Kitty's Korner

By Kitty Montgomery

In lieu of my usual chat this week, I shall use a guest editorial. I had been saving it for a week just like this, and thought, perhaps, to save it for another more droughty week. However, it has been reprinted in several publications, so to stay current I decided to use it. Not that its subject matter is going to get old. Indeed, the author's advice to today's teen-agers will be just as good for tomorrow's teen-age generation.

— k k —
Straight Talk! An Open Letter to Teenagers (by Judge Philip Gilliam, Juvenile Court, Denver, Colorado)

"We hear the plaintive cry of the teen-ager. What can we do? Where can we go? The answers is . . . Go home! Go home, hang the worm windows, paint the woodwork, rake the leaves, mow the lawn, shovel the walk, wash the car, learn to cook, scrub some floors, repair a sink, build a boat, get a job. Help the Minister, priest or Rabbi, the Red Cross or the Salvation Army, assist the sick and helpless, assist the poor. Study your lessons. And then when you're through and not too tired, read a book.

"Your parents do not owe you entertainment. Your village does not owe you recreation facilities. The world does not owe you a living. You owe the world something. (You owe it in your time and your energy and your talents so that no one will be at war, in poverty, or sick and lonely again.

"In plain simple words . . . show up! Quit being a cry baby; get out of your dream world; develop a backbone, get a wishbone; and start acting like a man or lady. "It strikes fear to the very heart of me for the future of our country when I see these young people who are completely and utterly indifferent to their responsibilities toward others and toward society in general. I am a parent. I'm tired of crying, appealing, begging, pleading, tolerating, denying myself comforts for every whim and fancy just because of my selfish ego, instead of common sense, dominates my personality and thinking and requests.

"In Heaven's name, Grow up and Go Home."

— k k —
I don't know about you, but I'm having a copy of this editorial framed to hang in my teen-ager's room. The next time he complains of being bored, I am going to show him toward it.

— k k —
By the way, if you have been asked from one precinct to another since your voter's registration certificate was issued, go by the tax office to take it to be stamped. It is necessary in order you will have no difficulties about voting and there will be no question about your vote.

— k k —
The primaries are just around the corner. If you are going to be out of town May 19, note this change in the county clerk's office and vote absentee before the April 28 deadline.

Three Ozonans Are Hospitalized After Collision

Five accidents were investigated by Highway Patrolman John Harris, DPS, during the weekend, three minor and one potentially dangerous head-on collision. Friday afternoon at 4:40 two 1954 Chevrolet pickups collided head-on at First St. and Hwy 163. Fat Alford, driving one vehicle, was attempting to turn into Gilliam's Service Station when he turned into the path of a pickup driven by Jesus Martinez. Ricky and Roman Martinez, Ozona High School students and sons of the driver, were taken to the hospital where Ricky was treated and released and Ramon was hospitalized with severe facial cuts. Alford was also hospitalized, but later released. Both vehicles were totally demolished.

At 11:30 Friday night at Ave. H and shopping center a 1970 Buick driven by Allan Winfield Saunders, pulled out of the parking space in the center and struck a 1961 Chevrolet driven by Pedro Alva. There were no injuries and only minor damage to both vehicles.

High winds Sunday morning were responsible for the turnover of a house trailer and a pickup just Northwest of Ozona on the Big Lake highway. Driving the rig was J. W. Heidelberg, Jr. of Midland. Nobody was injured. The trailer house was damaged severely but the pickup sustained only minor damage.

Earlier Sunday morning a 1970 Ford driven by Troy Lee Ellis of Odessa hit a deer 10 miles south of Juno, damaging the auto to the extent of \$400, but leaving the driver uninjured.

A truck, tractor and trailer wreck late Monday night caused damage of around \$20,000 to the rig, but left the driver only slightly injured. The rig was driven by Doyle Ellis Cowley of El Paso and owned by the Pearl Distributing Co. Cowley said he lost control when he attempted to light a cigarette.

Woman's Society To Observe Call To Prayer Service

Members of the Women's Society of Christian Service of the Ozona United Methodist Church will participate this week in one of the most important annual observances of United Methodist women throughout the United States.

The Call to Prayer and Self-Denial focuses on "A Time for Celebration: A Service of Dedication," a deepened spiritual life, a guided mission study, and a much needed offering for special world and national projects.

The Call is sponsored by the Women's Division of the United Methodist Board of Missions. The theme of the 1970 Call to Prayer and Self-Denial is "For the Now," inspired by the needs and the opportunities to be made possible by self-denial gifts.

The major events of the observance are prayer, meditation, and an interpretation of the mission projects for which the special offering will be made.

