It started out to be the most interesting of the flights commanded the attention when he wanted away on the flight Monday night. The three astronauts has the uppermost in all our since.

From all indications at the moment, they will make it safe and sound. To coin a phrase from the kids, I was amazed at their "coolness" when the explosion or whatever occurred. They reacted with great courage and reported the malfunction in Houston almost as a routine.

Whenever you feel about space program, you are to admire these tremendously brave men who are the true pioneers of our day.

Al Fields was in the office last week telling us about the fancy German Restaurant he took his family to on a recent trip. He said the menu was all in German, as he took a chance and ordered hasenpfeffer. After the meal was served, he kept trying to decide what he was eating. He thought it was chicken with some kind of sauce on it, but it didn't have a breast or wing, so he called the waiter and asked him what the dish consisted of. He was floored to learn that it was rabbit.

It reminded me of a joke about the man who went into a fancy restaurant and ordered Poulet a la Maserati. It turned out to be a chicken that had been run over by an Italian sports car.

It was give and take at the courthouse and annex this week. People were going into the annex to get the bad news about their income tax and people were going into the courthouse to sign up for free food.

It was a funny thing, as I sat here and watched the people going and coming, the only way I could tell which was which was by the building they came out of.

I am considering placing my application with the food program. I do have a dependent child, and we are flat broke after taxes. Nothing ventured, nothing gained.

They say that they are going to distribute real butter. My, I haven't been able to afford real butter in fifteen years or so.

Tom and I chatted up another wedding anniversary yesterday, and I was trying to convince him that he ought to buy me several more gifts for an anniversary present.

I asked him if he wouldn't like to have a date with a blonde one night, a brunette the next night, and a redhead the next. He said it would be fine with him if I didn't give him a lot of trouble when he got home.

Once I used the wrong approach.

Last week at this time we were in the grip of a cold and this week it's summer. Whatever happened to spring?

## Red Cross Drive Gets Underway Here Tuesday

Tuesday, April 21, is the kick-off date for the Red Cross drive in Crockett County. Volunteers will pick up their workers' kits and area maps at the Water District office.

The drive is still short on volunteers, and anyone wishing to help should notify the County Red Cross Chairman, Bill Cooper.

Anyone missed by the house-to-house canvases next week may drop their donation off at the bank or at the Water District Office.

## Rotarians Entertained With Talk And Pictures Of Africa Presented By Roy Harrell, US Envoy to Chad

Time passed much too fast for Ozona Rotarians and their guests at their Tuesday noon luncheon when they were treated to a brief talk and presentation of slides of scenes in Africa by Roy A. Harrell, recently returned from more than three years of service for the U. S. State Department, assigned to the U. S. Embassy in Chad, Africa.

Mr. Harrell and his family are here spending a vacation with his parents, Mr. and Mrs. R. A. Harrell, while awaiting a re-assignment by Washington. He was expecting a call momentarily at midweek advising him that his "vacation is at an end and time to go back to work."

The color picture slides were excellent photographically and fascinating in subject matter. Harrell, an accomplished photographer, showed only a small group of his collection of pictures taken in his travels over many areas of Africa. He was able to get some excellent pictures of wild animals, lions, various types of antelope, a rare picture of a group of elephants, with several young in the herd, at a watering, a menacing looking rhino, hippos, giraffe, etc. and some closeups of natives in their colorful dress, hairdos and face paint.

The selected group of pictures showed some of the native villages, the arid areas in the north and the lush tropical areas to the south, the modern cities

with modern buildings, parking meters and paved streets. Chad, a former French controlled area, is an independent country about 550,000 square miles in size.

"Africa is a big continent," Harrell said. "You could set (Continued on Last Page)

## Lions Clubs Pool Manpower In Broom Sale

Ozona's Lions Clubs will conduct an all-out drive Saturday, April 25, in their annual broom sale. The Lions will be selling quality cleaning aids made by blind workers in the Lighthouses for the Blind which are located throughout the state.

