Southwestern Range Notes.

Joe Blakeney is off to New Mexico where he has bought a lot of sheep to bring to his Crockett county ranges.

Ornery editor went with Tom Casbeer in the latter's jitney down to the lower Bill West ranch last Saturday. Grass and weeds are coming on beautifully and stock is getting fat. Bill West is having Walter Kyle put in a dandy dipping vat at the lower ranch. About finished now.

Secretary E. E. Stricklen is very much enthused over the prospects for big things for the approaching big Sheep and Goat Show to begin June 25th at San Angelo, under direction of the Sheep and Goat Raisers' Association of Texas. The dates of the show will be June 25th, 26th and 27th. The Stockman published two weeks ago considerable information about this show, which as then stated, will be the first, but not the last, of this kind ever held. Watch these columns for further first-hand information from time to time.

GOOD GOATS FOR SALE.

At a bargain—about 1,500 head at \$5 per head wool on, or \$4.50 for grown goats, \$3.50 for yearlings—at shearing pens.

MOSELEY BROS., Ozona.

Mister Sheepman, get you some of that Tobacco Sheep Dip at Chris Meinecke & Son's. Exactly what you need.

Editor Billings of the Menard Messenger and the Sheep and Goat Raisers' Magazine, accompanied by Mrs. Billings, who were here to attend the S. & G. R. Ass'n meeting honored us with a call on Monday. Brother Billings informs us that he expects to dispose of the Messenger and take the S. & G. Raisers' Magazine to Ft. Worth where the field is more promising.—West Texas News.

GOATS FOR SALE.

800 bred nannies, to kid in May, at \$7.50. 450 2-year-old muttons at \$5.00, and 550 yearling Muttons at \$4.00—all good shearing stuff.

WILLIS JOHNSON, Sheffield, Texas.

Sam Oglesby, Jr., was up from the sheep camp in Crockett county this week and stated that in all the years he has been in the sheep business, he never saw his flock in better shape at this time of the year. He says the prospect for a big lamb crop is excellent, every ewe in his herds being fat enough for mutton.—Mertzon Star.

The half rate freight on feed will expire February 23th.

Good Roads the Most Important

Road improvement was the subject of the most interest and attention at the regular quarterly session of Crockett county commissioners, held last week, and very properly so. It is the most important thing that now concerns us.

The county roads are in a bad fix. The unprecedented snows and rains of the past few months and the many heavy government trucks passing over the roads in the wettest weather, have put us in bad. The court, realizing the necessity and the urgency for immediate action, has bought a Fordson tractor of R. R. Dudley. Price \$1,050. The minutes recite that the county needs the machine right now, it is here, the price is right. It is bought. The roads are being dragged. Anyone traveling over the roads of the county will conclude that we need a number of machines. We need some money, too.

We need two hundred thousand dollars to spend on Crockett county roads within the next five years. If we will vote \$100,000, the Federal government will give us \$100,000. Our roads are better than those of any county in this section, except Irion, and it will take a pot of money to keep them so and to make them still better. But it ought to be done. Don't you think so?

The commissioners employed W. M. Johnigan on road work, etc., at a salary of \$100 a month. The price for dipping cattle in the county vat has been 10 cents per head. Court orders that the prices will now be for dipping: calves 4c, other cattle 6c, horses and mules 10c, burros 25 cents.

Got More Money than You Need?

Maybe so, but we bet you have no more than you want. Coffee, now, you have been paying fifty cents a pound for that splendid Schilling's. Worth it, too. But we are selling it for 33. If your year's supply is 100 pounds, you save just Seventeen Dollars by trading with us. This is just one item. We invite you to study our advertising in this paper. Nairn & Nairn, Big Lake.

Following interesting Range items are clipped from the Devils River News:

W. E. Hodges sold 75 coming one and two year old steers to W. A. Miers at \$30 and \$40.

W. E. Hodges bought from A. R. Cauthorn 75 coming two year old heifers at \$40.

Mrs. E. W. Wall sold 100 ewes at \$12.50 and 50 muttons at \$8 to Sam McKee.

W. A. Miers bought the Henry Wilson seven section ranch on the South Divide for \$8 per acre.

If you want to buy or sell anything see Bruce Drake, Ozona.

Bruce Drake, Ozona land, ranch and livestock commission man, reported the following yesterday:

Sold for himself to Blackstone & Slaughter of Barnhart, 305 3 and 4-year-old steers, and for J. W. Henderson, also of Crockett Co., 800 3 and 4-year-old steers, to same parties. Delivery of entire lot April 15th.

B. Y. P. U. party at Mrs. Perner's Friday night. Everybody invited. Come with your hair powdered—George Washington.

OIL

Wish somebody would come here and prospect hogtie us what!

There will be several rigs here (Ozona) within the next six weeks prepared to bore for oil.

The Noelke well at Sheffield had an accident and lost some tools during the past week, but the damage has been repaired and the work continues with bright and oily indications.

If The Stockman is a little late getting to you this week, you will understand that the editor is crazy too. We're the greasiest, craziest lot of rooky millionaires you can imagine.

Some of us returned from Breckenridge with Clark Barton, the millionaire operator. Bought interests in a few leases there. Hard to handle all our money, or we'd have bought more.

We're all crazy as bats—plum bugs—out this oil business. A good Stockman friend says the paper must run an oil department of the order of the stock column. Oilright! Here goes! Everybody Help! Tom Nolan is expected home today. At last accounts he was still turning handsprings from one gusher to another. Judge Davidson, Clark Barton and some of the other great magnates are trying to think up ways to spend their big pots of money. Charley Schauer says he is going to San Antonio to live, but will build a fifty to one hundred thousand dollar hotel in Big Lake on the site of his present hotel. Most of the ranchmen will be on Easy Street from the income on leases.

S. E. Couch and Howard B. Cox returned from Reeves county. Mr. Couch bought two of Mr. Cox's sections of oil land, and the two have formed a partnership for development purposes. Two shallow wells will at once be put down. Work was begun on the first of these Monday morning, the 17th. There is an oil well, an actual producer, within 200 yards of the Couch-Cox line. Should the two wells already contracted for actually PROVE the field, a stock company will be formed for pipe line construction and deep well drilling.

We are greasier and wetter than we ever were before. Wish we knew how to pull the legs of these oily magnates.

Sol Mayer of Balmorhea and owner of the T half circle ranch in Sutton, Schleicher and Crockett counties has leased his large holdings, 70,000 acres for oil development purposes.—Nuevo del Rio Diablo.

Tulsa Producing and Refining Co. Spud in Montgomery No. 1. Friday afternoon the Tulsa producing & Refining Co. spudded in their Montgomery No. 1 on the Montgomery property South of Comanche.

This well opens up a new section of territory south of Comanche and has made a strong market for the leases in that section. These people, when they start a well, make record progress, as has been shown in their drilling on their Frits No. 1, and their work of erecting the rig on the Montgomery property has been speedy, in spite of the terrible road and weather conditions. Within the next few months developments will show the strata of the section south of Comanche and some of the biggest oil men in the State are confident that the Tulsa test will show that there is oil under that part of the county.—Comanche Chief.

Good Things in View for Ozona

The Ozona Chamber of Commerce will hold its regular meetings on the first Tuesday evening in each month at 6:15 o'clock.

It is desired and earnestly insisted upon that every member attend, and that every citizen of the town become a member.

This organization comes upon the scene of action exactly at the right time—at the psychological period of the town's industrial development. It can be made a powerful factor for material prosperity in the town and county.

More than anything else, we need good roads in the county. Next in order of importance,

Ozona needs a good hotel.

At least one cement causeway should cross the "draw" to connect the main part of town with "Brooklyn" suburb. Broad should be extended to the Brooklyn bluffs. Powell avenue needs a lot of work.

Ozona needs protection against fire.

All these things, and much other good work, the Chamber of Commerce will either do, attend to doing, or help to attend to. There's a mighty good time coming for Ozona and it's almost here. Get on the towline.

Question of the Hour: "What are you planting?" The best crop right now would be planting dollars in our sixty-day Cash Sale. Nairn & Nairn, Big Lake.

PEACE ON EARTH

After years of strife, the Spirit of Peace is once more with us, for which we are duly thankful.

As heretofore it shall be our aim to make well and trade fairly. To trade not alone in dollars, but in the good will of those with whom we deal. To correct our errors, to improve our opportunities and create.

COMPLETE PLANS FOR SOCIETY OF NATIONS

COMMISSION ADOPTS DRAFT OF TWENTY-SIX ARTICLES AS A WHOLE.

FRANCE LOSES BIG POINT

Proposed for World Army to Protect Supported Only by French and Jugo Slavs.

