NUMBER 37

Kitty's Korner

by
Kitty Montgomery

Activity has really picked up this week. No doubt, due to the hunting season getting under way. The rigs and set ups the hunters arrive in, and their attire, seem much more interesting to me than how many deer they kill or how many points. It's really a fascinating sport, hunter watching. Of course, I'm not the hunter type. I've never killed anything bigger than a fly and don't intend to. But, as the kids say, everybody to their own thing.

This column sort of got crowded out again this week, but I found Senator Tower's views interesting on New York City, Bob Krueger's ideas on the new energy plan, which are certainly my own. I found the information in "Bill's Scribbles" to be a revelation and something parents should find of interest, as well as youngsters. Then I read that the Top Club is having a bake sale Sat., so the paper is just full of good stuff. Read it.

Lionettes Start Season Off

Coach Sandy Tarno's Lionettes started off the basketball season Tuesday night with a double header here with Sanderson. They will be in Miles tonight, Thursday, for two games there.

The girls will play varsity and junior varsity games on Tuesdays and Thursdays until district play comes up. District games are scheduled on Tuesdays and Fridays.

The varsity roster is made up of 12 junior and senior girls. They are as follows: Belinda Bebee, sr., guard; Karen Bebee, jr., forward; Dawn Burns, sr., guard; Karen Crawford, sr., guard; Shannon Dockery, jr., guard; Karla Fenton, sr., forward; Karen Kirby, jr., guard; Lynn Maness, sr., forward; Luann Perner, sr., guard; Kathy Sewell, jr., forward; Lupe Tambunga, jr., forward; Nancy Womack, jr., forward. Managers for the varsity are Sylvia DeHoyos and Cindy Williamson.

Members of the junior varsity are Teresa Brown, soph., guard; Elsa Delgado, soph., guard or forward; Ruth De La Rosa, soph., guard or forward; Regina Everett, soph., guard or forward; Janice Jones, fresh., forward; Cristela Longoria, soph., guard or forward; Mary Helen Lumbreras, soph., g. or f.; Lucy Perner, soph., guard; Jeannine Perry, soph., guard; Kathy Sanchez, soph., forward; Debbie Whitley, soph., guard; Karen Warren, fresh., forward. Managers are Mabel Delgado and Arora Villarreal.

The freshman team consists of Delia DeHoyos, Becky Everett, Sylvia Elizando, D'Anna Koerth, and Vicky Tambunga.

THIS WAS THE SCENE OVER THE WEEKEND at the Ozona Airport. Normally one or two planes are parked outside the hangars there. The first weekend of the hunting season saw hunters arriving in everything from Lear jets to Piper Cubs. The areas

away from the runway were literally littered with airplanes. The take offs and landings provided a bit of entertainment for Ozona airplane buffs. This will, no doubt, be a common scene on weekends throughout the hunting season.

FIFTEEN-POINTER brought in early Sunday morning. The trophy kill had a beautiful set of racks and the deer was fat and heavy. Jerry Roberts of Austin shows him off. He bagged him at the Charlie Boy Davidson ranch south of Ozona.

Deer Harvest Up For First Two Days Of Current Season

Hunters in Crockett County found hunting better than last year, but still "rough going" over the weekend, the first in the present hunting season. Both deer storage businesses reported the deer harvest up over that of last year. By Monday afternoon, Cooke's Market reported around 135 deer hanging in the storage, Ozona Trading Post had over 60 deer at mid-afternoon Monday. Both places reported the deer heavy and fat and better antlers than those of last year.

Cleophas Cooke reported a field-dressed deer at 145 pounds, heavier than any he weighed last year during the entire season. The largest rack seen by the Stockman

photographer was a fifteen-pointer taken by Jerry Roberts of Austin from the Charlie Boy Davidson ranch south of Ozona.

There is no way to get an accurate count of the harvest in Crockett County, since many hunters field-dress deer and loaded them atop vehicles to transport home without storing them in one of the lockers overnight. The lack of the annual hunting contest makes it impossible to get an accurate count. However, it was a little warm both Saturday and Sunday afternoons to transport deer very far without spoilage.

Many of the bigger deer came from the north part of the county, indicating that

the deer population is possibly on the increase in that area. In past years the larger deer were harvested in the south parts of the county.

Hunters found pastures too brush-filled for really good visibility, and all agree the deer have plenty of food without moving around a great deal. A good hard freeze will no doubt see a better harvest as the season goes on. There were large numbers of hunters from out of the county here to begin the hunt at sunrise Saturday. The hunting rigs began to come in late last week and hunting camps dotted the pastures hereabouts.

Location Set For Offset In N'west County

Clayton W. Williams Jr., Midland, will drill the No. 1 Shannon as a location west offset to the second Pennsylvania detrital oil producer and a 3/4-mile south and slightly east outpost to the Ellenburger oil opener and lone producer from that pay in the Escondido, Northwest field of Crockett County, 34 miles northwest of Ozona.

Location is 660 feet from the north and 1,980 feet from the east lines of 7-2-GC&SF. Contract depth is 9,500 feet; ground elevation, 2,585 feet.

The discovery James G. Grown & Associates (now operated as Universal Resources, Inc.) No. 1 C. T. Harris, was finalized June 20, 1967 from the detrital for 741.6 barrels of 44 gravity oil, with gas-oil ratio of 1,296-1, through a 20-65-inch choke and perforations at 5,582-595 feet.

Funeral Service Saturday For Mrs. Tambunga

Funeral services for Mrs. Sophia R. Tambunga, 42, Ozona native, were held Saturday morning in Our Lady of Perpetual Help Catholic Church with burial in Lima Cemetery under the direction of James Funeral Home.

Mrs. Tambunga died Wednesday in Fort Walton Beach, Fla., after a brief illness.

She was born Sept. 30, 1933 in Ozona. She was a graduate of Ozona High School and a member of the Catholic Church. She had been a resident of Fort Walton Beach for a number of years.

Survivors include her husband, Irineo Tambunga of Fort Walton Beach; four sons, Irineo Tambunga, Johnny Tambunga, Ronnie Tambunga and Richard Tambunga, all of the home; a daughter, Lisa Tambunga, also of the home; a brother, Armando Reina of Ozona; and her parents Mr. and Mrs. Ignacio Reina of Ozona.

Community Thanksgiving Service Tues.

The annual community Thanksgiving service will take place Tuesday, Nov. 25 at Our Lady of Perpetual Help Catholic Church, 7:30 p.m. All are invited to attend.

Rev. Ben Bohmfalk, pastor of Ozona United Methodist Church, will deliver the message. The rest of the service will be done by other Ozona pastors and representatives of Ozona's churches.

Music will be provided by the choir of First Baptist Church and the Methodist Church, and by the young Catholic singers. The evening will conclude with refreshments and fellowship in the Parish Hall.

Lion Statistics Given

Crane Takes Dist: Title, Lions Second; Big Change Next Year

Crane won the District 7-AA title last Friday night with a win over Reagan County. They will play Alpine tomorrow night in the bi-district play-off. The UIL change in District 7-AA does not affect Crane, but moves Reagan County from the district as well as McCamey, and takes in Kermit for a four-team district.

