Red Cross War Fund Total Goes Over \$3,000 Mark

Late Contributions Continue to Swell Local Campaign Fund

Total contributions to the 1944 Red Cross War Fund drive in Crockett county soared past the \$3,000 mark during the past week with additional reports from workers and late contributions from persons not solicited in the whirlwind opening-day campaign, Rev. Clyde Childers, drive chairman, reported this week.

The total in the local drive stood yesterday at \$3,036.11. The local chapter's assigned quota in the War Fund drive was \$2,600, this goal being exceeded in the first three hours of solicitations when the drive opened March 1. By this remarkable performance, local chapter workers were cited by Midwestern Area Red Cross offices in St. Louis, the second chapter in Texas to exceed its quota and third in the Midwestern area, comprising 17 states.

The Crockett chapter's quota was fixed on the basis of a budget of \$700 for local chapter needs and \$1,900 for the national organization's world wide service. Funds over the total goal are divided in the same proportion as the chapter and national budget. On the basis of totals to date, local citizens have contributed \$2,216.36 to national chapter needs and \$819.75 to the local budget.

Additional contributions for the War Fund are expected to be received next week through a campaign to be staged by the Ozona Theatre in cooperation with other theatres of the state. After showing a Red Cross trailer, the theatre management will give patrons an opportunity to contribute to the Red Cross, funds thus collected to be turned over to the local War Fund campaign to be counted with his collection totals.

School Board Election Set For April 1st

Terms of Four District Trustees, Three County Trustees Expire

Crockett county voters will be called upon to elect school trustees for both the county and district school boards at the regular trustee election to be held Saturday, April 1.

Four members of the district school board of trustees and three on the county board of trustees are to be elected on that date. Balloting will be in the district courtroom in Ozona for the district trustees and in the regular polling places in the precincts for the county trustees.

The four members of the district board whose terms expire this year are George Bean, Scott Peters, Chas. E. Davidson, Jr., and Madden J. Read. On the county board, the terms of Jeff Owens in Precinct 3 and Chas. Coates in Precinct 4 expire and voters in Precinct 2 will fill the vacancy created by the resignation of Max Schneemann, elected last year a member of the district board.

Overlapping terms are provided for members of the boards of trustees. The district board, which actively supervises operation of the local system, is composed of seven members, three hold-overs whose terms do not expire until next year. These hold-overs are Max Schneemann, president, R. A. Harrell and W. E. Friend, Jr.

Bill McWilliams, big stick of dynamite in a little package on Ozona High School football and basketball squads, was cut down early this week, right in the beginning of Spring football practice, with an acute attack of appendicitis. Bill, a Junior student, was rushed to a San Angelo hospital Monday for an emergency operation, and at last reports was resting well.

Native Fijians Wear Sarongs, But, Unlike Lamour's, They Are Ankle Length, Writes Ozonan, Veteran of 2 Years in South Pacific

A graphic description of a visit to a native Fiji Island village in the South Pacific is contained in a letter written February 18 by T/5 Gr. Eugene C. Montgomery to his parents, Mr. and Mrs. Clay Montgomery of Ozona. Montgomery has been in the South Pacific battle area more than two years, attached to a headquarters battery of a field artillery division.

"Having been given permission at last to write about our last station, Viti Levu, Fiji," Gene wrote, "I shall devote the rest of this letter to a brief description of a pass to Lautoka, which is a town on the northwest coast of Viti Levu, the largest of the Fiji Islands.

"Lautoka is in the center of the sugar cane belt and almost all of the coastal plain is under cultivation in the surrounding region. The sugar cane industry is controlled by the Colonial Sugar and Refining Co., but the plantations are worked by the Indian tenants. So entering Lautoka from the south and west, one is confronted with the large sugar mills which are the hub for the extensive narrow-gauge company railroads with their dinky little trains. Next, one passes the wharf and soon after enters the main business section of Lautoka.

