## Lions Ready For Supreme Test Of Mason Tilt Sat.

### Hard Luck Dogs Crew, But They're Primed For Crucial Bout

Word has come that "half of Mason County" will be on hand at Powell Athletic Field here Saturday afternoon for that all-important, T-B championship deciding game between the spectacular Mason Cowpunchers and the fast charging Ozona Lions.

If that be true, when these visitors and ALL of Crockett County are packed around the sidelines, gate records for Ozona athletics are likely to take a tumble. And that's not all—teams from Sonora, Big Lake and Eldorado, visitors from all over who are looking for a Class B gridiron classic, football enthusiasts from far and near are coming to see this clash between two great and unbeaten teams, battling for the T-B district championship.

The game will be called at 2:30 Saturday afternoon. Admission prices will be 50 cents for adults and 20 cents for students.

Coaches Dan Patterson and Elmo McCook have been polishing their charges, priming them for the supreme test, gorging them on the fine and not so fine points of the game, conditioning them relentlessly, mentally and physically, for their toughest assignment of the current season—to stop the so far unbroken march of the fast team from Mason county.

And coaches and team report ready. Although hounded by hard luck during the two weeks off-period they have had since the narrow-margin victory over the Meard Yellowjackets, the Lions will take the field at full strength Saturday—barring further mishaps.

Boochie Coates, power in the stubborn Ozona line, who has been undergoing intensive training for a backfield assignment, suffered a badly bruised back muscle early in the week in scrimmage but intensive repair work has put him back in circulation in short order. Then, the "biggest man in football," Fats Thurman, turned up with an attack of the flu. Again the medical staff went into action and Fats was on hand for practice yesterday.

Floyd Hokit, dependable wing-man, has been handicapped by an infection on his face, but this is also thought to be under control. Fans and fellow players were almost ready to throw in the sponge for a time Tuesday night when sev-

## Van Zandt Resigns County Agent Post; To Move To Tulia

C. J. Van Zandt, Crockett County agent since March, 1937, has resigned that position, effective November 1, and he and Mrs. Van Zandt and their son, Joe, will leave the end of this week for Tulia, Texas, where they will make their home.

Mr. Van Zandt owns a stock farm near Tulia, and recently purchased 650 head of lambs in this county and shipped them to the place at Tulia, where they are to be placed this winter. Scarcity of labor has made it difficult for him to operate the place, a big feed crop now ready for gathering, and he decided to take over management of the property, which he operated before coming to Ozona.

Mr. Van Zandt taught vocational agriculture in the Tulia schools and taught for five years in Post before coming here. As county agent, he initiated the AAA range conservation program in this county in 1937.

A successor to Mr. Van Zandt in the county agent's post here is being discussed by county officials and A & M extension service agents, but no announcement had been made this week. Miss Betty Bratcher, secretary, will continue to handle the affairs of the local Agricultural Conservation Association.

## All Ozona to Join In Giant Pep Rally On Eve of Crucial Battle

### 5-Minute Blackout Is Pre-Mason Game Pep Rally Feature

Ozona is to undergo its first "black-out" Friday night—not to hide from an enemy, but that the fire of determination to beat him might shine more brilliantly.

A five-minute black-out, starting at 7 o'clock sharp, will be the order as the torch is touched to the huge bonfire on the North Motor Co. lot across the street south from the high school building, the final to a city-wide pep rally on the eve of the all-important Ozona-Mason football game on Powell Field gridiron Saturday afternoon.

Voluntary cooperation of all business houses is to be sought in making the black-out complete for the five-minute period. Street lights are to be turned off by the West Texas Utilities Co. at the appointed hour and business houses are to cooperate by blacking out their establishments for the brief period, signaling the 100 per cent backing the town is giving the hard fighting Lions.

## Baptist Meeting To Be Closed At Service Tonight

### Dr. Bailes Ends Sermon Series; Good Attendance Noted

Tonight, Thursday, beginning at 7:45 with a great song service led by Prof. Carl Head of Freer, Texas, the closing service of the series of meetings at the Baptist Church, being conducted by Rev. Porter M. Bailes of Tyler, Texas, will be held.

The revival meeting is being brought to a close one day ahead of the original schedule, the series being announced to continue through Friday night. However, since Friday night is Halloween and a big school pep rally slated for the early part of the evening, it was decided best to close the meet with tonight's service.

Rev. Clyde Childers, pastor, urges all members of the church to be present for this closing service to hear Dr. Bailes speak on "Why I Am a Baptist."

Interest has been high in the sermon series and attendance has been good, the pastor reports. There have been 12 additions to the membership since the beginning of the meeting and those who come for baptism will be baptized at the close of the services tonight.

Prof. Head is drawing a picture each night which has met with a decided response from the audience. The song leader has added much to the success of the revival with his splendidly directed song services.

Rev. Bailes, referring to his subject for the closing service, "Why I Am a Baptist," declared that there will be nothing in the sermon to offend the most sensitive spirit, but will give the speaker's reason for embracing the Baptist conviction.

"The public will be cordially welcomed to the service," Rev. Bailes said. "The presence of many friends of other churches in the services has been greatly appreciated."

Rev. Childers will be back in the pulpit for regular services Sunday. The Sunday School last Sunday reached an all-time high record of 173 present. It is the hope of the pastor and Sunday School workers that this record can be maintained through the year.

## More Knitters Are Needed To Complete Red Cross Garments

Another call for help in completing the quota of knitted garments for the American Red Cross war relief program has been issued by Mrs. Roy Henderson, chairman of knitting for the Crockett County chapter.

Mrs. Henderson declared that 21 sweaters are yet to be knitted and that the quota of garments is due to be completed by December 1. All women who will assist in this program are asked to get in touch with Mrs. Henderson, who will supply them with yarn and knitting instructions.

A giant pep rally, a demonstration of solidarity that would make even Hitler tremble in his boots were it signaling a march in his direction, is scheduled in Ozona Friday night—on the eve of a battle more important in the eyes of Ozonans, perhaps, than the battle of Moscow—the battle with the Mason Cowpunchers on the Ozona gridiron Saturday afternoon which is likely to be the District T-B championship decider.

