Men Who Must Register This Call

Every man between the age of eighteen and forty five, who has not already registered for military service, or who is not already in the army or the navy of the United States, must register TODAY.

The requirements were given in these columns last Thursday. The act of Congress and the President's consequent proclamation, make the age of compulsory registration "from eighteen to forty-five, inclusive."

Be that as it may, Provost Marshal General Crowder has construed the law to mean that a man must register up to, but not including, his forty-sixth birthday, which, of course, makes it between eighteen and forty-six. And he has so ordered.

The boys between eighteen and twenty-one will be called last to the colors, unless they enlist and are eager for over-seas duty. It is beyond the range of probability that they will ever see France as a soldier of the United States, and the government has great things in store for them in the way of helping them to a vigorous and educated manhood.

HERBINE is the medicine that cures biliousness, malaria and constipation. The first dose makes you feel better, a few additional doses cures completely. Price 50c. Sold by W. E. Smith.

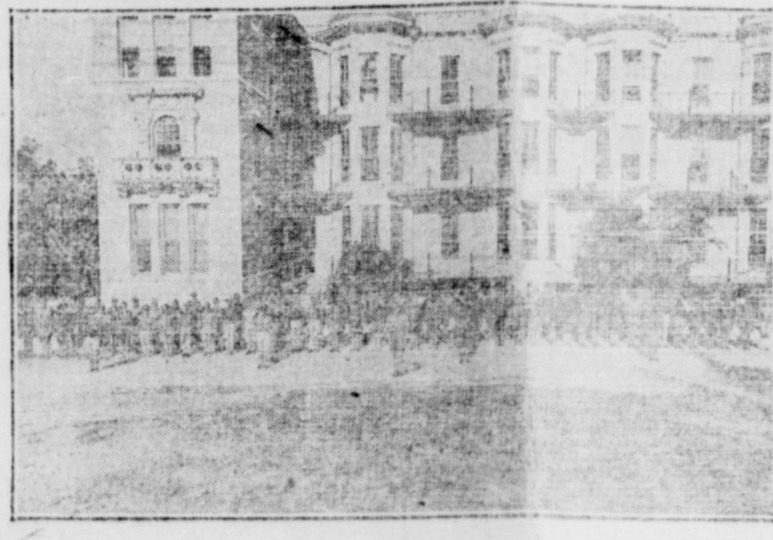

RED CROSS

IMPORTANT NOTICE.—On the first Thursday in October, October 3, there will be held at the Court House at 4 p. m. the annual meeting of the Ozona Chapter of the American Red Cross Association to transact the most important business of the year, the election of officers for the coming year and the reading of the yearly reports of each committee. The Chapter has enrolled about 500 members. How many of these will sacrifice about an hour and a half to see what has been done by their own particular Chapter during the past year and to help elect officers for the next. The lack of interest is appalling and all through the summer the work has been done by a few, a very few faithful members. Can we not afford to bury personal feelings for the sake of our Country and let the blood that our boys are pouring fourth so gladly, so gloriously, down every feeling except that of burning love for our country and our cause.

Mrs. Ingham would like very much if the knitters who have a little yarn still on hand, remnants from garments already completed would return it to her, as there may be a possibility of using it in another garment.

Mrs. ETHEL GANN.

Question of the Hour: Have you been measured yet for your new Fall Suit at Roy Parker's Gents' Furnishings Store? If not, why should you delay?

Radio Company and Breckenridge Hall University of Texas, Austin.

One of the reasons for the establishment by the Government of the Students' Army Training Corps at the University of Texas, and other leading colleges and universities, is the requirement of sixty thousand new officers, who will be needed monthly, to command new units and to replace casualties. Many of these the colleges and universities will be called upon to supply.

War News Good Better and Best

Nothing but the very best of news from the fighting front to report.

The Germans continue a retreat so rapid that it may well be called a rout. Fronting the American armies they have fled so rapidly that the Americans hastily mounted machine guns on automobiles and went in pursuit. The Allies and the Americans are closing in all around on the Germans so strongly and rapidly that it is inconceivable how the latter can much longer bear the tremendous strain.

