Annual Red Cross Roll Call Drive Starts Next Week

Crockett Chapter Hope To Take State Lead In Enrollment

Beginning next Tuesday morning it will be Red Cross week in Crockett county.

On that day the annual Red Cross Roll Call drive will get under way in Ozona, with committees organized and the town divided for a whirlwind sign-up drive which workers hope to complete in two days.

Last year, under the leadership of Rev. Eugene Slater, pastor of the Methodist church, as Roll Call chairman, Crockett county went "over the top" in membership enrollments. The final check-up of the state showed this county in fourth place among the 254 counties of Texas in enrollment according to population.

This year, Rev. Slater will again head the drive, and workers are confident that this county will take the state lead in the percentage of population enrolled.

Gaining the jump on all other prospective enrollees, Mother Perner is again the first Crockett countian to enroll in the 1938 Roll Call, as she has been for the past several years. Mother Perner this week handed her membership dollar to Rev. Slater to become the first to enroll in the mercy organization for the 1938 drive.

Organization of committees to make the whirlwind solicitation will be perfected by the end of this week, Rev. Slater said, and the Roll Call will be ready to get under way Tuesday morning. The town is to be divided into zones and committees named to each zone, the membership of each committee to be responsible for contacting each resident of his zone.

"Each year there are numbers of persons whom committees fail to contact in their solicitation," Rev. Slater said. "If any are missed this year, we sincerely hope that they will make their contribution voluntarily in order that as nearly 100 per cent enrollment of the community as possible can be reported. Should you not be solicited, or should you desire to pay your dollar now before the official Roll Call gets under way, you may do so by leaving your membership fee at the Ozona National Bank or at The Stockman office."

2 New Locations For Oil Staked In Crockett Co.

Gilcrease Oil Co. To Drill In Choate & Hogan Area

Locations for two new tests in the Choate & Hogan pool opened last April in northwestern Crockett county on University of Texas lands were filed this week. Both tests were staked by the Gilcrease Oil Co. of San Antonio, which bought four leases on 2,160 acres with three wells, for \$102,500 from Choate & Hogan, discovery operators. Both are on a 560-acre tract 12 miles north of Iraan and both will be 1,500-foot tests, work to start immediately.

No. 1-G University is 330 feet from the north and 990 feet from the west line of the southwest quarter of section 13, block 14 and No. 2-I University is 330 feet from the south line and 990 feet from the east line of the southeast corner of section 16 in block 14.

Mrs. Bob Murchison of Fort Stockton is here for a few days' visit with her mother, Mrs. Mary Perner, and other relatives. Mrs. Murchison came over with Mr. and Mrs. Roy Henderson when they returned from a visit last week to Fort Stockton.

Four Injured In Nazi Boat Explosion

OAKLAND ESTUARY, OAKLAND, Calif.—Four crew members were injured as the German passenger-freighter sank after an explosion that tore a gap in her hull. Photo shows an injured crew member being taken ashore.

Week Of Prayer To Be Observed By Methodists

Daily Service Sunday Through Thursday Are Planned

Week of Prayer will be observed next week at the Ozona Methodist church under the leadership of the Missionary society of that church. It was announced this week. The series of services, beginning with the Sunday services, will continue each day through Thursday.

"The observance of Week of Prayer began sixty years ago when the society was very young, funds were scarce and the calls from the fields urgent," declared Mrs. Bascomb Cox, president of the Methodist Missionary society in announcing the Week of Prayer program. "It was a time for earnest prayers for funds and divine leadership. The demands today are different, but no less real or urgent, for our responsibility in the present world situation is unparalleled. We urge that each individual member of the auxiliary observe the entire week engaging in earnest prayer for our missionaries and national Christians in China and the French mission in Louisiana, as well as in other places."

Following the Sunday services, the next observance of the week will be an organ recital at the church Monday evening starting at 7 o'clock with Mrs. Alvin Harrell at the organ.

Tuesday morning at 10 o'clock the theme "Building the New Earth" will be developed in a program to be led by Mrs. Welton Bunker. The program will be as follows:

Quiet music—Mrs. V. I. Pierce.
Hymn—"Where Cross the Crowded Ways of Life."
Call to worship.

Poem—"I Hear My People Crying"—Mrs. Stephens Perner.
Scripture Reading—Mrs. Will Baggett.

Litany of Thanksgiving—Leader.
Hymn—"We Bear the Strain of Earthly Care."

The MacDonell French Mission—Mrs. Joe Pierce.

Silent prayer for work and workers in the French Missions Field.
Hymn—"Take My Life."

Prayer.
The next program will be at 3 o'clock Wednesday afternoon on the topic "Entering into the Fellowship of Suffering," with Mrs. Bascomb Cox as leader. The program will be as follows:

Quiet Music—Mrs. Victor Pierce.
Call to Worship—Leader.

Hymn—"Thy Kingdom Is Coming."

Period of Prayer.
Talk—"China," Houston Smith.

The final program will be from 10 to 11 o'clock Thursday morning.

Seek Household Furnishings For Community House

Mission Board Asking Donations; Complete By December 1

Contemplating early completion of the Community House, being built on the Mexican playground as a social and educational center for the underprivileged classes of the community, the City Mission Board of the Methodist Missionary society, through its chairman, Mrs. Scott Peters, has issued an appeal for donations of household furnishings for the building.

A group of committee chairmen, to have charge of solicitation of furnishings for the different rooms of the building, were named yesterday by the board, and persons who have articles they will donate for this use are asked to communicate with the chairman in charge.

A list of articles needed for the Community House was prepared and announced by Mrs. Peters. The list includes two single beds, with springs and mattresses, two scatter rugs, one dresser, one chest of drawers, one radio table, two rockers, four curtains, kitchen

Annual Armistice Gridiron Classic At Sonora Friday

Sutton-Crockett Rivals To Battle For Honors On "Peace Day"

The twentieth anniversary of the signing of the Armistice which brought cessation of hostilities in the World War will find another "war" in full vigor on the Sonora gridiron Friday afternoon when the Ozona Lions invade the Sutton county capital for the annual clash between these two friendly rivals.

Neither team will go into the struggle with any distinct advantage over the other. Both have been ingloriously beaten by other district teams, but both are keyed to high pitch for the "battle of the century" in this annual Armistice Day clash.

A large number of Ozona fans, including towns people and a full contingent of students will accompany the team for the afternoon's contest. The game is set for 2 o'clock Friday afternoon. Fans going from Ozona will meet at the high school building at 12 o'clock and go in a body to Sonora. All cars will stop at the bridge on the western edge of Sonora at 1:20 where cars will be decorated for an auto parade in downtown Sonora.

The Pep Squad, under the leadership of Leader Crystelle Carson and Assistant Ora Louise Cox, will be on hand in full force as will the band and drum corps. Although these organizations will not stage a parade before the game, they will perform the usual between halves stunts. In order that as many as possible might be provided transportation to the game, persons who will have room in their cars are asked to communicate with Miss Carson, Miss Cox or Supt. C. S. Denham as soon as possible.

A pre-game pep rally is planned for the gymnasium tonight starting at 7 o'clock, with the Pep Squad leaders in charge of arrangements.

Pascal Northcutt returned Saturday from San Juan, in the Rio Grande valley, where he went to take his mother home after a visit here.

The Hillery Phillips ranch home is being renovated this week.

TEXAS DEMO CHIEF

Eugene B. Germany, Dallas businessman, civic leader and independent oil producer, has plunged into active leadership of the Texas Democratic party. Germany is the new chairman of the state Democratic executive committee, elected at the recent convention in Beaumont. He succeeds Myron G. Blalock.

Only 50 Ozonans Cast Ballots In General Election

Two Decline To Accept Hillbilly Governor In Final Vote

Only fifty citizens in Ozona took the trouble to go to the polls and cast their ballots in Tuesday's general election, which was, as expected, a mere formality of confirming the choice of voters in the Democratic primaries last summer.

Of the half hundred who did vote in the local box, 48 hewed to the Democratic line and confirmed all selections of the party while two broke away to "scratch" the Democratic nominee for governor, W. Lee O'Daniel, Fort Worth flour man and exponent of Hillbilly music for campaign purposes.

