Hudspeth To Rest In Ora Cemetery

Manager, Financier, Former Crockett Resident, Died Monday

Funeral services were held from the Methodist church in Sonora Tuesday afternoon for Roy S. Hudspeth, 72, West Texas ranchman, financier, who died in a hospital at 2 o'clock Monday morning as the result of a heart ailment. Mr. Hudspeth had been in the hospital about a week.

Funeral services were conducted by Rev. Ray Johnson, pastor of the First Methodist Church in Ora. Burial followed in the Ora cemetery beside the home of Mrs. Hudspeth who died in 1935.

Survivors were Dan Cauthorn, Vernon Hamilton, Allison, all of Sonora, J. Walker, Del Rio, and Housh and Vic Pierce of Odessa and Herman J. Perry, San Antonio.

Mr. Hudspeth was a nephew of the late Mrs. W. C. Abbey, San Antonio. He was a brother of the late S. Rep. Claude Hudspeth, who carried the name for himself as a legislator.

Mr. Hudspeth didn't go for his ranching. He was a successful one. He was interested in several West Texas institutions and a philanthropist.

At the age of 15, he was a good ranchman and ranching was his life for more than 50 years. He published himself as a live-actor and his judgement was respected by those with whom he was associated.

Mr. Hudspeth, born Oct. 25, 1875 in the Ark., came to Texas with his parents, the late Mr. and Mrs. S. Hudspeth, locating in Crockett county where the family lived for many years.

When the family moved to Crockett county where livestock ranching was the open range. When the county was organized H. S. Hudspeth was one of the leaders.

He served county clerk, serving for many years. When the senior Hudspeth retired from office in 1915, Hudspeth was named to succeed him in that capacity.

He had worked as a ranchman and for C. C. Hammond, who died at 15 years of age. He employed there two years.

He did general ranch work for his uncle, J. B. Hudspeth, on the Hudspeth Ranch for many years and left there to take up his present occupation.

He set a goal of \$20,000 has been set for Crockett county in the Security Campaign, April 15 through 17. Scott Peters, county Savings chairman announced after receiving the figure from the U. S. Treasury Department.

It is the highest quota we have received since the war," Mr. Peters said. "but the threat that peace-time inflation offers personal and national security makes it vital that we meet the objective. I have no doubt that this county can and will meet the quota."

The United States cannot be strong unless we have a strong national economy," he said. "If the citizens of this and every county in the nation provide their own financial security, the nation is strong. Widespread ownership of Savings Bonds by the people provides a possible depression insurance for the sound management of our national debt. Money from the sale of Savings Bonds is used to retire inflationary government obligations which are held by banks and corporations."

Brother of Ozonans Killed In Accident on Ranch Near Midland

Richard Allen (Dick) Abbott, 40, Midland ranch worker, and a brother of Mrs. Ed Hawkins and Mrs. Maye Elledge of Ozona, died Monday in a Midland hospital from injuries received Saturday when a horse fell with him on the George Glass ranch northeast of Midland.

Abbott suffered a fractured skull, a broken arm and broken ribs. His horse fell and was dragged over him by another horse he had roped.

Abbott was born in Palo Pinto county July 28, 1907, and had resided in Midland 15 years. He had worked in the Ozona area as a ranch worker for a time and had worked on various ranches in the Midland area in recent years.

Funeral services were held Tuesday from the Ellis Funeral Home Chapel in Midland, the Rev. L. Lennon Hester, Methodist pastor, officiating. Burial followed in Fairview Cemetery.

Survivors include the widow, two sons, Tom and Jim Abbott of Midland; two brothers, Guy Lee and William A. Abbott, both of Junction, and four sisters, Mrs. Ira Stevenson of San Angelo, Miss Velma Abbott of Dallas, and Mrs. Ed Hawkins and Mrs. Maye Elledge of Ozona.

Turn In Your Tax Rendition

An appeal comes this week from the tax assessor's office to Crockett county property owners.

"Turn in your Tax Rendition at once!" Completed rendition blanks, properly signed, must be in the assessor's hands, before May 1 or your property goes on the un-rendered roll, subject to valuations and counts to be set by the Commissioners Court.

Rendition blanks have been mailed. If you have yours, fill it out, sign and return to the assessor's office. Or if you have not received a blank, go to the office and complete your return, Mrs. Gertrude Perry, office deputy, urges.

Methodist Sub-District Quarterly Meeting to Be Held Here Saturday

Methodist youth from Sonora, Eldorado and Rocksprings will meet with Ozona youth here Saturday afternoon for the quarterly meeting of the Sub-District, Methodist Youth Fellowship, to be held at the Methodist Chapel.

A deputation of students and leaders from Southwestern University at Georgetown will provide special features for the program, including special music and a recording of echoes from the National Methodist Youth Conference held in Cleveland recently. The Southwestern group will have charge of the devotional and recreation program for the meeting here.

Election of sub-district officers for the coming year will be completed at the meeting.