The Bourgeois proposition inter-allied military force to be peace has been defeated at meeting of the society of nations commission. The French and Czechoslovak were the only representatives voting in the affirmative.

The draft of the society of nations plan was then unanimously adopted as a whole. The final draft consists of twenty-six articles.

President Wilson will personally read the draft to a preliminary meeting of the peace conference later. The conference will not be asked to finally adopt it at this time.

The Japanese delegates presented an amendment providing that racial discrimination should not be tolerated in immigration laws.

Several delegates urged that this would open such a large question that great delay might ensue, and the matter was dropped without a vote.

The proposed arbitration of the Italian-Jugo Slav frontier question is for the moment in abeyance. The Italian premier, Vittorio Orlando, asked President Wilson to be arbitrator, without first consulting the king and the cabinet, and if necessary the parliament. The president added that he would prefer not to be loaded with the responsibility to arbitrate, but was willing to act as a friendly intermediary.

A deputation has arrived in Paris from Fiume to present before the peace conference documents in behalf of the claim of Fiume to be united with Italy.

The United States, under the society of nations plan as it now has been amended will maintain an army of not less than 500,000 men, which, after the authorization of such action by the United States senate, could be used wherever necessary.

This provision was agreed upon by the society of nations commission, as a solution of the difficulties in the way of the plan arising from the American constitution.

Revenue Measure Up to President

Washington.—Final legislative action on the war revenue bill levying \$6,000,000,000 in taxes this year and \$4,000,000,000 yearly thereafter until revised, has been taken by the senate. Without a record vote and with but a few scattering "noes" the conference agreement or the measure was adopted as approved last Saturday by the house. After the bill is signed by Vice President Marshall and Speaker Clark it will be sent to the White House for approval by President Wilson.

Testimony Ended in Ranger Inquiry

Austin, Tex.—The investigation of the state ranger force was brought to a close Thursday evening. Just before closing counsel for the adjutant general's department tendered Adjutant General J. A. Harley and Captain W. M. Hanson for examination by members of the committee or Representative J. T. Canales. Neither wished to examine them. Some other witnesses were dismissed without having gone on the stand.

Landless Amendment Passed.

Austin, Texas.—The plan to provide land for the landless is to be submitted to the people on May 24, the senate having finally adopted the house joint resolution proposing an amendment to the constitution embodying the proposition. It would permit the state to give financial aid to heads of families to acquire and improve rural homes, the repayment to be made on long time.

J. S. Kendall Dies in New York

Dallas.—J. S. Kendall, prominent Dallas business man for a number of years, until elected president of the Missouri State Life insurance company in October, 1918, died recently in Bellevue hospital in New York. Death followed a severe attack of influenza.

Would Pay Governor \$10,000

Austin, Tex.—The senate has adopted the Hertzberg joint resolution proposing an amendment to the constitution, to be voted on in the November general election of 1920, increasing the Governor's salary to \$10,000 a year.

Germans Have Quit Fighting Poles

Zurich.—The German offensive against the Poles has been suspended.

Major General Buck Is Honored

Waco, Tex.—To receive a decoration from the French government second only to that which has been bestowed on General Pershing and Marshals Foch and Joffre, is the honor that has been conferred on Major General Beaumont B. Buck, commanding officer of Camp MacArthur. General Buck has been notified by the war department that the French government has appointed him commander of the Legion of Honor, and the decoration has been received.

FRANCE DESIRES AN INTERNATIONAL ARMY

BOURGEOIS SUGGESTS FORCE BE STATIONED IN FRANCE TO RESIST ATTACK.

Paris.—As a result of Tuesday's meeting of the peace conference commission on the society of nations doubts were expressed for the first time that the project for the organization of the society would be completed before President Wilson's departure for the United States.

Questions have arisen within the commission of such a nature that they may prolong the discussions and this has given rise to serious apprehension that the perfected draft of the plan will not be completed by Feb. 16, the date provisionally set for the president's departure.

It is understood that among other subjects considered was the project for an international military force, urged by Leon Bourgeois of the French delegation.

A proposal to change the allied armistice policy and greatly shorten the armistice periods is understood to be before the supreme war council. This proposal calls for the limiting of the armistice periods to about ten days, at the end of which time new terms would be imposed on Germany.

The sentiment is expressed by many in attendance on the peace conference that this would give the allies a better hold on the situation and enable them to meet the constantly changing conditions.

Ebert Warns Against Drastic Terms.

Basel, Switzerland.—Chancellor Ebert in his address to the German National assembly at Weimar said, "The conditions of the armistice have been of unheard-of severity and were carried out without shame. We warn our adversaries not to push us too far. Like General Winterfeldt, the whole German government might also eventually be forced to renounce from collaborating in the peace negotiations."

Cotton Meeting February 22.

Dallas.—A conference of delegates representing all the cotton interests of the southern states has been called for February 22 by the meeting in Dallas. This conference will be held at New Orleans. At that time the complete plans for reducing last year's cotton acreage at least one-third will be worked out. The conference in session here will send a large delegation to New Orleans.

Houston Telephone Rates Higher.

Washington.—The telephone rates for the city of Houston as fixed by the post-office department have been ordered placed in effect by Postmaster General Burleson. The new rates are \$3 per month for a residence telephone and \$7.50 per month for a business telephone.

Survey of Rivers Urged.

Washington.—Briefs have been filed by Representative J. J. Mansfield, L. M. Hewitt of Navasota and Homer D. Wade of Freeport before the House Committee on Flood Control urging a survey of the Brazos and Colorado rivers in Texas.

Simpson Supports Auto Truck Tax.

Austin, Texas.—Judge Cecil L. Simpson of Dallas, has appeared before a sub-committee of the House Committee on Roads, Bridges and Ferries, in support of a measure to tax motor trucks that use roads of Texas.

Dusseldorf Strike Declared Off.

Cologne.—The strike of the official and professional classes at Dusseldorf is ended, the Spartacists having conceded most of the points demanded. Bourgeois delegates who had been imprisoned as hostages have been liberated.

Cotton Seed Quarantine Raised.

Austin, Texas.—The state of Oklahoma has raised its quarantine against Texas cotton seed, according to announcement made by E. E. Scholl, chief entomologist of the Texas department of agriculture.

Several Hurt in Car Accident.

Dallas.—Nine persons were injured, one of them possibly dangerously, as a result of two street car accidents in Dallas Tuesday morning during one of the densest fogs this city has had in several years.

Natural Gas Rules Stand.

Washington.—The fuel administration's natural gas regulations were not cancelled by the order suspending prices and other restrictions on coal and coke effective Feb. 1.

Land is Being Reoccupied.

San Angelo, Texas.—At least 60 per cent of the Tom Green county lands that were vacated during the drought have already been reoccupied.

Bank Robbed of About \$25,000.

Detroit, Mich.—Bandits who dynamited the vault of the Wayne Savings bank at Wayne, near here, secured nearly \$25,000 in cash, Liberty bonds, and other negotiable paper.

Amendment to Permit Higher Tax.

Austin, Texas.—A joint resolution to amend the state constitution so that special school taxes of as much as 10c on the \$100 of assessed property valuation could be voted has been introduced in the house.

GLASS ASKS CONGRESS TO DOUBLE NEXT LOAN

WANTS AUTHORIZATION FOR TEN BILLION—POWER TO FIX INTEREST RATE.

OFFERS DRAFT OF THE BILL

Country is in Readjustment Period, Glass Says—Conditions at Time Loan is Floated May Change.

Washington.—Secretary Glass has asked congress to increase the amount of Liberty bonds authorized but unissued to approximately \$10,000,000,000 and to give him broad powers to determine the interest rate and other terms of the Victory Liberty loan to be floated late in April. He also sought permission to issue not more than \$10,000,000,000 of treasury notes, maturing within five years, and asked that the war finance corporation be authorized for one year after the declaration of peace to make commercial loans on exports to facilitate foreign trade.

The secretary submitted a draft of a bill which would carry out the treasury's recommendations.

This bill would raise from \$5,000,000,000 to \$10,000,000,000 the authorization for the Victory Liberty loan. Permit the secretary of the treasury to determine interest rates on bonds maturing within ten years.

Permit the issue of not more than \$10,000,000,000 of interest-bearing, noncirculating notes, having maturities from one to five years.

Authorize the issue of bonds and notes payable at a premium.

Exempt war savings certificates from income surtaxes.

Center on the secretary of the treasury authority to determine the tax exemption in respect to future issues of bonds and notes.

Reopen the privilege of converting 4 per cent Liberty bonds into 4½.

Create a 2½ per cent cumulative sinking fund for retirement of the war debt.

Extend the authority of the war finance corporation to permit it to make loans in aid of American commerce.

Permit the continuation of loans to allies after the war.