The vote in outlying boxes of the county was proportionately heavy, nearly the entire voting strength in the Pecos Valley Power and Light box in the northwest part of the county casting a ballot, 14 voting straight Democratic and two declining to accept the gubernatorial nominee. The Howard-Well box split two and two, two straight Democratic and two straight Republican. The Owens box voted six straight Democratic ballots.

In all boxes, save that at Howard-Well, Democratic nominees for county offices were approved without dissent.

Army Purchasing Board Will Buy Horses In Area

Government Stallions To Be Inspected On Buying Tour

A purchasing board, to inspect remount stallions and to purchase horses for the United States Army, will spend a week in the West Texas area beginning Nov. 17, it was announced recently by Maj. Marion I. Voorhies, Q. M. C., officer in charge.

Purchase points, at which animals offered for purchase, have been designated, and a list of government stallions in the area to be inspected has been announced, purchases also to be made at these places.

The government agents will be in Ozona section Sunday, November 20. The schedule for that day includes a stop at the Gene Linticum ranch near Barnhart, where H. C. Noelke is also to show horses. Two stallions are to be inspected, Lion D'Or at the Len Mertz ranch, and Reno Khedive at Linticums. On to Ozona, the buy-

(Continued on last page.)

Ozona Successful Host To 6th Dist. Music Convention

Good Attendance Is Recorded In Two-Day Conclave

Visitors to the twelfth annual Sixth District convention, Texas Federation of Music clubs, began their trek back home Saturday afternoon at the conclusion of another successful convention and members of the Ozona Music club and Ozonans generally settled back to routine life, after successfully playing host to representatives from musical groups in 11 West Texas towns.

Attendance was good at both the senior clubs convention Friday and the junior sessions Saturday, with Ozonans and the visitors filling the auditorium for the Fine Arts program, the convention highlight, Friday evening.

Mrs. H. B. Tandy of Ozona was one of three new district officers named at the convention. Mrs. Tandy was elevated to the post of district first vice president to fill the vacancy made by the resignation of Mrs. Norman Lockes of Brownwood. Mrs. Ina Wooten Jones of Abilene was elected recording secretary and Mrs. Joseph Perkins of Eastland was named historian.

Mrs. R. P. Wyche of Abilene, district president, presided over the convention sessions. She awarded a cash prize to the Ozona high school band for having the highest club rating report. Abilene won the distinction of having traveled the farthest and award for the best scrapbook.

District officers attending other than Mrs. Wyche were Miss Christine Collins of Merkel, and Mrs. Sheridan Newman of Brady. District chairmen reporting on their work were Mrs. L. B. Horton and Miss Lucille Skinner of San Angelo, Mrs. Tandy, Mrs. J. B. Smith, of San Angelo, Mrs. Felton Jones of Sonora, Mrs. Robert Wylie of Abilene, Mrs. Ina Wooten Jones, Mrs. E. E. Traweck of Abilene, Mrs. Lowell Littleton of Ozona, Mrs. Jimmie C. Windham of San Angelo and Mrs. S. M. Harvick of

Dr. G. L. Nestrsta Opens Medical Practice Here

Former Ballinger Physician Has Offices In Word Home

Dr. George L. Nestrsta, who has been engaged in the practice of medicine and surgery in Ballinger for the last three years, has moved to Ozona to take up practice here.

Dr. Nestrsta, with Mrs. Nestrsta, a bride of four months, arrived here early this week to set up their home and offices in the H. O. Word residence, which they have leased. The house has been thoroughly reconditioned in recent weeks, repainted inside and out, various repairs made and the floors refinished throughout.

Dr. and Mrs. Nestrsta will occupy four of the rooms in the house for their living quarters, while the other three will be devoted to reception room, consulting and operating room and a hospital room or recovery room, equipped with two beds. One other bedroom may be turned into a hospital room if the need justifies, the doctor said. He plans to install an X-ray machine as soon as possible, using a large closet off his consulting room as a laboratory and dark room.

Dr. Nestrsta is a graduate of Creighton University medical school in Nebraska, class of 1933. He did his interne work in St. Joseph's hospital in Omaha, Neb., returning upon completion of this work to practice in his native Texas. He was reared in San Antonio.

1938 RED CROSS POSTER

The appealing figure of the Red Cross nurse presents a plea for your annual membership in the Red Cross during the roll call, beginning Armistice Day and ending Thanksgiving Day. This is the official 1938 poster of the Red Cross, and appears in the form of a window card.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Nov. 7.—BUSINESS—Accelerated by government spending, the 1938 industrial recovery continues to gain ground with experts predicting an even sharper upward movement in business indices after the elections. Evidence of better business is seen in many lines. Dealers in office equipment and supplies report improved sales, and expect fourth quarter volume to be 20 per cent over 1937. Helped by warm weather which has allowed new building to go ahead rapidly, plumbers and heating equipment salesmen say that business is about 15 per cent ahead of last year. During November department store sales will be closely approximate 1937 records than in any month since last April, according to present predictions.

WASHINGTON — Tomorrow's general elections had Capitol Hill's population and all the agencies in a dither last week, and discussion of national problems came to almost a complete standstill. When Washingtonians do get together to talk about subjects other than politics the gossip they circulate includes: U. S. retaliation against Japan's closing of the Open Door in China is indicated; increased taxes on business in the next session of congress are inevitable, despite fast rising business and trade indices; no railroad employe strike, but rather an exhaustive study of the whole national transportation problem.

THINGS TO WATCH FOR—Moisture-proof face-powder . . . A new electric shaver to sell for \$20, including durable metal case, unbreakable glass mirror and a removable wall rack . . . A new movie cycle, following success of

Punching the Time Clocks Again

DETROIT, Mich.—This cheerful scene was photographed at an automobile plant here recently as men went back to work, part of the number that Alfred P. Sloan, Jr., chairman of the board of the General Motors Corporation, said would be reemployed within two weeks.

Troops Guard Packing Plant After Riot

SIoux CITY, Iawo.—While crowds of spectators fill the streets below, members of the Iowa National Guard set up machine guns on the second floor of the Swift & Co. plant here. The soldiers were called out following strike riot last week. Note the shattered windows, broken by missiles thrown during the riot.

review of Irving Berlin's songs contained in "Alexander's Rag Time Band"; already planned for early production is a George Gershwin cavalcade . . . Silver lining—not for clouds but for metal containers . . . Low-priced cash register, with new safeguards against pilfering . . . Carnations of the icebox variety suitable for men and women, available in college colors—the florist's contribution to football gayety.

CONSTRUCTION — Working

men and materials suppliers in the building trades heard good news last week. Although the nation's chain store companies plan few new units in 1939 in the face of generally unsatisfactory business conditions, they do plan extensive modernization of existing stores, according to a nation-wide survey just completed by Frank E. Landau, of Chain Store Age. Work will be carried forward at what may be a record-breaking pace, it is estimated, with construction expenditures equalling or surpassing those of 1937, when the all-time high of \$124,536,000 was spent by the industry for this purpose.

HEADLINES IN NEW YORK—More than \$100,000,000 will be invested in trucking equipment in 1939 . . . Postage on books dropped to 1 1/2 cents a pound, may revolutionize publishing industry . . . Looking at the earnings reports: Holland Furnace and Bristol-Meyers above last year, while Chrysler, Electrolux and Standard Oil of California decline . . . Radio passes milestone; it was on November 2, 1920, that KDKA, Pittsburgh, made its first broadcast . . . Now, 18 years later, there are 32,000,000 receiving sets . . . In that span of years more than 15,000,000 autos have been added to the country's total registration together with 5,000,000 telephones and 17,000,000 electric irons . . . Number of depositors in Christmas Savings clubs reaches new high peaks.

METHODIST CHURCH
Eugene Slater, Minister

Calendar of Services:
Sunday school, 9:45 a. m.
Morning worship, 11 a. m.
Young People's meet, 6:30 p. m.
Evening worship, 7:30 p. m.
W. M. S. Wednesday, 3 p. m.
Mid-Week service, Wednesday 7:30 p. m.
Choir rehearsal, Thursday, 7 p. m.