Lions Trim Iraan 16-8; Play Big Lake Here Friday at 3

Coach D. A. Parker successfully piloted the Ozona High School baseball nine to victory in the team's first district game of the season in Iraan Tuesday afternoon. The Ozonans won 16 to 8 behind the pitching of Don Cooke and Nat Read. Cooke chunked four innings and Read three of the seven-inning fracas. All high school games will be seven innings.

The Lions play their first district game on the home diamond Friday afternoon when they engage the Big Lake Owls. Game time is 3 o'clock.

Rev. Horace M. King, pastor of the Ozona Methodist Church, spent several days this week in Del Rio and Hondo scouting for a new barracks building to be used to supplement present facilities for the church school.

Ozona To Play San Angelo Colts Here Saturday

Borger Does 'Run-Out' On Scheduled Sunday Game Here

Ozona baseball fans will have another week-end of baseball as Manager Byron Stuart sends his sluggers to the diamond Saturday afternoon at 4 o'clock against the San Angelo Colts of the Longhorn League.

The Ozonans edged out the Colts in their first encounter of the season a week ago last Saturday by a count of 5 to 4. Manager West may have a well strengthened aggregation to field here when the two teams meet for the second exhibition game of the season here Saturday.

Word was relayed to Manager Stuart last night by C. West of the Colts that the Borger team had returned to Borger after a week's stay in San Angelo and would not be on deck for the game here Sunday afternoon. No word of cancellation had been given by the Borger manager. It was too late to schedule another team to fill the slot and so, Saturday's game will be all for the week-end.

The Ozonans took a pasting at the hands of the Del Rio Cowboys on the local diamond last Sunday afternoon by a count of 19 to 14. Lefty Shelton, Mac McClanahan and Byron Stuart took turns on the mound in an effort to control the Del Rio batters, but the visitors had piled a lopsided lead early in the game and though the locals got their eye on the ball as the game progressed, they were unable to push runs across fast enough to overcome the Longhorn league lads. Seven errors charged to Ozona fielders contributed to the defeat. The Del Rioans kicked three.

Shelton pitched three innings, McClanahan, two and Stuart four. Errors included, Shelton gave up 9 runs, McClanahan 7 and Stuart 3.

Buddy Homer, classy second sacker, slammed four base blows in five trips up. Conley Cox hit two for three and D. L. Scott, first sacker, ratted one over the garden fence for a homer in the ninth with two on. Manager Stuart slammed out three base blows out of five trips and Mazo was good for two in four.

East Extension To Midway Lane Field Completed

Sinclair Prairie and Atlantic Is Ninth Well in Pool

Sinclair Prairie and Atlantic No. 1-68 University, marking a quarter mile east extension to the Midway Lane (Ellenburger) field in northeastern Crockett county, has been completed.

Ninth well in the pool the well registered a daily flowing potential of 126 barrels of 48 gravity oil and gas-oil ratio of 1,890-1. It drilled to 7,626 feet and cemented 5 1/2-inch casing at 7,588 feet. Location is the S SW NW 26-45-U.

No. 2-62 University was drilling at 3,695 feet in shale. No. 3-62 University at 570 in lime. No. 3-67 University had cemented 5 1/2-inch casing at 7,588 feet with 280 sacks, with total depth 7,628 feet. It will make more hole after drilling plugs.

Wildcats about 21 miles south and slightly east of Ozona, in section 5-0-Clarissa W. Brown, Texaco No. 1 Victor Pierce was drilled stem testing from 11,470-492 feet in a tan lime; Texaco No. 1 Tom Smith was drilling at 6,869 feet in sand and shale.

Mrs. L. B. Cox, III, is spending the week with her parents, Mr. and Mrs. Sam Mann in Wichita Falls.

Hubert Baker Named To Head Cancer Fund Drive in Crockett

HOUSTON — Hubert Baker of Ozona has been named Crockett county chairman of the American Cancer Society fund campaign.

This was announced here by Former Governor W. P. Hobby, state chairman for the campaign, which will be held throughout the state and nation during the month of April.

As county chairman he will serve the Texas Division of the Society as its head in the county, as well as director of the fund drive.

The April campaign is part of Cancer Control Month, designated by an Act of Congress and proclaimed by President Truman and Governor Beauford Jester as the official time for the Society's drive.

A three-fold program is supported by funds gathered during April. This is for education about the disease, service to the cancer patient, and research which may someday lead to elimination of this disease as America's number two killer.

Laying Caliche Base For Paving Begins Here Soon

County Purchases New Machine to Speed Up Street Program

County machinery is making final excavations to grade on several streets where curbing has been completed in preparation for beginning soon the job of hauling caliche for base of streets to be paved here in the present paving program.

The Commissioners Court in session this week entered into a contract with Mrs. E. B. Ingham to secure caliche from pits to be opened on land she owns at the southeast edge of town. A source of this material near the city will reduce the cost of the county's part of the paving program and speed up completion of the work considerably.