Exempt from income surtaxes and profits taxes all issues of Liberty bonds and bonds of the war finance corporation held abroad.

SUFFRAGE RESOLUTION IS AGAIN DEFEATED

ONLY TWO VOTES ARE GAINED SINCE THE VOTE WAS TAKEN IN OCTOBER.

Washington.—For the fourth time the United States senate Monday defeated the resolution to submit a woman suffrage constitutional amendment to the states.

The vote proved a bitter disappointment to suffragists, who had counted on President Wilson and other democratic leaders to swing southern democrats in line.

Not one of those on whom the suffragists pinned their hope voted for suffrage.

The vote was 55 for suffrage and 29 against it. But as the eyes did not have two-thirds of the vote cast they were defeated.

The vote last October was 53 for suffrage to 31 against it.

Monday's defeat practically means that nation-wide enfranchisement of women must wait a long time. It will be impossible to get another vote this session, even were there any chance of converting the south, which thus again has blocked suffrage.

Big Navy Program Knocked Out.

Washington.—The Administration's big navy program was practically knocked out of the new navy bill on a point of order by Representative Mann of Illinois, which the chairman of the naval committee immediately offered a substitute in an effort to replace the invalid provision.

Viscount Grey Now Blind.

London.—The eye trouble with which Viscount Grey, former British secretary of state for foreign affairs, has been afflicted for years, now has culminated in total blindness.

Abolish department of agriculture.

Austin, Texas.—Senator Clark has introduced a bill repealing the statute creating the state department of agriculture and transferring the duties to the A. & M. college.

Anti-Pool Hall Bill With Governor

Austin, Texas.—The bill closing pool and billiard halls operated for profit was signed in both houses Monday and went to the governor.

University Building Committee Named

Austin, Texas.—At a recent meeting of the building committee of the university of Texas, subcommittees were appointed to determine the use and capacity of the present buildings and to consider the needs for new buildings. The committee to conduct its work in connection with the architect of the university, consists of H. Y. Benedict, E. C. H. Bentel, J. M. Bryant, A. C. Ellis, A. C. Judson, W. T. Mather, S. E. Gideon, J. C. Townes, Miss Lilla M. Casis.

A society to be known as the Fine Arts Association and to bring together in social intercourse people who are interested in the fine arts, is now in the process of formation in Houston.

The commissioners court of Gillespie county has commenced the building of vats throughout the county. Sixty vats are now being built and most of them will be finished this month.

There is no longer any doubt concerning deep oil in Brown county. The oil located in the northwestern part of the county at the depth of about 2,400 feet is the opening of another great oil pool.

The fifth annual convention of the Sheep and Goat Raisers' Association of Texas will meet at San Angelo June 25-27, according to a decision reached by a special committee of the association this week.

Legislation for the protection of hotel proprietors, who lose large sums of money every year through "short check" abuses, was urged by the Texas Hotel Keepers' Association, which closed its twelfth annual convention at Dallas Friday.

The County Judges and Commissioners' Association of Texas, at the closing session of its semi-annual convention Friday at Austin, Texas, selected Galveston as the next place of meeting to be held during August. County Judge Cecil L. Simpson of Dallas county was elected president.

A number of rice farmers of Wharton county who have yet a considerable quantity of rice in the fields are about to concede it lost. There are yet more than 5,000 acres of rice standing in shocks in Wharton county and entirely surrounded by water, which makes it impossible to haul the rice or to thrash it.

Roscoe P. Ady, manager of the publicity and research department of Fort Worth (Texas) chamber of commerce, has announced that the government's argon gas plant in North Fort Worth had placed an order for a 12-inch pipe line from the Petrolia field. The cost of the pipe is to be \$1,600,000 and the contract for laying the pipe, amounting to \$500,000, also has been let.

Dr. C. W. Goddard, who recently succeeded Dr. W. B. Collins as State health officer, in a statement issued this week, said that full knowledge of health conditions in Texas is desired by him before he undertakes to improve those conditions. To this end a bill has been introduced in the legislature which seeks to appropriate \$12,000 for a thorough health survey of an average Texas county.

Answering an inquiry by Lieutenant Governor Johnson, it was held by Assistant Attorney General W. J. Townsend that the child labor law does not apply to state employees; therefore, the use of boys as pages in the legislature at the state capitol is not inhibited by the said law.

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM CHILDREN AND THEY LOVE IT.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Adv.

An Amusing Servant.

Dr. J. Wesley Piggott, Indian missionary, said in an address in Pittsburgh:

"In India you can get an excellent servant for five or six cents a day—an excellent servant and an amusing one, too.

"A stately Indian once applied to me for a place as cook. His references were good and I decided to take him.

"Hold on, though," I said; "what's your religion?"

"Beg pardon, sar," he answered in his quaint way, "I am a heathen."

"What do you mean by a heathen?" I asked.

"Beg pardon, sar, a worshiper of stocks and stones," said he.

"Dear me," said I. "I'm afraid I can't have a man like that in my service."

"Beg pardon, sar," my Indian said persistently, "in your service work so hard no time to worship anything."

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

FIGHT BATTLES OVER AND OVER

Wounded Yanks in British Hospital Have to Be Amused.

ARE LIKE LITTLE CHILDREN

Now Their Job is Done They Will Fight to a Finish With Best Friends Over Question of Who Won War.

London.—Three wounded boys who are left behind in the hospital, the ones whose names were crossed from the lists of those who sailed away in time to reach home for Christmas, are the especial charge of the women who volunteered to work on the care committee of the Red Cross way back yonder last summer when there was a war on.

We thought that with the signing of the armistice our work soon would be over and the Christmas plans we already had begun to make were abandoned under the impression that there wouldn't be any wounded to entertain in England. But that was all a mistake; it seems as if our work might go on for quite a bit yet. Anyhow, our hospital at Tottenham is one of those which is still full. Every afternoon trains of ambulances pour out their burdens in our receiving wards just as in war times, and boys who have been for months in French or British hospitals are for the first time among their own home folks.

Wounded Captives Received. Then there are our wounded prisoners—now beginning to dribble back from Germany—to be looked after and made much of. To listen to their stories alone takes one person's entire time.

There was no bother about Christmas dinner at Tottenham. Uncle Sam saw to that ages ago. Every boy in the hospital here had such a Christmas dinner as he will remember for years. Sir Thomas Lipton gave a party, one of his many, and it had special Christmas frills. The boys who could be moved assert they had a bully time at Sir Thomas' house.

He understands American boys, and more, he gets people to help entertain who understand them, too, like them and don't contradict them when they declare that they won the war. It's all a matter of that little phrase with them. These children of a larger growth who have been massing in khaki these last few months have become children again; now their job is done and they will fight to the finish with their best friends over the question of who won the war. They just naturally can't keep off it. And some of the ones who arrived too late to fight at all declare that it's not won yet, and that wars and wars and wars are going to follow.

By night time they are all worn out with fighting it all over again and they sink back in their narrow little gray cots and the indulgent nurses—girls of our Denver unit in their quiet gray cotton dresses and their snowy caps—pass down the long wards tucking in this quivering battler, smoothing the forehead of that boy of nineteen who has lost all his faith in any government whatsoever because he lost his hospital allowance to a guy from Cincinnati before he had had time to even pack it in the cherished money belt the Red Cross gave him.

But most of the boys who are being left over here are seriously wounded and it is thought best for them not to take a sea voyage for a while longer; so we try to plan little surprises for

them week by week to pass the time until their joyful summons comes.

It isn't so easy, either, to think of something that will amuse a lad who must always lie on his chest to keep a piece of shrapnel lodged somewhere in his interior from floating into a locality where it may cause a great deal of damage.

Bracelets Are Praised.

Little silver bracelets with tags bearing the boy's full name and his military number are perhaps the most coveted trinkets, but as these cost \$1.50 apiece, they cannot be got by the dozen by a single person. And then by the time they were all engraved and the numbers verified in all probability the boys would be transferred and far away. I asked one boy how it was that Yanks were crazy to wear bracelets, and he said it was a little queer how the idea had taken, and then he added:

"What can you expect? We took to wrist watches because they told us fighting men wore them; we found they wouldn't go, but we got the habit of having something on our arms, and it all came down to this: if you've got your stuff chained to you it's yours; just once pry it off and you pass on and leave it. Just like we have left so many things we thought sure we couldn't get along without."

Wife of Poker Player Sues to Recover Losses

Boston.—Because her husband lost \$11,500 playing poker at a Roxbury club, Mrs. Eugene P. Grant has brought suit against the club and four of its members for \$24,000. Under the state law triple damages may be recovered for money lost in gambling.

LABOR UNREST ALARMS BRITAIN

Nearly All Trades Demanding Either Higher Wages or Shorter Hours, or Both.