All Ozona, players, students and townfolk, will gather around the team, the Pep Squad, Band and Drum Corps for a demonstration that is slated to raise the temperature of a battling team to white heat and to show them a convincing backing that will inspire them to heights not yet reached even in the spectacular performances they have reeled off in five straight victories this season.

The big rally will start promptly at 6:45. Fifteen minutes later a huge bonfire will be lighted on the vacant lot adjoining the North Motor Co. and directly across the street south of the high school. As the fire is lighted, Ozona will be "blackout" for five minutes while the bonfire flames reach their height—symbolizing the pitch to which the Ozona Lions will be keyed on the morning when they go out to meet the highly touted PUNCHERS, who are, after all, just another ball team.

Following the pep rally and bonfire, band, drum corps, pep squad and student body will stage a downtown parade.

Seats for several hundred additional fans, expected here for the outstanding game of District T-B next Saturday afternoon between the Mason Cowpunchers and the Ozona Lions, are being arranged at Powell Athletic Field this week by school authorities.

Bleacher seats providing seats for an estimated 200 persons are being moved from the fair grounds to the athletic park. These bleachers are to be reconditioned and rebuilt and will become a permanent installation at the athletic field. Mason's supporters will be grouped in this section, to be erected on the east side of the playing field. Around 60 chairs are also to be set in front of the Mason rooting section to accommodate the band and pep squad of the visiting school. Temporary seating arrangements to accommodate about 200 additional Mason supporters are to be made on the east side of the field, Supt. C. S. Denham has announced.

An overflow crowd of Ozona supporters is being anticipated likewise and arrangements have been made to seat the band and pep squad in temporary seats in front of the grandstand and to line up temporary seats along the west sideline south of the grandstand.

So that spectators in the grandstand might have an unrestricted view of the field of action, the net wire screen, necessary to protect fans at baseball games, have been removed. It was announced. Special arrangements have been made for parking cars around the playing field so that a maximum number can be lined up in the park for those who prefer to sit in their cars. Fans who do not plan to sit in their cars are urged to park them outside the park.

The grounds have undergone a special polishing, and barring excessive rains, will be in perfect condition for the fray.

Special passes have been mailed by local school officials to teams from Sonora, Eldorado and Big Lake. Sonora and Eldorado are playing this week's scheduled games on Friday in order that they might come to Ozona for the Ozona-Mason game.

Public Construction Co. of Denton was the successful bidder and was awarded contract for construction of 21 miles of pavement on Highway 163 south from Ozona when the Crockett County Commissioner's Court met Friday morning to consider bids on the paving project.

Public's was the lowest bid out of seven submitted, the firm agreeing to complete the paving for a total of \$95,881.97. The Denton firm was represented by W. M. Jagen, contractor.

Specifications call for 21 miles of re-grading, drainage structures, caliche base and asphalt surface treatment on Highway No. 163 south from Ozona, the contractor to furnish tools, labor, equipment and materials and construct the road complete in every detail.

The work is to be completed in 100 working days and is expected to be started within the next ten days. Award of the contract was subject to approval by the State Highway Commission. The highway is to be completed with funds derived from sale of \$104,000 in re-issued bonds from the unused portion of the 1930 highway bond issue in this county, and as soon as the amount is expended on the highway project, the new bonds will be eligible for state assumption.

The county agreed to take care of the excess in the event the contractor has to pay more than 3 cents per cubic yard for caliche.

Plans and specifications for the construction were drawn by Julian Montgomery of Austin, former State Highway Engineer and employed by this county as engineer on the paving project. The plans were previously approved by A. F. Moursund, district engineer for the department in this district.

## Pecos-Crockett Counties Award Bridge Contract

### Pecos Structure For Soma Field To Cost Total Of \$8,450

Contract for construction of a wooden bridge across the Pecos river 8 miles below Iraan to provide an outlet for the Soma oil field on the Noelke ranch in this county was awarded by a joint commission of Pecos and Crockett counties here Monday.

Members of the Crockett County Commissioners court and the county judge and three commissioners from Pecos County received bids here Monday and awarded contract for the bridge structure to the Austin Bridge Co. of Dallas at a total contract price of \$8,450, half to be paid by each county.

The new bridge is to be 228 feet long with a 20-foot roadway between rails. Hand rails and guard rails are to be constructed and the bridge floored with 3x8 flooring, heavy joists and caps. Piling with 8-inch tips and 12-inch butts are to be driven. The contract calls for completion of the bridge by December 30, barring delays beyond the control of the contractor.

Only two bids were received on the project, the second bidder, M. R. Russell of Odessa, bidding \$10,821. Crockett County's part of the bridge cost is to be paid from the lateral road account.

The two-county commission also moved to make necessary repairs on the Pecos River bridge between Iraan and McCamey, and instructed Commissioner Val Gohmert of Pecos County to investigate the cost and to make contract for repairs at the lowest possible figure, the two counties to split the cost.

### Public Construction Co. Gets Contract On 21 Miles No. 163

## 2023 Road Bonds May Be Re-Issued Under Bond Act

### Houston Firm Proposes To Probe \$20,000 Road Issue

Crockett County may re-issue county road bonds voted in 1923 in the sum of \$20,000 for expenditure on state highway construction in the county if investigation of two Houston bond firms prove that such bonds can be legally issued and if they will be eligible for 100 per cent assumption by the state.

Pointing out results of their investigation showed that road bonds in the amount of \$20,000, voted prior to Jan. 2, 1939, could be legally issued, the Houston firms, Paul H. Aves & Co. and A. W. Snyder & Co., submitted a proposal to carry on the necessary legal investigation to determine the question and such proposal was accepted by the Crockett County Commissioners Court in a recent session.

The Houston firm, in a letter to the Court, declared that their search of minutes of the Crockett County Commissioners Court and records of the Attorney General and Comptroller's Department had convinced them that there are road bonds of this county, voted prior to Jan. 2, 1939, that may be legally issued in the amount of \$20,000. If such bonds can be issued and the proceeds spent in accordance with the bond assumption act passed by the special session of the legislature in September, they will be eligible to receive 100 per cent.

