Ozonans Trample Rocksprings In One-Sided Tilt

37 Score Registered As Sikes Plays All Boys on Squad

Touchdowns were coming so fast that Coach Sikes had to pull his first string at the past the half way mark and it over to "even the least of us" on the bench — everything the water boy — when the Lions of Ozona Hi School trampled Rocksprings and less experienced from Rocksprings on the Ozonans gridiron Saturday afternoon. Despite Coach Sikes' double-substituted substitutions, to keep the score and to give his boys more experience, the score mounted to 38 on the Ozona side with a lone touchdown and a punt for seven for the visitors, pushed over their lone tally in the final quarter against the sound average Ozona third string.

The Ozonans had scored four times after they took possession of the ball in the first quarter kicking off to the Angoras and holding them for downs starting from their side near mid-field, the Lions laid back the opposition while Nat Read took the ball around end, then lateraled to Ward Lemmons who carried to Rocksprings 21. Read picked three in a thrust through the line and then Lemmons toted the ball to the five before being stopped. Read was over the double line on the next play, but the line was called back and Ozona realized five for off-side. Lemmons then took it through a gap in the hole off tackle to score unaided. Cooke's boot was wide of the score was 6-0.

A few minutes later in the same quarter, the locals started their second touchdown drive from the Rocksprings 49. A long pass heaved by Lemmons was sacked up by Don Cooke who raced to the Ozona 10. Lemmons was downed on the one-yard line and Read kicked it over the goal marker. This time the kick was good and the score stood 13-0.

End Ross Hufstедler intercepted a Rocksprings pass on the Ozona 43 early in the second quarter to start the Lions off on another touchdown jaunt. Lemmons advanced to Hufstедler who lugged it to the 22 and from that point, Lemmons heaved another punt, this time to Read who took over on the goal line and six points. Hufstедler, replacing Cooke, who suffered a bruised ankle, at the place — kicking was missed and the count was 19-0.

Despite the fact that Coach Sikes was pouring in substitutions, the third quarter saw the Ozonans score three more touchdowns in one, two, three order, the 65-yard run by Quarterback Read and a 70-yard scamper by little Jack Coates, a Comer with a capital "C."

The third chucker was barely older way when Read cut loose around the end and spurted, ducked and twisted 65 yards for the goal. Hufstедler's kick was blocked and the tally now stood 25-0. Bates set up the next marker when he scampered 35 yards around end to the Angora 16 and then made it a first on the one-yard line. Lemmons crashed the center of the line for the score. This time Hufstедler sent one through the uprights to make the score read Ozona 32, Rocksprings 19. Ray Piner, Jr., 118-pound substitute back, recovered a Rocksprings fumble on Ozona's 30 to set the stage for Coates' sensational 70-yard rally and the sixth touchdown. Again the clik kwas kicked for a 38-0 score.

In the fourth quarter, with smaller and smaller substitutes being introduced into the game from the bench and gold bench, the Rocksprings lads on a sustained drive from mid-field, pushed the shavers back for their lone touchdown, carrying it over from the end and Simpson converting on a punt off tackle.

Crockett Assigned \$11,000 Goal in Nov. Savings Bonds Drive

Crockett county has been assigned a goal of \$11,000 in sales of "E" bonds in the Treasury Department's November sales promotion drive. Scott Peters, county Savings Bonds Committee chairman, was advised this week in a letter from Nathan Adams of Dallas, chairman of the department's advisory committee for Texas.

"As a curb on inflation, as a means of building up future purchasing power for individuals, the Treasury Department is asking individuals to 'Protect Your Future, Buy Extra Bonds Now' during the remainder of this year, and especially the Nov. 11-Dec. 7 period," Mr. Adams wrote. Emphasis, he said, again will be on "E" bonds and the Texas goal in the November promotion is \$35,000,000.

In the first eight months of this year, Crockett county investors bought a total of \$32,500 in Series "E" Savings Bonds. Mr. Adams reported in a resume of bond sales in this county to date in this year. The sales by months were as follows: Jan., \$4,237.50; Feb., \$2,681.25; Mar., \$3,656.25; April, \$2,043.75; May, \$4,837.50; June, \$8,162.50; July, \$731.25; August, \$6,150.

Kin of Ozonans, Arizona Rancher, Dies of Heart Attack

In its issue of September 26, the Tucson (Ariz.) Daily Citizens records the death by heart attack of C. C. (Bud) Parker, 59, cattleman, expert rider and roper, and founder of Tucson's annual Fiesta de los Vaqueros.

