Registration Of County's Voters Moving Slowly

Voter registration in Crockett County is going very slowly, Mrs. Gertrude Perry, deputy tax-assessor collector, revealed earlier this week. Mrs. Perry said only 275 certificates had been issued as of Tuesday.

She said there were several applications given out that had not been returned to the office in order that a certificate might be issued.

All residents who expect to vote in any election this year must register except those 60 years of age and over. Those voters who will be 21 this year must apply for a voter registration certificate, rather than an exemption as has been the practice in the past.

Residents may call the tax office and ask that an application be mailed to them or pick up an application for themselves and members of their immediate families at the office. The applications may be mailed or returned in person for the issuance of a certificate. A certificate must be issued to qualify a person to vote. The application does not certify a person to vote.

Mrs. Perry said that out of the 1,200 to 1,300 persons in the county who can qualify to vote, 275 is an extremely low figure. She reminded those who have not applied for an application that January 31 is the deadline and urged that they apply for their certificates right away.

Ozonans Attend Austin Meeting Texas Educators

Some 1500 administrators from throughout the State of Texas have registered for what is expected to be the biggest meeting ever of the School Administrators Advisory Conference to be held in Austin Wednesday through Friday, January 4-6.

Delegates to the eighteenth annual conference will include administrators from public, private, and parochial schools, and colleges and universities, as well as county school superintendents.

The Texas Education Agency annually sponsors the Conference so delegates can discuss new educational programs, and review and improve procedures used by the Agency in its relations with local public schools. Also known as the Mid-Winter Conference, the annual get-together provides a two-way communication between school administrators and Agency staff members and gives the administrators an opportunity for exchanging ideas.

Glenn Ivy, Director of the Governor's Committee on Public School Education, will relate the activities of the Committee to date and project their future in his keynote address.

Dr. J. W. Edgar, Texas Commissioner of Education, will preside at the first general session at 9:00 a. m. Thursday, January 5. He will also address the delegates.

Attending the conference from Ozona are L. B. T. Sikes, superintendent, and A. O. Fields, auditor and coordinator of the Title I Program, Elementary and Secondary Education Act of 1965.

Sheriff Urges Caution In Use Of Santa's BB Guns

As usual after the Christmas season, there has been a rash of complaints from householders about youngsters with newly acquired BB guns. Sheriff Billy Mills has asked that parents whose children own these guns caution them about shooting around residences and business property.

Children should be instructed in gun handling at an early age and warned that BB guns can do as much damage to property as heavier firearms when used carelessly. A word of caution to the youngster with a new BB gun might be worth many dollars to the parent, who is liable for any damage caused by their child, accidentally or intentionally.

Sheriff Mills expressed hope that parents will cooperate with his department in keeping down further damage by children with these guns.

HD Club Meet Set Monday Afternoon For Organization

The Ozona Home Demonstration Club will meet Monday at 1:30 p. m. at the Civic Center. The meeting will be in progress until 3:00 p. m.

A nominating committee will present a slate of officers and the club will vote and elect officers at this meeting. Plans for the year's program will also be made.

Since there are no facilities for keeping children at the center, arrangements have been made for a sitter to pick up the children before the meeting begins. A small fee will be charged for each child.

Anyone desiring further information may call Mrs. Jack Matthews at 392-2579.

Junior Hi Cubs To Host Iran In Twin Bill Today

The Ozona junior high school basketball teams will play host to the Iran teams this afternoon in the high school gym.

The seventh graders will begin play at 5:00 p. m. with the eighth grade game to follow.

In their last encounter the seventh grade Cubs lost by a score of 21-24, while the eighth grade Cubs walloped the Iranian quint by 37-15.

S. E. PTA MEETS

South Elementary PTA meets next Monday, Jan. 9, at the South Elementary Cafeteria at 7:30 p. m. Mr. Roy Killingsworth, principal of Ozona Junior High School, will be guest speaker.

