## Young Men to 20 Years Old Registered

### Sign-up Completes Inventory Of American Manpower

With two late registrants who were unable to get to a registration booth on the appointed day, Crockett county enrolled a total of 53 young men from 18 to 20 years of age in the fifth national registration day held Tuesday. Fifty-one were registered Tuesday, and two were enrolees Wednesday.

Young men in this age group are now subject to military service until they become 20 years of age. This week's registration completes the nation's inventory of manpower with which to win the global war, the proportions of which have not been approached in world history.

A few transient registrants were controlled by the local corps of volunteer registrars, registration cards of such transients to be transferred to their home boards. However, all but a few of those registered here will remain under jurisdiction of the local board. The local registration will not be down until the board sorts the cards and distributes those belonging to other boards.

The local board members expressed gratitude for the assistance of Boyd Lovelace and Al Fields in the latest registration, as well as to several others who offered their services in case of need.

## Order Of Draft For Men With Dependents Set

### Married Men With Children Will Be Last To Be Called

Men married prior to December 31, 1941, and now maintaining a home for wife and children, or wife or children, will be last to be called up for military service under a new ruling issued by Selective Service, according to orders received by the Crockett County Selective Service Board during the past week.

While legislation was being perfected into law last week, a temporary stop order on induction of married men was sent to all local boards, but signing of a bill by President Roosevelt setting up four categories which will determine the order of call for men required in countering of this order and one calling for setting up the categories as outlined in the dependency allotment bill.

The new ruling clarifying the status of all men subject to military service simply rules on the order in which men are to be inducted and offers no assurance of permanent deferment of men with dependent families if they are physically qualified.

The four classifications which will determine the order in which men are to be called up are given as follows:

"First: Registrants otherwise qualified for military service who have no bona fide financial dependents.

"Second: Registrants otherwise qualified for military service who have financial dependents other than wives or children, as mentioned in categories 3 and 4.

"Third: Registrants otherwise qualified for military service who have wives with whom they are maintaining a bona fide family relationship in their homes and who were married prior to Dec. 8, 1941, and at a time when induction was not imminent.

"Fourth: Registrants otherwise qualified for military service who have wives and children, or children alone, with whom they are maintaining a bona fide family relationship in their homes and who were married prior to December 31, 1941, at a time when induction was not imminent."

Local boards were instructed to (Continued on Last Page)

## Plead for Lives

Stark terror written on their haggard, unshaven faces, these five Frenchmen, accused by the Nazis of being saboteurs, cringe pitifully on their knees somewhere in Occupied France. Their fate? We leave that to your imagination.

## Scrap Rubber Drive Continued Another 10 Days

### Estimated Local Campaign Brought In 50,000 Pounds

Crockett County contributed an estimated 50,000 pounds of scrap rubber in the first phase of the nationwide campaign to collect every available scrap of rubber, launched by President Roosevelt, to promote the nation's supreme war effort.

This was the report yesterday of Joe North, county salvage committee chairman.

A new and intensified drive to "get in the scrap rubber" has been launched here and all over the nation by pronouncement of the President extending the collection campaign for another ten days, or until July 10. During the next ten days citizens are urged to comb every nook and cranny and to take every piece of scrap rubber to the nearest filling station where it will be paid for at the rate of one cent a pound.

Part of the local collection has already been shipped, Mr. North reported, and the balance will be shipped as soon as an accurate check is made and facilities are made available. The salvage chairman urged that there be no let-up in the hunt for scrap rubber and that citizens who have not yet made a thorough search of household and premises do so at once and see that the rubber is turned in at the earliest possible moment.

Mrs. Eddie Bower and infant daughter, Joan, arrived Sunday to spend several weeks with her mother, Mrs. Vera Baker. Mrs. Bower came by train to San Angelo and was met there Sunday morning by her mother. Mr. and Mrs. Bower live in Louisiana.

## U. S. and RAF Airmen Cooperate in Egypt

This picture, radioed to New York from Cairo, shows a crew of United States and RAF bombing planes chatting together after a combined attack on Nazi positions in Libya, just before General Rommel's armored columns penetrated into Egypt. The men took part in the bombing of the Italian fleet and the bombing of Bengazi harbor.

## PROGRAM

### Ozona's Fourth of July Celebration

#### FRIDAY NIGHT, JULY 3—

DANCE, Fairgrounds Platform, Johnny Keeting and His Orchestra.

#### SATURDAY, JULY 4—

12 Noon—Free Barbecue Dinner in City Park.

2 P. M.—Grand Entry at Fairgrounds.

RODEO EVENTS:	Entry Fee
Calf Roping	\$2.50
Girls Barrel Race	1.00
Junior Goat Roping	1.00
Calf Belling	2.50
Goat Roping	2.00
Junior Calf Roping	2.00
Girls Flag Race	1.00
Ribbon Roping	2.50

Jackpot and Matched Roping Events to follow.

Contestants must enter at Ozona Boot and Saddlery before 12 o'clock noon July 4. Purses will be divided 50-30-20 per cent of entry fees. Admission prices at the gate will be 50 cents for adults and 25 cents for children.

#### SATURDAY NIGHT, JULY 4—

DANCE, Fairgrounds Platform, Johnny Keeting and His Orchestra.

## Shop Friday! Stores To Close Saturday, July 4

In order that storekeepers and employes may have an opportunity to enjoy the traditional home-town Fourth of July celebration and in observance of American Independence Day, most of Ozona places of business will be closed Saturday, merchants announced this week.

Since Saturday closing will mean a two-day close for the week-end, shoppers are urged to anticipate their week-end needs and buy up enough supplies on Friday to last through until Monday.

## Stanolind Oil Exploration Crew To Return Here About 15 Families In Group To Work In Area This Summer

Ozona will soon welcome back some old friends—members of the Stanolind Oil and Gas Co. seismograph exploration crew.

Members of the Stanolind crew, stationed here for several months, are scheduled to be returned to Ozona within the next two or three weeks, it was reported here this week. Two members of the crew are already here and others are reported preparing to move back toward the end of this month.

Some fifteen men with families and several unmarried men are included in the crew. L. H. Wise is party chief of the Stanolind crew.

## Supply Of Auto Tax Stamps Is Exhausted Here

### Only 400 Stamps Sent To Postoffice; New Supply Ordered

Several hundred Crockett County motorists are technically violating the law since Tuesday by driving their cars, but through no fault of their own.

Because Uncle Sam was a bit stingy with the ornate little bits of gummed paper, handsomely printed in red, and costing a flat \$5 bill each, these several hundred local car owners are unable to comply with a federal law requiring them to have the automobile use tax stamps in place on their cars on or before July 1.

Only 400 of the stamps were allotted to the local postoffice, and these were exhausted early in the day Tuesday, the final day for buying the stamps. J. R. Kersey, postmaster, had notified the department of the shortage immediately upon receipt of the stamps and had made several new orders, but no new supply had reached here at the deadline. To the clamor of those who applied too late, the postmaster had but one answer—out of stamps. It is doubtful that any penalty will attach under the circumstances but the situation makes for annoyance to postal employes and motorists alike.

## Place Consumer Services Under Price Control

### Further Slash At Rising Living Costs Taken By OPA

Price control now has been established over practically everything on Main street.

Latest addition to the series of regulations issued by the Office of Price Administration was that during the last week covering consumer services. Under the new regulation, identified as OPA Regulation No. 165, it is ordered that charges for services covered can be no higher than they were in March.

With the order effective July 1, on the same date that all provisions of the General Maximum Price Regulation went into effect, Southwestern consumers can feel certain that there are going to be some further reductions in their (Continued on Last Page)

## Stage Is Set For Independence Day Observance Here With Traditional Free Barbecue Dinner, Dances And Rodeo

### Midway Hero

Lieut. Henry Fitts, 25, of Macon, N. C., first publicly acclaimed hero of the battle between American air arms and Jap fleet off Midway island. He dropped the bombs which sank a Jap aircraft carrier.

## Diversion Program Is Arranged For Fourth Celebration

A patriotic consciousness of the significance of Independence Day in this hour of grave threat to the heritage of free Americans will guide celebrants who gather in Ozona Saturday to observe in traditional Crockett County manner the Fourth of July.

Seeking surcease from war-weary nerves, Ozona will treat itself to a day of rest Saturday while it observes national Independence Day with the free barbecue dinner and home-talent rodeo events that have become traditions of 50 years standing in this community.

All was reported ready the middle of the week for the events slated for Saturday. The week-end observance will really begin Friday evening with a dance to the music of Johnny Keeting's orchestra from San Angelo on the open-air platform at the fair grounds. Another dance will follow Saturday night at the same platform to close the observance.

