Championship By Oilers B&B Grocers Star Team Picked Compete In Area Off Series

By Ernie Boyd

Alberto Ramos launched a one assault on the Moore Oilers day night to lead the B&B Oilers to a 10 to 6 win over the half leaders and bring the Oilers to a close with the two emerging as co-champions. The Oilers had won the first championship of the split season and the B&B Grocers broke and won the second half championship in the Thursday thriller. It had been planned for a sudden-death playoff between the two teams to decide season championship, but plans made it difficult to time and the two teams and managers reached an agreement to the season co-champions. Ramos turned in three fine innings of pitching as well as crash-out two home runs, the second which came with two men on and sewed up the contest. Garza finished up the game in heavy trouble most of the time and had to turn in fine clutch pitching to hold the Grocers' lead. B&B and Moore both broke in the scoring column in the first, but Ramos slammed the Oilers in the face after that. It was not until after Ramos relieved in the fourth frame the Oilers were able to score

Andy Upham, Moore's usually left hander, was the victor of the big Grocer assault, five runs coming on Ramos' two and trip blows the first of which in the first with one on and second in the fourth with two

Marino Cervantez finished up Moore, shutting out B&B the three frames but his mates not able to overcome the Grocer lead even though the bases in two of the three frames but getting one run on each occasion. The Grocer win over the Oilers the second in as many efforts in the second half.

Meeting of the two teams managers along with league director Roy Killingsworth, came up the one game playoff decision prior to the game since the results would have been the

Following the game the list of all-stars as selected by the managers was named with Cox as manager and Dan Brown assistant for the play beginning later this month. Named to the fourteen-man team were the following players, of whom are eleven or twelve old in accordance with little league regulations. From Ozona Oil: DeHoyos, Rex Bland, Jack Blewite and Tomas DeHoyos; from Mason Motors: Ronnie Brown, Drake McKinney, Dean E. Hole, Allen Merritt.

A number of class groups are understood to be planning entries in the homecoming float section, Baggett said, and prospects are good for an interesting and colorful parade. The parade committee is offering handsome loving cups as prizes for first, second, and third place entries in the parade.

Any group needing assistance in formulating ideas for entries in the parade are invited to contact Jack Baggett.

11 Finalists In Texas Miss Wool Pageant Monday

Winner To Compete In
National Pageant In
April of 1962

San Angelo — Eleven young women from various parts of Texas had qualified Friday night as finalists in the 10th annual Miss Wool of Texas Pageant to be held here Monday, July 10. A Western theme will be used throughout the program.

E. S. Newman of San Angelo, chairman of the pageant committee, a cooperative group composed of representatives of the Texas Sheep and Goat Raisers' Association and the San Angelo Board of City Development, said names of the finalists would be released early next week.

Winner of the Texas contest will be eligible to compete with 20 other young women from over the nation in the 1962 Miss Wool of America Pageant which has been set for April 7, 1962. The National event began five years ago after the Texas pageant had developed fully into a statewide program. From an idea of the TS&GRA Ladies Auxiliary, this program has grown to national stature through the continuing efforts of the TS&GRA representative and San Angelo officials on the Miss Wool Committee.

Miss Wool of Texas, chosen to represent the Texas wool industry, will devote the next year of her time to promoting domestic wool under the direction of Fashion Creators, Inc., of Dallas. She will receive a complete all-wool wardrobe designed and produced by Texas manufacturers. She also will receive an automobile for her official use as Miss Wool of Texas. The new Miss Wool will serve the wool growers of Texas by promoting their products as she models the latest woolen fashions in the fashion centers and department store and by television appearances in the state.

The 11 finalists are to arrive here Friday, July 7, for a round of activities, including TV appearances, swim parties, fittings of garments, breakfast, suppers and dancing. Each contestant will model two garments at the pageant which is to be held in the air-conditioned Sarah Bernhardt Theater on Central High School campus.

AMERICA-THE-BEAUTIFUL — BUT DUMB

Right now, while the foreign aid bill is before Congress is a good time to report that the Citizens' Foreign Aid Committee reminds us of two important facts:

One, that foreign aid — by the Americans — is a Communist invention, and

Two, that the Communists are very happy over its success — for their cause.