The Lions, runners up for the District title, face a rough schedule for the next two years. The season begins Sept. 3, 1976 with a non-district tilt with the Big Lake Owls or Reagan County, there. The next two games will be here with Marfa and Eldorado. A non-district tilt with McCamey is slated for Sept. 24, there. The Lions will play Seagraves here, Alpine in Alpine and Junction here before an open date and the beginning of District play.

There will only be three district games next year. These will be Crane in Ozona, Kermit in Kermit and Sonora in Ozona. All games will begin at 8 p.m.

The 1977 football year will be the same schedule with the sites reversed.

The Lions came out second best in District this year with a 3-1 record. They will have more returning lettermen next year than in many seasons and should be tough.

School Out Wednesday For Thanksgiving

All Ozona schools will dismiss next Wednesday, Nov. 26, at 2:30 p.m. for the Thanksgiving holidays. Schools will reconvene Monday Dec. 1, at the regular time in all schools.

Outstanding on defense for the Lions this year was junior halfback Gary Warren. Warren rushed for 650 yards in 24 carries for a 5.3 yard average. He caught five passes for 47 yards and scored six touchdowns. He was the leading rusher for the Lions. Warren was also outstanding in the defensive secondary, intercepting 4 passes.

Rake Moody, a sophomore, was the second leading rusher for the Lions. He carried the ball 77 times for 421 yards and a 5.5 average. He caught two passes for 19 yards and scored five touchdowns.

Ricky Perry, senior, had 290 yards on 62 carries for a 4.7 yard average. He caught two passes for 15 yards and scored four touchdowns.

Perry will be lost to graduation.

Clyde Bailey, junior, carried the ball 64 times for 233 yards and a 3.6 average. He caught 3 passes for 23 yards, but did not manage a score.

Senior Frankie Garza carried the ball 43 times for 209 yards and a 4.9 yard average. He caught 2 passes for 47 yards and scored 1 touchdown.

Leading receiver was John Galvan with 14 catches for 210 yards and 2 touchdowns. John kicked 14 extra points for the Lions and a total of 32 points for the Lions. John is a junior.

Clifford Crawford, a junior, caught six passes for (CONTINUED ON LAST PAGE)

Carlisle Clinic Opened Tuesday

Carlisle Clinic, constructed atop the east hill in Ozona, opened Tuesday for patients. The staff consists of Dr. Don Carlisle, his wife, Lea, as office nurse, and Yolanda Flores, receptionist.

The clinic is located on the bottom level of the multi-level building, on the east side. There is a parking area for patients to the right as they turn in from Sunset Drive. The clinic will consist of a reception room, the doctor's office, nurse's station and laboratory. Also there will be a room for general surgery and an x-ray room which will double as examining rooms.

There is a recovery room fully monitored by closed-circuit television. The office door will also be monitored by closed circuit television for after hours emergencies, coupled with an inter-com.

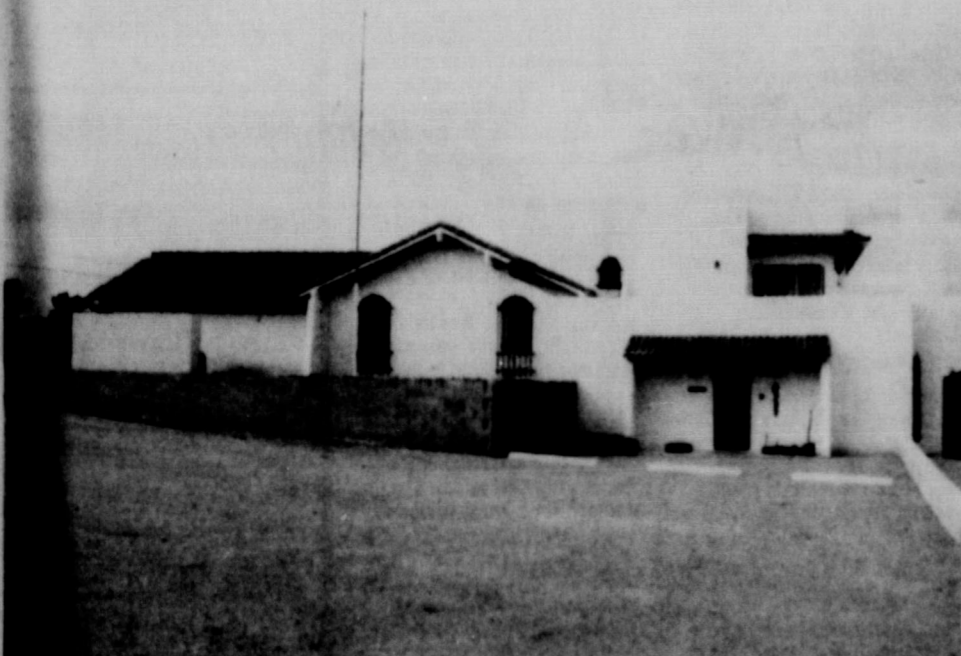

All new equipment is featured in the clinic.

Dr. and Mrs. Carlisle and daughter, Chris, will occupy the other levels of the building to the west as living quarters. There are four levels to the Spanish style, stucco and tile building which towers above the town, and can be seen from almost any angle. The Carlises moved to the new building the past weekend after having practiced in rented quarters here for almost seven years.

Location is one-half block off Sunset Drive at the top of the hill and the one-half block will be known as North Place. A street sign to that effect will soon be erected. Office hours Monday through Thursday will be from 9 a.m. to 11:30 a.m. and 2 p.m. to 6 p.m. Patients will be taken Friday and Saturday by appointment only.

HUNTING GOOD IN NORTH PART OF COUNTY TOO -- Jerry Huckabay and Ricky Huckabay of Ozona, right, bagged the three beauties here north of Ozona on the John Childers ranch. The deer were fat and heavy and points ranged from 8 to 12. Duane Childers assists at left. The deer were taken early Saturday morning near Midway Lane.

CARLISLE CLINIC OPENS -- The new clinic and living quarters of Dr. and Mrs. Don Carlisle opened Tuesday atop the east hill. The clinic is one-half block off Sunset Dr. and is 1 North Place. Here is the clinic entrance from the east side of the motor court. It is located on the ground level. The other levels constitute the Carlisle home and the entrance is on the west.

MESQUITE CUTTER IN ACTION -- A demonstration was performed at the Thompson Ranch just north of Ozona Monday in mesquite brush eradication. The machine cuts an eight-foot swath of trees and brush, then guides the material underneath

the cutter for mulching. The fine chips produced by the cutter act as temporary ground cover until low-growing grasses put a green carpet over the swath. This may be the answer to brush problems on ranges in the area.

POWER TALKS
by U.S. Senator for Texas
JOHN TOWER

New York Bailout

WASHINGTON—Tomorrow has come for those New York politicians who have been spending as if there were no tomorrow.

New York City has long had a lavish lifestyle all its own. The 1971 expenditures of New York were greater than the combined expenditures of the next 24 largest cities. New York spends at the rate of \$1,224 per person, while the average for all other cities in America is a mere \$295.

Spending at those levels takes a lot of money—more money than even New York City can raise in taxes and fees. The spending has been sustained by ever-increasing levels of borrowing, until now the "Big Apple" has run up some \$200 billion in debts that it cannot repay.

The mayor of New York City and the governor of New York state have come to Washington to urge that the taxpayers in the rest of the country bail New York out of its fiscal mess.