Bob Cooke, impresario of the barbecue pits, reports all in readiness to prepare the feast for the day. Barbecued beef will be the main fare with the usual western style beans, pickles, perhaps some son-of-a-gun stew and other delicacies well known to thousands of West Texans who have "made" Ozona's rodeos and celebrations each year. West Texas Packing Co. of San Angelo, a West Texas institution, is furnishing meat for the barbecue at a special low price, Mr. Cooke said.

Likewise, the roping committee, composed of Pete Perner, Phillip Schneemann, John Coates and Bud Cox, have outlined an entertaining afternoon for rodeo fans, have secured the necessary stock and expect a full list of home-talent entries in the roping and riding events.

The boys have arranged a program which includes calf and goat roping events for the men and boys, a strictly junior roping event, and saddle horse racing events for cowgirl contestants. Gemella Dudley, in charge of the cowgirl events, has arranged a barrel race and a flag race for the cowgirls as features of the afternoon's program. Girls wishing to enter these events are asked to see Gemella and to enter for the various contests before 12 o'clock noon Saturday at the Ozona Boot and Saddlery.

The saddle shop has been designated as rodeo headquarters and (Continued on Last Page)

## Crockett June War Bond Quota Nearly Doubled

### \$24,325 Month's Sales Reported; Quota Was \$12,700

Sale of \$8,575 worth of United States War Bonds in the last five days of June pushed Crockett County's June bond sales almost to the point of doubling the treasury-assigned quota for the month for this county.

This was revealed in a check-up of the month's sales at the Ozona National Bank and at the postoffice. Bonds sold through the bank totaled \$22,825 for the month, with an additional \$500 worth of small bonds sold through the postoffice.

The month's quota was \$12,700, assigned by the treasury department. With an intensified drive to be staged by the department for the month of July in prospect, it is expected that this county's July quota will be materially increased. Its announcement is expected soon.

## I. A. Lynn, World War I Veteran, Is Buried Here

### Ozona Resident 2 Years Died In Vets Hospital At Amarillo

Funeral services were held here at 4 o'clock Tuesday afternoon from the First Baptist Church for Isom A. Lynn, 50, who died Monday in the U. S. Veterans Hospital at Amarillo after a long illness. Services were conducted by the Rev. Clyde Childers, pastor, and burial followed in Cedar Cemetery. Joe Oberkampff's funeral directors in charge.

Mr. Lynn has been in the Veterans hospital for the past three months. He is a veteran of World War I and had lived in Ozona for two years, coming here from Llano. At the graveside, as the flag-draped casket was lowered into the grave, Richard Miller, Jr., sounded "Taps." Veterans of the first World War acted as pallbearers. They were Ralph Cabaness, J. T. Keeton, W. E. Lucas, Ray Piner, Luke Wakefield and Geo. Russell.

Surviving are the widow, Mrs. Minnie Lynn, three stepchildren, G. E. (Jack) Porter and Alfred D. Porter, both of Ozona, and Mrs. Mike Delz of Llano. Four brothers and two sisters also survive.

## DAUGHTER TO POGUES

Mr. and Mrs. J. P. Pogue are parents of a daughter born in a San Angelo hospital Saturday. The baby, named Margo, weighed 8 pounds.

## Cancer Control Enlistment Drive Slated July 6-13

### Local Unit Aids Nationwide Campaign Against Disease

Doing its part in the nationwide and continuous campaign against the dread enemy of all mankind, cancer, the Crockett County unit of the Women's Field Army of the American Society for the Control of Cancer will hold its annual enlistment campaign from July 6 to 13, inclusive, it is announced this week by Mrs. Carl Colwick, captain for Crockett County.

The annual drive this year has been delayed because of the many other drives made necessary by the war effort, Mrs. Colwick explained, but it is hoped that sufficient interest in this worthy cause will make it possible to raise the chapter's quota within the designated week without difficulty.

Last year, Crockett County more than doubled its quota in the Women's Field Army campaign. The enlistment fee is \$1. Of this amount 70 cents is retained in this state, to be expended under a budget prepared and administered by (Continued on Last Page)

THURSDAY, JULY 2, 1942

EUROPE AS IT IS...

If the 900 passengers who returned to the United States on the Drottningholm, diplomat exchange ship, were permitted to tell their stories, the American public would have for the first time a fairly comprehensive picture of Europe at war, with most of it under Nazi domination.

QUITE TRUE TO FORM...

The Office of Facts and Figures, though only 7 months old, has brought its payroll up to the level of \$600,000 a year.

THE POCKETBOOK OF KNOWLEDGE BY TOPPS

Advertisement for 'The Pocketbook of Knowledge' featuring illustrations of a rubber heel, a blackout light, and a fishing lure.

ON THE NORTH PACIFIC...

If Japan can hold Attu, it can hope to cut us off this summer from Russia in the north Pacific, and—in July and August, the only two months of the year when fog lifts enough to make bombing operation consistently possible in the north Pacific—it will pound Dutch Harbor and other American bases in Alaska in the hope of reducing them and getting a firm foothold in Alaska from which it can carry its attacks to the Pacific Coast and the interior of the United States.

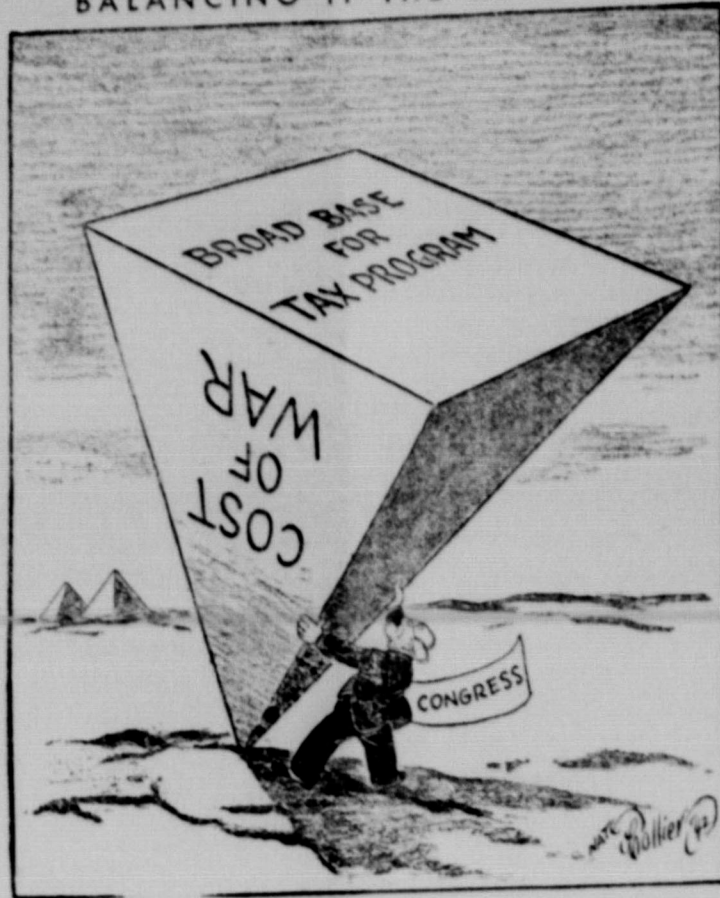

DESPERATE GAME...

The Japanese are undertaking an onslaught on the Aleutian Islands and Alaska for the obvious reason that, having the bear by the tail, they cannot stop now.

THERE ARE OTHERS...

Senator Tydings is curious to know why anybody who never before held a job or performed one hour of useful service becomes so indispensable to our war effort the very day he obtains a desk job in Washington that he must be given military deferment and excused from service in the ranks.

BALANCING IT THE HARD WAY

GERMAN LOSSES...

The purpose of the Russian action around Kharkov, it can not be too often emphasized, was not to regain territory, but to upset the German "year of victory" timetable.

HERE'S AN IDEA...

Aunt Susie thinks we should change the time-honored initials, R.S.V.P., on invitations to P.B.S. (Please Bring Sugar) for the duration.

HELP CHINA NOW...

The renewed appeal of the Chinese government for some sort of an offensive against Japan or substantial aid to China to enable the poorly equipped troops of that brave nation to resist effectively, ought not to fall on deaf ears.

HITLER VERSUS RELIGION

To conserve critical war materials the WPB has found it necessary to prohibit further manufacture of electric lights for Christmas trees, and so the pretty colored bulbs that took the place of the traditional candles in addition to the cheer and festivity of the season may not be available for all our trees.

ERRANDRY UP TO DATE...

In the brave days of chivalric legend, errant knights wandered far and wide, seeking at each crossroad opportunity to break a spear in honor of a lady's eyebrow or, perhaps, just for the pleasure of smacking somebody down.

