## Dentist To Open Office In Hotel Ozona Sept. 15

**Dr. Curtis Wallace Coming Here From Nacogdoches**

Dr. Curtis Wallace, who has been practicing dentistry in Nacogdoches for the past several years, will move to Ozona about September 15 for the purpose of establishing offices for the practice of dentistry here.

Dr. Wallace visited Ozona last week to investigate the field and upon his return to Nacogdoches made his announcement of his decision to locate here. He has leased quarters in the Hotel Ozona where his office will be located.

"I have definitely decided to move to Ozona for the purpose of practicing dentistry and to do all I can to make your town a worthy citizen," Dr. Wallace wrote in making his announcement. "I am making my plans to arrive there about the 15th of September with my equipment and hope to have it all set up and ready to go to work about the 19th or 20th."

Dr. Wallace is unmarried and makes his home with his mother, who will probably join him to make her home here.

## Mrs. Jones To Open Speech Arts Studio

Announcement is made this week by Mrs. A. W. Jones that she will open her studio for the teaching of dramatic and speech arts in her home this year instead of in the school building as heretofore.

Classes are now being organized and the studio will be opened Monday, Sept. 12, one week after the opening of schools. Mrs. Jones also announces that she will organize a class of women for a physical training course. Only a limited number of pupils for both the children's and adult classes can be accommodated and those interested are asked to call Mrs. Jones at once.

## PTA Executive Board To Meet Monday Morning

**Plans For New Year's Work To Be Made At Conference**

A meeting of the executive board of the Ozona Parent-Teacher Association has been called for Monday morning by the 1938-39 president of the organization, Mrs. W. Elton Smith. The conference is to be held immediately after the opening exercises of the school, in room 220 of the high school building.

The purpose of the conference is to shape plans for the 1938-39 season's work of the group, it was announced. The executive board is composed of officers and chairmen of the various committees.

Members composing the board are Mrs. Elton Smith, president; Mrs. Taylor Word, secretary; Mrs. Charles Williams, treasurer; Mrs. Ira Carson, historian; Mrs. Weston Bunker, parliamentarian; and the following committee chairmen: Mrs. Massie West, program; Mrs. Charles E. Davidson, Jr., membership; Mrs. Richard Flowers, finance; Mrs. Hillery Phillips, hospitality; Mrs. Bob Weaver, publicity; Mrs. Roy Henderson, publications; Mrs. V. I. Pierce, Boy Scout; Mrs. J. A. Fussell, courtesy.

All members of the board and interested members are urged to be present. The first meeting of the association will be held the last Monday in September.

Mrs. Anja Wilson and daughter, Joan, are here from Alpine for a visit with Mrs. Wilson's parents, Mr. and Mrs. Paul Ferner.

## THREE SCORE AND TEN

T. A. Kincaid of Ozona Tuesday celebrated his seventieth birthday. The occasion was observed with a surprise chicken dinner arranged by Mrs. Kincaid Tuesday evening at which a group of Mr. Kincaid's friends gathered for an evening of merriment in honor of the occasion.

## T. A. Kincaid Is Honored On 70th Birthday Tuesday

**Veteran Sheep Man Is Genial Host At Surprise Dinner**

T. A. Kincaid, pioneer of Crockett county and one of the southwest's outstanding sheep men, high in the industry, was the whose counsel is sought by men "youngest" man in the crowd Tuesday night when some 25 or 30 friends gathered at the Kincaid residence for a chicken dinner and stag party, arranged by Mrs. Kincaid as a surprise for her husband on his 70th birthday.

The years have dealt kindly with the veteran livestock producer and a stranger would guess him well under his four score and ten. Following a work he loves, the sheep business, and rearing ten children—that's Mr. Kincaid's prescription for being young at 70. And he still enjoys sitting in the middle of the living room floor playing games with his grandchildren, and his one great grandchild.

Mr. Kincaid was born on a farm near Elgin, Texas, Aug. 30, 1868. He came to West Texas in 1887. From a \$35 a month job as a cowboy on ranches of this area, he rose in the business to become owner of a large tract of ranch land in 1914, increasing his holdings to many thousands of acres which he operated himself until a few years ago when the property was partitioned among his children. He at present owns and operates a large ranch near Rankin.

(Continued On Last Page.)

## Optimism Rules As Grid Hopefuls Begin Practice

**Six Veterans Form Nucleus For 1938 Ozona Lions**

There's something about it! The time of year, no doubt, but somehow thoughts turn to football, what with the opening of school and the first faint taint of fall in the air.

Anyway, the thought occurred simultaneously last Monday morning to Head Coach Ted White and Assistant Jake McCulley and about 20 prospective members of the 1938 Lion squad and they were all out on the practice field for the first fall workout. And they've been hammering away at it all week, twice a day, hoping to have the situation well in hand, anyway by the end of the first week of school.

There is plenty of competition to keep all hands hustling for places on the team, and prospects look good to the coaching staff for some results on the playing field this year. The boys are young and green, Coach White sums them up, but they "want to play and like it rough." But whatever the results of the 1938 season, the coaches can look forward to a wealth of material for 1939, in view of the turnout of youngsters who will form this year's reserve squad.

One factor that gives the coaching staff a good measure of confidence is the fact that all the boys are in earnest, no dissipators on the roster, and all digging in to get in condition. The boys hope to win back a lot of the Lions lost prestige and are expected to be loyal and rearing to go every Saturday afternoon.

Six veterans from last year's squad will form the nucleus for the '38 team. Two-year lettermen who will be spark plugs of the crew are Captain Beecher Montgomery and Fullback Howard Lemmons. Montgomery got a lot of experience last year and is due to be a heady general on the playing field in addition to his accomplishments as a passer, kicker and runner.

In Lemmons the 1938 Lions have a tower of ground gaining strength. Several pounds heavier and several degrees tougher than last year, the big boy is due to leave a lot of uncomfortable rivals in his wake when they hand him the oval in the coming battles.

Although each boasts but one year's experience, the team is to be welded by the other four lettermen, Walter Escue, guard on last year's squad but likely to be moved to tackle or end position this year; Phillip Schneemann, center; Joe Couch, guard, who may go to tackle, and Jim Dudley, end.

(Continued on last page.)

## Ozona Men Land 800-lb. Hammerhead Shark In Gulf After 3-Hour Tussle

**Huge Denizen Of Deep Measured 11 Feet Three Inches**

The thrill that comes once in a lifetime to most fishermen was experienced last week by Joe North, Ozona motor dealer, and his brother-in-law, George Bunker, Crockett rancher, when they hooked and landed an 800-pound hammerhead shark in the Gulf of Mexico off Aransas Pass.