"One is first struck on entering the town by the fact that Indians make up the large body of the population and tradesmen. The rest of the population is made up of native Fijians, a micronesians race, half castes of mixed European and native blood, a sprinkling of Chinese and a few families of European descent. The old Indian men pad about in their white drapery wrapped between their legs like a diaper and wear turbans, but the young men dress in European shirts and trousers. The women are so enveloped in full length dappery that one can only catch a glimpse of their features out of the corner of an eye. The Fijians, men and women, wear sarongs of colorful print patterns. The men's sarong comes just below the knees, but the women's unlike Dorothy Lamour's, is ankle length. These costumes give the population a bizarre look to the American eye.

"The next thing one notices is the spicy smell of the place. I first thought this smell, which is characteristic of all Fiji towns, was due to the variety of spices and herbs used in Indian cooking, but I later found that it came from the fire wood. Most of the boys found this smell objectionable, but I liked it as an exotic touch.

"After parking the vehicle, the men made a beeline for the bar in the Lautoka Hotel where brandy and gin drinks were served. The bar is open in the afternoon to 6 p.m. After a few drinks, I would wander about the streets, going in to all of the stores and talking to the tradesmen, who were nearly always interesting and well-informed men.

"The Indians are fine silver craftsmen, and one can watch them making the jewelry which found a ready, but not very dis-

P.T.A. Officers For New Year to Be Elected March 24

Election of officers for the coming year will feature the business session of the Ozona Parent-Teacher Association when the organization meets Friday afternoon, March 24, for its regular March session.

The P.T.A. meeting date was changed from Monday to Friday to take advantage of the lecture to be delivered here by Lt. Col. E. F. Lascelles of London, England, in the fourth and last lecture in the current Rotary Institute of International Understanding series. The lecture, to be heard at 3 o'clock Friday afternoon of next week in the high school auditorium, will form the P.T.A. program for its March meeting. The program will be followed by a business meeting at which officers for the coming year will be elected.

Certificate of Title Necessary To Register Car

Truck Owners Must Have More Information; Deadline Apr. 1

All motor vehicle owners must have certificate of title in order to secure 1944 license plates and those who wish to register trucks, trailers and busses must submit certain additional information to complete this year's registration, according to instructions announced by Sheriff Frank James.

The only exception to the rule requiring submission of certificate of title in order to secure 1944 license is for new cars and trucks brought into Texas from other states. In case of cars and trucks from out of state, the owner must present title from the state where last registered or from owner's home state.

The new 1944 registration tags, miniature number plates about two by two inches square, went on sale March 1 and must be in place on all vehicles by April 1.

Truck, trailer and bus owners seeking new license plates must submit this year additional information which the United States Army and other Federal agencies have requested the registering officials to secure. This information includes primary use, type of commodity hauled, dump, cubic yard capacity, speedometer reading, gallon capacity of gasoline tank, number of axles, number of driving wheels and whether for private use or for hire.

Car owners are urged to check over their registration papers well in advance of the deadline to be sure that nothing is missing. If certificates of title have been misplaced, duplicates must be secured and this takes two weeks or more, and licenses can not be issued until the renewal is completed. Applications for duplicate copies may be made out at the collector's office.

6-Year-Old Child Died Here Monday

Glendon Ponder, 6-year-old son of Mr. and Mrs. E. D. Ponder, died about 6 o'clock Monday morning at the Hatton tourist courts where the family had lived since moving to Ozona about six weeks ago. The child had been ill since birth.

The body was prepared by Joe Oberkamp funeral directors and taken overland to Mitchell, La., for burial. Surviving are the parents and a younger sister. Mr. Ponder is a driller with the Noble Drilling Co., operating in this county.

Claude Russell Back After 15 Months Service in Pacific

Pvt. Claude Russell, recently returned to the United States after some fifteen months of combat service in the South Pacific area, arrived here this week to spend a furlough with his family and friends.

A veteran of the latter stage of the Guadalcanal campaign and also of Bougainville, and New Britain islands, Pvt. Russell was returned to the States after having contracted malaria in the jungle area. He was treated for some time in Army hospitals in the Solomons and nearby areas before finally being shipped home.