The Call to Prayer and Self-Denial program will be held in the chapel of the Ozona United Methodist Church on Friday, April 24, at 9:30 a. m. All visitors and members are welcome to attend.

Applications For Free Food Program Received Monday

Bob Johnson of Sonora, who is head of the Commodity Food program in Crockett and Sutton counties, will be here next Monday to receive applications for those eligible for free food.

Johnson will be taking applications from 9 a. m. until 5 p. m. at the Crockett County Road Department where the commodities will be issued.

The first food issue date for Ozona is May 7 and 8.

who has been director of the Center the past four years, since the budget will not allow a salary for a director and a youth center administrator. Mrs. Womack will continue in her present capacity until May 31.

Tentative plans call for the employment of a man as full-time director for the Civic Center who has had experience with young people and will also be able to carry on the duties of operating the other facilities of the building. The Board is presently seeking applicants for the position which will open June 1.

Since the double room will be tied up permanently for use of the youth, when other citizens desire to rent a single or double room, and one is not available, they will be permitted to rent a portion of the auditorium room for the rate of the single or double room which they desired.

Funds were appropriated this week by the Commissioner's Court and approved by the Board to purchase of a pool table, lease a juke box, and secure other equipment which will be needed initially.

The youth center will be organized on a paid-membership basis to help defray expenses and to enable the director to keep track of who is eligible to attend functions there. Membership dues for the group, who will be freshmen in high school next year through 19 years of age, will be \$2. Eighth grade students may purchase associate memberships for \$1.

EXOTIC BIRDS are being collected as a hobby by Jack Wilkins, Crockett county rancher and business man, on ranch east of Ozona. Making use of some of the coops and houses he formerly used in a cage hen egg production business, Wilkins has collected pheasants, chukars, quail, bantam chickens, pigeons, etc. Top picture shows a few of the imported pigeons, about twice the size of an ordinary pigeon. The white ones are Swiss murdane and the speckled ones French mundane. The bottom picture shows a few of the chukars, bantam chickens and one pheasant hen. The colorful pheasant roosters were uncooperative.

THE LEGACY OF LENIN

April 22nd marked the 200th anniversary of the birth of Lenin. Lenin left much to remember him by: murder, genocide, brutality, torture, terror and mass slavery on a scale unequalled in world history. But of all the bequests handed down by Lenin, his perfection in the art of the doublecross is by far the most sinister and dangerous.

Experts have pointed out that communism always comes to power by deception; communism always stays in power by force. Many people are confused because they think of "Soviet aggression" in terms of armed forces—tanks, bombs, troops marching across the border to kill and to conquer. But that is not the way of Soviet aggression. Lenin taught, conquer your enemy from within, by trickery, by deception, by turning people against their own country through the use of propaganda. The first weapons are

words; guns come later.

Consider Cuba. How many bombing planes did the Soviet Union use? How many submarines? How many tanks? How many troops? Atom bombs? The answer, of course, is none. Cuba was conquered by Cuban Communists inside the country. People died after the communist takeover.

Teach hatred towards one's own government. Call for a "radical change" in the social and economic system. Plant the idea that violence must be used. Destroy from within. This is Lenin's legacy.

DOWN WITH THE NIT PICKERS!

In a letter to the editor of the Seattle Times, a reader, Mr. L. F. Buchanan, says that he is "disgusted with nitpickers and with Ralph Nadar in particular."

"In 1922," wrote Mr. Buchanan, "I paid \$34 for an automobile battery and it lasted 18 months — maybe. Now the battery that comes with the car lasts for years."

"In 1922 I had to have an engine overhaul at 10,000 miles. Now I drive 50,000 to 75,000 miles without a major overhaul. A tire that went 4,000 miles in those days was good. Now I get 30,000 to 40,000 miles. Vibration then held my speed to 40 miles an hour. Today I sail along at 70."

"I don't believe Nadar nitpickers were responsible for those changes. Nor do I need Nadar to tell me when I am being 'rooked' on a product. I know a business fails or prospers through services rendered. That is why we have the highest standard of living and more conveniences than any other people on earth — and I know this was not brought about by the nitpickers."

"My shoes last longer than they did a few years ago. My electricity costs less per unit and service is more dependable by far. My radio in 1924 cost \$138. It had three tuning dials and batteries. Tuning in a station was quite an accomplishment. Now I can get a portable for \$25 and it does a much greater job."

"I feel people should be told much more about the history of such accomplishments than about faults found by the nitpickers."