Their argument has not fallen on deaf ears. Bills have been introduced in the House and Senate to provide federal guarantees of up to \$7 billion to tax-exempt securities issued by New York City, or by a state agency acting on behalf of New York City.

I agree with President Ford that it would be a mistake to pass this kind of legislation.

If Congress were to provide a guarantee to the high-risk bonds issued by New York City, it would turn them overnight from the worst municipal paper in the country to the best, and this could cause real chaos in the bond market. Well-managed cities like Houston and Dallas would have a great deal more trouble raising the money they need for capital improvements.

Another approach to helping New York avoid default would be to have the Federal Financing Bank buy all the guaranteed New York securities. This would merely be a loan in disguise, a loan which may never be fully repaid. It would increase the size of the federal government's already swollen deficit, and, of course, increase the size of the federal government's own debt.

President Ford believes, and I agree with him, that these proposals to "bail out" New York would actually postpone the long-term solutions that are needed to resolve the city's fiscal crisis. The politicians and labor leaders are unlikely to take the hard steps necessary to balance the city budget as long as they think Uncle Sam might rush in with a bundle of money.

New York has simply got to cut down on spending. It can no longer afford to pay city employees twice as much as their counterparts in other cities. It can no longer afford to let welfare abuse go unchecked. It can no longer maintain a tuition-free university system. It can no longer maintain 18 public hospitals when the next largest city, Chicago, gets by with one.

I am convinced that only if New York goes into technical bankruptcy will the city's political leaders start making real budget cuts and start renegotiating exorbitant contracts with municipal unions.

The Congress should approve the legislation President Ford has recommended to make it easier for the City to manage its affairs if it does go into default. Congress should also approve funds to make sure vital services will be continued in the event of default. But Congress should provide no aid to prevent the default itself.

SNIPS, QUIPS AND LIFTS

THE PUNCH THAT'S NEEDED

STATE CAPITAL
Highlights AND Sidelights
by Lyndell Williams

AUSTIN — State government ended its 1975 fiscal year with a record cash surplus of more than \$1.4 billion, but if the legislature continues its spending ways it may not last long.

This was the good news and the bad news of Comptroller Bob Bullock last week as he released his annual financial report for the fiscal year which closed August 31.

"We're in the best shape ever for now," said Bullock. "But our analysis consistently shows that if spending increases as usual in 1977, we will face a tax bill in the \$1 billion range."

The Legislature this year passed a \$12.1 billion biennial appropriations bill.

Gov. Dolph Briscoe and others have predicted that, with reasonable economies and continuing high yield from sales and oil and gas taxes, a major state tax bill can be avoided in 1977 as in the last two legislatures.

Bullock said the state had \$6.9 billion in the last fiscal year to meet an expenditure level of \$5.5 billion.

Revenues, the Comptroller said, increased 13 per cent over 1974 income — reaching \$5.7 billion.

"The real story," said Bullock, "is that revenue increased because of inflationary prices while the tax base remained the same. Spending jumped 21 per cent over the previous year. If legislators want to increase spending another 25 to 30 per cent in the next biennium, they had better have that billion dollar tax bill ready."

GOP Moving

Texas Republicans outlined major plans for 1976 campaign activities at a meeting here recently.

The State GOP Executive Committee approved Chairman Ray Hutchinson's proposal to establish a powerful new executive campaign committee and central political fund.

Special recruiting committees were also appointed to seek out qualified congressional and legislative candidates.

Republicans decided to conduct their presidential preference primary on a congressional district basis. Ninety-six of the 100 GOP presidential nominating delegates will be elected at the polls May 1, and only four will be picked at the June 19 state party convention in Fort Worth.

Mrs. Pat Archer, wife of Houston Congressman Bill Archer, was elected new GOP National Committeewoman to succeed Mrs. Rita Bass Clements of Dallas who resigned.

Hutchinson named Ernest Angelo of Midland to head the new 16-member GOP executive campaign committee. Bob Flournoy of Lufkin was designated vice chairman.

Rates Studied

A 7.1 per cent increase in workmen's compensation insurance rates has been recommended by State Insurance Board actuaries.

Insurance company spokesmen aren't happy. They recommended a 12.3 per cent boost. Industry representatives weren't pleased either. They

pointed out Texas business and industries already pay \$611.6 million a year to insure employees against on-the-job death and injury, and they claimed this is too much.

Courts Speak

The State Supreme Court left standing a lower court ruling that state and local governments can charge fees for access to large records computer data and microfilm.

The Open Records Act, court rulings have held, permit charges to examine such records.

In another ruling, the High Court affirmed a Texas Railroad Commission gas curtailment order placing Houston Lighting and Power Company in seventh priority as a customer of United Texas Transmission Company.

The Supreme Court also held that a Smith County man must be jailed for contempt of a court order by returning a tractor which he sold out of Texas.

The Court of Criminal Appeals reversed the 100-year prison sentence of a Grayson County man in the death of a fifth-grade girl from Denison who had been abducted on her way home from school.

A three-judge federal court in Tyler set arguments in the continuing controversy over whether voters can be signed up under the new Texas registration act without U.S. Justice Department approval.

AG Opinions

Atty. Gen. John Hill's opinion banning many special school fees may cause loss of district accreditation, State Board of Education warned recently.

In a recent opinion, Hill held school districts should not contract with one of their trustees to furnish garbage service even if there is only one such service in the area.

Hill also concluded the Smith County domestic relations court judge's pay should be equal to the state portion of the county's district judge salary.

School Session Urged

Texas Association of School Boards executive committee has urged Governor Briscoe to call a special legislative session to deal with school finance problems arising from the Hill fee opinion. (See above).

Texas Association of School Administrators executive committee also asked the governor to help ease the strain on districts which the opinion may cause. Briscoe said he has no intention of calling a special session and will be "looking for other ways to meet the problem."

Hill's opinion October 1 concluded special school fees for such things as driver education, band uniform rental and workbooks are illegal.

Short Snorts

The State Insurance Board formally approved rules and regulations for new prepaid group legal insurance.

Bob Krueger Reports

U.S. Representative 21st District

As this column is being written it looks as though the long question of whether or not the Congress can pass an energy bill which the President can sign has been ended, I am told that the President will sign an energy bill agreed upon by the conference committee of the House and Senate. And I am disappointed. The bill is bad and should be vetoed.

As one who has spent six months working on this bill, I have perhaps as large a personal investment in it as anyone. Yet, I voted against it because it has many unfortunate provisions. For the longest, we have been told that the President was interested in energy independence, in gaining energy independence through enlarged domestic production, and wiser conservation policies. I believed him, and worked consistently to achieve legislation worthy of bipartisan support and Presidential concurrence. Now, I find the President, who is the last line of defense for those who were striving for long term energy needs of this nation, has apparently retreated. He has adopted the politically comfortable policy of saying that we can roll back prices and pay Americans less than one-half what we pay foreigners for oil.

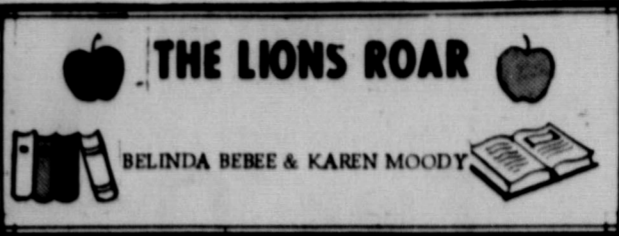

And he has brought about greater governmental controls and more bureaucratic price setting than we had before. He has adopted the policy of enlarged import dependence rather than energy independence. As one who had defended some of his policies in the past, I am surprised and saddened to hear that he has adopted the same political expediency of some Members of the Congress.

