NUMBER 28

Texas Air To Land Ozona Mon.

To Be Served Barbecue Dinner In A Noon

Most Ozona merchants participating in the monthly Dollar Day event this week-end, whose ads appear in this week's issue of the Stockman, are offering many valuable prizes to winners of the Lucky Number contest in their particular stores.

Circulars from the Dollar Day ads are to be distributed over town. Each circular bears a number and each merchant who is offering a prize has selected a number which will be posted in the store. If the circular bearing the corresponding number is brought to the store, the bearer will win the valuable prize. These prizes range from a free meal to a \$50 camera, and each will be well worth the trouble of visiting the store to check the number. The merchants who are offering the free gifts are anxious for someone to win and will welcome your comparing numbers in their stores whether you take advantage of the dollar day bargains they are offering or not.

Lions Overcome Fumbles To Down R'Springs Angoras

Butter Fingers Threaten But Stout Defense Holds Enemy

The Ozona Lions had to rely on a strong defense to overcome a hectic siege of fumbles in the last half, last Friday night but the defense rose to the occasion and the Ozona Lions won their second game of the season 14 to 6.

Except for the outcome, the game was almost a blue print of last year's contest when the Lions fumbled away chance after chance and came out with a 0 to 6 loss.

The Lions got an early break following the kickoff when they recovered a Rocksprings fumble deep in Angora territory. They quickly moved to the one foot line but then with fourth down, chose to sweep wide and blew the T. D. when the ball carrier was spilled for a short loss.

The Lions bounced right back early in the second period to drive forty yards with Vargas going over from the one. The try for extra points was no good and the Lions also had an infraction on the play to leave the score 6 to 0.

Rocksprings used a great diving catch, some Lion carelessness and a unfortunate choice on a penalty to make their only points and tie up the score.

Rocksprings, unable to move against an aggressive Lion defense, was forced to punt and the Lion secondary, which did not intend to field the ball, got dangerously near the ball and one of them accidentally fell into the ball giving the Angoras the pigskin on the Lion 11 yard line.

The Lion forward wall, getting great play from Bob Amthor and Mike Walters, stopped the Angoras cold, but on third down the Angoras were guilty of holding.

(Continued on Last Page)

Two Teenagers Back In School After Accident

Two Ozona teenagers, hurt in a car accident near Iraan recently, were back in school this week after receiving hospital treatment for cuts and bruises.

The two youth, Doyle Lovell, 16, son of Mr. and Mrs. Leonard Lovell of Ozona, and Walter (Dubbie) Scrivner, 15, son of Mr. and Mrs. W. C. (Dub) Scrivner, were hospitalized in Iraan after their car hit a guard post and plunged into a deep ravine off the Iraan-Eldorado road about twelve miles east of Iraan. The boys miraculously escaped more serious injury.

The two boys had been to Monahan and were on their way back to Ozona when the accident occurred late Sunday afternoon.

Record Crowd For Ozona-Sonora Tilt Expected Fri. Nite

Broncs Boast Victory Over Eldorado And Tie With Owls

By Ernie Boyd

The Ozona Lions will meet one of their traditional rivals at Lion Stadium Friday night at 8 p. m. when they take on the Sonora Broncos of District 42-A in a non-district clash.

The Lions, with a record of two wins and one loss, will be underdogs in the contest and even though they came out of last week's win over Rocksprings without injury, at least two regulars have been out of practice this week with bad colds or light cases of the flu.

Sonora will bring a record of one win and two ties to Ozona with one of the latter a 6 to 6 tie with powerful Big Lake last week. The single win was an upset win over district favorite Eldorado and the third game was a tie with a strong Menard team.

The Lions will once again be banking on a strong defensive unit to hold the Broncos in check but the offensive unit has been showing rapid improvement and it is hoped that this week the club will snap back from an apparent loss of sharpness, caused at least in part by a week of idleness.

Last week's game revealed some rapid development in such linemen as Rick Hagelstein, Bob Amthor, and Mike Walters and with experienced Joel Huff and Pete Garza and senior end Bryan Montgomery, the starting defensive unit has not only some size but now is getting good reserve strength from Joe Chapman and Buddy Farris, both of whom start from time to time.

Last year the Lions invaded Sonora and waged a strong fight before losing on a two touchdown splurge by the Broncos in the last quarter.

Pete Montgomery sprung the Lions ahead with an 89 yard run for a touchdown in the first quarter and the Lions went on to score again in the first half and hold a lead at the half time but could not hold it.

One of the largest crowds of the season is expected to be on hand for the contest as Ozona fans will want to see what the Lions can do with a first class foe and Sonora always brings a big group of supporters with them when they play in Ozona.

Coach Fred Hickman indicated that he would start the following defensive lineup, now subject to change due to illness: ends, Bryan Montgomery or Buddy Farris, middle guard, Bobby Amthor and the secondary Pete Garza, Richard Vargas, Joel Huff, Sammy Cervantez, Leroy Cooper and Scott Mahon.

On offense the Lions will start Scott Mahon and Thomas Garza at ends, Walters and Hagelstein at tackle, Huff and Garza at guards, Amthor at center, Leroy Cooper at quarterback, Richard Vargas and Bryan Montgomery at half backs and Paul Perner at fullback.

Bud Harrison Buys Elmhorre Gulf Station

Bud Harrison, who has operated Harrison's Garage on U. S. Highway 290 at the west edge of Ozona for several years, closed his garage and launched into a new venture Tuesday morning, Oct. 1, when he took over the Gulf Service Station established by Doyle Elmhorre.

Mr. Harrison purchased the station from Mr. Elmhorre and took over management October 1. He will maintain the same services which customers had enjoyed at the station heretofore and will add minor mechanical service as well. No major overhaul jobs will be included in the mechanical service.

Mr. and Mrs. Elmhorre own a farm near Sthenville and plan to spend some time there but plans are still indefinite, he said.

Taxpayers Urged Not To Pay Poll Tax Until After Election

Mrs. L.B. Townsend, 62 Former Ozonan Died In Grapevine Tex. Sunday

Mr. and Mrs. L. D. Kirby attended funeral services in Grapevine, Texas, for Mrs. L. B. Townsend, 62, former Ozonan, who died in Grapevine Sunday after a long illness. Mr. Townsend, former mortician with Joe Oberkamp here in the thirties, who died about four years ago, was Mr. Kirby's uncle.

Funeral services were held from the Methodist Church in Grapevine at 2 p. m. Tuesday. Mrs. Townsend had suffered a heart condition for the past several years. Mr. Townsend also died of a heart attack.

Surviving are two daughters, Mrs. John R. Bryant of Fort Worth and Mrs. Jack James of Richardson, and five grandchildren.

Oil Discovery Indicated In New Hagelstein Test

New Location Made In Lancaster Hill Area In West Crockett

A Canyon sand oil discovery was indicated in Crockett County with the swabbing of 20 barrels of new oil, 3 1/2 barrels of acid water and 2 1/2 barrels of basic sediment and emulsion in 10 hours at G. R. Carter and W. C. Montgomery, Midland, No. 1 Hazel Hagelstein, in 5-OP-GC&SF, three miles north-northeast of Ozona, and 2 3/4 miles northeast of the Ozona, Northwest (Canyon oil and gas) field and the same distance northwest of Dalton H. Cobb No. 1 Hagelstein, recent Canyon sand gas-distillate discovery.

Recovery was through perforations between 6,713-17 feet, which earlier had been washed with 500 gallons and fractured with 26,000 gallons.

L. W. Lovelady, Grover, MacCurdy & Hoffecker, Odessa, will drill the No. 1 Northern Natural-University as a 7 1/2-mile southwest outpost to the recent re-opener of Devonian production and as a one-mile south outpost to Strawn gas production in the Lancaster Hill multiphase oil and gas field of Crockett County, 21 miles southeast of Sheffield.

Location is 660 feet from the north and 1,320 feet from the east lines of 1-29-University Lands. Contract depth is 7,800 feet. It is also 1/2-mile north-northwest of the Ingham (Devonian gas) field.

The Devonian opener, Phillips Petroleum Co. No. 1-E University lands, was finished Sept. 3 for a calculated, absolute open flow of 13 million cubic feet of gas per day, with gas-liquid ratio of 78,400-1, through perforations between 7,356-67 feet.

It is also 1/2 mile south and slightly east of the same operator's No. 1 Skelly-University, Devonian project, and indicated 1/2-mile south extension to Strawn gas-distillate production in the Lancaster Hill field.

It indicated Strawn production with the flowing of gas at the maximum daily rate of 1,250,000 cubic feet daily, and the recovery of 475 feet of black, heavily gas-cut drilling mud on a drill-stem test between 6,980-7,202 feet.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

Donors to the Hospital Memorial Fund since Sept. 24th: Mr. and Mrs. L. B. Cox, Jr., in memory of Mr. Fred Deaton. Mr. and Mrs. L. B. Cox, III in memory of Mrs. Sandford Smith, and in memory of Mrs. Spencer King and in memory of Mr. Fleet Coates, and in memory of Mr. Fred Deaton.

Road Improvement Sought In Austin Highway Hearing

Crockett Delegation Gets Favorable Response On Projects

A large delegation of citizens from Crockett, Reagan and Glasscock counties, appearing before the State Highway Commission in Austin last week in behalf of a designated highway 137 from a point east of Midland to two miles north of Ozona where RM 865 intersects Highway 163, were given the choice of early improvements to parts of the highway or designation and long delay in such improvements.

The Commission advised the delegation to leave the road in the Farm to Market category where funds will be available sooner for improvements and designation of the through route, which they hoped will bring traffic from the Midland area to the new Amistad lake near Del Rio later.