Mr. Buchanan has a point. We would add this: it seems to us that Mr. Nadar has what might be called a fairly safe operation. Improvements have not only been made in the past; they will continue to be made in the future. These improvements will come about because of the built-in imperative of business to satisfy the needs and demands of the consumers in a free competitive economy, where people have the right to choose the best

Ozona AF Lieut. Writes of Missions Flown In Vietnam

In a recent letter to his parents, Mr. and Mrs. Sam Houston of Ozona, Lieut. Ronnie L. Houston, serving with the U. S. Air Force in Vietnam, sent a clipping from his base newspaper.

Lt. Houston blames his poor writing habits on being busy. He says "I've been averaging a flight a day, skipping one every now and then but getting two or three some days."

Explaining the clipping he writes, "I'm sending a clipping from the base newspaper, so I guess I'd better explain what a FAC is. It stands for Forward Air Controller, and he's a guy in a small, light plane, who flies in low and slow to spot targets. He marks a target by firing a rocket into it which gives off a white smoke, called for some unknown reason, "Willie Pete." Anyway, that's what he is. I don't know if you've read in the papers about a special forces camp called Dak Seang, but lately they've been under terrific attack. I've been up there five times since April 5, and they are really taking a beating." The clipping reads "Two

Air Force F-4 Phantom crews of the 12th Tactical Fighter Wing recently attacked a confirmed enemy location 14 miles southwest of Tanh Linh in Binh Tuy Province.

"The forward air controller (FAC) on the flight credited the crews with destroying three bunkers and three fortifications.

"Crewmembers on that immediate mission were Maj. Luther T. Harvey, Swasey, water, Tex., Captains Fernando D. Cuellar, Laredo, Tex., Jim L. Keeler, Findlay, Ohio and 1st Lt. Ronnie L. Houston, Ozona, Texas, 49 Tactical Fighter Squadron.

Lt. Houston predicted in "How about those Texans" Lt. Houston has been in Vietnam since January and is due home in December.

EDITORIAL

By David Hoover
The time for all men to come to the aid of their country has ended. Now, it is the time for the country to come to the aid of its young men. At least, that's the way some seem to think.
The American Eagle has stopped being the one looked up to and served. It has ceased to be the one provided for, and has taken over the role of provider, for its young and aged. Instead of carrying the proud role of courage and greatness, he is now carrying the role of in-

decision, and is forcing himself upon others in an effort to regain his lost pride.

Before, the Eagle was the King of all, and nothing stood in his way. Now even a field mouse can send the Eagle to seek higher places.

The Eagle has been, and is, falling from his perch on high. He is bent, and his feathers are getting brittle and falling out.

What can be done for him? We need to curb some of his responsibilities, so he can slow down in his provider role. We need to do more for him, instead of his doing more and more for us. We are demanding too much and aiding ourselves and him too little.

Unless we do something, he will fall down and be trampled by uncaring masses, before they realize that they are hurting themselves as well.

CIVIC PROJECT

By Ana Mae Payne
The Civics classes of Ozona High School will soon conduct a public opinion poll in Ozona for the purpose of finding out how the adults view the important issues facing this nation today.

Each Civics student was required to write ten questions — five question relating to world issues and five relating how the adults view today's generations of young people. From these questions the class members chose the best questions to be put on an opinion poll.

The poll will be conducted in the next few weeks. Sponsor of this project is Civics teacher Thomas Guntherberg.

'Spotted Fever' In Sheffield — Sheffield Is Host To West Texas Appaloosa Horse Club With Trail Ride & Barbecue Lunch Saturday

By Mrs. W. L. Collett

The people of Sheffield were stricken with a strange malady Friday and Saturday which was characterized by "spots" before their eyes. This odd condition, known among horsemen as "spotted fever," was brought about when Mr. and Mrs. W. L. (Dick) Collett and sons, Jim and Richard were hosts to the West Texas Appaloosa Horse Club for a trail ride and barbecue lunch.

The trail riders, who came from Midland, Odessa, Stanton, Ozona, Fort Stockton, Iraan, San Angelo, and Sheffield, began arriving Friday afternoon and checked in at the Sheffield Community Center where they joined the Collett family to prepare beans and potato salad for the Saturday lunch. The spotted horses of the famous Appaloosa breed were quarantined in pens in and around town. Some of the trail riders spent the night camped in the park while others stayed in motels.

The riders were up early the next morning to prepare breakfast and groom their mounts for the nine mile cross-country ride to Live Oak Creek. They were joined by other riders who had not come the night before.

The ride got underway at 8:30 when thirty-nine riders ranging in age from six to sixty-two, were led by trail bosses Dick and Snooks Collett in a parade down Main street and then across country to the Pecos River. Here there was a lot of excitement as some of the horses refused to enter the water. However, everyone was finally crossed over and the group made the steep climb to the rough mountain country on the Austin Mills-rough ranch.