Attendance at all services has been good through the last two Sunday's. The pastor deeply appreciates this fine interest in the life of the church. It is a challenge to all of us to provide an atmosphere in each church service that will help people to worship. Every member of the congregation helps to make that atmosphere. Your very presence is a silent petition for truth, light, peace, courage, and vision as you try to live a noble life. Our united petition offers the Father a mighty opportunity to come into our lives. This church wants to help its people to relate their lives to the great purpose and will of the Father. To all who desire that help we extend a cordial welcome.

CHURCH OF CHRIST
A. C. Nance, Minister

Pneumonia Season Is At Hand, Warns Health Officer

AUSTIN, Nov. 9.—"Though pneumonia may and does occur at all seasons of the year, the winter months see the highest incidence of this disease. With relatively few cases during the summer, an increase in pneumonia is observed with the advent of fall, usually quite noticeable in November, which continues through December, January, February and March before the number of cases again declines to the "warm weather" level. The time is therefore quite short before the beginning of the so-called "pneumonia season," states Dr. Geo. W. Cox, state health officer.

"Lobar pneumonia is an infectious disease. In well over 90 per cent of the cases it is caused by one of the 32 types of the pneumococcus germ. Against some but by no means all of these varieties of the pneumococcus, serums have been developed which have proven extremely beneficial in the treatment of pneumonia cases caused by these particular types. In order that best results can be expected the serum must be given early.

"Another remarkable advancement by medical science in its struggle with pneumonia was the perfection within the past several years of a method of quickly identifying the type of pneumococcus causing the illness in each individual case. This progress has been made but we are yet far from the goal.

"Consequently, the necessity of persons developing their natural defenses against all infections including pneumonia, is just as important and essential today as it ever was.

"After all, many cases of pneumonia get their first start by way of a lowered bodily resistance which provides a little soil for the pneumococcus germ to produce the disease.

"Regardless of the scientific progress thus far made, and regardless of the possible extension of these progress the predisposing causes will always remain the same.

"In many cases a cold is pneumonia's forerunner. If the reasonable choice by the rules of personal hygiene involving the use of proper food in proper amounts, sufficient sleep, adequate exercise, the maintenance of a healthy indoor temperature, clothes guard to the thermometer rather than to fashion, the avoidance of the excessive use of stimulants of all kinds and the elimination of debilitating habits, man's mind which might lead to pneumonia can be avoided," Dr. Cox stated.

"And if by that prophylactic protection be added sensible precautions against wet feet, especially during cold or when over-heated, avoiding drafts and as far as possible staying away from contact with members of the family, friends or others already suffering from colds, one's chances of

CAPTURES BIRD: FINDS IT'S A "WHATZIT?"

OKAWVILLE, Ill.—When Henry Koelker, Okawville farmer, found this bird near the river bottoms, with a broken wing, he thought it was a Canadian goose. Examination showed, however, it wasn't a goose, a duck, heron, or what have you? Koelker calls it a "Whatzit" and is trying to find someone who can identify the bird. As photo shows, the creature has a long, cruel hooked bill, a body like a wild goose, and feet webbed only on the inside. It's a fighter, and the photo was taken only after a string was tied around the bird's beak to keep it from biting.

BALLINGER VISITOR COMPLIMENTED AT PARTY

Mrs. Ellen Smith entertained Sunday with a chuck wagon lunch complimenting Miss Carmen Demmer of Ballinger, who was here to visit her sister, Miss Jo Demmer, first grade teacher in Ozona schools. After the lunch, guests enjoyed bridge, chess and other games and a raffle. The Joe Clayton lamp, which they were served hot chocolate.

Guests included Miss Dorothy Spain, Jo Demmer, Carmen Demmer, Marie Draper, North Allen, Margaret Naughton, Ben Terry, Ann Ross and Dixie Davidson and Calma Garabehn, Eugene Walker, John McCulloch, James Nordin, Bill Seaborn, L. D. Kiffin, Sally Brown, Sam Maxwell, Roger Dudley, Mr. and Mrs. Joe Clayton and Mrs. Smith.

Being afflicted by pneumonia's main sleeping stage, the cold will be further decreased.

Howard Lemmons, hiker back on the Ozona Lingo football team, is suffering from an arm infection and may be out of the all-important Armistice Day game at Seena, Friday.

The first class women team built around New Orleans in 1924.

Mrs. Colwick Gives Review Of Novel At Woman's Club Meet

Mrs. Carl Colwick reviewed the book, "And Tell of Time" by Laura Krey at the meeting of the Ozona Woman's club Tuesday afternoon at the home of Mrs. J. W. Henderson. Mrs. W. E. West gave a sketch of the author's life.

Mrs. Neal Hannah was guest artist, playing a medley of Southern airs. Club members present were Mrs. Carl Colwick, Mrs. A. C. Hoover, Mrs. W. E. West, Mrs. Ira Carson, Mrs. Lee Childress, Mrs. Stephens Perner, Mrs. George Montgomery, Mrs. Joe Pierce, Mrs. Scott Peters, Mrs. Hillery Phillips, and Mrs. Henderson and Mrs. Hannah as a guest.

JUNIOR CLUB MEETS

Mrs. Charles E. Davidson, Jr. and Miss Wayne Augustine were hostesses to the Junior Woman's club at its meeting last Thursday at the Davidson home. The program was devoted to a study of "Personality of a House" by Emily Post. Participating on the program were Mrs. Hubert Baker, Mrs. W. E. Friend, Jr., and Mrs. Doug Kirby. Others present were Ms. Walter Augustine, Miss Wanda Watson, Mrs. C. J. Van Landt, Mrs. Sid Millspaugh, Jr., and the hostesses.

Oscar Kost, employed at the Jones Saddlery, recently bought 140 head of Angora goats from Yuk Montgomery. The goats are being pastured on the Ernest Dunlap ranch.

Mrs. F. T. McIntire of San Angelo was the house guest of Mrs. Wayne West here during the Music club's convention. Dr. McIntire and their daughter, Joyce, came down to spend the day Sunday.

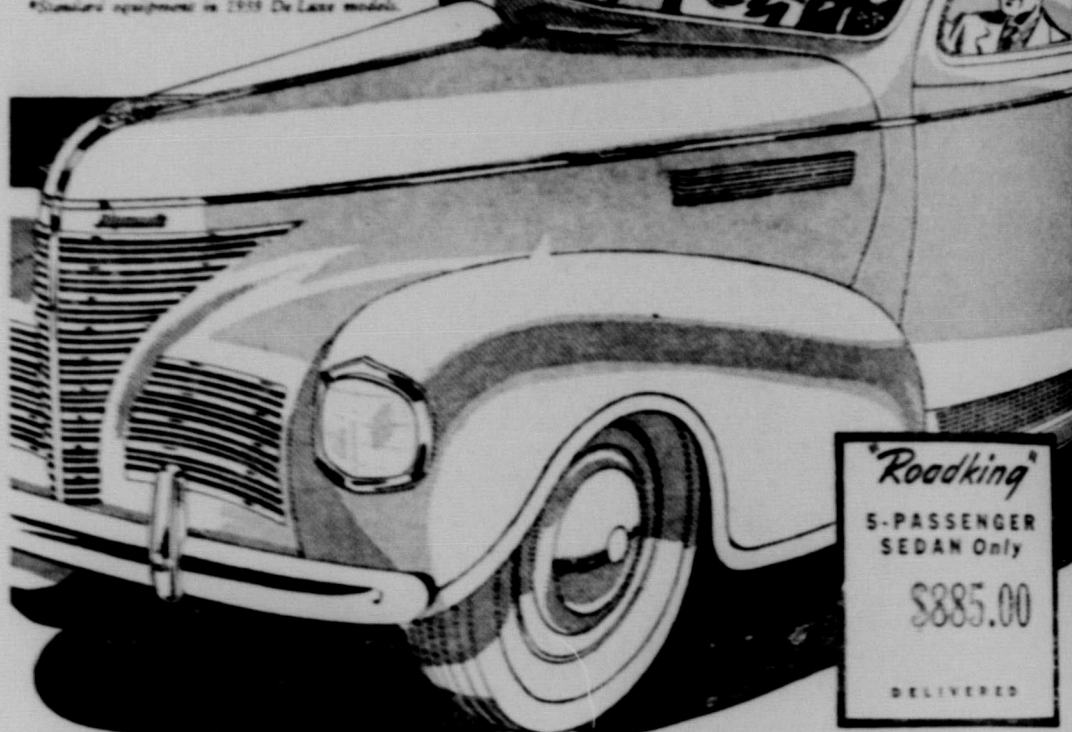

EYESIGHT IMPORTANT

Careless neglect has resulted in blindness of bad vision in many cases. You wouldn't take a million dollars for your eyes. Dr. Fred H. Baker, best known optical specialist in West Texas, will be at the West Texas, Wednesday, November 15, only. Scientific examination equipment, and beautiful stock of new style spectacles at moderate prices.