BEER ISSUE AGAIN REVIVED

Dock Workers Complain of the Quality of Beverage and Shortage of Supply—Unions Strong and Well Organized.

London.—The industrial unrest prevalent throughout the country is causing serious anxiety, not only to large employers of labor, but even to conservative labor leaders. The labor leaders taking this attitude include J. H. Thomas, general secretary of the railwaymen's union, who warned a meeting of postal workers who were demanding a 42-hour week, more holidays and curtailment of night work, that "the industrial and economic position of this country gives cause for alarm."

Demand Shorter Hours.

The postal workers are only one of many trade unions which are demanding shorter hours with the present or better pay. Up to this time the demands of the miners have been embodied in the resolutions of the Southport Miners' Federation, who demanded that the government demobilize all miners in the army and that wages other than war wages be advanced 50 per cent.

ROGERS AND HIS RADIO

James Harris Rogers of Hyattsville, Md., is the inventor of a radio system by which wireless messages may be sent and received under ground or water without the use of aerials. The chief and obvious advantage of the invention is that it eliminates or greatly reduces static disturbances, both voluntary and involuntary, which have hitherto interfered with the complete success of wireless. This invention was practically perfected when the United States entered the war, and Mr. Rogers promptly offered it to the navy. It was adopted and played no small part in winning the war. In this photograph Mr. Rogers is shown with the apparatus which he has installed in his own premises, where he has received messages from Berlin, Paris and Rome. At his feet is a small case which contains a portable outfit for setting up anywhere a wire can be stuck in the ground.

THE KITCHEN CABINET

Die we must, but why be dying All our days? Turn away from faithless sighing, Turn to praise.

Show the courage of glad living In earth's need, And thy witness of thanksgiving Men will heed. I. C. Rankin.

A FEW GOOD COOKIES.

Take one cupful of sugar, one-third of a cupful of shortening, two teaspoonfuls of cream of tartar and one of soda, one-half cupful of milk and a little flour sifted with the soda and cream of tartar; add the rest of the milk and flour. Roll out and place the following filling on one and cover with another:

Filling.—Take one cupful of raisins, half a cupful of sugar, half a cupful of hot water, one tablespoonful of flour and the juice of half a lemon. Cook until smooth and thick. Put on the cookies and bake.

Ginger Cakes.—Take one and one-half cupfuls of shortening, one cupful each of sugar and molasses, two eggs, one teaspoonful of soda, dissolved in a half cupful of boiling water. Ginger, cinnamon, cloves and salt to taste. Add flour to roll and let stand on ice to chill before rolling.

Fruit Cookies.—Take three eggs, one scant cupful of shortening, one and one-half cupfuls of sugar, two cupfuls of flour, one teaspoonful of cinnamon, a teaspoonful of soda dissolved in one-half cupful of hot water. One cupful of grated coconut, one pound of dates cut fine, one teaspoonful of salt and lemon or vanilla extract for flavoring. This makes 40 small cakes. Bake in small tins or patty pans.

Jumbles.—Take one cupful of molasses, one-fourth of a teaspoonful of soda, beat well, add three beaten eggs, one cupful of brown sugar, one cupful of shortening, a half teaspoonful of salt, one-half teaspoonful of ginger, the same of cinnamon and four cupfuls of flour. Drop like drop cookies.

Ginger snaps.—Take one cupful each of shortening, molasses, brown sugar, add one beaten egg, one tablespoonful of ginger, one-half teaspoonful of salt, one teaspoonful of soda and flour to roll. Cook for six minutes after it begins to boil, the sugar, molasses and shortening; cool and add the egg, then the rest of the ingredients.

It is a good and safe rule to solemn in many places as if you meant to spend your life there, never omitting an opportunity of doing a kindness or speaking a true word or making a friend.—Ruskin.

DESIRABLE DESSERTS.

During the winter, steamed puddings and those rich in fat are more suitable and appetizing than in warm weather, so now is the time to make baked Indian puddings and suet puddings as well as others, rich with dried fruit.

Steamed Graham Pudding.—Cream one-fourth cupful of milk. Sift together one and one-half cupfuls of sifted graham flour, three-fourths of a teaspoonful of salt, two teaspoonfuls of baking powder, one teaspoonful of mixed spices and a cupful of raisins. Add to the first mixture and turn into a well-greased mold, steam two and one-half hours. Serve with

Cream Pudding Sauce.—Cream one-third of a cupful of butter substitute with two-thirds of a cupful of sugar; mix two teaspoonfuls of flour with one-half teaspoonful of salt, add four tablespoonfuls of cold water and when well mixed add one cupful of boiling water, stir and cook until smooth and thick. Just before serving add the butter and sugar and beat in with a wire whisk. Flavor with orange and serve.

Savoy Pudding.—When the hens are laying well will be a good time to serve this delicious pudding to the family. Scald one cupful of milk, add one-fourth of a cupful of butter substitute, one-fourth of a teaspoonful of salt; when the fat is melted add one-half cupful of flour and cook until the mixture becomes a smooth ball; add two tablespoonfuls of sugar, one cream cheese, grated rind of a lemon; press the cheese through a ricer and add to it the rind, then stir in the yolks of five eggs beaten thick and fold in the stiffly beaten whites. Put into a buttered baking dish and set in hot water; bake in a hot oven 40 minutes or until firm in the center. Serve with

Currant Jelly Sauce.—Simmer one glass of jelly, one cupful of boiling water and one-fourth of a cupful of sugar. When smooth add two teaspoonfuls of cornstarch mixed with three tablespoonfuls of cold water and one-fourth of a teaspoonful of salt. Stir until boiling, then cook for ten minutes.

Steamed Date Pudding.—Cream one-half cupful of fat with two-thirds of a cupful of sugar, add two-thirds of a pound of cooked chopped dates (pour boiling water over them and then drain), two beaten eggs, two-thirds of a cupful of bread crumbs, and the same of flour, two-thirds of a cupful of milk, two teaspoonfuls of baking powder and half a teaspoonful of salt. Steam two hours. Serve surrounded with slices of lemon, holding hard sauce.

Man Charged With Shipping Bibles to Dead Persons C. O. D. and Collecting \$5 Thereby.

Seattle, Wash.—A new way to get rich quick is alleged to have been discovered by F. J. Comeau of this city, whose complaint led to the arrest of Tacoma of H. A. Jourdan, who is accused of shipping Bibles to dead persons C. O. D. and then waiting for the cash to roll in from relatives.

Jourdan is alleged to have obtained the names of dead persons in the Northwest from obituary notices in the newspapers. As soon as the names and addresses were obtained Bibles were shipped with a bill for \$5 each. In almost every case the Bibles would arrive on the day of the funeral and the relatives would immediately send the \$5. The Bibles are said to be worth about 75 cents. To add dignity to the scheme the name of "Rev. Ira Worth," a mythical person, is alleged to have been used.

A Terrible Ordeal!

Gravel and Kidney Stone Caused Intense Suffering—Doan's Brought a Quick Cure.

Edw. J. Turcok, 4332 Eichelburger Ave., St. Louis, Mo., says: "I was taken with a terrible pain across the back and every move I made, it felt like a knife being driven into my back and twisted around. It lasted about half an hour, but soon came back and with it another affliction. The secretions began to pain me; the flow was scanty and burned like fire when passing. I had severe headaches and my bladder got badly inflamed, too, and I noticed little particles of gravel in the secretions. Doan's Kidney Pills had been recommended to me and I began their use. The first half box brought relief and I passed a stone the size of a pea. It was a terrible ordeal and afterwards a sandy sediment and particles of gravel settled in the urine. I got more of the pills and they cured me. The inflammation left and there was no more pain or gravel. I now sleep well, eat well and my kidneys act normally. Doan's Kidney Pills alone accomplished this wonderful cure."

HOW STRASSBOURG CELEBRATED

After 50 years of German oppression, liberated Strassbourg celebrated the victory of the allies. Placards extolling Wilson, Clemenceau, Foch, Poincare and Lloyd George occupied prominent places in the windows; the allied flags flaunted from the staffs, while wreaths and ribbons were strung artfully with swinging lanterns from the cornices.

Question of the Hour: "Get any Valentines?"

Text for Today: "A fool also is full of words." Ecclesiastes 10: 14.

Mr. Speaker, Sir! I move that the legislature be prohibited, Sir!

Next Saturday, the 22nd, will be Washington's Birthday, and also Arbor Day. Plant a tree!

This whole section is wet.—Eagle Pass Herald. Coming as soon as I can crank up, Austin.

Coleman Dem-Voice denies that the legislature has prohibited forty-two playing, and says that the iniquity is still flourishing. Land sakes!

