PRACTICE MAKES PERFECT - At least that's what Ozona High School Band Director Tommy Sanders is telling himself as he drills new band members with a sprinkling of old hands

Lions Flash Seasoned Form In FS Scrimmage

Fans got their first look at the 1970 Lions in action Thursday night when they met the Fort Stockton Panthers in a pre-season scrimmage.

Even to a non-fan the improvement over last year was evident. Defensively, the Lions were terrific and it would be hard to pick a stand out as they held the Panthers to minus yardage unofficially. The Panthers were unable to move on the ground and their passing game was stopped cold by interceptions.

The Lion offense almost scored at will. Good blocking on the part of the offensive line along with some fine blocking in the backfield was responsible for some dramatic long touchdown runs. The Lions, in 60 plays, chalked up a total yardage

of 728, 507 yards rushing and 221 passing, while scoring eight times. Tomorrow night the Lions host Robert Lee in their final pre-season scrimmage. Coaches feel that they will be better able to evaluate the team after this scrimmage. Robert Lee always has a strong team and should prove to be tougher opponents for the Lions than the Panthers.

Scrimmage time is set for around 7 o'clock. UIL rules allow for two such pre-season scrimmages each year before the regular season begins. The Lions begin regular season play with the Junction Eagles here Sept. 11. First district game is Oct. 16 with arch foe Big Lake in Big Lake.

Most Businesses Form Girl Scout Close Labor Day Troops At Meet

Most Ozona business houses will be closed Monday in observance of Labor Day, with the exception of the majority of the cafes and service stations.

A survey was conducted by the chamber of commerce earlier this week, revealing that most public offices will take a three-day weekend while retail stores will close after business hours Saturday.

Monday will be the first holiday of the season for Ozona schools. Classes will resume in all schools Tuesday morning at the regular hour.

Mrs. Jim Marks, neighborhood chairman for Crockett County Girl Scouts, asked all girls interested in scouting to meet at Memorial Park immediately after school September 8.

The request takes in all Ozona girls from the second grade through high school. Troops will be formed at that time and plans made for the year.

Mrs. Marks also urged all mothers interested in helping with the scout program this year to meet with the girls.

on the practice field each morning. The 1970-71 Lion Band will make its first public appearance in uniform September 11 at halftime during the Ozona-Junction ball game.

Gospel Meet At Church of Christ To Begin Sept. 14

Maxie B. Boren, minister of the Cameron Road Church of Christ in Austin, will be at the Ozona Church of Christ Monday through Saturday, Sept. 14-20, to preach a series of Gospel sermons each night at 7:30.

Daytime services will be held at 10:00 a.m. Tuesday through Friday. The public is cordially invited to attend any one or all of the meetings.

Ross Hufstader will serve as song leader. Mr. Boren was born in Westlaco, Texas, July 28, 1932. His father, J. D. Boren, has been a gospel preacher for over 50 years, and served as the first gospel preacher ever to be a chaplain in the United States Army.

Maxie graduated from high school in Oklahoma City, attended the University of Oklahoma and received his bachelor's degree from Abilene Christian College in 1955, cum laude. He is now in his 17th year of preaching the gospel.

His preaching has taken him into ten states for gospel meetings. He has been on college lectureships at ACC, Harding, OCC and Pepperdine. He has considerable radio and television experience in preaching. He is now in his fifth year with the Cameron Road congregation.

Miss Sherry Sue Saunders, daughter of Mrs. John W. Henderson III, of Ozona will be a student at Stephens College, Columbia, Mo., during the 1970-71 school year.

Junior High School Cheerleaders Named

Junior high school cheerleaders were elected by the student body after tryouts last Thursday.

Selected to cheer the Cubs on this season were Debra Clayton, Sylvia Flores, Romelia Vola, Debbie Montya, Sally Bailey and Ann Tillman.

Other girls trying out for the six places were Suzanne Williams, Leslie Wellman, Maria Cavanaugh, Melissa Henderson, Virginia Henderson, Tanya Lory, Janice Owens, Fawn Pennington, Tia Sharp.

Davidson Field In Crockett Gets Fifth Producer

The Davidson Ranch multipay field of Crockett County gained its fifth 7,890-foot Pennsylvanian producer and a 7/8-mile southeast extension to that pay with completion of Texaco, Inc. No. 2-1 C. E. Davidson Jr. six miles southeast of Ozona, for a calculated, absolute open flow of 5,940 million cubic feet of gas daily, with gas-liquid ratio of 47,169-1. Gravity of the condensate was 55.2.

Production was through perforations at 7,836-914 feet, which had been fractured with 40,000 gallons and 146,000 pounds of sand. Drilled to 8,100 feet, operator set 4 1/2-inch casing at total depth and plugged back to 8,068 feet.