Tommy Sanders is sale chairman for the Ozona Lions Club and Raul De La Rosa is chairman for the Southside Lions Club. The Clubs' earnings from this sale will be used for their many community projects.

The entire membership of both clubs is being organized to supply friends and neighbors with this quality merchandise delivered right to their homes. Every household can use some type of household cleaning aid and every item sold helps some blind person to help himself.

Previous sales by the Ozona Clubs have been very successful and Lion Sanders expressed his confidence in another successful sale this year.

## Arrest Made In Roadside Murder Case Near Here

Albert Cecil Taylor, Jr., arrested in Arroyo Grande, California, following an investigation extending from Ozona to New Orleans and back again to California, has been charged in Justice of the Peace A. O. Fields' court with the murder of Ray C. Lahey.

Lahey's body was found March 27 fifteen miles west of Ozona. He had been shot three times and apparently robbed. His body was found on a ranch road just off Hwy 290. His car, a late model Volkswagen, was found the next day in Fort Stockton near the bus terminal.

District Attorney Dixon Mahon said investigation locally, in Houston and New Orleans, which was Lahey's home, led to Taylor's identification.

Principal investigators in the case were District Attorney Mahon, Sheriff Billy Mills, deputies Von Parker, Bob Caldwell and Clarence Large and Department of Public Safety officer James Cumby.

## Funeral Service Here Monday For Ozonan's Mother

Funeral services for Mrs. Elizabeth Tate, 88, were held at 10 o'clock Monday morning from the First Baptist Church with burial in Cedar Hill Cemetery under the direction of James Funeral Home. Mrs. Tate died Saturday morning at 1 o'clock in a San Angelo nursing home after a long illness.

She was born Dec. 21, 1881 in Kentucky and was married to Willis Tate March 21, 1900 in Bartlett. They had been residents of Talpa for around 50 years.

Survivors include a daughter, Mrs. Ivy Mayfield of Ozona; a son, James B. Tate of El Cajon, Calif.; eight grandchildren, 11 great grandchildren, and one great grandchild.

## Court Of Awards For Girl Scouts Held Tuesday

The fifth annual Crockett Co. Girl Scout Court of Awards was held Tuesday night at the Civic Center. The troop leaders were introduced by the Master of Ceremonies, Silvia Flores, and they presented their girls with badges they had earned during the past year.

The highest award in Girl Scouting, that of First Class was presented to Elaine Zapata and Elizabeth Zapata. Ten years pins were presented to Melissa Zapata, Mary Jane Martinez, Mary Frances Martinez, Silvia Vitela and Rossian Williams.

Brownie troop No. 189 presented a puppet show "Snow White and The Seven Dwarfs."

Special adult awards went to Mrs. Vic Montgomery as this year's cookie chairman; Mrs. Mike Clayton, Day Camp director and equipment manager; Mrs. Taylor Deaton, Court of Awards organizer; and to the troop leaders: No. 65, No. 55, No. 19, No. 221 Dorothy Price and Ethel Wolf, No. 80 Tis-sie Mitchell; No. 189 Jenny Preddy; No. 56 Jane Ivy; No. 54 Joyce Young.

Troop No. 54 served as flag bearers and closed the awards by retiring the colors.

## Trucks To Haul Trash Next Week In Town Cleanup

Next week is Spring clean-up week in Ozona, sponsored annually by the Ozona Garden Club. Members of the club urge all home-owners and owners of vacant lots to cut weeds and clean up around their premises during the week.

County trucks will pick up all rubbish and unwanted items throughout the town Monday through Friday of next week. There will be no need to call, as the trucks will cruise through the town during the week each day. There will be no charge for the service. However, unwanted items and rubbish must be placed by the alley or near the curb where it is easily accessible for those manning the trucks.

