Other nominees for the award were Kay Kyle, Janie Edgerton, Cynthia Mahon, Esther Williams, Larry Kilgore, Cynthia Appel, Cora Kay Coates, Gloria Gilbert, Wesley West and Beverly Loudamy.

Report of County Water Resources Study Completed

First copies of the written report on "The Occurrence and Quality of Ground Water in Crockett County," result of a project completed by the Texas Water Development Board in cooperation with the Crockett County Commissioners Court, were handed to County Judge Bernice Jones and the Commissioners Court at an informal meeting at the courthouse Tuesday afternoon.

The report, in bound book form, was delivered by Fred Osborn of the state Water Board. The copies were delivered for study preparatory to the calling of a public meeting, tentatively set for July 11, at which time the report will be presented and the findings explained by a member of the board and the public will be urged to ask any questions about the report or make any comment on it.

Press release date of the contents of the report has been set for June 1 when a formal press release will be circulated by the State Water Development Board to news media over the state.

The report, prepared by Hilary H. Igelhart, who made his home in Ozona during the period of his studies, is the culmination of a project begun in 1962 at a public meeting of members of the Commissioners Court, representatives of the Water Development Board and interested citizens.

14-Year-Old Boy Cyclist Injured In Car Collision

Curtis Weant, 14, son of Mr. and Mrs. James Weant, narrowly escaped serious injury Thursday evening around 6:30 when an automobile collided with the motorcycle he was riding in downtown Ozona.

The car, a 1966 Plymouth, driven by Ronald Green of Yoakum and traveling west on Hwy 290, was in the process of making a left turn into Ave. D when it hit the cycle as it was traveling west on the highway. Green, who was accompanied by his wife, said he saw the boy but thought he had plenty of time to turn.

Investigating officer Orvil Perry said the boy apparently jumped or fell from the motorcycle before the collision, only suffering superficial cuts and bruises. He was taken to the hospital in a Janes ambulance and released after x-ray pictures showed no broken bones.

Perry estimated that each vehicle suffered an estimated \$100 damage.

Autopsy Is Ordered To Determine Cause Of Aged Man's Death

An autopsy was being performed in San Antonio on order of Crockett county Sheriff Billy Mills on the body of Tomas Mar, about

68, who died in Crockett county hospital Monday night from unknown causes.

County officials had initiated a move to commit Mar to the state hospital at Big Spring as senile demented following an incident at his home in which a small girl was involved.

The child was examined after the incident by a local physician who reported she was not injured in any way.

Bruises about the old man's face prompted officers to investigate and the child's father admitted to having "slapped" him when he entered Mar's home and found the child crying. Examining physicians declared the injuries superficial, Sheriff Mills said, but the man was left in the hospital pending his transportation to Big Spring because no suitable facilities were available in the jail.

Following his death, an autopsy was ordered to determine the cause of death. Justice of the Peace A. O. Fields is withholding an inquest verdict pending receipt of the pathologist's report, which was expected Friday.

Gravestone services for Mar were held Wednesday afternoon at 4 o'clock in Lima Cemetery, under the direction of James Funeral Home, with Rev. Henry Medina officiating.

Youth Center To Open Fri. Nights During Summer

The Youth Center will be open on Friday nights from 8:30 until 11:30 throughout the summer, Mrs. Roy Coates announced yesterday.

The center will not be open this weekend because of the 4-H Dress Revue, which will occupy the building. However, beginning June 2, the center will be open to all youth of high school age each Friday night, with the exception of June 9 when it will be held at the Rodeo grounds park and outdoor games will be featured.

Adults are needed to help sponsor the affair through the summer. Volunteers may call Mrs. Roy Coates.

Mrs. Lilly was not at home when the blaze started and the heater had burned through the floor before firemen arrived on the scene. Smoke, in the closed house, had severely damaged the contents before the alarm was turned in.

Moore Oilers Still Hold Lead In Little League

In Little League play last week, The Flying W Ranchers picked off the B&B Grocers Thursday night 6-0 behind the fine pitching of Gerald Olson, Sammy Tambunga took the loss for B&B. Olson also led in the hitting department, along with Tim Evans and Melecio Martinez with two hits each.

Moore Oil had a rough time beating Ozona Oil in the second game of the night. The Ozona Oilers had the league leaders 6-2, but a shift in players and a sixth inning rally gave Moore Oil a 7-6 win. D Higginbottom pitched for Moore and Rick Webster, for Ozona Oil. Webster hit the only home run of the night, with his teammate Gerald Huff collecting 3 hits to tie for hitting honors with Moore Oil's Ned Stephens.