The following tops were picked on ground elevation of 2,497 feet; Canyon 6, 124 feet Pennsylvanian 7,834 feet. Location is 467 feet from the south and 1,980 feet from the east lines of 5-KL-GC&SF.

The field has one 8,168-foot detrital and two 6,200-foot Canyon gas producers. Outpost Slated Monitor Natural Gas Co., Midland, will drill two outposts to the Ozona Canyon sand gas field of Crockett County, approximately 34 miles southwest of Ozona.

Both projects will be drilled to 7,000 feet. The No. 1-54 Clegg, 2 5/8 miles west-southwest, is 1,320 feet from the north and east lines of 54-Q2-D&S ERR.

The No. 2-54 Ira Carson 1 1/2 miles southwest but separated by a depleted producer, is 2,750 feet northwest of the No. 1-54 Carson which is completing.

Location is 1,320 feet from the north and 2,160 feet from the east lines of 54-MM-T&S LRR.

Proposed Bond Issue Would Modernize Crockett Co. Jail

Members of the Crockett County Commissioners Court, after assessing the need for improvements to the county jail and accepting plans drawn by architect Jack McDermitt of San Angelo, ordered an election for the issuance of bonds in the amount of \$150,000 to be held September 22.

Voters will be asked to vote for or against a proposition to authorize the Commissioners Court to issue bonds in the amount of \$150,000, 00 for extensive remodeling of the present structure.

The plans call for a new cell block, containing one large cell separated from other cells which may be used for women prisoners or juveniles, a transit cell, two cells within a run for felony prisoners, a drunk tank and a padded cell, plus a receiving room, office and vault, this to be built north of and attached to the existing structure. An entrance into the new part of the jail will be made from the room which leads to the tower in the old jail. New kitchen facilities will be built, along with rest rooms and storage space on the east part of the existing jail.

Quarterback Club To Meet Wednesday Night For Barbecue

The annual Ozona High School Lions barbecue Supper will be held next Wednesday night, Sept. 9 on the high school grounds at 7 o'clock.

Membership in the Quarterback Club, which is devoted to boosting the Lions in all athletics, is \$2 and entitles the holder to attend the supper and meet each week to view films of the previous week's game and hear scouting reports on the next opponent.

Mothers as well as fathers are invited to take part, along with any other interested Lion fans.

Honored guests will be members of the Lion varsity and junior varsity and the coaching staff.

Donations Sought Benefit Rev. Rios For Operations

A fund has been started at the Ozona National Bank in behalf of Rev. Eliseo Rios, pastor of Temple Jerusalem Baptist Church, who entered a Lubbock hospital this week expecting to have an operation on both hips to replace the joint to correct an arthritic condition.

The operation is expected to cost around \$7,000 and members of the denomination are launching a drive for donations to make up the amount. Rev. Rios has some hospital insurance, sponsors said, but far from a sufficient amount. Persons wishing to make a donation may do so at the Ozona National Bank or at the Puanotz Service Station, Ramirez Grocery, Lewis Grocery or Glynn's Shell Service.

Rev. Rios' father, Sylvester Rios, a Cherokee Indian, came to Ozona as a Baptist Missionary in 1909 and worked the balance of his life at the job. Born in Ozona, Rev. Rios is 60 years old and has pastored several Mexican Baptist Churches in Texas.

Membership cards are now on sale and may be purchased from fathers of football players and at many business houses around town. However, for those who are missed in the sale, tickets may be purchased at the barbecue.

Fans are promised an interesting evening as well as a good meal next Wednesday. Coaches will introduce members of both teams and give a brief run-down on each player.

They will also give fans their views on the Lions' football future for this season and answer questions anyone cares to ask.

The Lions have shown tremendous promise in both pre-season scrimmages this year and spirit is high around town as well as on the team. The annual barbecue is held in order that fans may get personally acquainted with the players and coaches.

Faith Lutheran Religious School

Faith Lutheran Church will begin its Week Day School next Wednesday. The school will feature religious education for children age 4 through the sixth grade.

The annual event is an after school program beginning at 3:30 p.m. and continuing until 5 p.m. Classes will be separated according to age.

Planned activities include refreshments, music, Bible time, and occasionally handicrafts.

Those assisting with the program include Mrs. Al Smid, Mrs. Charles Huffman, Mrs. Lorraine Hyde, Mrs. Larry Graves, Mrs. Tommy Sanders, and the Rev. Stuart Firnhaber.

Parents in the community whose children are receiving no formal religious education are encouraged to enroll their children.

Entrance to the receiving and booking room will be made from the east at the end of a ramp which will exit behind the Baptist church annex.