Representing Crockett County at the hearing were Oscar Kost president of the Ozona Chamber of Commerce; county Commissioner Rusty Smith and C. O. Walker; Dixon Mahon, District Attorney; Luther Walker, Cof C manager; and Chamber of Commerce committeemen Armond Hoover, Jr., Gene Lilly, Bill Carson, Sonny Henderson, J. B. Miller and L. D. Kirby and Highway Committee chairman Troy Williams.

4-H Feeders Pick Lambs For Year's Feeding Programs

21 4-H Clubbers Buy County Bred Lambs For Projects

Twenty-one 4-H club members received their commercial lambs for the 4-H commercial lamb feeding program last Saturday. 4-H members assisted in the grouping, drawing, shearing, ear-tagging, drenching and weighing of the lambs under the supervision of county agent Pete Jacoby and 4-H adult leaders.

The lambs, both finewool and crossbred, will be fed until the county show in January, at which time they will be graded and placed. 4-H members will be awarded for best gains and good animal husbandry feeding practices at the county 4-H show.

All lambs selected for the program were commercially bred and raised in the county by local ranchmen. Breeders represented are Joe Tom Davidson, Charles E. Davidson, Jr., Charlie Davidson, III, John Coates, Max Schneemann, Childress & Clayton, Boyd Baker, Joe Couch, Fred Deaton, Tom Everett, Cotton Brooks and Bill and Larry Williams.

4-H members with commercial lamb feeding projects are Rex Bland, John Bland, Mike Baker, Hugh Coates, Diana Couch, Buddy Couch, Charles Childress, Tom Davidson, Cuatro Davidson, Fred Deaton, Bill Everett, Alton Everett, Steven Hubbard, David Jacoby, Phillip Perner, Duwain Vinson, Eugene Vinson, Larry Williams, Kathy Williams, Kenney Trude and Gary Lee Sutton.

Other 4-H projects are Quarter Horses, feeders are Paul Perner, and Rex and Diltze Bland; Keith and Lelie Mitchell have registered Rambouillet sheep, Mitzi Friend has registered Angora goats and show lamb projects are carried on by Rex Bland, David Jacoby, Hugh Coates and Kenny Trude.

With the arrival of fall and tax-paying time, tax bills covering county, state and school levies were being mailed out this week from the office of Sheriff and Tax Collector Billy Mills.

The uncertain state of the poll tax, what with an amendment to the state constitution to be voted on in November which, if approved, will eliminate the poll tax in Texas and replace it with a voter registration system, has prompted tax collectors to advise taxpayers not to pay the poll tax this year, at least until after the November 8 election.

Mrs. Gertrude Perry, office deputy in charge of tax collections, pointed out that the law makes it impossible for her office to refund money and that a voter can not have both a poll tax and a registration receipt under the new law, if approved, and she, therefore, advised taxpayers against paying the poll tax now.

Should by chance the amendment be defeated, there will still be time to buy a poll tax and qualify for voting next year, she said, and the local office has plenty of forms on hand.

Crockett county starts off its tax collection period on a property valuation which is down slightly about \$200,000 from that of last year.

The taxable valuations for this year are: County, \$33,867,750; state, \$32,103,580; and schools, \$32,021,900. The differences are accounted for by the fact that University of Texas lands in the county are taxed for county purposes only.

As in previous years, taxpayers who pay their taxes in October may earn a 3 percent discount on county and state taxes, no discount allowed on school taxes. The discount drops to 2 percent in December and one percent in January.

The new tax rate will be down 9 cents from last year, the school bond redemption tax being reduced that much because of the reduction in school bonded indebtedness.

The total rate will be \$3.27 on the \$100 valuation, of which 42 cents will go to the state, \$1.25 to the county and \$1.60 for school maintenance and bond retirement.

Ozona Schools Fly Texas Flag Under New Mandatory Texas Law

All Ozona schools were flying the Texas flag under the United States flag this week in compliance with a recently passed state law which requires that schools fly the flag or be restricted from state funds.

The Texas flag, adopted by the Republic of Texas before it became a part of the Union, has since the date of annexation in 1845 or 46 as one views it, been the state flag.

Even though a number of Texas flags were owned by the system, none were of the type that could be flown outside for any length of time.

The Texas flag are being displayed on the school flag poles just beneath the United States flag on the high school grounds, the North and South and Lockett elementary schools.

Partnership Tourney Slated Here Sunday

Ozona Country Club's annual Partnership Golf Tournament will be staged on the local course Sunday.

Invitations have gone out to area golf clubs and a number of out of town contestants are expected.

The tournament will be partnership play on 27 holes, best ball. Warmup play will be Saturday with partnership contests taking off Sunday morning.

Flights will be determined on the first nine hole scores.

19 Who Stood Fast

Now that the Senate has dutifully ratified the test ban treaty by vote of 80 to 19, Administration officials are beating the drum for talks with the Russians that, hopefully, may lead to further agreements designed to ease the cold war tension, and proclaiming that the Kremlin masters are softening up, even to the point of giving their own people a better break, and maybe they don't want to dominate the world anyway.

Agriculture Secretary Freeman and Commerce Secretary Hodges have already talked with the House Agriculture and Foreign Affairs Committees on what to do when the Soviets ask to buy 200 million bushels of wheat, as they are expected to do. To put over this tension-relaxers will take a little fancy footwork, since one law says no subsidized product may be sold to an "unfriendly nation," and another puts the USSR in that category. But, certainly, we're friendly, and action is expected as soon as the President returns from his non-political barnstorming.

In still another relaxation development, we will ask the Soviets if we can please open some consular offices in Russia besides that in the embassy in Moscow. We don't know whether the State Department will ask Khrushch for a consulate in Havana, too. But, that will doubtless come in time, if not right away.

Most relaxing of all, no doubt, will be that joint Soviet-American moon exploration program the

President has proposed, and which NASA Administrator James E. Webb has called "a thrilling, thrilling prospect" even though, he admits, American and Russian astronauts may not ride in the same spaceships.

But, before we relax so far as to forget what started this reckless mood, we would like to cite for future reference the Senate Honor Roll, the 19 statesmen who had the courage to vote "Nay" when the roll called on the nuclear test ban treaty.

They are: Bennett, of Utah; Byrd, of Va.; Byrd, of W. Va.; Curtis, of Neb.; Eastland, of Miss.; Goldwater, of Ariz. Jardon, of Idaho; Lausche, of Ohio; Long, of La.; McClellan, of Ark.; Mechem, of N. M.; Robertson, of Va. Russell of Ga.; Simpson of Wyo.; Smith, of Maine; Stennis, of Miss; Talmadge, of Ga.; Thurmond, of S. C.; Tower, of Texas. Note the absence of Yarborough of Texas from the list.

Mr. and Mrs. John Horn and Mrs. Ernie Boyd were in East Texas over the weekend. The Horns visited parents in Commerce and Mrs. Boyd visiting her father, in Sulphur Springs, who has been in poor health recently.

FOR RENT—Unfurnished house three bedrooms, two baths at 909 Ave. D. (The Mrs. A. F. Nelson house). See or call Mrs. Bill Taylor at Hotel Ozona, Phone 392-2636.

A Creek In My Back

By Allan R. Bosworth

Author of "New Country" and other historical & fictional works

If anybody has missed this column during the past month, I can explain. I have been discovering for myself the principle long ago exploited by Floyd Gibbons, the famous correspondent, and by the unnamed gentleman in the (Math-away) short ads. An eye patch made both of these appear as adventurous and romantic as all get out. And wasn't it Tom Sawyer who unbandaged and exhibited his sore toe for a small fee?

It seems that Americans — and perhaps people everywhere — are pushovers for the walking wounded. There is no better way to attract a street crowd than to venture forth swathed in gauze, or on crutches. I should like to think that this is a spectator sport motivated by solicitude rather than by morbidity, but I am not sure. One little piece of surgery makes the whole world kin. Old Irvin S. Cobb brought that out beautifully in his "Speaking of Operations."

Well, speaking of operations, let me tell you about mine. All I had was a bandaged right hand, and my arm in a sling, but wherever I went I had to tell people about it. This grows on you, after a time. You find yourself telling utter strangers how the doctor made a palmar incision to remove the afflicted tissue, and then went up into three fingers, each of which contained two blood vessels, two tendons, and two nerves . . .

"It was like working on a watch," you hear yourself saying. "It took four and a half hours. A very delicate thing — separating and removing the tissue from two blood vessels, two tendons, and two nerves. In fact, it was fantastic."

When I say that it was fantastic, bystanders cluck their tongues sympathetically, and then are reminded of what happened to their brother-in-law, who are almost always named Joe.

It is a wonder that Joe is alive. They removed his gall bladder and one or more of his kidneys. While they were at it, they took out his vermiform appendix, just in case. Joe was on the operating table for four and a half hours! I break in, sternly. "All under local anaesthetic. The doctor said I was a stoic, because I refused to take any tranquilizers or sleeping pills."

"A stoic?" asks one of the by-

standers. "What's a stoic?" "A stoic," I say sternly, "was a well . . . a stoic was one of the old guys who endured pain without flinching. Like the Indians."

"I got a brother-in-law," says one of the bystanders, "who is full-blooded Cherokee, and rich with Oklahoma oil. You come near him with a needle, and he screams."

"The softening paleface influence," I say. "In the old days he could have been scalped without a murmur."

"But what happened to you?" other bystanders demand.

"Well," I say loftily, "I had Dupuytren's Contracture, which pulls the fingers toward the palm. As you can see, they had to remove the little finger."

At this, the crowd surges forward, has a look, and then falls back with a great sigh of satisfaction. Then the crowd disperses, and I have to look for another one.

This isn't difficult. The surgery was done at Portsmouth Naval Hospital. Portsmouth is an old town, sitting on its porches with its memories. Just walk along there with your arm in a sling, and people start calling from their porches:

"What happened? Fall and break your arm?"