ITALY SORE HURT...

The possibility that Italy might be knocked out of the war has often been discussed. It looms again as a possibility through the British release of figures on Il Duce's sea losses, which, if they are as accurate as British figures have been found in the past, indicate that Italy is about through as a naval power.

VOTE NO OR DON'T KICK...

Next year the American people will pay the heaviest taxes in our history. They will pay willingly every dime that is needed for real defense. But they will resent being forced to pay now for government "luxuries" and non-essentials.

Political spending for unnecessary activities is nothing short of a disgrace. For instance, costly WPA "art projects" have again been given official approval. And that is done at a time when the cost of defense will be a great hardship on small incomes, no less than big, and when we are told business cannot continue as usual, and when all must "sacrifice."

It has been reliably estimated that the normal cost of government could be cut by a billion or more dollars a year without imperiling or eliminating any essential activity. But Congress won't move a single step in the direction of economy until the people demand it through their action at the polls.

TOO MANY DRIVERS

THIS BUSINESS OF Living BY SUSAN THAYER

Harvest Home Supper

We were spreading old table cloths over the improvised tables we had set up in the basement of the church for the Harvest Home Supper. When the tables were covered, we would arrange yellow pumpkins and purple egg plant and crooked-necked squash and corn with the husks turned back as centerpieces on each of the tables.

"Just as we've been doing all our lives!" Kitty Phillips commented a little wearily. "I think I began fixing centerpieces like this when I was ten and I'll probably still be doing it when I'm ninety..."

"If we're lucky," I replied. "Lucky?" she queried.

"Yes, and we keep on doing things in the good old American way. Do you realize that this is one of the few countries left in the world today where people can do things the way they did when they were children and as their fathers and mothers did before them? Why, we even know now what we'll have to eat tonight, although no one has made out a list or even told people what to bring."

"Of course," she said. "There'll be pumpkin pie and devil's food cake and angel's food cake and at least one Lady Baltimore."

"And remember the freezer of ice cream out by the steps the Warner boys froze this afternoon and the coffee that Mrs. Akers makes in the big pot that's been here since before I was born."

"We know, too, what people will do. A lot of the men will get together over in that corner to argue about politics—without fear or restraint. The kids will whoop it up out in the yard and the young people will turn on the radio and laugh and make wise cracks."

"Just think,"... we were pretty serious now... "what a thing like this would mean to millions of people in the world today! Why, if they could get together with their neighbors some evening to eat all they want and talk about anything and anybody they please and watch their children play without a pang of fear in their hearts they'd think it was close to heaven."

We take a church supper pretty casually.—Yet a gathering like this is possible only in a country where there is real freedom and hope and independence. Even the way it's run is typical of our free enterprise system. No one is told what to bring. But when every woman brings the dish she makes best and is proudest of, it adds up a good dinner for every one. In a similar way, our unregimented industrial system, with every manufacturer making what he wants to and, consequently does best, produces the highest standard of living any country knows!

Service Of Health Dept. Valuable To Counties In Texas

AUSTIN, Oct. 29 — Detailing some of the ways the State Department of Health is aiding each county in the prevention and control of communicable disease, Doctor Geo. W. Cox, State Health Officer, today revealed that the number of specimens examined and the amount of vaccines distributed free to Crockett County in 1940 by the State Hygienic Laboratory would have cost \$290.00 if purchased through private laboratories.

"The service rendered to this county is but one of twelve organized service set up to help you," Doctor Cox added.

The other services maintained by the State Department of Health include Vital Statistics, Food and Drug Inspection, Venereal Disease Control, Public Health Education, Tuberculosis Control, Sanitary Engineering, Maternal and Child Health, Nursing Service, Local Health Service, and Administration.

"The assistance rendered this one county in this one division of service will convey to you some idea of the scope of Texas' health program," Doctor Cox stated. "The State Department of Health operates on a state appropriation of four cents per person, which amounts to \$112.36 for this County. When compared to the return from only one of the 12 divisions in the State Department of Health, it is readily seen that Texans are getting much more health protection than they are paying for."

Behind The Scenes In American Business

By John Craddock

NEW YORK, Oct. 27 — HOLIDAY HOPES—The nation's large storekeepers, undismayed by signs of stiffening sales resistance, are still figuring on the biggest Christmas trade in history. Shelves are overflowing and stocks are the largest ever. In many cases big stores acquired special warehouses early in the year to hold overflow supplies. So they're ready for any conceivable demand in the gift lines. Store inventories in various cities are bigger by from 23 to 53 per cent than last year... Merchants anticipate no backtracking from the trend to more sales in the "luxury" lines, and to demand for staples in higher price brackets, generally... Yet the relapse from the "beat the luxury tax" buying splurge of Sept. 29-30 is now discernible in the fact that national department store sales for the week ending October 18 were up only a modest 7 per cent... And retail prices are now beginning to reflect more sharply the increases made in wholesale quotations sev-

eral months ago.

WASHINGTON — The "spread the work" drive of OPM is being not only intensified, but also dramatized. Three special red, white and blue trains will pull out of here Nov. 10, carrying defense officials on a three-day 30-day tour of the country. Object is to let Army, Navy, Maritime Commission and OPM officials interview defense-eager manufacturers at principal cities along the route, "get together" on subcontracting and "conversion" possibilities... Another phase of the same drive is seen in the awarding of a \$12,000,000 contract, for 50-calibre anti-aircraft gun mounts, to three companies in the household washer and ironer industry, in which, all told, 34 companies have been "certified" for special consideration because defense has stalled their peacetime activities.

AUTO PLAN—The problem of how to adjust matters between the demands of armaments and the auto industry so as to take care of the defense needs without cutting car output to an uneconomic low level has been a major one for months. Now SPAB has a 14-point plan, presented by Joseph W. Frazer, president of Willys-Overland and member of the OPM automobile advisory committee, that would "release 454,808,270 pounds of raw materials for defense and at the same time keep civilian transportation wheels rolling."