The Flying W Ranchers handed Moore Oil their first defeat of the season Monday night, by downing the Oilers 9-4 and pulling within one game of tying them for the first-half lead. The first half ends with tonight's play. A win by the Ranchers and a loss by the Oilers would throw them into a tie for the first-half championship. Olson pitched for the Ranchers and T. Borrego for the Oilers. Jeff Stuart led in the pitching department with three.

The second game was more of the same for the hapless Ozona Oilers, as they sustained their 6th loss of the season at the hands of the B&B Grocers by a score of 10-7. Winning pitcher was Melecio Martinez and the

Spot Extension To Henderson Gas Producing Area

Adobe Oil Co., Midland, will drill the No. 1 Henderson as a one-acre northeast outpost to the sea-well Susita (1,950 feet Grayburg gas field) of Crockett County, 1 1/2 miles southwest of Ozona.

Located 1,500 feet from the new well, west and south, is a gas field of 52-UV OCSF. Estimated depth is 1,700 feet with a gas elevation of 2,922 feet.

Third Ellenburger producer and a location east and the same distance southeast extension to that pay was assured in the Tippet, West multipay field of Crockett County with a flowing of 81 barrels of gas oil, along with two barrels of water, in 18 hours at Gulf Oil Corp. No. 3-E J. H. Tippet, in 36-31-University, 8 1/2 miles southeast of McCamey.

Flow was through a 12-64 inch choke and open hole at 6,584-620 feet, with tubing pressure of 125 pounds.

Swabbed 18 hours through McKee perforations at 5,842-44 feet, recovery was seven barrels of water and 1.5 barrels of new oil. Operator acidized with 500 gallons and shut the project in.

Swabbed 11 hours to pits through detrital perforations at 4,982-96 feet, recovery was 75 barrels of water, no oil. Operator acidized with 1,000 gallons and shut the project in.

Crockett Field Gas To Market In New Pipeline

El Paso Natural Gas Co. will start work immediately on a \$20 million pipeline to the company's treating plant in Terrell County, which will take gas from the JM (Ellenburger gas) field of Crockett County, 34 miles southwest of Ozona, it was announced in press releases from El Paso this week.

The line will be able to handle 40 million cubic feet daily, a take authorized earlier by the Federal Power Commission.

Plans call for nearly 10 miles of gathering facilities and 15 miles of field lines. A certificate to increase the line's capacity to 150 million cubic feet is now pending.

J.M. field, principally on the John Mitchell and Tom Mitchell ranch in Southwest Crockett County, has proven gas reserves estimated at around 860 billion cubic feet.

Shell Oil Co. field operator, has committed reserves underlying 55,000 acres in the Val Verde Basin to El Paso.

Under the agreement, El Paso has rights to reserve up to 3 trillion cubic feet, with an option for all gas supplies over that amount.

Construction is due to be completed in the next few months.

Third 5,000-foot detrital producer has been assured in the Tippet, West multipay field of Crockett County with the flowing of 341 barrels of new oil and 18 barrels of load water in 19 hours at Gulf Oil Corp. No. 3-E J. H. Tippet, in 36-31-H&TC, previously assured third Ellenburger producer, one location north of the detrital opener and 8 1/2 miles southeast of McCamey.

Flow was through a 14-64 inch choke and perforations at 4,982-96 feet, with tubing pressure of 975 pounds.

Tested 21 hours through a 12-64 inch choke and Ellenburger open hole at 6,584-620 feet, it flowed 97 barrels of new oil and one barrel of unidentified water, with tubing pressure of 125 pounds.

Operator swabbed 15 barrels of load oil through McKee perforations at 5,842-44 feet and then swabbed dry. Reacidized with 1,000 gallons it kicked off after three runs of the swab and flowed to tanks three hours, no gauges. Testing continued.

I'll wager that no one believes that the billiards at the pool hall are engaged in the pursuit of air, outdoor entertainment. If they're playing or any other variation of billiards, that's what they're doing. Billiards was originally an indoor lawn game which was played much like pool, but when the weather became inclement the game was ruined so they moved the game indoors. Here the limitations of space were found prohibitive. As a result, the game was reduced to a table game where it could be played. Over the years, the game dropped the mallets of croquet, becoming the fine, skilled pastime it is today.

COUNT YOUR BLESSINGS

News reports from Yugoslavia tell how a one-man campaign challenging that nation's communist system has led to a four and one half year prison sentence for a 32 year old intellectual convicted of spreading propaganda hostile to the government.

The judge said freedom of opinion guaranteed by the Yugoslav constitution does not give freedom to express ideas against socialism (communism) or ideas aimed at undermining the government. The trial lasted about 30 minutes.

What would happen to republicans, democrats, socialists, Negroes, liberals, pacifists, conservatives, college students and others in the U. S. if a communist one party system was in control. The Yugoslav system shows you.

Dissenters better be glad they live in the U. S. and do everything in their power to uphold the freedom they are privileged to enjoy here, including free speech and a free press.