It is not too much to hope that every foot of French and Belgian soil will be wrested from the invaders before October first.

Internal disorders, depression and discouragement, and even open revolt, multiply throughout the German empire.

Italians and allies are winning also in the south.

Sunday, Sept. 8:

British advance steadily and are closing in on the southern key-point of the Hindenburg line.

French and Americans in the region east of Soissons inflict heavy punishment on the enemy. The Germans continue retreat.

American lines along the river Aisne were extended southeasterly to a junction with the French.

Americans in the Vesle valley pursue the fleeing Germans with machine guns mounted on automobiles.

Monday, Sept. 9:

Franco-Americans have crossed the Vesle-Aisne ridge and are pouring on in irresistible masses to a junction with the British for the carrying of the Hindenburg line. This result expected daily.

American heavy guns rake the heights of Chemin-des-Dames, and all connecting roads.

Out of more than 2,700 square miles of territory formerly won by the Germans, they now hold less than 350.

British, French and American armies advancing on three different points against the Hindenburg line, while the Germans retreat rapidly.

District Court will meet in Ozona Monday morning, October 14th.

Tuesday, Sept. 10:

Figuratively speaking, with

their backs against the wall, the Germans are trying to make a stand on the famed Hindenburg line.

The Germans have lost a million and a quarter men since the beginning of the recent offensive launched by them.

Secretary Baker and staff arrive in France on momentous visit.

Americans and French in great force are converging toward the south end of the Hindenburg line.

Two dollars and up per head per month, cash on count in, is what grass is costing the poor cowman in the Pecos country. Profit-steering?—Devils River News.

M. M. Stokes sold 900 ewes to C. S. Holcomb at \$13.

R. H. Martin was up from the ranch in the Beaver Lake country Thursday. He received notice that his spring clip of Mohair had sold at Boston at 57 1-2 cents.

Geo. Lee Aldwell is shipping a large number of cattle to market and grass. He has bought grass in the Fort Davis country and the calves and fat stuff will go to Fort Worth.

Ed Glascock of Sonora sold to Blackstone & Slaughter of Barn-

hart, 300 three year old steers at \$62.50. The sale of these steers together with the recent sale of 800 two year olds at \$51.25 and 2100 ewes at \$13 has lightened up his range.

The S. H. Stokes ranch in Edwards county had a two inch rain on Sunday 25th and all the tanks were filled. Water was what they needed but the rain covered only about 25 sections in that locality.

WILL C. EASTERLING, Editor and Manager.

OZONA, CROCKETT COUNTY, TEXAS, Sept. 12, 1918

Question of the Hour: "Going to register?"

The Fourth Liberty Loan Drive will begin Saturday, September 28th. Be getting ready.

Text for Today: "Get thee up, eat and drink, for there is a sound of abundance of rain." 1 Kings 18: 41.

The Stockman will be of vastly more benefit in the future to advertisers than it has been in the past. Every subscriber is a person who pays his bills.

We'd better be adjusting ourselves to resuming the old time again on October 1st. It will be an hour slower than at present.

"Combination horse for Sale," a Comanche lady advertises in The Chief. We've seen mules that were double-action rapid fliers and quick on the trigger—but what's this here diversified horse?

The slackers are not all the cowards only who try to keep out of the fighting. We are each and everyone slackers who fail to do all we can to help win this war quickly.

Let us pray daily and hourly for our brave boys ever yonder, and for God to send us Peace, a triumphant and honorable Peace, real soon. "He maketh peace in thy borders."

Old Man Charge is not quite dead in Ozona, but he's a mighty sick man. That splendid new military figure—Col. Pays U. Go, has taken his place, and we are all growing happier, wiser richer.

If we could render up one of our Ozona girls, the sugar problem wouldn't bother us for the balance of the war. But we haven't said much about it, for fear Big Boss Hoover would commandeer the entire Ozona crop.

An American marine from Gonzales, Texas, brought in eighty captured Germans on the French front one day last week. The Germans fell in joyfully and one, who had been in Texas, said: "Say, Sammy lead us to the chuck wagon."