Bud Parker was a son of the late Dave Parker, early-day Crockett county sheriff and kin of the Davidson, Coates and Friend families of this county. Mrs. Dave Parker was a Coates, sister to the Crockett pioneers, Mrs. J. W. Friend and W. F. Coates.

the Crockett pioneer couple, Mr. and Mrs. W. F. Coates, and a sister of Mrs. J. W. Friend, another pioneer of this county.

Since 1935 Bud Parker had been associated with Howell Manning in ranching interests in Arizona and Mexico. He is survived by his widow, one daughter, a grand daughter, three brothers, W. D. and O. R. Parker of Tucson, and Bert Parker, and two sisters, Mrs. Doak Herd, Hachita, N. M., and Mrs. Baylor Young, Tucson.

Burglars Break Into Concession Stand At Park

Junior Class Loses Candy and Drinks To Intruders

Ozona High School's Junior Class, holders of the soft drink concession at the football field here as a means of raising money for the annual Junior-Senior banquet in the Spring, are losers of a case of drinks and two and a half cartons of candy as a result of burglary of the concession stand at the Powell Field park sometime Saturday or Sunday night.

The padlock on the stand, where drinks and candy were left stored after last Saturday's football game, was broken and the loot lifted.

The burglary was discovered Monday morning and Supt. C. S. Denham reported it to Sheriff Frank James. An investigation is under way.

BAPTIST W. M. U.

Members of the Baptist W. M. U. met last week at the home of Mrs. Ben Williams for a missionary program. Refreshments were served at the end of the program. Present were Mrs. S. L. Butler, Mrs. Clifton Tennison, Mrs. H. A. Gustavus, Mrs. T. J. Bailey, Mrs. B. H. Gibson, Mrs. Janie Hull, Miss Maybelle Taylor, Mrs. Royce Smith, Mrs. Carroll Ratliff, Mrs. Roy Sewell, Mrs. John Strickland, Mrs. Doyle Harris, Mrs. Travis Childress and Mrs. Ben Williams.

Teacher Houses Completed; Open For Inspection

Unoccupied Unit May Be Examined This Week by Public

Completion of the four-unit teacher housing project, built on a plot of ground reclaimed from the hillside east of the high school building, was announced this week and one of the units, which will remain vacant all this week, has been thrown open for public inspection this week through Sunday, Supt. C. S. Denham announced.

The four housing units, each a complete house with two bedrooms, living room and dining room combined, kitchen and bath, with ample closet and storage space, were built in a novel architectural design, a staggered effect with each unit gaining maximum outside exposure, while at the same time making the best use of the limited space available.

The units are of concrete and stucco construction with sheetrock and plastered walls, asphalt tile over concrete floors, insulated and vented flat concrete roofs, stucco on solid sheeting, and an extension overhanging roof for protection of the walls against heat and weather.

Each unit is furnished with attractive ranch type living room furniture, oaks dinettes, maple bedroom suites, with double bed in one room and twin beds in the other. Each bed room has two large closets, another large closet is located in the hallways and ample closet and storage space is provided in the bathrooms and kitchens. The kitchens are equipped with gas rangettes, gas hot water heaters and divided sinks, with linoleum covered drain boards, all attractively finished. The bathrooms are equipped with modern and attractive fixtures, including bath tub and shower, commode, lavatory and chrome towel racks, medicine cabinets, etc.

The lot has been terraced and landscaped. Scherz nursery men from San Angelo planting shrubbery, vines, trees, etc. this week, and Italian rye grass is to be planted to make a winter lawn.

Unit No. 1, on the south, is occupied by Mr. and Mrs. John Plunkett, the No. 2 unit by Mr. and Mrs. G. A. Rhoads and the No. 4 unit by Mrs. G. C. Barrier, first grade teacher, Miss Jacqueline Theis, public school music and Miss Shirley Cannon, piano teacher.

\$39,000 Paid In First Two Weeks Tax Paying Period

Estimated Total To Reach \$80,000 By Week's End

With a 3 percent saving on their total tax bill as the incentive, property owners of Crockett county are rushing to the office of the tax collector in unusual numbers this year, a report from Mrs. A. O. Fields, deputy in Sheriff Frank James' office, this week indicates.

A total of \$39,000 in taxes had been paid during the first 15 days of the tax paying period starting October 1. Mrs. Fields reported yesterday. The discount schedule being on a graduated basis, 3 percent on taxes paid in October, 2 percent if paid in November and 1 percent if paid in December, payments are expected to accelerate considerably the balance of this month and it was estimated that the total would reach over \$80,000 by the end of this week.

To October 15, collections totaled \$39,268.93, Mrs. Fields reported, on which property owners realized a saving of \$1,176.43, leaving a net return to the county, state and schools of \$38,092.50. Collections were divided \$6,005.89 to the state, \$13,451.19 to the county and \$19,811.85 to the schools.