Attached to a supply unit, Russell has been in the thick of some of the toughest of the Army campaigns against the Japs in the South Pacific sector, bringing in supplies and ammunition to the fighting fronts in the face of Jap sniping and bombing, falling a victim finally, not to Jap bullets but to jungle mosquitoes.

Russell will report at Camp Roberts in California on April 1 for a new assignment, possibly for overseas service again but not to the jungle area.

Ozonan's Pilot Writes All Safe In German Prison

Mrs. Alice Baker Gets Indirect Good News of Prisoner Son

Although she has had no direct word from her son, Sgt. Boyd Baker, reported missing over Germany last November and later reported a prisoner of war in Germany, Mrs. Alice Baker of Ozona has had the next best thing, an indirect communication from the pilot of the plane on which he was lost, stating that all members of his crew were safe and in good health.

Mrs. Baker this week received a letter from a sister of Lt. Leroy Hansen of Long Beach, Calif., pilot of the four-motored bomber downed in a raid November 13 on the German city of Bremen, reporting that she had received a letter from Lt. Hansen in a German prison camp.

Lt. Hansen reported that all members of his crew were safe and in good health, the sister wrote, and that they were being "adequately clothed and fed." The men want toothbrushes, razors and candy, Lt. Hansen wrote.

Lt. Hansen reported that the prisoners were being held in a prisoner of war camp on the Baltic Sea about 200 miles north of Berlin. He did not name any members of his crew, which probably would have been against regulations, but the letter indicated that all members of the crew were safe and uninjured.

Sgt. Baker was tail gunner on the plane, either a Liberator or Flying Fortress.

3 Ozona High Seniors Take Army, Navy Qualifying Tests

Three members of the 1944 graduating class of Ozona High School, Calvin Williams, Leroy Barto and Burl Sparks, took the Army-Navy College Qualifying Tests, given Wednesday morning in the local school, it was announced by Supt. C. S. Denham.

The tests were given under supervision of Supt. Denham on behalf of the Army and Navy for the purpose of selecting young men qualified for the training course offered by the Army and Navy, the Army for specialized service branches and the Navy for the V-12 college training program, both leading to commissions in these two branches of the armed services.

Tests were open to young men from 17 to 20 years of age, who are high school graduates or will graduate before July 1, 1944. Before taking the tests, the men were required to state their preference for either the Army or Navy service and their success or failure will be determined on the basis of standards set up by the separate services. Barto expressed a preference for the Navy while Williams and Sparks both are trying for the Army.

The test papers will be forwarded to the University of Texas at Austin for grading and the men will receive a report direct from that institution on the outcome of their efforts.

Fourth Speaker in Rotary Institute Series Here March 24

Lt. Col. Edward F. Lascelles of London, England, fourth and last speaker in the current Rotary Institute of International Understanding, will be heard by Ozona audiences in two lectures Friday afternoon and evening next week, March 24.

Lt. Col. Lascelles will discuss the British Commonwealth of Nations as contributors to the new world order.

The series of lectures have been brought here at two weeks intervals during February and March but the final institute session will be a week later, the speakers having been divided between two Rotary districts and the lapse being necessary to adjust schedules.

Liberator Piloted by Lt. Powers, Named For Ozona Pioneer

Named in honor of Mrs. Chas. E. Davidson of Ozona, a Crockett county pioneer, wife of Judge Chas. E. Davidson, county judge of this county for a half century, a Liberator bomber with an American Air Force unit in England has been making history in bombing raids over Hitler-held Europe.

The four-motored bomber, named "Maw Stricknine," is piloted by Lt. Gordon Powers, former Ozonan, son of Mr. and Mrs. F. M. Powers of Ballinger. A picture of the Liberator and its crew, taken at the bomber base in England, appeared in the daily press last week. Lt. Powers, former football player at Ballinger High School and San Angelo college, has been in the service for nearly two years. He is a brother of Tom Powers, now forman of a ranch operated by Joe T. Davidson, and of Ted Powers, for many years employed by the Davidsons and now local representative for a stock salt company.