One war picture shows a column of American troops marching down a broad avenue in Paris while bouquets of pretty French girls throw roses and kisses at them. If this old sinner could get in line with the boys over there, nothing would keep him from breaking ranks. None of that long distance business for this old rooster.

Huffmann tells the people of Eagle Pass that he has on his paper, the Herald, in the person of Austin Callan, "an editorial writer unequalled in the State." That's a pretty big bet, alright. Would not "unsurpassed" have commended itself to you, dear Brer Huffmann, with a little more delicacy?

Talk about not giving any Christmas presents next Christmas is alright, if you don't live in Ozona and if you didn't order your presents for fast Christmas from a mail order house. But the presents we ordered from Dalworth and Chiyork in 1917 ain't here yet, and we're counting on them to get here in time for next Christmas.

The Germans can't understand how the American "devil-hounds" can laugh, joke and sing as they charge right into the muzzles of their big guns. "Impossible to withstand the American charge," reported one German officer. It was the same down on the Mexican border last week at Nogales. Four companies of American infantry charged across into Mexico singing "Hail, Hail, the Gang's All Here!" And the Mexicans scattered for cover.

The Stockman has received thirty-two pages of advertising, from the National Association of Advertising Agents, for the Fourth Liberty Loan, and it would be comparatively easy to place it, but how could we do it and at the same time swear that we are not using as much paper as formerly? We had to send in our Pledge Card before we could get print paper enough to print.

Big Chief Donnelly, of the Pulp and Paper Section of the War Industries Board, thinks country editors are unappreciative cusses. He is doing his best to make business men of them—which they have never been—and they cuss him for making them do what they have been trying to do for the last fifty years—put all subscriptions on a pay-in-advance basis. Come to look at it thatter-way, the Chief is right, too.

When the first of the month comes on Sunday and you present a bill on the second and the fellow says "bring that around on the first of the month," what ought to be done to him?—Eagle Pass Guide.

Don't know. Ain't no such animal as that in Crockett county. Present a bill to an Ozona man and he usually writes a check and says: "Am due you an apology. Knew I owed that and ought to have paid it without putting you to this trouble."

Thus far we have lost only one subscriber in our efforts to comply with government instructions in the conduct of The Stockman business—all subscriptions to be paid in advance. This is so good a showing as to be really remarkable. In the same length of time we have put five new subscribers on the list. As we understand it, we have until the 2nd day of November to show an absolutely clean, paid-in-advance subscription list. So this paper is safe. About sixteen hundred others have either quit or suspended, and there will be many hundreds more to follow.

The idea of a ranchman, or any other taxpayer for that matter, not being a subscriber to the official paper of his own town and county, strikes us as not only strange, but foolish. Something is printed in nearly every issue of the paper that is worth the yearly subscription to him. Of course, he may borrow the paper from his neighbor and read it; but if he does that, his neighbor is usually out of patience with him for making all that trouble just to save four cents a week. Our neighbor is probably a wide-awake and progressive citizen, and he needs his paper in the house. Why should we annoy him continually?

"Helen Squall and no Wool!" swore the devil when he sheared his pigs. When we hear so much yawp about "saving," and no saving done, we are reminded of the old reprobate's painful experience as a wool grower. Stinginess and parsimony is merely meanness. It is not thrift nor economy, and does not commend us to either God or man. We ought to spend our money freely with each other, keep it circulating, and keep business conditions healthy. A safe rule is to waste nothing carelessly, and to selfishly consume nothing, that may be helpfully used in the winning of the war. Not one American in a thousand has made a single real sacrifice during this war for human rights.

Will C. Easterling, familiarly, affectionately and fraternally known to the press as Kuzn Bill, is in bad with his home people over at Ozona. The poor boob promised a rain last week and not even as much as a cloud appeared to break the blue of the sky. Bill, you have lived too long for a rash act like that. Promise your wife anything, promise bill collectors anything, even promise the preacher that you will be good. But never—O, never promise the West Texas public a rain—there ain't no such animal. False prophets, as well as some who were not false, were stoned in olden days and the first thing you know you will pull off—not a rain—but a shower of rocks.—Eagle Pass Herald.

