## Highlights and Lowlights

Being a Few Random News Notes and Otherwise You May Have Missed

This is a rather slow week — if hadn't been for Mrs. Lemmons' going to make the Highlights and Lowlights, this column wouldn't be worth a thing. She was seen doing the following things this week: (1) Square dancing in the Club House with Judge Houston and Morris Dudley and James

Wagonman. (2) Entering the Pool Hall to see out the latest lowdown. She didn't have found it because. (3) She was seen sitting in the Barber Shop that evening late. (4) She didn't think that this was getting her any place so she suddenly announced her intentions of going to Chicago and marrying her son. Say that lady gets around more than any one person you have heard about in all of our journalistic experience.

**CAR FOR SALE!** Brand new, 1940 Ford Tudor, for price, \$1,000. Ann West.

T. H. has the Cuna Bug bit you? Hear that your sister was giving a new nick name down Cuna. Can you tell us more about it?

The T. J. Baileys entertained a forty-two party Tuesday night at the Hi-Way Cafe.

Helen Mayes spent the week-end with her parents in Fort Stockton. Ann and Corinne were riding around with Bob Bailey and James Wagonman Tuesday afternoon. What was wrong, James. You said, oh, so lonely back there alone.

We hear that there are a couple single boys in town that are eager to get wed. Just be patient. We will ask all our cute "little" single friends down for you meet.

Philip Childress is reported improving from an illness this past week.

Kaletka, did you have to puff up at way just because that cute car and car were back in town?

The 4-H Club is really coming along, the best of luck to you. We don't know that you were doing that work with money from donations. We do hope that you are enough to make a good job of it.

The weather has been playing tricks again. But this time, nice days. Balm Spring weather — can it last.

Hope at least one of the doctors will be on hand at all times during PTA basketball tournament this week-end. There may be some casualties.

**Texas Independence Day Holidays For Schools Next Week**

The mid-semester holidays for Ozona schools will be observed Wednesday and Friday of next week, in observance of Texas Independence Day, Sept. 15. The school board announced this week. The holidays were set up for a long period in order that students and teachers might enjoy the four-day period from classroom duties.

**World Day of Prayer Observed Here Friday at 3**

World Day of Prayer will be observed in Ozona Friday of this week in an inter-denominational meeting at the First Baptist Church here beginning at 3 o'clock.

The call to prayer goes out to "peoples." The announcement comes. "You are invited to join the fellowship of prayer the week-end around World Day of Prayer, Friday, February 21. An offering will be taken on the occasion for the United Council of Church Women.

## First American Legion Post Is Organized Here

### 30 Charter Members Enrolled; Sponsored By Sonora Legion

Ozona's first American Legion post was organized and officers installed at ceremonies held in the Community Center here Sunday afternoon. Thirty former service men were enrolled as charter members of the new post, sponsored by the Sam C. Merck, Jr., post 309 of Sonora.

Acting as installing officers at the Sunday afternoon ceremonies here were Bennie W. Babb, post commander, and Charles F. Wetterlin, post adjutant, of the Sonora post.

C. R. Fuanos was installed as post commander, with A. R. Fuanos as vice commander; Eugenio Ramirez, service officer; and Felipe Flores, finance officer.

The local post will be named the "Manuel and Pablo Diaz Post" in honor of the Diaz brothers both of whom were killed in action in France. Another of the Diaz brothers, Lucio, was wounded in action and captured by the Germans shortly after the invasion of the continent and was liberated after the fall of Germany. A fourth and youngest boy in the family, Eduvigen Diaz, is now in service with the occupation forces in Japan.

Among the first acts of the new Legion post was to enter subscriptions for one out-of-town newspaper and the local newspaper. The San Antonio Light was approved by the group and subscription entered for a three-months period.

## Gulf Core Test In Crockett Pumps Oil From 1,685 Ft.

### Geological Test Hole May Be Brought In As Producer

A Gulf Oil Corp. core test for geological information on University of Texas land in central west Crockett county has discovered oil production in basal Grayburg lime of the upper Permian in exploring only 1,685 feet.

This was reported unofficially Wednesday, without confirmation by Gulf, but, it was believed reliably.

The core hole strike, according to the report, had pumped 32 gravity oil at the rate of 75 barrels daily. Seven-inch casing is set at 1,417 feet, and it was expected that Gulf would run 5 1/2-inch pipe and file application with the Railroad Commission for a permit to complete the well as a discovery oil producer.

Location is 150 feet south of the center of the north line of section 14, block 29, University Lands survey. It is six miles southeast of the nearest field, the Clara Couch field, where 26 gravity oil is produced from the Grayburg at around 1,530 and from the San Andres at approximately 2,222 feet. The well is approximately 30 miles west of Ozona on the north of Highway 290.