The Committee quotes Elizabeth Churchill Brown, writing in Human Events of June 10, 1959, as follows: "The taxpayer has been led to believe that foreign aid is an American weapon against Communism and a curtailment of Soviet expansion, when, in fact, just the reverse is true."

Mr. Earl Browder, former boss of the Communist Party of the US, was the father of foreign aid and the Point 4 Program.

In a letter to Mrs. Brown, Bowder wrote: "... you will find in my book, Teheran: Our Path in War and Peace, in Chapter XI, 'Elements of an Economic Program' that I forecast the necessity after the war of a greatly expanded export of American goods on the scale of some 40 billion dollars annually, backed by Government financing. The Point 4 Program was only a niggling little caricature of the approach I recommended."

And in May, 1958, International Services of Information, Inc., of Baltimore, Md., published under the heading: "Moscow Urges Acceptance of US aid," a bulletin given its Paris agent by a reliable Soviet informant which said in part:

"Financial aid by the US to underdeveloped countries will be encouraged in every way by the Soviet Government so long as such aid is granted without strings attached."

"Soviet missions in the countries concerned are being instructed to urge the governments to which they are accredited to: 1. Establish state socialism. 2. Use American funds against America, i. e., introduce measures to protect the economy of the country in question from competition on the part of over-industrialized countries, particularly the United States." "And so on for more paragraphs."

Having accommodated the enemy some \$90 billion worth, we should do more?

THE MOVING FINGER WRITES

Charging that the State Department is "playing Russian roulette with our China policy", Senate Minority Leader Everett Dirksen has demanded that both House and Senate give immediate consideration to the pending resolution opposing admission of Red China to the UN.

The Senator declared that despite the fact that Congress had declared its opposition to a seat for Mao's Reds no less than 19 times, it is vital to warn the nation now of the increasing danger of Peiping's admission.

And clearly, there is danger on two fronts. First, the US has been successful for years in collecting enough votes in the UN to prevent the issue coming up for discussion.

BILLIONS OF BUGS DEFEY MAN... SCIENCE

But, as Secretary of State Rusk plainly stated in his Chicago press conference, that won't work any more. And while his explanation may have been more diplomatic than frank, the cold fact is that Communist gains in the UN have made this tactic perilous to say the least.

The second danger is the State Department's game of "Russian roulette" — or offering seats to the "two Chinas" in the pious hope that Mao's gang, who have contended all along that they are the only China, would reject equal status with Nationalist China. As Senator Dirksen pointed out, the "flaw in this devious State Department reasoning" is that the Nationalists have declared they would quit the UN rather than share it with the Reds, which could well decide Mao to take advantage of the offer.

"Then where would we be?" asked Mr. Dirksen rhetorically. "Nationalist China would be out and Red China in!"

In view of the record, it is hard to understand how there could be any difference of opinion on this issue among US officialdom — in or out of the UN. Not only has the Congress expressed itself repeatedly, but American leaders, both right and left, Democrat and Republican, in politics, business and the professions recorded their opposition to either a UN seat or US recognition for Red China in 1953. This notable collection of autographs on the first petition to be circulated by the organizers of what was to become The Committee for One Million was presented to President Eisenhower. The resultant publicity sparked a public clamor for expression on this issue, the Committee was formed and 1,037,000 individual signatures — the greatest number ever known to have signed a single document — were obtained!

Red China in!"

Mightily encouraged, the group changed its name to The Committee of One Million and redoubled its efforts against the admission of Red China to the UN. Today, right now, as the augmented Communist-Neutralist bloc in the UN plans its fall drive to bring this Asian scourge into what was intended to be the citadel of civilization, the Committee is giving Americans another, and perhaps a last chance to express themselves.

If you haven't yet signed this latest Petition, write to Committee of One Million at 79 Madison Avenue, New York 16, N. Y. for copies — and get signatures to support the men in Congress who seek to launch a direct, frontal, unequivocal attack on this Communist maneuver for new leverage in global domination.

THE ISSUE IS QUALITY

A high government official recently said on a televised broadcast, that the American Medical Association has been trying to frighten the American people by describing the proposal to provide government paid medical benefits to everyone drawing social security benefits as socialized medicine. The AMA has replied — and most effectively.

The official's attack, it said, amounts to a deliberate effort "to impugn the motives and integrity of America's physicians." Then, on specific grounds, it answered the official's claim that the bill "does not include doctors. The bill definitely includes physicians. It includes interns, residents — those physicians serving the hospital's outpatient clinics. It also specifically includes, pathologists, radiologists, psychiatrists, and anesthesiologists working in the hospitals."