That's right! Pile it on thick! What was it Caesar said when Brutus stabbed him with a can opener? "Et tu Bruto?" Anyhow, it did rain in Crockett county, and I didn't promise it for Ozona.

In the next issue of The Stockman we shall have a few plain words to say to the would-be draft-evaders, and to the other slackers. Uncle Sam has his eye on every one of us, men and women, boys and girls. His arm is long and his hand is heavy. If we will not serve our country willingly, with all our heart and mind and strength, we shall be forced to do so. What we are and do is not our own business right now. It is our country's business. Every man, rich or poor, not over fifty-five years old, will be forced to do some worth-while work, and the longer this war lasts, the stricter the lines will be drawn. The women and girls may later on be drafted. Put this in your pipe and smoke it—No man or set of men can buffalo the United States government or its representatives, in Crockett county and Ozona, or in any other town and county. There is a good reason for saying this, and it will be explained very fully and freely in The Stockman next week. We MAY Cuss, but we MUST Work.

Southwestern Range Notes.

Will and Monroe Baggett and Joe Blakeney are moving about 3,000 sheep across the Pecos to the Cap Yates range. They will save their Crockett county range all they can during the Fall. Have had some rains.

H. O. Dunagan, sending two dollars for subscription, from California, writes: "Tell Bill West and Byrd Phillips I will send them enough cotton to make them each a suit of clothes for Christmas."

Sending a check on advance subscription, E. Keyes Fawcett, of Del Rio, the big Dolan creek ranchman, says "Very dry." It was when the letter was mailed, but it is reported that Keyes has had good rains since then.

Big merchant J. D. Nairn of Big Lake, also postmaster, writes: "Kuzn Bill, if you don't need this check give it to the Red Cross. They can use it. I've got bad case vaccination. Big clouds and heavy thunder in West. Think we'll get rain. Hope you'll get a washout. You need it." Since J. D. wrote, we have had good rains and so has Big Lake.

Judge Whitten of Eldorado has leased the Cato pasture in Pecos county and is moving a big bunch of his cattle to the new range.

Bruce Drake is shipping out cattle to Ft. Worth market. Sent six cars from Big Lake Monday.

We have had beautiful rains in Crockett county, followed, however, by the coldest weather ever recorded this early in September. It is too cold for range to come out rapidly. Things are much improved and trading has received an impetus. The car situation is somewhat relieved and many cattle are going out to market, shipping from Barnhart and Big Lake.

Homer Smith sold two horses to W. E. Smith at \$100.

Bruce Drake has leased the East Garrison pasture of Max Schneemann for a term of one year for three thousand dollars. There are sixteen sections in this pasture.

Friend & Nolen, Bruce Drake, Beecher Montgomery and others are shipping cattle, or trying to get cars to ship.

I have for sale 700 Angora Kids and 300 Nannies. Nothing over about 5 years old. Will shear four and a half pounds. Will sell kids for \$3 and nannies for \$6, after shearing. Write RAY DUNLAP, Sheffield, Texas.

Rain began falling here at 6:15 Thursday morning and came heavy for one hour and then let up until about 10 when it fell slowly several hours, finally reducing to a mist with showers which lasted all night. This is a fine season for grass and the planting of fall crops. Precipitation is estimated at from 2 to 3 inches.—Christoval Observer.

To Sheep and Goat Men.

I have 100 good billy goats and 50 fine buck lambs. All yearlings past. They will be just right by breeding time to give you the best satisfaction. On account of the drouth and money stringency I know you are holding back and I am not trying to push the sales until it rains or the time comes to use the bucks. But I take this method to tell you that I have the goods and will be glad to take care of your needs, at prices in keeping with the times. Respectfully yours, E. E. STRICKLEN.

Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.—For sale by W. E. Smith.

Ozona people, numbering about thirty, who visited Sonora last Sunday when the Ozona B. Y. P. U. rendered a special program at the Methodist church there, are very enthusiastic in their praise of the hospitality shown them by the fine people of our neighboring city. The hope is freely expressed that the Sonora folk will soon return the visit, and assist in promoting growing friendliness between the two towns.

Catarhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.