Plans for a new jail or extensive remodeling of the present structure have been discussed by officials for years however, after one successful and two attempted jailbreaks in less than three months, a decision had to be made by county officials.

The last attempted break which occurred Monday was discovered by Sheriff Billy Mills just before the final push on the outside rock wall. The two prisoners, who made the attempt, had only been locked up for about an hour. Evidently, when they managed to get a rock near the bottom of the window loose from the plaster, the wall around the window tumbled to the floor, exposing enough of the outside wall to allow a small army to get out, once the rocks on the outside were pushed out.

The first break occurred about three months ago when an enterprising young prisoner used a metal bed slat to scrape away crumbling plaster making a good sized hole in the inside wall and then nearly scraped the mortar from around a rock in the outside wall and pushed it out along with several other large rocks. He escaped and was not apprehended until that night in Junction.

The second attempted break was foiled when Mrs. Mills kept hearing noises from the cell block above her apartment and suggested that the sheriff investigate. He found a large hole in the inside wall.

If the proposal passes, the part of the jail which now houses prisoners would be remodeled and used for juvenile offenders or female violators.

IN THE PATH OF PROGRESS - This pile of broken concrete and reinforcing steel is all that's left of what was the Humble wholesale station in south Ozona. It, along with numerous residences and, looking west, the Little League ball park, part of the county road maintenance headquarters and a business building, all must fall before the bulldozer as Interstate Highway 10 crosses through Ozona. Contract letting for this section of the super highway, however, is still in the uncertain future.

LONDON BRIDGE IS FALLING DOWN - An old game for new students, all members of Mrs. Thomas Pena Alfaro's kindergarten class at Ozona Primary last week. The kids learn the various games during recess, under a shade tree one hot day school, while the teacher gives instruction.

WHO REPRESENTS THE TAXPAYER?

When Congressman Daniel J. Flood of Pennsylvania brought before Congress the appropriation bill (H.R. 18515) "for the Departments of Labor, and Health, Education and Welfare, and related agencies," he had with him an enormous stack of documents.

"Take a look at that table—at the committee table in front of me here," Mr. Flood admonished his colleagues. What he had was the printed transcript of the hearings before the Appropriations Committee relative to the Labor-HEW bill. They ran to seven volumes, totalling more than 7,400 pages.

"We have not had the time to count the number of witnesses," Congressman Flood continued. "But I assure you it runs into the hundreds... we heard them—including 193 non-government witnesses, who asked to be heard."

Few people outside of Washington comprehend the tremendous pressure exerted on Congress by "special interest groups," all looking for "government money"—meaning, of course, your money because the government doesn't have any money that it doesn't take from you.

Not only do the "public" special interest groups exert great pressure, but the government bureaucracy itself—the non-elected, paid employees of the various bureaus have also come to be a powerful political force. They all have their special causes, too. That is why the Labor-HEW bill this year was two billion, three hundred million dollars over the comparable appropriations for last year, and \$93 million over the President's budget for 1941, for a total of \$18,800 million.

"That," said Mr. Flood, "is not hay, even for my friends with the bleeding hearts on the subject."

Perhaps he could have added, taxpayers bleed, too.

ST. STEPHEN'S CROWN

The Soviet puppets in Hungary are making noises—over possession of St. Stephen's crown.

The royal crown, which symbolizes authority over all of Hungary, was turned over to U. S. armed forces for safekeeping near the end of World War II. Shortly thereafter the Soviet Union forcefully imposed communist power in Hungary, and ever since then the Reds have been trying to get their itchy fingers on the holy crown.

Stephen was the first ruler to muster the quarreling tribes of Hungary into a national whole. Legend has it that the holy crown was sent to Stephen by Pope Sylvester II for his coronation in the year 1,000. Ever since then, the sacred relic has symbolized legitimate rule over the Hungarian people.

The Reds figure that they would gain respectability by having the crown in their possession—and, from time to time, weak holdover sisters in the U. S. State Department blushing admit that the crown is still here and hint that they would be relieved to get rid of it. One anonymous State Department employee recently tried to claim that "the United States is embarrassed" because we still have the crown. No reason for the alleged "embarrassment" was given, nor can we see any reason.

In the last free election of the Hungarian people—in November, 1945—the Communists polled only 17% of the votes. But the Soviet Union insisted upon a "coalition government" (exactly as they are now insisting for South Vietnam) and that was the end of freedom for the Hungarian people. Today the iron curtain rings the country with barbed wire, watch towers, plowed land—and inside the deadly ring are thousands of Soviet troops to assure that the people remain slaves of the Soviet system.

The time to send back St. Stephen's crown will be when the iron curtain is torn down, the Red Army is sent back to Moscow, when they have a free press, and the Hungarian people choose their own leaders.