Frederick B. Snite, Jr. Moved to Florida

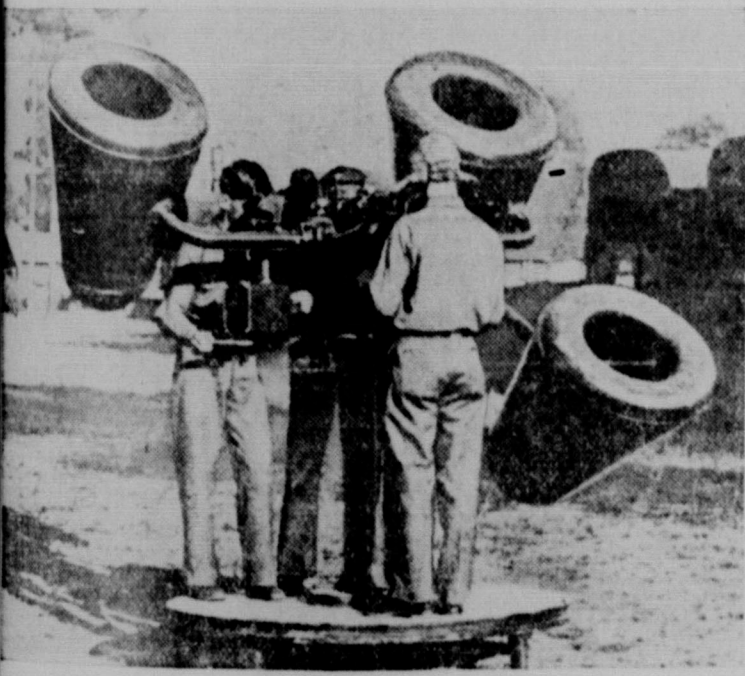

MIAMI BEACH, Fla.—Frederick B. Snite, Jr., who has lived in an iron lung for more than two years has just been moved from Chicago to the Snite Florida home.

Spa Steed

Doris Larson finds a favorite in the gardens of the French Lick Springs hotel. It is a landscaped thoroughbred, grown with robust autumn foliage at the Indiana resort.

"Ears" of Anti-Aircraft Artillery

Photograph shows one of the new streamlined sound detectors the army tested during the air corps and aircraft defense maneuvers in North Carolina. The listening horns are made of balsa wood with rounded edges and a cellulose acetate covering. They have no greater hearing power than the old style, but are more effective in shutting out all but plane noises. Thus searchlights and guns of the anti-aircraft batteries can be trained more efficiently on attacking planes.

X-RAY DISCLOSES BROKEN BONE FROM OLD INJURY

X-ray examination yesterday of an arm injury suffered about two weeks ago by Bernard Lemmons, son of Mrs. Ben Lemmons, disclosed a broken bone just above the wrist. The injury was presumed to be nothing more than a bad sprain, but the X-ray revealed the break, which had begun to heal in improper position. The injury was suffered in football practice.

Mrs. Hugh Childress is in San Angelo this week receiving medical attention.

Masons From Five Lodges Hear Guinn Williams Lecture

Seventy Masons from lodges in Ozona, Sonora, Junction, Big Lake and Iraan gathered in the Ozona lodge quarters Monday night to hear a Masonic lecture delivered by Guinn Williams, president of the Texas Wool and Mohair Co. in San Angelo and a former Grand Master of Texas.

The lecture was preceded by a supper furnished by ladies of the Eastern Star chapter, consisting of barbecue, potato and fruit salads, fried fish, potato chips, coffee, milk and mince meat pies.

Mr. Williams delivered an inspiring lecture on the aims, ideals and influence of Masonry.

SERVICE FOR COLORED FOLK EACH SUNDAY AFTERNOON

Announcement was made this week of a change in the time for the weekly services for the colored folk of Ozona, conducted heretofore each Thursday evening at the Methodist church. Beginning next Sunday afternoon, the services will be conducted from 3:30 to 4:30 each Sunday afternoon, the Rev. Eugene Slater doing the preaching.

Construction has started on a new home for Mr. and Mrs. Hartley Johnigan. The home, to consist of three rooms, is being built on a lot east of the W. M. Johnigan home.

Mrs. Elizabeth Fussell, president of the Ozona Woman's club, left Tuesday for Austin where she will attend the convention of Texas Federation of Women's clubs.

By MILES PIERCE

The meeting of November 8, was opened with the Scout oath, which was led by Roy Henderson, Jr. When the roll was called there were thirty present.

From the "chuck wagon" dinner, given by the Scouts for the Junior Music convention, \$29.50 was taken in. Going to the band uniform fund, his amount of money will buy two uniforms.

Mr. Isely, a Scout leader of the council from San Angelo, was here this week. He has planned to have the Ranch District Camporee in the latter part of January. This district includes Ozona, Sonora and Eldorado.

Construction Starts On Harvick Home

Work of razing the frame residence of Mr. and Mrs. S. M. Harvick was under way this week preparatory to construction of a new home on the site.

The new home is to be of colonial type, with five bedrooms, three bath rooms, living room, dining room, kitchen, etc. Construction work is to start as soon as the site is cleared.

CARD OF THANKS

We take this means of expressing our gratitude to the people of Ozona for their kindness and sympathy on the occasion of the death of our husband, son and brother. Your acts of kindness and expressions of sympathy gave us strength in our hour of sorrow and we shall always be grateful.

Mrs. Walter Hurst
Carl Hurst
Mr. and Mrs. Luther Wakefield
Mr. and Mrs. W. J. Boag.

NOTICE OF REWARD

I am offering **\$500 Reward**

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

W. S. WILLIS
Sheriff, Crockett County

It's got looks— and so have you!

EYE OPENER! With all its extra value, this Buick sedan lists at \$51 less than last year!

IT makes the eye glad and grateful—you spot that the instant your gaze takes in this sparkling Buick for 1939.

It's sleek and swift and businesslike, lean and clean in every line, the trim bonnet low-set, the graceful upper-structure light-and-airy looking, neat and fine.

Will you step in, please, and look it over closer?

Why, it's almost like being in an open car, with the outlook you've got here!

The long nose tapers quickly out of eye-way, the pillars

modestly retire to the background, overhead stop lights drop into easy vision—ahead, to right, to left, you can see!

The ruler will tell you there are as much as 413 added square inches of safety glass in this Buick, and these inches are placed where they count.

It has a lot to do with making Buick beautiful, this grand expanse of openness!

And like "catwalk-cooling": radiators low where air pressure is greatest—and the lines of the bonnet: broad, clean, aerodynamically better—

Buick's stepped-up visibility both sets a pattern and fills a function.

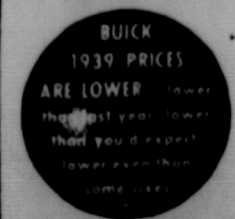

So take a good look into its bigger, better, broader outlook. It's one thing among many that Buick's got that you'll want in your next automobile.

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

Pneumonia Season Is At Hand, Warns Health Officer

AUSTIN, Nov. 9. — "Though pneumonia may and does occur at all seasons of the year, the winter months see the highest incidence of this disease. With relatively few cases during the summer, an increase in pneumonia is observed with the advent of fall, usually quite noticeable in November, which continues through December, January, February and March before the number of cases again declines to the "warm weather" level. The time is therefore quite short before the beginning of the so-called "pneumonia season," states Dr. Geo. W. Cox, state health officer.