In explanation of the combination of names, Lt. Powers said that the "Maw," the pet name used by all her "boys" for Mrs. Davidson, both in pronunciation and spelling, was in her honor and for her prayers which he felt would help him to get back home safely, and the "Stricknine" would be poison for the enemy. Air Corps rules forbid the naming of combat planes in full for living persons and so the boys resort to nicknames and combinations.

Lt. Powers has been overseas for about six months, having been married just before he was assigned to foreign duty. His wife is now making her home with relatives in Champaign, Ill.

Gordon is one of 13 sons and daughters of Mr. and Mrs. Powers. His brothers are Louis, who lives just north of San Angelo; Ted, who lives at Ozona; Tom and Leroy. Sisters are: Mrs. Grady Clark, San Angelo, whose husband entered the Navy last month; Mrs. J. T. Sprinkles, Pumphry; Mrs. Dorene Scroggins, Ballinger; Mrs. Evanta Cooke, San Antonio; Mrs. Ruth L. Pickett, Childress, whose husband is in the Army; Miss Juanita Powers, Ballinger, and Mrs. Ella Mae Aylor, Coleman.

Andres Tijerina Dies Suddenly in Army Hospital

Ozonan Victim of Brain Ailment; Body to Be Buried Here

Andres Tijerina, 28, private in the United States Army and one of the most popular young men in the Latin-American settlement of Ozona, died suddenly in an Army hospital at Fort Lewis, Washington, at about 1 o'clock Tuesday morning from a brain tumor.

Word of Tijerina's death was received here at noon Tuesday by Samuel Martinez, his uncle, two telegrams from Fort Lewis medical officers, one advising of his serious illness and the other of his death, arriving simultaneously. Later, Mrs. R. A. Harrell, home service chairman of the local Red Cross chapter, talked with an Army surgeon at Fort Lewis and was advised that Tijerina lived only five hours after being rushed to the hospital.

Telegraphic advices were received from Army authorities at Fort Lewis this morning announcing that the body would arrive in San Angelo at 9 o'clock Monday evening, March 20. It will be brought back to Ozona Monday night.

Funeral services have been set for 4 o'clock Tuesday afternoon from the Community Center here, with Joe Oberkamp funeral directors in charge of arrangements. Rev. Eugene Slater, former pastor of the Ozona Methodist Church and now pastor of Woodlawn Methodist Church in San Antonio, may return to conduct funeral services, members of the family said.

Pvt. Tijerina was stationed at Camp Adair in Oregon but was on maneuvers in the Fort Lewis area when stricken. He was in a field artillery unit. Aside from periodic headaches in recent years, he was not known to have suffered any symptoms which might have led doctors to suspect his condition.

Andres Tijerina was born in Ozona February 29, 1912. He was employed for a number of years as clerk in the Lemmons Dry Goods store here until a few years ago when he opened a store of his own in the Latin-American settlement, a business which he operated successfully until called into Army service in July of last year. He is survived by several brothers and sisters.

Veteran County Treasurer Seeks Another Term

Tom Casbeer Announces Candidacy in 1944 Elections

A routine event after considerably more than a half century in public office, but, Tom Casbeer, veteran Crockett county treasurer this week again announced his candidacy for re-election to that office, the second mild ripple on the quiet waters of Crockett county politics.

Mr. Casbeer has served this county as its treasurer for "more years than I like to count" as he puts it. A pioneer resident, he has spent most of his life in office, sometimes with opposition in election years but most of the time without. He is the oldest county official in point of service next to County Judge Charles E. Davidson, who has held that office a half century.

The treasurer's announcement of candidacy subject to action of the democratic primaries, is the second active candidate for office, Sheriff Frank James leading off to start the political wheels turning a few weeks ago.