The club also urges that owners of business houses take this opportunity to clean up their store fronts, especially those fronting the two highways which intersect in the center of town. First impressions are lasting and those passing through usually form their opinion of the town as they enter the city limits.

## Lions Tie For Second In Crane Dist. Track Meet

The Ozona Lions tied with Big Lake for second place in District 5-AA track at Crane Saturday with 115 points for each team. Crane won the District meet with 149 points.

Running their best times of the year, the Lions failed to pick up any first places in running events and only two in field events. David Pagan won the discus with 149-6 and Chuck Womack the pole vault with 13 feet even. Both boys have better records in two events.

Pagan and Womack will compete in the regional meet, along with second place winners, Mike Haire in both hurdles events and the high jump, Ruben Tambunga in the 100-yd. dash and Gerald Huff in the 440-yd. dash.

Four school records were set during the track year. Gerald Huff, sophomore, set a new record in the 440-yd. dash with a 5:13. Mike Haire senior, set two new records, 6-2 in the high jump and 40.5 in the intermediate hurdles. Chuck Womack, sophomore, set a new pole vault record of 13-7.

Coach Richey says the future looks good for the Lions in track with all members of the spring relay returning and the three 880-yd. run men coming back next year, along with many sprinters who participated this year. (Continued on Last Page)

## Annual Tournament For Golf Teams At C C This Weekend

The Ozona Country Club's annual 4-man, low-ball tournament gets underway this weekend. A field of 30 teams is expected to tee off Saturday and finish Sunday afternoon.

Teams will play 18 holes each day with both day's scores counted. Bill Clegg is tournament chairman. Entry fee is \$15 per man.

A barbeque supper will be served at 7:30 Saturday night. All Country Club members and their wives are invited.

## County Boards Report — Revised Civic Center Rules Being Prepared; Bar Camping In Park

Crockett County Commissioners Court met with the various county boards during its regular monthly meeting Monday, received reports, and canvassed the recent school board election returns.

The cemetery has been put under the road department supervision with Jack Gillit direct supervisor. Water will be left on during the weekend in order that lots may be watered unless the privilege is abused by water being left on throughout the entire weekend.

Fifty dollars was approved for the Historical Survey Committee to help finish the marking of Confederate soldier's graves in the cemetery.

## Lion B Team Wins Division District Title

Ozona High School's Lion B team won the district championship in their division in Crane Saturday while the varsity tied with Big Lake for second in district and the junior high Cubs came in third, behind McCamey and Crane.

ment supervision with Jack Gillit direct supervisor. Water will be left on during the weekend in order that lots may be watered unless the privilege is abused by water being left on throughout the entire weekend.

Fifty dollars was approved for the Historical Survey Committee to help finish the marking of Confederate soldier's graves in the cemetery.

In meeting with the Park Board, Sonny Henderson, chairman; Mrs. Joe Clayton, vice chairman, and Mrs. Ruben Whitehead, publicity, the court accepted the recommendation of the board to post signs in Memorial Park declaring "No Overnight Parking." Jack Williams was appointed by the court to work with this group.

Garland Young, Mrs. Nat Read and Walter Spiller, representatives, from the Civic Center Board, met with the court and presented a preliminary draft of by-laws and amended rules for the building. After suggestions by the court, the board will meet Monday night to adopt the by-laws. They also made preliminary plans for a youth program at the Center.

Jim Peck has been appointed to fill the vacancy on the Hospital Board created by the resignation of Mrs. Vic Montgomery. Mrs. Barbara Burnett, hospital administrator. (Continued on Last Page)

## Junior Hi Book Fair Apr. 20-24 Open To Public

Ozona Junior High School will sponsor a student book fair Monday through Friday, April 20-24. Students will be able to browse and purchase books. The book fair will be open during school hours and the books will be on display in the Junior High Library.

All students from other schools, parents, and visitors are invited to attend the fair. There will be a large selection for adult readers. The fair will not only help spur student interest in reading and building home libraries, but will also offer good summer reading material.