You look up at the elderly gentleman on the porch, and realize that you can enliven his day . . .

"No," you say. "Surgery for Dupuytren's Contracture . . ." and then you are off and running, and your elderly friend turns up with a brother-in-law or two who was in the hospital for three months.

"Glad he turned out all right," you say, and finally go on.

You don't feel like a martyr, at all. Because in the same ward there was a Korean veteran who already had one leg off above the knee, and had become a Certified Public Accountant . . . and then one morning they wheeled him away, and that evening they brought him back, sitting upright and conscious, with the other leg also amputated above the knee.

He wasn't crying or complaining. A hand operation can stop the typewriter for a little while, but it is really not important.

Mr. and Mrs. W. O. Reeves celebrated their 25th wedding anniversary here Sunday.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Gov. John Connally spiked increasing rumors of a "near future" special legislative session on congressional redistricting and made clear that he plans to await the decision of a federal court on this touchy issue.

Connally was in Washington this week to discuss U. S. financing of the screwworm eradication program, oil imports, forest lands around Toledo Bend Dam, the Jefferson County seawall project, and possibility of a national park in the Guadalupe Mountain Peak area.

Redistricting Suit Heard — A federal court took under advisement a Republican group's suit for Texas congressional reapportionment. Suit alleges discrimination against big cities in present representation.

Atty. Gen. Waggoner Carr argued that the U. S. Supreme Court has furnished the Legislature no real guidelines for carving out new districts.

Rep. Menton Murray of Harlingen, chairman of the House Committee on Congressional and Legislative Districts, testified that this was a key factor in the Legislature's failure to re-district this year.

Await Federal Action — Carr told newsmen he plans to take speedy action to enforce the Texas Communist registration law after the federal government winds up its present proceedings against John W. Stanford, Jr., of San Antonio.

U. S. Subversive Activities Control Board held lengthy hearings on alleged-Communist Stanford's activities at the request of U. S. Atty. Gen. Robert Kennedy.

Stanford refused to register under either State or Federal Communist control laws. Recently he wrote President Kennedy: "The government has no business telling me what my politics should be."

Crisis Period Ahead — Following a meeting of leaders in the screwworm program, Dolph Briscoe Jr., of Uvalde, predicted the

eradication drive will face its most crucial test in next 30 to 60 days.

Screwworm cases were reported in the Big Bend area, Kinney, Medina, Bland, Maverick, Edwards, Frio, and Zavala counties.

Program leaders called for more sterile fly areas hadrest hit. Also, ment of a federally-financed "zone 200 miles deep" to block continued flow of screwworm flies across border.

Vacancy Claim—Gov. of Austin contends the "vacancy" exists in Victoria. However, his claim, turned down by Land Commissioner Jerry Sadler.

So Strong will file suit in Hidalgo County on a 90-acre tract of land which he declared the property of public school fund, the private owners. Since the tract contains much oil and gas, the claim is being contested by the land and gas companies who own the area.

Strong has filed suit in Hidalgo County on a 90-acre tract of land which he declared the property of public school fund.

Should Strong be successful, "good faith claimants" would be able to buy back the property they thought they owned. The price to be set by Sadler will get one-sixteenth of the oil and gas, and the school will get the rest of the royalty.

TAXPAYING TIME AGAIN

County, State and School Taxes Become Due Oct. 1 Through January

3% DISCOUNT IN OCTOBER
On County & State Taxes—No Discount on School Taxes

Take Advantage of this Saving

We Recommend That You **DO NOT PAY POLL TAX**

Legal authorities have suggested that tax payers not pay the regular \$1.75 poll tax this year — at least, not until after the Nov. 11 election which will decide whether or not the Poll tax is to be abolished.

We will have plenty of poll tax receipts which can be purchased after Nov. 11 in case the amendment fails of passage. **WE CANNOT REFUND YOUR MONEY** If the amendment passes, it will install a system of registration, with a fee probably set at 25c.

Ed Foreman To Speak At Hill Country Area Meet In Mason Oct. 5

U. S. Congressman Ed Foreman of the 16th District will speak at a Hill Country area-wide meeting at Mason on Saturday, October 5, 1963. The event is scheduled for 7:30 p. m. at the Mason Fairgrounds and is being sponsored by the Mason County Republican Party. No admission will be charged.

An outspoken champion of conservative principles, Foreman is a Texas Republican from Odessa, elected Representative to the 88th Congress in Washington, D. C., at the age of 28. During less than a year in office, he has won acclaim as a dynamic speaker, and his recent speech on foreign aid has been widely publicized. His position on the House Armed Services Committee has enabled him to be highly effective.

Charles Scoggins of Corpus Christi, state Republican representative from the 36th District, will be master of ceremonies for the Mason gathering.

Walker White, Mason County Republican Chairman, extends an invitation to all interested persons throughout the area to attend this important program. "Congressman Foreman is in constant demand throughout the nation as a speaker and we feel very fortunate indeed to have this opportunity to hear him," he said.

Hundreds of persons from the Hill Country area are expected to attend the occasion featuring the Texas Congressman from Washington.

Local TWU Girl Named To Dormitory Office

Denton, Texas — Miss Julie LaVean Miller, Texas Woman's University sophomore foods and nutrition major, has been elected secretary of Houston Hall, freshman dormitory where she is a counselor.

Miss Miller has been on the Dean's List and a finalist in the annual Posture Queen contest. She has participated in Stunts, Freshman Talent Assembly, Gold Rush Carnival and Corn Huskin' Bee. She is an officer in Home Economics Club and Dietetics Club.

Miss Miller is the daughter of Mr. and Mrs. Henry A. Miller, Ozona.

BUFFET SUPPER HONORS WOMAN'S FORUM HUSBANDS

Members of the Woman's Forum entertained their husbands with a buffet supper Tuesday night at Ozona Country Club.

Hosts were Mr. and Mrs. Charles Williams, Mr. and Mrs. P. L. Childress and Mr. and Mrs. James Childress.

Pictures of each couple, taken at the time of their marriage, were shown by opaque projector.

Present were Messrs. & Mmes. Charlie Black, N. D. Blackstone, James Childress, W. R. Clegg, Fred Haglstein, B. B. Ingham, Jr., J. B. Miller, Brock Jones, Kirby Moore, Lloyd Sherrill, Ralph Simon, C. O. Walker, Hugh Childress, Jr., P. C. Perner, Marshall Montgomery, L. B. Cox, III, and W. H. Whitaker.

WOMAN'S LEAGUE TO MEET OCTOBER 8th

The Ozona Woman's League will meet in the home of Mrs. Tom Mitchell Oct. 8 at 3 p. m. with Mrs. Bob West as assisting hostess.

Mrs. Jimmy McMullan will introduce the guest speaker, Mrs. Jerry Pace of Austin, co-ordinator of voluntary workers in the system of state hospitals and special schools.

Members will answer roll call by stating an article they have made for the bazaar.

DANCE CLASSES

Mothers who are interested in dance classes for children age 4 through high school please contact Mrs. Tom Montgomery. Classes can be offered in tap, ballet, character, baton, ballroom and ladies exercises as well as expression. This response will determine whether or not Flo Darling can continue coming to Ozona once a week for classes.

MISSES WIDE OPEN SPACES

Jess Hall, former minister of the Church of Christ in Ozona, now with the Dearborn Valley Church of Christ in Dearborn, Mich., writes to note a change in address. The church has bought a nice home for us at the above address and we will be moving here next week, he wrote.

"We are enjoying living here in this densely populated area but we do miss the wide open spaces around Ozona. Our plans are to be in Ozona about the first of December for a visit with all of you and some deer hunting."

"Mrs. Hall and I enjoy receiving the Stockman for it keeps us in touch with many of our friends in that area."

MORE COLLEGE OVERSIGHTS

Two more Ozona college stud-

ents, inadvertently omitted from the Stockman's recent news roundup of more than 75 local students in various colleges and universities, have been called to our attention this week.

Jimmy Baggett, son of Mr. and Mrs. James Baggett, is attending Southwest Texas State at San Marcos, and Tommy Stokes is back in classes at Texas Tech in Lubbock.

'64 Jet-smooth Luxury CHEVROLET

'64 Chevrolet Impala Sport Sedan

Besides looks, ride and power - what's so special about it?
(it's so reasonably priced)

Kind of leaves the high-priced cars some explaining to do, wouldn't you say? Long and luxurious—with a fresh-christened look. Richer roomy interiors with subtle new blendings of colors and fabrics. Like the ultra-soft vinyl upholstery in the new Chevrolet Impala Super Sport Series. A choice of seven engines, no less, with output all the way up to 425 hp.* And a choice of four smooth transmissions to go with them. And underlying it all, the opulent feel of this '64 Chevrolet's Jet-smooth ride. Matter of fact, the most noticeable difference between this beautiful new 1964 Chevrolet and the high-priced cars is the price itself. Let your dealer show you how much luxury that reasonable Chevrolet price now buys.

See five entirely different lines of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

The News Reel

A re-run of "The Ozona Story"
as gleaned from the files of
The Ozona Stockman

From The Stockman, Oct. 4, 1934

Resumption of the cattle buying program in Crockett county under the government drouth relief plan was ordered this week on a limited basis. A quota of 1,000 head of cattle has been set for this county, the quota to be purchased between now and Oct. 13.

The recent ruling that ranchers must dry sheep pelts 30 days before delivering them to the government for payment in the drouth sheep purchase plan has reacted to slow down the sale of old ewes to the government in this county. Numbers offered for sale have been sharply reduced, since ranchers contend it is impossible to delivery hids in large numbers in good condition under the new rule.