STILL ROTTEN...

Of the dead nothing but good should be said, maybe, but the name of Reinhard Heydrich keeps getting back into the news.

TUBE SWAPS EXEMPTED

Gift kits containing tooth paste or shaving cream may be mailed directly by the seller to a soldier, a sailor or a member of the Coast Guard without requiring a turn-in of an old collapsible tube.

BICYCLES BUILT FOR 150,668

Preliminary inventory reports filed with OPA by dealers, distributors and manufacturers show a total of 150,668 adults' new bicycles on hand.

Patriotic Fourth Means Safe One, Says Texas Safety Assn.

AUSTIN—Fourth of July will mean more to American liberty workers on the home front will observe it by patriotic driving, the Texas Safety Association said today.

STANDARDIZED ARMS...

The British-American move to standardize fighting equipment, particularly tanks, planes and munitions, may turn out to have been one of the smartest steps taken thus far in the effort actually to combine American and British forces for maximum efficiency.

BICYCLES BUILT FOR 150,668

**Two Ozonans Sign Up For Duty With United States Navy**

Harold B. Keeton of Ozona has enlisted in the Navy's over-seas construction regiment as a mechanic's helper, Chief V. L. Ryland of the San Angelo Navy Recruiting Sub-station announced last week. He has been released from inactive duty, awaiting a call to a training station. Pascal Northcutt took the oath at Dallas as a pharmacist's mate, second class, and has been transferred to the Naval Hospital at Corpus Christi for duty.

**Behind The Scenes In American Business**

By John Craddock

NEW YORK, June 29—STABILIZATION?—Several straws in the economic wind indicate the threat of wartime inflation is being throttled and pinned to the mat by price ceilings and other factors. For the OPA finds that living costs actually showed a decline in the 15-June 22 period, according to a survey of 21 principal cities. This dip was gentle enough—only a tenth of one per cent, not significant when stacked against the 17½ per cent rise in L. since war's outbreak. . . . Another was that wholesale prices for farm commodities, which had been soaring steadily up to last January—advancing by 44 per cent in the preceding 13 months, in fact—had since leveled off very

**4TH ANNUAL TWO WEEKS BAND SCHOOL JULY 6TH TO JULY 18TH**

Meet the boys and girls of West Texas—study, play, swim, eat and lounge around your spare time in the shade of the beautiful pecan trees on the Concho river. Get away from home and relax. Take a vacation. Tell your friends about this band school. J. M. Edwards, San Angelo, Texas.

The chairman of an automobile concern recently disclosed that the company's plants alone were delivering \$5,000,000 worth of war materials daily.

markedly, and actually made no general advance whatever in the period from mid-May to mid-June.

And another element that might entitle us to sneer a little at Old Man Inflation was the announcement that a vast range of "consumer services"—from shoe shines through parking lot fees and electrical appliance repairs all the way to funeral directing—would be under price ceilings on July 1.

But though these things point to seeming conquest of the Cost of Living bugaboo, word from Washington is to the effect that in the private opinion of many government officials the nation will have to adopt some sort of compulsory savings system if it's to cope successfully with the inflation menace. The administration's official attitude is that voluntary sales of war bonds may turn the trick—i.e., absorb enough of the excess purchasing power. At any rate, one of the safest bets is that regardless of what, if any, kind of compulsory savings plan is adopt-

**Tank Corner in 'Arsenal of Democracy'**

This is a view of the Chrysler plant in Detroit turning out land battle-ships by the hundred. Imposing as it is, this is just a cog in the mighty machine now in high gear turning out the sinews of war to defeat the Axis. Production has now hit its stride and the tanks roll off, night and day, in a steady stream.

ed, the extent of an individual's voluntary savings schedule—war bonds—will be taken into account in deductions demanded.

**TOOL TURNOUT**—Undersecretary of War Patterson says the nation's machine-tool industry today, in "capacity for cutting metal," is 16 times what it was at the peak of World War I. . . . Monarch Machine Tool company has gone to three-shift, seven days-a-week operation at Cleveland, and upped shipments 40 per cent thereby—every department's on the "we never sleep" basis, even the cafeteria! . . . In upstate New York three piano concerns—Knabe, Chickering and Mason & Hamlin—have leased their entire plants, equipment and operating personnel to Universal Molded Products company, to help fill contracts for airplane parts. . . . WPB gives higher preference ratings to canning companies, so they can get materials and machines to handle a record crop putaway this summer. . . . And also allows a 33 per cent increase in manufacture of wooden bee-hives—which, it is estimated, will add 75 million pounds to the 1942 national honey crop!

**RIGHT-OF-WAY**—Approach of the July Fourth week-end—customarily one of the year's peaks in civilian travel—found the nation's railroads carrying record-breaking volumes of troops and war material. Consequently pleasure travelers would do well to heed the advice of George A. Kelly, vice-president of the Pullman company: That they consult with local passenger agents on their travel plans being willing to allow a one-or-two-day leeway so as to avoid disappointment. Sleeping-car movements of troops in May, he pointed out, hit a new all-time high. "The situation for vacationers may not become acute," Kelly said, "but they should be prepared to say, 'After you, soldier,' and accept inconveniences with a smile in the knowledge that the country's war

drive must have the right of way over everything."

**BITS O' BUSINESS**—Storage problems for foods are becoming acute, especially wheat and sugar, which may mean liberalizing sugar rations to relieve bulging warehouses. . . . Plenty of fancy hosiery, both men's and women's, for the rest of this year, is the re-

### LET'S HELP PRESERVE AMERICAN INDEPENDENCE NOW AND FOREVER

Independence Day means more to Americans today, perhaps, than it has since the first Declaration by our forefathers. Today the greatest threat in history is made to our independence.

But America is united in the common cause of erasing forever from the face of the earth the outlaw forces which periodically plunge this earth into a maelstrom of blood, sweat and tears. We are impatient. We want to put wings on the feet of Victory.

And we can put them there. Your dollars will do it. Your sincere and wholehearted cooperation in every war effort proposed by your government will do it. Your cheerful performance of your own particular duties will help. It's up to you, and you and the whole 130 millions of us.

Your dollars and dimes, invested in War Bonds and Stamps, may not buy more than a feather for the wings you would like to put on the feet of victory, but even one feather will help to speed victory.

BUY WAR BONDS AND STAMPS. BRING IN THE SCRAP IRON AND RUBBER. COOPERATE WITH EVERY WAR EFFORT. LET'S SPEED VICTORY!

## Kincaids Observe 54th Anniversary Of Wedding With Party

Mr. and Mrs. T. A. Kincaid, Sr., celebrated their 54th wedding anniversary with a family reunion and lawn party at their home here Saturday, June 27.

Pictures were made of the entire family group and special pictures of two groups of four generations picked from the family gathering. In the four-generation groups were Mr. and Mrs. Kincaid, their daughter, Mrs. Lee Childress, her son, Billy Childress and his daughter, Frances Koy Childress. The other group included Mr. and Mrs. Kincaid, their daughter, Mrs. Vic Pierce, her daughter, Mrs. Johnny Miller, and Mrs. Miller's son, Pierce Miller.

Present for the 54th anniversary party were Mr. and Mrs. Lee Childress, Mr. and Mrs. V. I. Pierce, Mr. and Mrs. S. M. Harvick, Mrs. Marbury Morrison, Mr. and Mrs. T. A. Kincaid, Jr., Mr. and Mrs. W. E. Friend, Jr., Mr. and Mrs. Phillip Lee Childress, Mr. and Mrs. Bill Childress, Mr. and Mrs. Eugene Miller, Miles Pierce, Jim Ad Harvick, Ann Harvick, Rosalie Friend, Carol Friend, Tom Kincaid, Phillip Lee Childress, Jr., Frances Koy Childress and Pierce Miller.

## Mrs. Pleas Childress Hostess To Club

Mrs. Pleas Childress, Jr., entertained the Twentieth Century Club at her home Saturday afternoon.

Mrs. Paul M. Hallcomb won high club, Mrs. Martha Newman of Galveston high guest, and Mrs. Arthur Phillips bingo.

Daisies decorated the house and a desert course was served to Mrs. James Baggett, Mrs. G. L. Nesrsta, Mrs. Phillips, Mrs. Joe Clayton, Mrs. Newman, Mrs. Brock Jones of Houston, Mrs. Hallcomb, Mrs. Jesse Morley, Mrs. Jack Wilkins.

## THE METHODIST CHURCH Eugene Slater, Minister Calendar of Services

Sunday School, 9:45 a. m.  
Morning Worship, 11 a. m.  
Dr. H. G. Cooke, our District Superintendent, will be with us this Sunday morning. He will preach and hold our third quarterly conference at the morning service.