The commissioners also looked toward a speed-up of the local paving program and the county's road building and maintenance work generally when an order was passed for the purchase of a new carry-all dirt mover similar to the big machine now in use here. The machine to be received soon had been used for a short time by the contractor and re-purchased by the manufacturers. A discount of \$4,000 from the original selling price of \$17,000 was secured on the machine and the small trailer type dirt mover which the county owns was turned in for a \$2,000 credit on the new purchase.

Cub Scouts Stage Style Show April 27

What's latest in millady's fashions, in miniature, will be shown to an Ozona audience Tuesday night, April 27, at the high school auditorium when the Cub Scouts of Ozona present a style show under sponsorship of the Cub mothers.

About 25 Cubs will take part in the evening's performance, which will start at 8 o'clock. Admission price is 25 cents to all, the net proceeds from the evening's entertainment to go into the Cub funds.

Ozona Junior Red Cross Donates \$50 to Scottish Rite Hospital

A donation of \$50 cash has been given by the Junior Red Cross of the Ozona Latin-American and American schools to the Scottish Rite Hospital for crippled children in Dallas, C. S. Denham, Junior Red Cross chairman, announced this week. The Junior Red Cross fund has a balance of \$14.11 to be used for any purpose which the committee may decide, the chairman said.

15 Million Feet Gas Encountered in Gar-Ter Well

Gar-Ter No. 2-A Weiner-Shannon in Crockett county will be completed at plugged back depth of 1,440 feet in lime as a gas well. It showed 15 million cubic feet of gas daily through four perforations to the foot at 1,398-1,440 feet in 7-inch casing set at 1,458. The well is 1,673 from the south 2,623 feet from the east line of section 86-OP-GC&SF.

Gar Ter No. 1-E Weiner-Shannon was credited with slight shows of oil and gas between 1,420 feet but was encountering water between 1,435 and 1,500. It drilled ahead, projected to 6,000 feet. Location is the C NE NE 16-UV-GC & SF.

Child Education Is Theme of PTA Meet

Are You Willing to Leave the Education of Your Child solely to Church and School? is the question form of the discussion topic for the regular meeting of the Parent-Teachers Association to be held Monday afternoon, April 19, in the high school auditorium.

Mrs. James Baggett will be the program leader for the day. Invocation will be pronounced by Rev. J. E. L. Harrison, minister of the Church of Christ, and the musical feature will be a duet sung by Miss Jacqueline Theis and Bill Hannah.

A radio script, "As the Twig Is Bent," will be led by Mrs. R. J. Adams as a prelude to the topic discussion. A round table discussion will follow with Mrs. W. E. Friend, Jr., Mrs. P. L. Childress, Mrs. Cleophas Cooke, Mrs. H. W. Maris and Mrs. Lois Hallmark leading the discussion.

Hostesses for the day will be Mrs. Kay Black, Mrs. J. T. Patrick, Mrs. George Russell, Mrs. Gus Parker, Mrs. Carl Lonon, Mrs. J. P. Hill and Mrs. Ted Pilcher.

Pupil of Mrs. Smith To Present Spring Program April 22

Pupils of Mrs. Elton Smith's music classes will present their Spring program at the high school auditorium Thursday evening, April 22, at 8 o'clock.

The Webster record player to be given away by the Student Musicians will be awarded the winner during the April 22 program.

Miss Adelaide Anderson, head of the Music Department of Boise Junior College, Boise, Idaho, will be the adjudicator for the Student Musicians Auditions of the National Guild in Sonora April 28, 29, 30 and May 1. Mrs. Smith announced.

Mrs. Walter Dunlap and daughter, Mrs. Lee Worthington, left Wednesday for Grandfield, Okla., upon receipt of word of the death of Mrs. Dunlap's son-in-law, E. D. Murray, of that city.

W. T. Utilities To Install New White Way Here

New Type of Street Lights Planned Over Entire Town

A new "white way" for Ozona will soon be a reality, according to announcement made by officials of the West Texas Utilities Co., who met with members of the county Commissioners Court here Monday to sign a new contract for providing street lights in Ozona.

Work will begin at once on installation of new street lights of modern and more efficient design than those used here at present, members of the court were informed by Henry Batjer, district superintendent for the Utilities company in this district, Tom V. Grayson, rate engineer, from Abilene, and Clinton A. Glover, maintenance supervisor, also from the Abilene office, who were here to meet with the court to discuss the new street lighting contract and to survey the town's lighting needs.

The new pendant type aluminum brackets, holding large globes which direct the light down and outward instead of upward as do the present downtown lights, will be installed, the utilities representatives told the court.

The new lights will be mounted on 20-foot poles and will give several times the illumination provided by the present lights. New type street lights will be installed throughout the city.

At the same time the utilities officials informed the court of the planned improvement in the city lighting, they offered a new contract which will save the county several hundred dollars a year from the present current cost for street lighting. This discount is being given the county to equalize rates here with those in incorporated cities where the company is charged two per cent tax on its gross revenues, the discount to this county being equal to the amount of such a tax if paid here.