Sunday movies, suspended during the summer months, will be resumed in Ozona next Sunday afternoon. The first picture to be offered in the new Sunday series will be "Little Women."

Carl Jamse Pettit week-old infant son of Mr. and Mrs. Carl Pettit, died shortly after 11 o'clock Tuesday night at the home of the grandparents, Mr. and Mrs. George Davis, here.

Approximately 40 Ozona boys met with Joe Haddon, band instructor, last Thursday night to discuss organization of a Boy Scout troop here.

A Money Prize Night every Wednesday night will be inaugurated at the Ozona Theatre in the near future, J. R. Kersey, owner, announced this week. Registration of names for the weekly drawing is now under way.

Approximately 800 gallons of crude oil were necessary to burn a huge pile of 33,450 condemned sheep pelts at Barnhart the past week, R. O. Smith, county relief director, reports. The hides, all condemned as a result of improper curing in the hasty government cattle buying program, were stacked in two immense piles at the dump ground near Barnhart, saturated with crude oil and fired. The hides burned for more than four days.

Plans for selecting 2938 junior of the Civilian Conservation Corps in Texas between Oct. 1 and 15 were being made in Austin by Neal E. Guy, enrollment supervisor for the Texas Relief Commission in Austin, county administrators have been advised.

Cecil Hubbard, mechanic at the Donaho Garage, took two shots at a night prowler seen on his premises Friday night. Mr. Hubbard fired two shots from a .410 shotgun but neither is thought to have taken effect. The man took to his heels.

New Math Method Being Taught Educators Here

About forty Ozona elementary teachers and principals, along with a few Ozonans who do some substitute teaching work, began a extension course from the University of Texas Tuesday on the much-talked-about "new math".

Professor Bob Randall, who is also teaching the course in Ft. Stockton, is teaching the course which is designed to make elementary teachers familiar with a broader concept of mathematics considered necessary in order to increase the concept of elementary pupils.

In discussing the aims of the course Tuesday, Professor Randall pointed out that all five of the prospective math texts which will be up for selection and then adoption in the next two years include the new concept.

The course, which is a math course and not an education methods course, is now a required course for all prospective elementary teachers at the University of Texas.

Mr. and Mrs. Oscar Kost left yesterday for Slaton on receiving news of the death of Mrs. Clark Seld, Jr., of Slaton, wife of Mr. Kost's nephew.

Mr. and Mrs. Frank Jones and family visited relatives in central Texas and attended the Baylor U. vs U. of Houston football game in Waco this past weekend.

THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPARTMENT — OZONA HIGH SCHOOL

Lions Roar Staff

- Joel Huff, Jr., Editor
- Shirley Wagner, Sr.
- Richard Ross, Sr.
- Leroy Cooper, Sr.
- Scott Mahon, Sr.
- Keith Mitchell, Sr.
- Rodney Stewart, Sr.
- Johnnie Johnigan, Jr.
- Linda Leath, Jr.
- Janice Walker, Jr.
- George Kyle, Jr.
- Rick Hagelstein, Jr.
- Donna Moore, Soph.
- Lucille Childress, Soph.
- Candy Griffin, Soph.

In contrast to previous years, the Lions' Roar Staff will be composed entirely of volunteer members. This is in view of the fact that there is no journalism department in OHS this year.

EDITORIAL

By Joel Huff

It has become almost a tradition for each year an editorial to be written concerning school spirit and these editorials always seem to criticize the student body for their lack of school spirit. The time has come for another such editorial to be written. However, there just doesn't seem to be any weak spot in our school spirit this year.

Usually the writer will bring up first, the attendance to the school's athletic contests and the spirit shown there. The attendance of our football games has been anything but weak, even on long trips, there have been good crowds who have shown a great deal of spirit.

The next point a writer brings up is the lack of enthusiasm of the students on the day of the game. It is quite obvious that one would have a hard time criticizing the enthusiasm on Friday around OHS. With the cheerleaders sponsoring such contests as "slogan day," and the student body participating the way they do, the team knows that the school is behind them all the way.

As a last resort, a writer can always claim that even if the school spirit is good now, it is bound to decline in the future. The early showing of such strong school spirit made by OHS, however, would discourage this last claim.

This year looks like a poor year indeed for editorial writers who specialize in criticizing the student body for their lack of school spirit.

EVERETT, MITCHELL, AND BARBER TO ATTEND NATIONAL FFA CONVENTION NEXT WEEK

Keith Mitchell, M. A. Barber, and Tommy Everett will go to the National FFA Convention in Kansas City, Missouri, October 8-12.

Tommy is to receive the American Farmer Degree, the highest degree offered in the FFA organization. Only one-tenth of one per cent of the members in the United States receive this degree.

Keith is being sent by Texas Sheep and Goat Raisers Association as State winner of the Texas Sheep and Goat Raisers Association Award.

tion Award.

Mr. Barber is to chaperon the two boys.

MOE BARBEE ELECTED PRESIDENT OF CONCHO FFA DISTRICT

Moe Barbee was elected Concho District President Thursday afternoon at Lake View High School. He was asked questions about parliamentary procedure and the F. F. A. organizations. We explained his reasons for wanting the office and whom he would help the district. In competition with six boys, he won in the first runoff.

Keith Mitchell, retiring district president, and Area II vice-president, opened the meeting, conducted the presidential election, and reported on the actions of the area.

Steve Talianferro was a delegate to the meeting.

Mr. M. A. Barber attended a meeting of the vocational agricultural teachers at the same time.

TEN STUDENTS SERVE AS SECRETARIES

By Candy Griffin

The melodious voice that you here answering the phone in Mr. Pello's office is probably one of the ten secretaries that he has at his disposal. His secretaries this year are first period, Marie De Hoyos; second period, Sandra and Yvonne Martinez; third period, Charletta Hedrick; fourth period, Diana Couch; fifth period, Patsy Sessoms and Alice McKee sixth period, Judy Inghem; seventh period, Janet McAlister; with Jamie Gilliam working part time.

These girls are learning how to take dictation in shorthand. Presently they are using longhand. They type, answer the phone, and act as receptionist. They handle no confidential papers, such as grades!

In discussing these girls, Mr. Pello had this to say, "They are getting important experience in office work. I am very pleased with their ambition and ability."

One of his secretaries, Janet McAlister said, "It's a great experience for me."

With all this help, what does Mr. Pello do?

JOKES

The football team had fumbled all afternoon. When a substitute, warming up in front of the bench, dropped a ball, it was too much for a rabid fan.

"Send him in coach," he yelled from the stands. "He's ready."

Policeman: "Hey you, didn't hear me say 'pull over'?"

Driver: "Oh, I thought you said, Good morning, Mayor!"

Policeman: "It is a nice morning isn't it?"

"Having trouble with your car?"

"Yeah, I bought a carburetor that saved 30 per cent on gas, a timer that saved another 50 per cent, and spark plugs that saved

40 percent. I drove ten miles and the gas tank overflowed.

GOSSIP!

By Shirley Wagner

Is it true that we have a new muscle-man in OHS? Maybe this is only Hugh C. tearing the top off a desk!

Does anyone know why Ramona was seen with a smile all weekend? Could it be because Morgan came home?

Don't be frightened if you hear a strange, new language. It is only some of the girls trying to learn shorthand.

Is Dude really trying to fool the teachers by not wearing his glasses or does he really have contacts?

It seems there was some excitement coming home from Rock-springs, Friday night. Who was Lana Kay seen sitting with? Who were you with Gary Boyd?

Do we really have some new cheerleaders? Maybe it is just our twirlers trying to do stomp-clap! Who is Ruthella's new beau?

Could this be Jerry C? Did anyone see a strang, black car in town this week-end? I bet Celia Houston knows about it!

Is it true that Pat Womack went dove hunting this week-end? What did you kill, Pat ???

Wonder where the Freshman are keeping their boxes this week. It seems they have a different place for them everyday.

It seems that one of our teachers has a new nickname. How about it "Cowboy"?

We are glad to have Doyle back in school. Everyone is hoping that Dubby will be back soon.

What new charm does Freida Kay have on her bracelet? Could this be someone's Senior ring?

It seems Bryan is always going into a drugstore, ordering "two chicks to go." Wonder what these chicks are?

The Seniors have really been working hard lately on money-

making projects. Wonder where they are wanting to go ???

Did Drake get tired of having his steering wheel on the left side and had it changed to the right side?

Has the school really been invaded by monsters? Maybe this is only a few spiders crawling around on first floor! It seems the spiders are in all sizes.

TWELVE NEW STUDENTS ATTEND O. H. S.

By Janice Walker

Twelve new students are attending OHS for the first time. We would like to welcome them to Ozona and hope they are proud of OHS and consider it as a part of themselves, just as we do.

The new fish are Harold Hammer from Lovington, New Mexico, Donald Leach from Lake View; Hank Miller from Cotton Valley, Louisiana; Isaias Flores from Penedale; and Patricia Walker from Kermit.

The Sophomores are Jerry Hust from Nueces Canyon; Gudrun (Goodie) Payne from Sinton; Michael Prater from Bonham; Marile Saegert from San Antonio.

New Juniors are Cathy Miller from Cotton Valley, La.; Kenny Trude from San Antonio; and Richard Walker from Kermit.

There are no new Seniors this year.

FRESHMAN DAY

By Richard Ross

Soon the sound of "Our Director" and the sight of beanie-clad students will again visit the halls of Ozona High School as that annual occasion know as Freshman Day makes itself known.

The upperclassmen pay a fee to own a Freshman. Between classes the Freshman may be required to stop whatever they are doing and cast their eyes skyward as the cry of "satellite" is heard. They may also be required to carry their master's books from class to class.