Gulf's core hole was credited with heading oil three times in five hours after reaching 1,685 feet, then bridging. It was cleaned out and a pump was installed.

## Two Men Held In Jail After Crashing Into Parked Car Here

Two men are being held in the Crockett county jail on drunken driving charges in connection with a wreck Tuesday night in front of the Boyd Clayton residence.

The pair occupied a car which crashed into the Clayton Oldsmobile sedan parked at the curb in front of the residence. Both cars were badly wrecked but the two men suffered only minor injuries. An investigation of the case was under way yesterday.

Charles E. Davidson, III, Ozona 4-H Club boy, proudly displays his Hereford steers which he exhibited recently at the Houston Fat Stock show and sold to Humble Oil & Refining Co. With young Davidson are County Agent Joe W. Cowan and friend Bill Melton.

## Weiner Plans Deep Test 10 Miles NW Ozona

### 9,000 Ft. Wildcat on Vaughan Land; Shell I-U to 8,281

Ted Weiner and associates of Wort Worth filed application at the week's close for a permit to drill a 9,000-foot, cable tool and rotary wildcat in Crockett county 10 miles northwest of Ozona.

In northeastern Crockett, Shell No. 1 University was reported to be conditioning the hole, with total depth 8,281 feet, in the Ellenburger, preparatory to running casing to the top of that formation. Stanolind No. 1-TT University, 1 1/4 miles north and half mile east of the Shell test, was reported awaiting orders following a 30-minute drillstem test from 8,877 to 9,000 feet, the total depth, on which recovery was 85 feet of drilling mud only.

Weiner and associates' wildcat will be No. 1 Vaughan of San Angelo, 660 from the south, 1,980 feet from the east line of section 86-OB-GC&SF. The drillsite is a 44.1-acre tract, the southwest quarter of the section. The land is a part of the ranch owned for many years by the late Robert Massie of San Angelo. Elevation is 2,472 feet. Operations are due to start at once.

Shell No. 1 University, credited with having entered the Ellenburger, was reported early Friday drilling at 8,280 feet in lime and chert. It is in the C NW NW 21-39-U, 1 1/4 miles south and half mile west of Stanolind No. 1-GG University, which for awhile promised discovery Ellenburger production.

Stanolind No. 1-TT University, C SW NW 12-39-U, half mile north of Stanolind No. 1-GG University, showed only 150 pounds flowing pressure on the drillstem test from 8,877 to 9,000 feet, reportedly in the Hickory sand of the Cambrian. Bottomhole pressure, after a 15-minute shut-in, however, registered 2,200 pounds.

Prior to the drillstem test, Stanolind, it was understood, had planned to make Schlumberger and Gamma Ray surveys, then run and cement casing. Only slight oil shows were reported in the Ellenburger following the striking of heavy gas and distillate in the detrital at 8,012-65 feet. The Ellenburger was entered at 8,085 feet, 5,501 feet below sea level; the top of the Wilberns sand of the Cambrian was 8,790.

Upon completion of its No. 1-TT University, Stanolind reportedly will plug back No. 1-GG University, set a whipstock and attempt to drill a new hole to sidetrack the lower zones previously tested unsuccessfully.

## First Session Of PTA Cage Meet Is Set for 7 Tonight

### 16 Town Teams To Vie for Title in Four-Day Tourney

One of the largest crowds ever to pack the Ozona High School gymnasium is expected at 7 o'clock tonight (Thursday) for the opening round of games of the four-day basketball tournament being staged here as a benefit for the Parent-Teachers Association band uniform fund.

One hundred twelve basketball players, 16 teams, including men and boys of the town, will engage in a championship tournament which will continue through Monday night. Tonight's opening round games will be between teams No. 1 through No. 8, with No. 1 and No. 2 playing the first game, No. 3 and 4 the second, and so on through No. 8. Friday night, beginning at 7 o'clock four more opening-round games will be reeled off with teams No. 9 through 16 competing in the same order. Saturday night's session will be the quarter-final eliminations and Monday night there will be the championship game.

Admission prices for each of the four nightly sessions will be 50 cents for adults and 25 cents for children, all proceeds above the small expenses of the meet to go into the uniform fund.

All players listed in teams No. 1 through 8 are urged to be on time at the gymnasium to begin play at 7 tonight. C. O. (Lefty) Walker, promoter of the town tournament, will referee all games, and promises "the breaks" to the "old fellows." There will be sandwiches and candy on sale by the P. T. A.

There are seven players assigned to each team and the team winning the tournament championship will be awarded individual gold basketball charms bearing the engraved legend, "PTA - 1947."