Sgt. Richard Miller, Jr., and Mrs. Miller are here this week for a visit with Mr. and Mrs. Miller. Sr. Sgt. Miller is a Link trainer instructor at the Marfa Army Air base.

HAVE FAITH IN CONGRESS

When the founders of our country established a constitutional form of government, they sought a system of checks and balances which would prevent usurpation of political power. The executive, legislative, and judicial branches were made independent of each other.

Our country has twice during the past decade witnessed the wisdom of the founding fathers. It has seen the legislative branch of government reject a bill urged by the executive branch to dominate the judicial branch, when the phrase, "nine old men," was coined to discredit the U. S. Supreme Court. It has now witnessed an attempt by the executive branch of government to discredit the legislative branch itself, by referring to its recent tax action as a measure to "relieve the greedy and impoverish the needy."

If the latest tax bill passed by Congress is insufficient to meet the needs of the nation, the executive branch of government should go to Congress with an intelligently worked out, non-partisan plan for additional wartime taxes, in stead of using language toward Congress intended to shake public confidence in that body.

Our citizens must never forget that their duly elected representatives in Congress are the greatest safeguard that stands between their personal liberties and the subjugation of their rights from whatever source. We may have our differences of opinion with Congress, but we must not for an instant relax our vigilance in upholding that body as essential to American Constitutional government.

TIRED OF BEING
TEACHER'S PETS

Representatives of the six hundred thousand workers of the United Brotherhood of Carpenters and Joiners of the American Federation of Labor, have condemned the labor policies and the "over-all paternalism" of the present Washington Administration as a "stealthy threat to the continued freedom of organized labor."

The union issued a statement demanding the following six-point program from both national political parties: The preservation of free enterprise, the abatement of bureaucracy, the halt of paternalism, the creation of postwar jobs through private industry, the maintenance of labor's social gains, the protection of our national interests.

The leaders of organized labor can be a powerful force in upholding faith in American institutions and in restoring the independence of American workmen, both of which have been dangerously weakened by attempts to use the Federal government as a shield for union abuses. The unions have, in effect been "teacher's pets." Some are beginning to realize the unpopularity of that role and are moving to get out of it.

Of the 150,000 planes produced by the United States since March, 1941, the U. S. has retained 122,000 for its own use and has shipped 28,000 under lend-lease. The British and Russians produce most of the planes they are using, but American Lend-Lease planes with British, Norwegian, Polish, Czech, and other allied pilots are playing a vital role against Germany.

Pvt and Mrs. Kirby Moore were here this week for a visit with relatives. Pvt. Moore is stationed at Camp Berkeley, Texas.

PASSES CADET EXAMS

L. B. Cox, III, son of Mr. and Mrs. L. B. Cox, Jr., of Ozona, and a student at Southern Methodist University in Dallas, has passed all mental and physical tests and has been accepted by the Army Air Corps for aviation cadet training. Young Cox, ace backfield man on Ozona High school's twice championship teams of two seasons back and letterman in his freshman year as quarterback on the S.M.U. Mustangs, passed the cadet mental examination with an unusually high score.

NEW FARM GASOLINE RULES

To aid in the drive against the Black Market in gasoline, the Office of Price Administration announced that after April 1 the five-gallon "R" coupon will be invalid at filling stations and may be used only by those who buy gasoline at bulk plants or who have it delivered into storage tanks on their premises. Farmers buying most of their gasoline at filling stations have until April 1 to exchange at local stations their "R" coupons for "E" coupons, which will be accepted at filling stations. After March 15, "R" and "E" coupons in all cases must be endorsed whether for gasoline delivered into storage tanks or picked up at filling stations. However, to ease the task of endorsing these coupons, the consumer buying a large quantity of gasoline may endorse a whole strip or block of coupons with a single signature and address written across the required number of coupons given as a unit for his single purchase. For one gallon he continues to endorse on "E" coupon.

War News Round-Up

Total U. S. war casualties as announced March 9 by OWI were 162,282—including 37,853 dead, 57,228 wounded, 35,565 missing, and 31,636 prisoners of war.