LOST—On San Angelo road an overcoat containing a pair of gloves in pocket and a wagon sheet.—Ad. in Eldorado Success. Some pockets, eh, what!

I hope the big papers will soon settle the question whether "Vernon Castle's widow" is engaged to that fellow, so they will give us something more about the other important issues that are shaking the world.

Then that Fort Worth paper has her picture on the front page, tagged: "Mrs. John E. Liggett, the prettiest woman at Palm Beach." She ain't near as pretty as some of the Ozona girls, but she's pretty enough. Noting the picture more attentively, however, I wonder if the letters e and i in Mrs. Liggett's name should not be transposed?

Now, you fellows quit shooting ducks from your airplanes, thataway. It is "prohibited."

Josh'd better take his Sheep and Goat Raisers' Magazine to Del Rio, instead of Fort Worth. What's the use for a man with a big thirst getting still farther away from "The Land of God and Liberty"?

A lot of ridicule has been heaped upon the legislature for prohibiting everything from hunting horned toads to predicting the weather, but the law makers will remain in blissful ignorance of it all unless they learn to read.

The former clown prince and the used-to-be emperor of Austria are both suing for divorce and their wives are tickled deliciously. You see they are both fine women, and they thought they were marrying men.

Joe Boehmer, the ramrod of the Eagle Pass Daily Guide, himself an old-time inmate of the legislature, says those chaps up at Austin are mostly hillbillies, and if the people were not such cowards they would rise in their might and drive the damphool lawmakers into the Gulf.

"Congressman Hudspeth, speaking from his former seat in the Texas Senate, said that he intended to devote all the rest of his life to efforts in behalf of the working girl."—Daily Paper Note. I am copying that in justice to Mrs. Hudspeth. She may not be a very close reader of the dailies, but "Miss Mary" never skips a line in The Stockman. Claude will have to be good.

Who can blame me for lambasting the daily papers, especially the Fort Worth Star-Telegram? That paper advertised a "Promenade des Fashions by the Perfect 36 Chorus of the Flo-Flo Company." It was to be in a show window of one of the big stores. Wife saw me anxiously studying the ad., and then the calendar, and remarked: "You can't get there in time, William." And I couldn't.

I have had a number of really BEST citizens give me a cordial handshake and words of vigorous endorsement on that editorial in reference to swift punishment for the brute who outrages and murders our helpless innocents, and many of the leading representative newspapers have editorially endorsed my position. There has been just one exception—the Edwards County Leader. Editor of that paper is horrified that I should presume to question the justness of any editorial policy announced by the "great and glorious" San Antonio Express, which seeks to deny the red-blooded men of Texas the poor satisfaction of defending their homes against lecherous black beasts.

Jim Harkey Hurt. Our Soldiers Return

Jim Harkey was the victim of a very serious accident yesterday (Wednesday) morning at his ranch near Sheffield. He was knocked off his wagon by a pole he was hauling and fell on his back, the pole falling across his chest. Dr. Cox was called from Ozona, and, after a careful examination, states that two ribs were broken on Harkey's left side up near his heart, and he is otherwise badly bruised, but his injuries are not dangerous. Jim Harkey is a fine fellow, and many friends hope he will soon be up and about again.

A letter received from Mrs. Milton Puckett, formerly of Ozona, states that her son Clayton has been given his discharge, and will be home about the first of March. His mother is naturally very happy and we shall all be glad to see her soldier boy once again. Sargeant Dim Patrick, returned from France, has brought back quite a number of curiosities. He was allowed to retain his helmet and his gas mask. He also has French, British, and Belgian coins. It is quite interesting to

examine these articles and to hear Dim talk about his experiences on the other side of the puddle. He is leaving today for Frankston to tell her all about it.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on. For sale by W. E. Smith Co.

When You Can't Sleep

and you get up as tired as when you went to bed, it is a sure sign that your nerves are out of tune. If this continues long, a nervous breakdown and a train of ills are bound to follow. The experience of Mrs. H. L. Redman, of New Haven, Conn., will interest you. She says: "For several months I suffered from extreme nervousness and sleeplessness. My nerves were completely strung. After doing light housework I was completely fatigued, and loss of sleep made the nights seem long and tiresome. I began taking DR. MILES' NERVINE and the first night I slept soundly all night. I can truthfully say DR. MILES' NERVINE completely cured me." DR. MILES' NERVINE is a safe, reliable medicine for all nervous disorders, such as sleeplessness, nervousness, hysteria, headaches, neuralgia, etc. It is non-alcoholic and contains no harmful drugs. It has been helping nervous, distracted, discouraged sufferers back to health for 20 years. Ask your druggist about it.

Warwicks Tonight at the Majestic.

The Warwicks come highly recommended as entertainers, each member of the troupe being a solo artist on his special instrument—besides, they are singers of ability.—Mertzon Star.

The Warwicks are booked for the Majestic, in Ozona, tonight. If you have not already secured your reserved seats, get them at Smith's drugstore.

Mr. and Mrs. T. J. Brown are home again from Ranger.

Homer Adams has returned to Ozona.—Sanderson Times.

Misses Tinié Barker and Pearl Graham visited Mrs. Chas. Lindley at Barnhart last week.

The Ozona Odd Fellows expect to meet tomorrow night, have some eats and try to get going right once more.

Please don't forget that Roy Parker is still agent for the Model Laundry and wants to send for your laundry.

Miss Mattie Stricklen came home from Sutton county, where she is teaching school, to spend the week-end. Her brother Risto took her back Sunday afternoon.

Mrs. Leonard Russell returned from a visit to her sister, Mrs. Glasscock, at Sonora, and was accompanied home by her sister, Miss Alice Stokes, for a visit.

Roy Parker says to tell you he has received his Spring samples, and to come in and select that new suit you promised to make yourself a present of.

Joe Oberkamp says it is really surprising how many Ozona men love their own wives. They have been buying those beautiful oil stoves for them right along.

Bill Murchison is doing extra nice work now in cleaning and pressing the ladies' skirts for classy winter wear. Also please phone Bill to send and get your laundry.

Frank Hamilton, a young man charged with forging Wm. Dehnhart's name to a check on the Ozona National Bank for \$10.00, waived an examination Tuesday before the Justice of the Peace and was bound over to the grand jury in the sum of \$500.

Rev. Carson and a party of the B. Y. P. U. young people are leaving for San Angelo to where State Secretary Gardiner is conducting a course of instruction for this district. Rev. Carson gave the initial training at the Baptist church here.

Be reasonable, neighbor! If you expect your wife to raise you a garden, get her some good hose—garden hose. See it about that, and about fixing those pipes, and that bath room business, and all that. "Summer is coming and you will be wanting to take a bath SOME time. I'm the doctor." Joe Oberkamp.

The firm is Nairn & Nairn. The town is Big Lake. The county is Reagan. The goods are fresh and fine. The prices are way down. Give us a cash trial order. You will hug yourself, and your wife will hug you, over the result.

Ozona's New Medical Firm.

Our good friend and "Old Reliable" standby, Dr. George W. Cox, who has gone with us so faithfully thru all our troubles, has entered into a partnership with Dr. A. G. Blanton, who has just moved to Ozona from San Angelo. The firm will be Drs. Cox & Blanton. Dr. Blanton comes well spoken of, and the fact that Dr. Cox is willing to give him the prestige of a partnership arrangement ought to satisfy us, at any rate, that he is all that we could wish in a physician. The new firm will do well with two good men equal to every responsibility.

Incidentally, Dr. Cox asks that all who are indebted to him for professional services settle such indebtedness at once.

LAST HOURS of WASHINGTON

INTIMATE FACTS DISCLOSED BY DIARY KEPT BY TOBIAS LEAR, SECRETARY OF THE FIRST PRESIDENT

PAINTING DEPICTING LAST MOMENTS OF WASHINGTON

COMPLETE account of the last days of George Washington, first president of the United States, was written by Tobias Lear, who was his private secretary and intimate companion for many years. This account, which was the only one written, has been preserved, and as it has been garbled and distorted in the biographies of Washington it is herewith presented as a matter of historical reference. For the sake of brevity, however, minor details will be summarized. Mr. Lear dates his account "Mount Vernon, Saturday, December 14, 1799," and he wrote as follows:

"This day has been marked by an event which will be memorable in the history of America, and perhaps of the world. I shall give a particular statement of it, to which I was an eyewitness.

"On Thursday, December 12, the general rode out to his farm about ten o'clock and did not return home until past three. Soon after he went out to the weather became very bad—rain, hail and snow falling alternately, with a cold wind. When he came in I carried some letters to him to frank, intending to send them to the post office in the evening. He franked the letters, but said the weather was too bad to send a servant to the office. I observed to him that I was afraid he had got wet. He said no; his greatcoat had kept him dry. But his neck appeared to be wet and the snow was hanging upon his hair. He came to dinner (which had been waiting for him) without changing his dress. In the evening he appeared as well as usual.