"Lobar pneumonia is an infectious disease. In well over 90 per cent of the cases it is caused by one of the 32 types of the pneumococcus germ. Against some but by no means all of these varieties of the pneumococcus, serums have been developed which have proven extremely beneficial in the treatment of pneumonia cases caused by these particular types. In order that best results can be expected the serum must be given early.

"Another remarkable advancement by medical science in its struggle with pneumonia was the perfection within the past several years of a method of quickly identifying the type of pneumococcus causing the illness in each individual case. This progress has been made but we are yet far from the goal.

"Consequently, the necessity of persons developing their natural defenses against all infections including pneumonia, is just as important and essential today as it ever was.

"After all, many cases of pneumonia got their first start by way of a lowered bodily resistance which provides a fertile soil for the pneumococcus germ to produce the disease.

"Regardless of the scientific progress thus far made, and regardless of the possible extension of their progress the predisposing causes will always remain the same.

"In many cases a cold is pneumonia's forerunner. If one reasonably abides by the rules of personal hygiene involving the use of proper food in proper amounts, sufficient sleep, adequate exercise, the maintenance of a healthy indoor temperature, clothes geared to the thermometer rather than to fashion, the avoidance of the excessive use of stimulants of all kinds and the elimination of debilitating habits, many colds which might lead to pneumonia can be avoided," Dr. Cox stated.

"And if to that fundamental protection be added sensible precaution against wet feet, injudicious cooling off when over-heated, avoiding drafts and as far as possible staying from close contact with members of the family, friends or others already suffering from colds, one's chances of

CAPTURES BIRD; FINDS IT'S A "WHATZIT?"

OKAWVILLE, Ill.—When Henry Koelker, Okowville farmer, found this bird near the river bottoms, with a broken wing, he thought it was a Canadian goose. Examination showed, however, it wasn't a goose, a duck, heron, or what have you? Koelker calls it a "whatzit" and is trying to find someone who can identify the bird. As photo shows, the creature has a long, cruel hooked bill, a body like a wild goose, and feet webbed only on the inside. It's a fighter, and the photo was taken only after a string was tied around the bird's beak to keep it from biting.

BALLINGER VISITOR COMPLIMENTED AT PARTY

Mrs. Elton Smith entertained Sunday with a chuck wagon lunch complimenting Miss Carmen Demmer of Ballinger, who was here to visit her sister, Miss Jo Demmer, first grade teacher in Ozona schools. After the lunch, guests enjoyed bridge, ching chess and other games and a visit to the Joe Clayton home where they were served hot chocolate.

Guests included Misses Dorothy Spain, Jo Demmer, Carmen Demmer, Nerle Draper, Norine Allison, Margaret Martin, Bess Terry, Ada Moss and Dixie Davidson, and Gunn Caruthers, Eugene Hollon, Jake McCulley, James Nevins, Bill Seaborn, L. D. Kirby, Buddy Moore, Rex Bassell, Roger Dudley, Mr. and Mrs. Joe Clayton and Mr. Smith.

being victimized by pneumonia's main stepping stone, the cold, will be further decreased.

Howard Lemmons, husky back on the Ozona Lions football team, is suffering from an arm infection and may be out of the all-important Armistice Day game at Sopora Friday.

The first river levees were built around New Orleans in 1724.

Mrs. Colwick Gives Review Of Novel At Woman's Club Meet

Mrs. Carl Colwick reviewed the book, "And Tell of Time" by Laura Krey at the meeting of the Ozona Woman's club Tuesday afternoon at the home of Mrs. J. W. Henderson. Mrs. W. E. West gave a sketch of the author's life.

Mrs. Neal Hannah was guest artist, playing a medley of Southern airs. Club members present were Mrs. Carl Colwick, Mrs. A. C. Hoover, Mrs. W. E. West, Mrs. Ira Carson, Mrs. Lee Childress, Mrs. Stephens Perner, Mrs. George Montgomery, Mrs. Joe Pierce, Mrs. Scott Peters, Mrs. Hilley Phillips, and Mrs. Henderson and Mrs. Hannah as a guest.

JUNIOR CLUB MEETS

Mrs. Charles E. Davidson, Jr., and Miss Wayne Augustine were hostesses to the Junior Woman's club at its meeting last Thursday at the Davidson home. The program was devoted to a study of "Personality of a House" by Emily Post. Participating on the program were Mrs. Hubert Baker, Mrs. W. E. Friend, Jr., and Mrs. Doug Kirby. Others present were Ms. Walter Augustine, Miss Wanda Watson, Mrs. C. J. Van Zandt, Mrs. Sid Millsap, Jr., and the hostesses.

Oscar Kost, employed at the Jones Saddlery, recently bought 140 head of Angora goats from Vick Montgomery. The goats are being pastured on the Ernest Dunlap ranch.

Mrs. F. T. McIntire of San Angelo was the house guest of Mrs. Wayne West here during the Music clubs convention. Dr. McIntire and their daughter, Joyce, came down to spend the day Sunday.

EDITOR'S MUSINGS

SUBJECT OFFERINGS SENIORS AS TYPISTS
Upon interviewing Mr. Denham recently about different subject offerings, he told me, "As a result of changes made in the requirements for graduation, under which second-year Spanish is no longer required, it is now possible for a student to receive as many as four units of credits in science. This arrangement was made when it was found that the major interest of graduating boys are animal husbandry and engineering. Science and mathematics are the foundation of these courses. At the time of registration, the boys will be advised to register for at least one unit of science each year in high school. "Second year algebra will be offered during the second semester for senior boys, who expect to enter colleges of engineering. A minimum of one and one-half years is required of students entering schools of engineering. Beginning in 1939, both first-year and second-year Spanish will be optional. These changes are results of the desire of the school officials to adjust subjects offerings to the present and future needs of graduates."

I asked Miss North the number of seniors who have had typing during their years in high school, and we found, upon checking the senior roll, that only one senior—a girl, believe it or not—has not had a year in this course. One senior took typing when he was a Freshman; three, when they were Sophomores; eight, last year when they were juniors, and this year 11 are registered for this course. It is arranged so that everybody has an opportunity to take typing, for Miss North teaches this class at three different periods during each day. Although the main object of typing is for a student's own use and betterment. Many who do not go to college use this accomplishment in making a livelihood. Therefore, it is not difficult to recognize that typing is a very worthwhile subject.

ASSEMBLY MANNERS

The assembly is the place where the school as a whole most closely touches the world outside. This is the place where students attend lectures, musicales, and plays; hence there is no better place to practice the manners which are pleasing in all public auditoriums. Then, too, it is the place where the student government reveals its strength or its weakness. A student body with a strong sense of school pride will sustain a high level of assembly conduct, but a school that lacks this fine spirit will have to be spurred on by the authority of its faculty to a behavior that is not embarrassing in the presence of visitors. There are certain observances that are essential to an ideal assembly, many of which apply equally to any public gathering.

Start early enough so that it is not necessary to rush to reach the assembly before the last bell rings. When you take your seat, be careful to enter from the side nearest your seat, in order to disturb as few people as possible. Be prompt to obey the signal to stand or to be seated. Do not change your seat until the signal to do so has been given by the principal or your teacher. In making the change remember that you can show your appreciation of the better seats by moving as quietly as possible. When any one is speaking, be absolutely attentive. If you are unable to hear, prove your self-control by remaining just as quiet as though you heard every word. Refrain from whispering, from reading a paper or a book, from eating, from arranging your hair or cleaning your finger nails, in other words, from doing anything which shows discourtesy to the one who is conducting the assembly and at the same time reveals your own lack of breeding. If any one enters from the side or rear doors, do not allow your curiosity to lead you to turn your head. The attention of the whole section can be distracted by such conduct. When a piano or violin selection

Band Uniforms Ordered This Week

To Help Lions Beat Sonora

The orders for the band uniforms will be sent off some time this week, or as soon as the measurements are completed. Only 45 are being ordered at the present, due primarily to lack of funds. As soon as the band has enough money the remainder of the uniforms will be ordered.

We could not write an article without recognizing the splendid cooperation which existed among the students and the town people during the recent Music convention. At the luncheon given at the Scout cabin Saturday noon, approximately \$29 was credited to the band fund. This will buy two uniforms. Thank you!

