ANNUAL LION EASTER EGG HUNT SUNDAY

Bunny's Cache To Be Located On Top Of Heights Hill

ANY PRIZE EGGS

Merchants Offer Valuable Gifts To Finders

Ozona kids from toddlers to ten-year-olds are invited to the annual Easter Egg Hunt, sponsored by the Ozona Lions Club, which is to be held next Sunday afternoon on the hill north of the water works, known as the Heights. The hunt will be staged in the same location as that held last year.

The search for bunny eggs will be under way at 2 o'clock Sunday afternoon. As usual, the hunting area will be divided into two sections, one for the small children and one for the larger ones. Twenty-one prize eggs will be distributed over the area. To finders of these lucky eggs, Ozona merchants offer valuable prizes. The list of prizes offered follows: Moore's Cafe, dinner; Ozona Fruit and Vegetable Market, assortment of fruit; Ozona Club, show ticket; Sorrels Barber Shop, hair cut; Popular Variety Store, basket of Easter eggs; Roy Barker, suit or dress pressed; Smith Drug Store, doll or flashlight; Ozona Drug Store, billiard; Flowera Grocery, layer cake; Ozona Stockman, 1 year's subscription; Joe Oberkamp, pair of pants; Hancock's Cafe, box of candy; Lemmons Dry Goods Co., two pair of socks; West Texas Utilities Co., two 60-watt lamps; Magnolia Service Station, one show ticket; Ideal Barber Shop, bottle of hair tonic; Jones Saddlery Co., pair of rubber heels; Ozona Hardware Co., tennis racket; Mike Couch, 50 cents cash; West Texas Lumber Co., box of candy; J. H. Williams & Sons, box of candy.

Bountiful Rain Drenches W. Tex.

16-Months Drouth Is Broken Here With General Fall

Although the accompanying low temperatures resulted in heavy losses among the goat population of the livestock producing area, West Texas ranchmen were shouting in jubilation this week over bountiful rains that soaked most of West Texas over the week-end, ending a drouth that had held this immediate area in its grip for the past sixteen months.

With nearly every head of livestock in the county on feed and thousands of dollars being poured out on the ground every day, the rain brought relief from a scourge worse than depression to the ranch area—drouth. Goat losses in this county were comparatively light, but the heavier losses in other sections will be more than off-set by the probable resulting rise in prices for mohair and the benefit that will come from the moisture.

Ozona recorded 1.15 inches of rain. Falls ranging from one inch to more than two inches were reported from all sections of the area. A few days of warm weather will bring up grass and weeds and feeding will stop over most of the territory.

Miss Jettie Rae Sellers is in Harper, Texas for a few days visit with her parents.

Mrs. Ted White, Mrs. C. J. Watts, Mrs. W. E. Baggett and Miss Velma Richardson were among those who are in San Angelo today for the Eastern Star school of instruction.

Four Baseball Recruits Signed

Two Pitchers, Catcher And Outfielder To Play With Giants

Prospects for a successful season for the Ozona Giants, Crockett County's entry in the West Texas Independent Baseball League, brightened up considerably this week when it became known that four seasoned players are to be added to the line-up to strengthen the weak spots in the local team.

Two pitchers, one a left-hander, a catcher and an outfielder are coming from San Antonio, farmed out by the San Antonio league team, to cast their fortunes with the Giants in the forthcoming season's combat. Just when the players will report is not known. The Giants are slated to start their first work out next Monday. With the backbone of local talent, plus the pro strength that can be recruited here and there during the season, the Giants are going to make a determined bid this year to knock the Texon Oilers off their championship pedestal and mow down San Angelo and Balinger, the other league entries at present.

It is also the town rumor that plans are well under way for the construction of a grandstand at Powell Field park for the use of the town baseball games and school athletic contests. Whether this objective is to be realized before the end of the 1934 baseball season remains to be seen.