With all these dreadful events in store for the Freshmen, they take it in stride, knowing that they

will someday be upperclassmen, and they chuckle to themselves.

SPORTS COMMENTS

By Rodney & Leroy

The Lions got back into action last Friday night by downing the Rocksprings Angora 14 to 6. Both teams scored all their points in the first half. The Lions put on a great defensive show the second half as the Rocksprings team made it to the Lions 3, 7, and 14 yard line before being stopped. The Lions had trouble making their offense work because of a few fumbles and miscues.

The Lions meet the Sonora Broncs in Ozona this week. From the scout reports, the Broncs will be a very strong team. The Broncs have a strong defense and pass offense. The game starts at 8:00 p. m.

Perhaps some of the fans noticed a purple strip of tape on some of the Ozona boy's helmets. This stripe marks the "strikers" on the team. This means that the boy with the "strike" emblem is aggressive and will hit hard. So far only four boys have obtained this emblem, those being Leroy Cooper, Pete Garza, Joel Hull, and Richard Vargas.

STUDENT COUNCIL MAKES PLANS

The Student Council met Monday, September 30 and discussed plans for the Freshmen Days which began yesterday and will continue until Friday. The members also discussed plans for "Twirp Week" which will be held during the Thanksgiving Holidays.

SIX WEEKS TEST ARE NEXT WEEK!

Six-weeks tests are scheduled for Wednesday, Thursday, and Friday of next week.

Ending the first grading period, the tests begin on Wednesday with 7th period test. Classes 1, 3, and 5 will be given tests on Thursday, and classes 2, 4, and 6 will be given tests on Friday.

School Cafeteria MENU

- Monday, Oct. 7: Fried pork sausage, Candied sweet potatoes, Blackeyed peas, Green vegetable salad, Applesauce, Hot rolls, butter, Milk
- Tuesday, Oct. 8: Beef goulash, Buttered greens, Pear salad, Gingerbread, Hot rolls, butter, Milk
- Wednesday, Oct. 9: Beef Enchiladas, Pinto beans, Combination salad, Peach slices, Bread, crackers, Milk
- Thursday, Oct. 19: Barbecued chicken, Potato salad, Red Northern beans, Relish plate, Blackberry cobbler, Hot rolls, butter, Milk
- Friday, Oct. 11: Hot roast beef and gravy, Or, Salmon loaf, Mashed potatoes, Blue Lake Green beans, Fruit salad, Lemon cake-iced, Hot rolls, butter, Milk

Unusual, but not extreme. Lowish, yet budget-priced. **MASTERPIECE** personalized CHRISTMAS CARDS. See them at **The Ozona Stockman**

Thanks, Ozona!

As we close out a most pleasant period of business life and residence in Ozona, we find words somewhat inadequate to express our appreciation for the many courtesies we have enjoyed, for the fine patronage given our business and for the many good friends we have made in Ozona.

It has been a pleasure and a privilege to serve you and we know you will continue to find the same brand of courteous, efficient service at your Gulf Station under the new management.

Sincerely,
Mr. & Mrs. Doyle Elmore

For '64:
the price is medium...
the action maximum...
the car is
Mercury

PARK LANE WITH RACY MARAUDER STYLING

The "action" is provided by the type of V-8 engines that have made Mercury the new performance champion of the medium-price field—demonstrated in open competition including the most recent Pikes Peak Climb. A 390 cu. in. V-8 is standard, a 427 V-8 optional. And only Mercury offers you two entirely different styling choices in one great car.

Mercury delivers more than the usual in all these ways: more performance, with the most responsive engines in its field. More leg room, head room, and entry room. More trunk space—11 suitcases big (17.1 cu. ft.). And a far greater styling choice: racy Marauder styling (above) or unique Breezeway Design (right), with the only rear window that opens for ventilation, stays clear in rain or snow. LINCOLN-MERCURY DIVISION, FORD MOTOR COMPANY

'64 Mercury

No finer car in the medium-price field

Woody Mason Motor Co.
P. O. Box 848
OZONA, TEXAS

The 1964 Mercury extends its coverage of the medium-priced market with two new series and a choice of two distinctive roof designs. A sporty four-door hardtop Marauder with fastback roofline (front) will be offered in addition to the unique breezeway models (rear). A two-door hardtop Marauder, which was introduced last Spring, also will be offered. Mercury's two new series are the luxurious top-of-the-line Park Lane and the Montclair. Luxury and performance are emphasized with significant improvement in passenger comfort and spaciousness. The 1964 Mercury's six V-8 engines—two more than last year—range from 250 to 425 horsepower.

Fall in love with your car again

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible. We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in. Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today—and find out for yourself that we mean all we say!

Ozona Oil Company

Phone 392-2454 Cosder. Products West Hiway 290

Grayburg Test Slated West Crockett; Set Test On Baggett

Grayburg, West & Crain, Midland, will drill the No. 1 University, a 2,100-foot cable tool Grayburg wildcat in Crockett County, 1 1/2 miles north of Iraan and 1 1/4 miles east of the Crockett (Grayburg) field, but separated by faulting.

Location is 660 feet from the north and 467 feet from the east side of 5-15-University. It is also 2 1/2 miles south of the newly opened two-well M & S (Grayburg) field of Upton County, but separated by faulting.

Location is 990 feet from the north and 2,080 feet from the east side of 22-F-GC&SF. Contract length is 9,200 feet.

The Clara Couch multipay field in Crockett County gained a local southwest extension to Cisco gas-distillate production with completion of Humble Oil & Refining Co. Midland, No. 2-H J. W. well, 22 miles southeast of Iraan.

Ladies Assn. Hostesses At Golf-Bridge Tourny

Members and area guests were entertained by the Ladies Golf-Bridge Assn. of the Ozona Country Club the past week end at the annual invitational golf-bridge tournament.

Mrs. Marshall Montgomery was bridge chairman.

At the morning bridge session, Mrs. Charlie Black won high score and Mrs. Pete North, second high, Mrs. Robert Kelly of Sonora low and Mrs. Clay Adams bingo.

Morning session players included Mmes. Kirby Moore, Clay Adams, J. M. Baggett, W. E. Friend, Brock Jones, J. B. Parker, Charlie Black, P. C. Perner, Joe Sellers, Pierce, III, Jake Short, Evert White, Jack Williams, T. J. Bailey, George Bunker, Joe Friend, Lowell Littleton, W. T. Bradbury, Ashby McMullan, all of Ozona, and Mmes. Herman Walker, Bill Moore, James Morris and Robert Kelley, Jr., from Sonora and Mrs. R. G. DeBerry from Odessa.

Other afternoon session players were Mmes. R. G. DeBerry of Odessa, Mike Clayton, Hillery Phillips, John Childress, P. C. Perner, Robert Kelley of Sonora, Evert White, W. T. Bradbury, J. B. Parker, Joe S. Pierce, III, Clay Adams, Gene Williams, Pete North, Tom Montgomery, Hugh Childress, Bill Morris of Sonora, Jack Wilkins, Charlie Black, Joe Friend, Jack Williams, Herman Walker, Gene Lally, George Bunker, Armond Hoover, Jr., W. E. Friend, Jr., J. M. Baggett and James Morris of Sonora.

OZONANS GRANDPARENTS

Mr. and Mrs. James Rex Halydier of Lovington, N. M., are the parents of a son born Sept. 20. The baby has been named Tracy Ray. Grandparents are Mr. and Mrs. Rex Halydier of Ozona and Mr. and Mrs. Floyd L. Wilkinson of Dublin, Texas.

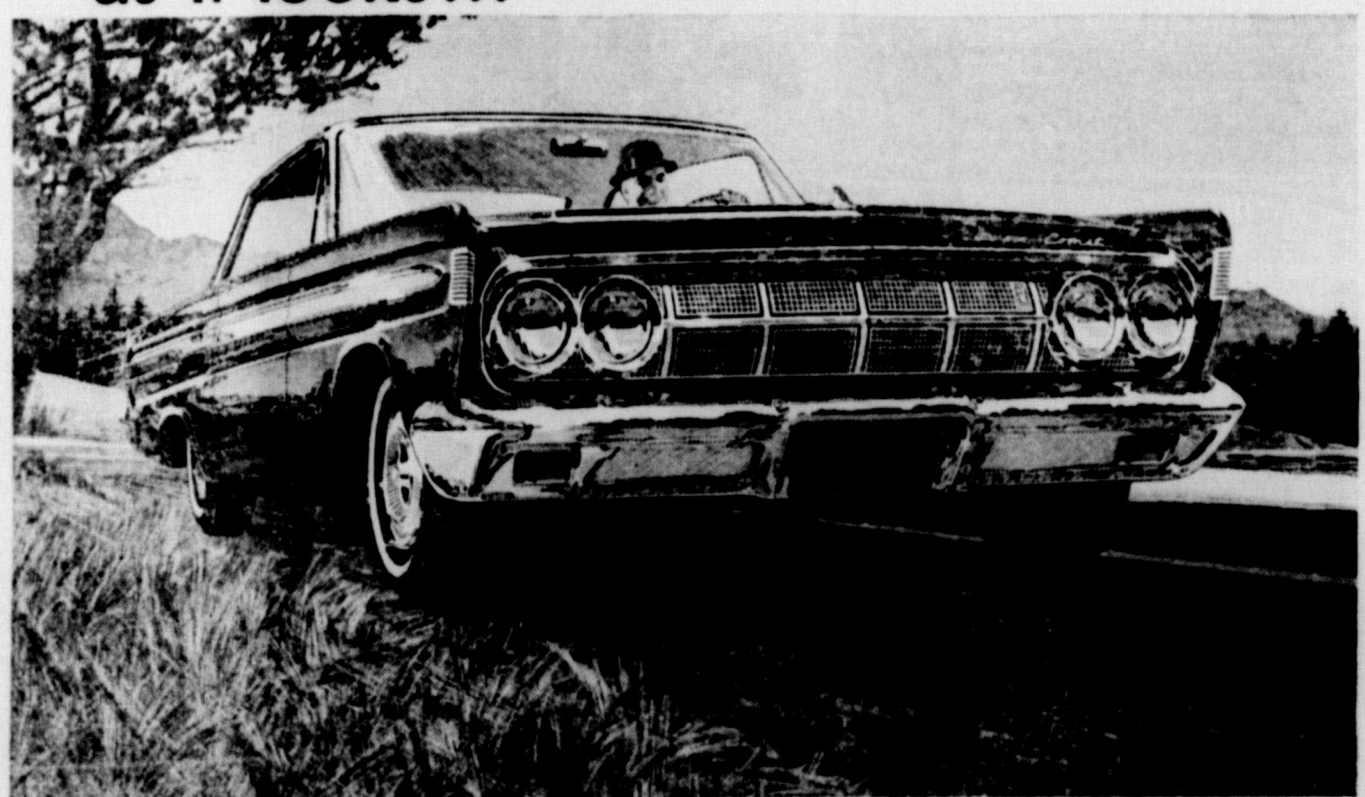

PASTOR SPEAKER AT METHODIST WSCS MEET

The Woman's Society of Christian Service of the Methodist Church met Wednesday morning in the Fellowship Hall of the church.