At the Ozona-Sonora football game to be played on the Bronco home ground November 11, the band will do a pivot, counter march and reverse formation pin wheel, and a large "O" will be formed from the pin wheel. From this formation, the band will play the school song.

The band has been credited with a new clarinet player, Ruth Laverne Townsend. The organization is still badly in need of two French horns, a tympani and a bass horn. According to standard rules, there should be one bass horn to every ten in the band. There are 60 members in our band and one bass horn, leaving us short five bass horns. Our bass horn players came regularly every morning and at regular periods during the day. We are grateful to them for having so much patience.

BIRTHDAYS

Wealth will be the main asset for those celebrating birthdays between November 3 and 9. These people are very skilled in athletics. Being very talented, a stage career is in store for these pupils. Quick tempers and loose tongues are the main faults of those born during this time. A happy birthday is wished for the following: students who celebrate a birthday during this time: J. K. Colquitt, Irvin Babb and Emily Smith.

Till: "I guess you've gone out with worse looking fellows than I am, haven't you?"
No answer.
Till: "I say, I guess you've gone out with worse looking fellows than I am, haven't you?"
Jean: "I heard you the first time, I was trying to think."

An Orchid To You

By Bilie Jo West

An orchid to you, Shorty Bill! You really tried for that touchdown that you almost made against Iraan in the game last Saturday. We hope that good luck will be with you next Saturday when you boys play against Sonora.

Do not continue your applause when it is evident that the one who has performed does not care to give an encore.

In a public gathering remember that it is rude to leave before the meeting is over unless this is absolutely necessary. If you must leave, do so quietly, that you may not distract the attention of those who remain.

If you are seized by an attack of coughing which you cannot control, leave the room as quietly as possible.

In general, remember so to conduct yourself that you in no way make yourself conspicuous or disturb any one else in the gathering.

GRADE SCHOOL NEWS

FIRST GRADE

The first grade enjoyed a Halloween party on Monday afternoon in the basement of the grade school building. The party was directed by Mrs. W. E. Friend, room mother for the first grade. Games suitable for the day were played. Visitors for the party were Mrs. Arch Cook, Mrs. Armond Hoover, Mrs. John Mitchell, Mrs. Sid Schwabbe, Mrs. Bill Hoover and Patsy Cook.

SECOND GRADE

The second grade had a Halloween party Monday afternoon in the room. Mrs. Chapman and Mrs. Perner brought refreshments of Halloween cookies and candies, which they enjoyed very much.

The airplane we are building will be ready soon for its test flight.

Prairie schooners, stage coaches, sailboats, trains, airplanes and zeppelins drawn by us may be seen on our walls.

FIFTH GRADE

The fifth grade has been studying about the Declaration of Independence. We saw a copy and studied about who wrote it and why it was written. We found it very interesting.

SIXTH GRADE

The sixth grade had a party Monday afternoon. We played games, and drew for prize candy. Melba Collins won. We had punch and cookies for refreshments.

FOURTH GRADE

The fourth grade was entertained with a Halloween party by Mrs. McDonald, room mother. She served a very nice plate. We got

ASSEMBLY PROGRAM PRESENTED BY THE HISTORY DEPARTMENT

The History department under the direction of Mr. Nelson, presented the assembly program on November 10. A play, "The Maker of Swords" was presented. This play was a comic play showing one of the chief causes of war to the greed. The cast of characters were as follows:

Manuel, Jeff Fussell; Chanson, Walter Escue; Micheal, Carl Thurman; Prince Hubert, Bobbie Lemmons; Prince Fredrick, Vernon Wilson; Soldiers, Ed Leatherwood, Elton Smith, George B. Armentrout and Joe B. Chapman.

Joe Williams wrote to Sears-Roebuck Co.: "Please send me one of them gasoline engines you advertised on page 785, and if it's any good I'll send you a check for it." The following reply was received promptly: "Send us the check, and if it is any good we will send you the engine."

AN ANNUAL FOR O. H. S.

A representative of a printing company in Austin talked to the Senior class about publishing an annual for Ozona high school. He explained the way of making up an annual, the photographs necessary, the back ground, and other things that must be done. Out of the thousands of schools in Texas, only about 200 publish annuals. He showed the group several example annuals published by neighboring schools. The cost per hundred copies, not including photography, is \$162.

Concerning the work necessary to put out an annual, he said that a group of students would have to give most of their outside time to favor their duty over planned social events, placing it in preference over other extra-curriculum work. It will require hours of work upon the part of its staff and excellent cooperation on the part of the student body. A great deal of money is involved in publishing an annual, and tiresome work is required of its staff before it is out.

Then to whom would we sell a hundred copies? There are only 84 pupils in high school. A minimum of 75 copies can be printed at a slightly higher price per copy than 100 copies. The principal disadvantage of an annual is: Who would be willing to make the necessary sacrifice to edit or assist in the publishing of an annual?

Speaking as a senior, I think it would be very good project for us to publish an annual in our last year at school, a climax to our school life. Then we should feel

apples off the string. We played a game with the ghost. The ghost was Mrs. Littleton. Mrs. Fussell told the fourth grade three stories. Mrs. Charles E. Davidson, Jr. told our fortunes. We had a good time.

The fourth grade organized a Citizenship club this week. Our club is to be known as Do Your Best club. Jo Nell Coose was elected president; Muggins Davidson, vice president; Myrtastine Hokit, secretary. This club has the following four committees: Safety-First, Thrift, Character Study and Good Manners. Each of these committees has a chairman who plans the program for their meetings.

Benny Gail Phillips was elected chairman of the Safety First committee; Dick McDonald, chairman of the Character Study committee; Doris Bean, chairman of the Thrift committee and Betty Padier was elected chairman of the Good Manners committee. Everyone in grade works on one of the four committees.

We have a new citizenship reader. It is the third reader we have had this year.

Jo Nell Coose celebrated her tenth birthday Thursday. Mrs. Coose, assisted by Mrs. James Baggett, served cake and punch to the fourth grade. We hope Jo Nell has many more happy birthdays.

SEVENTH GRADE

The seventh grade had a Halloween party Monday. Mrs. Tyler gave it to us. She was assisted by Mrs. Coates, Mrs. Nance, and Mrs. Russell. We all had a very good time.

honored to set a precedent; may be we could add another department to the school. The best thing to do, now, is to discuss and dream and think seriously about the publication of an annual for O. H. S.

Lions Romp Over Iraan, 27 to 13

Lions Score Twice In Last Quarter

The Ozona Lion's turned on the steam in the last quarter to score two touchdowns, break a 13-13 tie, and defeat an Iraan team 27 to 13.

Ozona scored early in the first quarter. Montgomery punted to the Iraan safety who fumbled. Escue recovered for the Lion's on the Iraan 26. The Lion's rolled to a first down on the 12, where their drive was temporarily halted. But on fourth down, H. Lemmons smashed his way over the goal line. Montgomery's placement kick was low. The half ended 6 to 0.

Early in the third quarter, Jim Dudley raced a punt back 35 yards to the Iraan 4-yard line. A line smash failed to gain, but Montgomery dashed around right end for a touchdown. His placement kick split the uprights. With an apparently safe lead, the Lion's replaced their regular duties and Iraan promptly caught up. A short pass in the flat zone, followed by a lengthy gallop, produced the first Iraan tally. The try for extra point was blocked. Then Iraan connected with a long pass into the end zone for a touchdown. One joke placekick, the ball was passed into the end zone for the extra point to the score 13-13.

Early in the fourth quarter, Montgomery grabbed a punt on the Iraan 45 and dodged and ducked his way to a touchdown. His conversion was good. A few minutes later H. Lemmons passed to Montgomery over the goal line for a touchdown. Iraan never threatened the remainder of the game.

This week Ozona engages Sonora in their annual grudge game at Sonora on November 11. The game is rated as a toss up due to Sonora's good showing against Rocksprings.

Senior Fish Pond Is Complete

The fish pond being constructed in front of the high school building has been made possible by the senior class of '38 who voted the money for this project at commencement time last spring. Costing nearly \$100, the pond, oval in shape, will be an excellent addition to the grounds. A flagstone walk connects the pool with a sidewalk near the auditorium. Some plants and fish will be placed in the pool this month, but will not be completed until spring.