The riders, with help from trail foremen Sandy Brooks, Iraan and Mike Graham of Sheffield, wound up, over and around the beautiful canyon country with stops to admire cactus in bloom, Indian campsites, collect fossils, or just enjoy the scenery and a cool drink of water at a windmill.

One near disaster occurred when the horse ridden by Jean Haire of Odessa slipped and fell while climbing a rimrock. After several anxious minutes other riders succeeded in getting the beautiful Appaloosa to its feet and were greatly relieved to find that both horse and rider had only cuts and bruises.

The ride continued without further mishap and when the group descended the narrow trail down to the Oak Creek at noon they were more than ready for the delicious meal of barbecue, beans, potato salad, iced cake, and cake spread for them under the big oaks be-

side the clear stream. The barbecue was cooked by club members, Mr. and Mrs. Rick Moon of Fort Stockton and other non-riders under the direction of Richard Collett of Sheffield and Mrs. C. D. Griffin of Odessa.

The riders were joined here by special guests Mr. and Mrs. Jerry Hays, Mr. and Mrs. Austin Millsbaugh and two daughters, and Judge Fred Chandler all of Ozona and Mr. and Mrs. H. C. Noelke, III, of Sheffield.

After a short business meeting conducted by Club President Andrew Hancock of Midland, the weary riders relaxed in the cool shade while some of the teen-agers rode their horses in the creek and managed to get thoroughly wet.

Later, the group broke camp and while some visited nearby Fort Lancaster, about fifteen hardy souls accompanied by the Collett sons, Jim and Richard, rode back down the highway to Sheffield. As the trail-riders loaded up to return home they all agreed that this had been "a day to remember." The West Texas Appaloosa Horse Club wishes to take this opportunity to say "thank you" to the people of Sheffield and all others for their wonderful hospitality.

youth- by the drawerful

In a nation as big as ours there is always a tendency to overlook the individual and to think only of groups. Youth gets the brunt of this generalizing.

Many of our boys and girls are delinquent. But some folks would have us believe that every child is a potential delinquent.

Time we realized that children aren't chicks! They don't grow up by the drawerful to have the same characteristics and habits.

Children respond to love, parental example, religious guidance. They possess an ever-increasing aptitude for responsibility, trust, and faith.

Most of our boys and girls will grow up to assume their rightful place in an orderly, Christian society. Some will populate our jails. But the destiny of the individual youth is not a matter of chance and percentage...

It is determined primarily by the conscientiousness of loving parents, and by the persistency with which his natural religious interests are cultivated.

Revised Rules To Govern Use Of Civic Center Facilities; New Manager-Director June 1

Civic Center Board members revised the rules for using the building and the new rules were approved by the Commissioners Court at last week's meeting.

Rules for rental of the building are very much the same. All meetings will be booked in advance on a first-come basis. Appointment hours will remain as are until June 1. When a full time director is hired hours will be from 2 o'clock until 5 in the afternoon for bookings daily except Sundays and Mondays. Bookings for Monday must be made by Friday. To enter the building during other hours, arrangements must be made in advance with the Director.

Rental rates are the same, \$15 for the auditorium, \$5 for the small room, \$7.50 for part of the auditorium (this will be done for those who would normally use the double room which has been given for a youth center). Any room on Sunday will cost \$15, plus \$1.50 per hour for the director of the center.

These rates apply to all but the following groups or any exceptions approved by the Board: Boy Scouts, Girl Scouts, 4-H Clubs, P. T. A., Fire Department, Hospital Board, Little League, Historical Society, any school sponsored event, Garden Club Flower Show, Cancer Society and all Youth Center activities.

Arrangements must be made with the Director not later than 5 p. m. the day before the building is to be used.

A minimum of one parent must be present at any private teenage function. Hours for private teenage functions will be from 8 until 12 p. m., unless other arrangements are made with the Director. Teenagers must make arrangements for sponsoring parents or adults to be present before party begins.

No alcoholic beverages are permitted in building or on county property in the immediate area. Private meetings are restricted to the room rented only.

Piano in auditorium must not be removed from stage. Stereo and public address system use must be supervised by the director.

Management will not be responsible for items left in building. No dishes or pans may be loaned in which to take food from the building.

Director will place number of chairs and tables you request in your room and leave you to arrange them at your discretion, entering again only at your request. After room is used, chairs and tables will be left in room. All dishes and kitchen equipment must be washed and returned to proper place.

If kitchen help is secured by the individual renting, kitchen cleanup will be supervised by the individual; if secured by the director, the director will supervise.