The policy which the conference committee agreed upon and which the Congress will pass and, I am told, the President will sign, has the following features: (1) an average price is set on all domestically-produced oil of \$7.66 per barrel. This rolls back the price to American producers by about 15%.

(2) The average price of domestic oil will gradually rise as the cost of living rises but at a maximum of 10% per year. (3) These controls will continue for 40 months.

Several consequences will follow this unfortunate plan: (1) domestic production will fall because of lower revenues to producers and imports will rise. As imports rise, the cost per barrel for imported oil will be twice as high as for domestic oil. Therefore consumers will save little because imported oil is more expensive, and in the long run, consumers will lose a great deal as we grow more heavily dependent on the Arab nations. (2) The small independent oil producers will suffer more because they produce only American oil and do not import from overseas. Further, most of their production is "new oil" found since 1972 and new oil suffered the strongest price rollback. Major firms have more imported and "old oil" unaffected by the price roll back. (3) The new policy therefore lessens competition and puts the smaller businessman at a disadvantage compared to major corporations.

All this will be done in the name of the consumer yet the producer in the United States of America will, in the long run, all suffer because of an unfortunate political expediency shown by the President as well as by some Members of the Congress.

The Lionettes got their 1975-76 basketball season underway Tuesday the 18th, when they played Sanderson here. Their next game is this Thursday against Miles in Miles.

LR
The Junior Class would

Recently a friend of mine gave me a pamphlet which he found in Ozona. It is entitled "Who Are The Rebels?" and is written by Moses David and published by the children of God.

The pamphlet contains thirty-three questions and statements which imply that parents who expect their children to be obedient and moral are rebels. One of the concluding points says: "You were the real rebels, my dear parents, and the worst of all time. God is going to destroy you and save us, as we rebel against your wickedness, deny ungodliness, break your unscriptural traditions and destroy your idolatrous system in the name of God Almighty." The pamphlet concludes by saying: "Repeat or perish in hell on earth you, our parents, have created - not us, because of your unbelief not one of you will enter into Promised Land of heaven on earth; but we your children have found faith in the God you denied us and are determined to enter in spite of you - in spite of your rebellion against God. You are the real rebels. We are His followers and you are so blind that you cannot even see it. May God have mercy on your rebellious souls."

There are several disgusting things about this pamphlet, but the most disgusting is the fact that it is written in the name of Christianity. It asks: "Who were the rebels? The Carpenter of Nazareth and His odd bunch of long-haired, bearded, robed and barefooted, system-defying disciples; or their sanctimonious hypocritical, God-defying, religious persecutors?"

I would like to reply to those questions. Jesus, the Carpenter of Nazareth, may have been a "revolutionary," but not in the traditional sense. He cried about Jerusalem and its condition (Matthew 23:37-28); He did not advocate that Jerusalem should be burned down. In fact, He never sanctioned any type of rebellion or revolt, especially against parents. Of His childhood and His relationship with His parents the Bible says: "He continued in subjection to them; and His mother treasured all these things in her heart. And Jesus kept increasing in wisdom and stature, and in favor with God and men." (Luke 2:51-52) The Carpenter of Nazareth - Jesus - was a man of obedience and compassion not rebellion and defiance.

If Jesus had long hair and if He approved the wearing of long hair by men, it was because it was the custom of the age. His physical appearance was conventional. Remember that Judas was paid to identify Him; therefore, there was nothing bizarre about the physical appearance of Jesus to identify Him. The characteristics that made Jesus revolutionary was the things that He said and did. Jesus said such things as: "Love your enemies, and pray for those who persecute you-" (Matthew 5:44); "Whoever wishes to save his life shall lose it; but whoever loses his life for My sake shall find it." (Matthew 16:25); "Whoever exalts himself shall be humbled, and whoever humbles himself shall be exalted." (Matthew 23:12) The Carpenter of Nazareth - Jesus - did such things as: restored the sight of the blind, cleansed the lepers, and raised the dead. (Matthew 11:4-5)

So, the "revolution" that Jesus began did not reside in external forms; it was not characterized by long hair, mud, or a meditation around the neck. His "revolution" was characterized by the things that He said and did because He sought and still seeks the regeneration of people.

Jesus - the Carpenter of Nazareth - was a rebel with a cause, not a hippie without one!

like to thank their sponsors. (Mrs. Childers, Mrs. Allen and Mr. Leech), room mothers and all those who contributed to the concession stand during this football season.

Hope Phillips and Karen Bebee spent the weekend visiting Tracy Files, former Ozonan, in Junction.

Christmas Toy Tips Help Parents Buy

Christmas toy selections can be frustrating for parents and even dangerous for children--unless some toy buying guides are followed. Mrs. Ilene Miller, a family life education specialist, says.

"Many appealing toys that seem to be good buys may be unsafe and inappropriate for the children," she said.

Mrs. Miller is with the Texas Agricultural Extension Service, The Texas A&M University System.

She suggested three guides for selecting toys.

-- Is it appropriate?

-- Is it safe?

-- Is it worth the cost?

"To be an appealing and an appropriate gift, the toy must be suitable for the child's age, size and developmental level. Choose toys which fit the child's interests

and abilities, such as brightly colored, lightweight toys of different textures for infants and toddlers.

"Make sure the toys are washable, too big to swallow and have no sharp edges or corners. Choose balls, a colorful mobile for the crib, a soft doll or string of large wooden or plastic beads," she advised.

The toddler will enjoy push-and pull toys, balls or blocks. Simple picture books about animals or children are also good gift choices for the one- to two-year-old.

"If shopping for a preschooler, choose toys the child can use in imaginative play. Dolls, puppets, costumes and equipment for dress-up can provide hours of creative play.

"To help children use large muscles and improve body coordination, select slides, swings, tricycles, wagons or a backyard gym set. Make sure these toys are durable enough for several years of use," she reminded.

Also consider toys for constructive and creative play. Blunt scissors, clay, paints or a wooden puzzle can bring lots of enjoyment during the cold, rainy winter days.

If the children are school age, there is a wide variety of toys from which to select. Take a cue from the child and buy toys that interest him or her.

"Dolls of any kind, especially the miniatures with their varied wardrobes, are popular. Trains, games of all kinds and make-it-yourself kits or models the child can assemble may be good choices.

"School age children are also interested in sports and active games. Baseball, football and basketball equipment should be welcome gifts."

And don't overlook bicycles. In choosing a bicycle, make sure it's the right size for the child to handle properly and comes equipped with a headlight and reflector, the specialist reminded.

"To avoid duplications, check to see what toys the child has and find out what other relatives plan to give him before shopping."

"Also remember that toys which make loud noises can damage hearing, those that propel objects can injure eyes, and electric toys can shock or burn."

The specialist advised shoppers to check the label to find out what the toy is made from and how it operates. Make sure the toy is sturdy enough for child's play. And consider whether the toy will be safe for all children in the family.

because a toy designed for an older child may cause injury to a curious younger brother or sister, Mrs. Miller reminded.