Dr. F. T. McIntire Leaves April 15

Local Physician To Be Associated In Angelo Clinic

Dr. F. T. McIntire, who has practiced medicine and surgery here the past three years, has announced his plans to leave Ozona about April 15 to become associated with the San Angelo Medical and Surgical Clinic in San Angelo, located near the Shannon Hospital in that city.

Dr. H. B. Tandy has purchased Dr. McIntire's practice and complete equipment of his offices here, including the modern X-Ray machine, basal metabolism machine, instruments, sterilizers and all other equipment, including office fixtures and furniture.

Dr. McIntire will specialize in internal medicine in his association with the San Angelo clinic. Among other physicians associated in this clinic are Dr. J. S. Hixson, head of the Shannon Hospital; Drs. Hinde, Lewis, Wardlaw, Mee, Nibling, Clayton and others.

Mrs. Julia McKee, Former Resident Of Ozona Dies

Mrs. Julia McKee, widow of the late J. W. McKee, former residents of Ozona, died at her home in El Paso last night, according to word received here this morning.

Mrs. McKee was the mother of Mrs. Harry Perner of El Paso, who is here this week visiting relatives. Mrs. Perner left yesterday for San Angelo to attend the Eastern Star training school and the message telling of her mother's death reached here this morning and she was notified in San Angelo.

Mr. and Mrs. McKee lived in Ozona more than twenty years ago. She is survived by several children and grand children.

Taylor Speaks At Baptist Meeting

Howard Payne President To Address Meet Tonight

Climaxing the Sunday School and B.Y.P.U. convention, now in progress at the Baptist Church, here, President Thomas H. Taylor of Howard Payne College, will speak tonight at 8:15 o'clock.

President Taylor is a versatile speaker, whose sparkling wit and sound judgment, have made him much sought for all kinds of occasions. He was last year principal speaker at the annual chuck wagon dinner in San Angelo which is one of the outstanding events in that city. He has often been called the Will Rogers of Southern Baptists.

The program this evening is scheduled to begin at 7:30 o'clock. Other parts on the program are brief addresses by Rev. N. L. Range of McCombs, on "The Present Trend in Foreign Missions," and Rev. E. H. Ratliff of Pecos, on "The Work of the Sunday School." There will be special music for the evening.

Friday's program opens at 9 a. m. and closes at noon with a chuck wagon dinner served by the men of the church on the church yard. Ozona people are urged to attend all these sessions as guests of local Baptists.

Finals In League Literary Contests Slated This Week

Finals in declamation for all groups in the Crockett County Interscholastic League meet will be held in the High School auditorium at 5 o'clock this afternoon, Supt. John L. Bishop announced yesterday.

Winners in these events will represent the county in the district meet in Fort Stockton April 6 and 7. Finals in other literary events of the League contests will be held Friday and Saturday of this week.

Kite Tournay Is Postponed

Rain Halts Contest Sat.; To Be Held Next Saturday

Nobody regretted the fact that the annual kite tournament, sponsored by the Ozona Lions Club and scheduled for last Saturday morning, was rained out, and in jubilation and hope that the result would be duplicated and the event rained out again, it was reset for next Saturday morning.

It is rumored that a number of boys and girls have been busy the last few days making kites for entry in the contest, in which 21 worthwhile prizes are being offered by Ozona merchants, and some keen competition in the various contests is expected.

The tournament will get under way at 10 o'clock Saturday morning at the fair grounds. Before opening of the tournament, kite makers are requested to enter their kites in one of the classifications and list names of the owner with the judges. Orders will be given and prize winners can get their prizes by calling for them at the stores.

In the list of prizes published in last week's Stockman, the prize offered by Joe Oberkamp was erroneously stated. Mr. Oberkamp is offering an air rifle as the prize for the highest flying store-bought kite. All other features of the contest contemplate kites to be made by those who enter them.