The big fellow was landed after three hours of toil on the part of the fishermen.

When tarpon fishing proved poor for the day, the Ozonans secured special tackle and went out after the big ones. Seeking out the location of a boat sunk in the bay several years ago, they dropped hook in the vicinity, bait being a five to ten pound chunk of tarpon suspended from two giant hooks.

The big shark took the bait within a few minutes after it was lowered and the fight was on. The huge fish lunged and tore at the line, sometimes skimming the surface and then plunging to sulk on the bottom. After an hour and fifteen minutes of wrestling, Mr. North, who had nabbed the monster, turned the gear over to his companion. Another hour or more the tussle continued until the toothy monster of the deep had exhausted himself in his struggle for freedom and he was brought to the top and lassoed with two ropes and made fast to the boat.

The shark's mouth, into which a wash tub might have been thrust with ease, contained seven rows of sharp teeth top and bottom, each two inches or longer, according to Mr. North, who thus described his catch when asked if it was a "man-eater."

"What do you think?" was his question after describing the huge and well armed jaws.

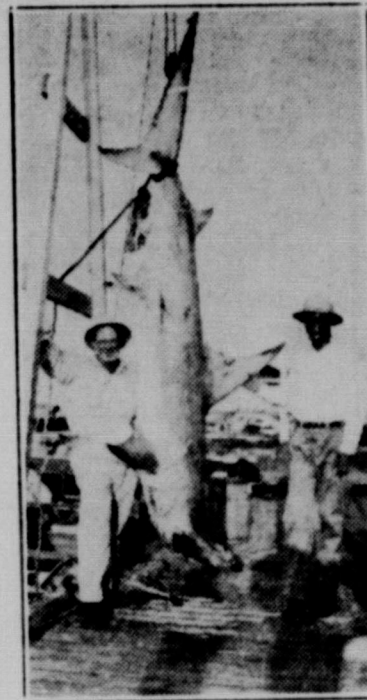

## Ozona Dealer Attends Preview Of New Model Plymouths In Dallas

Frank James, proprietor of the James Motor Co., here, was in Dallas Tuesday for a meeting of dealers and a preview of the 1939 Plymouth which goes on display to the public next week.

Dealers in the Dallas zone attended the meeting, one of the largest Plymouth dealer meetings ever held in the state. Several models of the new Plymouths were on display in the ballroom of the Baker hotel. The 1939 car features a longer wheelbase, a remote control shift with the shift lever on the steering column, distinct new styling and several other new features.

Mr. James expects to have one of the new model Plymouths on display here the end of next week.

IT WAS "THAT" LONG

Pictorial evidence of their prowess as fishermen was brought back last week by Joe North and George Bunker on their return from a fishing trip to Aransas Pass. Pictured above are North and Bunker with their day's catch, an 800-pound hammerhead shark, that measured 11 feet 3 inches. They worked three hours in landing the huge fellow, Roy Henderson was also a member of the fishing party.

## New School Bus Is Added For Service To Oil Field Area

Bus service for transporting school children of the Pecos Valley Power and Light Co. settlement in the northwest corner of Crockett county to schools at McCamey will be added this year, it was announced this week by Supt. C. S. Denham.

The bus, purchased last year by the school board for use in transporting children from the Powell Field area to Big Lake schools, has been transferred to the Pecos Valley Power & Light Co. service and a new 40-passenger bus purchased for the use in Powell Field. The new Powell Field bus will also serve children living at Kemper Station who attend school in Big Lake. Reagan county schools will share in the expense of operating the bus.

A. H. Wilson of Ozona is expected to continue as driver of the Powell Field bus.

## Dorley's Bat Again Makes Rough Going For Crane Gulfers

**Ozonan Slams Out a Timely Double To Win Extra Inning Game For Sonora**

Carl Dorley, just home from a season as manager and utility man with the Bloomington, Ill., team in the Three I league, was the home town hero again last Sunday afternoon when he played for the Sonora Lions in a Permain Basin league set-to with the Crane Gulfers, first half champions.

Dorley slammed out a triple, six official trips to the plate in the extra-inning fracas, one of his hits, a double, scoring the winning run in the 11th to give the Sonora underdogs a victory over the mighty Gulfers of Bob Osborn. In the last of the eleventh, after Ratliff had walked and Paul McLeod had singled, Dorley connected with his fourth hit of the day, a double the platter. Vic Montgomery of that sent the winning run over Ozona lacked inches of performing the same service for the Lions a short time before. A long one to left field that would have brought in the winning tally was caught by the wind and carried foul to save the Gulfers for the moment.

## SCHOOLS SET FOR OPENING HERE MONDAY

**Opening Exercises At 8:30 To Inaugurate New Session**

**STAFF COMPLETE**

**Three New Faces To Be Seen On This Year's Faculty**

With faculty complete, schedules arranged and buildings and grounds made shipshape, Ozona schools announced "ready" this week for the opening of the 1938-39 term next Monday morning.

Pupils will be required to be on hand at 8:30 Monday morning for the opening exercises in the auditorium, Supt. C. S. Denham has announced. The program for the opening ceremonies will include the singing of "America" by the assembly, invocation by the Rev. Eugene Slater, a vocal solo by Mrs. H. B. Tandy, a brief talk by Rev. A. C. Nance, a violin solo by Miss Mildred Morris and a brief talk by Judge Charles E. Davidson.

After this program, to which patrons of the school are invited, pupils will assemble in their respective rooms to receive text books and assignments after which they will be dismissed. Classroom work will begin Tuesday morning.

**Faculty Meet Saturday**

As a final preliminary to the term opening, there will be a general faculty meeting at 9 o'clock Saturday morning in the high school building, Mr. Denham announced. All teachers will be on hand by Friday, it was expected, and ready for the faculty meeting Saturday morning.

Three new teachers will take up their duties in the local system with the opening of the 1938-39 term. James B. Nevins of Abilene, a graduate of Texas Tech will take charge of the classes in hand instruction, for the first time a part of the school curriculum this year. Miss Mildred Morris of Greenville will succeed Miss Nancy Dawes as public school music teacher. Miss Morris is also a graduate of Texas Tech, receiving her B. A. degree with music major in June of this year.

The other new teacher will be on the Mexican school faculty. She is Mrs. Margaret Butler Tabb, a graduate of Baylor university, who succeeds Miss Linna Parker as teacher of the second grade, Mexican school.