WPB announces that—the ban on two-trouser suits, trousers with pleats, vests with double-breasted suits, and other clothing production restrictions will not be eased—Restriction on manufacture of such items as baby rattles and teething rings from nitro-cellulose plastics have been removed. Photograph record manufacturers in the second quarter of this year may use one-fourth as much shellac as they used in 1941, due to increased supplies.

The Department of Agriculture announces a 1944 goal of 22 million victory gardens, two million more than last year. Achieving the goal would mean 10 million tons of fresh food or 25 per cent more production than in 1943.

Mrs. Homer Adams of San Antonio was here last week for a visit with her sister-in-law, Mrs. Doug Kirby and family. Captain Homer Adams, recently returned from over two years of service in the South Pacific area, is in an Army hospital in Missouri recovering from injuries suffered in overseas service.

criminating market among the American soldiers and sailors. I did not buy any because I do not like silver jewelry, and since it turns black like all good silver, I do not think it practical for jewelry. However, the patience and fineness of the workmen in creating the intricate patterns of the finely spun silver were a marvel to watch, especially since they use only the most primitive of tools. One example, their blow torch consisted of their lungs, a little tube and a few coals of fire.

I visited the Sikh and Mohammedan temples. The Mohammedan temple was by far the most attractive in design. It was a white building, of cement and plaster, with graceful oriental minarets. The inside was light and airy, but barren of any furnishings. The Sikh temple had gaudy triangled

banners hanging from the ceiling along with colored paper baubles and lanterns. There were mats and cushions around the platform upon which the priest went through the prayers and rites. At both temples there was a small anteroom at the entrance to the grounds where visitors were requested to leave their shoes, socks and tobacco. Most of the Indians, though, are Hindus, but the Hindu rites and prayers are performed in the home. The Hindus are, I believe, the most pacific people in the world. They really practice the doctrine of non-violence, turn the other cheek, etc. The Sikhs, however, are quite militant, and I suppose the Mohammedans are the most militant sect in the world. Mohammed himself being honored as a warrior.

"The Chinese, being extremely enterprising people, sell hamburgers and ice cream in their restaurants and confectionaries. The Indians are extremely enterprising too, but the cow is sacred to the Hindu and all Indian religions forbid the eating of meat as far as I can gather, so they did not cater to the soldier's taste for hamburgers and steaks. I would indulge in a few hamburgers to whet my appetite before adjourning to the hotel for dinner.

"The dinner cost a dollar and is served in courses. One had a choice of three or four items in each course, but one can eat everything on the menu, if he has the capacity, for the one dollar. In conformity with European practice, there is a fish course as well as the main meat course. I especially liked the British practice of ending the dinner with a tasty savoury, which might be an anchovy or okra, or cheese canape on melba toast—with coffee. One of my favorite dishes was some variety of Indian rice and curry. The Fijians of English or other European nationality dress formally for dinner. Even in the country, if there are guests, or if the people are going out for the evening, or if the dinner is something special, the women wear dinner dresses and the men wear dress shirts.

"After dinner I preferred to walk the streets, visiting with various store keepers I had befriended, but most of the men went to one of the two movies. After the show, we piled into the vehicle and returned to camp."

Government regulations and new war tax programs make it more important today than ever before that every business keep accurate records of its operations.

The ranch business is no exception. Your government must necessarily levy stiff taxes to finance the gigantic war effort now under way, and tax agents are going to be stricter in demanding compliance with all regulations. Records of all operations are going to be increasingly important in proving up your income tax returns.

SPRING FEVER

It is the unanimous opinion of the faculty that nearly everyone in High School has an early case of spring fever. The result is more and more tests. They state the reason in so many words, "You people are letting down now that mid-term is past, and your grades are suffering severely." Did they ever stop to think that perhaps the reason is not spring fever but the fact that most people do let down in their studies when a test is given every day? Oh, well,—so much for theory.