Scout Executive To Visit Ozona

R. L. Billington Coming To Discuss Organ- ization Here

R. L. Billington, newly appointed Boy Scout executive for the Concho Valley Council, is coming to Ozona next Tuesday evening, April 3, for the purpose of meeting with a group of parents and boy boosters of Ozona to discuss with them the movement for the organization of a Boy Scout troop in Ozona.

A mass meeting of men interested in boys and the Boy Scout movement in Ozona has been called for 7:45 next Tuesday evening at the Hotel Ozona to meet with Mr. Billington and to hear his discussion of the movement. From this gathering it is hoped to give impetus to the Scout organization here and to lay the foundation for a successful troop.

Every man who is interested in the future of the boys of this community is urged to be present at this meeting and to hear the discussion of the Scout plan of character, mind and body building.

C. S. DENHAM NAMED SUPT. OF SCHOOLS

Board Chooses Prin- cipal To Succeed John L. Bishop

C. S. Denham, principal of the Ozona High School for the past six years, was elected superintendent of the Ozona schools by vote of members of the school board in session here last Saturday night.

Mr. Denham succeeds John L. Bishop, who recently resigned the post after serving in the capacity of superintendent for six years and as principal for two years before being elected superintendent.

Election of other members of the teaching staff will be left to a later meeting of the board.

Mr. Denham was chosen to fill the vacancy in the superintendent's post from a long list of applicants who have streamed into Ozona for the past several weeks interviewing members of the board. He will assume his duties at the expiration of Mr. Bishop's present term this summer.

Woman's Club Urges Clean-Up

Offer Co-Operation To County For Per- manent Plan

A move toward a clean-up and sanitation plan having as its objective a permanent policy of cleanliness and sanitation for Ozona was initiated at the regular meeting of the Ozona Woman's Club Tuesday when the civic committee of that organization was instructed to offer the club's co-operation to the Commissioners Court in formulating such a plan.

In years past the Woman's Club has sponsored the annual clean-up campaign here. Downtown streets littered with paper and other rubbish, residential areas beset with flying papers and trash drew criticism of club members and the action toward a clean-up and some plan of a permanent policy for keeping the town clean was taken. Mrs. B. E. Ingham is chairman of the civic committee and will work with the Commissioners on the project.

The club's library committee reported that it would meet with Max Schneemann, appointed to represent the Commissioners Court, sometime before the next club meeting, for a definite decision as to whether or not the proposed public library can be attained this year or whether it will be necessary to postpone further action until next year.

John Galworthy's novel "One More River" was the program topic, Mrs. I. G. Rape discussing the author's life and Mrs. Scott Peters presenting a synopsis of the book.

Mrs. George Bean was named delegate to the Sixth District Convention to be held in Sweetwater next week. Mrs. Ira Carson, president, was named as alternate. Mrs. A. C. Hoover, Sixth District chairman of International Relations, will also attend the convention.

"Alice in Wonderland," the popular film production recently released, will be shown at the Ozona Theater, Thursday April 12, under auspices of the Woman's Missionary Society of the Methodist Church.

Mrs. S. M. Oglesby of Mertzon was here Wednesday attending the meeting of the Eastern Star chapter on the occasion of the visit of the Worthy Grand Masters and other Grand Officers.

GRADUATES TO GET DIPLOMAS HERE MAY 17

Commencement Exercises To Be Held In Auditorium

24 CANDIDATES

Dean T. H. Taylor Of Howard Payne To Make Address

Commencement exercises for the graduating class of 1934 from the Ozona High School will be held in the High School auditorium Thursday evening, May 17, it was announced yesterday by Supt. John L. Bishop.

Dr. Thomas H. Taylor, president of Howard Payne College of Brownwood, and described as the Will Rogers of Texas, will deliver the commencement address to the graduates, Mr. Bishop announced. Other details of the commencement program are to be worked out later.