Seasonal Decline In Bank Deposits, Loans Spurt Up

Bank Statement Reflects Inactive Period In Ranch Industry

A seasonal decline in deposits and a sharp revision upward in outstanding loans is reflected in the statement of condition of the Ozona National Bank called at the close of business Monday by the comptroller of the currency.

Deposits in the local bank have dropped approximately a million dollars from the December 31, 1947 statement, a decline accounted for in the payment of income taxes, winter feed bills and the period of inaction in ranch products sales. Deposits this April stood at \$4,696,218 against a total of \$5,585,091.29 at the close of 1947.

Outstanding loans spurted upward more than \$300,000 in the three months period, from \$646,357.57 the last of December to \$955,771.53 this month. The bank's bond account fluctuated but slightly, but the cash item declined from \$2,315,734.29 in December to \$1,120,791.37 in April. The bank's undivided profits account climbed nearly \$10,000 from \$120,529.39 in December to \$130,268.39 this month.

- For Commissioner, Prec. 4: **E. R. KINSER** (Re-election)
- For County Treasurer: **TOM CASBEER** (Re-election)
- For County and District Clerk: **GEORGE RUSSELL**
- For County Attorney: **N. W. GRAHAM**

Index:

During the war, Texans at Camp Wolters used the expression, "durn yankee" pretty freely, so a colonel who was a native Texan called the Lone Star lads together and said, "Men, we must quit calling these fellows from Massachusetts and Illinois durn yankees; we should remember that they are our allies now!"

This will come as a surprise to those who know me personally but, at heart, I'm really modest.

It is embarrassing to me to have a fuss made over me in public and for people to come up and tell me how much they have enjoyed my books and ask for my autograph.

All this is very disconcerting — in fact there is only one thing that is more distressing — and that is for them not to do this.

But most of the time, they don't. Like the young lady during the war. She was riding on a city bus and she complained to a policeman who was on the bus, "That Marine over there is annoying me." The policeman replied, "Why, he hasn't said a word to you." She said, "I know; that's what's annoying me."

Can you remember away back to the early days of the automobile when they were called "horseless carriages?" A carnival came to town and had a side show, with

a sign, "25 Cents to See the Horseless Carriage." Folks paid their quarters, went in, came out and stood around to watch their neighbors and friends go in. Inside the tent was a buggy drawn by mules!

Texas Long Way From Exhausting Oil Supply

DALLAS. — Texas is a long way from running out of oil or gas if the petroleum industry is allowed keep the pace it set during 1947.

President R. B. Anderson of the Texas Mid-Continent Oil & Gas Association said today that his organization's analysis of the national survey made by the American Petroleum Institute and the American Gas Association showed

these facts:

(1) Texas oil men discovered 16 per cent more crude oil during 1947 than was produced.

(2) The industry found 248 per cent more gas during 1947 than was produced.

"If the government 'planners' and those whose interests are linked with competitive fuels will leave Texas' Number One Industry alone, the public will get the maximum supply of petroleum possible in this country," Anderson said.

Anderson pointed out that Texas' crude oil reserves are now estimated at 11,777,537,000 barrels, a 1.13 per cent increase over the estimated reserve total at the end of 1946.

"In spite of shortages which prevented drilling of many new wells, the Texas petroleum industry increased the state's wealth of natural resources with the finding of 131,177,000 barrels more of crude oil than was produced," Anderson said.

Texas crude oil reserves now constitute 55 per cent of the nation's total, the report showed.

"Talk about VALUE," says America "CHEVROLET and ONLY Chevrolet IS FIRST!"

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You'll get much better performance with economy from Chevrolet's world's champion Valve-in-Head engine. It has the finest record of dependability of any automotive power plant! And Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value... because it alone offers BIG-CAR QUALITY AT LOWEST COST!

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Unisteel body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

Texans Paid 168 Millions in Federal Taxes in February

AUSTIN. — Texans paid more than \$168,000,000 in federal revenue collection in February, The University of Texas Bureau of Business Research reported. That amount was 27 per cent greater than February 1947 collections. Collections from July to February were stepped up 14 per cent above a like period in 1946-47. February withholding taxes gained 24 per cent over February 1947. Income taxes from corporations and persons not on withholding status rose 38 per cent during the same period.

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

The Woman's Society of Christian Service of the Methodist Church met Wednesday afternoon at the Methodist Chapel for a study on the rural community. Mrs. R. A. Harrell was leader, the topic for the day being "The Whole Creation Is Our Lord's." Mrs. B. B. Ingham talked on "The Contribution of the Rural Community to Mankind," and Mrs. Bill Cooper spoke on "Building the New Rural Community." Those present were Mrs. J. M. Baggett, Mrs. Charles Williams, Mrs. H. B. Tandy, Mrs. Joe Pierce, Mrs. Floyd Henderson, Mrs. Ingham, Mrs. Harrell and Mrs. Cooper.