The 8 o'clock schedule has put a definite kink in the dreams of the sleepy spring-feverites. They scrape into class an hour late with yawns and uncombed hair. I'm going to tell on some of them. Just for fun.

Larry Arledge didn't leave home late Monday morning, but where did he go til 9:25? Could he have been walking in his sleep?

Jimmy Read is a different type of specimen. He is waked up instead of stunned by the new time. And speaking of stunning—that little silver basketball Louise is wearing is certainly that!

Billy Womack walks in on Monday morning about 9:30 with his traditional greeting of GOLLEEE! He manages to utter the familiar phrase in the middle of a beautiful yawn showing his gorgeous tonsils.

Ruth Townsend is another who blossoms with the earliest of the spring flowers. She shows up wide awake and lively in a starched green pinafore and white feathers.

Joyce and Daphne are the swooners. Their spring fever is mixed with an acute attack of the blues. Couldn't have anything to do with the cancellation of furloughs at Concho field, could it? (Am I kidding?)

Calvin springs his fever at the tennis court when he sees Rosalyn in shorts.

Bill Wilkins has a new haircut and a new girl. Baby, did his fever hit the breaking point Sunday night?

Oh, yes! Lowell Sweeten displays his physique in those white sweat shirts. Why doesn't he have spring fever? Well—he is a little witterpated!

Ele Bright Baggett, son of Mr. and Mrs. Bright Baggett, Jr., was here for a week-end visit with his parents. Ele Bright is employed at Big Spring.

COGITATIONS

Everyone looked sleepier than usual Monday morning; school started an hour earlier.—Byrd borrowed five dollars to spend on a girl in Sterling—some girl!!! He seemed awfully anxious to keep the deal quiet too!—Baby really hit the jackpot with letters from "Jimmie" just about every other day.—Louise and Bland appeared to be enjoying the full moon Saturday night on the east road.—Billy Rose, Billy Jo, Joy Hubbard and several other girls had quite a convoy home Saturday night!!!—The time change really hit some hard; Larry got to school at nine fifteen Monday morning and Bill Wilkins and Billy Womack strolled in at nine-thirty.—The \$64 question this week is: "Why didn't Baby want the porch light left on Sunday night?" (She was with Bill Wilkins!)—Max and Joe Ross had Corinne surrounded Monday afternoon at the tennis court!!!—Mike's favorite expression seems to be "I love you too;" he says it to everybody in general.—Louise is wearing a silver basketball these days with the name Read engraved on it!—Bill Womack was willing to pay Jimmy almost anything to keep him from telling some juicy gossip on Benny Gail and him. Guess he paid him enough because Jimmy hasn't told it yet!—Is Calvin the reason Rosalyn is acting so slap-happy now days???

—O-H-S—
This new time is about to get everyone down (or it it up??)—Louise Arledge is wearing something around her neck in the shape of a silver basket ball with "Jimmy Read" engraved on the back.—Baby Hokit has a strong hold on Bill McWilliams. At least he suddenly gets very sweet and gentle (?) when she threatens to "spill all."—Joyce West was trying to sum a lot of words up into one sensible sentence. Race—jeep—colonel—planes! Sounds crazy to me but she was certinly elated.—Joe Corbell and Carlton are really good at ducking when they are in a car with Joy, Dorothy, and Dixie and see "yours truly" coming down the street.—Susie Hokit has been sick for the past ten days. Hope you're up and around again real soon, Susie!—When Ruth Townsend was asked, "Did you have a good time in San Angelo?" all she could say was