Rev. J. H. Meredith, pastor of the Methodist Church of Ozona, will deliver his third baccalaureate sermon to graduating classes of the Ozona High School Sunday morning, May 13, in the High School auditorium. The three ministers of the city have taken turns at preaching the baccalaureate sermon during past years. Rev. Meredith coming up this year for his third sermon to the graduates. This will be the first time in which the baccalaureate exercises have been held in the auditorium.

Commencement exercises for the seventh grade will be held Friday, May 11, these exercises also to be held in the auditorium, the superintendent announced.

There are at present 24 members of the senior class who are candidates for diplomas in May.

Missionary Women Serve Luncheon At Oberkamp's Store

Members of the Woman's Missionary Society of the Methodist Church will serve home-made chili, pies and coffee at the Joe Oberkamp store next Wednesday, April 4, it was announced yesterday by Mrs. Scott Peters, president of the group.

The ladies will start serving the lunches at 11 o'clock and will continue through the noon hour. They will be prepared to serve school children during the noon hour and any others who might wish to take lunch there. Funds derived from the project will go to further the work of the organization.

Famous Mission Worker Visitor

Author, Lecturer And Mission Field Work- er Speaks Here

Mrs. Una Roberts Lawrence of Kansas City, field representative of the Southern Baptist Home Mission Board, and well known author and speaker, spent Monday night and Tuesday in Ozona in the interest of the work of the Board among the Mexicans of West Texas.

Mrs. Lawrence is now gathering material for the preparation of a book on Mexican Missions in Texas, and she was interested in the Ozona Mexican Baptist work because it is one of the few self-sustaining Mexican Baptist churches in Texas. This book is due to be published in August of this year, to be used by the women of the South for their mission study in October.

In the course of this trip, she has visited Brownwood, San Angelo, Del Rio, Sonoma and other points. Mrs. Lawrence is in town.

COLLECT—DON'T LEVY
ADDITIONAL TAXES

A simple plan for forestalling
future additional tax levies has
been evolved by the Texas Junior
Chamber of Commerce. This state-
wide group of wide awake young
business men has suggested the
simple expediency of paying the
taxes we already owe.

It sounds almost too simple to
be true. But when one considers
the staggering tax delinquency
under which this state is operat-
ing the idea must be recognized
as one of real merit. Few persons
realize that there are 120 million
dollars on the delinquent tax rolls
of state and county. If this were
paid our state and local govern-
ment could operate for one year
without levying any ad valorem
tax. And records show that most
of this amount could be paid by
those who owe it without strain-
ing their purses.

During the week beginning
March 19 the Texas Junior Cham-
ber of Commerce will conduct a
statewide educational campaign
with the idea of encouraging
those who can to pay up their
back taxes. There is no plan of
coercion and the Junior Chamber
assumes no responsibility for tax
collection. But it does appeal to
the patriotic and civic minded in-
dividual who fears future legis-
lative action in saddling us with
greater burdens for the operation
of our government.

Figures compiled by statisticians
of the Junior Chamber show
that if but five per cent of the big
delinquents paid up our govern-
ment would collect over 40 mil-
lion dollars. It appears that with
the threat of added levies to make
up the 120 million deficit at least
some of these delinquents would
be willing to pay up.

So, if you owe taxes and can
pay, keep the burden of additional
taxes off yourself and those who
have paid by sending your check
now to your tax collector. It will
be cheaper in the long run.

The Junior Chamber of Com-
merce has adopted the slogan
"Stop additional tax levies by pay-
ing back taxes now." It might be
well to heed this advice, if you
can.

Turkey Kills Deadly Cobra

ed the snake before the father
could reach his son.

REPRESENTATION WITHOUT
TAXATION

"No taxation without represen-
tation" was the slogan of the Rev-
olution of 1776. Will it become
necessary in these peaceful rev-
olutionary times to transpose the
slogan: "No representation for de-
linquent tax debtors?"