The book fair display will include attractive new paperback books from many publishers in all popular price ranges. All reading areas of interest to students will be represented, including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books. Wonderful books to read or to give as gifts. All books will be ordered at 4:00 Friday and are guaranteed to be delivered to the Junior High within 10 days. All selections must be paid for at the time of ordering.

The Junior High is working in co-operation with the Educational Reading Service, a professional book fair company, to furnish an individual selection of paperback books for the fair. Mrs. Charles Spieker, Jr. High librarian, is in charge of the fair.

#### YARBOROUGH TURNS HIS BACK ON TEXAS

Ralph Yarborough has again shown his loyalty to Texas but to the AFL-CIO, the NAACP and the Northern ultra-liberals.

Yarborough should be re-elected in this year's election—whether by Democrat Lloyd Bentsen or Republican George Bush or Robert Morris. His vote last week with the AFL-CIO and NAACP dominated Senate majority to refuse confirmation of Southern and conservative O. Harold Carswell to the Supreme Court should definitely brand him as anti-South and anti-Texas in the minds of every right-thinking Texan.

It is our belief that most Texans are in favor of restoring some sort of balance to the Supreme Court to bring about a stricter interpretation of the constitution based on law rather than the writing of some far-out social theorist. Yarborough has totally ignored the wishes of his constituents in his eagerness to vote like he has been told by the labor bosses and left wing socialists. He has shown a total disloyalty to the South and to Texas.

Ralph Yarborough should be soundly defeated in the May 4 Democratic primary. But if Democrats don't do it in their primary, then the people of Texas should by all means do it in November.

#### TRUTH OR CONSEQUENCES

Add to the disgraceful crime picture in our Nation's Capital one more black eye. It has just been revealed that Washington now has the highest syphilis incidence rate in the nation, and is in fourth highest position for other venereal diseases. The statistics were compiled by the American Social Health Association in cooperation with six leading public health and medical organizations, including the American Medical Association.

Of the various diseases loosely termed "VD", syphilis is the deadliest and most horrifying killer of them all. Because syphilis is almost entirely contracted by immoral or sexual contact, it is seldom mentioned. People die from heart attack, cancer, or TB — but when did you ever see a death notice "Died from VD"?

Within a matter of hours after sexual contact, the deadly spirochete enters the bloodstream and spreads throughout the body. It may take from ten days to ten weeks for any visible sign of the death-dealing germ to appear. Because it is painless, it is easy to miss, but unless destroyed by medical treatment, it will remain alive longer than the victim.

The second stage symptoms begin to appear in about six weeks — headaches, pains in bones and joints, sore throat and/or a barely detectable skin rash. Now, the spirochete is ready to strike — to incapacitate or kill. The microbe may attack the spinal cord, the nerves, the heart, the brain, the eyes, the bones, or a combination of them. Doctors bluntly state: "The prognosis of cardiovascular

syphilis is poor, and sudden death is not uncommon." In plain language, if syphilis hits your heart, chances are you are dead brother. But maybe those who die quickly are the lucky ones. Syphilis literally destroys the brain, bringing about insanity, loss of memory, delusions, deafness, blindness, convulsions, extreme and/or continual pain.

THERE IS NO CURE. Even if quick action is taken and the microbe is killed by medical treatment, there is no cure to any damage already done to the body and mind—that is permanent.

The only sensible solution is to teach our young people and others through legitimate sex education that premarital and extra-marital sex is wrong — and if they are not strong enough to resist it, they may have to pay the consequences; a living horror for the rest of their lives.

Washington News Letter  
Congressman O. C. Fisher

JUDGE CARSWELL. After the Senate, aided by 13 Republican rebels, voted 51 to 45 against confirmation of Judge Carswell, an astute capitol observer said: "Well, that's twice the U. S. Senators have risen to the heights of mediocrity." The other time was when the Senate liberals turned down Judge Haynsworth.