Other teachers returning for the new term include Mrs. Arthur Kyle in kindergarten, Mrs. Kyle a graduate of C. I. A., spent the summer in Ozona. Miss Jo Demmer, first grade teacher, also a (Continued On Last Page.)

## Three New Faces On Ozona School Faculty

Pictured above are three new teachers added to the faculty of Ozona public schools for the coming session opening next Monday. Miss Mildred Morris, left, of Greenville is to teach public school music. She is a graduate of Texas Tech with a major in music. She is an accomplished violinist. James B. Nevins, center, Abilene, will teach band and orchestra in the schools for the first time under the new system whereby band instruction is to be made a part of the curriculum. Right is Mrs. Thadd E. Tabb, who will succeed Miss Linna Parker as teacher in the Mexican school. Mrs. Tabb is a graduate of Baylor University.

## R. Hoover Sells Crockett Ranch To Harry Goode

**Eight Sections Change Hands In Deal Recorded Here**

Deed was recorded here yesterday to conclude sale of the eight-section ranch of Rowdy Hoover to Harry Goode of Terrell county. The purchaser is a brother of Mrs. Hoover and a son of M. H. Goode veteran rancher of Sander-son. He has been associated with his father in operation of ranch holdings in Terrell county.

Total consideration in the deal was not made public. However, it was understood to be \$7 per acre cash and other considerations.

The land which changed hands is part of the original W. P. Hoover ranch in the southwest section of the county. No livestock was included in the transfer.

THURSDAY, SEPT. 1, 1938

FASCIST CANNON FODDER

Disappointed over the failure of Italy's birth rate to respond to his inducements, Mussolini is taking new steps intended to make parenthood more attractive. Couples under 26 years of age, who are not earning more than \$630 a year, now obtain loans from the government of \$52 to \$115 for each baby born to them.

Although a large number already have taken advantage of these loans, it is doubtful if they have much effect in hiking the birth rate. The Fascist inducements to provide cannon fodder are offset by a rising cost of living and by the people's fear of what the future may hold.

In this country, a falling birth rate and a leveling off of population gains disturbs hardly anyone. While a shrinking population would be deplored, a stable population is more desirable than one that grows too rapidly for the country's resources to support it.

GEORGES' FIGHT

In resuming his campaign for the nomination to succeed himself, after the President sought to read him out of the Democratic party and the campaign, Senator Walter F. George of Georgia, attracted general commendation for the statesmanlike quality of his appeal. He has been put on the defensive, and the role seems to suit him.

The civil service commission started in 1871.

THE BUNGLING HUNTER EXPLAINS

Whizzer Starts Pro Career

Byron 'Whizzer' White, who catapulted to all-American fame on the University of Colorado football team last year will start his professional career Sunday, Sept. 4, with the Pittsburgh Pirates, playing against Philadelphia.

MEXICAN HELD INSANE

Simon Barela, 22-year-old Mexican, was adjudged insane by a jury in county court here early in the week. Barela was recently returned from the state hospital for the insane at San Antonio where he spent three months under observation of physicians.

SERIOUSLY ILL

N. E. Rendall, local cafe proprietor, who recently underwent an operation in a government hospital at Kerrville, is reported in serious condition. Mr. Rendall is to be transferred in the next few days to the government hospital at Chicago for further treatment.

IT WILL GROW AS MUCH AS A FOOT IN A SINGLE DAY!', 'THE SKELETON OF THE SEA HORSE IS OUTSIDE ITS BODY... IT IS THE ONLY FISH WHO SWIMS IN AN UPRIGHT POSITION (AS SHOWN)'.

Texas Employment Figures For July Show Slight Drop

AUSTIN, Texas, Aug. 31.—Reports to the Bureau of Business Research of the University of Texas from more than 2,700 Texas establishments, embracing all types of industries and trades indicate a decline of 0.6 per cent in employment from the preceding month and a decline of 7.4 per cent from July last year.

Manufacturing establishments alone showed an increase of 0.3 per cent in the number of employees over June but a decline of 9.9 per cent from July last year; while the total weekly pay rolls in these establishments were down 0.2 per cent from June and 8.5 per cent from July, 1937, the bureau said.

Among the industries making a better showing than the state average both with respect to employment and pay rolls in comparison with June and July last year are: beverages, confectionery and cottonseed oil products.

H2O FOR BOB

Robert Taylor, film actor, refreshes himself with a cool drink of water in the old fashioned way at his Northridge ranch, near Hollywood, Calif. Taylor spends most of his spare time on the farm and incidentally keeps in trim for a series of energy-exhausting film roles.

Mr. and Mrs. Bob Weaver and children have returned from a vacation spent on the ranch of Mr. and Mrs. Walter Childress, Mrs. Weaver's parents, near Balmorea.

Mr. and Mrs. T. S. Patrick and daughter, Betty, from Corsicana, arrived Friday for a visit with relatives and friends. Their son, Pat, has been visiting here the past three weeks.

Mr. and Mrs. T. S. Patrick and children, Betty and Pat, Mr. and Mrs. Joe Patrick and son, Henry, Mr. and Mrs. John Patrick were visitors to Carlsbad Caverns Sunday and Monday.

Mr. and Mrs. Scott Peters spent the weekend in San Antonio.

E. G. Christianson of Odessa, former Ozonan, visited here briefly the first of the week. Mr. Christianson was formerly with the Jones' Saddlery here as bootmaker.

**METHODIST CHURCH**

Eugene Slater, Minister

**Calendar of Services**

Sunday school, 9:45 a. m.  
Morning worship, 11 a. m.  
Evening worship, 8 p. m.

We shall observe the Sacrament of the Lord's Supper at the morning service. This service will mean more to you if you will make some preparation for it before you come to church.

Our preacher at the evening service will be our presiding elder, Dr. L. U. Spellmann. This will be Dr. Spellmann's last official visit to us as he will be returned to the pastorate at the annual conference next month. Our people are invited to avail themselves of the opportunity of hearing Dr. Spellmann this Sunday evening.

With the opening of school teachers and ranch folk are moving back to town. We welcome them home. We have missed them through the summer. This church opens its doors to all who seek the way of the Master. We hope that our fellowship, our worship, and our study together will be helpful.

**Baptist Missionary Society Elects New Officers Next Week**

Mrs. Leslie Nance was hostess to the Nelson circle of the Baptist Woman's Missionary Union Wednesday afternoon. A mission study program was led by Mrs. Clyde Childers. Others present were Mrs. J. T. Patrick, Mrs. Hugh Gray and Mrs. J. S. Whately.