LT. RICHARD SANCHEZ
GREAT SCOT!
Bridge Built Out Of Spite

Perhaps it's only in Scotland that you'll find a bridge over a river which was built out of spite. It crosses the River Teith near the old town of Doune, famous for making the best pistols in the country.

In the days of King James IV of Scotland there lived a tailor in Doune named Robert Spittal. He became tailor to King James' Queen and was very proud of this honour.

One day he wanted to cross the River Teith by the only way which then existed, the ferry boat. But he found that he had left his purse at his home in Doune, some distance away, and had no money. The ferryman, a true Scot, refused to take him across the river unless he paid up on the spot.

The tailor was most incensed and vowed vengeance on the ferryman. So what he did was engage builders to make a bridge across the River Teith in the year 1535.

Teacher's Scotch Information Centre cannot discover how much Robert Spittal paid to have this bridge built, but presumably he thought it was worth it because the bridge put the ferryman out of business.

There are not many cross-river ferries left in Scotland now, but you can be assured that no ferryman who knows of the Bridge of Teith will refuse to take you over just because you've left your purse at home.

Lt. Sanchez Receives Commission

Richard Sanchez, son of Mr. and Mrs. Jose M. Sanchez, 236 Santa Rosa, Ozona, Tex., has been commissioned a second lieutenant in the U. S. Air Force upon graduation from Officer Training School at Lackland AFB, Tex.

The lieutenant, selected through competitive examination for attendance at the school, now goes to Mather AFB, Calif., for navigator training.

Lieutenant Sanchez, a 1970 graduate of Ozona High School, received a B.B.A. degree in 1974 from the University of Texas at Arlington.

His wife, Norma, is the daughter of Gilbert Valdez of 3825 S. Main, Fort Worth, Tex.

Gift items are arriving daily at BROWN FURNITURE COMPANY. There are many new items to choose from-- and we'll do the wrapping. --0-- 31-tfc

ENERGY SAVING TIPS
Keep your refrigerator and freezer well stocked, but not overfilled--you'll save energy. A half-empty refrigerator runs longer than a full one because the air space is harder to keep cold than chilled food and liquids. --0-- 31-tfc

Public Notice

CROCKETT CO. CON. CSD #1
In accordance with Title IX of the Education Amendments of 1972, the following statement is issued by the Crockett Co., Con. CSD:

"It is the policy of the Crockett Co., Con. CSD to comply fully with the nondiscrimination provisions of all Federal and State laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any educational programs or activities which it operates on the grounds of race, religion, color, national origin, sex, physical disability, or age (except where age, sex, or physical requirements constitute a bona fide occupational qualification necessary to proper and efficient administration)."

However, as the provisions of Title IX does allow the school district one year from the effective date (July 21, 1975) to study and evaluate its programs and practices in relationship to the complete fulfillment of the provisions of Title IX, the Crockett Co., Con. CSD will use this allotted time period for a complete evaluation of the implications of Title IX. --0-- 31-tfc

TRAVEL TIPS AND TRICKS

TRAVELING WOMEN
When you're touring a foreign country with your Women's Club and you feel like playing the solitary observer one evening, welcome the opportunity! You're giving yourself a wonderful chance to observe the rich flow of life around you. Here are a few tips to handle the situation smoothly.

The old proverb that "a good book is the best of friends" is never more true than when you and the book are together at the dinner table.

Dine early. If you feel self-conscious about walking into a restaurant alone, slip in ahead of the crowd. In a country like Spain, where the height of the dinner hour is 10:30 or 11 in the evening, get to the restaurant about 9 or 9:30.

Start off by dining somewhere that reminds you of home. You can find 1,700 familiar faces around the world in the form of Holiday Inns which offer you American style food in addition to local and American standards of comfort and quality.

If you have any doubts or questions about suitable restaurants, ask your concierge for advice, and, where possible, have him make the booking.

Superb RCA XL-100 ColorTrak System performance in a compact table model. Choose from two room-flattering finishes: walnut grain or two-tone fog white sides and black top. The most automatic color TV ever from RCA.

OZONA T-V SYSTEM

Tips For Gardeners
From the Ozona Garden Club by Mrs. Bailey Post

November is a favorite month of mine and up to now it has been perfect with great rains, mild days and very light winds. Since the first frost was later than usual, many colorful flowers have been enjoyed by all Ozona, and now most all trees have turned for a beautiful fall show.

The U. S. Forest Service experts find that frost has nothing to do with producing colors in leaves. They say that change in coloring is the result of chemical processes which take place in the tree during preparation for winter.

This month when leaves are falling, rake them and add to your compost heap. Rather than sack them all for the fall clean-up, use them for your next spring and summer garden. Every gardener should have at least one compost heap for use next spring and summer. They can be made with very little cost if you have unused wire, lumber or sheet iron for the box type container. For the first layer, add remains of annuals, vegetables, fruit rinds, egg shells, leaves and grass clipping. Then a layer of soil to cover above contents and add a light cover of barnyard manure or commercial fertilizer. Press down and water. Repeat layers until container is full. Piles should be turned and mixed well to hasten decomposition. Keep moist if no rain.

If you are expecting holiday blooms on your Christmas cactus and poinsettia plants, special treatment now is essential. Both plants require at least 12 hours of continuous darkness each night for 4 to 6 weeks to initiate the flowering process. During the 12 hours, plants must not be ex-

posed to any artificial lighting; otherwise, it will upset the delicate flowering-control mechanism. Cool temperatures (55 degrees to 60 degrees) at night are also needed for best results. During the day, plants should get as much sunlight as possible. Keep plants away from drafty areas, as sudden excessive changes in temperature can cause the leaves to drop. Supply sufficient water to keep the soil moist. Regular applications of soluble fertilizer during active growth will be helpful.

Perhaps you haven't heard or read the search of a white marigold has been ended. This search was started 56 years ago. In 1919, \$10,000 was offered for such a flower, and in August Mrs. Alice Vonk of Sully, Iowa, was presented the award by Burpee's Farms. The firm feels that achievement of white in this flower opens the way for developing a still wider color range.

Dobra Says
by Debra Price H. D. Agent

Proper Handling Keeps Game Safe To Eat

The Texas Legislature passed a statute requiring that "a reasonable effort be made to retrieve all wounded game animals or game birds and these animals or birds shall become a part of the legal bag limit." Compliance with the new law will keep wild game in edible condition after the kill -- and following basic cooking guidelines -- can mean safe, high quality meals.

This law also requires that all game animals, game birds and game fish taken into possession must be kept in an edible condition and it sets a penalty of \$25 to \$200 for violations. This means that a hunter who shoots a dove which falls into a thick weed patch and then makes no attempt to retrieve the bird will be in violation of the law. And a hunter who kills game and leaves it in the trunk of his car until it spoils also will be in violation.

Proper handling in the field centers on proper cleaning and quick cooling. Hunters generally agree that proper cleaning demands a well-placed shot in a vital area that doesn't rupture intestines of paunch.

Since quick cooling delays spoilage, the animal should be drawn immediately after killing. Move it so its head is uphill. Make a ventral cut from the base of the tail to the breast bone and roll out the viscera. Avoid slashing the intestines or stomach. Wipe the body cavity with clean cloths or paper towels -- but don't use water.

Hanging the carcass will hasten cooling. Protect meat from flies and dust. Muslin or cheesecloth bags will let the air circulate. Heavy tarpaulins and airtight game bags keep body heat in and slow down cooling.