As is well known on Capitol Hill, the real inside truth is that qualifications did not figure in the Senate voting. Both Haynsworth and Carswell were highly qualified and both were recommended by the American Bar Association. But — both were opposed by AFL-CIO and by the NAACP. And, even more important, both were from the South.

Senator Richard Russell hit the nail on the head when he said: "If Carswell were from Indiana he would have been confirmed long ago."

While there is much gloating over the defeat of Judge Carswell, as there was over knocking off Judge Haynsworth, it appears likely

#### BLOCK THAT SHOT

President Nixon's popularity will be enhanced as a result of his effort to achieve a better balance on the nation's court of last resort. Surveys show the vast majority of the people are sick and tired of court decisions which have unduly favored criminals and subversives by a lop-sided Supreme Court.

Who will the President now nominate? He'll be lucky to get any man, regardless of qualifications, confirmed unless the nominee resides north of the Mason-Dixon line. That handicap might be overcome if the nominee is beholden to both

**EDITORIAL**  
 By Cathy Williams  
 Boy! Just look at the beautiful grounds! There has never been anything quite as awe-inspiring as to see that Pay-Day wrapper bravely and forcefully find its way across the cold, hard ground. Astounding crowds gather to watch spectacular events like this every day.

If a candy wrapper is in your possession, don't be a hog! Release it and let it go free! It has spent many days (months) in a dark, dark prison — then, at last, someone like you freed it with a coin.

Do not be prejudiced. There are so many other items that could be joyously romping about like a young colt — Bubblegum wrappers, popcorn sacks, oranges peels, notebook paper, and, of course, Kleenex. With all these items and more, the school grounds is a devastatingly beautiful sight. Remember — do not hamper a free spirit — release it and your cares to the wind — everyone should make his own special contribution!

## THE FFA PROGRAM

By Ana Mae Payne  
 The Ozona FFA boys participated in the Livestock and Judging program in Alpine. The Livestock team include Jim Bob Bailey, Richard Mayfield and Tommy Connors. Members of the Range team includes Monty Pelto, Forest Henderson, Mike Wornack and Steve Hubbard. The boys entered in livestock judging, placing cattle, sheep swine and horses.

Richard Mayfield was fifth high individual in sheep judging. Ozona won first in the range judging. The in-

dividuals who won were: Monty Pelto, first; Forest second; Steve Hubbard, 4th; and Mike Wornack, fifth. Monty Pelto and Forest Henderson each won a \$100 scholarship at Sul Ross for 1st and 2nd High Individuals in Range.

## STUDENT PERSONALITY SUZY TANKERSLEY

By Sadie Tillman  
 Suzy Tankersley is a Junior in High School. She is the daughter of Mr. and Mrs. Jack Tankersley. Suzy has lived in Ozona for five years.

Suzy has received honors as Track Duchess and Football Duchess her Junior year. Suzy has also been serving as Cheerleader. She has participated in basketball her freshman, sophomore, and junior years. She played volleyball her freshman year.

Her favorite food is cheese and crackers, her favorite color is blue her favorite subject is typing, and her favorite pastime is sleeping.

For summer she says, "I plan to go to Brownwood, Texas, work and go to Summer School. In summer school, I plan to take English IV. I want to get a job typing for a law firm."

The thing she is looking forward the most is becoming a Senior and graduating.

## MOST BEAUTIFUL AND MOST HANDSOME

By Elizabeth Jones  
 The students of OHS voted on nominees for most handsome and most beautiful last week to determine who would compete for the titles.

The five girls nominated for most beautiful are Georganne Janes, Elizabeth Jones, Sadie Tillman, Karen Sewell, and Wannetta Pearl.

Five boys were also nominated for most handsome. They are David Pagan, Jim Montgomery, Cuatro Davidson, Tommy Jenkins, and Arturo Torres. These students will have

their pictures sent to a college annual staff to be judged.