Voting polls issued to October 15 numbered 125, with 10 alien

Two New Electric Ranges Added to HE Department Equipment

Miss Frances Willms, head of the Homemaking department of Ozona High School, and girls of the Homemaking classes are proud of two large size, new Frigidaire electric ranges recently installed as added equipment in the department.

The new ranges are equipped with all the latest range improvements, including automatic timers, deep well cookers, warming cabinets, etc.

Miss Eudora Hawkins, home economist for the West Texas Utilities Co., visited the department last Friday and demonstrated use of the new ranges, preparing an oven meal which included meat loaf, carrots, okra, potatoes and fruit cobbler, all baked in the oven at one time. Miss Hawkins also prepared a deep well meal which included meat and vegetable stew and rice. Miss Hawkins stressed economy in the use of electricity for cooking and the retention of food values by electric cookery. The demonstrator also prepared and baked a cake in the new ovens.

Ozona-Junction Game Is Set For Friday At 3 p. m.

Conflict in Meetings Necessitates Change From Saturday

Because of conflict with a couple of meetings slated Saturday the Ozona-Junction District 8-B football contest has been changed from Saturday afternoon to Friday afternoon on the Ozona grid, it was announced this week by Supt. C. S. Denham.

The change was made necessary because of a meeting in Junction Saturday morning and also a meeting of members of the district executive committee scheduled for Saturday in Sonora.

The game will be played here Friday afternoon starting at 3 o'clock, with the gates opening at 2. Admission charges will be the same as for other games this season, 75 cents for adults and 30 cents for students. Officials will be Dr. W. H. Elkins and Joe Randall of San Angelo, and a third official yet to be named.

Schools will be dismissed at noon Friday in order that students may see the game.

The Lions of Coaches Sikes and Brown may well face the toughest opposition of the current season in Friday's afternoon game against the Junction Eagles, and certainly face the three toughest games of the year in the final three games yet ahead of them, Junction, Eldorado and Sonora, in order.

The Eagles are an improving, up and coming team, one that battled the rugged Big Lake crew to a 6-6 draw and bowed to strong Sonora by a three-touchdown margin.

Don Cooke, last year's all-district end and a wheel horse on the 1946 edition of the Lions, probably will be out of the game Friday as a result of injuries suffered in the Rocksprings game. Don suffered a badly bruised ankle and will be unable to go this week in the opinion of Coach Sikes. Max Word, who has been out all season with a broken ankle suffered in pre-season practice, is being groomed to take Cooke's post at end. Word last year ran from the backfield and played some at center, and although his ankle is still a bit stiff, he is looking good in practice this week and may be able to hold his own on the end.

There was apprehension in the Lion-camp, Tuesday, however, when Nat Read, quarterback and spark plug of the team, turned an ankle in practice. It was apparently not a bad sprain. Coach Sikes reported hopefully, but may slow down the little speed merchant in this week's fracas — if he sees action at all. A lot of massage and heat treatment was being applied this week in an effort to heal the injury to the point where he can go, if need be, with the aid of tape.

23 Girls Out For Volley Ball Squad Under Coach Gibson

Twenty-three Ozona High School girls reported to Coach B. H. Gibson for the first volley ball practice of the new season in the high school gym Tuesday afternoon.

Coach Gibson, principal of the junior high school, reports a lot of enthusiasm on the part of the girls and has high hopes of a successful season. A schedule of games will be matched later, Gibson said.

Girls reporting for first practice included Jerry Leatherwood, Jo Nell Oden, Patsy Schwalbe, Sue Meinecke, Patsy Mayfield, Dale Clendemen, Marilyn Hubbard, Edith Lou Piner, Betty Jane Schwalbe, Betty Jo Thompson, Louise Woods, Marian Dryden, Lillian Schneemann, Mary Ann North, Sandra Augustine, Jane Augustine, Corinne Phillips, Betty Cooke, Rosalie Friend, Ann Harvick, Virginia Stark, Ann West and Mary Kathryn Flowers.

High Scholastic Average Among Athletes - Sikes

Coach Praises Spirit Of This Year's Grid Aggregation

Most men, especially around this time of year, had rather talk football and hear football talked than most any other subject and members of the Rotary Club are no exception judging from the rapt attention they gave Coach L. E. T. Sikes of Ozona High School athletics when the coach talked to the club Tuesday about his football boys.