Voting certificates are issued
under the constitution of the citizen
(who does not suffer from any
disability, of minority, for in-
stance,) may then vote even
though he has for a long time owed
the state thousands of tax dol-
lars which he is amply able to pay.

Recent disclosures concerning
methods of some eastern bankers
in evading federal income taxes
do not tell half the story. The
Texas Junior Chamber of Com-
merce reports that many wealthy
interests in this state have not
bothered to "evade" the tax by
concealing the obligation—the ob-
ligation is plain to be seen—they
simply do not pay what they can-
not deny they owe. Yet these men,
because they do have large inter-
ests, often feel that their voice
should sound loudest in public
councils.

Statistics collected by the Jun-
ior Chamber show \$120,000,000
unpaid taxes due the state, coun-
ties, and governmental agencies,
and that of this sum \$46,000,000
became delinquent in the one year
of 1932. The deficit in the state
funds now exceeds \$10,000,000,
and deficits of counties and cities
are daily growing.

The deficits will have to be cov-
ered—even if it can be done in no
other way than by levying addi-
tional taxes on those who will pay.
But this should not be necessary.
If the tax collector is powerless,
the legislature should give him
means of enforcing collection
from those whose failure is delib-
erate.

Certainly we do not want to re-
vert to property qualifications for
the suffrage; but should a man be
permitted to vote who has prop-
erty interests demanding the pro-
tection of the state, who can pay his
taxes but does not?

GOOD IDEA

The club boys had just returned
from a trip to India, and insisted
upon describing the rope trick.

"You can believe what you like,"
he asserted, "but I tell you some
of these fakirs can throw a rope
up into the air then climb up it
themselves and completely van-
ish."

After a short silence one fellow
said, "Can you, by any chance, do
that trick yourself?"

THE PARDON MILL
GRINDS ON

Peace officers are convinced
that in the epidemic of bank rob-
beries now rampant in the State
the chief performers are two
young men who a few years ago
were in the penitentiary with good
long terms facing them. One of
these tough young gentlemen got
out by a jailbreak, engineered by
the other, who was himself out by
virtue of pardon. If that pardon
had not intervened to set aside the
punitive and protective measures
of the law and the courts, the
State would be the gainer by sev-
eral lives taken by the young des-
peradoes and by sundry amounts
of money appropriated by them in
their robberies.

It has been said that the law
has been brought low mostly by
the hands of its own friends, or
at least by those ostensibly its
friends. The processes, first, of ap-
prehension and arrest have been
made more difficult; second, of
trial, have been made less certain;
and finally, of punishment, have
been made unsure and slow. In
this last deterioration, the misuse
of the pardoning power has played
a saddening part.

A person contemplating a crime
in Texas realizes, subconsciously
if not consciously, that the chances
of "getting by with it" are
many. In the first place, he may
be able to escape apprehension.
Failing that, there is the possi-
bility of jumping a low bail bond.
Then, successively along the road,
there are the possibility of escap-
ing conviction by taking advan-
tage of the many technicalities of
defense open to the accused, the
possibility of profiting from fur-
ther technicalities on appeal, and,
if everything else fails, the possi-
bility of getting free under exer-
cise of the executive clemency.

A great many criminals have
dodged the penalty of their crimes
in one or the other of the first
stages of the process of arrest
and trial; a great many others
have still been able to escape af-
ter every recourse afforded by ar-
chaic law and procedure has fail-
ed them. It is small wonder that
the thread of the law does not av-
ail in Texas as a deterrent to
thousands contemplating crime.