## HI SCHOOL HOROSCOPE

By Elizabeth Jones  
 Spring fever, senioritis, it's all the same, and who doesn't have it with 27 school days left? We've almost made it, though, and the teachers are just as happy about it as we are.

Friday brings another long bus trip for band students. This is the last one of the year, so it won't be too bad. Is it just a rumor, or is it true the band plans on coming home with a number one painted on it?

Seniors will really be getting the big head when their invitations come in and then of course, the juniors will be even worse when they get to order their senior rings.

All in all, the weeks looks good, after all, how could they get worse?

## NEWS FROM OTHER SCHOOLS

By Cynthia Harrell  
 North Elementary students took their achievement tests Wednesday.

North and South Elementary boys recently ran in a track meet. Every boy 10 years of age or older who wanted to participate was eligible for these events. The boys were divided into age groups. They were coached by Tony Wheeler, Greg Lara and Fred Deaton. Many ran in all events, and all who participated in these events won at least 1 ribbon.

## 18-YEAR-OLDS VOTING

By Sadie Tillman  
 Much controversy has arisen on the question of the 18-year-olds vote. The ma-

majority of the 18 year olds have completed high school and have had a year of Civics or Government. These teenagers often have a much better knowledge of recent as well as past, politics than do their parents or the "older generation." The majority of the servicemen in Vietnam are under twenty and deserve to have some say about the government. If they can fight and die for their country, they should be able to speak out about how it is run.

## THE LAST WEEKS OF SCHOOL

By Karen Sewell  
 School is almost out—finally! There are six more weeks left for everybody except those "privileged characters," the Seniors, who only have five left. These last few weeks will be rather hectic with everything from term papers to Senior parties, plus those awful final exams. "Spring Fever" has hit and the kids are finding it harder to show up to classes, let alone study! Girls will start trying to find dresses to wear to the Commencement dance and studying less, but everything should turn out right as OHS bids itself of the Seniors of 1969-70.

## LAST SIX WEEKS

By Diana Deaton  
 Well, this is the last six weeks of school until next year for all underclassmen and the very end for all the seniors.

Everyone will be working harder at trying to bring up their grades, because this is the last chance. And to several it will be the deciding grades as to whether they will graduate or not.

The seniors will be finishing up their last few weeks in Ozona High School and won't especially feel like studying so it would surely be nice if all the teachers would be more tolerant and give us less homework.

### Crockett Draws Wildcat, 3 New Prospects

Wildcat was scheduled in Crockett County, a prospecting opener was swabbed with oil and water, a conclusion was indicated in the field and an extended test is still another reported during the week.

Ellenburker Production Co., Inc. will drill the No. 2 well-Helbing as an 8,600-barrel wildcat and project in the Ozona (sand) gas field, five miles south of Ozona and 18 miles east-northeast of Ozona, Southwest (upper and lower Simpson and Strawn field).

Location, on a 640-acre tract, is 1,320 feet from the north and west lines of 8-OC&SF.

Texas Crude Oil Co., Midland, No. 1-35 University, in University, re-entered the Ellenburker opener as a lone producer from that area and prospective Strawn re-opener in the World Day field, 13 miles west of Big Lake, produced 24.84 barrels of oil and 91 barrels of water in 48 hours from the Strawn.

Recovery was through perforations at 8,014-022 feet. Testing continued. Original completion was Nov. 11, 1966, by B. L. McFarland, Inc. for 231 barrels of 42.1 gravity oil, no water, through a 14-1/2 inch choke and Ellenburker perforations at 8,050-70 feet.

Third 7,890-foot Pennsylvania producer and a 1/2 mile west-southwest extension to that pay was assured in the Davidson Ranch multiphase field with the flowing of 90 barrels of lead in 24 hours, plus gas at the rate of 3 million cubic feet daily, at Texaco Inc. No. 2-D A. R. Kincaid Trust, in 6-KL-GC&SF, four miles southeast of Ozona.