"Friday, December 13, 1799. A heavy fall of snow took place on Friday, which prevented the general from riding out as usual. He had taken cold, undoubtedly, from being so much exposed the day before, and complained of a sore throat. He, however, went out in the afternoon into the ground between the house and river to mark some trees which were to be cut down for the improvement of the spot. He had a hoarseness, which increased in the evening, but he made light of it.

Became Ill in Night.
"Saturday, December 14, 1799, 2:30 a. m. Between two and three o'clock Saturday morning he awoke Mrs. Washington and told her he was very unwell and had an ague. She observed that he could scarcely speak, and breathed with difficulty, and would have got up to call a servant, but he would not permit her, lest she should take a cold. As soon as the day appeared the woman (Caroline) went into the room to make a fire, and Mrs. Washington sent her immediately to call me. I got up, put on my clothes as quickly as possible and went to his chamber. Mrs. Washington was then up and related to me his being ill, as before stated. I found the general breathing with difficulty, and hardly able to utter a word intelligibly. He desired Mr. Rawlins (one of the overseers) might be sent for to bleed him before the doctor could arrive. I dispatched a servant immediately for Rawlins and another for Doctor Craik, and returned again to the general's chamber.

"A mixture of molasses, vinegar and butter was prepared to try its effects on the throat, but he could not swallow a drop. Rawlins came in soon after sunrise and prepared to bleed him. When the a. m. was ready the general, observing that Rawlins appeared to be agitated, said, as well as he could speak, 'Don't be afraid.' And when the incision was made he observed, 'The office is not large enough.' However, the blood ran pretty freely. Mrs. Washington, not knowing whether bleeding was proper or not in the general's situation, begged that much might not be taken from him, lest it should be injurious, and desired me to stop it; but when I was about to untie the string the general

put up his hand to prevent it, and, as soon as he could speak, said, 'More, more.' Mrs. Washington being still very uneasy lest too much blood should be taken, it was stopped after taking about half a pint. Finding that no relief was obtained from bleeding, and that nothing would go down the throat, I proposed bathing it externally with sal volatile, which was done, and in the operation, which was with the hand, and in the gentlest manner, he observed, 'It is very sore.'

Doctors Are Summoned.
"In the meantime, before Doctor Craik arrived, Mrs. Washington desired me to send for Doctor Brown of Port Tobacco, Md., whom Doctor Craik had recommended to be called if any case should ever occur that was seriously alarming. Doctor Craik came in soon after and put a blister of cantharides on the throat, took some more blood from him and had a gargle of vinegar and sage tea prepared, and ordered some vinegar and hot water for him to inhale the steam of it, which he did, but in attempting to use the gargle he was almost suffocated. When the gargle came from the throat some phlegm followed, and he attempted to cough, which the doctor encouraged him to do as much as possible, but he could only attempt it.

"11 a. m.—Doctor Craik requested that Doctor Dick be sent for, as he feared Doctor Brown would not come in time. A messenger was accordingly dispatched for him. About this time the general was bled again. No effect, however, was produced by it and he remained in the same state, unable to swallow anything.

"3 p. m.—Doctor Dick arrived about three o'clock, and Doctor Brown arrived soon after. Upon Doctor Dick seeing the general, and consulting a few minutes with Doctor Craik, he was bled again. The blood came very slow, was thick, and did not produce any symptoms of fainting. Doctor Brown came into the chamber soon after, and upon feeling the general's pulse the physicians went out together. Doctor Craik returned soon after. The general could now swallow a little. Calomel and tartar emetic were administered, but without effect.

"4 p. m.—About four o'clock he desired me to call Mrs. Washington to his bedside, when he requested her to go down into his room and take from his desk two wills which she would find there and bring them to him, which she did. Upon looking at them, he gave her one, which he observed was useless, as being superseded by the other, and desired her to burn it, which she did, and took the other and put it in her closet.

Knew End Was at Hand.
"After this was done I returned to his bedside and took his hand. He said to me, 'I find I am going. My breath cannot last long. I believed from the first that the disorder would prove fatal. Do you arrange and record all my late military letters and papers. Arrange my accounts and settle my books, as you know more about them than any one else, and let Mr. Rawlins finish recording my other letters which he has begun.' I told him this should be done. He then asked if I recollect anything which it was essential for him to do, as he had but a very short time to continue with me. I told him that I could recollect nothing, but that I hoped he was not so near his end. He observed, smiling, that he certainly was, and that, as it was the wish which we must all pay, he looked to the event with perfect resignation.
"5 p. m.—Doctor Craik came again into the room, and upon going to the

bedside the general said to him, 'Doctor, I die hard, but I am not afraid to go. I believed from my first attack that I should not survive it. My breath cannot last long.' The doctor pressed his hand, but could not utter a word. He retired from the bedside and sat by the fire absorbed in grief.

"6 p. m.—Doctor Dick and Doctor Brown came into the room, and with Doctor Craik went to his bed, when Doctor Craik asked him if he could sit up in bed. He held out his hand, and I raised him up. He then said to the physician, 'I feel myself going. I thank you for your attentions, but I pray you take no more trouble about me. Let me go off quietly. I cannot last long.' They found that all which had been done was without effect. He lay down again, and all retired, except Doctor Craik.

Physicians Abandon Hope.
"8 p. m.—About eight o'clock the physicians came again into the room and applied blisters and cataplasms of wheat bran to his legs and feet, after which they went out, except Doctor Craik, without a ray of hope.

"10 p. m.—About ten o'clock he made several attempts to speak to me before he could effect it. At length he said, 'I am just going. I am decently buried, and do not of my body be put into the vault in less than three days after I am dead.' I bowed assent, for I could not speak. He then looked at me again and said, 'Do you understand me?' I replied, 'Yes.' 'Tis well,' he said.

"About ten minutes before he expired (which was between ten and eleven o'clock) his breathing became easier. He lay quietly; he withdrew his hand from mine and felt his own pulse. I saw his countenance change. I spoke to Doctor Craik, who sat by the fire. He came to the bedside. The general's hand fell from his wrist. I took it in mine and pressed it to my bosom. Doctor Craik put his hands over his eyes and he expired without a struggle or a sigh.

"While we were fixed in silent grief, Mrs. Washington, who was sitting at the foot of the bed, asked with a firm and collected voice: 'Is he gone?' I could not speak, but held up my hand as a signal that he was no more. 'All is over now. I shall soon follow him. I have no more trials to pass through.'
"At the time of his decease Doctor Craik and myself were in the situation above mentioned. Mrs. Washington was sitting near the foot of the bed. Christopher was standing near the bedside. Caroline, Molly and Charlotte (servants) were in the room, standing near the door."
At the time of Washington's death congress was in session in Philadelphia. When the news was received both houses immediately adjourned. A joint committee of the two houses was appointed, which reported resolutions recommending that a marble monument should be erected to commemorate the great events in the military and political life of Washington; that an oration suited to the occasion should be pronounced in the presence of both houses of congress; that the people of the United States should wear crepe on the left arm 30 days as a badge of mourning; and that the president, in the name of congress, should be requested to write a letter of condolence to Mrs. Washington.
From that time the American people have honored the father of their country on his birthday to demonstrate by speech and act their appreciation of his virtues; and to reaffirm the eternal principles of liberty and democracy of which he was the foremost champion.

FOR BETTER ROADS

URGES RESUMING ROAD WORK

President Favors Earliest Possible Resumption of Highway Construction—His Letter.

(Prepared by United States Department of Agriculture.)

President Wilson favors the earliest possible resumption and extension of highway construction under the federal aid road act and has written Secretary of Agriculture Houston to that effect. The secretary of war also has written the secretary of agriculture in favor of highway work.

The president's letter follows:

"Dear Mr. Secretary:

"I heartily agree with you that it would be in the public interest to resume in full measure the highway construction operations under the federal aid road act, and to do so as speedily as possible. I understand the necessity which existed for their contraction during the stress through which we have been passing, but that obstacle is now removed. I believe that it would be highly desirable to have an additional appropriation made available to the department of agriculture, to be used in conjunction, if possible, with any surplus state and community funds, in order that these operations may be extended. It is important not only to develop good highways throughout the country as quickly as possible, but it is also at this time especially advisable to resume and extend all such essential public works, with a view to furnishing employment for laborers who may be seeking new tasks during the period of readjustment. Knowing that the department of agriculture and the state highway authorities in each state have been carefully working out road systems and developing plans and specifications, I have no doubt that all activities in this field can be vigorously conducted through these two sets of existing agencies, acting in full accord.