Clyde Barrow and Raymond
Hamilton are at large, and further
crimes are charged to their ac-
count. Hundreds of others of less-
er notoriety are swelling the
crime totals in Texas. Last year
nearly 30 per cent of those ad-
mitted to the Texas penitentiary
were former convicts. And in the
meantime, the pardon mill contin-
ues to grind.—Ft. Worth Star-

Vaccination of Typhoid As Precaution

TEXAS, March 28.—"If you have not been vaccinated against typhoid fever within the last three years, go to your doctor to be protected against it," W. Brown, State health officer, advises prospective Boy and Girl Scouts, health workers, and all others who are open to the disease, whether for pleasure or as a business proposition.

caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it. "Typhoid germs are hitch-hikers. They are picked up and spread from person to person by water, milk, flies, fingers, food. Every case of typhoid is contracted by way of the mouth and the digestive system. The State Department of Health and the local health departments can be depended upon to continue their fight against the disease, but there will still be sources of infection that can be warded off only through the protection afforded by vaccination against the disease."

Waterman's New Flying Wing Airplane

Because everyone who has seen it fly gasps "What is it?", Waldo D. Waterman, former air mail pilot, inventor and aeronautical veteran of South Mexico, Calif., calls this new flying wing plane just that, "What'sit." The novel two-passenger tailless craft, which travels at better than 100 miles per hour, is powered with a small radial air-cooled engine. The pusher type monoplane is guided by its forward stabilizer, and is "foot-proof" as it cannot nose dive, spin or otherwise get out of control.

Death From Lockjaw Often Results From Most Trivial Wounds

AUSTIN, TEX., March 28.—Every year there are about one hundred and fifty deaths in Texas from lockjaw, according to Dr. John W. Brown, State Health Officer. Most of these deaths have resulted from the most trivial or minor wounds or injury. Only recently a small child died from a small wound caused by a splinter being stuck in the toe.

Lockjaw or tetanus patients die an agonizing death following frequent convulsions, which are set forth by the slightest stimulation to the central nervous system. The slamming of a door or the slightest noise may cause a patient to have violent convulsions. Stiffening of the muscles in the jaw is one of the first symptoms, and it is from this fact that the disease gets its name of lockjaw.

Puncture wounds, such as those resulting from sticking a nail or thorn in the foot or hand, are the most dangerous. The reason for this is that the tetanus germs can thrive only in a wound that is closed or in the presence of other germs that use up the air present. Tetanus germs do not thrive in the open air.

The prevention of lockjaw depends upon the proper care of all minor injuries. Closed wounds should be made open wounds and an serum should be given after a puncture wound; gun powder wounds are also frequently followed by lockjaw. The period of time for the disease to develop in man is usually from six to fourteen days, according to the amount of infection. In man, with a short period of incubation, six days or less, the disease is almost always fatal. With a longer period, the disease is usually milder and the chances for recovery greater.

Friend: "What's the matter with you?"

Goldie Diggs: "I'm terribly worried. I wrote Jack in my last letter to forget that I had told him I didn't mean to reconsider my decision about not changing my mind, and he seems to have misunderstood me."

Photographic Record Of Historic U.T. Main Building To Be Made

Austin, Texas, March 28.—Students in the photography class at The University of Texas are undertaking as a class project the photographing of the ancient and revered Main Building. Pictures are being taken from all angles. With the razing of the building within a few years, if not in the immediate future, as a strong probability, it is hoped that these photographs will serve as a valuable record of the old edifice

which has witnessed the first fifty years of the University's existence and has been a beloved center of all University traditions. There are 27 students in the photography class, which is taught by Dr. J. M. Kuehne, professor of physics.

Consistent Advertising IS LIKE FISHING—

You Never Know When You'll Get Another Bite...

And Speaking of fishing reminds us of the story about the fish in the aquarium (Fish Zoo).

It seems there was a big hungry trout in one side of a large glass bowl, while on the other side of the glass partition, in plain view of his majesty the trout, was a school of palate-teasing minnows. Time and again the trout would strike at the minnows, only to bruise his nose against the glass partition. Finally he learned that glass won't stretch, and gave it up as a bad job. But here the plot thickens, for it was on the very day that he decided to quit trying to catch the minnows that the aquarium supervisor decided on an experiment, and removed the partition. Even after it was gone, though, the trout would not try to catch the minnows, for he WAS CONVINCED THAT HE COULD NOT GET THEM. If he had tried just once, what a juicy meal he would have had!