The Lottie Moon circle met with Mrs. Charlie Butler, with Mrs. S. L. Butler leading the study. Others present were Mrs. Lowell Littleton, Mrs. Harvey Collard, Miss Maybelle Taylor, and Mrs. R. J. Adams.

**CLASS OFFICERS MEET**

Officers and committee chairmen of the Men's Bible class of the Methodist church will meet at the church this afternoon (Thursday) at 5 o'clock for the purpose of laying plans for the coming year's activities of the class.

Eastport, Maine, a town of 4,000 population, has neither a Smith nor a Jones listed in its telephone directory.

Mr. and Mrs. Bascomb Cox, Miss Ora Louise Cox and L. B. Cox, III, are in San Antonio this week.

**Public Warned To Demand Certified Oysters For Table**

AUSTIN.—"Beware of uncertified oysters," warns Dr. Geo. W. Cox, state health officer. In Texas each grower of oysters in furnished a certificate from the state health department covering the oyster beds he uses, provided surveys of such areas have shown them to be free from pollution and the shucking houses are sanitary. A shipping number is granted simultaneously with the certificate, and this number must accompany all shipments of oysters to show their source.

Each operator of a shucking house where oysters are opened must have a certificate testifying that his shop has been found sanitary and his employees have been examined and found free of all communicable diseases, particularly typhoid fever. These certificates are issued annually. The federal government cooperates with the states by exercising supervision over methods used and issues lists of certified shippers in all parts of the country where oysters are produced.

The safest oysters in Texas are the ones accompanied by a certificate from the state health department. The oyster has much to commend it as a food; protein of good quality, a rich source of iron and copper (important as a protective against anemia), a liberal source of iodine essential to the proper functioning of the typhoid gland and a fair amount of vitamins.

Mrs. J. A. Sparks and children and Mrs. Pat Mahan visited in San Angelo Friday.

Dr. and Mrs. O. J. Colwick of Durant, Okla., are the guests of Mr. and Mrs. Carl Colwick.

# HOME BUILDERS' PAGE

## Planned for Efficiency

### Minimum Standards Of FHA Makes Small Homes More Livable

WASHINGTON, D. C. — The small house, long regarded as the soundest of all residential mortgage risks, must now also be as attractive, efficient, livable, and durable as more expensive homes in order to be marketed to the careful buyer of today.

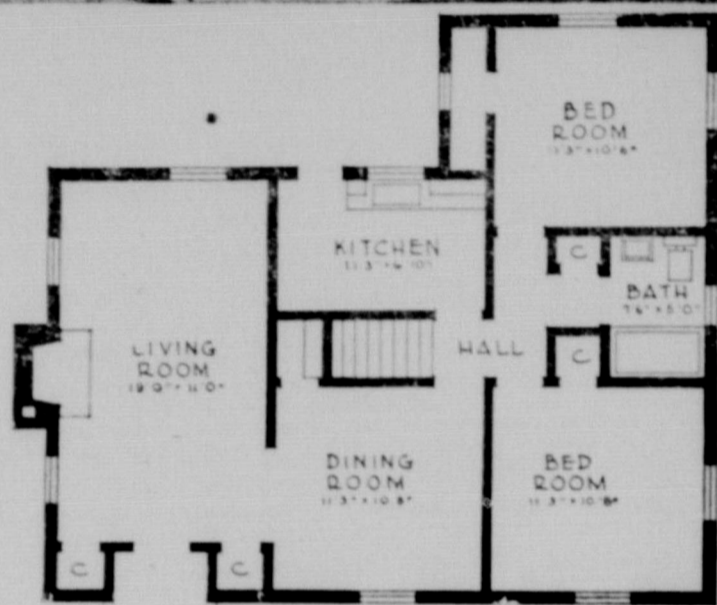

The federal housing administration's contribution in establishing a set of minimum standards of construction which the small house must meet to be acceptable as security for an insured mortgage has been of such far-reaching importance as to elevate the design, plan, and construction of virtually all small homes built today, FHA officials point out. This is in contrast to the neglect of these factors in the building of small homes in the past.

"It is not enough for the home to be valued at a price the average wage earner can afford," Howard Vermilya, director of the FHA's technical division said. "The house must meet minimum construction standards that are both sensible and consistent with the type of the dwelling. It must be compatible with the needs of the family which will occupy it and, equally important, it must be located in a neighborhood reasonably free from the type of hazards that tend to destroy residential property values."

#### OVER-SCALE PAPER PATTERNS LEND CHARM

The charm of a small home, which often lies in its very compactness, can be enhanced by the use of over-scale wallpaper patterns.

An advertisement is a guarantee of quality.

FLOOR PLAN

Here is a complete small home that was planned for efficiency and yet has a simple charm that will be enhanced with a little landscaping. Although the house seems very small from the exterior, it contains four large rooms, kitchen, and bath. A comparative rarity in small homes is a full-sized dining room. This house incorporates this feature. It has a full basement.

The house is in Columbus, Ohio, and was appraised at \$5,250. A mortgage was insured on it for \$4,000 by the Federal Housing Administration.

#### ORNAMENTAL STRIPS USED FOR DECORATING

Horizontal metal strips, singly or in double or triple lines, are being used extensively in modern interiors and also for exterior ornamentation of store buildings.

These strips, usually of copper, chromium, monel, stainless steel, or aluminum, break up the monotony of solid-colored walls. In interiors they may be used to seal together panels and in many other ways.

#### LATTICE COLUMNS

Lattice columns lend lightness and grace to the general appearance of a home without detracting from its structural soundness.

When planning a new home, a study of fixture types that can be combined with the architectural type of the house and the plan of interior decoration will assist the owner in carrying out the motif that characterizes his home.

#### LIGHTING FIXTURES PARTS OF DECORATION

Home owners whose lighting fixtures are outdated or which need replacement from other causes will find a wide range of new fixtures available.

Lighting fixtures of this age are integral parts of the scheme of interior decoration, and a home owner need not sacrifice beauty in the interests of lighting efficiency.

When planning a new home, a study of fixture types that can be combined with the architectural type of the house and the plan of interior decoration will assist the owner in carrying out the motif that characterizes his home.

#### Questions and Answers

Q. I would like to build a dining alcove in my kitchen if I can afford the space. What is the least amount of space that can be used and still allow for a convenient alcove?