## FIRST BAPTIST CHURCH Clyde Childers, Pastor

Schedule of services:  
9:45 Sunday School.  
10:50 Morning Worship.  
2:00 Deacon's Meeting.  
3:00 Monthly Conference.  
8:30 Evening Worship.  
Friday, July 3—  
8:30 Teachers and Officers Meeting.  
Saturday, July 4—  
8:30 Special Worship Service.  
Tuesday, July 7—  
8:30 Brotherhood Meeting.  
Wednesday, July 8—  
8:15 Mid-Week Worship.  
We are very grateful for the good attendance we have enjoyed thus far through the summer and we urge that our folks will continue this same fine faithfulness by being in their places on next Sunday.

The church will observe the

## Billye Jo West Ace Club Hostess

Miss Billye Jo West entertained the Ace Club Wednesday afternoon in the home of her mother, Mrs. W. W. West.

Miss Mary Alyce Smith won high, Mrs. John Bryant of Eden, low, and Mrs. Eddie Bower of Shreveport, La., bingo.

Others present were Mrs. Tommie Harris, Mrs. Bill Baggett, Mrs. Joe Nussbaumer, Mrs. Lawrence Albers of Laredo, Mrs. Joe Friend of Sanderson, and Miss Sarah Bill Smyth, of Uvalde, Miss Marjorie Ray of Uvalde, Miss Eloise Carson.

## Sewing Circle Meets At Colwicks

Mrs. Carl Colwick honored her mother, Mrs. Fred H. Chandler of Stephenville with a sewing circle Wednesday afternoon in her home.

An ice course was served to Mrs. J. M. Baggett, Mrs. Joe Davidson, Mrs. J. C. Montgomery, Mrs. Early Baggett, Mrs. B. B. Ingham, Mrs. R. A. Harrell, Mrs. Floyd Henderson, Mrs. N. W. Graham, Mrs. Joe Pierce, Mrs. John Henderson, Mrs. J. A. Fussell, Mrs. Bill Baggett, Mrs. P. T. Robison, Mrs. Scott Peters, Mrs. Bright Baggett, Mrs. W. R. Cabaness, and Miss Elizabeth Fussell.

## Catherine Childress Ace Club Hostess

The Ace Club met with Catherine Childress at her home Saturday afternoon.

Billye Jo West won high, Mac McWilliams second high, and Mary Alyce Smith bingo.

Others attending were Miss Eloise Carson, Mrs. Jack Baggett, Mrs. Lawrence Albers of Laredo, Mrs. Joe Nussbaumer, Mrs. Buddy Moore.

## Methodist District Superintendent To Preach Here Sunday

Dr. H. G. Cooke, District Superintendent of the Methodist Church for this district, will visit Ozona next Sunday and will preach at the morning hour in the High School auditorium, Rev. Eugene Slater, pastor, announced this week.

Dr. Cooke will hold the local church's third quarterly conference at the morning service. Rev. and Mrs. Slater, who have been visiting in Sibley, La., are expected to return to Ozona tonight.

Lord's Supper at the morning hour and the pastor will preach on the subject, "The Song at the Supper" and at the evening hour the subject will be, "The Times of That Ignorance God Winked At."

You will notice that a meeting of the teachers and officers of the Sunday School is called for next Friday evening and will be held at the home of the superintendent, Mr. Ben Williams. We urge a 100% attendance at this meeting if at all possible.

There will be a special worship service at the church Saturday

## War Heroes—and Symbol of Their Purpose

Thirteen British and American war heroes visit Independence hall, Philadelphia, Pa., after being given a rousing welcome in New York. They are shown grouped around the Liberty Bell—the bell which is the symbol of that freedom in whose cause they performed their heroic deeds. The heroes then went to Washington to visit President Roosevelt.

## The Stockman Pulpit

By Clyde Childers, Pastor  
First Baptist Church

I read again this week that Declaration which has, near the beginning, the following words: "We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness." At the close are these words, "And, for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes and our sacred honor." It is signed by such brave and God-fearing men as: John Hancock, John Adams, Benjamin Franklin, Thomas Jefferson, Benjamin Harrison, etc.

In such a spirit the true America was born. We do well to pause and recognize the hand of God in all our glorious history and recognize the fact that surely He has led us to this hour. Not only has America revolutionized the political and economic history of the world but she has, in days past, likewise set a glorious example in spiritual fidelity and progress. She has so set herself forth for God that all the nations of the world have come to think of her as a great spiritual giant—a Christian nation.

But our recent years have been a different story. Our crime wave has increased, one out of six homes have been broken by divorce, kidnappings have given us a black record all over the world and, in general, we have slipped away from God. Our missionaries have been greatly embarrassed all over the world as heathen people have said, "If your nation is really a Christian nation why do your people commit such things?" Time and again have they been forced to admit that our people are far from God and they have had to apologize for our sins and weaknesses.

And now we are in a war which threatens all that we hold dear as a nation and threatens to tie

evening at 8:30. We feel that many of our people would like to close this important day with a worship spirit. You are invited to attend and bring your friends. We often sing, "God Bless America" but if He is to do it America must bless God. After the worship hour we will have some games for our young people. Help us make this special service one of the best features of our church work for this summer.

the hands of all freedom loving people of the world. America stands in danger of losing all that our forefathers fought for in the Revolutionary War and all that freedom loving men have died for in ages past. Civilization is being tried in the furnace today and everything of the future depends on how we conduct ourselves in these momentous hours.

Everything depends in this hour on whether America is ready to come back to God or not. Are we ready to confess our multiplied personal and national sins? Are we ready to ask God to remove our pride, selfishness, self-righteousness and bring us prostrate back into the path of his will? Are we ready to give up our sinful pleasures, selfish desires and commit ourselves to His Divine service? Are we ready to repent? Are we ready to give America over to God that she may be all that God, apparently, foreordained her to be?

Our prices are less than 5 per cent higher than a year ago. We urge you to get your Draperies, Upholstery, Slip Covers and other decorations for your home while materials are available.

Regular meetings first Monday night in each month.  
Next meeting July 6.

God has not forsaken His people. We have forsaken Him. He is back in the path of Righteousness which we left when we went off to our sins and our waywardness. He is not changed but is the same God, with the same purposes and the same ideals which he has always held up for men who are lost in the darkness of their own sins and who need to walk again in the path of His light.

Would it not be a fine thing if we in Ozona on the coming July 4th should adopt a new declaration? A declaration of dependence—of dependence on God. Why not join a host of other Americans in a long trek back to God? Let us say to Him on this notable day, "Our Father, as creatures of Thy hand, and Children by Thy Grace, we recognize that we are wholly dependent on Thee for all we have of life and in life. That nationally

we are dependent on Thee and that without Thee we can do nothing. Grant that righteousness may be enthroned in all of our hearts and that Thy perfect will may be done in our individual lives and throughout our nation. In the name of Thy Son and our Saviour, even Jesus, we ask it, Amen."

## TO SHARPEN YOUR MILITARY I. Q.

1. He is a native of New York City, a graduate of Yale, served as Secretary of War, commanded a field artillery regiment overseas in the World War, was Governor General of the Philippines, then Secretary of State and now is..... 
2. What are commandos? How did the term originate?
3. Name the corresponding formations to a company of infantry in (a) cavalry; (b) artillery; (c) air force.
4. The soldier who wears this chevron is known in Army slang as the "top kick." What is his grade? 
5. Define GHQ.
6. If you should hear an artilleryman speaking of an "Archie" to what might he be referring? (a) Englishman; (b) anti-aircraft gun; (c) radio telephone; (d) bomber co-pilot.
7. How would you address a man in uniform wearing two silver bars on his shoulder? (a) General; (b) Major; (c) Captain; (d) Corporal.
8. This insignia is worn by soldiers who have very responsible and sometimes dangerous duties. What is their branch of the Army? 
9. To which fighting arm of the United States Army are most of the recruits being assigned?
10. This one is easy. Who are the WAACS?

Answers to above questions will be found on last page.