Coach Sikes had high praise for the 35 or more boys who compose this year's football squad. It has always been the theory of the local school administration that the athletic program should be made to fit into the school program not the school program into the athletic program, Coach Sikes declared. He pointed with pride to the fact that ten of the eleven boys who started last Saturday's game on the local field had made one or more A's during the last semester of the school year last year. Several are all-A students and most of them rank high scholastically, the coach declared.

"They are smart in the school room and they are smart on the athletic field," the coach declared, "and, therefore, they are hard to beat."

"I don't believe there is any way to make that bunch of boys cocky," Coach Sikes said. "They go into every game expecting the worst and expecting to have to put out everything they've got to win. They are clean, earnest, fine youngsters and you men should be proud to know that you have this type of leadership coming on in your community."

With reference to the season's prospects, Coach Sikes declared, "All I can promise you is that we will win at least five games this season. We have already won that many. We may not win another game, but even if we do not, I will still feel that we have had a successful season."

Ozona Methodists Attend Southwest Texas Conference

Rev. A. A. Carter, pastor, Mrs. Carter and Mrs. S. M. Harvick, delegate, are among Ozonans attending the annual Southwest Texas Methodist Conference which opened Wednesday at the Travis Park Methodist Church in San Antonio.

The Conference will continue through Sunday night, the appointment of pastors to the various churches in the Conference being announced at the final meeting Sunday night.

BOY TO INGHAMS

Mr. and Mrs. Dudley Ingham are the parents of a son born Sunday morning in a San Angelo hospital. The newcomer has been named David Dudley Ingham, Jr.

Experts Called To Pass On Walls Of Burned Building

San Antonio Engineers Pronounce Structure Sound for Use

Two architectural engineering experts from San Antonio, called in by architects and the county Commissioners, pronounced the walls of the old Methodist church, now being converted into a courthouse annex and medical center, as sound and usable, with certain points to be repaired and strengthened.

The two experts, who flew to San Angelo Tuesday and were brought to Ozona by the architects employed on the project, Mauldin and Lovett, San Angelo, made a minute examination of the burned out structure here Tuesday afternoon together with members of the Commissioners Court. A small section of the north wall in the northeast corner is being torn out and rebuilt and some brick work is to be done at the top of the north wall for safety. A few other minor repairs are to be made on weakened sections, but the walls as a whole are in good condition, the engineers said.

Workmen have already begun the job of reconvertng the building, ordered by the Commissioners Court. The county is undertaking to have the preliminary building work completed, including pouring of a concrete inner wall tied to the outer stone wall, concrete floors for the three story structure, concrete roof, windows and doors.

When this work of closing in the building is completed, installation of partitions on the ground and second floors will be undertaken if funds permit. The ultimate plan for the building calls for the ground or basement floor for doctor's offices and recovery rooms, laboratories, etc. and the top floor for a 17-bed hospital, with five private rooms and four wards accommodating 12 patients. An additional room not yet designated may be used for further expanding the capacity of the hospital.

Crockett Field Extended North Into Upton by Gilcrease

Production from the Grayburg section of the Permian line in the Crockett field in northwestern Crockett county has been extended by Gilcrease Production Co. of San Antonio north into southwestern Upton county.

Gilcrease No. 1 University, the most northerly of two small pumps just completed, pumped off in seven hours, recovering seven barrels of oil. It topped the pay at 1,428 feet, drilled 1,528 and treated with 2,000 gallons of acid. Location is 330 feet out of the southeast corner of the southeast quarter of section 19-14-U.

Gilcrease No. 2 University, 330 from the north, 990 feet from the west line of section 18-14-U, recovered 8 3/4 barrels of oil in pumping off in six hours, bottomed at 1,594 feet. Pay topped at 1,495 feet was acidized with 2,000 gallons. The Crockett-Upton line extends thru the north half of section 18.

Between the Gilcrease wells and the main Crockett field are some gas wells and dry holes.

Continental and others staked location in the Todd Deep field in western Crockett county for No. 35 J. S. Todd estate C SE 28-WX-GC&SF. The proposed 6,500-foot, rotary cable tool test will be a quarter mile east of Continental and others' No. 30 Todd, quarter mile south of the same company's No. 31 Todd and quarter mile west of Callery No. 2 Todd, all producers.

Stanolind No. 1-GG University bidding for discovery Ellenburger production in northeastern Crockett county, C SW SW 12-39-U, was swabbing from 5,750 feet below the surface. It had recovered 264 barrels of fluid in an unreported period.

Burial Association Service Is Offered Here by Ratliff

Announcement is made by the Ratliff Funeral Home in Ozona of the appointment of M. E. Corbell as local agent for the Ratliff Burial Association which is now opening offices in the Ratliff Furniture and Hardware Co. store.