Mr. and Mrs. Clarence Highfield of Wilmington, Delaware, spent the past week visiting their cousins, Joe Pierce, Vic Pierce, Mrs. Tom Smith and Mrs. J. A. Marley and their respective families.

Perner, Meinecke Win Junior Boys Doubles In Dist. Tennis Meet

Chris Perner and Bill Meinecke won the district meet Junior boys tennis doubles championship at the district meet in Junction last week.

The Ozona lads beat a Junction team Friday, a London duo Saturday morning and took the championship bout from Sonora in the Saturday afternoon finals. The district championship is as far as Juniors can go in Interscholastic League competition, the senior division only going into regional competition.

Mrs. Floyd Henderson, Mrs. H. B. Tandy and Mrs. Horace King returned Wednesday from San Antonio where they attended an officers class of instruction for the Woman's Society of Christian Service of the Methodist church.

Mrs. Ed Reynolds, Jr., and little Ned are visiting this week with Mrs. Reynolds' parents, Mr. and Mrs. Bascomb Cox.

Mrs. Joe Teague of Slaton is visiting her aunt, Miss Dollye Coates, and other relatives.

Two New Housing Projects Started Here

Two projects which may go far toward relieving the tight housing situation in Ozona got under way during the past week.

Workmen began the job of renovating the old building on Broadway which once served as Ozona's Methodist church, now soon to be converted into a multiple apartment house. The property belongs to John Childress and is to be made into a four-apartment building.

Hubert Baker has begun construction of six new rent houses, on lots he recently purchased across the street from the site of the new high school athletic field, first of a possible 18 such units.

GIRL SCOUT DINNER

Girl Scout Troop No. 1 and the Troop Committee are perfecting plans for a Mexican dinner to be served April 16 at the Latin-American Center from 6:30 to 8 o'clock. Tickets are \$1 each and

must be purchased in advance either at the Center or at the tinez store no later than Friday night. Features will include singing troubadours and candlelight.

Nationally Advertised Sanitane Dry Cleaning
712 So. Main DEL. RIO, TEXAS

It is, too, when you figure in time and energy and general wear-and-tear! As a matter of fact, with one of the new electric vacuum cleaners now available at your local dealer, one cent's worth of electric service will clean a large rug and five others like it in less time than it takes to drag them into the yard for beating! Let Reddy Kilowatt, your electric servant, lighten the work of your spring housecleaning.

FOR ONE PENNY, YOU CAN

- Light a 100-watt bulb almost 3 hours, or
- run a radio for a whole evening, or
- have the correct time for about a week, or
- wash 3 full tubs of laundry.

Reddy does dollar duty for penny prices, not only for rug-beating, but for countless other household tasks. It costs much more to make and deliver today, but the average family still gets twice as much electric service for its money as it got 20 years ago.

Yes, the rate for electric service is still low—but not by accident. That's because you're using electricity for more and more tasks. Moreover, the people at your service company have used their skill and experience to make electric service the biggest bargain in your budget.

QUALITY at MINIMUM PRICES — SERVICE AT ITS BEST

BE HIM OUT . . . If Secretary of State George Marshall can be elected, there is at least one prominent public figure who will not be either for president or vice president next November, and Secretary of State Marshall. Quizzed as to whether he would be running-mate for Mr. Truman this year, he shoved his hand into his pockets and answered: "I don't think any reply to this question is required in the light of what has been said. I will never be in politics. I cannot be a candidate for any office." Marshall's greatest desire is to retire from public life to his Virginia home.

BEST FARM MARKETS products sold steady to higher during the past week, though some spring vegetables drifted lower.

SWINK OF —Most southwest farm according to the Production and

Marketing Administration, U. S. Department of Agriculture.

Greater cattle offerings brought mostly higher prices this week, though Houston levels remained unchanged. Good cows ranged generally from \$21 to \$23.50, and good and choice slaughter calves from \$25 to \$29 at southwest markets. Common and medium slaughter steers and yearlings cashed at \$18.50 to \$25 at Houston, while medium and good kinds cleared at

\$22.50 to \$28 at Fort Worth. Good and choice steers moved at \$27.75 at Denver and around \$28.25 to \$28.60 at Kansas City.

Increased lamb marketings at principal sheep markets commanded higher prices than a week ago. Aged sheep and feeder lambs changed little. Southwest termin-

als paid \$22 to \$23 for spring lambs. Kansas City gave to \$24. Woolskins sold to \$23.50.

Shearing got well underway in the southwest, and wool sold at firm prices.

Moderate gain demand absorbed adequate offerings at little change in prices. Wheat, oats and

yellow corn closed two cents higher Monday, and milo up to eight cents. No. 1 hard wheat sold around \$2.61 per bushel at Texas

Render Your Property For Taxation

BEFORE MAY 1st

Your tax assessor is now engaged in the important task of securing property renditions for 1948 and your cooperation in completing this work on time is earnestly solicited.