## FOR VICTORY

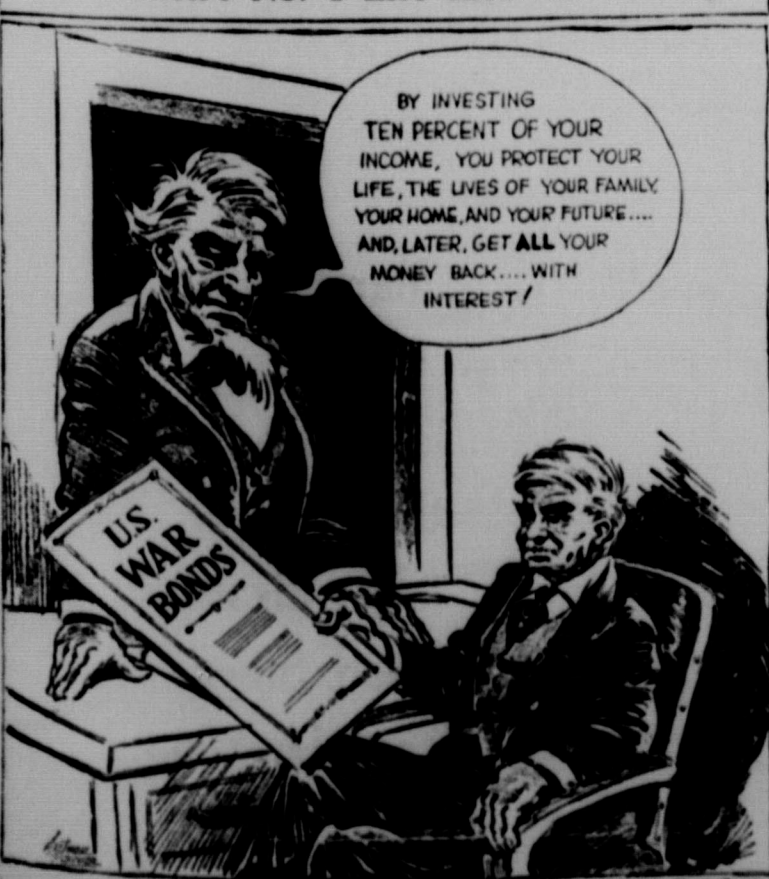

# BUY UNITED STATES WAR BONDS AND STAMPS

### INVEST IN VICTORY!

Our boys can take the War to the enemy, if we back them up with ships and tanks and guns! But that takes money! Help your Government to put the tools of war into the hands of our soldiers by purchasing War Savings Bonds and Stamps. And remember . . . just one Bond can't lick the Axis any more than just one gun! It takes millions of Americans buying War Savings Bonds and Stamps every pay day!

Bonds cost \$18.75 and up . . . and they pay you back one-third more in only 10 years! Stamps cost 10¢, 25¢, and up . . . soon total the price of a Bond if bought regularly. Help our boys on the fighting fronts wherever they may be! Buy War Savings Bonds as an investment for yourself and your country.

**Consumer Service Groups Brought Under Price Control Rules**

Completing the price control program of the Office of Price Administration, a regulation covering consumer services dealing with commodities has been issued, effective July 1.

In announcing the effective date of the consumer service price regulation, Max L. McCullough, region OPA Administrator, pointed out that services not covered by the ruling, as well as those covered, are listed in the regulation itself.

Some of the more common services which are affected and those which are not affected follow:

These are controlled: Shoe shines and repairs, dry cleaning, laundry work, fur repairs and storage, radio repairs, vacuum cleaner repairs, sewing machine repairs, washing machine repairs, hosiery repairs, clothing alterations, repairs, fountain pen and camera repairs, lawnmower sharpening, hemstitching, tucking, pleating, bicycle and luggage repairs.

These are not controlled: Beauty parlors, barber shops, doctor's and dentists' fees, lawyers' fees, telephone and telegraph, insurance rates, gas and electricity, water rates, Transportation rates, Turkish baths and masseurs, notary publics' fees, employment agency rates, athletic and health club rates, tree surgery, express company rates, newspaper ad rates.

**DARK DAYS TO COME**

Every ounce of energy and every piece of property and wealth which we now possess must be made available for this supreme struggle in which we are now engaged, Robert R. Nathan, chairman of WPB's planning committee in Washington, told members of the Junior Chamber of Commerce at their national convention in Dallas. Nathan urged preparation for black news in the months to come and for the burdens and hardships of war which we have still to feel.

A dime out of every dollar we earn

**Celebrate July 4 Without Fireworks, Advice Of Hall**

AUSTIN—"Texans who may plan to celebrate July 4, cannot hope to compete with gunpowder explosions on the battlefield," Marvin Hall, State Fire Insurance Commissioner, said in urging a safer and saner celebration for Independence Day.

"Lives can be saved, injuries prevented, loss by damage and fire destruction averted," Hall added, "if we eliminate the use of fireworks from our plans for observing our country's Declaration of Independence."

"Gunpowder and explosives burned up in fireworks for useless reasons can't be used by our fighting forces in the front lines. Fireworks exploded in Texas will not win another 'Midway victory.'"

**SUGAR STAMPS EXTENDED**

Extension of the time during which sugar rationing stamp Nos. 5 and 6 will be valid has been announced by OPA. Sugar Stamp No. 5 will be good for purchase of two pounds of sugar, instead of the one pound for which it was originally valid, and can be used for sugar purchase for a period of four weeks, instead of two. Stamp No. 5 will be good from June 28 until midnight of July 25. Stamp No. 6, also good for a two-pound purchase, will be valid from July 26 to August 22. Sugar rationing regulations also have been amended to allow institutional and industrial users to obtain sugar allowances for a two-month period, beginning July 1. Originally these users could obtain only a one month's allowance.

During World War I, airplane engines had to be overhauled every 50 hours. Today, because their vital parts are machined to within a few ten-thousandths of an inch, they can go 600 hours without repair.

An airplane manufacturer has substituted "attack plant" for "defense plant" in all factory signs.

**First Under-Water Photos of Life-Saving**

A demonstration of life-saving is shown above, photographed for the first time under water, as staged by members of Boston chapter of the Red Cross. At left, three swimmers enact role of "victim," untrained rescuer and trained rescuer. Victim grabs would-be rescuer about neck; would-be rescuer gets panicky, grabs victim. Trained rescuer drops down on both and breaks their grips, prying both apart as shown in first and second photos. Right: Rescuer flexes knees for spring that will shoot both to surface.

**50 Texas Counties Failed To Respond In USO Campaign**

HOUSTON—Fifty Texas counties have completely failed to do their share of the USO campaign, Harry C. Wiess, state chairman, reported today.

Ninety-one counties have made their quotas, and reports have been made of partial completions in 114 other counties, bringing Texas within \$175,000 of its \$1,110,000 quota in the war fund campaign which will provide recreation and comforts for the men in Uncle Sam's fighting forces. Crockett County went well over the top on its quota.

"We can make this a glorious Fourth of July by completing this campaign by that date," Mr. Wiess declared. "Then we civilians can truly say that we have made our soldiers, sailors and marines independent of want for a home away from home."

The drive opened May 11 in every state, seeking a national fund of \$32,000,000, and is scheduled to close July 4.

In telegrams to county chairmen, Mr. Wiess called for unceasing effort until the quota is attained.

"We in Texas have an unusual responsibility in this matter because Texas is host to more soldiers than any other state and the USO is spending much more money here than we are being asked to contribute," Mr. Wiess pointed out.

**TRAVEL CUTS ASKED**

Postponement of all state and county fairs has been asked by ODT Director Joseph B. Eastman. He asked civilians not to travel for mere pleasure, except on vaca-

tions, and to avoid travel where possible. He suggested that all conventions, meetings and group tours not closely related to the war be deferred for the duration, and that meetings which are concerned with furthering the war program be skeletonized.

### Although Up, Farm Cash Income Still Under War I Levels

AUSTIN—Although the rise in farm prices during the past year contributing substantially to the rise in farm cash income, the present level of farm prices is still below that reached in World War I, according to Dr. F. A. Buechel, assistant director of the University of Texas Bureau of Business Research.

Farm prices had reached a two year low in August, 1939, just before the outbreak of war. Dr. Buechel points out, so the increase since then should not be viewed with alarm. Further substantial increases in farm prices above the present level would, he believes, however, be justifiable basis for concern.

Writing a monthly report on farm cash income for the state during May, Dr. Buechel points out that the Texas wheat harvest now under way is expected to be well above last year's and that higher prices now prevailing will mean a substantial increase in cash income from that source. Cotton and cottonseed prices during the marketing season are also expected to be considerably above a year ago, Dr. Buechel says, and a crop of the same size as last year will result in substantial income gains from these products.

Growing income from milk and milk products, fruits and vegetables, poultry and eggs are also forecast.

Dr. Buechel pointed out that income from agriculture in the state during May totaled \$53,694,000 or 40 per cent more than the \$38,415,000 for the same month of 1941.

Aggregate farm cash income for the first five months is 60 per cent above last year, he reported. Seasonal declines in livestock dealings, always expected from April to May, were more than offset this year by increases from wool, mohair, milk and milk products, fruits and vegetables, Dr. Buechel says.