## Calf Feeding, Poultry Raising 4H Club Projects

### Activity Humming in Local 4H Club Boy Circles

Four-H Club activities are in full swing in Ozona under the leadership of County Agent Joe Cowan, with more boys taking up new projects, the agent reports this week. Work is progressing on reconditioning of one of the barns at the fair grounds for use of the club boys for feeding pens and numbers of calves on feed are increasing and a number of boys are feeding cockrels to be caponized.

Many Club projects are now under way, with many more yet to start.

At different seasons of the year different projects are started. Now milk fed calves and poultry projects are blooming.

Milk fed calves now on feed are Charley Boy Davidson's three Hereford calves, two of which, "Shangrila" and "Happy" were bred by C. E. Davidson, the third, "Halbert's Special," by R. A. Halbert of Sonora. Lin Hicks has two Hereford calves, "Mutt" and "G. I." bred by George and Irene Weddell of Water Valley.

Jack Coates is feeding an Angus, "Mustango," bred by Mustang Ranch Company of Concho county. "Kid Boy," Angus, fed by Buddy Phillips, was also bred by Mr. Koy. Other calves include: "Boswell's Pride," a Hereford bred by W. W. Boswell of Paint Rock, fed by Louis Robison.

"P. T.," a Hereford bred by P. T. Robison, fed by Louis Robison. "Stud Boss," bred by C. E. Davidson, fed by Bernard Lemmons. "Hobo," bred by Davidson, fed by Frankie Jones.

"Davidson Model," fed by Gordon Sparks, bred by Davidson. (Continued On Last Page)

## R. F. Powell, 64, Resident Here 29 Years, Dead

### Funeral Services To Be Held From Baptist Church Friday

R. Fisher Powell, 64, a resident of Ozona for 29 years, died at about 6 o'clock this morning in a San Angelo hospital where he had been under treatment for the past two or three weeks. An operation had been performed about a week ago and until late Wednesday afternoon his condition was thought satisfactory.

Funeral arrangements had not been completed this morning but it was announced that services would be held here at the First Baptist Church sometime Friday afternoon with burial to follow in Cedar Hill Cemetery.

Mr. Powell was born in Coryell county November 3, 1882. He came to Ozona with his family in 1918 and for several years was in charge of battery work at the North Motor Co. He later went into the filling station business for himself and operated that business for several years. In recent years he had been employed at the Ozona Wool & Mohair Co. warehouse.

Surviving are the widow and four children, Miss Leta Powell of Ozona, Mrs. Floyd Teal of Big Lake, Mrs. Pink Beall of San Angelo and Elmon F. Powell of San Angelo. Two brothers, S. I. Powell of Spur, Texas, and U. G. Powell of Big Spring, and two sisters, Mrs. Robert Cole of Roswell, N. M. and Mrs. Dick Dennis of Big Spring, and five grand children also survive.

## Saunders Makes Second Talk On India for Rotary

Continuing a talk he made two weeks before, Allan W. Saunders, operator of Saunders Nursery in Ozona, described more of the habits and customs of the native tribesmen of India, Burma and Tibet when he addressed members of the Rotary Club Tuesday.

Mr. Saunders in his first appearance before the club, exhibited his giant collection of curios picked up in India and Burma while he was stationed in India as a pilot with the Air Transport Command flying supplies to China across "The Hump." He was invited to provide a second program for the club to continue his interesting account of the customs and habits of the natives of that area of the world. Mr. Saunders spent nearly three years in India flying transport planes over the Himalayas in the early stages of the Pacific war.

## Horace W. Busby To Hold Gospel Meetings Here

### Ft. Worth Evangelist To Preach at Church of Christ

Horace W. Busby, Fort Worth evangelist of the Church of Christ, is returning to Ozona the end of this month to conduct a ten-day revival meeting, taking up where he left off a few years ago after an unbroken record of some twenty years of holding annual gospel meetings in Ozona.

Rev. Busby is scheduled to begin the series of services here on Thursday, February 27 and continue through Sunday, March 9. J. E. L. Harrison, minister of the local church, announced this week. Services will be held twice daily at 4 p.m. and 7:30 p.m.

John G. Hufstetler of Lubbock, father of Ross Hufstetler of Ozona, will lead the song services during the gospel series.

"Come and hear some good old gospel preaching and singing," is the cordial invitation of Rev. Harrison and the Church of Christ congregation to all Ozonans.

**Humble Pays 35¢ Pound For Ozona 4H Club Boy's Calves**

HOUSTON, Tex. — Charles E. Davidson, III, son of Mr. and Mrs. C. E. Davidson, Jr., of Ozona, exhibited two calves in the recent Houston Fat Stock Show. An active 4-H Club member and a sophomore in the Ozona High School, young Davidson fed and exhibited his calves under the guidance of Joe W. Cowan, county agricultural agent.