Mrs. Dick Henderson, president presided at the meeting. The devotional, "Victorious Living" by E. Stanley Jones, was given by Mrs. R. A. Harveit, who opened with prayer. The pastor Rev. Leonard Garrett spoke to the group on Political Problems as Regards Race and Religion. Discussion followed. The meeting closed with prayer by the pastor.

Others attending were Mrs. Joe Pierce IV, Mrs. L. B. Cox, III, Mrs. Evert White, Mrs. J. A. Fussell, Mrs. Paul Perner, Mrs. Bill Cooper, Mrs. B. B. Ingham, Sr., Mrs. J. W. Henderson, Mrs. L. D. Kirby, Mrs. J. S. Pierce III, Mrs. Ralph Jones, Mrs. Floyd Henderson, Mrs. Keith Mitchell, Mrs. W. O. Mills, Jr., Mrs. Stephen Perner, Mrs. Joe Tom Davidson, rs. Joe Pierce, Jr., Mrs. L. B. Cox, Jr., Mrs. Leonard Garrett, Mrs. C. F. Crane and Miss Dorothy Price.

For 1964... Comet announces a car that's every bit as hot as it looks...

Comet Caliente

This is the beginning of a new kind of Comet. Hot, husky, handsome—top series in Comet's '64 lineup. Engines range up to a 4-barrel Cyclone 289 cu. in. V-8 in all Comets. "Caliente" means hot...

In Spanish. And this new Comet speaks the language. It looks hot. And it is! Your choice of four engines provides the punch. The topper is a big Cyclone 289 V-8—most responsive in Comet's field. More choice:

Now Comet offers 3 series... the top-of-the-line Caliente, and the economical 202 and 404 series. Ten models... all bold and racy. A wide transmission choice, too, including a smooth, silent, new Multi-Drive Merc-O-Matic—unmatched at the price.

Elegance at a compact price

Prime example of Comet's new elegance is the Caliente, with the warm look of walnut on the interior trim... plus lavish biscuit-pattern upholstery.

Power steering... power brakes...

AM-FM radio... air conditioning... every luxury option is available in the new Comets. You can even get... but, not Ask your Mercury Dealer about it. Soon.

COMET... A Mercury Product.

Announcing HARRISON'S GULF SERVICE STATION

Successor to **Elmore's Gulf Service**

I have purchased the Gulf Station on Hiway 290 from Doyle Elmore, effective Oct. 1 and invite all my friends and customers to visit me in my new location.

Harrison's Garage Sheffield Highway IS NOW CLOSED

Minor Mechanical Service will be available at Gulf Station

YOU WILL BE WELCOME **Bud Harrison**

Lancaster Hill Area Has New Pay Section; Wildcat Test Spotted

A new pay, the Fuseselman, was indicated in the Lancaster Hill oil and gas field of Corckett County with the flowing of gas and recovery of oil on a drillstem test at I. W. Lovelady, Grover, McCudy & Hoffacker, Odessa, No. 1 Skelly-University, in 2-29-University, indicated 1/2-mile south extension to Strawn gas-distillate production nine miles east of Sheffield.

Gas surfaced in 15 minutes, rate at 38,000 cubic feet per day, on the three-hour and 45-minute drillstem test taken between 7,345-430 feet. Recovery was 2,430 feet of 38 gravity oil and 30 feet of gas and mud-cut oil.

Flowing pressure was 240-625 pounds; 30-minute initial and final shut-in pressure, 3,350 and 1,425 pounds, respectively.

The Fuseselman was topped at 7,366 feet, elevation unreported. Operator set 5 1/2-inch casing at 7,442 feet, the total depth, and will test the lower zone first through perforations.

Strawn production was indicated earlier with the flowing of gas at the maximum daily rate of 1,250,000 cubic feet and the recovery of 475 feet of heavily gas-cut drilling mud on a drillstem test between 6,980-7,020 feet.

Originally slated as a 7,300-foot Strawn test, it was rescheduled to 7,500 feet for tests of the Devonian.

The field produces oil from the San Andres; and gas - distillate from the Devonian and Strawn.

J. R. Rich & L. E. Seherck, San Angelo, will drill the No. 1-B Austin Millsbaugh, a 2,500-foot cable tool wildcat, Crockett County, six miles southeast of Sheffield and 1 1/2 miles south and slightly west of the two-well Bair (San Andres) field, but separated by failures.

Location is 7,380 feet from the north and 467 feet from the west lines of 41-1-1&GN.

Howard Olsen Development Co., Midland, was waiting on cement after setting 5 1/2-inch casing at 3,250 feet, the total depth, at the No. 4 Miller, in 38-K-MKT, 3/4-mile east-northeast outpost to 3,200-foot sand production in the Refol multipay field, 10 miles south of Ozona.

No tests or cores were reported. It is also 3/4-mile northwest of recently opened upper Clearfork production in the same field.

Junior Garden Club Is Organized; Work For Year Is Planned

The Ozona Junior Garden Club for 1963-64 was organized last Thursday in the home of Mrs. Lawrence James, with Mrs. Bailey Post in charge of the meeting.

Members enrolled are Tonya Blanton, Debra Wellman, Joanie Baggett, Martha Simon, Debra Bishop, Georgianne James, Grace Ann Tabb, Diane Henderson, Sharron Farson, and Cyndie Jane Whitehead.

The girls made plans for their year books and planned work for the year which can be used to win a Girl Scout badge. They will meet once a month on the third Thursday. Mrs. Post will be the club sponsor.

Officers elected for the coming year are: President, Diane Henderson; first vice president, (Flower Show chairman) Grace Ann Tabb; second vice president, (Program chair man) Tonya Blanton; secretary, Cyndie Jane Whitehead; treasurer, Joanie Baggett; publicity chairman and historian, Georgianne James.

The telephone committee consists of Martha Simon, and Sharron Farson. Debra Bishop and Debra Wellman were elected to the program committee.

Mrs. Post took a snapshot of the girls which will be used later in the yearbook. Mrs. Post presented each girl with a small pot plant.

by Georgianne James

ATTEND NIGHT CLASSES

Gary and Priscilla Stewart, son and daughter of Mr. and Mrs. Hollis Stewart of Ozona, are attending night classes at San Angelo College. Gary is working with the Texas Highway Department in San Angelo and Priscilla is working in the San Angelo National Bank.

HOBBAUGH'S DONE IT AGAIN!

John Hobbaugh, who holds perhaps the undisputed tomato growing championship in Ozona, has done it again. A giant tomato, weighing a full pound and measuring 15 inches around, was being exhibited last week by the South Elementary teacher. This year's prize tomato was not quite as perfect as last year's but packed a lot of weight and size just the same.

Miss Pauline Minness, a 1963 Ozona High graduate and daughter of Mrs. A. W. Maness of Ozona, was elected Captain of the Texas Western P. E. majors volleyball team recently.

DUPLICATE BRIDGE WINNERS

Ozona Duplicate Bridge Club winners in Tuesday night's play were divided into north-south and east-west couples.

North-south winners were, first, Mrs. Jake Shoet and Mrs. Robert Cox; second, Mrs. J. B. Parker and Mrs. Jess Marley; third, Mrs. Frank McMullan and Mrs. Ashby McMullan; and fourth, Mr. and Mrs. Evert White.

East-west winners were, first, Mrs. W. E. Friend, Jr. and Mrs. Jack Wilkins; second, Mrs. Joe Pierce, Jr. and Mrs. J. M. Baggett; third Mr. and Mrs. T. J. Bailey and fourth, Mrs. Pat Wood and Mrs. Wilma Hayes.

Lions Overcome —

(Continued from Page One)

and the Lions turned down a fifteen yard penalty to get to the fourth down, a good choice anywhere except on your goal line. And then came the great catch just over in the end zone for the T. D. It was a tough break for a bunch of kids who were really hustling but not one that did any lasting damage, as the Lions quickly went ahead again.

Following the kickoff the Ozona lads set sail on a seventy yard drive with Richard Vargas and Paul Perner ripping the Angora defense steadily along with key runs by Bryan Montgomery and Cooper. Vargas slashed into the end zone from 15 yards out for the two points and the Lions went to the rest period leading 14 to 6 and feeling pretty sure they could add to that margin.

The Lions started the second half with the first of nine fumbles, seven of which fell into Rock-

springs' hands and the Ozona fans began a long half of anxious play which we can now happily report was within the scope of the defense to handle.