Holiday visitors in the Hack Leath home were Mr. and Mrs. W. H. Stockard and family of Merced, Calif., Mr. and Mrs. Roy Smith and Mr. and Mrs. David Smith of San Angelo.

Lion Cagers To Play In Big Lake Tournney Today

The OHS Loin Basketball team will enter their second tournament of the season this weekend when they meet the Big Lake B Team today in the first round of the Big Lake Tournament. A win over the Owl B teamers would probably put the Lions against the Owl varsity in the second round on Friday night.

In action during the holidays, Coach Brooks Dozier's Lions played their two best games of the season in the Howard Payne Tournament in Brownwood. These two games followed an opening round loss to AA Ballinger 52-31 as the Lions could only hit 27% from the field and 5 of 21 from the free shot lane. George Cox scored 14 points for the Lions, and Sammy McLarty had 13 for Ballinger.

Playing Goldwaite in the consolation bracket, the Lions stopped Goldwaite's high scoring forward and had a 38-20 lead at halftime. With Rex Bland (19 pts) and Cox (18 pts.) leading the way, the Lions scored 27 points in the last quarter and racked up a 76-43 win over Class A Goldwaite, favorites for their own district title. Helping Bland and Cox with the scoring were Larry Kilgore (13) and Davie Huff (10).

In the third game against another AA ball club, Ozona lost to high scoring Jacksboro 62-52 after trailing 53-52 with 57 seconds to play. The Lions were forced into fouling in the last minute of play as they pressed to get the ball for the go-ahead shot at the bucket. In perhaps the best effort of the season, Bland again paced OHS with 16 points, followed by Kilgore with 10 and Huff with 10.

With the Lions hitting better from the field and if free throw shooting improves Ozona could be a threat for the West Zone title of District 8A.

Following the Big Lake Tournament this weekend, the Lions will be host to Sonora on January 13th prior to their own 16 team tournament on January 19-21.

Two Charged With Violation Of Liquor Laws

Victor Munoz and Felipe Vargas, Jr. were charged Friday in justice court with possession of alcoholic beverages in a dry area for purpose of sale.

Sheriff Billy Mills said the men were arrested Friday in raids on two Ozona residences. Mills and Deputies Von Parker and Ralph Gonzales, Texas Ranger Alfred Alee and Texas Liquor Control Board Agents H. B. Brancel and Andy Loeffler of San Angelo made the raids and arrests, Mills said.

Officers confiscated seven or eight cases of beer, 12 quarts of wine and three half-pints of whiskey, the officer reported.

Both men posted bonds of \$500 each in justice court and were released. Charges were filed Tuesday morning in County Court, Mills said.

Mrs. Montgomery Heads March Of Dimes Campaign

Mrs. Vic Montgomery has accepted the chairmanship of the January 1967 Crockett County March of Dimes campaign, according to an announcement earlier this week. She has served as chairman of the campaign for the past four years. Mrs. Montgomery, mother of two elementary grade children, is past-president of the Ozona PTA and an energetic worker in civic affairs and fund drives.

Upon accepting the appointment, Mrs. Montgomery said, "The March of Dimes is fighting birth defects because each year these tragic conditions rob more than a quarter - million American children of their birth-right: to enter the world healthy and grow normally. I think most of us would consider it alarming if we heard about an epidemic in which a new case struck every other minute, which was the second greatest destroyer of life, and which caused half of all cases of mental retardation."

"Yet," she pointed out, "birth defects are responsible for all this and for much more human damage. Many defects are not apparent at birth. They appear later in life, causing physical or mental disability. The March of Dimes is making important progress in birth defects, but we need increased public support to continue and to expand these programs."

Mrs. Montgomery noted the growing number of March of Dimes-supported centers where birth defect children receive superior treatment from teams of trained medical professionals. There are now 77 of these centers in operation.

"In addition," she said, "The March of Dimes is conducting a national educational program to inform every expectant mother of the importance of prenatal care in minimizing risks to the newborn child."

Commercial Show and Grading Demonstration to be held at the Junior Livestock Show Barn on Saturday, January, 14.