A. It depends on whether the table and chairs are to be portable or built in. In the former type dining alcove the minimum desirable size is 7 feet 6 inches square. 6 inches by 5 feet will suffice. In the second type an area 4 feet

Q. I want to lay a wooden floor

### Few Changes In AAA Program For 1939 Expected

COLLEGE STATION. — The general plans for the 1939 governmental agricultural adjustment program are the same as those now in effect.

This information was welcomed by more than 100 farmer-state committeemen, state AAA officials, and agricultural workers who met in Washington, D. C., recently to discuss 1939 plans.

Texas representatives at the meeting were Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation committee, and G. E. Gates, Laredo, a member of the committee; E. N. Holmgreen, administrative officer in charge of the state AAA office, and Jack Shelton, vice director and state agent of the Texas A. and M. college extension service.

Secretary of Agriculture Wallace told the group that no new agricultural legislation, with the

exception of possible amendments, is expected for 1939. With machinery and procedure already set up to handle the provisions of the farm act of 1938, AAA workers will be enabled to bring the 1939 program to farmers without the

delay experienced this year, when the legislation was enacted by congress in middle February.

Frank Brooker of New York became the first certified public accountant in 1896.

### High Mortality Rate For Infants In Crockett Co.

#### County's Average Over State's For 1937, Report Shows

AUSTIN.—In Texas during 1937, 638 mothers lost their lives through childbirth and associated conditions. Fatality struck 8618 babies under one year of age and 22 infants were stillborn. These figures become particularly disconcerting when it is realized that at least two-thirds of this motherly mortality could have been avoided," states Dr. Geo. W. Cox, county health officer.

Crockett county had 44 total births during 1937, of which 37 were white and 28 Mexican. Thirty-one of the infants were male and 13 female. Physicians attended the births of 41 of the infants, and midwives attended seven. Seven children died under one year of age, giving Crockett county a rate of 159.1 per 1000 live births.

The state health department wishes to call attention to the fact that Texas is at last approaching the national average of infant and maternal mortality. In 1933 the nation as a whole had a maternal mortality of 62 while Texas' rate was 77; in 1934 the U. S. had a rate of 59 and Texas 73; in 1935 the nation came down to 58 and Texas stayed at the previous year's 73; in 1936 the nation had an average of 58 and Texas' was 60. The national average for 1937 is as yet unavailable but Texas has come down to 59. The infant mortality table presents a similar comparison. Advancing public health practices, better pre-natal and post-natal care, and better hygienic conditions contribute to this steadily diminishing percentage of Texas mothers and children lost in childbirth.

"Never before in the history of obstetrics have scientific precautions against complications been as advanced and so available as they are today. However, in spite of the improvement in the techniques involved and the further development of antiseptic control, the maternal mortality figures pathetically indicate that medical knowledge alone cannot solve the problem," Dr. Cox further stated. "Generally speaking, innocent or wilful neglect is largely responsible for the preventable maternal deaths. It is to be emphasized that the proper time for expectant mothers to seek medical attention is when the expectancy is first realized.

"Indeed, prenatal care is the great defense against any of the conditions that cause tragedy at birth. Consequently, expectant mothers should place themselves under the supervision of a physician at the beginning of the term. If this fundamental safety rule would be adopted more generally, the present maternal mortality toll would be markedly diminished.

"As one authority aptly states, 'To cut the appalling maternity death rate, thoughtful and cooperative initiative must originate in the home.' In other words, science had done its part, now the prospective mothers must do theirs."

Miss Montgomery is a member of Pi Beta Phi social sorority.

Bishop Charles Claude Seligman, retiring president of S. M. U., delivered the final address to members of this class.

### Canadian Boy of 11 Draws Cartoon Strip

SAINT JOHN, N. B.—Canada's youngest cartoonist has been found here.

He is Francis Groves, 11 years old, who has originated a new "funny page" character, "Tex Talmadge," a tough orphan boy. He writes his own captions and thinks up his own "blood and thunder" plots.

Mr. and Mrs. D. H. Patrick and daughter, Phyllis, are here from Frankston, visiting relatives.

### Texas Livestock Shipments Show Heavy July Gain

AUSTIN, Aug. 31.—Livestock forwardings from Texas to interstate points and to the Fort Worth stockyards during July were well above those of the corresponding month last year, the University of Texas bureau of business research has announced. All classes of livestock shared in the increase.

Shipments for the month totaled 6,636 cars, compared with 5,947 cars during the like month last year, an increase of 11.2 per cent. Shipments of cattle totaled 4,274 cars, against 4,166 cars last July, an increase of 2.6 per cent; calves, 901, against 898 cars, a gain of 4 per cent; hogs, 543, against 414 cars, an increase of 23.2 per cent; and sheep, 918, compared with 498 cars, a gain of 84 per cent.

Shipments during the first seven months totaled 47,324 cars, compared with 52,774 cars during the like period last year, a decline of nearly 10 per cent.

### Decline In Buying Power Is Indicated In Business Survey

AUSTIN, Aug. 31.—Reports to the University of Texas bureau of research from 106 Texas department stores show a decline in dollar sales during July of 20.2 per cent from June and 6.8 per cent from July last year. Normally the decline from June to July is about 24 per cent. The decline during the first seven months of this year was 0.8 per cent.

The percentage of credit sales to total sales during July was substantially above that of a year ago; while the percentage of collections to outstanding accounts dropped substantially. This situation seems to suggest further restriction in consumer purchasing power.

### THE LAZY LOU

AUSTIN.—A number of Texas motorists have devised unique schemes in order to avoid repairing punctured tires.

In one instance two highway patrolmen reported they came upon a woman attempting to change a tire on a South Texas highway. The officers smilingly repaired the puncture, inflated the tire and put

it back on the wheel.

As they drove away one of them looked back and saw a man walk out of a roadside brush, climb into the car with the woman and drive away—laughing.

Paper covers for books were first used in the 16th century.

### Behind The Scenes In American Business

By John Craddock

NEW YORK, Aug. 29.—BUSINESS: Industrial production went into a nosedive just about one year ago. Instead of having the customary seasonal business spurt last fall, the country entered a new depression which persisted for 10 months. Not until July, 1938, did the clouds begin to lift. Further clearing of the skies occurred in August, and by now the frown has disappeared from the brow of most business forecasters. Their prediction for fall and winter business is "fair and warmer." The outlook is excellent, they say, the more so because there is much lost ground to be made up. Factory sales of automobiles, for example, amounted to only 1,345,311 the first 7 months this year compared with 3,227,266 in the same period last year. This means that the average life of all automobiles on the road has been increasing during 1938, and a potential demand is being stored up which sooner or later must exert itself. Estimates of national income, represented by the flow of wages, salaries, dividends, interest and profits of individual owners of businesses, for 1938 have been revised upward a billion dollars by the department of commerce to \$61,000,000,000 as a result of trade improvement since June. This figure, however, falls almost 12 per cent below last year's \$69,000,000,000 national income.