Truth In Packaging: In Tallahassee, Florida, State Legislator Donald Reed asked the legislature to amend a "truth in packaging" bill to prevent women from wearing hair dye, wigs, wigs, false eyelashes, contact lenses, falsies, hippads, girdles or make-up. The language of the amendment included items tending to "alter the appearances of any package to such an extent as to deceive one as to the actual contents thereof."

The amendment was passed by an overwhelming voice vote. Whereupon it was quitted time and the legislators had to go home to the little woman.

Congressman Reed withdrew the amendment before adjournment.

Expo Montreal: Americans preparing to journey to the "World Fair" in Montreal, Canada, should prepare for some shudders that haven't been widely publicized in these parts. One, in particular, is the Cuban pavilion. There are some 250 Cuban delegates, 60 of them "security personnel." And it shouldn't take much imagination to realize the types that Castro will trust to depart Cuba to represent him in Canada. You can get a Havana cigar there if you wish. But don't turn your back on the types passing them out.

There's a great lesson in blowing bubbles. We're so sure we can blow the biggest bubble ever blown. And, for a second, we're sure we have. Then the bubble is gone... with it our unreasoning self-confidence. So we content ourselves with blowing smaller bubbles — the biggest smaller bubbles we can... the kind of bubbles that last awhile!

Phi Sigma Meet

Phi Sigma Phi met for their regular meeting at the Civic Center with Mrs. Wagner, president, presiding.

The executive committee met with Mrs. Jerry Perry to discuss the extension officer to be moving from Ozona.

The budget, social, and means calendars were presented for the coming year.

Wagner announced that Mrs. Davis, Mrs. Burk, Mrs. Joe Boy, Mrs. Leon Robinson, and Mrs. Jimmy Tucker will be volunteers for the Red Cross drive.

The picnic will be held at the Everet south of Ozona. Each member is to bring a picnic basket for herself and her family.

"Daytime", a project of the chapter, will begin June 1st at the new library. This program will feature membership and telling stories to children weekly throughout the summer.

Some of the program was "Night" as members read together in the presence of Mrs. Leon Burk and several selections from "The Pacific". Mrs. Robinson and Mrs. Chapman did a skit of a Homer and Odysseus record, followed by Mrs. Lloyd Beard and Mrs. Sutton pantomiming a Brothers record.

LAND OF OPPORTUNITY

Washington News Letter

Congressman O. C. Fisher The Great Welfare Society got a bit of a scare last week when the House turned back a move to spend another \$40 million on a rent subsidy program which was arm-twisted through the House last year.

This novel hand-out to a select group of tenants calls for Uncle Sam to pay part of rent bills each month. The favored tenant would be required to pay no more than 25% of his monthly income on rent, with the U. S. government paying the balance.

Another prime purpose of the program, according to HUD Secretary Robert Weaver, would be to enable more Negroes to be placed in more prosperous neighborhoods — designed to promote integration.

What happens to this grandiose scheme in the future remains to be seen. The Senate will have to act on it. Right now the outlook for advancement of this project at this session appears to be dim.

There's a Move on in Congress to make it a federal offense to cross state lines for the purpose of engaging in a riot. Last year the House approved such a provision in the civil rights bill, but the measure died in the Senate.

Mrs. D. D. Cloer of Marlin spent the week here visiting her sister, Mrs. George Montgomery.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Final minutes are ticking away in the biennial legislative game of "beat the clock."

Ozviously, the wind-up of the 60th session will be a cliff-hanger.

As lawmakers move toward the May 29 finish line, the major jobs they came to Austin to accomplish remain unfinished.

The Budget — It went to conference committee, following an unsuccessful attempt by Gov. John Connally and Speaker Ben Barnes to sell the Senate on accepting the House appropriations bill without the traditional conference to adjust differences.

Redistricting — A senate Congressional Redistricting Bill would save all incumbent congressmen the agony of having to run against a colleague.

School Teacher Pay — Both houses agree there must be a raise. Major problem is to determine the amount.

Drivers Licensing Change Due — Major changes in Texas drivers license laws have been approved by both houses.

Bill increases minimum age for license from 15 to 16 for those who complete approved driver training

courses and to 18 for those without such training. Hardship licenses are permitted for 15-year-olds where there is a licensed adult driver in the front seat.

Present license will be replaced by a plastic card with a color photograph of the driver. New ones will be good for four instead of two years and will cost \$6 instead of \$3.

Horse Racing — Voters will be given an opportunity to express their opinion on whether Texas should legalize horse-race betting, if the House agrees with the Senate to put the question on the ballot in the Democratic and Republican primaries next May.

WANT TO LEASE — Hunting and fishing property on the Pecos river between Pando and the Mexican border. Write the Ozona Stockman describing property and details.