The show will feature 120 fat lambs, 29 range ewes, 2 calves and approximately 30 goats.

The showing of animals will get under way at 8:00 a. m. Saturday morning. At noon the FFA Chapter will provide a barbecue dinner at \$1.00 a plate; proceeds above cost to go into the chapter treasury. Awards will be presented to winners of the morning and selection of champion lambs and calves will be made before the barbecue dinner.

Starting at 1:30 p. m. there will be a livestock judging contest for schools in the surrounding area. Banners will be presented to the three high teams with individual medals awarded to the three high individuals of the contest.

THE BERKELEY BUMS

It is probably safe to say that no University in the United States has received such consistently bad publicity as the University of California at Berkeley, thanks to the antics of the Skid Row scholars who infest the place. Actually, much of this bad reputation is undeserved since many of these kooks aren't even students, including a few who are billed as "student leaders."

Indeed, one might liken them to fleas on a dog, and the parallel doesn't end with the fact that they're equally hard to get rid of.

However, we're pleased to note that the University seems to have changed its policy with regard to these parasites. This was indicated by the prompt and efficient action that was taken recently when Berkeley's bums tried some Hitler Youth tactics on a few Navy recruiters who visited the campus. On that occasion several of the bums ended up in jail — properly degraded and fumigated, we hope.

We trust that this non-nonsense policy will be followed in another respect. Job recruiters from major industries show up at Berkeley and other universities. They, too, have been prime targets of the campus bums. After all, these recruiters represent dirty, imperialist, Wall Street capitalists. Further, they're fascist beasts whose companies make hardware that might be used against the Communists in Vietnam and elsewhere. And as though that isn't bad enough, they signify work, and that's not for these proletarians.

So the non-tolling troublemakers on campus have done everything possible to discourage the job recruiters. And in some instances they have succeeded. As a

result some bright and ambitious young men and women have been deprived of job opportunities.

Somehow it seems to us that somebody's civil rights are being violated and that state and local authorities should move in to protect them.

Or, maybe the time has come for the good students on campus — the great majority — to take some indicated steps. Such as giving the bum's rush to the Berkeley-type bums.

FOLLIES OF '66

We've all been reading round-ups of the most important news stories of 1966 — accounts of the major events that seemed to make the globe spin a little faster during the past twelve months.

We thought it might be worth while to record what we consider the most insignificant news events of 1966. These, in our opinion, did not make the terrestrial sphere move any faster; they just made a lot of spectators dizzy with the amount of good, clean newsprint wasted on them:

1. The present status of God and religion as propounded by a member of that learned body The Beatles, whose name escapes us.
2. Various ultimatums presented the people of these United States by one Stokely Carmichael.
3. The earth-shaking controversy over that royally commissioned book by a chap named Manchester.
4. His Lordship Bertie Russell's attempts to haul President Johnson before Russell's Court of Global Justice, for sentencing as a war criminal.
5. Senator Bobby's humanitarianism toward the Viet Cong, which he thought worthy of his blood.
6. The Columbia Broadcasting System's venture into baseball with what used to be the world champion Yankees.
7. Senator Javits' pitch to become Vice President (of the United States).
8. Assorted public statements by the Rev. Dr. Martin Luther King, Jr.
9. The heavyweight cham-

panion talker, Cassius Clay.
10. The strutting would-be Napoleons — Nkrumah, Sukarno, Mao, Castro, et al.
The list could be extended. Now with 1967 here, you can start building your own list. Probably the same cast of characters will star in the Follies of 1967.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman Thurs. Jan. 6, 1938

Crockett County residents start off the new year in fairly comfortable financial condition as a group, judging from a statement of condition of the Ozona National Bank issued at the close of business December 31, which shows a total of \$1,048,431.30 on deposit in checking accounts.

A collision between a car driven by J. T. Keeton and one driven by Walter Capps last Thursday night resulted in considerable damage to both cars. However, nobody was injured.