Flow was through a 1/4 inch choke and perforations at 7,879-951 feet, with tubing pressure of 1,650 pounds. Testing continued.

The field has one 8,606-foot detrital gas and two 6,350-foot Canyon gas producers.

The Ozona (Canyon sand gas) field gained a 1/2-mile west and north extension with completion of Ormand Industries, Inc., formerly Ryan Consolidated Petroleum Corp., Odessa, No. 2 Cox 20 miles southwest of Ozona, for a calculated, absolute open flow potential of 210,000 cubic feet of gas per day, with gas-liquid ratio and gravity of the liquid unreported.

Production was through perforations at 6,691-7,082 feet and 7,041-046 feet, which had been acidized with 3,500 gallons and fractured with 60,000 gallons and 60,000 pounds of sand.

Location is 1,800 feet from the south and 1,320 feet from the west lines of 22-3-L&ON.

#### BIBLE ANSWERS TO BIBLE QUESTIONS

Question: What does the word, "Christian" mean?

Answer: There has been continual misapplication of the word, "Christian", and foremost it has been used to distinguish between monotheistic and polytheistic beliefs without regard to the fact that use of the word needs to be qualified.

"Christian", strangely enough, is only found three times in the entire Bible. One of these passages is in Acts 11:26: "and the disciples were called Christians first in Antioch." We can see from this passage that it is synonymous with the disciples of Christ. The word that is translated "disciple" in our Bibles comes from the word "mathete" in the Greek and means "taught" or "trained one."

Jesus says, "If ye continue in my word, then are ye my disciples indeed." Being a Christian, or Disciple of Christ necessarily involves a continuing obedience to the commands of Christ.

### Todd Deep Field Test Shows Oil

J. S. Abercrombie Mineral Co., Inc., Houston, No. 1 J. S. Todd, in 17-YZ-EL&RR, Crockett County wildcat 18 miles west-northwest of Ozona, eight miles west of the Todd Deep (Crinoidal and Ellenburger) field and 2 1/2 miles west-northwest of the Todd, Southwest (Grayburg and San Andres) field, recovered oil on two of four drillstem tests.

Recovery was 10 feet of drilling fluid on a 45-minute drillstem test at 5,425-512 feet in an unidentified zone, probably Wolfcamp. Flowing pressure was 43-57 pounds; 30-minute initial shut-in pressure, 71 pounds; 60-minute final shut-in pressure, 57 pounds.

A test, unreported time, at 6,798-818 feet, identified as the Crinoidal, recovered 20 barrels of 43 gravity oil and 2 1/2 barrels of salt water, gas surfaced in 15 minutes, no gauges. Flowing pressure was 118-295 pounds and 265-610 pounds; initial shut-in pressure, 2,911 pounds; final shut-in pressure, 2,986 pounds.

### St. Augustine Lawns Threatened By Virus Disease

"If you have noticed your St. Augustine grass dying in spots, more that likely, it has the new virus disease," Coon Chandler, local horticulturist says.

"The disease 'St. Augustine Decline,' has been spreading in Texas for the past three years," Chandler said, and added that grass farms in the lower Rio Grande Valley have been quarantined since the disease made its appearance, and the nurseries have quit selling it.

According to Chandler, last year residents of the city of Corpus Christi lost nearly all their lawn from the disease. There is no cure for the virus.

Chandler said the disease usually appears as a round dead spot in the grass which keeps spreading. He said if you dig under the grass you will find that the roots are dead and have a molded look. He believes he has found the disease in several Ozona yards and when the grass gets greener, he expects the conditions to become more noticeable.

"When the grass is green," he said, "the disease is easily discernible by yellow spots on the blades of grass." Since there is no cure for

the virus, Chandler recommends the following precautions for healthy yards: Keep yard fertilized well and watered well.

Don't use any garden tools except your own, such as lawn mowers, carts, etc. The virus is easily spread from one yard to another by tools.