The Ratliff Burial Association is an additional service offered by the Ratliff Funeral Home in Ozona. Mr. Corbell was for three years representative of the Coffee Burial Association at Idabel, Okla.

The Ratliffs are building a handsome, modern funeral home and residence here and work on the building is nearing completion.

Mrs. S. B. Phillips, who has been under treatment in a San Angelo hospital for the past week, was brought back to her home here this week. Mrs. Phillips is reported recovering satisfactorily.

Humble Todd Well Rates 1,365 Bbls. From Ellenburger

Humble No. 4-C fees and others on the east side of the Todd Deep field in western Crockett county has been completed from the Ellenburger with a daily flowing potential of 1,364.48 barrels of 41.4 gravity oil and gas-oil ratio 383-1.

The rating was based on a six-hour flow through a half-inch choke on 2 1/2-inch tubing set at 6,147-6,364 feet in 5 1/2-inch casing cemented at 6,359. The well topped the pay at 5,753 and drilled to 6,364 feet. It is in the C SW SW 65-UV-GC&SF.

WANTED — Practical nurse by experienced male nurse. For travel. P. O. Box 5722, El Paso, Tex.

From where I sit... by Joe Marshall

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of modern beer or cider.

From where I sit, it's a lot more important to be a poor fiddle player, than not to be a part of the American scene—with its company music, home entertainments, friendly glass of beer—that hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

It's not that we don't love our work!

WE DO LOVE our work—but these days, we almost dread leaving home and going to our showroom.

So many people want new Packards, and there are so few coming through!

But you can't build cars without materials!

The factory is straining every effort to get more parts and material so production can be increased.

We're doing our best!

Some cars have been shipped with wooden bumpers, some without window regulator handles. This costs the factory a lot of money, for it means that replacements must be shipped and installed later.

Under such difficulties, it's a wonder the folks at the factory have done as well as they have. This year, compared to the same period of 1941, Packard has built a higher percentage of cars than the industry as a whole.

We don't dare predict!

Our customers have been so patient that we'd like to sound some optimistic note.

But word from Detroit says that parts and materials are still scarce. Steel continues to be limited. Shortages of lead, copper and other materials are looming up.

Scrap iron has been so scarce that Packard started the ball rolling on a nation-wide collection drive!

Take care of your present car!

Until you're sure of getting a new one, give your present car the best of care.

Lots of cars are running better and lasting longer because our trained mechanics have serviced them right. Give us a chance to catch those little troubles before they grow up into big ones.

Bring your car in any time. We're short on new cars, but we're long on helpful, car-saving service.

SHOULDN'T TELL HIS BUT THE "TATTLETALES"

Ann West, just in case he has asked you, Bernard Lemmons gets a date Saturday night! Will he accept?

What were Bob Bissett, Ann West, Dale Clendenen and Kerry only doing behind the Church of Christ Friday night?

Who were those boys from So... that Mak K, Ann H. and Pat... were with Sunday? Let us know this, girls!

Let H., can you tell us why you are so broken-hearted? Could it be Mary K. Flower's already got a date for Saturday night?

Sam, quite a few boys would like to know the name of that girl in Rocksprings you were with Saturday night!

Why does Mary K. stay at the library during Study Hall? Could it be Sam Perner's librarian!

What about Beth G.

Some people wanted to know what all the commotion in the hallstands was Saturday. Just guess why, Don Cooke was it.

The new fad — Go to league in groups of four. What about that H., Charlie D., Rosalie F. and H. C.?

It has been requested by Red Garrison that "Steel Guitar Rag" be dedicated to Mary K. Flowers. What about this Mary K.? Jo Nell Den, can we come over and work some symmetry with you and Buddy Phillips, too?

Beats Dryden is getting to be a girl about school, especially since she receives notes from THE Frank Parr.

Can anyone tell us what Nat and Corinne are going to do Saturday night? Neither one of them is dating! Nat you're slipping!! Coach Brown keeps good company during his study halls! What about this, Miss Theis?

After all those letters, Scoot finally got a visit from his girl from the field! Cute girl, Scoot!

Hey, Nat, could we fix you up

with a date for Saturday night with Jo Nell Oden?

Looks like Mr. Archer gets along all right with teachers — ESPECIALLY music teachers!

The bell is about to ring so **BEAT JUNCTION!**

MEET MR. RHOADS By Louise Wood

Ozona's new band instructor, Mr. G. A. Rhoads, is from Emporium, Penn. Mr. Rhoads has brown eyes, black hair and is rather tall. Mr. Rhoads attended Mansfield State Teachers College, Valley Forge Military Academy and Southern Methodist University.