"Faithfully yours,

"WOODROW WILSON."

The following letter has been received from Secretary of War Baker: "My Dear Mr. Secretary: "I am in full agreement with your view that there should not only be a prompt resumption of road construction under the federal aid road act, and under such further authority as may exist for separate state action, but also that additional funds should be made available to your department for

the extension of such work. The war department, as you know, detailed one of its officers to serve your bureau of public roads in its consideration of highways which might have a value for military purposes, and I shall be glad to have the closest possible cooperation continue as the work enlarges.

"Cordially yours,

"NEWTON D. BAKER,

"Secretary of War."

PREPARE ROADS FOR WINTER

Ditches Along Highways Should Be Opened Before Ground Freezes—Then Use Drag.

See that all drain ditches along the road are opened before the ground freezes; then smooth, drag and pack the center of the road, and you will have provided for the essential drainage, without which we cannot expect to have good highways. All rocks should be picked out of the track before they freeze to the ground, harassing both man and beast when they pass over them during the winter months. Low places at bridges and culverts should be filled and leveled up to make winter travel more enduring. Repair holes in bridges, to guard against serious accidents by some horse getting his foot fast—perhaps breaking his leg.

Civilizing Agency.

Napoleon and Caesar left their most imperishable monuments in roads.

They are the greatest and surest civilizing agency.—Frederick Chamberlain, in "The Philippine Problem."

Good Roads Led to Rome.

In the days when all roads led to Rome it was because Rome built good roads.

Good for Everybody.

Good roads are good for everybody.

13 Dollars—13 Cents

When Swift & Company paid, say,—13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents! In other words, if we had paid \$13.13, we would have made no profit.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together—which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located, branch houses, refrigerator cars, etc.), and an army of men and women chosen and trained to do their special work.

This, and many other points of interest, are found in the Swift & Company Year Book for 1919, just published which is brought out for the public as well as for the 25,000 Swift & Company shareholders.

The Year Book also represents the packer's side of the Federal Trade Commission investigation, upon which Congress is asked to base action against the industry.

Many who have never heard the packer's side are sending for the Year Book.

Would you like one? Merely mail your name and address to the Chicago office and the book will come to you.

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germ-laden channel of disease, one or the other.

The new remedy for the blood is

RICH-TONE, The Famous TONIC
the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick.

RICH-TONE, The Famous TONIC
is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects that no other can.

Mr. Wimsatt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

Tell your druggist this is the kind you want and that you won't have any other. He'll get it for you. Only \$1.00 per bottle.

Two ladies made a formal call on a distant acquaintance. The maid asked them to wait until she ascertained whether the person inquired for was in. Presently she tripped downstairs and announced that the lady was not at home. "One of the callers, finding that she had forgotten her cards, said to her friend, 'Let me write my name on your card.'"

"Oh, it isn't at all necessary, miss," put in the maid cheerfully. "I told her who it was."

DREADED FOR NIGHT TO COME

Texas Lady, In Pretty Bad Fix, Heard of Cardui, Tried It, And Now Says It Saved Her Life.

Chilton, Texas.—Mrs. Mary Reese, of this place, states: "Some time ago I was quite sick and suffered a great deal. I had been suffering quite awhile. . . . At times I had such severe pains in my back, across my hips and in my sides,—I was in a pretty bad fix. . . . I was so restless I dreaded for night to come."

Having heard of Cardui, I thought I'd try it. . . . I commenced to get better with my first bottle. I took six bottles of Cardui, and will tell any woman what this Cardui Home Treatment can and will do if taken according to directions. We not only feel it cured but. . . most likely saved my life. I am able to do my work with ease and know Cardui did it."

Cardui has been found to relieve many womanly pains and ailments, and thousands of women have written to tell of the benefit it has been to them, in cases of female troubles and weakness.

Cardui is prepared from mild, medicinal ingredients, which act as a tonic and help build up health and strength in a natural manner.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

SEVERAL MEASURES OF IMPORTANCE AND MANY LOCAL BILLS PASSED.

Senate

Austin, Texas.—House bills on the senate calendar, which went to third reading were finally passed in the senate in short order. A number of local bills were included.

The house bill defining what shall constitute actual fraud and making liable to suits for damages those who sell land by means of false promises or misrepresentations was finally passed as amended. The amendment attached provides that the act extend to sales of joint stock.

Other house bills finally passed were the bill increasing the salaries of jurors and bailiffs to \$3 a day; the bill making privileged publication of legislative committee proceedings of commissioners' court and other bodies, and the bill providing nure for the women's confederate home.

The bill providing an appropriation of about \$5,500 to bore a deep water well at A. & M. college was finally passed. The bill to amend the law governing the sale of public lands by reducing the first payment from one-tenth to one-fortieth was finally passed. This applies to land without the actual settlement feature. The bill carried an amendment to reserve the mineral, oil and gas rights to the state.

The bill known as the marital rights bill, was called up and finally passed. This bill more clearly defines separate and community property and gives the wife control over her separate property.

The concurrent resolution providing for asking permission of the federal authorities for the state to make plans to use during the next two years funds provided by the Smith-Hughes act for vocational training was adopted.

The bill providing an emergency appropriation of \$21,000 for the payment of teachers' salaries at the College of Industrial Arts was finally passed.

The bill providing for the validating of the charters of cities of more than 5,000 population organized since the act of 1913 was finally passed.

Senate Committee on Constitutional amendments reported favorably on the house joint resolution abolishing the fee system and proposing to pay state, county and precinct officers salaries. The date of election is made November, 1920, at the general election.

Senate joint resolutions providing for the removal of the present maximum limit of taxation for independent school districts was favorably reported.

An unfavorable report was made on the bill providing for uniform compensation in ginning cotton and for a uniform price for wrapping.

The bill providing for the closing of butcher shops and grocery stores all day Sunday was finally passed.

Austin, Texas.—In the senate a concurrent resolution was unanimously adopted putting the senate on record and asking the house to concur therein as being opposed to an increase in the appropriation bill enacted by the last legislature, unless it can be shown that a great injustice would be done to an individual or that the state's interest would suffer without it. The resolution set forth that from reliable information it appears that \$28,000,000 will be available for the state government for the next two years; that about double that amount is being asked for by the various departments of government and state institutions, including the increase of salaries of practically all of the employes and the erection of many new buildings.

It is estimated by Land Commissioner Robins that \$3,000,000 will be saved to the school fund by the bill which has passed finally in the senate. The bill provides for the sale of all excess acreage in surveys of the Houston and Texas Central railway and other surveys. The bill as amended in the senate reserves to the school fund any minerals that may be found under the land but permits the state to lease the right to prospect for oil and other minerals and the state to get one-eighth royalty on all oil, gas or other minerals that may be produced.

Austin, Texas.—Senate committee on state affairs has reported favorably on the concurrent resolution providing for sine die adjournment of the legislature on Friday, March 11.

A senate bill authorizes the commissioner of the general land office to lease lands under the control of the prison commission, to prospect for oil and other minerals.

Passes Bill to Record Discharges. Austin, Texas.—The house has finally passed the Terrell bill, which authorizes county clerks to keep the records of honorable discharges of soldiers of the recent war.

Would Make Cafes Safe.

Austin, Texas.—Tipping in Texas would be punishable by a fine of not exceeding \$100 in the event the bill which has been introduced in the lower house of the legislature should become a law.

A bill has been introduced in the senate, amending the primary election law so as to provide for majority nominations for all candidates for office from constable to governor. A senate bill has been introduced which will give married women the same right as men to become subscribers, stockholders, officers and directors of corporations created for profit.

House

Austin, Texas.—The house finally passed the senate bill providing that the interest of a mortgagee or trustee under any fire insurance policy shall not be invalidated by any act or owner of the property.

Another senate bill, an act to forfeit the interest of any beneficiary under a life insurance policy or contract when the beneficiary is the principal or accomplice in bringing about the cause of the death of the insured, was passed by the house.

The senate bill giving counties that borrowed money from the state under the drought relief plan two additional years in which to pay the principal, was finally passed.

The house also passed finally the bill to regulate the payment of filing fees by corporations.

The House Committee on Common Carriers has passed favorably on the senate bill giving to oil pipe line concerns the rights of eminent domain.

Affiliation of private and parochial schools with the state public school system is provided in a house bill.

The house bill to increase the number of regents of the universities and governing boards of institutions was indefinitely postponed after much debate.

Despite stern opposition, the bill to permit the return to Texas of ousted corporations was finally passed by the house.

Provision for collecting and assessing the taxes of drainage and road districts by county officials are included in an amendment offered in the house.

The general conservation and reclamation bill has been introduced in the house.

