Josh Deats
talk of the Ozonia Kicker as the
greatest paper in the West. In the
event you do not know where I
could get one or more copies, could
I pay you to run an ad."

Well, there it is, and no charges.
The address is Ernie Wilson Mu-
seum of the Old West, Box 67,
Buffalo Gap, Texas. Any person
who has a copy of the old Kicker
or the Ozonia Courier, a little later
paper, might be interested in con-
tacting Mr. Wilson.

Mr. Wilson also inquired as to
publication of any special editions
of the Stockman and asked for a
copy. However, the 88-page Croc-
ckett County Golden Anniversary
edition of the Stockman, published
in July, 1941, is no longer avail-
able — much as we would like
to have a copy of it in the museum.

Mr. Wilson and his son, Horace
P. Wilson, have revived publica-
tion of the "Buffalo Gap Messen-
ger," a weekly newspaper estab-
lished at Buffalo Gap in 1893.
The new publication, however, is

issued only four times yearly —
"Published, if possible, Spring,
Summer, Fall and Winter." Mr.
Wilson graciously included two
copies of the tabloid size paper,
his summer edition of 1960, dated
July 1, 1960, and the 1961 summer
edition, dated June 16, 1961. The
June, 1961, issue contains an in-
teresting story on Billy the Kid—
the story's title, "Did 'The Kid'
Die in Texas? Was He Born In
Buffalo Gap?" The article was tak-
en from the August, 1960, issue
of New Mexico Magazine, publish-
ed by the New Mexico Department
of Development, at Santa Fe. The
story is about one "Brushy" Ro-
berts who purportedly tried to
prove in 1950 he was Billy the
Kid.

The present-day publication uses
the original old newspaper's mast-
head plate, which was done in or-
nate antique type and decorative
border design.

The Museum of the Old West is
located in a massive two-story
stone building, which once served
as the Taylor County courthouse,
at Buffalo Gap. It contains many
interesting exhibits and has been
visited by thousands, according to
accounts in the newspaper.

Jerry Beasley, a spring graduate
of the University of Texas, left
Ozonia last week for Washington
D. C. where he has accepted a
position with the National Se-
curity Administration. Mrs. Beas-
ley and the children will remain in
Ozonia until Mr. Beasley is located
somewhere near Ft. Meade, Mary-
land.

Imagine
yourself in an
ELECTRIC MEDALLION HOME!**

The Food Preparation Center
Shaver, toaster, big efficiency thanks to porcelain dishwasher, range, oven, refrigerator, electric water heater, garbage disposal and exhaust fan. From ceiling lights to wall outlets, this center is prepared for all of today's workovers and those coming tomorrow.

The Laundry and Home Planning Center
Compact, but complete! This center features stackable, automatic electric washer and dryer plus electric hot water heater. Planned, too, for a housewife's "handovers," with desk area and extension telephone. Utility sink is close by.

The Entertainment Center
Even with limited floor space and budget, you can plan for TV, tape recorder, 45-75 rpm radio and record player. Every one has his place on that smart, utility-shed-up. Electric living can open the door to hundreds of episodes of home entertainment.

The Health and Beauty Center
Every day, modest purchases can give you a corner like this. Sun lamp, steam shower fan, hair lamp for a brand drying closet, and lighting fixture are all that it takes to convert your present bathroom, or plan one in a new home.