His polled Hereford steer exhibited weighed 855 pounds, and was purchased at Stock Show sale by Humble Oil & Refining Company for 35 cents per pound. In addition to this steer Humble bought nine other premium steers.

**CONSTIPATION Risky in BAD COLDS**

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

**Jan Jones Celebrates Ninth Birthday With Formal Dinner Party**

Mr. and Mrs. Ralph Jones entertained with a formal dinner party at the Hi-Way Cafe honoring their daughter, Jan, on her ninth birthday. Members of the third grade were guests. All of the little girls were in formal attire and the tables were decorated with red pot plants, red candles and Valentine candy favors.

A formal program followed the dinner, with Sarah Hicks serving as announcer. Miss Shirley Cannon and Miss Jacqueline Theis sang their own composition, composed especially for the third grade, entitled "The Saddle for Two." Miss Theis told a Valentine story, "A Tale of Peter Pig," and Carl Conklin played two piano selections, "Wooden Soldiers" and "The Haunted Forest."

Margaret Ray Scott did a tap dance and Robert Lowvierre sang a French song. All girls of the class sang "Old Folks at Home" and the boys sang, "A Greedy Boy." Martha Bailey played a piano selection, "The Waltzing Dolls," and Margaret Ray Scott sang "Sioux City Sue." Brocky Jones offered a toast to the honoree and all extended birthday good wishes, while Jan declared it her "very best birthday party." Boyd Lovelace of Sonora took pictures of the affair.

Children and adults present included Jerry Beasley, Jack Brown, Mike Clayton, Carl Conklin, Earl Deland, J. R. Halydier, Lloyd Ray West, Terry Hickman, Travis Yancy, Brocky Jones, Robert Lowvierre, Jerry Paul Haynes, Jean Ellen Schwiening of Sherman, Barbara Schwiening of Sonora, Martha Bailey, Carol Blackstone, Beverly June Day, Baynelle Grewell, Olive Haire, Carolyn Bruce Harp, Sarah Hicks, Carolyn Mankin, Elsie Palmer, Eda Ann Robinson, Susie Schaefermann, Margaret Ray Scott, Carolyn Rae Stuart, Janice Sue Spencer, Jan Jones, Miss Shirley Cannon, Miss Jacqueline Theis, Mrs. R. J. Smith, Mr. and Mrs. Alfred Schwiening of Sonora, Mr. and Mrs. Alfred Schwiening, Jr., of Sherman, Mrs. Bruce Harp, Mrs. Linsey Hicks, Mrs. Miller Robinson and Mrs. Don Hyde.

**Farm Loan Assn. Members Drew 10% Dividend in 1946**

P. T. Robison of Ozona, member of the board of directors of the Sonora National Farm Loan Association attended the Federal Land Bank of Houston's annual stockholders meeting in Houston on February 11-12 as the association representative.

Mr. Robison stated that the Land Bank, which is owned entirely by the 144 national farm loan associations in Texas, is celebrating its 30th anniversary this spring. Local farmers and ranchers owned associations "they are foundation of the land bank system and the meeting in Houston was featured by discussions of the operations of these organizations which are set up for providing safe, long term credit at low cost, to suit the needs of land owners."

Reports at the Houston meeting showed that 164,717 Land Bank and Land Bank Commissioner loans for a total of \$477,650,000 have been made in Texas during the past 30 years, many thousands of these loans having already resulted in debt-free ownership of farm and ranch homes.

The Sonora Association which serves Crockett, Schelsicher and Sutton counties now has \$99,370 in farmer and rancher-owned capital and surplus of \$577,531.10. In the past year a total of 10% dividends on stock has been paid to members in passing back part of the Land Bank System's savings to the users of the loan service, another \$19,845.30 having gone into surplus to further strengthen the association for the future. Chas. E. Davidson of this county is also one of the directors of the association with Mr. Robison.

**GIRL SCOUT NEWS**

Ozona Girl Scouts enjoyed a skating party Saturday afternoon followed by a cook-out. Attending were Shirleen Lonon, Madelyn Johnston, Gretchen Krause, Ellen Jayne Maris, Leena Mae Laymon, and Jerry Harshaw.

Snapshot pictures were taken of the skaters and then Mrs. H. W. Maris, leader, showed the girls how to make a stove from a gallon pail. The girls took turns at cooking bacon and eggs on the improvised stove.