Basic features of the plan: production of only the lightest-weight car or series now being built by each parent manufacturer; allocation of production on the basis of critical materials used, volume needed for successful plant operation, and number of dealers dependent on a manufacturer, elimination of deluxe models and production of only two-door and four-door sedan models. It gets down to brass tacks in calling for a master inventory to determine the amount of raw materials available after military and lend-lease requirements have been filled, and then "allocation of these materials to the industries producing items essential to the civilian effort as it relates to defense."

BITS O' BUSINESS—Furniture business going strong—for the first eight months of the year 22 per cent ahead of 1940 pace, and with final quarter expected to be even bigger... Military tanks, an industry that wasn't even in existence 18 months ago in this country, by the middle of 1942 will be a "billion-dollar" industry—it's now producing at the rate of \$25,000,000 worth a month, and is scheduled to double that by this

year's end, double it again in first half of '42... Standard equipment one of Uncle Sam's battleships includes about 100 typewriters—to say nothing of some 60 filing cabinets, 20 adding machines and a pair of cash registers!... Banks are combing the woods for new tellers—as fast as they get them trained defense plants grab them for paymasters... One of the country's largest vanity-case manufacturers found it easy to switch shell cases... Carnegie-Illinois steel announces a \$15,000,000 expansion program in Gary, Ind.

BUDGET MUSTS — A nationwide trend that she says should be of immense encouragement to taxpayers (who surely need all the encouragement they can get now) has been spotted by Mrs. Melville Muckleston, president of the National Consumers Tax Commission.

It's the fact that states are requiring local city and county governments to adopt approved financial methods, budgeting, and the like. She finds that 31 states now make it mandatory for municipalities to operate on the budget plan, seven prescribe uniform accounting methods, and nine require periodic state audits of municipal accounts. The catch is, she warned, that taxpayers can't assume with confidence that their towns and counties really are operating under sound budgets, just because they're supposed to do so. It mostly depends on the local finance officer who administers the budget, she points out.

ANDORRA, OLDEST REPUBLIC IN THE WORLD DOES NOT ALLOW BACHELORS TO VOTE

### Side Glances on Texas History

By Charles O. Hucker  
University of Texas Library

#### A TEXAS EDITOR LAUGHS AT THE INDIAN MENACE

"An opinion has been for some time prevalent in the United States, that Texas contains many of Indians and that the settlements of the country even at a distance from the frontiers, are constantly subjected to their depredations. This is a gross error."

That assurance was given the American people in 1840 by one of the Texas Republic's most outstanding editors, Francis Moore, Jr., of the Houston Telegraph and Texas Register. It appeared in a little book titled "Map and Description of Texas," published in Philadelphia and New York, which is one of the best-written old books in the extensive Texas Collection of the University of Texas Library—even if, perhaps, a little over-enthusiastic.

Moore had no patience with talk about the Indian menace to the Republic; there was no such thing, he said. The Comanches, of course, were strong, and they dominated the Indian situation in Texas. "The only tribes that have been permitted to remain west of the Red River," he wrote, "are such as were too weak and too imbecile to excite the fear or jealousy of the Comanches."

#### THE COMANCHES

But even the Comanches, he hastened on to say, weren't so bad. There was a Comanche population of about 11,000 in the state, he estimated; but if all the scattered Comanche groups came together he saw no possibility that they could muster more than 1,000 warriors. And it seemed to him that they had been so often and so disastrously repulsed from the Texas settlements that by 1840 they were content to "confine their depredations to the Mexican settlements west of the Rio Grande; where they find an enemy more cowardly than themselves, and who has been long accustomed to permit them to ravage the country with impunity."

To the others—the "weak and imbecile" tribes—Moore gave little attention. Strongest among them were the Lipans and Tonkewas, each capable of raising possibly 150 braves. But these two tribes, he pointed out, were friendly to the settlers, as were also the Coshatties, the Alabamas, and the Bedais, whose 220 braves busied themselves peaceably in hunting and fishing for the Texans. The remaining tribes—the Keachies, Ienies, and Wacos—numbered no more than 120 warriors together and, Moore believed, could hardly be thought of as formidable foes. The Keachies, especially, he wrote, "are now in an exceedingly destitute condition."

#### NO MENACE AT ALL

As a matter of fact, he went on, all of the Texas Indians of his day were "in a very wretched and destitute condition." "They are generally armed only with paltry bows

and arrows," he wrote, and are despised and often insulted with impunity by the few roving Shawnees, Caddos, Cherokees and other Indians from the United States who often frequent the prairies of Texas for game."

So that, according to Moore, was the truth about the Indian menace in Texas. "Even if the Comanches and all the tribes of Texas were united in hostilities against the citizens of the country," he summed up, "they could retard the extension of the frontier settlements only for a brief period; for the citizens have become so fully convinced of the weakness and cowardice of these Indians, that they now rather despise than fear them."

#### 100 YEARS AGO IN TEXAS

"The Election. — Long before this number of our journal shall have reached the extremities of the republic, the great contest that is now agitating the people will be decided. Whatever we now advance will have but little influence upon the momentous decision the people are about to make. It is therefore unnecessary to adduce labored arguments or to refute or advance charges. . . . Our task is done. May He, in whose hands are the destinies of nations, in mercy forbid that the decision which the nation is about to give, shall be directed as a scourge of an erring people for past misdeeds; but kindly vouchsafe that it may be so directed, as to advance the national welfare, and elevate the moral standard of our beloved country."

"Health of Houston. — A report has been circulated in the country that this city is now quite unhealthy. This is a mistake: there are few cases of sickness in town, and those are chiefly remittent and intermittent fevers and promise to yield readily to medical treatment. We have every reason to believe that Houston will continue healthy during the season, unless the dissipation incident to the election shall engender disease."—The Telegraph and Texas Register (Houston), September 1, 1841.

Back yonder when big Jack Polk was about 5 years old, some little girl of his community who was enamored of him at the time proudly told everybody that Jack's birthday was the same date as hers, October 7, feeling that this somehow brought them closer together.

At that age, a year was too long for Jack to remember from one birthday to the next. He soon forgot the girl, but remembered the date. The Polk offspring were numerous, thereby leaving it strictly up to each member to remember when he was born. So far some 38 years, Big Jack's birthday was on October 7.