Austin, Texas.—Reform of the Texas judicial system in keeping with the federal court system has been adopted by the house. This measure was offered as a substitute to the joint resolution offered early in the session. The original resolution was prepared by the Texas Bar association. That substituted is almost a copy of the federal constitution in its regulation of the courts. The vote was 108 to 8. The substitute adopted provides for supreme court of nine members and gives the supreme court certiorari appellate jurisdiction over the court of criminal appeals. It calls for "such other inferior courts as the legislature may from time to time ordain and establish."

The house passed to engrossment the house bill exempting discharged soldiers from the payment of a poll tax for 1919-20.

A resolution was also adopted requesting the state superintendent of public instruction to confer with the federal board of education in an effort to waive certain regulations in order that the state may participate in the appropriation for vocational education under the Smith-Hughes act. The allotment for Texas this year is \$60,000 and because of restrictions only \$20,000 has so far been allowed.

A graduated plan for capitalizing state banks according to the population of cities and towns in which they are located is provided in a house bill just introduced.

The house has engrossed the bill to give tax collectors 2 per cent of gross receipts of automobile licenses. At present the collectors get 1/2 of 1 per cent for these collections.

In the lower house of the legislature a resolution was adopted requesting the United States senate to pass the appropriation of \$200,000,000 attached to the postal bill, for the construction of post roads.

Austin, Texas.—An unfavorable report has been returned by the agricultural committee on the bill which would require all rural schools to operate a small farm. In addition the measure proposed to teach industrial training in the rural schools.

Provisions for the return to Texas of all corporations ousted under the anti-trust statutes are included in the house bill engrossed Monday by a vote of 57 to 56.

A bill to allow teachers holding first-grade certificates to be given permanent certificates after eighteen months of teaching was reported adversely by the education committee.

Approval of the House Committee on Education has been given to the bill providing for the appointment of county superintendents of education. This bill also would repeal the present statute, which makes these officers elective. The bill makes these appointments subject to the county board of trustees.

May Not Print Ranger Testimony. Austin, Texas.—Unless there should be some further action, the testimony now being adduced and recorded in the investigation of the state ranger force will not be printed.

Col. Lindsley Declines Nomination. Dallas.—Because of the importance of his work in the War Risk Insurance bureau, Colonel Henry D. Lindsley has declined to accept the nomination of the Citizens' Association for mayor of Dallas.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 3/4 oz. of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Full directions for mixing and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and make it soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

Strict Scrutiny.

A young soldier in a barrack room not having much time to dress for guard, had cleaned his boots very well in front but scarcely at all behind. A comrade noticed this and said: "Why don't you clean the backs of your boots, George?"

"Oh," said George, hurriedly pulling on his cap and hurrying out. "A good soldier never looks behind." However, he was reproached by the adjutant, and a few days afterward his friend, noticing a difference in his boots, said to him:

"I thought a good soldier never looks behind, George?"

"No," was the reply, "but the adjutant does."

BOSCHEE'S SYRUP

Why use ordinary cough remedies when Boschee's Syrup has been used so successfully for fifty years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles? It frees the patient a good night's rest, free from coughing, with easy expectoration in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease, helping the patient to regain his health. Made in America and sold for more than half a century.—Adv.

He Was Excused.

The talesman had wriggled and wriggled, and finally the judge lost patience.

"Do you mean to state on oath that you don't think you have sufficient intelligence to render a just verdict on the evidence?" he shouted.

"Not exactly that, judge," said the talesman; but the fact is that for the last ten years my mind has been made up for me by my wife and mother-in-law, and, as I understand this jury stunt, I shall not be allowed to communicate with them."

"Excused," cried the judge. "I'm a married man myself."

INFLUENZA

Do not neglect an aching, Grippy cold—it may develop into Influenza.

Take CAPUDINE at once. It's liquid—Quick relief. Trial bottle 10c—two doses. Larger sizes also.—Adv.

Pat's Whereabouts.

In a small village in Ireland the mother of a soldier met the village priest, who asked her if she had had bad news. "Sure, I have," she said. "Pat has been killed." "Oh, I am very sorry," said the priest. "Did you receive word from the war office?" "No," she said. "I received word from himself." The priest looked perplexed, and said: "But how is that?" "Sure," she said, "here is the letter: read it for yourself." The letter said: "Dear Mother—I am now in the Holy Land."

Shave With Cuticura Soap

And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No waste, no slippy soap, no germs, no nogs, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing.—Adv.

I am Sincere! Stop Calomel! I Guarantee Dodson's Liver Tonic

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones, Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tonic tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tonic for a few cents under my

personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tonic is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tonic is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

HAARLEM OIL CAPSULES IF YOUR BACK ACHES

Do you feel tired and "worn-out"? Are you nervous and irritable? Don't sleep well at night? Have a "dragged out" unrested feeling when you get up in the morning? Dizzy spells? Bloating, pain or soreness in the loins and abdomen? Severe distress when urinating, bloody, cloudy urine or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys.

You should use GOLD MEDAL Haarlem Oil Capsules immediately. The oil soaks gently into the walls and lining of the kidneys, and the little poisonous animal germs, which are causing the inflammation, are immediately attacked and chased out of your system without inconvenience or pain.

Don't ignore the "little pains and aches," especially backaches. They may be little now but there is no telling how soon a dangerous or fatal disease of which they are the forerunners may show itself. Go after the cause of that backache at once, or you may find yourself in the grip of an incurable disease.

Do not delay a minute. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In 24 hours you will feel renewed health and vigor. After you have cured yourself, continue to take one or two Capsules each day so as to keep in first-class condition, and ward off the danger of future attacks. Money refunded if they do not help you. Ask for the original imported GOLD MEDAL brand, and thus be sure of getting the genuine.—Adv.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

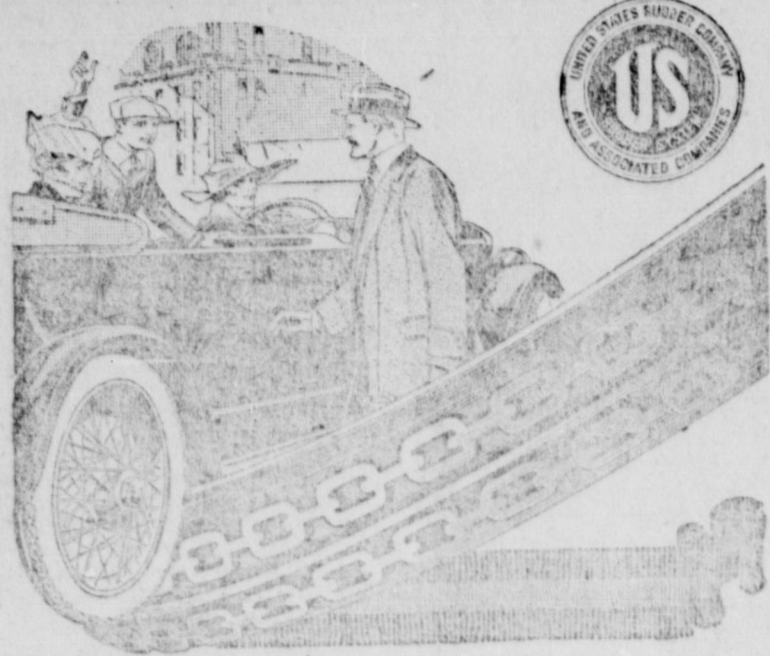

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

OZONA METHODIST CHURCH NEWS

The social meeting of the W. M. S. at the home of Mrs. Bright Baggett last Thursday afternoon was a success in every particular. A high west wind was blowing all day, but notwithstanding that fact, about twenty of the elect ladies of the community were present, and all reported a royal good time. The entertainment consisted of songs, contests and pleasant conversation. The free-will offering amounted to \$12.55. Dainty refreshments were served. All voted sister Baggett thanks, and departed feeling that they had a most pleasant afternoon.

Remember that Sunday School begins at nine a. m. instead of ten. Preaching at ten a. m. Subject for discussion next Sunday morning, "The obligation of the Christian Church." Sunday night, "The Closed Door."

Subject for discussion at the Men's prayer meeting next Sunday afternoon will be "Obedience as a Test of Friendship." Bro. Kersey will lead the meeting. Meeting begins at 3 p. m. mountain time.

The Methodist congregation had the pleasure of worshipping with Bro. Carson and his congregation at the Baptist church last Sunday morning, and heard him deliver a most excellent sermon to the Boy Scouts. The parents of Ozona should appreciate the fact that Bro. Carson is giving so much of his time and energy trying to bring a vision to this fine bunch of boys. We very much appreciate the fact that Bro. Carson and his congregation came to worship with us Sunday night. Come again.

Dreadful Cough Cured.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Mo. writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children." For sale by W. E. Smith Drug Co.