Unless your rendition blank is completed and signed before May 1, your property goes on the unrendered roll and your rendition must be completed by the Commissioners Court. Blanks are now ready for your signature and if you have not yet signed a rendition blank, it will be appreciated if you will call at the sheriff's office and do so.

To qualify yourself to vote in any election, render any piece of personal property for taxes.

V. O. EARNEST

Sheriff, Assessor and Collector of Taxes—Crockett Co.

A WISE JUDGE SAYS:

"I became judge of the Juvenile and Domestic Relations Court on June 1, 1939. Since that time I have tried approximately 8,000 boys and girls under 17 years of age for violating the law. Of that number, only 42 were regular in attendance in Sunday school or Church. Of course others of the children had at one time or another gone to Sunday school, but many of them had not. Another unusual fact is that of these children there has not been a child in court whose father or mother attended Sunday school regularly."

8077-B

Tea Compliments Mrs. Austin Millspaugh

Mrs. Austin Millspaugh, a recent bride, was honored at a tea given Tuesday afternoon by Mrs. Sidney S. Millspaugh of San Angelo and Mrs. Mrs. Sidney Millspaugh, Jr., in the latter's home here.

Mrs. Pleas Childress greeted the guests at the door. In the receiving line were hostesses and honoree, Mrs. Sterling Baker of Sonora, Mrs. Seaton Prentiss of Junction and Mrs. Thad Thompson of San Angelo.

The table which was arranged on the spacious sun porch, was centered with a large rectangular silver bowl containing painted

daisies and ranunculi. Silver candelabra holding yellow candles were at the back of the table. The porch was decorated with pots of ivy and Spring flowers including purple stock and red, yellow-throated gladiolas in antique brass bowls. Brass containers holding red roses were placed to each side of little Linda's portrait on the living room mantle.

Pouring during the first hour were Mrs. Bascomb Cox and Mrs. Max Schneemann, and during the second hour, Mrs. Lowell Littleton

and Mrs. Hillery Phillips. Others in the house party were Mrs. Arthur Phillips, Mrs. Joe Clayton, Mrs. Evert White, Mrs. Ashby McMullan, Mrs. Jack Wilkins, Mrs. Dempster Jones and Mrs. Rip Ward of Sonora. About 75 guests called during the tea hours, including visitors from Sonora, McCombs and San Angelo.

Mrs. Austin Millspaugh was Miss Martha Campbell, daughter of Mrs. J. B. Campbell and the late Dr. Campbell of Alvarado, Texas, before her marriage to Mr.

Millspaugh in Houston on December 21. The Millspaughs are at home on their ranch in this county.

Humble Net Income 124 Millions in '47

HOUSTON. — Humble Oil & Refining Company today reported to stockholders that the Company's net income in 1947 was \$124,106,900, equivalent to \$78,000,000 in purchasing power of 1935 - 1939 dollars.

From where I sit ... by Joe Marsh

Now It's Neckties Made of Milk!

Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Yes, modern science being what it is—seems like you can make "anything out of anything" these days. But in the case of milk, well

I guess drinking it is still a whole lot better than just wearing it.

Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation.

But from where I sit, most people who enjoy a wholesome beverage like beer or ale are moderate—because beer itself is a beverage of moderation.

Joe Marsh

Everything but the squeal?

... Not quite

Utilization of livestock by-products is important to all farmers and ranchers. Of the total dollars received by Swift & Company for lambs, 15% to 25% comes from by-products. Cattle by-products amount to 10% to 20%. With hogs it is 2% to 5%. When bidding on live animals, Swift & Company's buyers estimate the yield and grade of edible meat. In their estimate they figure, too, the value of all by-products, including hides and wool.

Livestock by-products have greatly increased the value of your meat animals. Since earliest times, man has used hides and wool to make clothing. But only in the past half-century has research found the present great variety of uses for by-products. Fats, and lanolin from wool, are the base of many cosmetics, healing creams and beauty aids. Photographic film is coated with a gelatin compound. Other uses of gelatin and glues are almost endless. Animal fats are the main raw material of toilet soaps.

Life has been lengthened for people with diabetes, anemia and other diseases. They are helped by drugs such as insulin, liver extract, popsin, adrenalin. These are all made from the glands of livestock. But for the painstaking care of meat packers, these glands would go to waste. This happened during the wartime "black market" in meats, and the supply of insulin ran low.

With the growth of meat-packing plants, the war on waste began in earnest. Science found new ways to use by-products of your animals. Bristles make brushes. Bones make knife handles. Hair makes upholstery padding. Bones, blood and scraps go into animal and poultry feeds. Yes, we find use for every valuable part of cattle, hogs, and lambs.

Each new use for by-products adds value to livestock... and directly benefits producers.

OUR CITY COUSIN

Let City Cousin pull and jerk. He'll find "a cinch" is real hard work!

Phenothiazine Stands Up

by Dr. I. B. Boughton
Texas Substation No. 14, Sonora, Texas

Ample proof that sheep roundworms can be controlled in West Texas by free-choice feeding of phenothiazine-salt mixture, with no danger of poisoning, is revealed in a 4-year test at this station.