Then this fall he happened to be looking through the old family Bible and noted that the date of his birth was listed as September

## First Army Goes Into 'Action' in South Carolina

For weeks to come, the country made famous by Stonewall Jackson will see thousands of troops engaged in simulated warfare, during maneuvers of the First Army near Camden, S. C. physical examination. This naturally worked a hardship on many registrants—some of them had given up their jobs only to be rejected at the induction stations. Now, registrants will know well in advance whether they will be inducted and are in a position to make their plans accordingly."

General Page explained that the modified plan calls for the usual preliminary local board examination within 30 to 60 days prior to call selectees will be sent at government expense to the Army Examining Board in their district, where a complete examination, including physical, citizenship, morals and literacy will be given. (Army examining stations in Texas are located at Houston, Dallas, Ft. Sam Houston near San Antonio, Ft. Bliss near El Paso, and Lubbock.)

After the examination the local board concerned will be notified of the result of the examination and the selectee will be returned to his home at government expense. Wherever possible, registrants will be permitted to return to their homes the same day they are examined by Army physicians.

General Page pointed out that under the new system when the Army requisitions the State Selective Service headquarters for a certain number of men to be delivered on given dates, the 351 local boards throughout the State will be called upon to furnish their quota of selectees who have already been accepted by the Army. (Continued on Page Seven)

### New Draft Method Will Eliminate Uncertainty Of Induction

A modified plan for induction of trainees under the jurisdiction of the Texas Selective Service System will be placed into immediate effect with the Army's most recent call for 1375 men, it was announced today by General J. Watt Page, state selective service director.

The new system has the approval of the War Department, General Page said, and will reduce almost entirely the uncertainty with which registrants have heretofore been faced during the period between the local board examination and the date set for induction. A major advantage also in the new

plan is that registrants will be given ample opportunity to make financial arrangements in their financial and other personal affairs.

"In the beginning," General Page pointed out, "men called for induction did not know until they reported for induction whether or not they would pass their Army

### Wedding Of Lurinne Townsend And John Bryant, Nov. 8, Announced At Party Here

Mrs. L. B. Townsend entertained at her home with a bridge tea Saturday afternoon to announce the engagement of her daughter, Lurinne, to John Bryant, of Eden. Mr. Bryant is the son of Mr. and Mrs. B. H. Bryant of Stephenville. He was formerly connected with the Foxworth-Galbraith Lumber Co., here and is now manager of the Clay Building Supply Co. in Eden.

Pink and white were the colors carried out in the decorations throughout the house. The dining table was laid with a lace cloth and centered with pink and white dahlias, chrysanthemums, and queens wreath. Bowls of the same flowers decorated the piano and end tables.

Tea was served at four individual tables where the members of the Ace Club and guests were entertained at bridge. Each guest was presented with an announcement. The approaching marriage was announced on pink cards to which tiny bells were attached with pink ribbon. The announcement read: "Lurinne and Johnny, Nov. 8th."

Miss Toots Smith, club, and Mrs. Rex Russell, guest, won the awards for high score. Miss Catherine Childress won bingo.

Squares of white angel food cake and spiced tea were served to the following bridge and tea guests. Mrs. Bill Baggett, Mrs. Bryan McDonald, Mrs. Al Nimmo, Mrs. Eddie Bowers, Mrs. Joe Friend, Mrs. Bill Friend, Mrs. James Childress, Mrs. J. M. Baggett, Mrs. Tom Harris, Mrs. Rex Russell, Mrs. Neal Hannah, Mrs. Hubert Baker, Mrs. Rex Russell, Mrs. Minnie Crumley, Mrs. Coralie Meinecke, Mrs. Joe Nussbaumer, Misses Toots Smith, Johnnye Boyd, Doris Bunker, Catherine Childress, Georgia Williams, Lib Coose, Jean Drake, and Billie Gene Linthicum.

### Dance Honors Jo Nell Coose

Mrs. James Baggett, Mrs. S. A. Coose, and Miss Elizabeth Coose honored Miss Jo Nell Coose on her 13th birthday with a dance Friday night at the court house. Members of the eighth grade and high school were guests.

Punch and cookies were served to Mrs. Coralie Meinecke, Johnny Hokit, Mrs. Roy Parker, Mrs. Fred Deaton, Mrs. Vera Baker, Mrs. Fleet Coates, Mrs. Tom Owens, Mrs. Joe Pierce and grandson, Mrs. Monroe Baggett, Mrs. O. D. Busby, Mr. and Mrs. Eddy Bowers, Dr. and Mrs. H. B. Tandy, Mr. and Mrs. Charlie Coates, Misses Ann Baggett, Betty Bratcher, Lurinne Townsend, Palma Trull, Zelma Scott, Rebecca Anderson, Johnnye Boyd, Lottie Jo Owens, Margaret Russell, Joyce West, Louise McLaughlin, Peggy Jefferies, Rosalee Lemmons, Mildred Porter, Joy Hubbard, Myrtastine Hokit, Ruth Townsend, Nan Tandy, Daphne Meinecke, Allene Hokit, and Virgil Oden, Buddy Cox, Tom Ed Montgomery, Charles McDonald, Jimmy Pharr, Roy Coates, Bland Tandy, Joe Corbell, Eddy Cooke, Buddy Russell, Dick McDonald, Jack Coates, Pierce Reese, Perry Hubbard, Marvin McLaughlin, Joe B. Chapman, James Chapman, and Marvin Porter.

### Van Zandt's Are Honored At Party

Mr. and Mrs. Arthur Kyle and Mr. and Mrs. Ted White entertained in honor of Mr. and Mrs. C. J. Van Zandt, who are leaving Ozona to make their home in Tullia, at the Arthur Kyle home Tuesday night. A Halloween motif was carried out in the decorations. Yellow and white chrysanthemums and nasturtiums decorated the room, and the dining table was centered with pumpkin and fruit. Mr. and Mrs. C. J. Van Zandt were presented with a gift.

Bridge was played during the evening. Richard Flowers won the

high score trophy and Byron McDonald won the bingo game.