A LOOK AT CAPITOL HILL WITH Dick Gill YOUR CONGRESSMAN

FOR THE '70s AND BEYOND

The Democratic-controlled House of Representatives has gone into a 25-day summer adjournment, leaving behind 41 major pieces of pending Nixon Administration legislation.

33 have passed neither house of Congress, 10 have passed the House only, while 3 have passed both houses. Only 7 have managed to escape the Democratic foot-dragging machine and been signed into law.

Among bills still pending are those aimed at organized crime, gambling and drugs; mass transportation, welfare reform, revenue sharing with States and Cities, consumer aid, pollution, protection from explosives, and Social security. That shows just how the Democratic Congressional leadership feels about President Nixon and what he is trying to do for our country.

Food for Thought Season Fresh Vegetables For That Extra Good Taste

This is the time of year when well-tended home gardens give us luscious fresh vegetables—green, yellow, red or white, and all crackly crisp. Whether you're lucky enough to get your vegetables right out of your own garden or not, you'll undoubtedly be using more greens since they are abundant now. So, this is a good time to vary your diet and try new ways of seasoning vegetables. Potatoes, which are popular in many lands, can be prepared in dozens of ways. They're most often curried in India, buttered and spiced with caraway seeds in Germany. In Colombia, potatoes are served with a cheese sauce spiced with oregano, cumin, coriander, black pepper and onions. In southern France, potatoes are cooked in olive oil then seasoned with nutmeg, pepper, parsley, chives and garlic. Hungarians like to bake potatoes and then spice the mashed pulp with paprika and minced onion. Tomatoes also lend themselves to a variety of preparations, and Mediterranean style is a version worth trying. Just fill hollowed out tomatoes with melted cheese which has been spiced with black pepper, red pepper, a bit of mustard and a little garlic. Heat through in the oven. Want to try cauliflower in a new way? Borrow a recipe from Spain and douse a cooked cauliflower with a sauce of olive oil, sauteed garlic, red pepper and a dash of vinegar. Carrots are sometimes dull, but not the way the Indians prepare them; they're candied in sugar syrup with a smart bit of ginger added. Thumb through cookbooks from other lands; you'll find how spunky and varied vegetables can be.

Thomas Paine Sept. 12, 1777

LABOR DAY

Once each year our Nation sets aside a day in honor of its working people. And rightly so! Our land is rich in natural resources, but it is the skill of our people in converting these materials into usable goods, that truly makes us rich. And it is the willingness of our people to labor that has enabled us to become the strongest and most powerful nation in all of history.

The fact that our citizens have the freedom to choose the type of work each feels best suited for, increases the willingness to work. The right and privilege to change type or place of labor for personal gain is another in the long list of advantages our citizens may claim.

This Labor Day, let us all reflect that it is the WILLINGNESS TO WORK on the part of our people that has brought our nation to its present stature and has provided all the goods and services we enjoy. And while we rest a while from our labors, let us resolve to continue a willingness to work so that our nation will ever remain strong.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

Something in common. Joe's I. Q. is 85, Sam's is 150. Alice is fair as a lily; Lynn is ruddy and freckled. Carl plays great football, but Robert writes lyric poetry. Sue likes to cook, and Liz wants to program computers. Bill becomes a detective while Jack flies a plane for his country. What can all this conglomeration have in common? Nothing, you may say - no two people in the world are exactly alike! But they do have something in common, you know - something very important - they are all human beings. You and I like to think we are a little different, of course. But you and I share something with all other human beings - something very precious. We are all loved by God, and we should all return a little of that love to Him every Sunday - in the church of our choice.

Ozona Airman Aids Evacuating Infantry From Viet Firebase

WITH U. S. COMBAT AIR FORCES, Vietnam -- First Lieutenant Ronnie L. Houston aided in the evacuation of U. S. Infantrymen from a fire base threatened by North Vietnamese regulars near the demilitarized zone in Vietnam recently.

The F-4 Phantom navigator, son of Mr. and Mrs. Sam Houston of Ozona, was a member of the aircrews who flew more than 50 air

strikes in the Quang Tri area to thwart enemy attempts to circle the outpost.

During the hectic three-day operation, the fighter bomber crews encountered heavy resistance as they poured tactical firepower on the enemy, protected helicopter evacuations, aided troops cut off from the base and placed munitions within some 700 yards of 101st Airborne Div. soldiers to prevent them from being surrounded.

Lt. Houston and his fellow airman were commended by 101st assistant commander, Army Gen. S. B. Berry.

Lt. Houston is assigned at Phu Cat Air Base in Vietnam. His wife, Penny, is the daughter of Mr. and Mrs. Benton Carlisle of Rt. 3, Kaufman, Tex.