WASHINGTON. -- One of the liveliest issues the next session of congress will have to deal with, in the opinion of observers here, is a matter which is going to hit the average man in the place that hurts most—his pocketbook. The federal government has had a deficit every year since 1930, and more taxes are needed. Recently, the treasury department drew up a schedule of income tax rates that would be necessary to increase government revenues \$2,000,000,000 annually, a figure which would still leave the government from \$1,500,000,000 to \$2,000,000,000 in the red this fiscal year and the two succeeding ones. According to the treasury estimates, the normal income tax rate for individuals, now four per cent, might have to jump to 10 per cent if congress does vote to increase revenues by \$2,000,000,000. This would be politically unpopular, however, and it is therefore likely that any tax rate increases on individual incomes would be applied in easy stages rather than all at once. A ten per cent normal tax rate, if it ever became law, would mean that a single man who earned \$39 a week last year and paid a federal income tax of \$22.40 would be called upon to pay a tax of \$6 annually.

NEW MODELS—And speaking of automobile factory sales, sweeping design and mechanical changes embodied in 1939 models, to make their public debut in about two months, are expected to create a sharp sales increase for this industry. Say advance reports from Detroit and Toledo: "Bodies generally will be wider and larger. Greater visibility is being obtained by the use of wider and deeper windows and windshields. Plastics will find increased prominence in interior body

hardware and trim. Half a dozen makes will provide off-the-floor gear shifts as standard equipment. Prices will be about the same as for 1938 models." Almost coincident with these reports was a statement issued by Connecticut's motor vehicle commissioner, Michael A. Connor, who, in the interest of safety, long has advocated better visibility in motor cars. With a word of praise for motor manufacturers who have responded to the public's demand for better visibility, he predicted that less accidents and increased driving pleasure would follow the use of more glass in the new models.