Guests were Mr. and Mrs. Richard Flowers, Mr. and Mrs. Scott Peters, Mr. and Mrs. A. O. Fields, Mr. and Mrs. Monroe Baggett, Mr. and Mrs. Max Schneemann, Mr. and Mrs. Rex Russell, Mr. and Mrs. Bryan McDonald, Mr. and Mrs. Bill Baggett, Miss Mildred North, Miss Zelma Scott, and Mrs. Neal Hannah.

### Barbara White Honored At Dance

Costuming of guests, who were smart in modish evening attire, and a decoration giving emphasis to the Halloween motif made a colorful scene Saturday night as Daphne June Meinecke and Wilda Nan Tandy, sub-debs of Ozona, honored Barbara White on her fourteenth birthday with a dance at the Tandy home, Hillcrest Terrace.

Daphne and Nan were assisted in entertaining by their parents, Mrs. Coralie Meinecke and Dr. and Mrs. Tandy.

The dance programs stressed the pumpkin motif, while marigolds, dahlias, and tithonias carried out the colors of Halloween in the entertaining rooms. Gold punch with sandwiches and cookies were served during the dance.

Barbara was introducing her house guest and cousin Joanne Glover of Ballinger. Other guests were Susie Hokit, Jo Nell Coose, Muggins Davidson, Margaret Russell, Benny Gail Phillips, Ruth Townsend, Mary Perner, Rosalie Lemmons, Joy Hubbard, Joyce West, Virgil Oden, Pierce Reese, Dick McDonald, Perry Hubbard, L. ### Couple Returns To Make Home Here After Wedding In Commerce

A simple marriage ceremony at high noon Sunday, Oct. 19, in the First Methodist Church of Commerce united Miss Jeraldine Holland of Wichita Falls, to Robert A. Nimmo of Ozona.

The nuptial vows were solemnized by Rev. J. M. Connally, pastor of the Commerce church, in the presence of close friends and relatives.

The couple stood before an altar made with large chrysanthemums and greenery and tall lighted tapers. Pre-nuptial music included a vocal solo, "Because," and the traditional Bridal Chorus from Lohengrin.

The bride wore a light blue wool frock with brown accessories and gold gloves. Her corsage was of sunburst roses.

Miss Gwendolyn Allard of Commerce was the only attendant to the bride. She wore a new autumn costume.

Miss Holland, a members of the faculty of the Wichita Falls public schools until her resignation recently, is a daughter of Mrs. R. A. Holland of Commerce. She is a graduate of the East Texas State Teachers College in Commerce. Mr. Nimmo is the son of Mrs. B. F. Nimmo of Henrietta.

Following a short wedding trip the couple have returned to Ozona to make their home, where Mr. Nimmo is part owner of the Smith Drug Co.

### Defense Theme To Be Stressed In Music Club Activities; Local Chairman Named

The Ozona Music Club met Monday afternoon in the home of Mrs. M. Johnson with Mrs. Elton Smith assisting hostess.

Reports of the 6th District Federation of Music Clubs Convention held recently in Sweetwater were given by Mrs. Neal Hannah, club president and Mrs. Hubert Baker, club delegate. It was pointed out that the most vital work to be done by Music Clubs this year is that for defense.

A club defense chairman is to be appointed by each club. She shall promote the program outlined above in her community, having the responsibility of securing phonographs and records and promoting patriotic programs and sing-songs in her community.

The president, Mrs. Hannah, appointed Mrs. Bryan McDonald, to serve as defense chairman of the Ozona Club. Definite plans will be submitted by Mrs. McDonald at the club meeting, Nov. 10.

The importance of using the State and National Music Clubs Magazines was stressed, along with the support of good radio programs, good musical movies and opera; use of excellent church music, singing of National Anthem at club meetings, and the federation of new music clubs.

Mrs. Ernest Dunlap stressed the importance of learning the national anthem and Mrs. Bryan McDonald as song leader and Miss Ruth Graydon as accompanist led the club in the singing of "America" and "The Star Spangled Banner."

Mrs. Madden Read was leader for the study and program. She explained the three species of musical texture: monophonic, homophonic, and polyphonic. Mrs. Morris Dudley illustrated the monophonic by playing a Gregorian chant and the introduction to Symphony No. 1 by Sibelius. The Chopin Prelude Op. 28, No. 7 was Mrs. Dudley's illustration of the homophonic. Three recordings, a selection from the Nut Cracker Suite by Tchaikowsky, illustrating all three species, and a selection from Die Meistersingers by Wagner, illustrating the polyphonic were played. Mrs. Hannah discussed musical structure emphasizing the principle of repetition. Miss Rebecca Anderson illustrated Mrs. Hannah's discussion with the playing of four folk songs at the piano.

Mrs. Hugh Gray conducted a True and False test at the close of the study and program.

Mrs. C. J. Van Zandt who was serving as Recording Secretary of the club and who, is moving to Tullia, Texas, was presented a gift from the club in appreciation of her faithful and excellent service.

Club members present were Misses Bryan McDonald, Arthur Allen, J. C. Gay, Rex Russell, Heyward White, Joe Clayton, H. B. Tandy, V. L. Pierce, W. N. Hannah, C. J. Van Zandt, H. W. Baker, Ernest Dunlap, Hugh Gray, Morris Dudley, Madden Read, M. Johnson, and Elton Smith, Misses Rebecca Anderson, and Ruth Graydon.

### Good Attendance For Week Of Prayer Of Methodist Society

Good attendance was reported for the first two days of the series of meetings in observance of Week of Prayer and Self Denial being held by the Methodist Women's Society for Christian Service. Meetings were held Tuesday morning and Wednesday afternoon, the final session of the series being scheduled for 10 o'clock this morning.

Study topic for the three-day program include the endowment retirement fund for superannuated deaconesses, a convalescent home for negro children at Brewster Hospital in Jacksonville, Fla., Christian literature in foreign fields and medical equipment in missionary fields around the world. Free-will offerings taken during the week will go to these projects.

Mrs. Joe Pierce was the leader for the Tuesday morning program, Mrs. Charles Coates for the Wednesday afternoon meeting and Mrs. Bascomb Cox will lead the final session today.