Now that same story may be working in your business experience. Perhaps at some time advertising was not as productive as you think it should have been, and you are convinced that there's no use fishing any more.

But how do you know that the glass partition is still there? You fish again and again, for some day you know you'll get a bite. Consistent advertising will result in not one bite, but many. Now is a good time to begin for better business is coming.

Local Playlets Feature Program Of Jr. Music Club

Local playlets depicting incidents in the lives of the composers Beethoven and Dvorak featuring an interesting program presented by the Junior Music Club in the School auditorium Monday night.

The program opened with singing directed by Mrs. Tandy. Thelma Gordon presented the life of Tchaikovsky. John Henderson Jr., Margaret Drake and Ele Bright Baggett assumed the characters in a play, a poetic fragment relative of the temperament and interests of the great Russian composer, Peter Tchaikovsky. The sketch was furnished by Ernestine Watts and Mary Adams.

The life of Dvorak was given by Kate Pierce and following was another musical playlet depicting a scene in the life of the Bohemian composer. Parts in the playlet were taken by Troy Adams and Billy Childress, with music by Vicky Pierce. The playlet closed with assembly singing directed by Mrs. Tandy.

Mrs. T. A. Kincaid were frequent visitors to San Angelo.

When You Discuss Electrical Appliances What are the most important operations of your home? Modern homemakers all agree on these!

REFRIGERATION . . . You need constant refrigeration the year round, and you will enjoy the money-saving, health-guarding superiority of electrical refrigeration.

WATER HEATING . . . You need hot water many times each day. The modern electric water heater gives you a surplus of hot water, and for good measure adds safety, cleanliness, health, dependability, comfort and convenience.

COOKERY . . . Nothing so important. This inexpensive "Electric Cook" is worth immediate investigation. Electric cookery is simple—yet accurate, clean and economical.

LAUNDRY . . . Very necessary—but dreaded each week. Enjoy a "happy" washday by installing a combination washer and ironer. Cut washday to a fraction of the time usually required the old way.

THESE WILLING, INEXPENSIVE SERVANTS—the electric refrigerator, water heater, and washer and ironer—will improve your home by doing your work better, and give time, health, money and cheer. Don't consider these modern and efficient economic electrical servants as luxuries! . . . They are all dividend-paying necessities. They pay for themselves. Take advantage of these appliances at our convenient terms and prices—and take advantage of the lower cost in electric rates. A representative will be glad to call and discuss them with you.

Do you know that your increased use of Electric Servants is billed on a surprisingly low rate schedule . . . and operating costs amount to but a few pennies a week?

Mrs. Lawrence spoke Monday night at the Ozona Mexican church and Tuesday afternoon at the First Baptist Church. In the interim between these services she visited the Mexican work at Sheffield.

Mrs. Lawrence is a very interesting speaker who has unusual ability in relating the stories from the mission fields. She is a writer of note, being the author of about a dozen books on missions and many magazine articles. The local W.M.S. has studied several of her books, recently completing "The Ward of Their Testimony."

While in Ozona Mrs. Lawrence was the guest of Rev. and Mrs. M. M. Falmer. Rev. Ruiz and wife and daughter were entertained by Trinidad Ramirez, who is a deacon in the Mexican Baptist Church here. Rev. Carlos Rios is pastor of the Mexican church.

Audience Enjoys Band Performance

Cowboys Entertain a Small But Enthusiastic Crowd

Conflicting entertainment programs served to reduce the crowd which heard the world-famous Cowboy Band of Simmons University in concert at the High School auditorium Tuesday evening but the size of the crowd did not dampen the enthusiasm of those present for the splendid entertainment furnished by this group of polished musicians.