CLASS WATCHES WORK ON COMMUNITY HOUSE

The mechanical drawing class of Ozona High school has been watching the work on the community house, which is being built by Johnson and Hope, contractors. The class is familiar with the building plans; and as the carpenters start to make another part of the building, or start another type of work, the class intends to go over and watch it for about an hour, and ask questions about the work. The first time the class went, the men were making the rock wall. The second time, they were shingling the roof.

HAVE YOU READ?

Not each month will the Scribner Quiz interest you. However, this month the quiz should be of special interest to the boys. The month it faces the facts of millions of automobiles. It asks questions of models, licenses, plates, cars built for the White House and many other interesting facts. Says who? Says Irving D. Trebbin in Scribner for November, 1938.

In this same magazine there is another short interesting questionnaire on the most overrated people in history.

OR LET 'EM SIT DOWN

The foreman of a WPA project found that they had run short of shovels, so he wired the administration department in Washington requesting that more shovels be sent to him.

The next day he received a telegram which read: "Have no more shovels. (stop) Get something else for the men to lean on."

NOTICE

to

TAXPAYERS

TO TAKE ADVANTAGE OF THE SPLIT-PAYMENT PLAN, YOU MUST PAY THE FIRST HALF OF 1938 STATE, COUNTY AND SCHOOL TAXES ON OR BEFORE

NOVEMBER 30

You will then have until June 30, 1939 to pay the second half, without penalty or interest. Unless one-half is paid this month, the full amount must be paid on or before January 31, 1939, to avoid penalty. Poll taxes must be paid with the first half payment.

TAX COLLECTOR, CROCKETT COUNTY

Two-Story Home Under \$6,000

The Colonial type house shown above was built in River Edge, N. J., and financed by means of a \$4,600 mortgage loan insured by the Federal Housing Administration.

The dwelling offers a nice example of how a garage may be attached to a house without disturbing the balance of design. The exterior is finished in asbestos shingles. The home has a slate roof. It departs somewhat from the usual by employing a bay window in the living room. Built-in equipment is used in the kitchen. Besides the two downstairs bedrooms, there are two additional sleeping rooms and bath on the second floor.

Caution Checks Danger Of Fire

A few simple precautions taken by a home owner will materially reduce the danger of fire in his dwelling, according to the Technical division of the Federal Housing Administration.

The primary causes of fire losses in homes are four: Improperly built flues, defective wiring, careless handling of matches and cigarettes, and spontaneous combustion.

Control may be exerted over the first cause by never allowing a furnace fire to stay too hot for a long period, and by examining flues and cleaning them before putting the furnace into duty for the winter.

The chances of fire breaking out because of defective wiring can be minimized by seeing that there is no overloading and that cords of all accessories are in good condition.

The third cause mentioned is altogether controllable by the exercise of ordinary care. Fire should be kept away from curtains, cigarettes should not be left burning in ash trays or on mantles, matches should not be thrown in waste baskets and should be kept in safe places.

The matter of spontaneous combustion is controllable when its cause is understood. Oily rags or

rags used in painting, newspapers and old magazines stored in unventilated closets, oil mops, dust cloths shut up in tiny broom closets, all of these and many other materials may produce spontaneous combustion, and should be guarded against. All waste material should be thrown away or destroyed and not allowed to accumulate within the home.

Are You Protected Against Fire Loss?

When you need fire insurance and haven't got it, you may never need it again. But with insurance protection, your business may be replaced or your home rebuilt and you may go on living as before. Compared to your possible loss, insurance protection costs little.

Many Thousands In Homes Bought Under FHA Plan

More than 1,200,000 persons are living in homes financed under the FHA plan, according to figures made public by Administrator Stewart McDonald.

This number is now being increased at the rate of approximately 12,500 a week as a consequence of the accelerated home construction activities under the centralized FHA program put into effect last February.

In addition, it is estimated that between five and six million persons have been enabled to improve their living conditions through the FHA Property Improvement program. More than 12,000 of these are being insured each week.

Premium paying mortgages recorded by the FHA covering small homes reached a total of 279,599 valued at \$1,159,523,341 on October 15. Each of these mortgages represents at least one dwelling unit and some of them as many as four units.

Large scale projects financed under the FHA plan have provided an additional 4,400 family units and projects nearing completion will add over 9,600 more units.

On the basis of four persons to a family it is estimated that the number of persons housed under the FHA plan is now in excess of 200,000.

REPAPERING RENEWS CHARM OF INTERIORS

One of the least expensive of all home improvements, and yet one of the most conspicuously effective, is redecoration with new wallpaper.

The range of design and colors is almost limitless, and papers are priced to meet the limitations of almost every purse.

HEATING PLANT REQUIRES CHECK BEFORE WINTER

When a boiler constitutes the heating plant of a house, before being placed into operation for the Winter it should be drained, refilled, and drained a second time. A check should be made of all dampers, and all moving parts should be oiled.

Flue connections into the chimney should be removed and any accumulated soot cleaned out. The operation of safety valves and pressure gauges should be carefully checked.

If any repairs are needed they should be made at once by a reliable heating contractor.

NEW TYPE LINOLEUMS FOR UTILITY ROOMS

New type of linoleum especially designed for use in bath and kitchen are among the most recent developments in floor coverings.

The designs, in solid colors, are said to be more easily cleaned than old style linoleums and also have

an advantage in that they do not show footmarks.

NEW EFFECTS NOW POSSIBLE WITH NEW FLOORING

Flooring, the drab if not ugly duckling of decoration is becoming increasingly a part of the scheme of interior decoration.

Whereas in the past flooring offered little opportunity for effective decor, being confined almost entirely to conventional strips of hard or soft woods, today a flood of new and colorful finish flooring materials are available.

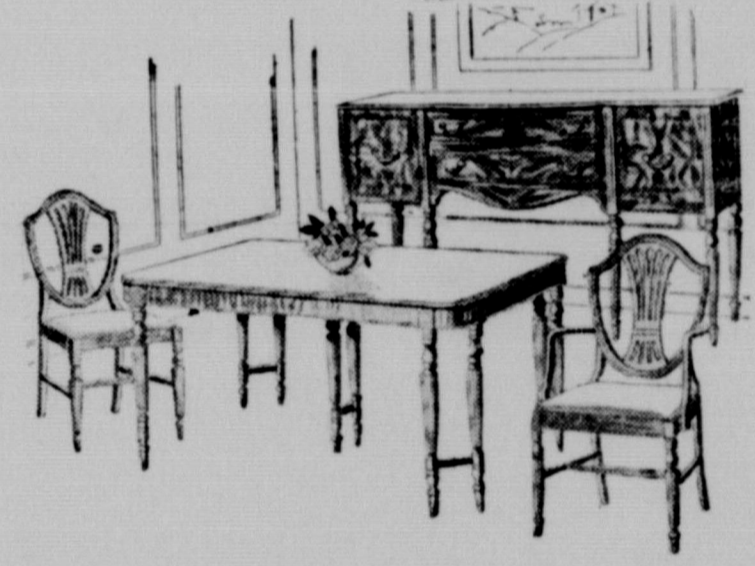

Not only are many of these materials colorful and varied in design, but they are highly durable and readily applied.

For modernizing interiors, the materials offer opportunities for creating new effects at low cost and slight inconvenience.

INSULATING BOARDS USED FOR PANELING

The conversion of unused cellar space into a game room may be carried out by using insulating board which also serves as decorative paneling. The board serves two purposes and is readily applied over the existing walls.

HERE ARE THE 1939 FORD V-8 CARS

HERE are the new 1939 Ford V-8 cars. Above, the deluxe Fordor sedan, below the Ford V-8 Tudor sedan. The two cars are individually styled. The deluxe car has wholly new streamlines, a deep hood unbroken by louvers, a low radiator grille in bright metal and wide spaced headlamps. The Ford V-8 has a full grille and unobtrusive louvers at the rear of the hood. The deluxe cars are powered with the 55 horsepower engine, the Ford V-8 with the 55 or 60 horsepower engine. Both cars have hydraulic brakes. Bodies are all-steel. The deluxe cars are available in five body types, the Ford V-8 in three, with color option.