### Texas Wildlife Movie Shown At Rotary Meeting

Members of the Ozona Rotary Club were given a treat at the Tuesday luncheon of the club when the program committee presented an entertaining wildlife movie of the State Game, Fish and Oyster Commission of Texas.

Fred Thompson, field man for the Commission, was in charge of the day's program. A picture of Texas wild life, taken by the commission's own photographer, on a game preserve in South Texas, was enjoyed by the Rotarians. Game Warden J. E. Shannon, who recently was transferred to this county to replace Warden O. Z. Finley, was also present for the club meeting. The movie was shown to the high school student body during the afternoon.

Other guests of the day were the Rev. Porter M. Bailes of Tyler, preaching at the revival meeting in progress at the Baptist Church; Carl Head, of Freer, Texas, song leader; Rev. Clyde Childers, pastor of the local Baptist church; and Doyle Maddux, San Angelo

### Copying--

(Continued from Page Six)

Remembering these two simple rules will put a stop to this school menace:

1. Never let anyone copy your papers, for by doing so, someone "steals in" on your knowledge and you don't get any credit for the original idea.

2. Never copy anyone's work, for you are cheating yourself when you do so. After all, your original work may be still better than theirs.

and usually they are there for a great deal longer. They get a lot of hard knocks in practicing, and some don't get to play at all. These might be called the "unsung heroes." They practice as hard as the others and usually get as many bumps, but the time will come when they will play. All the star players now have had their turn "warming the bench."

The teachers are especially interested in the game. At most every game the teachers are present. Ozona really has the football spirit.

Charles had two girls Friday night, and took them both to the dance. You were rather popular weren't you "Chillie"?

Ethel, Chappie, James and Jimmy what did you all do at the ranch this week-end? Please tell us.

Adele, what time did you get home Sunday night? You apparently had a good time last night from all appearances. Could Jack and Virgil have had anything to do with this?

"For example," General Page said, "the Army has just requisitioned the Texas Selective Service System for 1183 white selectees and 192 colored selectees. State Headquarters has today issued a call on Texas' local boards for the actual number each will send to Army Examining stations during the period October 27 through October 30. However, these men who are accepted will not be inducted before December—the white selectees on December 1 and the colored selectees on December 6."

### Early-Day Texas Inventors Sought Home Convenience

AUSTIN, Oct. 22—Texas' early day inventors were primarily concerned with development of new farming implements and household conveniences, according to a manuscript now in the hands of Dr. Walter Prescott Webb, professor of history at the University of Texas and secretary of the Texas State Historical Association.

### NOTICE OF REWARD

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

MRS. W. S. WILLIS  
Sheriff, Crockett County

Prepared by Dr. S. W. Geiser of Southern Methodist University, a list of inventions on which patents were issued to Texans between 1845 and 1882 has been submitted to Dr. Webb for criticism. It will later be presented to the library of the University of Texas.

Listed among the 1009 inventions patented by 742 Texans was a "convertible wagon bed and hay rack," offered by James M. O'Neal of Fort Worth. It was apparently a forerunner of today's convertible roadsters.

Nail extractors, bird cages, swinging berths, ant traps, beer coolers and portable fences were others patented early by Texans. In addition there was a bedspread developed by Thomas B. Baldwin of Marshall in 1871.

Philip H. Raiford of Houston patented a "device for attaching

napkins to the person" in 1871. Two years later S. A. Goodman, Jr., of Jamestown offered sportsmen his "compound fish baits."

Artificial legs, remedies for dropsy, umbrella supporters, whiffle-tree hooks and spring bed bottoms were other early Texas inventions which made life more pleasant. And the home was more easily managed by earliest washing machines, coffee pots, new food preserving plans, peach papers and head rests, all of which sprang from this early spirit of industry in Texans.

## TAX DISCOUNTS

Again you will be able to save up to 3 per cent on your total tax bill (except poll taxes) by early payment. Taxes paid in the first three months of the tax paying period entitle the taxpayer to the following discounts—

3% IF PAID IN OCTOBER  
2% IF PAID IN NOVEMBER  
1% IF PAID IN DECEMBER

Taxes Become Delinquent After February 1, 1942

### Save Interest — Penalty on Delinquent Taxes

By paying delinquent taxes for all years prior to 1940, BEFORE NOVEMBER 1, 1941, you can save accumulated penalty and interest on the whole amount.

The law remitting penalty and interest on delinquent taxes if paid before November 1 of this year does not apply to taxes delinquent for the year 1940 or later, but to all years before. In order to take advantage of this saving, however, it is necessary that ALL the delinquent amount, for ALL years and on ALL property be paid.

### Texas Centennial Of Statehood To Be Observed In '45-46

AUSTIN, Oct. 22 — Celebration of Texas' Centennial of Statehood was implemented today by the appointment of Karl Hoblitzelle, of Dallas, as chairman of the Texas Centennial of Statehood Commission.

The appointment of Mr. Hoblitzelle, widely known philanthropist and theatre head, followed a conference between Governor Coke R. Stevenson, Statehood Commissioner A. Garland Adair, Col. Paul Wakefield, and other leaders in the celebration movement.

The regular session of the 47th Legislature gave approval to a plan for state-wide observance of the 100th anniversary of Texas' admission to the Union.

The celebration will be held in 1945-46, marking the centennial of the occasion when the Republic of Texas became the 28th state admitted to the Federal Union.

Designation of Mr. Hoblitzelle as chairman by Commissioner Adair was approved by Governor Stevenson in a statement praising Mr. Hoblitzelle for his work in numerous civic and cultural undertakings.

### Wildlife Facts

The woodcock is the only bird in the Western Hemisphere whose upper bill is movable; the beak can be used like a pair of tweezers to grasp food below the surface of the ground.

There are 110 species of snake in the United States, and only the cottonmouth, copperhead, coral snake, and rattler are poisonous.

There are only between 700 and 800 great white herons in the world, and all are concentrated in Southern Florida, where the Fish and Wildlife Service maintains two national wildlife refuges to protect the species.