Proper loading and trans-

MISS BURKHOLDER AND MR. MITCHELL
..... Plan January Wedding

porting the animal is essential to handling. Carrying the animal -- still wrapped in the protective cloth -- on top of the car is recommended. Also, on cool days, the car trunk is a safe place. Avoid carrying animals on car or truck hoods and fenders, since heat from the sun and car motor can ruin all previous good care.

Once the animal has been handled properly in the field, the cook should remember some basic rules for preparation. Dry heat, such as oven roasting, broiling, pan-broiling and frying, is suitable for young, tender game. Basting with additional fat may be necessary if the meat is lean.

It's best to cook older, less tender game by moist heat, such as braising -- add a small amount of liquid to meat cooked in a covered container. Long, slow cooking tenderizes meat without drying it.

Savings Bond 60% Of Goal

In releasing Treasury figures, County Bond Chairman Lowell Littleton, announced today that sales of Series E and H United States Savings Bonds in Crockett County during September totaled \$690,000. Sales for the nine-month period were \$15,051 for 60% of the yearly sales goal of \$25,000.

Sales in Texas during the month amounted to \$19,479,856 -- while the year-to-date sales totaled \$181,535,171 with 77% of the \$234.3 million sales goal achieved.

Miss Burkholder Engaged To Mr. Mitchell

Mr. and Mrs. Mike A. Burkholder of Pecos, announce the engagement and approaching marriage of their daughter, Shirley Shawn, to Mr. Gary Buck Mitchell, son of Mr. and Mrs. Tom Mitchell of Ozona.

The wedding is planned for Saturday, January 10, 1976 in the sanctuary of the First United Methodist Church in Pecos with Rev. Pete Trone of Carlsbad, N. M., officiating.

The bride elect is a 1974 graduate of Pecos High School and attended Texas Tech where she was a Kappa Kappa Gamma pledge. Her fiancé graduated from Ozona High School in 1974 and attended Texas Tech University as a range and wildlife management major.

Tired of drinking out of the same old mug. Come to BROWN FURNITURE and take a look at the hundreds of mugs to make your drinking a real pleasure.

Pandale Study Club Has Thanksgiving Dinner

An inspirational service of music was presented at the meeting of the Pandale Study Club at 12:30 p. m. Nov. 1 in the Pandale Community Center.

A Thanksgiving dinner was served with turkey and dressing and traditional trimmings.

The buffet table, laid in a gold cloth, was centered with an antique copper kettle holding a fall arrangement of flowers of orange and yellow. These colors were repeated in decorations throughout the building.

Before the dinner, a Texas flag was presented to the Pandale Community by Representative Susan Gurley Mc-Bee of Del Rio, who represents the 70th Legislative District.

The club was hostess for the Thanksgiving dinner with Mrs. Carl Malone as chairman.

Following the dinner, the service was presented by Henry Mills Jr., presented the Rev. John H. Cash of Comstock, who presented a Thanksgiving sermon.

Miss Janet Cash played the piano and Mack McCarron lead the group in singing hymns.

At the business meeting which followed, club members voted to contribute \$50 to the San Angelo Center for a Christmas contribution.

A cake was auctioned to raise money for the special fund.

Mrs. Larry Arledge was awarded the door prize. Attending were Mr. and Mrs. Herbert Kunkel, Mr. and Mrs. C. A. Brown, Mr. and Mrs. Arthur Kyle, Mrs. Buddy Russell, Sue Ellen Black, Mr. and Mrs. Harold

Shaw and Mrs. George Glynn, all of Ozona; Mrs. Rex Russell of Midland; Mrs. Pearl Nicholson of Del Rio. Mrs. Newman Billings and Mrs. Guy Skiles of Ozona, Mack McCarron, Miss Janet Cash and the Rev. and Mrs. John H. Cash of Comstock. Members and spouses attending included Mr. and Mrs. Ted White, Mrs. H. E. Arledge, Mrs. Louise Rowland, Mr. and Mrs. Tom Everett Sr., Mr. and Mrs. R. J. Everett, Mrs. Larry Arledge, Leanne Arledge, Mrs. W. H. Bunker, Mr. and Mrs. Henry Mills, Jr. and Mr. and Mrs. Carl Malone.

COUNTRY CLUB BRIDGE

Mrs. Tommy Harris was hostess for bridge at the Country Club Thursday.

High score went to Mrs. James Dockery, low to Mrs. Gene Williams, and bingo to Mrs. Charlie Black.

Others playing were Mrs. Bob Bailey, Mrs. Joe Bean, Mrs. John Childress, Mrs. Bud Cox, Mrs. Cuatro Davidson, Mrs. Armond Hoover, Jr., Mrs. Arthur Kyle, Mrs. Sidney Millspaugh, Mrs. Kirby Moore, Mrs. J. B. Parker, Mrs. P. C. Perner, Mrs. Gene Perry, Mrs. Hillery Phillips, Mrs. Hillery Phillips, Jr., Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Ewart White, Mrs. Byron Williams, and Mrs. Jack Williams.

CALLING ALL HOMEMAKERS

Brought to you By Lillian Brown

If you haven't seen all the new types of chairs during the last few years, you'll be both amazed and delighted at the wonderful improvements which have been made.

For instance, have you seen the new chairs that swivel or recline to many positions, and are still available in every possible style and decor? While these ideas may not all be new, the way they are made and designed will pleasantly surprise you.

The great surprise is that they don't look like swivel chairs or recliners used to look. With the new concealed mechanisms they look like any other lovely and comfortable chair until you sit down and find yourself floating on a cloud.

Chair manufacturers throughout the country report sales of these "moving chairs" are greater than ever.

However, for those who still want stationary chairs, there is a wonderful selection of beautiful, comfortable new chairs.

All these chairs -- both "regular" and "moving" -- are available in every conceivable style and fabric, for every room in your home.

Come in and try one of these new "dream chairs" and see what one of them can do decorator-wise, and comfort-wise, at your house.

OZONA NATIONAL BANK

Nightingale of the playroom

Ever notice how often it is the occupations or professions of SERVICE TO OTHERS that excite the imagination of our children? We should learn something from that!

Boys and girls see themselves as amateur nurses. Through their imagination they often show us the world they would like to live in.

Their hopes can become a reality if we support our churches with our faith and our families. After all, it was the Founder of Christianity who insisted that He came not to be ministered unto, but to minister.

Diphtheria Is Not Dead

Diphtheria isn't dead yet--outbreaks do occur in all age groups, and national statistics show many cases are severe with five to ten per cent fatal, Carla Shearer, a health education specialist says.

She's with the Texas Agricultural Extension Service, The Texas A&M University System.

"Immunization is the only effective protection against diphtheria. Babies can be immunized at about two months of age, but aren't fully protected until they have all three doses of the series.

"Diphtheria vaccine is almost always combined with pertussis (whooping cough) and tetanus vaccines. After the basic series, regular booster doses of diphtheria vaccine are necessary to stay immunized."

"Although often thought of

as a childhood disease, diphtheria also strikes adults. The Texas Department of Health Resource suggests that adults receive diphtheria booster shots, usually combined with tetanus vaccine, every 10 years," the specialist said.

Of symptoms, Miss Shearer said diphtheria starts like a cold with the usual sore throat and fever, but these symptoms rapidly get worse, and the patient will have difficulty swallowing. Heart damage, serious disability or even death may result, the specialist noted.