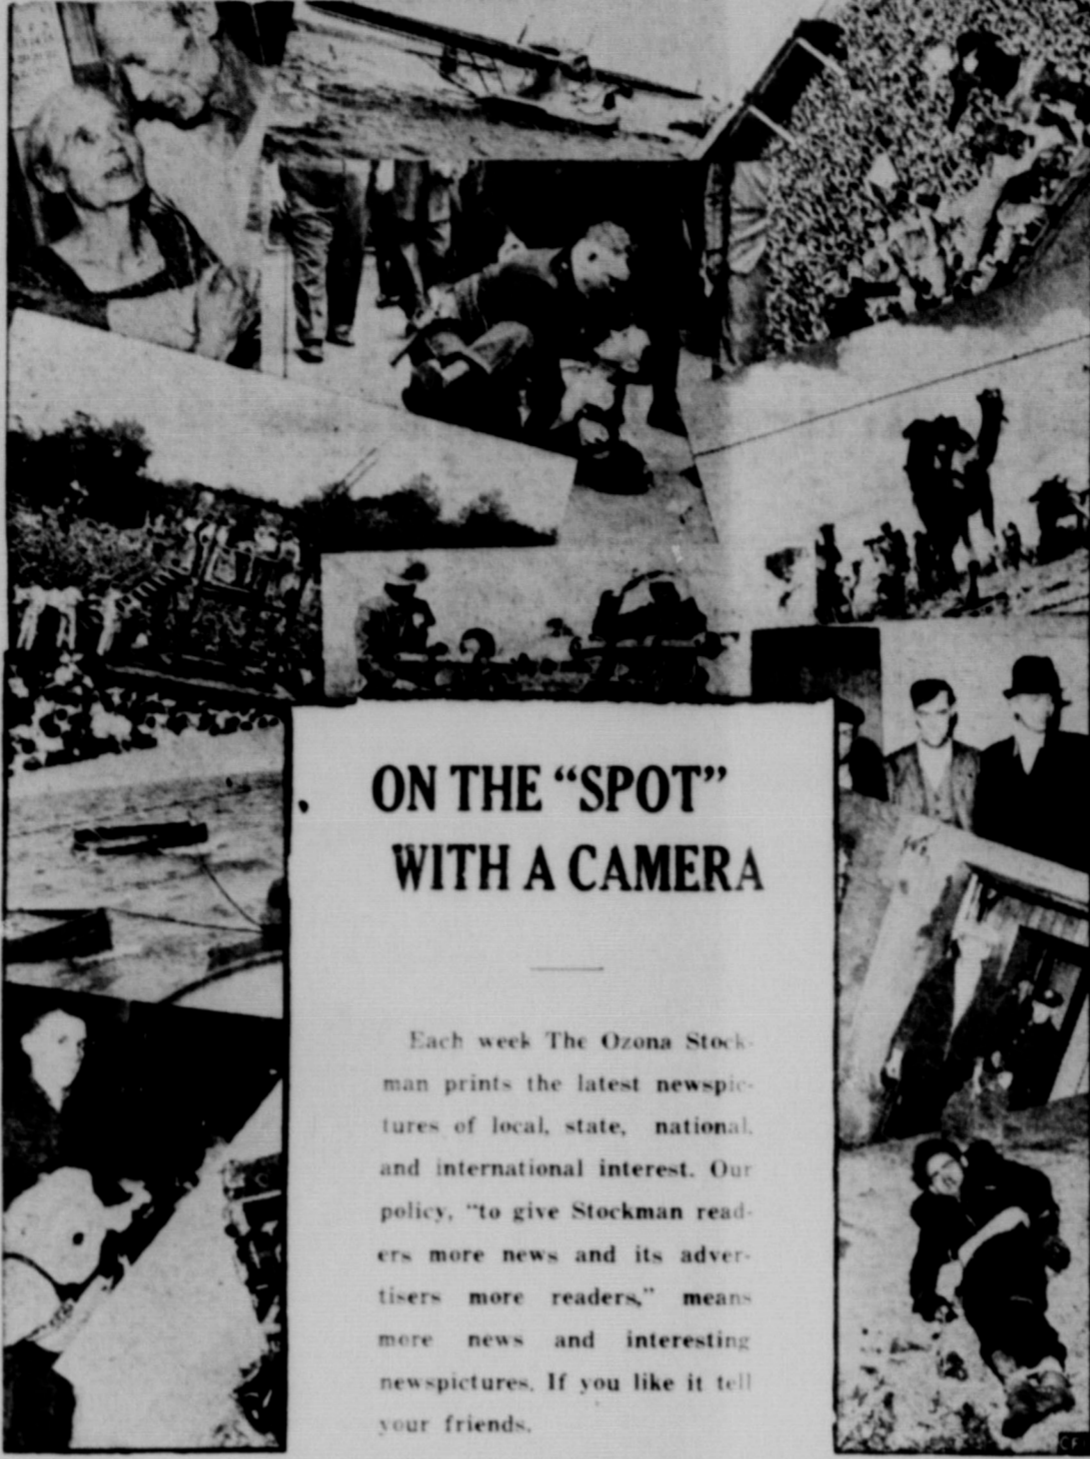

THINGS TO WATCH FOR—Brushes made of plastic material instead of hog bristles; the plastic is said to last longer than real bristles. . . . New cocktail shaker discs which prevent leakage from over-zealous mixers; they are made of a synthetic, rubber-like material called koroseal that outlasts ordinary cork. . . . Cellophane like sheets and photographic film made from leather scrap and waste. . . . A shirt designed so that suspenders can be worn concealed beneath it. . . . A device which automatically raises and closes all the windows of an automobile when the key is turned in the lock of the car door. . . . Beer brewed from sweet potatoes; fermentable syrup from the potatoes is said to be better than corn sugar or syrup heretofore used in beer-making.

### Woman Hot Check Artist Reported At Work In Texas

AUSTIN.—State police issued a warning today to rooming house operators against the "hot check" operations of a woman who has gleaned a small fortune in Texas towns.

A woman—about 35 years old and neat appearing—usually applies for a room for herself and husband and presents a check for one or two months' rent. The checks range from \$20 to \$35. She secures the landlady's endorsement on the check while her husband waits for her in an automobile, sometimes with a child. After the check is cashed at a bank or business place the couple leaves town.

Officers, who have investigated nearly 50 such complaints, said the woman always tells her victims that she and her husband plan to build a tourist camp or open a beauty parlor in the town.

Christy Mathewson once went through a regulation nine inning game for the New York Giants with only 68 pitches.

Large rise in index of industrial output by October seen by the Federal Reserve board.

### TO FATHER'S FUNERAL

Miss Bernice Garrison, waitress at Hancock's Cafe, was called to her home in Matador Friday night when her father, C. D. Garrison, died suddenly from a heart attack.

### 17 Due To Die In Labor Day Traffic, State Police Warn

AUSTIN.—Unless motorists follow safe driving rules during the Labor Day holiday period, Sept. 3, 4 and 5, Texas streets and highways will be marked with the mangled bodies of 17 traffic crash victims, state police warned today.

Using last year's Labor Day death figures as a guide, state safety officials predicted that at least 26 persons will lose their lives in Labor Day violence. In addition to 17 traffic deaths, five are expected to drown, two will be accidentally shot and two will die from other types of accidents.

Traffic deaths last year rose to 21 in the three days of celebration when thousands of vehicles carrying pleasure seekers jammed arterial highways.

In spite of precautions planned to forestall many tragic crashes, state police are forecasting that approximately 125 persons will be injured in accidents of all types—many to be maimed for life. State patrolmen will guard all highways closely, working double shifts with very little rest until the holiday period has passed, Chief Fred Hickman said. Special attention will be given to drinking drivers and those who violate the 45 mile-an-hour speed law, and weave in and out of traffic lines.

"Fast driving means death in collisions when reasonable speeds would cause slight injuries," Chief Hickman admonished. "State officers will join with local police in preventing as many casualties as possible."

Officials urged Texas people to guard against accidents in the homes, on hunting and fishing

trips and while swimming and boating so that death tolls may be lowered.

### BEST EYE-SIGHT SERVICE

Dr. Fred R. Baker, well known San Angelo optical specialist, has been serving local citizens for 30 years, will be at Hotel Ozona Wednesdays p. m. and Thursdays a. m., September 7 and 8 with scientific testing equipment, and new style glasses at reasonable prices.

Because her husband would not come home in the dead of night stand at the foot of the bed, Mrs. Andrew Darling of Cambridge, N. J., sued for a divorce.

### Andrew Wilson Made Captain At Military Academy

#### Ozonan Elevated To High Cadet Rank In Last Year At West Point

Andrew Wilson, son of Lee Wilson, Ozona Buick dealer, will complete his final year in the United States Military Academy as a captain.

News of his son's elevation to captaincy was received by telephone early this week by Mr. Wilson. Young Wilson, who was ranked among the first fourteen men in the entire third year class in academic rating at the end of the year, and who has made an outstanding record in the institution's athletics, was elevated to a lieutenant last spring at the conclusion of his third year's work.

At the outset of summer maneuvers, Wilson was promised a captaincy by his company commander if he met certain requirements in military training work during the summer. He met those requirements and his promotion was granted.

Captain Wilson stands a good chance of gaining all-American honors in football this fall. He is one of Army's mainstays in the backfield as a kicker, passer and punting ground gainer, and barring illness or injuries is due to make a big noise in the big time football circles.

### INTRODUCING—HANDLE F. MASTERS

Handle F. Masters of Marietta, Ga., has become associated with the Stockman as linotype operator and associate editor. Mr. Masters succeeds Roy Matthew, who resigned recently and left Saturday to visit relatives in Kansas City.

Mr. Masters has had many years experience in printing and newspaper work, has specialized in advertising layout and composition, and has been employed on some of the larger papers of the nation. The Stockman will appreciate any courtesies shown Mr. Masters in helping him to become better acquainted in the community.

Mrs. George Montgomery was in Dallas last week at attendance commencement exercises at Southern Methodist University at which her daughter, Miss Helen Montgomery, received her B. A. degree.

Phone your news to the Stockman.

### "The Name Is Jerry Sadler"

—Photo by Paul Peters, Houston Post—

And he's the young man Texas voters in Saturday's Democratic run-off primary chose for membership on the Texas Railroad Commission over the veteran and O'Daniel-anointed C. V. Terrell, present chairman of the board. Sadler and Gerald Mann both downed their more politically experienced opponents despite the fact that they campaigned against the odds of a W. Lee O'Daniel blessing bestowed on their opponents.