Decorations must be removed immediately after party if there is a pressing need for the room. Otherwise, they may be removed during the next daytime period that building is open. Decorating may be done the day before meeting if the room desired is not in use.

Director will report any damages to Administrative Board and it will deal with the individuals. These rules apply to all with no exceptions. Please do not ask for special favors.

HISTORICAL SOCIETY — Much County Early History Recounted By Homer Schwalbe

At the regular meeting of the Crockett County Historical Society on Monday evening, April 20th, Homer Schwalbe, a former Ozona native, told many interesting stories of his pioneer family.

William Frederick Schwalbe, grandfather of Homer, came to the United States directly from Germany, landing in Galveston in 1848. He was later drafted into the Confederate Army, and having learned the shoemakers trade as a youth was soon put to making shoes for the soldiers. Later he learned the trade of a rock mason and traveled over a wide area of Texas following this trade.

Fayette Schwalbe, father of Homer, was born in Grimes County Dec. 26, 1867, and at various times the family lived in Llano, Mason Camp San Saba, Fredericksburg, Menard (then called Menardville) Brown's ranch a settlement near Brownwood, Fort McKavett, Sonora and finally to the present site of Ozona in the Fall of

1884 where the family camped for about a year under the still-standing oak tree where Crockett County's first Commissioners' Court was held.

About 1885, Fayette Schwalbe helped Joe Mass drill a water well at what is now the Frank McMullan ranch. The drilling was done with a steam engine and the lad's job was to keep enough wood cut to fire the boiler — no small task for a youth. From Ozona, the family went to the Beaver Lake area, near Juno, but again, they returned to Crockett County where they took up land, now the Arthur Phillips ranch. The rock portion of the present ranch house was built by the Schwalbes. Still later, Fayette Schwalbe took up land which is now a portion of the Joe Pierce ranch and it

was there that he raised many horses, some mules, as well as sheep and cattle. On November 9, 1892, in Sherwood, Texas, he married Miss Jennie Teague, a schoolmate from Camp San Saba days. For a honeymoon they started back to Crockett County, in a wagon, bringing with them enough lumber to build a small room near the parents' home.

This land was later sold to Roy Hudspeth and Byrd Phillips and the senior Mr. Schwalbe moved to San Antonio, and later to Yuma, Arizona where he died. Fayette Schwalbe left his Crockett County place in 1909 but later lived in Ozona where several of the 13 children, including Homer, were born. Ten children are still living.

As a young lad, Fayette Schwalbe came in contact with many frontier characters, witnessed shootings between feuding factions, hangings, and many other facets of pioneer life as the people slowly migrated west.

Mr. Schwalbe was accompanied to Ozona by his wife, the former Bertha Poole Deal, who was teaching school here at the time of their marriage.

Do you put a higher price on an Olds than we do?

Our own surveys indicate that quite a few people think an Olds costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money.

It's so unnecessary, too, because Oldsmobile has many models that are priced right down with so-called low-priced cars. See your Olds dealer. He'll prove that you're closer to Olds than you think.

Cutlass S: The sporty Olds—one of nine Olds models priced under \$2995—right down with a lot of low-priced names. But Cutlass really widens the value gap with standard features like these: Regular gas Rocket V-8 □ Nylon-blend loop-pile carpeting □ Foam-padded seats □ Deluxe steering wheel □ Bias-belted tires □ Door side-guard beams □ Recessed windshield wipers □ Hidden radio antenna.

Wed. 2:00 until 6:00 p. m.

During the school term the hours will be changed. The summer hours are tentative and will change with school or community activities and experience with the program.

A set of rules to govern the youth center were patterned after those of similar facilities in nearby towns. In order to expedite plans for opening the center as soon as school is out, the Board drew up the rules. In the future the rules will be subject to change by the Youth Council with the Board reserving the right to approve changes.

The Board will meet with representatives of interested civic clubs tonight and hear suggestions for gifts of equipment, etc. that the clubs would like to present. All suggestions will be welcomed.

BIBLE ANSWERS TO BIBLE QUESTIONS

Question: If Jesus had brothers why did He commit His Mother to the care of the Apostle John before His crucifixion?

Answer: That Jesus did have brothers is plainly stated in Matthew 13:55 and Galathians 1:19. At the time of Jesus' death upon the cross, His brothers were numbered among the great multitude of people who did not believe that he was the Christ (John 7:5). In committing His mother into the care of the Apostle John, Jesus demonstrated how little the fleshly ties are regarded in comparison to spiritual obedience. He had previously stated that he regarded as friends only those who obeyed Him (John 15:14).