"The outlook for feed and pasture is on the whole quite favorable," he said. "As a consequence, with the expected maintenance of high levels of marketings and prices, farm cash income from livestock during the remainder of the year promises to continue favorable. This also holds for milk, poultry and eggs, wool and mohair."

### LUXURY COAST BOAT SALVAGED

More than 350 tons of iron and steel, and about two tons of brass, will be salvaged from the yacht Captiva 2nd, former luxury boat which burned recently at Corpus Christi Southwest region BIC officials announced. The yacht originally cost its owner, F. T. Barby of San Antonio, \$250,000, and included in its equipment an \$80,000 gyrocompass for automatic steering.

### Wounded From Dutch Harbor Arrive in U. S.

T. K. Hill, a seaman, wounded during the bombing and strafing attack on Dutch Harbor, Alaska, is shown as he was carried from the vessel that brought him to Seattle. Wounded soldiers, sailors and civilians as well as evacuated women and children, were brought safely to Seattle after the ship was subjected to strafing by Jap planes.

### Side Glances on Texas History

By Charles O. Hucker  
University of Texas Library

#### CAMPMEETINGS ON PAR WITH FOURTH OF JULY

Old fashioned camp meetings were one of the big events in the lives of the settlers of the Texas Republic, and they prepared for such meetings for weeks ahead of time, with vigor equalled only by their preparations for Fourth of July celebrations.

Thus observes a witness of those days, Dr. John Washington Lockhart, whose personal letters and memoirs are contained in a limited edition book entitled "Sixty Years on the Brazos." One copy of the book, which was printed for members of the Lockhart family, has been given to the University of Texas Library, and contained in its extensive Texas Collection.

The camp meeting was made known to all the settlers for many miles, and there would be from ten to fifteen hundred people attending—and needing to be fed. Those living in the locality where the meeting was held would prepare for weeks ahead of time in order to help feed the "hungry multitudes."

#### HEAVEN AND HELL VIVIDLY DESCRIBED

The meeting would begin, Dr. Lockhart explained, rather mildly, as "the ladies had to meet at one another's tents and talk over the news for the first few days. After that, it became a matter of business."

The preacher began by describing the habitation of the blessed, the extreme happiness of those whose every want was anticipated

and who were completely without care. Then he led his audience in the other direction, until, Dr. Lockhart declares, he held them spellbound on "the brink of Hell."

"There, in imagination, you could see the doomed souls writhing in mortal agony, deep down in the pit of sulphurous burning, and perhaps a soul would rise and in the deepest agony cry for one drop of water, when his cry would be answered with molten lead poured down his already parched throat."

#### SATAN COMPLETELY ROUTED

On these occasions, Dr. Lockhart wrote, "Old Scratch" would be utterly routed, "horses, foot and dragoon, from the grounds, but too often only to take up his refuge around and about the grounds, in the brush, where he could be seen hovering over a jug of good old whiskey."

The doctor commented that although Satan might be defeated in one place, he somehow managed to reinforce his cohorts and start the war in another place. "Perhaps the very old deacons who had helped to rout him would find him the meeting places, and all were

### RUPTURE

#### SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at St. Angelus Hotel, San Angelo, Wednesday, only, July 8, from 9 a. m. to 5 p. m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthen the weakened parts, thereby closing the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. Add. 6509 N. Artesian Ave., Chicago. Large incisional Hernia or rupture following surgical operation especially solicited.

**Penny Wise says...**  
"Every wasted penny adds to Hitler's bank book"

NEVER walk away from the refrigerator without closing the door. Leaving the door ajar wastes either ice, electricity, or gas—and does the food no good! Even if you'll need to open it again soon—shut the door!

Those pennies you'll save will bring your family and your country added security if invested in U. S. SAVINGS STAMPS AND BONDS!

on the next day in his retreat dealing out a seductive beverage."

### RAM'S HORN CALLED PEOPLE TO DAY-LONG SERVICES

The people of those days clung to their traditions, the writer observed, even to using a ram's horn to call the congregation to worship, in imitation of the ram's horn used in blowing down the walls of Jericho.

Services began about 9 o'clock each morning, and lasted till far in the night. After the morning service, feasts were prepared in the tents of all those staying near invited to eat, since "the stranger

at the gate" must not go hungry. The same procedure was repeated at supper, which followed an afternoon service beginning at 3 o'clock.

As it began to get dark, negroes were sent around the grounds lighting huge bonfires to illuminate the entire premises. The night services, Dr. Lockhart said, were special occasions for the younger people, who congregated at the altar to plead for mercy.

"It was at these times that the evil one would betake himself furthest off, seemingly for fear of his own conversion," Dr. Lockhart wrote.

The meeting lasted two weeks, and broke up after the second Sunday. The campers took down their tents, loaded their furniture onto their wagons, and after several hours of saying goodby to the friends they would not see again until another camp meeting was held, were ready to move back home again.

To blackout the windows of a West Coast aircraft factory, it took 100 professional painters, working 24 hours a day, five days and five hours to complete the job. And they used 4,408 gallons of black paint.

# INFLATION Comes Back to the Farm

(Prepared by Tyrus R. Timm Extension Economist in Farm Management)  
(Distributed by U.S.D.A. Extension Service, Washington, D. C.)

Perhaps the greatest battle to be fought on American soil will be the battle against inflation. Degree of success attained will go far in determining how well our civilian population can preserve the ideals at home for which men and women are fighting on foreign battlefields.

**WHAT IS INFLATION?** Inflation simply means that nearly everything you buy has gone up. Involves tremendous irregularities in individual price movements—prices of some goods move up fast—others very slow. A few prices remain stable—a search may find even a few goods with price tags lower.

**Dangerous inflation** means practically all basic "standard of living items" like household furnishings, food, clothing, toiletries, rents, etc. are going up—and getting faster in their upward movement.

As a result, our dollar won't buy as much as it used to—putting it another way—you now need more money to buy the same thing.

**WHAT CAUSES INFLATION?** Inflation occurs when the 132 million people in this country have more cash on hand and credit available to them than consumer goods and services for which they want to spend their cash or buy on credit. Cash + credit = purchasing power. Both can be used to bid prices up.) Consumer goods include tractors, insecticides, wire, clothes, canned goods, refrigerators, etc. Consumer services include transportation facilities, storage facilities, doctors' services, etc.

**The causes are ripe:** When everybody's income for 1942 is added up—our national income for 1942 million people will be 117 billion dollars. (Remember 1 billion is one thousand million.) More money is being made this year than ever before—more than doubling national income in 1932—27% or 1/4 greater than in 1941. Taxes and savings perhaps will take 31 billions, leaving 86 billion dollars to spend for consumer goods and services.

**But here's the hitch—**only 69 billion dollars worth of consumer goods and services are being produced this year. So here's the national situation—86 billion dollars plus credit available to buy 69 billion dollars worth of things people desire to buy. This excess of 17 billion dollars must be used other than for buying goods. In other words—our nation has great supply of doctors, tremendous amounts of goods being produced—thousands of miles of railroad lines to haul products; but thousands of doctors are attending our boys in the armed services, an increasing proportion of the goods being produced are not automobiles but jeeps, tanks, and army trucks—not sewing machines, but machine guns—not civilian suits, but army uniforms. Moreover, an increasing percentage of the railroad cars are carrying armed forces and equipment.

Thus more and more money is looking for goods to buy and the supply of goods is getting smaller and smaller. As this supply decreases further, bidding by 132 million American citizens will become fiercer and prices of the lessening supply of goods will go still higher—unless something is done about it.

**WHY IS INFLATION SO BAD?** It is probably the greatest enemy within the ranks of our civilian population in the achievement of victory in war and security in peace. Here's how it gets us all—sooner or later.

- (1) People on straight salaries use up all or part of their accumulated savings—many go in debt.
- (2) Higher prices mean higher cost to the government for war machines and supplies—which necessitates higher taxes and a bigger public debt.
- (3) Livestock numbers reach record highs—certain soil-depleting crops are tremendously increased—serious problem of post war adjustment.
- (4) Sometimes materials needed for war

stay in non-essential lines of production because of chances for bigger profits. Speculators and hoarders hold out needed materials anticipating profits through price increase.

- (5) Rising prices cut seriously into checks men in the armed forces are sending home to their wives and children.
- (6) Takes savings out of war bonds, insurance policies and other investments.
- (7) Higher prices, higher wages, and higher profits chase each other endlessly trying to catch up or move ahead of the other.
- (8) Industrial war workers in many instances live 30 miles from work because of high rents and other living costs near the plant. This condition adds to the tire and transportation problem which is already serious.
- (9) In planning war operations the President and other national leaders need stabilization of total volume of purchasing power before they can plan efficiently for war and the domestic consumers.
- (10) Inflation means less money available for taxes, war bonds, and payment of debts.
- (11) Suspicion of undue advantage and profiteering will lower morale (was mentioned earlier that prices do not rise together.) Irregular, uncertain and manipulative advances must be eliminated.
- (12) Prices of remaining supply of certain goods skyrocket but still consumers get only the supply left regardless of price—persons with most money are able to get more than their share.