Billy Carson picked off an Angora pass to halt one threat but otherwise it was the men up front who for the most part stopped Rocksprings cold every time they got possession of the ball deep in Ozona territory. Bob Anthor, Rick Hagelestein, and Mike Walters were all over the Angora backs but got first class help from Pete Garza, Joel Huff and Richard Vargas along with a timely tackle from the secondary when occasion demanded it.

On the whole the Lions did not find it hard to gain with their running game but could not hold on to the ball in the last two quarters. The club must have almost set a record at one point by fumbling on five straight plays, each time surrendering the ball deep in their own territory.

Rocksprings almost found the answer to the Lions defense late in the final period when they sprung their workhouse, James Eagle,

loose around his own right end. But the Lions managed to barely drive him out of bounds at the six and four plays later took over on the four with time running out.

The Lions played out the clock with quarterback keepers and Cooper picked up 36 yards on four of them as the game ended.

The effectiveness of the Lion defense against rnuuing plays can be seen best in figures which show that the Angoras ran 19 times in the second half with 12 of the plays resulting either in loss or no gain. As a result the Rocksprings crew went into the air 16 times, completing 7, one on pass interferences, two others for losses and another intercepted.

The Lions, on the otherhand, ran 23 times and did not pass at all. Four of the runs occurred as the Lions ran out the clock and on seven other occasions they fumbled.

In the first down department, the Lions had 17 to Rocksprings 9 with three of those coming on penalties. The Angoras gained 54 yards rushing and 53 passing, net compared to the Lions 276 rush-

LADIES GOLF-BRIDGE

Mrs. Joe Couch was host the Ladies Golf-Bridge Assn. Thursday. High score award to Mrs. Clay Adams, low to Mahlon Robertson, and Mrs. Joe Pierce, Jr., and Mrs. my Harris.

Others attending were Sherman Taylor, C. O. Weldon, T. Bradbury, Jake Shoet, Baggett, Evert White, Joe S. III, Gene Williams, Jack W. J. B. Parker, R. L. Bland, Baker, John Childress, O. Bunger and Tom Ed Montgo-

Golf play winners were Dempster Jones, Mrs. Jimmy bee, Mrs. Byron Stuart, Other players included Mrs. Tom chell, Mrs. Jess Marley, Mrs. Pelto, Mrs. Mike Clayton, Jack Baggett, Mrs. Joe P. Jr., and Miss Gail Cuning-

ing and 20 passing. The Lions emerged from contest without any serious injuries and it is expected all be ready for the Sonora inv Friday.

NUMBER 28

State Seen By Default

U. S. freedoms are eroded by a "bit-by-bit" approach toward the welfare state chairman Donald J. Harden has warned.

the Coffin School in Mass. Mr. Harden said the centralist "welfare state" could come about in a period of time by the vote of people themselves, through passage of laws enacted by elected representatives, rather than through violence as in countries.

enough people are unaware of such a bit-by-bit transition in their way of

living and its impact upon the lives of their children and their children's children and leave the field to those who are dedicated to a welfare state objective, the result is easy to see," the NAM chairman told the audience.

"On the other hand, if the people of this country are really concerned about the effect of restrictive legislation on their own long-range interests which stifles and shackles the creative power of our industrial, commercial and financial mechanisms, they will tell their Senators and Congressmen that they won't stand for it."

**Everybody out of the rut
...the '64 Buicks are here!**

New Wildcat: Wildest, sportiest yet. Three hefty engine choices (up to 350 hp). Hot new Formula V wheels (optional at extra cost).

Buick Special: New longer wheelbase, safety box frame, roomier body. Still low priced.

Buick Skylark: A very personal car with a flair for action. Now in 3 models.

Buick LeSabre: Stunning new look, new gas-saving engine. Probably 1964's best full-size value.

Electra 225: Most luxurious Buick. Splendid in appearance, taste and performance.

Our happiest problem for '64 was: how to beat a winner? According to thousands of owners, the 1963 models just about had it made in all departments. But—when your name is Buick—you just don't rest on your laurels. You keep pushing to make a great car greater.

So . . . the '64 Buicks are new—but new. New

engines, V-6 or V-8 (you'll like their new gas economy), new, smoother, extra-cost option, Super Turbine Transmissions (and who, but Buick, would build in an altitude compensator?). Youngest looking Fisher Bodies in town! Visit a showroom, sit in any one of the new Buicks, and practice this short easy line: "My Buick." Sounds good, doesn't it?

...above all, they're BUICKS!

**Completion Attempt
In J. W. Henderson's
Canyon Gas Discovery**

Texas American Oil Corporation and Dual Drilling Co. of Midland will attempt to complete No. 1 J. W. Henderson Jr., Crockett County venture as a Canyon sand gas distillate discovery, 21 miles southwest of Ozona.

It had flowed gas at the rate of 1,116,000 cubic feet daily, naturally, on a one-inch choke, in a drill-stem test of the Canyon sand at 6,060-6,100 feet. The gas was accompanied by an ungauged and unestimated quantity of distillate.

It then drilled to 6,800 feet, with the drilling samples and electric logs indicating that the pay zone extended to approximately 6,340 feet — giving the operation an estimated 235 feet of producing section.

Operators have set 4½ inch casing at plugged back total depth of 6,450 feet and will perforate, stimulate and test selective intervals between 6050 and 6,350 feet.

The location is 1,320 feet from south and west lines of section 7 block, GC&SF survey. It is one mile southeast of Texas American No. 1 Henderson, a Canyon sand gas distillate discovery which was completed in April for a calculated, absolute open flow potential of 5,600,000 cubic feet of gas daily, with gas liquid petroleum ratio of 13,200-1, through perforations between 6,200 and 6,568 feet. Gravity of the distillate was 64.8 degrees.

The prospect also is three miles southeast of Signal Oil & Gas Co. No. 1 Cities Service J. W. Henderson Estate, dual gas discovery from two zones in the Simpson.

**State Fair Of Texas
Opens Oct. 5 For 16
Glittering Days Run**

Dallas, Texas — The 1963 State Fair of Texas, a star-spangled "Exposition of Our American Heritage," will open Saturday, October 5, and run 16 fun-filled days through Sunday, October 20.

"How to Succeed in Business Without Really Trying," the award-winning Broadway musical

comedy, and the State Fair Horse shows both will open Friday night, October 4.

Gov. John Connally will officially open the Fair in ceremonies Saturday morning following the opening day parade through downtown Dallas, led by the 4th United States Army Band.

Opening day is also Rural Youth Day, and some 100,000 4-H clubbers, Future Farmers and Future Homemakers from all over Texas will be on hand.

Keyed to the Americana theme of the Fair, there will be a colorful "Parade of the Stars and Stripes" around the fairgrounds each evening at 6:45 p. m.

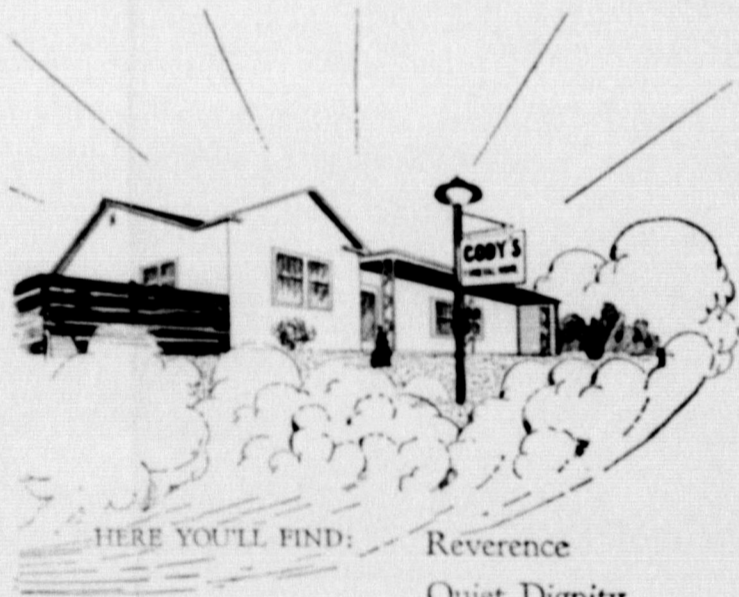

Exhibits from around the world will be on display in the Texas International Trade Fair in the World Exhibits Building. Spanning a wide range of interests, other special features include the "Faces of Freedom" display of 75 original historical paintings, an authentic encampment of Indians from the Iroquois Nation, the "Wonderful World of Jewelry and Gifts," "Optical Mazer" demonstration of a new concept of transmitting communications over light beams, FFA children's barnyard, new 1964 model cars in the Automobile Show and "live" television broadcasts from the Gas Exhibits

HIGHLIGHTS AND DELIGHTS from State Capitol

Texas — Finance commission which hope to operate in under the new Texas Loan Act must be by November 21.

Finance Commissioner Makiell predicted that 2,000 would come under the new law. He has received more than 100 letters of intention for a license. And more are flowing in at the rate of 20 or more a day.

Reason for the big response in automobile financing is that they want to up their interest rates. Question of whether they are eligible to operate under the new law has not been settled. But they are signing up just in case.

Home Investigation — General Investigating Commission will explore possible scanning home construction for its chairman, Rep. Child of Center.

Investigation was requested by Rep. Byron Tunnell after a series of stories on sub-standard homes for old people appeared in the Fort Worth Star-Telegram.

Planning Agency Proposed — Commissioner Jerry Sadler said the State should have an urban planning agency. He has discussed the subject with the Governor and hopes to have a "concrete proposal to the Governor."

Land Commissioner feels success with several water conserving experiments warrenting serious consideration of a water conserving agency.