REDDY'S
Conserve and Save
Tips for Your
DISHWASHER

- Clean the filter screen often. A clogged filter can reduce the efficiency of your dishwasher.
- Use only detergents manufactured specifically for dishwashers. A wetting agent helps prevent water spots on glasses and silverware.
- A dishwasher will usually hold a whole day's dishes. It takes as much hot water and energy to wash 1 dish as it does a full load. Stack your dishes out of sight in your dishwasher and wait until you have a full load to turn it on.

Widows Get G. I. Home Loans From VA

More than 400 widows of servicemen who died of service-connected causes and wives of men listed as missing in action purchased homes with loans guaranteed by the Veterans Administration during fiscal year 1975, A. A. Hunter, VA Regional Director, reported today.

The GI home loans were among 292, 856 guaranteed by the VA during FY 1975. Included were 21 loans to wives of men listed by the Department of Defense as missing

in Southeast Asia.

More than 8.8 million veterans and eligible dependents have borrowed \$113.5 billion under the VA loan guaranty program since 1944. It was noted that entitlement was extended in 1950 to include unmarried spouses of veterans whose deaths resulted from military service during or after World War II.

The maximum GI loan is \$17,500. This is the amount the VA will guarantee private lenders making loans to veterans for buying, building or improving homes. The VA guarantee permits loans without large down payments, required for conventional loans, to purchase homes with capital attracted by the guarantee. There is no requirement

by the VA for a down payment by a veteran purchasing a home. Nor is there a guaranty fee or charge by the VA for home loans. There is no expiration date on loan entitlement to eligible veterans and dependents.

The Veterans Housing Act of 1974 made it possible for a veteran to obtain a second loan, provided his original loan is paid in full or another veteran uses his eligibility to assume the outstanding balance on the loan.

Complete loan information may be obtained at any VA office or from representative of local veterans organizations.

Garden Club Meets In Mrs. Cox's Home

Members of the Ozona Garden Club met in the home of Mrs. Bascomb Cox Monday afternoon. Mrs. A. S. Lock and Mrs. Steve Kenley were assisting hostesses.

Mrs. Bob Childress presided over the business meeting where plans were made for Fall Clean-up and the Christmas decorating contest. Appreciation was expressed to all who helped make the annual plant and bulb sale a success.

The program, "Basics from which to Create," was given by Mrs. Bailey Post. She reviewed elements and principles of design using arrangements for examples. "Flower arrangement is the art of organizing selected elements according to the principles of design to attain beauty, simplicity, expression and harmony."

Others present were Mrs. J. W. Howell, Mrs. Stephen Perner, Mrs. Max Schneemann, Mrs. Starley Lenamon, Mrs. George Bean, Mrs. Fleet Coates, Mrs. Ralph Jones, Mrs. J. C. Schroeder, Mrs. O. D. West, Mrs. Charles Williams, Mrs. Ben Bohmfalk, Mrs. Glenn Sutton, Mrs. Larry Elliott and Mrs. Maggie Crawford.

MRS. ALBERT SHAW

Several Ozona relatives were present when Miss Carol Lynn Goforth and Albert LaRosa Shaw were united in marriage October 17, in St. Leo the Great Catholic Church in Flint, Mich. The bride is the daughter of Mr. and Mrs. Robert E. Goforth and the bridegroom is the son of Mrs. Doralynn Shaw, all of Flint. Attending from Ozona were the bride's grandfather, Serafin Maskill, her aunt and uncle, Emma Maskill and Mike Maskill, other aunts, Mrs. Jesse Caldera, and Mrs. Raul De La Rose and son Rene.

West Texas Magazine Due Off Press In Dec.

"Sam Pendergrast's OESTE: the Magazine for West Texans" is due off the press the second week of December, 1975, according to Pendergrast, former front-page columnist ("Blowing with the Wind") of The San Angelo Standard-Times, former editor of the Corsicana Daily Sun and the Santa Rosa, N.M., News, amusements and Sunday editor of the Abilene Reporter-News, leisure editor and weekend editor of the Hamilton, Ohio, Journal-News, and staff member of the Herald-Post of El Paso; former teacher of English, Spanish and Journalism in Texas, New Mexico and California; author of nine book-length projects and winner of numerous peer awards in Texas and New Mexico journalism.

"OESTE" will be a 64-to-96-page magazine on slick paper, with color reproductions on the cover and numerous inside pages, "for and about West Texans from El Paso to Del Rio to just this side of the Trinity and on up to the Caprock," Pendergrast says.

It will perpetuate his popular daily column and expand coverage into comprehensive reports with photographs and art: from the "Terlingua Phenomenon" (the massive cover story of the first edition) to early stories on horse racing in Texas, motorcycle madness, national-level "roping," beer-sippin' in Texas bistros, interesting people and places. West Texas history, a regular investigative feature called "The Anonymous Muckophile," and anything and everything of interest to West Texans on the go.

With a charismatic jackass for a symbol and the guy who has been called "one of the best writers on any newspaper anywhere" for an editor, it promises to be the publishing event of the year.

Single-copy price of the monthly magazine will be \$1.50, with an annual subscription rate of \$15. (Subscribers of record before Dec. 10, 1975, will receive free the "Terlingua edition" expected to become a collector's item.)

Mail \$1.50 for the first edition or \$15.00 for a year's subscription to "Oeste Magazine," P. O. Box 2186, San Angelo, Tex., 76901.

Ask about advertising rates if your business needs a wide-spread and lively voice in West Texas: \$300 for a full-page advertisement is the biggest bargain going.

Call for particulars: (Area Code 915) 653-4116 in San Angelo.

"And we'll see you in West Texas's newest and most fun magazine, Sam Pendergrast's OESTE, the second week in December," says the guy with his hair on upside down.

STOCKMAN WANT ADS GET RESULTS

limp and unlovely hair? Then let's get to some facts that will make your hair do a turn-about and be healthy, bouncy and lovely.

Brush your hair, but don't overdo it. Too much brushing is damaging, even to healthy hair. The food you eat will affect the way your skin and hair look. Butter, fried food and chocolate are out—at least, if you are really striving for good-looking hair and complexion. Curly, straight, kinky, frizzy or whatever kind of hair you have can become more beautiful and manageable if you get yourself a very good haircut. Don't let your girl friend cut it. Go to a professional. Make at least two appointments with the same stylist. Pass up a new record album or other luxuries until you've saved up enough to afford a good stylist who can give you the kind of haircut that helps you care for your hair easily and prettily from then on.

A few more quick hints to beautifying. Follow the natural line of your eyebrows, tweezing away only the strays. Try creamy cheek colors instead of the blushers, for they may blend better into delicate young skins. Daily showering—need we remind you? Remember those "retracting glands."

Making the most of your appearance is something you do for yourself—we all like to be admired—and something we do to be socially acceptable. But the inside you is important, too, and beauty can be found there. Caring for others, respecting their rights and opinions is great. But the beautiful person is the one who is not persuaded by everyone else's opinions. Don't be easily led, and don't try to be exactly like everybody else just to be popular. Listen and then make up your own mind. Be yourself. Be your own woman. Such a beautifier counts now and forever!

...

Dear Mrs. Robinson:

I'm an impulsive, dedicated nail-biter. Can you give me any hints that will help me get rid of this ugly habit?