The official also said that the bill offers free choice of hospital and physician. This is misleading, for only hospitals signing contracts with the government would be available to patients. If the only hospital in a community was not approved by the Secretary of Health, Education and Welfare, local patients would be forced to seek hospitalization elsewhere. This hardly sustains the principle of free choice.

The AMA's position is summed up in these words: "Because physicians are concerned with the care

of their patients, they will endeavor to warn the people of any proposal which, in their honest opinion, would endanger the quality of medical care."

Mrs. R. T. Newton of Dalhart, Oregon, was a guest in the home of her son-in-law and daughter-in-law, Mr. and Mrs. W. J. McKee, here.

"I want no part of anything you keep your moon and stars from giving me one bit of money where I can park my car," said Mekeel, Ovid (N. Y.) Independent.

Game Season Rules Up For Setting At Meet Of Commission July 7

Austin — Hunting dates for the 1961 season will be set at the mid-summer meeting of the Game and Fish Commission in Austin July 7, according to H. D. Dodgen, executive secretary. General laws cover the white-tailed deer season in most of the Texas counties, opening the season from Nov. 16 to Dec. 31, inclusive. The general law quail season is from Dec. 1 to Jan. 16, inclusive.

However, with 120 counties now under regulatory authority, seasons with different dates may be set in many of those counties. The bag limit also will be affected, based on supply of game and the range conditions.

One of the major items of discussion will be the possibility of a

bag limit of three deer in some of the counties now overpopulated with game. This would be an extra doe permit, to be known as a "bonus" deer.

The doe population has increased in many Edwards Plateau counties to a point beyond the carrying capacity of the land. The extra doe permit would be given in hopes of bringing about a balance, both of sex and range conditions.

The 57th session of the Legislature added 16 new counties to regulatory control. Public hearings are in progress in these counties now, in an effort to develop local thinking concerning this fall's regulations.

Mr. and Mrs. Clark Self, Jr., and two children stopped off in Ozona this week for a visit with Mrs. Self's uncle, Oscar Kost, and family. Mr. and Mrs. Self are on their way to San Antonio and Dallas on business.

Mr. and Mrs. Ernie Boyd and children are in Sulphur Springs, Texas, this week visiting parents and friends.

Special programs included the President's Day, which was a luncheon in the home of Mrs. Joe Pierce, honoring the retiring president, Miss Elizabeth Fussell, and the new president, Mrs. Oberkamp. Special music was furnished by Miss Ora Louise Cox.

A club institute was held in the home of Mrs. Will Baggett, at which time the club voted to donate one band instrument to the local school band. At the public welfare meeting in the home of Mrs. Hillery Phillips, an exhibit of handcraft was shown from the only Texas Indian Reservation of the Alabama - Coushatta, located near Livingston. Miss Ruth Graydon and Miss Rebecca Anderson gave the musical numbers.

Houston S. Smith was guest speaker on the national affairs program, in the home of Mrs. A. W. Jones. Mrs. Harry Perner of Chuquicamata, Chile, and Mrs. Albert Kay of Ft. Stockton were guests.

On Federation day, Mrs. Carl Colwick gave the highlights of the state convention at Wichita Falls. Miss Fussell discussed the Convention personalities. Mrs. Oberkamp presented the plans for a local Club house, which was approved by the club.

A candle lighting service and Christmas tree was enjoyed as the Christmas program. Mr. and Mrs. Oberkamp were hosts to members of the club and their husbands and guests during the holidays.

Gene Hollon, principal of Ozona

Mrs. Joe Oberkamp
1939-1941

Junior school, was the guest speaker at the program on international affairs. He spoke on "What Is This War About?" Mrs. Eugene Slater reviewed an article in Fortune Magazine, "Failure of the Church." The program was concluded with the reading of Anne Lindbergh's poem, "A Prayer for Peace."

Supt. C. S. Denham of Ozona schools was guest speaker at the Texas Day program, discussing early day pioneers of Texas from the aborigines, the Indians, La Vaca down to John Arden, the first man to bring sheep to Crockett county, and John Henderson the first cattleman. Mr. Denham also recounted the settling of the Hoover family, Mrs. Hoover being the first white woman in this section.