—O-H-S—
Ann West enjoys her regular Sunday evening rides with Duane Stearns so very much?—Lefty Womack was so wornout Monday? Couldn't be these late hours lately, could it?—Louise Arledge just can't learn to play tennis, even though Jimmy is teaching her?—Daphne Meinecke was wandering about town Monday night? Could it be the "stone bruise"?—Joyce West blushes so when anyone asks her about last Sunday night?—Doris Bean wanted to write an article on Little Bill?—Miss Parker was so sleepy Monday morning? She was seen out late Sunday night.—Mrs. Sikes has to come after Mr. Sikes when he is playing tennis?—Larry Arledge thinks Doris has such a figure?—Max Word took his ring away from Corinne Phillips when she told him she had to have hers?—Ann West corresponds with boys all over West Texas? Just a freshman too. Tsk! Tsk!—Lefty Womack was just a little late Monday morning? It seems that the night before, well, just ask him about it.—Duane Stearns is turning out to be such a wolf?—Calvin is so cruel to Rosalyn? Apparently, she doesn't mind though.—Larry calls Muggins, Edna? Then he laughs at her.—Ann West and Bud Meinecke were having such a good laugh over a note she wrote to him. Hmm! Must have been good.—I have to stop this now but I don't wonder why I must keep buying more bonds and stamps every day!

New Aviation Cadet Qualification Rules Announced by Army

—O-H-S—
Lt. Colonel Vincent D. Phillips, San Antonio District Army Recruiting Office, announced today that word has been received of interest to those 17 year old men wishing to qualify for Aviation Cadet Training.

—O-H-S—
Colonel Phillips said, "The first directive stated that after Selective Service registrant, 18 to 26 years of age, has been called for pre-induction physical examination, he is no longer eligible to apply for Aviation Cadet training as a voluntary inductee."

—O-H-S—
"The other communication," Col-Phillips continued, "makes it permissible now for the Recruiting Service to qualify 17 year old farm workers for the Air Forces Enlisted Reserve Corps, to await call to active duty until after their 18th birthday."

—O-H-S—
"These new changes in regulation," Colonel Phillips concluded, "emphasize first of all that 17 year old men cannot wait until their 18th birthday and they are inducted into the Armed Services, to apply for Aviation Cadet training, and second, that 17 year old farm workers may now qualify for future training as pilots, bombardiers or navigators, with the greatest Air Forces in the world."

—O-H-S—
Complete information regarding qualification for Aviation Cadet training may be obtained by writing or calling District Army Recruiting Headquarters, 214 Broadway, in San Antonio.

Study of Poetry Features Program at Woman's Club Meet

Members of the Ozona Woman's Club enjoyed a program on poetry when the club met Tuesday afternoon at the home of Mrs. Monroe Baggett with Mrs. Baggett and Mrs. G. I. Rape as hostesses.

Mrs. W. E. West was program leader. A poem from an autographed book of Tagore, noted poet of India, was read by Mrs. West. The book was sent to Mrs. Ira Carson by a Dr. Armstrong, companion of Mr. and Mrs. West on many of their world travel trips. Mrs. West also read poems by Mrs. Frank Friend of San Angelo, who has written two books of poems.

Club members answered roll call from their favorites poems, offering a wide variety of choice in types of poetry, those of the home being most numerous while a few were on nature and two members chose Kipling's "L'Envoi," "When Earth's last picture is painted."

The highlight of the program

was the presentation of original poems, composed by members. Eleven poems in this group were read and all pronounced "really good" by the membership.

Mrs. Neal Hannah played a piano number, "Ocean Moods" and her original poem was a description of what this selection said to her. Mrs. Ira Carson and Mrs. A. E. Deland gave an interesting description of their recent good will tour of Mexico as members of a group of American women under sponsorship of the Federated Women's Clubs of America. Mrs. A. C. Hoover also made the trip to Mexico.

Ice cream and cake were served to the following members and guests: Mrs. John Bailey, Mrs. J. M. Baggett, Mrs. Hubert Baker, Mrs. George Bean, Mrs. Ira Carson, Mrs. Clyde Childers, Mrs. Carl Colwick, Miss Elizabeth Fussell, Mrs. N. W. Graham, Mrs. Joe Pierce, Mrs. Neal Hannah, Mrs. Stephen Perner, Mrs. I. G. Rape, Mrs. P. T. Robison, Mrs. W. E. West, Mrs. Charles Williams and Mrs. M. C. Stearns.