The opening gun in the 1938 county political battles was fired this week with the announcement for re-election to the office of County Commissioner No. 1 by Rob Miller.

Twenty-three new passenger cars and three commercial cars were registered in the office of Sheriff W. S. Willis during the month of December, a report by Claude Russell, deputy, reveals.

Five cases of diphtheria in south part of Ozona were reported the past week by Dr. H. B. Tandy, county health officer.

THE NEW YEAR OF 1967

The Christmas tree is stripped of its baubles and glitter,
Been thrown out — and there it lies —
The Yule tide wrappings so gay and colorful, No longer hold a surprise.

Yes — the Christmas season is past for another year,
The New Year has just begun —
When we reflect over the year that is gone, What have we accomplished — or done?

Do we really appreciate the privilege we have of living in this land of the free? Do we consider the courtesies our merchants extended by crediting you and me?

Let's keep this wonderful American way of life, By always striving to do our best. To buy wisely, pay promptly, by the tenth of the month. That's something we'll never regret.

May the New Year bring blessings and bright opportunities, To each as you work in your place.
Whether at home, the store, the office or shop, For these are God-given things by His grace.

Character Creates Credit;
Prompt pay maintains it.
"A credit used and not abused is capital that never melts away."

RETAIL MERCHANTS ASSOCIATION
Ozona, Texas

men in a competi-
pistol-shoot make the
look ridiculously easy.
person who has never
a handgun can't
hit the side of a barn
when all doors are

Shooting hand should be
fully extended toward the
target, wrist and elbow lock-
ed. Other hand should be
placed in your pocket in a
relaxed position. Shooting
arm should be slightly higher
than your other arm and
shoulder. But not strained
into a higher position.

Your body should be erect,
but not stiff. Muscles should
be relaxed with the weight
of your abdomen falling solidly
distributed on both legs.

Sighting itself consists of
two distinct phases: sight
alignment and sight picture.
Sight alignment is when
the front sight is centered
in and level with the top of
the rear sight. This is ac-
complished by looking at the
front sight. The back sight
and target will be fuzzy.

Remember, if you see the
target clearly you are not
looking at the front sight.
Therefore, you cannot ascer-
tain whether or not you have
correct sight alignment. Any
error in sight alignment will
be multiplied by about 150
with the target 25 yards a-
way.

You will not be able to
hold the handgun on target,
which is sight picture. But
with proper grip and stance
you will be able to keep pro-
per alignment while firing.

Sight picture is sight al-
ignment plus the target.
Some shooters prefer to aim
so the bull's-eye is resting

right on top of the front
sight; others like to center
the sight on the target. Per-
sonal preference should dic-
tate your choice.

Ideal situation is to be able
to press the trigger
straight to the rear without
disturbing correct sight al-
ignment and sight picture.
Mastery of this difficult feat
should not be attempted un-
til fundamentals of grip,
stance and sighting are com-
pletely understood and prac-
ticed. This will avoid devel-
oping bad shooting habits.

Release of the hammer to
fire the handgun should be
accomplished by a steady,
even pressure on the trig-

ger. Even when the sights
move away from the target,
the pressure should be main-
tained. As the sights return
to target, added pressure is
applied until the hammer is
tripped. This can be prac-
ticed by "dry firing"—snap-
ping the empty gun until
the habit of slowly building
up pressure will not disturb
the sight alignment and
sight picture.

Breath control also is im-
portant. Breathing will tend
to throw you off target. Be-
fore sighting on the target,
get the correct sight picture
and start applying proper
trigger control. Then draw
a medium breath and align

sights. Next, take a shallow
breath and cut it off in the
throat, get the correct sight
picture and start applying
proper trigger control. Firing
should occur within about
five seconds.

Don't expect any miracles
in the beginning. Accurate
pistol shooting requires con-
centration and practice. Per-
fection only comes after
hours of dry firing, follow-
ed by actual blasting at a
target.

AN EYE ON THE WORLD

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The fascination of a globe . . . let the eye roam over the world map . . . notice the different countries and continents . . . try to imagine what life must be like in each of these places.