The test was made to find the answers to two specific questions: 1) Whether phenothiazine-salt mixture, fed to sheep free choice, would control stomach and other roundworm infections; 2) Whether long time use of such a mixture would be poisonous to sheep.

Answering both questions, it was effective and it was not toxic.

Sheep used in the test were fairly heavily infested at the start, showing an average of 1180 worm eggs per gram of manure in ewes and an average of 1700 in lambs. The count decreased steadily to 60 for ewes and 30 for lambs by the fourth year. The worm eggs in the manure did not hatch, an important point since the failure to hatch shows that the infestation of the range was being reduced.

But don't throw away the drench gun. In 8 Minnesota flocks, where sheep were given a phenothiazine drench and had free access to phenothiazine-salt mixture, the lambs weighed 93 to 104 pounds. They dressed out 47.4 to 48.9%; and over 90% of the carcasses graded AA.

On the other hand, in flocks where the sheep were given the phenothiazine-salt mixture but were not drenched, the lambs weighed 87-99 pounds; they dressed out 46.6 to 47.4%; and 11% to 40% graded AA.

Speaking of By-Products... Here's a movie about em—just the film to complete your community or school program a 16mm. sound, color cartoon, "BY-PRODUCTS." It runs 10 minutes—and tells the story of livestock by-products and their uses. You may also want to show "MEAT BUYING CUSTOMS," another 10-minute cartoon. For a history of the livestock meat-packing industry, you'll like "LIVESTOCK AND MEAT"—49 minutes, black and white. "A NATION'S MEAT" is a shorter version—30 minutes—full of information on the American meat supply. Then there is "COWS AND CHICKENS"—USA, a story of diversified farming—the dairy and poultry business in a nutshell. Please give us at least a month's advance notice to handle bookings. We can ship by express or parcel post. Only cost to you is payment of express or postage one way. A 16mm. sound projector is required. Order from Agricultural Research Dept., Swift & Company, Chicago 9, Illinois.

A Steer is NOT all Beef

Let's take a look at this steer. It weighs 1,000 lbs. It's not all steak. In fact, only a little more than half is salable beef.

Hanging in Swift's cooling room, our steer has become two sides of beef. Together they weigh 543 lbs. What happened to the rest? Modern meat packers save everything of value from the steer—heart, tongue, liver, sweetbreads and other fancy meats. Hides for leather; bones, blood and scraps for animal feeds. Glands for medicines. All told, 161 lbs. of the steer is saved in by-products.

But 296 lbs. is shrinkage and material of no value. Only the meat and by-products can be sold.

What happens to the money the meat packer receives? It is used to buy livestock and other raw materials. It meets the expenses of slaughtering, dressing, refrigerating, transporting and selling. It pays rent, insurance, taxes—all the costs of doing business. The amount remaining after all of these expenses are paid is the meat packer's profit. Over a period of years, Swift & Company's profit has averaged a fraction of a cent a pound on the products we sell.

That's the explanation of the "spread" between livestock prices and wholesale meat prices.

We All Want the Top Dollar

You, as a producer of livestock, want to get the best price for your animals—the top dollar. As a salesman for Swift & Company, selling the products which result from these animals, I, too, want to get the top dollar.

The meat packer's buyer has to judge the grade of the animals and estimate how they will yield. He then makes his bids in competition with buyers for many meat packers and other commercial slaughterers. To get the animals, he has to offer good prices. Otherwise he just won't get them; somebody else will. And that "going price" which he must pay depends on the number of animals on the market and the demand for them.

After Swift & Company has made the animals which it has purchased into meat and by-products, we must sell them, again in stiff competition. If we don't offer meat at the going price, retail meat dealers will buy from somebody else who does. This competition in both buying and selling is so keen that we have to operate on a margin of profit which averages but a fraction of a cent per pound of product handled.

In our business, as in yours, it takes hard work and good management to come out with money ahead on a year's operation. Our efficiency in selling meat and by-products results in important economies and savings. Only through such savings can we earn our profit—and help increase the value of your livestock.

Mr. Jones, "guest editor" this month, is Vice-President of Swift & Company in charge of sales and advertising.

Soda Bill Sez:

... the best way to get out of trouble is to plan right through it.

Martha Pagan's Recipe for FRIED CHICKEN WITH GOLDEN GRAVY

(Yield: 3-6 servings)
1 frying chicken (2½-3 lb.) ½ teaspoon pepper
½ cup yellow corn meal 6 tablespoons bland lard
¼ cup flour About ¾ cup water
1½ tablespoons salt 3 cups milk

Clean, wash and cut up chicken into serving pieces. Dry. Combine corn meal, flour, salt and pepper in paper bag. Put chicken pieces into bag, close top and shake bag until pieces are well coated. Reserve excess corn meal-flour mixture for gravy. Brown chicken well in hot bland lard in heavy skillet. Add ¼ cup water. Cover tightly and simmer slowly for 1 hour or until chicken is tender. Add remaining water as needed. Remove chicken and keep it warm while preparing gravy. Combine corn meal-flour mixture with the drippings in skillet. Brown lightly. Stir in the milk and cook until corn meal is cooked and gravy thickened. Serve gravy with chicken.