Mr. and Mrs. Roy Thompson returned Sunday from Rochester, Minn. where they had been for several weeks after both undergoing surgery.

Magnificent tapestries, sometimes taking years to complete, decorated the walls of many homes and churches in the Middle Ages. Woven with richly colored strands of silk and wool, they often pictured scenes from the Bible. To create a beautiful tapestry required patience... skill... devotion.

Today each of us weaves a tapestry - the fabric of our lives. We sit at a loom, wondering whether the pattern of our lives will be of bright rose, green or golden threads, or whether the events will show as somber, dark colors.

A weaver in the Middle Ages worked on the reverse side of his tapestry. By looking up at a mirror, he could see how the entire design looked on the right side.

When we look up to God in worship, we can see with clarity the pattern of our lives. Tend the church of your choice for perspective on your life's tapestry.

**No Restrictions On Use Of 2,4,5-T On Pasturelands**

State headquarters of the U. S. Soil Conservation Service at Tyler has sent an advisory to all area conservationists and conservation Districts in response to many inquiries received on the use of the herbicide 2,4,5-T. Clitis H. Sinclair, Ozona SCS conservationist, reports.

"The State Office has not received any official correspondence on restricting use of 2,4,5-T on lands supporting perennial plants grazed by domestic livestock and big game animals," the advisory said. The Texas chairman of Brush Control committee has received a letter from the President's Office of Science and Technology on the use of 2,4,5-T, the advisory said. A quote from the letter reads as follows, "The present regulatory actions under consideration deal explicitly with food crops — not pasture or forage."

"Unless the oil Conservation Service in Texas receives official notification restricting use of 2,4,5-T, the present policy of assisting operators effectively use 2,4,5-T in control of undesirable plants on lands in perennial vegetation will continue," the letter said. "In the past very limited use of 2,4,5-T has been made on cropland."

The usual warnings against improper use of the herbicide and the possible damage to crops from aerial spray drift was included.

**Historical Society Meet**

Members of the Crockett County Historical Society will hold their regular quarterly meeting Monday evening, April 20, at the Civic Center.  
The program will be a continuation of the stories of pioneer Crockett County families with Homer Schwaibe of Stanton telling of his family's experiences. Fayette Schwaibe, father of Homer, made camp under the oak tree where the first commissioners court was held, long before Ozona became even a settlement.  
Ted White, president of the Society, cordially invites all those interested to attend the meeting whether they are members or not.

the United States and Canada down on Africa and have Africa sticking out on all sides," he said.

A touch of West Texas was introduced by this West Texan to Africans — the windmill. In the face of vehement French protests that the windmill would not work in Africa the U. S., under Harrell's supervision, installed several mills over existing wells and along known cattle drives. They worked fine but the French still protested they wouldn't work — because they wouldn't work in France, for lack of wind. The windmill waterings resulted in considerable weight saving on cattle drives because the cattle could be watered often enough to prevent shrink.

Harrell does not know what his next assignment will be — he will report to Washington when ordered and receive his assignment there. He has applied for overseas service again, he said.

year and should be stronger next year. All participants in the field events return with the exception of Haire and Rios. All in all, there will be 21 lettermen returning next year.

1970 lettermen include Mike Haire, Tommy Jenkins, Earnest Rios, Arturo Torres, and Tony Wheeler, seniors; David Pagan, Cuatro Davidson, Larry McMillan, Pete Perez, Robert Maldonado, Mark Tillman, Mike Schneider, Curtis Weant, Will Collett, Ray Tambunga and Greg Stuart, juniors; Chuck Womack, Ricky Crawford, Bill Edgerton and Dean Shaw, sophomores; Ruben Tambunga, Randy Crawford, Timmy Evans, David Sewell, Gerald Huff, and Lucio Plerro, freshmen. These boys had to run in half the track meets this year and score to win their letters.