Yes, every spot on the globe has its particular need. Sometimes it is a need felt in that one place alone. Yet, in a sense, every place is the same, for all countries are made up of people. And all people have the same basic needs.

One of these needs is faith — faith in a God who also has an eye on our world — faith in a God who sustains us, and who gives meaning to time and eternity. Your own life has this need. You can answer that need by attending church, and discovering the strength and joy which come through regular worship.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Come Tuesday, Texas Legislators will be back in session at the state capitol.

Pressing money matters and certain new taxes head the "worry list" confronting the lawmakers. But a broad montage of other problems on the agenda promises an interesting, high-voltage session.

Gov. John Connally in his "state of the state" message to the solons later this month will outline spending recommendations which will require more than \$100,000,000 in new taxation.

Numerous tax proposals are expected to be offered. These include expansion on the sales tax, a one-cent-per-gallon boost in gasoline taxes, a franchise tax raise and many other proposals.

Growing cities, with finance problems of their own, will occupy much of the Legislature's attention. Mayors will plug for a one-per-cent local option city sales tax.

While most legislators apparently are prepared to vote for new taxes, few indicate they will support a \$44,000,000 raise in state college tuition.

Headline topics before lawmakers this year will include:

• Teacher pay raise — teachers want raises ranging from \$61 to \$100 a month. This would cost the state some \$68,000,000 a year.

• Constitutional revision — the governor and the State Democratic Party advocate revision by convention. L. Gov. Preston Smith favors a more-cautious approach.

• Legalized sale of mixed

drinks and horse racing.

• Annual legislative sessions.

• A long-range plan for water pollution control.

• A 20-per-cent pay raise for all state employees.

• Driver safety legislation: increasing the minimum age for drivers to 16 and requiring periodic re-examination of all drivers.

Among other measures to be considered are: a minimum wage bill; an industrial safety act; increased workmen's compensation benefits; reconsideration of some provisions of the new code of criminal procedure; day light saving time (should Texas accept it or pass a special act to retain standard time?); and a \$75,000,000 bond-financed, 12-year program advocated by the governor to acquire and develop new state parks.

Whitman's Insurance — Group Life and Health Insurance Company of Dallas has asked a district court to rule who should receive the benefits of a \$10,000 life insurance policy on the late Kathleen L. Whitman.

She was the wife of Charles J. Whitman, the UT Tower Sniper.

Mrs. Whitman was stabbed to death by her husband before he began his shooting rampage on August 1. Numerous claims have been filed against Whitman's estate as a result of his shooting spree. He had been named beneficiary under his wife's policy.

Insurance company is ready to pay but wants the court to say — to whom.

Mr. and Mrs. Ray Boyd and son, Kirk, were in Dallas the New Year weekend, where they attended the Cotton Bowl game on Saturday and the Green Bay-Dallas Cowboys game on Sunday.

Mr. and Mrs. Evart White

spent the New Year weekend in Gilmer, with their daughter and family, Mr. and Mrs. Sidney Moughon and children.

Joe Ball of Graham spent the holidays here with Bryan Montgomery. Both boys are students at TCU in Fort Worth.

Right To Work Advocates Plan Legislative Slate

Washington, D. C. — The National Right to Work Committee today released the text of four proposed federal laws to limit compulsory unionism that it hopes will be introduced and thoroughly considered by the 96th Congress.

The four bills, which have been presented to various Congressional leaders, is the first step in the National Committees, long-range legislative program geared to keeping the public attention focused on the many injustices which stem from the compulsory union shop.

The bills would:

- Amend the Internal Revenue Code so as to provide exemption from federal income tax to voluntary but not compulsory labor organizations.
- Amend Section 8 (a) (3) of the National Labor Relations Act (Taft-Hartley) so that compulsory union shop agreements now generally permissible unless prohibited by state law, would be permissible only where expressly authorized by state law.
- Amend the Railway Labor Act returning the Right to Work provision to the railroad and airline industries.
- Amend the National Labor Relations Act by eliminating provisions in Sections 7 and 8, which sanction union membership, and the requirement in Section 9 (a) of the act that unions must serve as exclusive bargaining representatives for all employees. The elimination of Section 9 (a) will mean that unions thenceforth would be obliged only to bargain for their own members.