His favorite color is red and his favorite sport is football. When asked about his favorite food, he replied, (and I quote) "I like everything, just so there is enough of it."

Mr. Rhoads is married and has a daughter who is two and one half years old.

He played a trombone with Tommy Dorsey and Bob Chester in a dance band before going into the Army Air Corps.

When asked if he liked to teach band, — his answer was — "Yes."

We the students of Ozona High School wish to express our hearty welcome to Mr. Rhoads and hope he will enjoy teaching here.

STUDENT OF THE WEEK

Our choice for "Who's Who" column this week is none other than one of those daredevil Seniors. She is 115 pounds of dynamite with short black hair and gray green eyes — with a vivid personality.

Her high school years are very colorful, as she has participated in all school activities. She was voted Junior Favorite and the "O" Club's Sweetheart, in addition to being twirler for the past two years and now treasurer for the Senior Class.

She has many ambitions but the greatest is to make a straight A report card.

You've probably guessed—none

other than the popular and intelligent Ann West.

H. E. NEWS By Joan Holt

The Future Homemakers of Ozona High School served the Parent Teachers this week.

Refreshments were served on the stage. The tea table was covered with a lace cloth, centered with dahlias in a crystal bowl.

Jerry Leatherwood served the punch and Jo Nell Oden served cookies. They were assisted by Edna Goodson, Betty Jane Schmalbe and Ann Harvick.

Music was furnished by Marian Dryden and Merle Senne.

Betty Cooke talked on the aims and objectives of Homemaking and also the aims of Future Homemakers of Texas.

Louise Wood, Patsy Mayfield and Marilyn Hubbard were hostesses in the Homemaking Department, showing guests the new ranges and the new buttonholer.

The cookies served were made by Homemaking II, using honey and syrup instead of sugar.

BAND NEWS By Chris Perner

The band entertained the people at the Pep Rally Friday night for their first performance.

The P.T.A. has agreed to buy uniforms for the band members new uniforms.

Mr. Rhoads would like to see anyone who is interested in band. Plans are being made for next year's work so the enrollment should be larger now.

There is never an idle minute in band, or at least Bill Forehand says so! When the director steps on his stand, everything is so quiet you can almost hear Virginia play the bass drum, but we owe apologies for everyone can play very well. We think we will be playing like professionals before the year is over.

The week Oct. 20-26 has been declared "Future Homemakers of

Texas Week" by Governor Stevenson.

Girls taking Homemaking are eligible to join the F. H. of Texas. This entitles them to membership also in area, state and national organizations.

The project this year is the planting of rose gardens and a summer camp for active members. All over the state, Future Homemakers are raising money to provide a camp site.

THE BOWLING LEAGUE By Marian Dryden

The Bowling League consists of four teams and each has five members. The teams meet every Monday night at 7:30. Faculty and husbands or wives are enrolled.

The scores are:

Team	Score
Brown	4 won
Denham	4 won
Gibson	4 lost
Archer	4 lost

Denham's team and Brown's will play next Monday night.

Reservations end December 9th at which time cash prizes will be awarded the highest team.

Miss Frances Wilms attended a conference of Homemaking teachers of Area III Saturday at the Cactus Hotel in San Angelo.

"TOUGH OLE CHAP" By Sue Meinecke

Let's try — just this once — to ride a horse. Yeh, I know, you've never ridden before and you can't, and you don't wanta, and so forth and so on — but let's try, just this once.

Now, let's see — first you find a horse, preferably an old nag, who can hardly go. Find someone to bridle and saddle him. Good—now make everybody leave, since we don't want any teasing. Now we've got the old nag saddled, let's try to mount. That's right! If the x try to mount. Take the bridle and put it gently over the horse's head. That's right! Now put your right hand on the saddle horn, your left foot in the stirrup and you're off — almost. Give yourself a slight push, and, oops — too hard — you are not supposed to go clear over. Get up and be a man, we'll try it again.

Take the horse by the bridle and

lead him around a bit, feed him some oats, pet him, water him, and just anything to make friends. You're going to need a friend. O. K. Let's try to mount again.

Put the bridle over the horse's head real gentle like. Place your left foot in the stirrup, your right hand on the saddle horn and push. Ahhhh — you're on. No, no, no, you can't pull a horse's tail and (Continued On Last Page)

Burial Association Service Is Offered Here by Ratliff

Announcement is made by the Ratliff Funeral Home in Ozona of the appointment of M. E. Corbell as local agent for the Ratliff Burial Association which is now opening offices in the Ratliff Furniture and Hardware Co. store. The Ratliff Burial Association is an additional service offered by the Ratliff Funeral Home in Ozona. Mr. Corbell was for three years representative for the Coffee Burial Association at Idabel, Okla. The Ratliffs are building a handsome, modern funeral home and residence here and work on the building is nearing completion.