### IS THE U. S. MOVING TOWARD DANGEROUS INFLATION?

The rise in the cost of living during this war has begun to look about like what happened in the last World War. From outbreak of World War No. II in Europe to March of this year, prices of raw materials in U. S. went up 66%, wholesale prices 31%, retail prices 25%, and the combined products of farms and ranches reached approximate parity. Price advances of individual agricultural commodities, of course, varied considerably—some still below parity—others about on it—and still others above.

More serious is the fact that one-half of the increase in basic raw materials has occurred during the past 12 months—2/3 of wholesale price increase in last year—3/4 of retail price advances took place in same period (ending March, 1942.) In other words, general price movements were picking up more speed as they moved upward.

### HOW IS YOUR GOVERNMENT FIGHTING INFLATION?

Here's how: (1) Increasing taxes, (2) Curtailing credit, (3) Selling war stamps and bonds, (4) Establishing price ceilings, (5) Urging lower costs of business operations, (6) Seeking expansion of production, (7) Rationing, (8) Mediating wages, and (9) Reducing business profits.

### HOW CAN I HELP BATTLE INFLATION?

Here's how: (1) Buy war bonds and stamps, (2) Pay debts, (3) Take good care of buildings, equipment and supplies—waste nothing, (4) Buy only things really needed—make things at home, (5) Produce family food supply in so far as possible, (6) Produce your share of nation's agricultural goods, (7) Don't borrow money for non-essentials, (8) Cooperate with neighbors in using cars, trucks, machinery, etc., (9) Do as much of your farm work as possible, (10) Pay taxes on time, (11) Explain inflation dangers to your friends.

THESE INFLATIONARY FORCES MUST BE CONTROLLED. TO DO SO—WILL TAKE THE COMBINED COOPERATIVE EFFORT OF EVERY AMERICAN CITIZEN.

OZONA, TEXAS

"I told you that our friends hadn't forgotten us . . . all we needed was the TELEPHONE"

The telephone is often the difference between loneliness and popularity, between idleness and employment. When friends cannot telephone you, they frequently don't reach you at all. Business trails no man to offer him opportunity . . . he must be available the moment he is wanted. For only a few cents a day you can get in line for your share of opportunity, enjoy more frequent association with friends who want you with them. Order your telephone today.

**SAN ANGELO TELEPHONE CO.**

**NEWS OF OUR FIGHTING MEN**

Ozona now has a representative among the famous "Seabees," United States Navy construction force. He is Max Eppler, who has written from the unit's construction center at Camp Allen, Norfolk, Va.

"The Seabees is a swell organization," Max writes, "with real men making it function right. Most of the men here are older than you might suspect. The new motto for the Seabees is 'We work and we fight with all our might.' His address is Max Eppler, C. M. 2C, U. S. N. C. T. C., Bat. 11, Co. A., Plat. 8, Camp Allen, Norfolk, Va.

Mr. and Mrs. Max Schneemann left a few days ago to visit their son, Max, Jr., stationed at Fort Lewis, Washington.

Here are more addresses for Ozona men in the service: James Parker, USA, M. G. Tr., 12th Cav., Fort Bliss, Texas. (James was recently transferred back to Ft. Bliss and assigned to a machine gun unit.) Lee Graves, 404th Sch. Sq., Br. 388, Sheppard Field, Texas. Pascal Northcutt, Pbm. 2nd C., U. S. Naval Hospital, Corpus Christi, Texas.

Walter (Fats) Kyle, son of Mrs. Walter Kyle of Ozona, joined Uncle Sam's fighting forces during the past week. Kyle was sent from Crockett County to the induction station at Abilene. He has been engaged in construction work with the Army engineers in establishing new camps in Texas.

**Ballots Of July 25 Primary Election Being Printed**

Court action involving candidates seeking a place on the ballot for the unexpired term of Jerry Sadler on the Railroad Commission having been completed, the Crockett County Democratic Executive Committee has determined the order of names of candidates and ordered ballots printed.

An order for printing the required number of ballots for this county was given The Stockman and the ballots will be ready for absentee voting beginning July 6. A sample of the complete ballot will be printed in an early issue of the Stockman.

Mr. and Mrs. Joe Oberkampff have returned after a buying trip to Dallas. They also visited in Mineral Wells.

**POLITICAL ANNOUNCEMENTS**

The Stockman is authorized to announce the following candidates for political offices, subject to action of the Democratic primaries:

**For Sheriff, Assessor and Collector of Taxes:**

- R. E. McWILLIAMS
- FRANK JAMES
- MIKE COUCH
- ROSCOE COATES

**For County Treasurer:**

- TOM CASBEER (Re-election)

**For County and District Clerk:**

- GEORGE RUSSELL (Re-election)

**For District Attorney, 112th Judicial District:**

- HART JOHNSON, Ft. Stockton
- CALLAN GRAHAM, Junction

**For Congressman, 16th Texas Dist.:**

- R. E. THOMASON, El Paso (Re-election)

**For Justice of the Peace, Prec. 1:**

- SAM HOUSTON

**For Commissioner, Precinct 1:**

- ROB MILLER (Re-election)

**For Commissioner, Precinct 2:**

- CHAS. BLACK (Re-election)

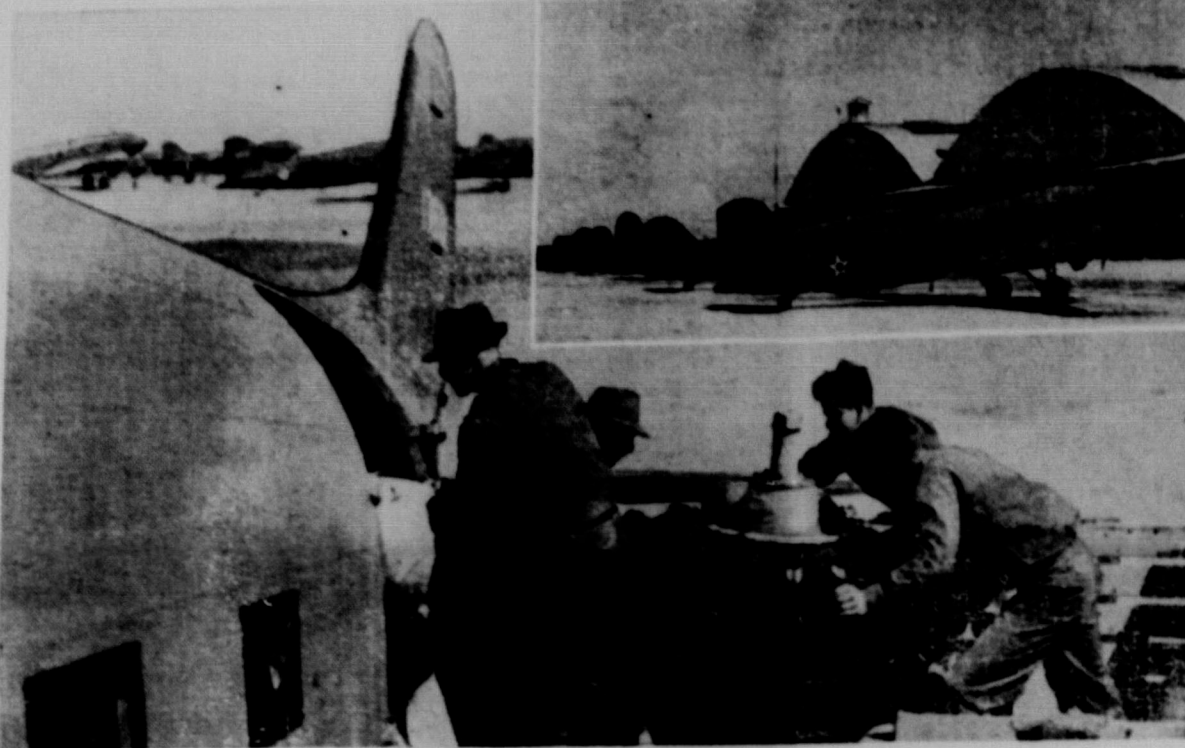

**For Commissioner, Precinct 3:**

- J. W. OWENS (Re-election)

**For Commissioner, Precinct 4:**

- E. R. KINSER (Re-election)
- T. A. KINCAID, JR.