Ozona Successful—

(Continued from Page 1.)

Ozona.

Picked talent from clubs in the district presented an excellent Fine Arts program Friday evening in the high school auditorium. This affair was followed by a Fun Frolic in the basement of the Methodist church, with members of the Woman's Missionary society as hostesses. Stunts were presented by Ozona, Abilene and Sonora groups.

Mrs. Wyche presided at the Junior sessions Saturday. Greetings were extended by Mrs. H. B. Tandy, district counselor, and Gem Ella Dudley of Ozona. Response was by Mae Burton of Abilene. Reports were heard from the various junior clubs in the district and fine arts numbers were interspersed during the day's program. Boy Scouts were hosts at a barbecue dinner at the Scout Cabin at noon Saturday, proceeds from the sale of plates going to the band uniform fund.

Ozona Woman's club entertained for the visitors as a compliment to district officers with a tea Friday afternoon at the home of Mrs. Ira Carson. Receiving were Mrs. W. E. West, Mrs. Carson, Mrs. S. M. Harvick, Miss Elizabeth Fussell, Mrs. R. P. Wyche, Mrs. Ina Wooten Jones, Mrs. H. B. Tandy, Miss Christine Collins and Mrs. Sheridan Newman. Others in the house party were Mrs. A. C. Hoover, Mrs. Joe Oberkamp, Mrs. George Bean, Mrs. J. W. Henderson, Mrs. B. B. Ingham, Mrs. Carl Colwick, Mrs. Stephen Perner, Mrs. George Montgomery, Mrs. Joe Pierce and Mrs. Evert White. A brass trio composed of Crystelle Carson, Billy Hannah and Miles Pierce, with Miss Norine Allison at the piano, furnished the music.

At the fun frolic Friday night, Mrs. Scott Peters, Mrs. J. W. Henderson, Mrs. Floyd Henderson, Mrs. J. A. Fussell, Mrs. Charles Tyler, Mrs. Welton Bunger, and Mrs. Charles Coates, all in antiquated evening gowns, were in the receiving line.

Preceding the convention, members of the executive board of the local club complimented members of the district board with a dinner Thursday evening at the home of Mrs. Lee Childress. A party for all visitors followed at the home of Mrs. Hillery Phillips.

A Buick "41" four-door sedan was delivered Monday to Mr. and Mrs. George Thompson, who ranch in Crockett county along the Pecos river. Delivery was made by the Wilson Motor Co., local Buick and Pontiac distributors, to Mr. and Mrs. Thompson at Temple, where they are staying while Mr. Thompson is undergoing treatment at the hands of physicians.

'Biscuit' Wins—Loyalist Farewell—Rail Peace

1—Seabiscuit, whose three-length victory over War Admiral, son of the famous Man-o'-War in a two-horse race at Pimlico, Baltimore, was the track upset of 1938. 2—Members of the International brigade of the Spanish loyalist army distribute cakes and toys to children at the farewell party given them before returning to their respective countries. 3—J. J. Pelly, president of the Association of American Railroads, who pledged the co-operation of railroad management with labor to settle the current wage dispute.

Lowest Temperature Mark Of Season Is Brought By Norther

Old Man Winter took a hitch in his belt and huffed and puffed in dead earnest this week, to the extreme discomfort of West Texans.

The temperature took a sudden tumble Sunday morning when a norther blew in on the heels of a light shower and gathering clouds whose promise of more moisture was dissipated by the onrush of cold weather. The cold continued to gain momentum to bring lowest temperatures of the present season Tuesday night. Although moderated to an extent, the lingering "spell" still has Ozonans swathed in overcoats through most of the days.

Week of Prayer—

(Continued from Page 1.)

ing, with Mrs. Mary Flowers as leader. This program has been announced as follows:

Quiet Music—Mrs. Victor Pierce.

Call to Worship—Leader.

Hymn—"O, Worship the King."

Opening meditation.

Hymn—"Holy, Holy, Holy."

Scripture—Mrs. Carl Colwick.

Prayer—Mrs. Charles Williams.

Special Music—Mrs. J. W. Henderson.

Talk—"God As a Reality," Mrs. Mary Flowers.

Scripture—Mrs. Q. Ragsdale.

Prayer in unison.

Talk—"Reality of Brotherhood," Mrs. J. A. Fussell.

Hymn—"Lord of Grace and Lord of Glory."

Closing prayer.

FANNY'S FREE

Fanny Brice, famous comedienne of the stage and screen, as she appeared in court in Los Angeles, where she obtained a divorce from Billy Rose, her theatrical producer husband. Fanny told the court "her man" had deserted her and wouldn't return.

Army Purchasing—

ers are expected to see horses owned by Sid Millsbaugh, Fleet Coates, A. C. Hoover, B. B. Ingham, and Rob Miller. Stallions assigned to ranchmen in this county include Lingard at Dock Lee's Chas. Robison at Ben Robertson's and Lord Meise at G. M. Couch's. These stallions all are to be inspected.

Mr. and Mrs. W. R. Baggett returned the end of the week from a visit to Temple.

Seek Household—

(Continued from page 1)

utensils, a small breakfast set and three short curtains for the kitchen, a small clothes hamper, mirror and short curtain for the bathroom, a small desk, filing cabinet and book case for the office, two kitchen tables, two sewing machines, a piano and a number of wool sacks.

Chairmen of the various committees were announced as follows: Bedroom, Mrs. Alvin Harrell; kitchen, Mrs. V. I. Pierce; bathroom, Mrs. Charles Coates; curtains, Mrs. John Bailey; sewing room, Mrs. Welton Bunger; home economics room, Mrs. Stephens Perner; piano, Mrs. Joe Pierce; office, Mrs. J. W. Henderson; auditorium curtains, Mrs. R. I. Flowers.

The Community House is expected to be completed and ready for occupancy by December 1. The building is being erected largely through a donation of \$5,000 from the educational fund set up from the Robert Massie estate.

Mr. and Mrs. J. M. Baggett are spending the week in Marlin.

Armistice To Bring Holiday To Ozonans

Armistice Day, Friday, will likely be observed as a holiday by most business firms of Ozona. According to usual custom, most places of business in the city observe the day by closing all or a part of the day.

Many Ozonans will spend holiday at one of the various ball games to be in progress in the area. The annual Armistice Day battle between the Ozona Lions and the Sonora Bronchos no doubt will attract the largest number. The game is scheduled for 2 o'clock Friday afternoon at the Sonora gridiron.

We Will MEET Competitive Prices...

It has come to our attention that certain of our regular customers are being offered reduced prices on certain purchases at competitive firms—prices that are below universal selling price on these items.

It is not our inclination to engage in any price-cutting competition, but we feel that in justice to our customers, we are justified in meeting these reductions made to OUR regular customers.

But we ARE going to give ALL of our customers the benefit of such reductions if made—not just to those customers who are offered reduced prices nor to those not now trading with us, as a "leader." Where reliable information comes to us that "cuts" are being made as an enticement, we will promptly make such reductions on these items as we deem justified and give ALL of our customers the benefit of such reduction.

We believe in fair play. We have ONE PRICE to ALL customers. If you trade with us you pay just as much, and NO MORE than any other customer, no matter what your business or standing in the community might be. We guarantee you a square deal, be you prince or pauper.

To remove the hoodwink being placed on some of our customers as reported to us, we propose to meet such competition with similar tactics—and where reduced prices are offered, to publicize the fact that ALL of our customers may benefit from the reduction.

AGAIN- THE NEW CARS

• They're with us again—those shining new examples of the automotive engineer's ability to improve an already fine car. Each year, it seems, the automobile industry outdoes itself with increased comfort, economy, efficiency, and the new 1939 models are no exception to the rule. We recommend the new cars to your attention!

We also recommend that you shift the care of your new car to Humble's shoulders. Humble motor fuels, motor oils and lubricants are as modern as the new engines. Humble technicians have already foreseen and provided for 1939's innovations.

So drive your new car to the Humble sign for service. You'll find a station completely equipped and salesmen carefully trained to keep your car running right and looking good. You'll find a friendly, Texas welcome waiting for you, a genuine interest in giving you service with a capital S.

HUMBLE OIL & REFINING CO.