Mrs. Oberkamp, Mrs. Colwick, Miss Fussell and Mrs. P. T. Robison represented the Ozona Club when the Texas Federation honored Mrs. Clara Driscoll with a reception and unveiling of her picture in the Headquarters building in Austin. Mrs. Driscoll had retired the \$92,000 debt against the building.

The Club was entertained with a luncheon in the home of the President to observe the Golden

Jubilee of the Texas Federation, which was organized in Waco by Mrs. Edward Roten.

Modern art was discussed by Mrs. W. S. Douglas of San Angelo when the club met in the home of Mrs. A. C. Hoover. After the program the members enjoyed an exhibition of fine paintings and art objects in Mrs. Hoover's home. A donation was made to the Penny Art Fund and Crippled Children's Hospital in Marlin. The club endorsed Miss Elizabeth Fussell for second vice president of Sixth District.

All officers were re-elected for the next year and "South Seas" a University course, was adopted for the next year study.

The Junior Woman's Club was hostess to the Senior Club in the home of its president, Miss Wanda Watson. A program of vocal solos, readings and violin solos was presented by Miss Rebecca Anderson, Miss Watson and Miss Ruth Graydon.

Mrs. Hubert Baker and Mrs. M. Johnson were elected to membership during Mrs. Oberkamp's second year. Mrs. Kate Baggett was honored as a pioneer Club woman from Ozona.

Mrs. Colwick as program chairman, with her committee of Mrs. Vic Pierce, Mrs. George Been and Mrs. Evert White, planned an interesting year book, selecting the back that has been used since that time, listing all General, State, District and local officers, with addresses. The Club Collect and the State Song, "Texas, Our Texas" were included. The motto was "Stand up straightly, speak out boldly, and sit down quickly."

The topic of study was the University Course of South Sea literature. The geography, history and romance of the islands were studied, including Hawaii by Mrs. W. E. West, who had recently visited the islands.

Other programs were a Christmas luncheon in the George Bean home, Texas literature, gardens, and an art program with Miss Ruth Matlock of San Angelo as the guest speaker, and an art exhibit

of the work of her local art class. Mrs. Paul Whiffen of San Angelo reviewed the book, "How Green Was My Valley," sponsored by the Club, for the community, in the home of Mrs. Max Schneemann.

An old written report by Mrs. W. E. Smith, civic chairman, reads in part: "Had the general clean-up campaign (held quarterly at that time) Also the county has graded all streets and sidewalks not paved, to drain away the water and do away with all weeds that grow from property line to street."

Mrs. Carl Colwick, who was six District Chairman of Mothercraft and Miss Elizabeth Fussell, the second vice president and dean of all departments, attended the Sixth District Board meeting in Abilene.

The newly elected president of Sixth District, Mrs. J. W. Walker of Plainview, was honored with a buffet supper in the home of the president, Mrs. Oberkamp, with the Ozona Club and members of the Barnhart club as co-hostesses.

Mrs. V. I. Pierce was a delegate to the Texas Federation convention in Ballinger, April 3-4, 1941, accompanied by Mrs. Vic Montgomery, delegate from the Junior Woman's Club. Others attending were Mrs. P. T. Robison, Miss

Fussell, Mrs. Colwick, Mrs. N. W. Graham and Mrs. W. E. Friend, Jr., president of the Junior Woman's Club.

Alma Chapman Oberkamp was the daughter of Mr. James Chapman, and his wife, Catherine Miller Chapman, early settlers of Crockett county. Ozona was her birth place and she attended public schools here. She was married to Mr. Joe Oberkamp of San Angelo and for many years they were associated in a local business of furniture, hardware, plumbing and gas and founding a funeral home and ambulance service for Ozona for the first time. They also owned a ranch between Pandale and Comstock, where later Mr. Oberkamp was fatally stricken with a heart attack.

Notes From The County Agent's Office
By Pete W. Jacoby

Summer management practices used on a ranch tend to carry over into fall and winter, and eventually determine whether or not a year was as profitable as it could have been. G. O. Hoffman, extension range specialist, says there are several practices that should be carried out this summer, but which will provide benefits for the rest of the year.