**Keep 'Em Loaded and Keep 'Em Flying**

At an army air depot somewhere in the western part of the U. S., huge transport planes, "the flying box-cars" of the army air force, ship freight on wings to foreign battle fronts. At left the loading crew is transferring freight to waiting "flying box car." Inset: Poised for flight are these air freight planes, to any air field in case of an emergency call.

**Two Former Ozona Men Stationed At Oklahoma City**

OKLAHOMA CITY, Okla. — Two former Ozona, Texas, residents are among the soldiers stationed here at the Oklahoma City Air Depot. They are Pvt. R. B. Pridemore and Pvt. Marvin H. Graves.

They are assigned to a medical detachment for basic training. Both reported here from Duncan Field, Texas, and both have been in the army three months.

Private Graves is the son of Mrs. Elmer B. Hatton, Box 96, Ozona. Before entering the army, he did general contracting for himself.

Private Pridemore is the son of William T. Pridemore, Route, 2, Ozona. He was formerly employed as a ranch-hand by Massie West.

For a comprehensive and clear outline of the causes and dangers of the present threat of inflation in this country, read "Inflation Comes Back to the Farm" on page 7 of this issue of the Stockman—brought to your attention by the Ozona National Bank.

Mrs. John Bryant of Eden was here this week visiting her parents, Mr. and Mrs. L. B. Townsend. Mr. and Mrs. Bryant are soon to move to Stephenville, where Mr. Bryant is to take over management of his father's commercial printing business.

**Place Consumer—**

(Continued from Page One)

every-day cost of living. Surveys already made and covering only a few days after the GMPR went into effect showed that the general regulation had started letting the air out of the inflation balloon.

Control of service charges is highly important to the consumer, as is shown by the fact that the American public pays upward of five billion dollars annually for this type of living necessity. Those on the Home Front, especially in the booming defense areas of Texas, Oklahoma and Louisiana, have recognized the situation because they have had to bid against each other to get many of the services that now come under control.

This new ceiling now stands above the cash register in the shoe shine and shoe repair shop, as well as at the butcher's, and it has been extended to shield the man who wants a clock repaired or his hat blocked, as much as the ceiling shields the customer at the corner grocery or drug store. Under it are the prices that now may be charged by laundries, and furniture repairmen, as well as prices charged by auto parking lots, dry-cleaners, locksmiths, morticians, and many other services rendered in connection with commodities.

The extension of the cost-of-living roof is a sizeable one. The number of establishments of one sort or another which are affected has been estimated nationally at nearly a million. In this connection, however, it should be emphasized that the new regulation applies only to consumer services rendered "in connection with commodities," and that it does not apply to fees charged by your lawyer, your architect, your barber shop, your beauty shop, and numerous others from whom you obtain professional services or services that are specifically exempted in the regulation.

**A WEEK OF THE WAR**

SUMMARIZING INFORMATION ON THE IMPORTANT DEVELOPMENTS OF THE WEEK MADE AVAILABLE THROUGH MONDAY OF THIS WEEK

President Roosevelt and British Prime Minister Churchill, in a joint statement on the results of their Washington conferences, said the discussions covered "all of the major problems of the war. . . . We have conducted our conferences with the full knowledge of the power and resourcefulness of our enemies. . . . While exact plans, for obvious reasons, cannot be disclosed, it can be said that the coming operations. . . will divert German strength from the attack on Russia."

"Transportation of the Fighting Forces, together with the transportation of munitions of war and supplies, still constitutes the major problem of the United Nations," the statement said. "While submarine warfare on the part of the Axis continues to take heavy toll of cargo ships. . . production of new tonnage is greatly increasing month by month (and) it is hoped that as a result of steps planned at this conference the respective Navies will further reduce the toll of merchant shipping."

**Army and Selective Service**  
The House passed and sent to the Senate the \$42 billion Army Supply Bill for the fiscal year beginning July 1—the largest single appropriation in U. S. history. Services of Supply Commander Somervell said the Army will reach 4,500,000 men by the middle of 1943. The Army food bill in 1943 will be \$1,300 million, he said. Beginning July 1, the CAA will train 13,000 pilots for the Army Air Forces Enlisted Reserve as glider pilots, airline co-pilots, service pilots and pilot instructors. Men between 18 and 37 are eligible. The War Department said the Air Ferrying and the Air Transport operations of the Army will be coordinated into a new Air Transport Command, effective July 1.

Selective Service Headquarters said Local Boards should segregate registrants into four categories and call them to service in the following order: 1. Those without financial dependents; 2. Those with financial dependents other than wives or children; 3. Registrants who married prior to December 8, 1941, and who are maintaining bona fide family relationships; and 4. Registrants who have wives and children, or children only with whom they maintain bona fide relationships. SS Headquarters said Local Boards will decide on disposition of men who were in process of being inducted at the time the categories were set up.

**The War Front**  
A European theater of operations for U. S. Forces was established with Maj. Gen. Dwight D. Eisenhower, formerly Assistant Chief of Staff in charge of the Operations Division, as Commanding General. Headquarters will be in London. Brig. Gen. Hugh Casey of the Army Engineer Corps reported the Allied Works Council and the U. S. Army Engineers in Australia have built 100 military airdromes, built or improved thousands of miles of strategic roads, and are working on 12,000 separate projects in Australia. U. S. Airmen damaged a Japanese cruiser and sank a transport in Kiska Harbor in the Aleutians. The sinking of 17 more Allied merchant vessels by enemy submarines was announced.

**Navy Expansion**  
The Senate passed and sent to the House a Bill authorizing the Navy to increase the size of the U. S. Fleet by 1,900,000 tons at an estimated cost of \$8,500 million.

Miss Sarah Bell Smyth and Miss Marjorie Ray of Uvalde are the guests of Miss Billye Jo West.

Miss Jean Drake, daughter of Mrs. Bruce Drake, who is employed with the Forrest Engineering Co., in Gainesville, Texas, is expected home Friday for the holidays.

Miss Charlotte Lollar of San Angelo is the guest of Miss Bettye Jane Ingham. Richard Cox of San Angelo plans to be in Ozona Friday and Saturday to visit Miss Ingham and Miss Lollar.

Jo Nell Coose, Nan Tandy and Barbara White left Tuesday morning by bus for Kerrville to attend the annual Methodist Young Peoples Assembly which will continue to July 10.

Mr. and Mrs. C. S. Denham left last week for a few weeks visit with relatives in Lubbock.

Bob West, son of Mr. and Mrs. Massie West, underwent a tonsillectomy in a San Angelo hospital last week.

Mr. and Mrs. N. W. Graham and Barbara White returned last week from a vacation trip through the eastern part of the state. They were accompanied by Mr. and Mrs. Clinton Glover and children of Ballinger.

Jimmy Read, son of Mr. and Mrs. Madden Read, was taken to a San Angelo hospital early this week. The lad is scheduled to undergo an operation for appendicitis today.

**ANSWERS TO MILITARY I. Q.**

1. Secretary of War Henry L. Stimson.
2. Specially trained units of the British army for raiding operations to be landed from ships and rapidly withdrawn after attaching a vital enemy installation. In the Boer War the Boer "commandos" harried British communications.
3. Troop of cavalry, battery of artillery and a flight in the Air Force.
4. First sergeant.
5. General headquarters.
6. Anti-aircraft gun.
7. Captain.
8. Quartermaster Corps.
9. Infantry.
10. Members of the Women's Army Auxiliary Corps.

**Rotary Members Enjoy Sing-Song**

Under the leadership of Ross Hufstelder, members of the Rotary Club Tuesday enjoyed a sing-song. Piano accompaniment was played by Mrs. Neal Hannah.

After the group singing, a male quartet composed of Ross Hufstelder, Neal Hannah, Billy Hannah and Hubert Baker, sang several numbers for the club.

**CARD OF THANKS**

We take this means of expressing our deepest gratitude to the good people of Ozona for their many acts of kindness and sympathy on the occasion of the death of our husband and father, Isom A. Lynn.

- Mrs. I. A. Lynn
- G. E. and Alfred Porter
- Mrs. Mike Delz

Andres Tijerina, who operates the Popular Dry Goods Store in the Latin-American section of Ozona, has just returned from a buying trip to Dallas, buying late summer and fall and winter merchandise for his store. On his way home, Tijerina visited his brother, Alberto Tijerina, who is in the U. S. Army, stationed at Fort Ringgold, Texas.

Three University of Texas students from Ozona, Jim Dudley, W. B. Robertson and Jeff Fussell, were included on the University honor roll of the College of Arts and Sciences, according to an announcement recently made by Dean H. T. Parlin. The honor roll includes the names of about one-tenth of the enrollment of the college.

Beecher Montgomery student at TCU is visiting with his parents, Mr. and Mrs. George Montgomery.