Mrs. S. B. Phillips, who has been under treatment in a San Angelo hospital for the past week, was brought back to her home here this week. Mrs. Phillips is reported recovering satisfactorily.

Humble Todd Well Rates 1,365 Bbls. From Ellenburger

Humble No. 4-C fee and others on the east side of the Todd Deep field in western Crockett county has been completed from the Ellenburger with a daily flowing potential of 1,364.48 barrels of 41.4 gravity oil and gas-oil ratio 383-1.

The rating was based on a six-hour flow through a half-inch choke on 2 1/2-inch tubing set at 6,147-6,364 feet in 5 1/2-inch casing cemented at 6,359. The well topped the pay at 5,753 and drilled to 6,364 feet. It is in the C SW SW 65-UV-GC&SF.

From where I sit... by Joe Marshall

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a long more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

It's not that we don't love our work!

WE DO LOVE our work—but these days, we almost dread leaving home and going to our showroom.

So many people want new Packards, and there are so few coming through!

But you can't build cars without materials!

The factory is straining every effort to get more parts and material so production can be increased.

We're doing our best!

Some cars have been shipped with wooden bumpers, some without window regulator handles. This costs the factory a lot of money, for it means that replacements must be shipped and installed later.

Under such difficulties, it's a wonder the folks at the factory have done as well as they have. This year, compared to the same period of 1941, Packard has built a higher percentage of cars than the industry as a whole.

We don't dare predict!

Our customers have been so patient that we'd like to sound some optimistic note.

But word from Detroit says that parts and materials are still scarce. Steel continues to be limited. Shortages of lead, copper and other materials are looming up.

Scrap iron has been so scarce that Packard started the ball rolling on a nation-wide collection drive!

Take care of your present car!

Until you're sure of getting a new one, give your present car the best of care.

Lots of cars are running better and lasting longer because our trained mechanics have serviced them right. Give us a chance to catch those little troubles before they grow up into big ones.

Bring your car in any time. We're short on new cars, but we're long on helpful, car-saving service.

SHOULDN'T TELL IS, BUT

the "Tattletales"

Ann West, just in case he has asked you, Bernard Lemmons has a date Saturday night! Will he accept?

What were Bob Bissett, Ann St. Dale Clendenen and Kerry just doing behind the Church of Christ Friday night?

Who were those boys from Sonora that Mak K., Ann H. and Pat-M. were with Sunday? Let us know this, girls!

Ann H., can you tell us why you are so broken-hearted? Could it be Mary K. Flower's already got a date for Saturday night?

Sara, quite a few boys would like to know the name of that girl in Rocksprings you were with Saturday night!

Why does Mary K. stay at the library during Study Hall? Should be Sam Perner's librarian! What about Beth G.

Some people wanted to know what all the commotion in the stands was Saturday. Just a guess why, Don Cooke was it.

The new fad — Go to league in groups of four. What about that Ann H., Charlie D., Rosalie F. and Ek C.?

It has been requested by Red Harrison that "Steel Guitar Rag" be dedicated to Mary K. Flowers. What about this Mary K.? Jo Nell Oden, can we come over and work geometry with you and Buddy Phillips, too?

Boots Dryden is getting to be a th girl about school, especially since she receives notes from THE Frank Parr.

Can anyone tell us what Nat and Corinne are going to do Saturday night? Neither one of them has dates! Nat you're slipping!! Coach Brown keeps good company during his study halls! What about this, Miss Theis?

After all those letters, Scoot finally got a visit from his girl from Rockfield! Cute girl, Scoot!

Hey, Nat, could we fix you up

with a date for Saturday night with Jo Nell Oden?

Looks like Mr. Archer gets along all right with teachers — ESPECIALLY music teachers!

The bell is about to ring so **BEAT JUNCTION!**

MEET MR. RHOADS

By Louise Wood

Ozona's new band instructor, Mr. G. A. Rhoads, is from Emporium, Penn. Mr. Rhoads has brown eyes, black hair and is rather tall. Mr. Rhoads attended Mansfield State Teachers College, Valley Forge Military Academy and Southern Methodist University.

His favorite color is red and his favorite sport is football. When asked about his favorite food, he replied, (and I quote) "I like everything, just so there is enough of it."

Mr. Rhoads is married and has a daughter who is two and one-half years old.

He played a trombone with Tommy Dorsey and Bob Chester in a dance band before going into the Army Air Corps.

When asked if he liked to teach band, — his answer was — "Yes."