### D. A. Parker Of Ozona Member Cowboy Eleven

Former Star End Here On Roster Of 1938 Simmons Squad

ABILENE, Aug. 31. — Invitations to forty-nine prospective aspirants for the Hardin-Simmons Cowboy eleven, undefeated in their most recent 17 starts, were dispatched today by Coach Frank Kimbrough.

Fall training in the Cowboy corral begins Monday, with the opening game, with the Daniel Baker Billies, just 12 days away, on September 17.

A quartet of co-captains head the squad roster of 11 letter men, nine squad men, and 29 sophomores. Luther Raley and Clarence Headstream are backs. Bud Reeves is an end, and Eddie Bigelow a center.

Earliest homecoming at H-SU in many years brings the Centenary Gentlemen to Abilene on October 1, for what already stands out as a major early season clash in West Texas. The previous weekend, Centenary meets TCU. Southwest conference foe, and the Cowboys take on the University of San Francisco Dons, in San Francisco.

The Cowboy squad roster contains the name of D. A. Parker of Ozona at an end position. Park-

### WINS NOMINATION

Claude H. Gilmer of Rock-springs Saturday won the Democratic nomination for representative from the 86th legislative district in a run-off campaign for the office against Marvin E. Blackburn, Jr. Mr. Gilmer's vote, on the basis of late returns from the ten counties in the district was 5,009 to 4,010 for Blackburn.

Mr. and Mrs. D. F. Dubie of Houston who are spending a few days in Kerrville for a summer vacation, visited Mrs. Dubie's sister, Mrs. Grace Turney, here over the weekend.

er was an all-district end and chief ground gainer for an Ozona high school squad a few years back.

### SCHOOLS—

(Continued from page 1)

C. I. A. graduate, has spent this summer in graduate study at Colorado State Teachers college at Greeley. Miss Dorothy Spain, graduate of North Texas State Teachers college, has spent the summer visiting friends and relatives in Oklahoma and Austin. Miss Norine Allison, third grade teacher, a graduate of Texas University, has been at her home in Rockwood. Mrs. C. S. Denham, fourth grade teacher, a graduate of Texas Tech, has spent the summer in Lubock and on a tour of the eastern states. Mrs. Ted White Daniel Baker graduate and teacher of social studies and art in Junior high, has been in Ozona this summer.

#### Hollon To Europe

Eugene Hollon, principal of the Junior high school, returned to Ozona this week after a summer's tour of Europe. Mr. Hollon is a University of Texas graduate. Miss Margaret Martin, teacher of language arts in Junior high, will receive her master of arts degree from the University of Texas this summer. She holds a B. A. degree from the same institution. C. E. Nelson, high school principal, University of Texas graduate, has spent the summer in Abilene and Cleburne.

Miss Bess Terry, high school English teacher, a graduate of McMurray college and the University of Texas, has spent the summer on a tour of the northwestern states with her parents. Miss Terry's home is in Stamford. Miss Mildred North of Ozona, teacher in the commercial department, spent part of the summer on a tour of the eastern states. She is a graduate of Baylor university. Miss Ada Moss, graduate of North Texas State Teachers' college and head of the home economics department in high school, spent the summer in Ozona. Guinn Carruthers, teacher of science and manual training in high school, is returning from the University of Texas, where he has been pursuing his studies toward a Master's degree. Ted White, teacher of Spanish and athletic coach, has been in Ozona most of the summer, attending the Texas Tech coaching school in August. Jake McCulley, principal of the Mexican school and assistant coach, also attended the coaching school. McCulley is a Daniel Baker graduate. Miss Catherine Caspman, Sul Ross graduate, and Mrs. Thadd E. Tabb, Baylor graduate, both teachers in the Mexican school, spent the summer here. Miss Elizabeth Kuykendall, first grade teacher in the Mexican school, has spent the summer at Sul Ross, where she has completed work for her degree.

### T. A. Kincaid—

(Continued from Page 1.)

For ten consecutive years, Mr. Kincaid served as president of the Texas Sheep and Goat Raisers Association. Since inauguration of the Soil Conservation program of the U. S. Department of Agriculture, he has served as a member of the state conservation committee as a representative of the ranch industry.

Besides local friends of Mr. Kincaid's, a few out-of-town guests attended the birthday party Tuesday evening, including his eldest son, J. Bert Kincaid of San Angelo and his son, Bert, Jr., Robert Hughes, San Angelo attorney and Guy E. Vaughan, Tulsa, Okla., independent oil operator. Mr. Kincaid's other sons, T. A. Kincaid, Jr., and Bud Kincaid were also present, and four of his seven daughters assisted Mrs. Kincaid in serving the guests. Games were enjoyed after the dinner, which was served in the garden.

### Optimism Rules—

(Continued from Page 1.)

In the reserve strength, coaches are expecting some good material from Fats Thurman, 276 pound man mountain, Joe Williams, Donald Wilson, Elton Smith, Shorty Colquitt, J. K. Colquitt, Wayne West, Bobbie Lemmons, Stanley Lemmons, Floyd Hokit, Langford, Jess Hancock, Loyd Coates, Bill Carson, Bill Hannah, Byron Williams and Willie Joe Hubbard.

The Lions are due to open the 1938 season against the always tough Iraan Braves on September 17. The complete season's schedule is expected to be ready for announcement next week.

The first fat stock show was held in Chicago in 1878.

### SMITH TOO BUSY

Because Henry Hofer, a blacksmith at Sharpburg, Pa., has so much work to do that he starts at 3 a. m. every morning and works sometimes 17 hours a day, neighbors disturbed by the pounding on his anvil complained to the police. But when Henry, who has been a blacksmith for 41 years, learned no one could legally stop him, he continued to start work at 3 a. m.

The A. and P. Tea company started the first chain stores.

Mrs. Al O. Fields spent several days this week in Snyder where she visited her sister, Mrs. Carl Pettit and family.

Mrs. Ed Bean and Mrs. Frank James are in Fort Worth this week.

Judge: Have you anything passed on you.  
Prisoner: No, yer honor, lawyer took me last dollar.

"JUST A LITTLE BETTER SERVICE"

# TEXANS ONE AND ALL

The folks who produce, refine and market the products you buy under the Humble sign are Texans—just like you, me and the rest of us. They are employed by a Texas institution which is real homefolks in Texas communities, large and small. So they've got the Texas point-of-view. They know what you need and want in the way of motor fuels, motor oils and service, and they've been provided with every facility to give them to you.

As fellow Texans and neighbors, we invite you to stop for service where you see the Humble sign; you'll find a friendly, Texas welcome waiting for you.

## HUMBLE OIL & REFINING CO.