The Cowboy Band was brought to Ozona under auspices of the Ozona Lions Club. A small deficit in the financial settlement with the musical organization will be met by the club. The musicians were entertained in the homes of Ozona people Tuesday evening, the group leaving here Wednesday morning to continue their concert tour of West Texas.

One of the features of the evening's program was the performance of John Regan, England's champion cowboy, trick rider, ropoer, and bull whip expert, who joined the Cowboy Band in England while the Texas musicians were touring Europe in 1930. Regan is a veteran cowboy and rodeo, vaudeville and circus performer. He learned his cowboy tricks with the lariat, stock-whip and boomerang while serving on the ranches of far-flung Australia. His tricks with the whip, the rope and the boomerang were thoroughly enjoyed by the Ozona audience.

MISS MILDRED DAVIS LAS AMIGAS HOSTESS

Miss Mildred Davis was hostess to Las Amigas Club at her home Saturday afternoon. Mrs. Bob Weaver, Mrs. Richard Flowers, Mrs. Douglas Kirby and Mrs. Gertrude Perry were awarded prizes for high score at each table. Other guests were Mrs. Clay Littleton, Mrs. Beeler Brown, Miss Wanda Watson, Miss Mildred North, Mrs. Alvin Harrell, Mrs. Bill Conklin, Miss Hester Bonger, Miss Wayne Augustine, Mrs. Elie Hagsbstein, Mrs. Marshall Montgomery and Miss Helen Montgomery.

METHODIST NOTES

The special Easter services next Sunday at the Methodist church will consist of special Easter chorals and solo numbers by the choir. The Sacrament of the Lord's Supper will be observed with the thought of the Resurrection as its background.

Sunday night, we will have stereopticon pictures showing some of the scenes of the crucifixion and resurrection, leading to the giving of the spirit that built the Christian church. The Junior League will furnish the music.

J. H. Meredith, P. C.
Marvin and Joe Rape, students in the University of Texas, are expected home the last of the week to spend the week-end with their parents, Mr. and Mrs. I. G. Rape.

Mrs. Meredith went yesterday to San Antonio, where she will visit for a day or two and then go on to Temple the last of the week. Rev. Meredith expects to join her there next Monday.

Grand Officers Of O.E.S. Visit

Ozona Chapter Entertains Distinguished Visitors

Mrs. Rose E. Potter of Henrietta, Texas, Worthy Grand Matron of the Order of Eastern Star, and a group of other grand officers of the order, visited the Ozona chapter at lunch and in the afternoon spoke at a special called meeting of the chapter.

Other officers who were present for the luncheon and special chapter were Mrs. Mae Simms of Austin, Grand Examiner, Mrs. Alpha Sellers of Melvin, Texas, District Deputy Grand Matron, and Mrs. Flora Miller of Big Lake, Chairman of the credentials Committee.

The girls of the junior class entertained them at luncheon with cowboy songs sung in costumes and Miss Aileen Hampton gave two numbers on the piano.

Annual Fun Night Program Enjoyed By Large Crowd

A large crowd enjoyed the annual Fun Night program at the High School gymnasium last Friday evening. A varied entertainment program consisting of folk dances, sack races, basketball games and various stunts was presented under the direction of Coach Ted White. Proceeds from the evening's entertainment go to the athletic fund of the school.

Boys and girls of the second, third and fourth grades and a group of girls from the fifth, sixth and seventh grades presented a series of folk dances that were particularly enjoyed. A sack race between Buddy Moore and Fletcher Freeman, two ex-students, and Coach White and another by boys of the sixth and seventh grades amused the spectators.

Two fast basketball games, the first between the sophomores and senior girls against the freshman and junior girls, and the last between the seniors and the underclassmen, were features of the evening's show. The girls' game was a tie, 6 to 6, while the underclass boys trimmed the seniors by two points in a thrilling encounter to