**Wells in Shannon, Olson Pools Gauged For Pipeline Outlet**

Five oil wells in the Shannon field, three by John I. Moore and two by Sun Oil Co., and three in the Olson field, all owned by Sun, have taken new potential pumping gauges, as the result of being provided outlets by the Texas-New Mexico Pipeline Co. The Shannon field until now has had no pipeline.

In the Shannon field, John I. Moore No. 3-A Shannon pumped 105 barrels of 32 gravity pipeline oil in 24 hours from pay at 2,191-2,217 feet. Moore No. 2-A Shannon pumped 91 barrels of oil in 24 hours from 2,153-85. Completion was natural. The wells are in the southwest quarter of section 24-1-G&SF.

Sun No. 4-B Shannon pumped naturally 137.78 barrels of oil daily from 2,072-96 feet. Sun No. 5-B Shannon pumped naturally 157.88 barrels in 24 hours from 2,067-75.

In the Olson field, Sun No. 1 Shannon estate pumped naturally 133.86 barrels of 18.6 gravity oil and 75.89 barrels of water in 24 hours from 2,985-89 feet. Sun No. 4 Shannon, treated with 5,000 gallons of acid from 2,014.08 feet in Nov., 1944, pumped 89.69 barrels of oil and 24.14 barrels of water in 24 hours. Sun No. 2 Shannon, bottomed at 2,136 feet, pumped naturally 198.65 barrels of oil in 24 hours.

**Gilmer Sponsors Bill To Outlaw Strikes In Public Utilities**

Among the bills dropped in the legislative hopper at Austin seeking to cure the evils inherent in strikes is one relating to strikes by utility employees introduced by Hon. Claud Gilmer of Rocksprings Speaker of the House of Rep., during the last regular session.

Mr. Gilmer's bill applies only to water, gas and electric utilities and proceeds on the theory that the maintenance of water, gas and electric services are absolutely essential to the life health and safety of the people, and that it is the duty of the state to prevent any person or group of persons from wilfully destroying or damaging the facilities used in rendering the service.

His bill further provides that although any employee or group of employees have the right to strike or quit work at will, it shall be unlawful for any person or persons whether employees or not, to interfere with the ingress or egress of any employe to or from any property of any utility by picketing, or to harass or intimidate any employees who are willing to work in order that the service may be maintained.

Under the terms of the Gilmer bill it is a felony punishable by a penitentiary sentence for any person to wilfully wreck, destroy or sabotage any plant, equipment or facility of a water, gas or electric utility.

Mr. Gilmer's bill applies to utilities furnishing water, gas and electric service whether the utility be a private corporation, a municipality or a state agency, such as a river authority.

This is to take care of such situations as happened to the L. C. R. A. this past year when service to a good many towns there was interrupted and also such situations as the Pittsburgh power strike.

**Junior Woman's Club Observes Hobby Day**

Hobby Day was observed in the Junior Woman's Club session Thursday afternoon, with Mrs. L. D. Kirby as leader. Members answered roll call by naming their favorite hobby. Mrs. Dempster Jones discussed "Unique Hobbies" and Mrs. Ele Hagelstein, "Local Hobbies." The Valentine motif was carried out in refreshments and decorations.

Present were Mrs. L. D. Kirby, Mrs. Dempster Jones, Mrs. Ele Hagelstein, Mrs. Hugh Childress, Jr., Mrs. H. A. Gustavus, Mrs. P. L. Childress, Mrs. W. T. Stokes, Mrs. Charles Black, Jr., Mrs. Nip Blackstone, Mrs. Beecher Montgomery, Miss Wanda Watson, Mrs. Arthur Phillips, Mrs. T. J. Bailey, Mrs. C. O. Walker, Mrs. Bill Bissett, Mrs. Roland Aillard and Mrs. Ralph Jones.

Determined to make Texas a national bulwark against invasion of the foot and mouth disease from across the Rio Grande, Gov. Beauford Jester's first days in office saw him call for, and receive, emergency action by the state legislature.

When Gov. Jester signed an emergency appropriation bill he set in motion a program engaging full resources of all available state agencies, and supported by all allied interests.

Realizing that such a program required full support from the national government, Gov. Jester immediately laid the problem before authorities in Washington, including President Truman, with an urgent request for quick action intended to forestall

an epidemic which would result in "an economic loss of millions of dollars if this disease gains a foothold in Texas."

Without waiting for assistance from Washington, all Texas agencies have been thrown into the critical fight against the threat of disaster to the nation's livestock industry.

Pictured above with Gov. Jester (seated) when he signed the bill are, left to right: Rep. O. E. Cannon, Corpus Christi; Rep. S. J. Isaacks, El Paso; Sen. James E. Taylor, Kerens; Sen. Jimmy Phillips, Angleton; Rep. Tom Martin, Fredericksburg; and Roy Loventhal, chairman, State Livestock Sanitary Commission.