### Lions Ready—

(Continued from Page One)

eral of the boys were badly jarred and some injured in a car accident on a downtown street following the afternoon's practice session.

Tired football players "covered" a pick-up driven by Dick Henderson returning from the practice field and when Dick's view was blocked by players riding his front fenders, the pick-up crashed into the rear of Hurst Meinecke's car parked in front of the Meinecke grocery.

Wayne West, 220-pound anchor for that immovable Lion line, suffered a deep gash on the calf of his leg. Marvin Porter was knocked out for a brief time and several of the other boys riding in the pick-up were jarred and bruised in the crash. But doctors patched up their injuries and all were pronounced not seriously hurt and ready for practice the next day. And all were on hand.

Not over-confident—but "scared o' nobody"—that seems to be the attitude of the Lions as they face the stiffest competition of the season. Without hazarding a prediction, prospects are good for one of the greatest football battles ever seen on an Ozona gridiron—two great teams giving their best—and hopes are high that the Lions will have most of the best.

Corporal Grover Hignight, first selective Service training soldier from Crockett County, who volunteered for service shortly after the first registration, spent a 15-day furlough visiting Ozona friends. Hignight is stationed at Fort Bliss in El Paso.

cent state aid, the firm declared. The bond firms' proposal, accepted by the court, was to carry through to conclusion with the attorney general to determine whether or not the bonds can be legally issued and in what amount. In the event bonds can be issued, the county agrees to sell to the bond firms the entire issue at par and accrued interest, at interest rate and maturity schedule to be mutually agreed upon. For its service in bringing the issue to the attention of the county, for work done and to cover cost of issuing bonds, the bond firms are to receive a fee of 2½ per cent of the value of the bonds. In the event it is found that the bonds can not be re-issued, the county assumes no obligation.

### Sonora Club Guests Of Ozona For Latin American Program

Ozona Woman's Club met in regular session Tuesday afternoon at the home of Mrs. Joe Oberkamp, with members of the Sonora Club guests for the day's program on art and literature of Latin-America. Mrs. Stephen Perner was leader for the day. Mrs. W. E. West told of the Art Treasures of Latin-America. Among the interesting descriptions given by Mrs. West were of the Diego Rivera murals in the National Museum in Mexico City, in Brazil, Mrs. West said, lived Lisboa, the noted wood carver and Candido, the modern mural painter, called the Rivera of Brazil. She also told of Galque's famous picture of the three negroes at the art center of Quito, and in Paraguay the artist Blane, who painted the lone Indian on a wretched battlefield.

Mrs. Lee Childress told of the Bolivarian Museum and the life of Bolivar, who encouraged and helped the different countries of South America gain their freedom from Spain—called the George Washington of South America. Mrs. Hubert Baker told of her visit to the museum in Mexico City and the interesting collections of Mexican jade. She also told of the silversmiths, who, in crude fashion, hammer out the raw silver, and fashion it from designs drawn and chiseled out by boys and girls. The finished pieces are polished by hand. Mrs. Baker also told of a visit to a glass factory in Mexico. An interesting exhibit of articles from Mexico, Brazil, Chile and Central America formed a part of the program.

Sonora club members present were Mrs. I. G. Boughton, Mrs. J. T. Trainer, Mrs. C. A. Tyler, Mrs. Thomas Espy, Mrs. Earl Lomax, Mrs. W. R. Cusenbary and Mrs. Earl Duncan. Ozona club members attending were Mrs. Lee Childress, Mrs. Max Schneemann, Mrs. V. I. Pierce, Mrs. Joe Pierce, Mrs. Monroe Baggett, Mrs. P. T. Robison, Mrs. M. Johnson, Mrs. J. W. Henderson, Mrs. Hillery Phillips, Mrs. N. W. Graham, Mrs. Ira Carson, Mrs. Stephen Perner, Mrs. Hubert Baker, Mrs. Mike Friend, Mrs. A. C. Hoover, Mrs. Joe Oberkamp, Mrs. B. B. Ingham, Mrs. W. E. West, Mrs. Carl Colwick, Mrs. George Bean, and two guests, Mrs. J. C. Montgomery and Mrs. U. M. Sanderson of San Saba.

### Baptist Women Urge Revival Attendance

Members of the Woman's Missionary Society of the Baptist Church resolved themselves into an invitation committee for the revival meeting in progress at the church, and following a brief meeting at the church at the regular hour Wednesday afternoon, called on a number of homes inviting the women to attend the revival services, and hear the preaching of Dr. Porter M. Balies.

Composing the group were Mrs. Ernest Dunlap, Mrs. J. S. Whatley, Mrs. J. T. Keeton, Mrs. J. T. Patrick, Mrs. Dowdy, Mrs. Clyde Childress, Mrs. John Mitchell, Mrs. R. K. James, and Mrs. G. L. Nesrsta.

Mike Couch, Ozona grocer, who underwent an emergency operation for appendicitis in a San Angelo hospital last week, is reported well on the road to recovery. He is expected to be released from the hospital this week.

Mrs. U. M. Sanderson of San Saba is here for a visit with her son-in-law and daughter, Dr. and Mrs. G. L. Nesrsta.

Mr. and Mrs. Ira Carson left today for Bertram where they will visit Mr. Carson's mother and other relatives for a few days.

Bill Carson went to Waco last week to join his sister, Eloise, a student at Baylor University, on a trip to College Station to witness the A & M-Baylor football game.

Mr. and Mrs. Byron Stuart and daughter of San Antonio spent the week-end here visiting Mrs. Stuart's parents, Mr. and Mrs. Ray Dunlap.

Cleve Culpepper of Dallas spent the week-end here visiting his brother-in-law, Oscar Kost, and family.

Mrs. Chas. Williams and nephew, Byron Williams, spent the week-end in Austin visiting relatives and attending the Texas-Rice game.

Mrs. W. R. Baggett and Miss Elizabeth Fussell are spending this week in Amarillo attending the Grand Chapter of Eastern Star.

Sergeant Carl (Slim) Craven, Medical Corps, Camp Bowie, Brownwood, spent several days leave from army duties visiting friends in Ozona.