One of the recommended practices is deferred grazing. On a pasture that has just received a rain, deferring allows native grasses to make rapid growth. Grasses can make seed in 4 to 6 weeks, but best results are obtained when the pasture is deferred all summer. It is also profitable to defer a pasture that has not had any rain. Native grasses need a rest once every 4 years in order to increase their vigor and re-establish their root system.

Another excellent way to relieve grazing pressure on permanent pastures is to use temporary pastures. Ranchers in the drier areas of the state should also plan to reduce the stocking rate by culling unproductive animals. Hoffman continues. Livestock numbers should be balanced with the amount of grass on the pasture.

Water is necessary for good grass production, but in some areas of the state moisture is not too plentiful. It is therefore wise to make profitable use of every bit of moisture available. One way to do this is to construct diversion terraces, known as "throw-outs" to divert the run-off water from roadside ditches onto the pasture. The added water will grow lots of grass, says the specialist. Another way is to control brush growing in the draws, creek bottoms and overflow areas. These productive range sites will produce grass when the brush is taken off.

Something else to watch for this summer is poisonous plants. These pests should be controlled so as to keep livestock losses to a minimum.

Hofman says that under present conditions, ranchmen should carry out only those range practices which require very little cash outlay. He also recommends using the cost-sharing programs to help carry out the ranch improvement program.

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match Ford's features (or popularity!)

There's a whole wagonload of Ford features that only America's station wagon specialists can bring you.

First, there's more room. Ford's extended load deck is the longest and widest in its field. The tailgate opening is seven inches wider than last year, too.

There's more convenience. You can have an electrically controlled roll-down rear window in any Ford wagon... it's standard in all Country Squires and 9- Passenger Country Sedans. In their field, only Ford wagons

have all seats facing forward.

There's more distinction. The Country Squire (shown above) is the one and only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings, too. Ford's Ranch Wagon is America's lowest-priced,* full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between chassis lubrications, 4,000 miles between oil changes, brakes ad-

just automatically, mufflers are made to last three times as long as ordinary mufflers, and the finish never needs waxing.

STOP putting off that station wagon you've always wanted. SWAP for a '61 Ford wagon now while your Ford Dealer's celebrating record-breaking sales. SAVE with the wagon America loves most... made by FORD... America's station wagon specialists for 32 years!

an Era — One of the most and controversial names in tury Texas politics passed e scene with the death Miriam A. Ferguson.

h she preferred house- and flower raising, Mrs. n was the first (and only) governor of Texas. Also the only two women gov- ver to be elected in the

ing of the "Ferguson era" 1914 when her husband,

Jim Ferguson, was elected gov- ernor, as the champion of the Tex- as tenant farmer. He was re-elected in 1916 but impeached in 1917.

In 1924 Mrs. Ferguson ran for governor, with the announced pur- pose of clearing her husbands' name. She was elected in 1924, defeated for re-election in 1926, but won another term in 1932.

Last Round — Legislators waxed both heated and hopeful in the last round of public hearings be- fore the committee appointed by Governor Daniel to study all tax plans and suggest a compromise.

Committee, mostly made up of board chairmen of site agencies, is to select ideas or merge them into a recommendation to be of- fered at its final meeting July 6 and 7. Special session to enact a tax plan begins July 10.

Rep. Reed Quilliam of Lubbock said he felt the people should see clearly what their choices are — a sales tax, income tax or sharp reduction in state services.

Reps. Charles N. Wilson of Tri- nity and Maco Stewart of Gal- veston suggested a plan that would combine a 2 per cent general sales tax, with exemptions, and a 6 per cent corporation profits tax.

Sen Grady Hazlewood of Am- arillo apparently favored a sales tax. He told the committee he thought the governor had been asleep, Rip Van Winkle fashion, since 1939 when Governor Daniel, then a House member, was one of the "Immortal 56" who blocked a sales tax. Hazlewood pointed out that the state has had a population explosion and an 800 per cent in- crease in cost of government since then.

Rev. and Mrs. Harry Trulove returned last week from a vaca- tion visit with friends and rela- tives in Georgia.

HOLD TAX SCHOOL

The Texas A&M Extension Ser- vice has been working with In- ternal Revenue to hold fifteen to twenty schools every year. If plans work out County Agents will at- tend a short school conducted by the tax folks on how to teach a simple Income Tax Training Course for farmers. The county agents will in turn hold tax schools in their local communities. Over the state county agents will prob- ably hold several hundred farm tax schools this year.