Mr. and Mrs. W. J. (Bill) Grimmer of Winfield, Iowa, have taken an apartment at Holiday Terrace and plan to visit in Ozona until April, before returning to their home. They arrived before the holidays and have visited their daughter, Mrs. Bob Bailey, and many other relatives and friends. Both are former Ozonans. Another daughter, Mrs. Duane Rosenberger, and her children, Joe Lee and John, of Ft. Sumner, N. M., have recently returned to their home after spending the holidays here.

The bride, given in marriage by her father, wore a pale yellow suit with matching accessories. She carried a colonial bouquet of yellow rosebuds and stephanotis.

Mrs. Jimmy Sutton served as matron-of-honor and Monroe Dacy, brother of the groom, was best man.

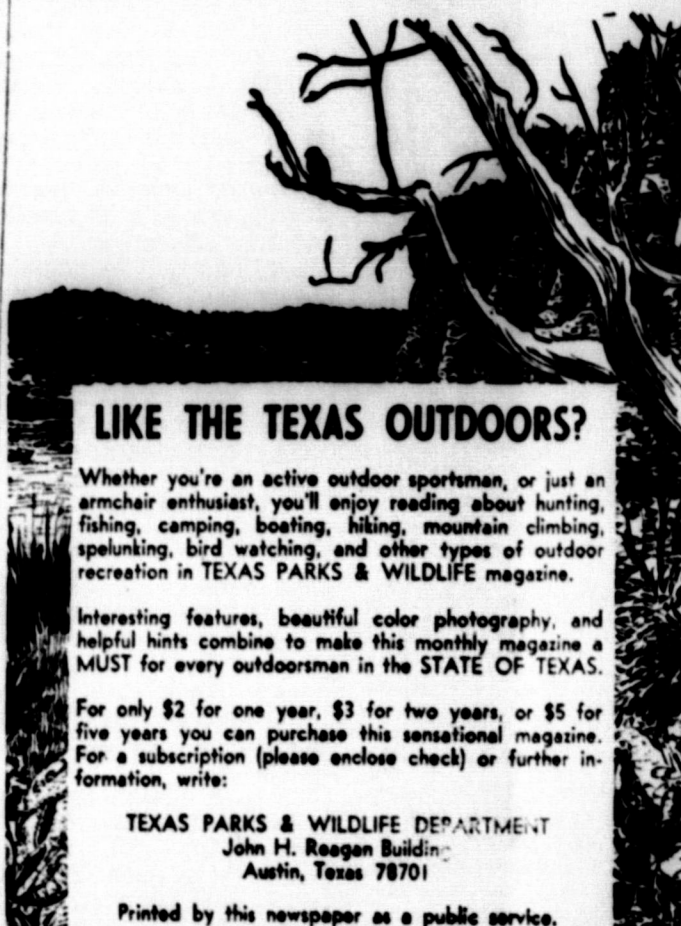

An arrangement of white glads and mums decorated the church sanctuary where the ceremony was performed.

The bride is a graduate of Ozona High School and Columbia Secretarial College of Odessa.

The bridegroom, a graduate of Eldorado High School attended Sul Ross State and graduated from the Midwest College of Commerce in Colorado. He is an employee of the Southwest Texas Electric Co-op in Eldorado where the couple will make their home after a brief wedding trip to Dallas.

Mr. and Mrs. Fred Freeman of Todd Field had as holiday visitors their sons, A3-C James D. Freeman, who has returned to Lackland AFB after a 10-day Christmas leave, and Robert Freeman of Odessa. Both boys are graduates of Ozona High School.

Also visiting the Freemans over the holiday period was Miss Billie Jo Huddleston of Odessa.