**West's Observe 50th Wedding Anniversary - With Family Dinner**

Valentine Day, 1947, was an important milestone in the colorful lives of a pioneer Ozona family.

It was the Golden Wedding Anniversary for Mr. and Mrs. W. E. West, Ozona residents since 1888, who are now living at the Cactus Hotel in San Angelo, paying occasional visits to friends and family in Ozona.

The event was observed quietly by the couple with a family dinner at the Hotel Cactus last Friday with all of their children and several of the grandchildren present.

Mr. and Mrs. West were married in Ozona February 14, 1897. Mrs. West was the former Alma V. Smith, the first white girl born in Junction, Texas, and moved with her family to Ozona in 1891. She received the first high school diploma issued in Crockett county.

Mr. West, who came from Navarro county to settle in Crockett county in 1888 at the age of 24 years, came with the late J. W. Henderson from Concho county. In a short span of years he had built up large ranch and banking interests and at the time of division of land holdings among his children a few years ago owned more than a hundred sections of land in Crockett and Val Verde counties.

The Wests have four children, Wayne W. and Massie West, Mrs. Ira Carson and Mrs. Alice West Baker, eleven grand children and three great grand children, all residents of Ozona.

**Funeral Services For James L. Doran Here Saturday Morning**

Funeral services were held here at 10 o'clock Saturday morning at the graveside in Cedar Hill Cemetery for James L. Doran, 74,

father of Mrs. J. A. Sparks and Mrs. Frankie Jones of Ozona, who died in an Austin hospital Thursday night. Services were conducted by Rev. J. E. L. Harrison, minister of the Ozona Church of Christ with Ratliff Funeral Home

in charge of arrangements.

The body was buried beside that of Mrs. Doran who died here in 1930. The couple were married in Menard county in 1899 and lived most of their lives in that county. Mr. Doran having made his home here in recent years with Mrs. Sparks.

Mr. Doran was born in Brown county February 3, 1873, moving to Menard county before the turn of the century. He ranched for a time in the Sanderson country, Terrell county, from 1927 to 1935. Surviving are two daughters,

Mrs. Sparks and Mrs. Jones of Ozona, and two sons, Elmer Doran of Robert Lee and Charles Doran of Central, Ariz. Two brothers, Lee Doran of Menard and Wylie Doran of Fort Worth, and seven grandchildren also survive.

Pallbearers for the funeral here were W. H. Chandler, George Russell, Eric Anderson, John Bailey, Hammon Sparks and Rob Miller.

**SUNDAY LAYMEN'S DAY**

Sunday, February 23, will be observed by the Ozona Methodist Church as Laymen's Day.

special services, Rev. Horace King, pastor, announced this week. The Laymen's Day observance nationwide.

The theme for Sunday services here will be "Our Accountability to God" or "The Priority of God." The pastor announced Sunday evening. Ozona youth will attend a sub-district Youth Fellowship meeting in Sonora and there will be no evening services here.

We wish to announce the selection of answers for last week's questions. The newest couples are Jack C. and Mary K., cutest couple Rosalie and Bob, most sincere

**STUDENT OF THE WEEK**  
This week the student is the tallest gent in O.H.S. As of lately we have witnessed him in the basketball court as a wonderful substitute center.  
You can always find him draped around some chair in study hall or just any class for that matter. It seems that the school just does not make chairs big enough, do they?  
His weakness is cows, calves, and a freshman girl named Mary Ann—aren't they, Buddy Phillips?

**ART ASSEMBLY**  
Dwight L. Holmes talked to the student body in a special assembly Wednesday afternoon on the subject of poetry and displayed some of the works which he has designed. His paintings are being exhibited in room 120, high school building.  
Mr. Holmes was born in Albany, Oregon but has done much of his work in the south. He has gained much recognition as a painter and sculptor. The art club is very grateful to Mr. Holmes for coming to Ozona each Monday to teach art.

**FOOTBALL JACKETS**  
Does anyone hear a loud shout? Of course you do — the football jackets have at last arrived. Even though the days are hot the boys will be sporting these new jackets around!  
The jackets are gray with a big purple and gold "O" on the front. On the arm is a purple and gold football with "District Champions 1946" on it.  
Congratulations boys — you've earned them!

**THE FAMED BUBBLE GUM**  
Bubble gum is quite the thing around the halls of O.H.S. So, let's discuss a few of its high points, shall we?  
First, be sure you have at least two packages because one isn't going to do any good. Chew it up and get it ready to bubble. Now you are ready for study hall.  
Now that you are in study hall, get the attention of the teacher, then blow a nice, big bubble. Not too big! See, now you have that sticky gum all over your face. Surely by now you have enough detention to satisfy you. You don't? I know of only one more way — Just pop the bubble real loud. That does it every time!  
Why not stay out of detention? How? Simply leave your bubble gum at home!