Water Posing Problems — Texas has 53 reservoirs completed in 1950 and 12 more under construction. Needs a stronger water conserving program says Gov. Connally.

Proposes that the State harness surplus flood water for the benefit of persons and property in areas which have too much water. Then transport it to areas which have too little.

Water have the water resources for the future demands. But only if they are properly developed, conserved and managed," the Governor stated.

According to the Texas Water Commission, reservoirs in the state stand at 65 per cent of capacity. That's nine per cent less than last year at this time. As of August (before Hurricane Cindy) streamflow was down 50 per cent for the entire state.

Opposes Poll Tax Repeal — Rep. Hinson of Mineola has been swinging against repeal of the poll tax. Furthermore, he volunteered to join any state organization which might develop to retain it.

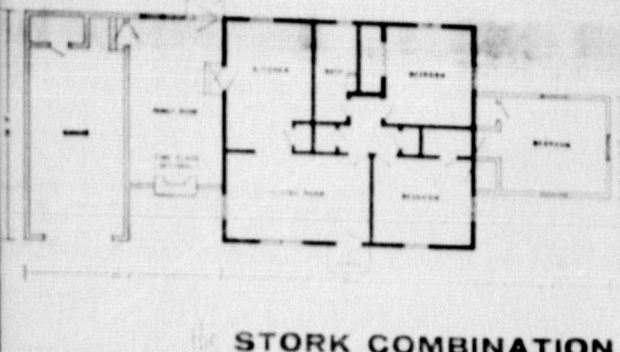

Wood said his district — Wood and Camp Counties — is swinging against repeal. He charged that voter registration laws are strong enough at this time to justify dumping the poll tax.

Republicans, fearful that repeal will help the voter registration drive of the Democrats, dodged the issue at their recent meeting and left the decision "up to the actual voter."

WHY DOES GOD CARE?

We are so tiny in the vastness of space, so drab in the grandeur of nature. Why does God care about each one of us?

This question has always plagued the mind of man. It will probably never be completely answered to his satisfaction until he sees and believes the evidence of man's importance to God: *Thou hast made him a little lower than the angels.*

It remained for Jesus Christ to reveal the love of God. Sunday — World Communion Day — Christians will unite in the sacrament which is their richest experience of the glory and honor God has given.

The world over, men will rejoice in the Divine Love, so far-reaching, that God gave His Son for humanity.

Congressman ED FOREMAN Reports

After the Democrat majority voted down a Republican attempt to amend the tax bill to limit federal expenditures to a maximum of \$10 billion next fiscal year and the House Act of 1963, H. R. 8363, passed the House last week.

Those who complain that there is little difference between Republicans and Democrats do well to take a second look at the struggle on this fiscal year amendment that Democrats rejected. The Republicans — right, left and center — united, but with the help of 28 Democrats, were defeated in their valiant attempt to quarantine reductions in government spending along with reductions in

The majority party voted to cut spending by \$11 billion with one hand, and immediately borrow the money back from them with the other hand to meet increased costs of the New Frontier skyrocketing programs which the President refuses to cut.

The President proposes that the national debt be increased by an amount approximately the size of the tax cut, or to put it another way, we will be borrowing nearly \$1 billion from our children so we can make it easier on ourselves while this administration goes on spending. In short, they propose to let the next generation pay the bag.

The greatest single items in our budget today, following expenditures for defense, is the mammoth \$1 billion yearly interest on our national debt. Yet, the free spenders — "new day" thinkers condemn our "puritan ethics" for trying to prevent the growth of this stuporous debt and the burdensome interest thereon.

During the first nine months of the calendar year, the New Frontier has introduced 13 major new spending programs with costs estimated in excess of \$7.5 billion. The President angrily attacked the responsible members of Congress recently for their action in attempting to cut \$600 million from foreign aid throwaways as shortsighted, unwise, and dangerously partisan. Yet, he demands Congress to continue this kind of irresponsible spending and raise taxes at the same time — an impossible task.

Certainly, we need, the nation needs, a tax cut, but it is impossible to have a meaningful or effective cut in taxes without a corresponding reduction in federal spending. I do not favor, nor can I

Buick Special Is Bigger In 1964

Three inches have been added to the wheelbase and almost a foot to the length of the all-new Buick Special for 1964, which for the first time is built on a solid steel frame. The Special is not only longer, but is also wider, roomier and has more door space for easier entrance and exit. An improved new V-6 engine with displacement increased to 225 cubic inches is standard equipment. Options include the new Super Turbine 300 torque converter transmission; the four-speed synchromesh transmission, and also the new 300 cubic inch displacement aluminum V-8 engine. Styling highlights include curved glass in side and rear windows.

support, cutting taxes at the expense of increased deficits, increased national debt and inflation, or at the expense of new and increased tax-takes in other areas. The result is the same — we still pay for big government extravagance, but out of another pocket. Abraham Lincoln said it a hun-

dred years ago, and it is just as true and just as meaningful today. "You cannot establish sound security on borrowed money. You cannot keep out of trouble by spending more than you earn."

AVE. & 9th ST. OZONA, TEXAS 392-2691

Most hunted game bird in Texas is the mourning dove.

It also is one of the most trying of all winged targets. And that probably is the reason it ranks so high with sportsmen.

When you go dove hunting, you don't just take along one box of shells. Most hunters take two boxes and sometimes more.

A few expert shotgun artists can grass a dove with almost every shot. But let's face it — only a minute percentage of hunters are expert marksmen.

The mourning dove is a small bird. It can't take a lot of punishment, and it's easy to kill. That is, if you can hit it. And hitting this bird is the real challenge in dove hunting.

To begin with, the dove flies very fast. Furthermore, its flight pattern is deceiving.

For example, most birds will tower for altitude when shot at... but not the mourning dove. It makes a shallow dive to pick up speed. This shallow dive confuses tyro gunners into believing they have a hit bird. Thus they don't follow up with a second shot.

The doves small size makes range estimation difficult. With field loads in a 12-gauge gun you can kill doves at 40 to 45 yards. But at that distance the bird looks mighty small. Some hunters pass up these shots because they think the bird is out of range.

Too many hunters wait until the bird is just 20 or 25 yards out. At this distance, if they're shooting a full choke gun, they must have the bird right in the pattern. Actually, at this short range, the pattern of a full choke gun doesn't open up enough.

So, quite often they'll shoot in front of or behind the bird.

A modified choke is best for this range. Open bore is even better. But an open bore gun is useless on long range shots.

Some hunters even wait to make their shots at 10 to 14 yards.

Unless it's a straight-in shot, they'll usually miss at this close distance because of the difficulty in swinging the gun on a target crossing at 50 or 60 miles per hour. And when they do hit on these short shots, they literally blow the birds to bits.

Doves are plentiful throughout Texas. Often you can get some choice shooting just outside the city limits.

There are several ways to hunt doves. In dry years the best hunting usually is around a pond or farm tank. Take a stand and pop the birds as they sail in for water. You don't even need a blind. Just squat down in the grass and keep still.

Good hunting is found in corn and rice fields to. Note where the

Billy Mills
Sheriff, Crockett County

a distance.

You can place decoys on the shorelines of ponds and farm tanks. But pick spots where there is little grass so that the decoys will show up.

Decoying doves differs from decoying waterfowl in that you only need a few decoys to do the trick. A half dozen is plenty if they're placed in conspicuous places.

Face the decoys into the wind. Doves, like other birds, don't like their back feathers ruffled by the wind.

Because of the small size of the dove, some folks may think a small shotgun is needed.

Well, you can drop doves with a .410 if you're a good shot, but if you check the hunters in the field, you'll find the 12-gauge is by far the most popular weapon.

Shot size is a matter of hunter choice with the range going all the way from No. 6 to No. 9. Some hunters use No. 6 shot in a full choke gun for long-range shooting because the pellets carry better. Best popular shot-size, however, is No. 7½ and No. 8.

Both sizes have ample pellets to give a dense pattern, which is the key to success in dove hunting.

You can judge the shot size to fit your need by noting the pellet count of various sizes. Now, these counts are for one ounce of shot.

With No. 6 shot you'll have 225 pellets in the load. An ounce of 7½ counts 350; No. 8 counts 410, and No. 9 counts 584.

No. 6 shot is okay for long range shooting in a full-choke gun. You can use 7½ for long range if there

is very little wind. Use 8 and 9 for those 30-yard shots. But if there is a stiff wind blowing, you can expect some terrible wind-blown patterns with the light No. 9 pellets.

It's a good idea to carry several

shot sizes and use the size that best fits the occasion.

But remember this. Take plenty of ammo. Doves are targets, and you'll blow a hole in the sky before your limit.

Cadillac FOR 1964

Upper: The Coupe de Ville; lower: The Fleetwood Sixty Special Sedan

MORE TEMPTING THAN EVER!

The 1964 Cadillac is more tempting than ever to look at! It has a clean, low sweep to its lines... greater refinement in all of its body contours... and a dramatically new, divided grille.

It's more tempting than ever to ride in! There's greater smoothness and quietness. The interiors are luxurious as never before. And an exclusive new Comfort Control* enables you to pre-set interior temperature while automatically controlling humidity.

And Cadillac for 1964 is more tempting than ever to drive! It has a new high-performance engine—the most powerful in Cadillac history. Cadillac's Hydra-Matic Drive has been

*As extra-cost option combining heating and air conditioning.

remarkably improved in smoothness and responsiveness—and a new version, the Turbo Hydra-Matic, is standard equipment on some models. Both assure a truly amazing agility in traffic and a new over-all standard of automotive performance on the highway.

The final temptation? That's the extraordinary value that's built into each of the eleven new Cadillac models.

Be among the first to visit your authorized Cadillac dealer and

...just wait till you drive it!