P.F.

Dear P.F.:

First file with a fine emery board what's left of your nails. Then pick out the prettiest shades of nail polish that appeal to you and apply two—even three!—coats of polish. Remove the polish every few days and re-do the whole job. Every time your fingers head for your teeth a question will pop in your mind: "Do I want to waste all the time and energy I've put in making my nails prettier?" It's worked for other nail-biters!

Marti Robinson

Marti Robinson has taught beauty to thousands of women across the U.S. Send her your questions at 9300 Bellanca Ave., Los Angeles, CA 90045.

By Marti Robinson

WHEN DOES BEAUTY CARE BEGIN? Girls begin to take pains with their appearance when they begin to care about themselves, know they are a person in their own right, and that others are noticing them. The mother of a thirteen-year-old told me that one day she realized she was no longer nagging her daughter to take baths, wash her hair, change her shirts. Suddenly before her was a neat, attractive young woman. That's how it goes with many adolescents. They begin to take pride in the way they look, because they want to please themselves and others.

If you are an early teenager today you probably don't use, nor do you really need, much make-up. Over-all good grooming is what counts most. And good grooming habits will see you through decades, all to your beautifying benefit.

Acne. Let's get right to it. It's even an unpleasant-sounding word, and if you have it I'm sure it's your most worrisome beauty problem. It's all due to overactive glands, common during your time of life. The skin's glands excrete oil, the excess clogs the pores, and then come the pimples.

This is a time to be scrupulous about keeping your complexion clean. Clean hair is a must, too, if you're fighting an acne battle because dirty hair also contributes to acne. (Actually, clean complexion and hair are a must at all times, even without a complexion problem.) After cleansing your face, you'll find your make-up goes on more smoothly if you first use a preparatory lotion such as Merle Norman's Fresh n' Fair. Just sprinkle a few drops on a piece of cotton, and gently wipe the cotton over your face.

Hair. Did you know it's 97 percent protein, that girls' hair grows faster than boys' and grows slower in the winter than in summer? But do those fascinating facts matter to you if you're really bothered by

TOPS CLUB SETS BAKE SALE SAT.

PHONE NEWS TO THE STOCKMAN

Mrs. Jones And Mrs. Read Hostesses For League

The Ozona Women's League met Tuesday at the Civic Center with Mrs. Johnny Jones and Mrs. Nat Read serving as co-hostesses.

President, Mrs. Tony Allen, called the meeting to order and Mrs. Jeffrey Sutton gave an inspirational reading.

Secretary Mrs. Ronald Pennington called the roll and read the minutes of the last meeting.

Mrs. Allen introduced a guest, Mrs. Charles Black, who spoke to the group on "Learning to See - Through Photography". She explained how to take care of a camera and demonstrated several picture making tips. She then showed slides of various subjects which can be taken for granted.

A business meeting followed with the club voting to have a display period for the Bazaar on November 25. The room will be opened for viewing from 1:30 - 2:00 p.m. for display only. No items will be sold or reserved at this time. The doors will be shut at 2:00 p.m., and not reopened until the actual Bazaar time, 4:00 p.m.

All food orders should be placed now by calling Mrs. Charles Spieker at 392-2274 or Mrs. Gary Vannoy, 392-2350 or Mrs. Lane Scott at

392-3441. All orders must be placed by Friday, November 21. No orders will be taken after this time.

Other members present were Mmes. Bill Black, Bill Carson, Bob Childress, Dwight Childress, Pleas Childress, Lloyd Comer, Buster Deaton, Terry Gries, Bruce Hill, Steve Kenley, Jim Leech, Frank McMullan, Jack Probst, Lane Scott, Charles Spieker, Randy Upham, Gary Vannoy, Tommy Wilson, Tommy Stokes and John Parks.

Annual Gift Bazaar Gets Under Way Tue

The Ozona Womens League annual Gift Bazaar will take place at the Civic Center Tuesday, November 25, from 4 until 6 p.m.

The Bazaar will be open from 1:30 until 2:00 p.m. for observation only in order that the public may be able to see the many works of art offered for sale. However, nothing will be held for any person nor will it be sold at this time.

There will be a drawing for a photographic landscape, titled "Smoky Mountain Dawn" by Mrs. Charlie Black and for an original oil painting by Mrs. Hillery Phillips. Both works of art, as well as many of the other handmade items, may be seen at Mae-Lu's, Watson's and Baker Jewellers.

Food orders, to be picked up at the bazaar, may be placed with Mrs. Charles Spieker by calling 392-2274.

Mrs. Jack Probst is Bazaar chairman this year and Mrs. Tommy Wilson is co-chairman. Taking food orders this year

Sheep - Lambs On Increase In Texas

Agriculture Commissioner John C. White today noted a 19 per cent increase from last year in the number of sheep and lambs in Texas feedlots.

Citing figures gathered by Texas Crop and Livestock Reporting Service, White added that this is an increase of seven per cent from October 1, 1975 due to the placement of 50,000 animals on lots with a capacity of 2,000 or more head.

Marketing during the month of October totaled 49,000 head, up 8,000 from original intentions but still 26 per cent below last year's level.

Marketing intentions for the 192,300 head on hand call for 51,000 to be sold this month, 37,900 in December and 14,000 in January. However, these estimates are incomplete because additional lambs could still be placed on feed later.

The weight breakdown for sheep and lambs currently on feed are: under 70 pounds, 6,000; 70-79 pounds, 24,000; 80-89 pounds, 31,000; 90-99 pounds, 40,000; and 100 pounds and over, 1,900.

FALL CLEAN UP COMING UP HERE

The annual Fall Clean-up, sponsored by the Ozona Garden Club, has been scheduled for the first week in December.

Club members urge all business concerns, homeowners and owners of vacant lots to help groom and clean Ozona during this week and make Ozona the "Cleanest Little Town in Texas," as well as the "Biggest Little Town in the World."

Throughout the week trash and refuse will be picked up by county trucks. Those wishing to take advantage of this free service should place trash in containers and put them where they are easy for trucks and pick-up men to get to them.

The county will also mow vacant lots during this period. Any one who has a lot to be mowed should call the County Road Department at 392-3020.

We have lots of merchandise on our showroom floor. Come in and shop. If we don't have a particular item, we can usually get it within three days. MONTGOMERY WARD.

CARD OF THANKS
We would like to thank everyone for their many expressions of sympathy and kindness in our time of sorrow.

80 yards and Ronald Shaw, a senior, caught 4 passes for 42 yards.

The Lions' leading passer was junior quarterback Vaden Aldridge. He completed 31 out of 71 pass attempts for four touchdowns and 399 yards. He rushed for 84 yards for a total yardage of 483. Aldridge led the district in punting. He punted 46 times for 1,811 yards to average 39.3 per punt.

Senior quarterback Greg Thompson completed 7 out of 23 pass attempts for 84 yards.

On defense, Henry Fay, a senior, led the team, chalking up 117 tackles, recovering 4 fumbles, blocking 1 kick and scoring a safety.

Clyde Bailey, junior, had 76 tackles, two fumble recoveries and 1 pass interception.

Gene Castro, senior, had 74 tackles and two fumble recoveries.

Clifford Crawford tied with Warren for pass interceptions with four.

Pete North is in San Antonio this week at the Veteran's Hospital where he is undergoing medical treatment.