**SORE THROAT—TONSILITIS YOU WANT QUICK RELIEF!**  
A good throat mop is hard to beat and DURHAM'S ANATHESIA-MOP is a Doctor's prescription which gives prompt relief from pain and discomfort. It is a powerful germicidal stain, pleasant to use. Safe for children. Purchase price refunded if you do not find ANATHESIA-MOP superior. Generous bottle with applicators only 50¢ at your Druggist or at SMITH DRUG CO.

**DAUGHTER BEATS MOTHER**  
In relieving the discomfort of children's simple chest colds by using Durham's Nu-Mo-Rub, the modern Guaiacol-Camphor chest rub. Doctors agree that its 29% Guaiacol-Camphor formula is a decided improvement over Mother's old-fashioned Eucalyptus style salves. Try Nu-Mo-Rub for economy, caught. Double the purchase price refunded if you do not find Nu-Mo-Rub more effective. In 35¢ and 60¢ jars at your Druggist or SMITH DRUG CO.

and Rosalie are fighting week just as hard as last! Mary K., when are you going to your choice? You can't wear jackets, you know!  
What time was it you and went home Saturday night?  
Why does graduation mean so much to you? Calculators don't have anything to do with it, could they?  
No wonder you're excited to dance at A & M with that Eddie!  
By the way, does anyone know Jack C. is so scratched up? Don't tell!  
Earlene certainly have new boy friends.

The high point player for the season is Joe Ross Hufstetter, with a total of 143 points. Red Harrison also one of the Lions' forwards, is in second place with 132 points. Don Cooke, guard, is next with 62 points. All in all we are proud of our team and a fine season in '47.

Collector of Canes To Exhibit, Lecture Here Tuesday, Feb. 25  
Odd tales gathered by a man who has spent his lifetime "Picking up Sticks" will be told to an Ozona audience next Tuesday morning at 11 o'clock in the High School Auditorium when Edward T. Jeamey will present an exhibit of strange and unusual canes and lecture on his hobby. This is one of a series of entertainment features brought during the present school term under the auspices of the public schools.

From the discoverer of the lost tribe of the Incas of South America, Jeamey obtained the "Father of Kittens" Medicine Man's club used in the ceremonial meant to limit the children of those tribal families to two. The Vavagusa Beer Stick of the Kenyas Colony

in British East Africa, an unusual staff containing the long drinking straws used by the natives in drinking from a common bowl, is another in this remarkable collection.

A stick made from the oldest grape vine in the state of Oregon, a Hopi Indian crooked stick which represents lightning and is used in the Indian ceremonials to bring rain, canes from historic places and from famous people, canes used for worship and canes used to destroy, odd canes, trick canes, each with a tale to be told, are included in Jeamey's unusual collection.

Billy Joe Hubbard, son of Mr. and Mrs. C. B. Hubbard of Ozona, who has been employed by Pan American Airways at Baranquilla, Columbia, South America, has been appointed co-pilot and mechanic for the United Fruit Co. He wrote his parents this week. Hubbard will be stationed at San Jose, Costa Rica, in his new job.

**SURE I'M INTERESTED IN MORE PROFITABLE FARMING—THE BIG QUESTION IS "HOW?"**

Reddy Kilowatt, the always Reddy hired hand, can be used to speed up farm work and do it more economical. For approximately five cents per hour, Reddy Kilowatt will

- Shell 20 to 30 bushels of corn
- Cut and elevate one ton of silage
- Grind 100 to 500 pounds of grain, depending on kind and fineness of grinding
- Shear 25 sheep
- Saw one cord of wood
- Turn a grindstone for 3 hours
- Pump 1,000 gallons of water
- Run a sawing machine for 30 hours
- Run the washing machine for the largest family washing
- Milk 20 to 25 cows with a portable milking machine or 10 to 15 with a pipe line machine
- Cool 100 pounds of milk
- Separate 2,000 pounds of milk

Can you think of anything else of such value that costs so little?

**Copy of 147-Year-Old New York Newspaper Published 3 Weeks After Death of George Washington, Among Joe Oberkampfs Effects**

A copy of a newspaper dated January 4, 1800, published in Kingston, Ulster, county, N. Y., containing an account of the death and burial of George Washington and of the Napoleonic wars in Europe, was discovered this week by Mrs. Joe Oberkampfs among the effects of her late husband.