We the students of Ozona High School wish to express our hearty welcome to Mr. Rhoads and hope he will enjoy teaching here.

STUDENT OF THE WEEK

Our choice for "Who's Who" column this week is none other than one of those daredevil Seniors. She is 115 pounds of dynamite with short black hair and gray green eyes — with a vivid personality.

Her high school years are very colorful, as she has participated in all school activities. She was voted Junior Favorite and the "O" Club's Sweetheart, in addition to being twirler for the past two years and now treasurer for the Senior Class.

She has many ambitions but the greatest is to make a straight A report card.

You've probably guessed—none

other than the popular and intelligent Ann West.

H. E. NEWS

By Joan Holt

The Future Homemakers of Ozona High School served the Parent Teachers this week.

Refreshments were served on the stage. The tea table was covered with a lace cloth, centered with dahlias in a crystal bowl.

Jerry Leatherwood served the punch and Jo Nell Oden served cookies. They were assisted by Eda Goodson, Betty Jane Schmalbe and Ann Harvick.

Music was furnished by Marian Dryden and Merle Senna.

Betty Cooke talked on the aims and objectives of Homemaking and also the aims of Future Homemakers of Texas.

Louise Wood, Patsy Mayfield and Marilyn Hubbard were hostesses in the Homemaking Department, showing guests the new ranges and the new buttonholer.

The cookies served were made by Homemaking II, using honey and syrup instead of sugar.

fo rgoish sakes — don't clean his ears.

See, you wouldn't listen when I told you not to pinch the horse, now you've got yourself throw off and we're going to have to do it again. Only, this is the last time.

O. K. For the last time, put the bridle over the horse's head. Put left foot into stirrup, place right hand on saddle horn. Now, give a little push and — Don't ask me why you get pitched off every time. You're supposed to get up on the right side of a horse!!! Always.

I'm not going to help you on a-

gain, and if you can't mount by yourself, then it's just, "Tough, ole chap."

Ozona Juniors Beat Rocksprings 30-6 In Season's Finale Sat.

Coach B. H. Gibson's Cub grid crew finished their 1946 season here Saturday morning with a brilliant scoring exhibition that swept aside the Rocksprings Juniors by the lop-sided count of 30 to 6.

Bud Thompson and Darwin Parr were the day's scoring aces, Thompson accounting for 19 of his team's 30 points and Parr 9, Kenneth Parker being credited

with 2 when he tackled a Rocksprings ball carrier behind the goal line for a safety.

The Cubs scored on the second play of the game from about mid-field, Thompson taking the ball around end and scampering the distance. Parr converted on a line play. A few minutes later the same performance was duplicated and the score was 14-0 at the end of the first chukker.

The locals added one more touchdown and a safety and the visitors scored their lone touchdown in the second quarter. It was early in the quarter that Parker stopped a Rocksprings ball totter

behind the double stripe and a few minutes later Parr intercepted a Rocksprings pass and galloped 45 yards for the marker, Thompson this time bucking over for the extra point. With the count 23 to 0, Coach Gibson ran in a second string line and on the first play, the visitors parted the Ozona forwards to cut loose a ball carrier who galloped 80 yards for a touchdown. The try for point failed and the half ended 23 to 6.

There was no scoring in the third, but in the last quarter, Thompson negotiated the last ten yards after Parr had set up the locals to that point with a heave to

Joe Bailey. Parr was over again through the line for the extra marker.

The Ozona starters were Eddie Smith, Farrar Hedges, R. C. Logan, Kenneth Parker, Ben Conklin, Allen Haire, Wilburn Conklin, Bud Thompson, Darwin Parr, Bill Schneemann and Joe Bailey, with substitutions including Tom Piner, Gordon Sparks, Norman Ballard, Douglas Capps, Joe Brown, Billy West, Jimmy McMullan and Bobby Halydier.

Coach Gibson's crew played three games this season, the first in Eldorado in the rain, resulting in a 0 to 0 tie. The Eldorado lads returned the visit and took off the honors by a 7 to 6 count and the final game saw the Ozonans trim

Rocksprings 30 to 6.

 **The Story of The Sprouting Telephone Pole**

Can you imagine a telephone pole that sprouts like Jack's fabled beanstalk? The tall telephone pole shown above did just that... only it did its sprouting in cast. The two poles shown in the picture are actually the same size and serve the same purpose. However, one was bought four years ago, the other this year. And this sprouting telephone pole is typical of the climbing costs of all labor and material required to provide you with telephone service. Will the pole stop sprouting? Who knows? But we do believe you should know how difficult it is to continue good service under present conditions of higher operating costs.