Although yellowed with age, the newspaper is still in a remarkably fine state of preservation and Mrs. Oberkampfs plans to place the ancient paper in the Ozona High School museum as soon as she can get it framed in glass.

Although no definite history is known of the newspaper copy, Mrs. Oberkampfs says that she presumes it was originally the property of the late Judge Preusser of San Angelo, Mr. Oberkampfs grandfather, and was passed along in the family. It was found in a collection of old pictures and newspapers in Mr. Oberkampfs personal effects.

Published just three weeks after the death of General George Washington, the paper carries an account of his entombment and an editorial eulogy on the departed great. Under the one-line heading "Washington Entombed," and under a dateline, "George Town, Dec. 20," the account begins.

"On Wednesday last, the mortal part of WASHINGTON the Great — the father of his country and the friend of man, was consigned to the tomb with solemn honors and funeral pomp.

"A multitude of persons assembled from many miles around at Mount Vernon, the choice abode and last residence of the illustrious chief. There were the groves, the spacious avenues, the beautiful and sublime scenes, the noble mansion — but, alas! the august

inhabitant was no more. That great soul was gone. His mortal part was there indeed; but ah, how affecting! how awful the spectacle of such worth and greatness, thus to mortal eyes, fallen! — Yes, fallen! fallen!

"In the long and lofty Portico where oft the Hero walked in all his glory, now lays the shrouded corpse. The countenance still composed and serene, seemed to depress the dignity of the spirit, which lately dwelt in that lifeless form. There those who paid the last sad honor to the benefactor of his country took an impressive — a farewell view."

Came then a description of the coffin with the Latin inscriptions and the silver plate which read, "General George Washington, Departed this life on the 14th December, 1799, Aet. 68." Followed an account of the salutes in the late afternoon "from a vessel in the river firing minute guns," which "awoke afresh our solemn sorrow." The procession was described in detail, including the cavalry and infantry units, the guard, clergy, the General's horse with his saddle, holsters and pistols, pall bearers, Army dignitaries and Masonic brethren.

"Three general discharges by the infantry, the cavalry and 11 pieces of artillery, which lined the banks of the Potomac back of the Vault, paid the last tribute to the entombed Commander in Chief of the Armies of the United States and to the departed Hero," the account neared its conclusion. And the final paragraph:

"The sun was now setting. Alas! the Son of Glory was set forever. No — the name of WASHINGTON — the American Presi-

dent and general — will triumph over Death! The unclouded brightness of his Glory will illuminate the future ages."

The paper also carried the resolutions of Congress and statement of President John Adams deploring the death of Washington.

The paper's front page was devoted mostly to news of the American Congress and of the wars then raging in Europe. The Senate's address to the President, in reply to the latter's address at the opening of Congress, contains a hint of the trials of the government of that early day.

"While we devoutly join you in offering our thanks to the Almighty God for the return of health to our cities, and for the general prosperity of our country, we cannot refrain from lamenting that the arts and calumnies of factions and designing men, have excited open rebellion a second time in Pennsylvania, and thereby compelled the employment of a military force to aid the civil authorities in the execution of the laws. We rejoice that your vigilance, energy and well timed exertions have crushed so daring an opposition and prevented the spread of such treasonable

combinations." (The modern U.S. government might also take a cue from this in dealing with a certain present-day "designing" man of bushy brow and shaggy mane, also inciting "rebellion" in Pennsylvania (coal mines) and elsewhere.)

Quaint wording of the newspaper's advertisements, the inevitable "For Sale" ad offering "A Stout, Healthy, Active Negro Wench," notices of sheriff's sales, and other legal publications, together with accounts from British papers of the progress of the wars in Europe against Napoleon, make the ancient paper a most interesting historical document.

**Calf Feeding**

(Continued from Page One)

"Ford," fed by Bill Melton, bred by C. E. Davidson.

Boys feeding cockrels which will be caponized and shown as a capon project are: Sam Ferner, R. A. Harrell, Charley Boy Davidson, Graham Childress, Jerry Carl Lonn, Philip Childress, Joe Bailey, Oliver E. Berry, Bobby Womack. The fair grounds pens are now under construction and the public

is invited to inspect the project at all times.

Many boys are planning on more calves and sheep.

Mr. and Mrs. Paul Gibbs have returned from Shreveport, La., where they spent a few days visit-

ing with Mr. and Mrs. Ollie B. and Mrs. Melba Watson of city.

From where I sit... by Joe Marshall

**Where Cissy Spent Her Honeymoon**

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Cupper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My missus prefers traveling and that's her right. But from where I sit, there's no place better for a honeymoon—or annual honeymoon—than right at home, with your own possessions, good home cooking, and a friendly glass of beer or two—with the best company in the world.