PROTECT YOUR CAR AGAINST RUST AND WEAR

With 3M Rubberized Underseal

The Original Underbody Protective Coating
for Automobiles

Destructive forces are at work on the underside of your car - rust, rocks, dust, corrosive road salts are constantly eating away at the body of your car.

Now there's a sure way to minimize this deterioration. It's "3M Rubberized UNDERSEAL," the new sprayed-on coating that seals under surfaces with a tough, thick "hide" of protection against road noises, squeaks, rattles, rust and wear.

It insulates against cold, heat, exhaust fumes, dust. . . keeps passengers more comfortable. . . slashes repair costs. . . will keep your car on the road longer. Eliminates noise and protects fenders against rocks thrown up from road by tires. . . eliminates the drumming noises of travel.

Sprayed on under high pressure, 3M Rubberized Underseal covers the entire underside of your car except the mechanical parts. LOW COST Protection. Ask us about it today.

Urges Immunization Against Diphtheria

AUSTIN. — It is a tragedy that Texas parents continue to allow their babies to suffer and die from that painful and killing disease diphtheria. This is the opinion of Dr. Geo. W. Cox, State Health Officer, who says "It is up to the parents. If they protect their children with immunization, they need not have diphtheria."

Dr. Cox said that it is amazing that this disease should be allowed to take its toll of young lives when it can be entirely stamped out by proper immunization. Yet in the past week, 33 cases were reported in this state.

"Babies should be immunized by the age of eight or nine months," Dr. Cox advised. Authorities on the care of infants recommend a first dose by the age of eight or nine months, and sometimes as early as six months. A second dose is usually given later."

To maintain complete immunity, Dr. Cox said that a reinforcing dose of toxoid is advised when a child is old enough to enter school if a Echick test reveals the need of one. Children who have never been immunized certainly should be protected without any further delay, the State Health Officer declared, and added that it is the responsibility of the parents to save the lives of their children.

Roy Hudspeth —

(Continued from Page One)

the county clerk's office. During four of the 10 years he was county clerk, Hudspeth also ranched.

After leaving the clerk's office Hudspeth moved to Sutton county where he purchased a small ranch. He kept adding to this place, located 24 miles southwest of Sonora.

He soon became interested in the banking business and invested in the Del Rio National Bank at

Del Rio. The bank is one of the strongest financial institutions along the border.

Always interested in the ranching industry Mr. Hudspeth was instrumental in the organization of the Producers' Wool & Mohair Co., at Del Rio and served as president of the concern for several years.

Mr. Hudspeth was director of the Texas Sheep & Goat Raisers' Association and served in 1936-37 as the 10th president of the grower organization.

Mr. Hudspeth married Miss Lillie Maddox at Sonora May 1, 1912. She was a native Texan and a daughter of the late Robert Maddox. Mrs. Hudspeth died in May 1946.

The Hudspeths maintained two homes, one in Del Rio and the other in Sonora until they moved to San Angelo when the Hilton Hotel, now the Cactus, was opened. Mr. Hudspeth still lived at the Cactus when he became ill.

A member of the Masons, Mr. Hudspeth's membership was with the Ozona Blue Lodge, A. F. & A. M. He also was a member of the Royal Arch chapter here and a Knight Templar of the San Angelo Commandery.

Mr. Hudspeth owned and operated ranches in Brewster, Crockett and Sutton counties and a farm near Miles.

He sold his Brewster county ranch only a few months ago to Vic Pierce, Ozona ranchman, at a reported cash price of \$250,000.

At one time Mr. Hudspeth ran

as many as 80 purebred cattle, 8,000 sheep and 1,000 goats on his Sutton-Crockett county ranch. He produced good livestock and when he bought breeding cattle he usually got the best he could find.

American Foreign Policy Is Topic for Talk by Judge Smith

Judge Houston Smith, speaking before the Ozona Literary Club at its meeting Thursday afternoon at the Boy Scout Cabin, chose as his topic "American Foreign Policy." Judge Smith told of the recent reorganization of the State Department, related how our foreign policies are formulated, and stressed the assertion that the Marshall Plan, strengthened by military preparedness, will be our best hope of rebuilding and winning the destitute European countries.

In a business meeting following the program, the Club voted to change the day of meeting from the second and fourth Thursdays

to the second and fourth Tuesdays. Mrs. R. J. Adams, delegate from the Club to the Sixth District convention held in San Angelo April 1, 2 and 3, gave a report to the membership on the convention.

Mrs. W. V. Guidroz, Mrs. Jack Kirk and Mrs. R. J. Adams were hostesses. They served refreshments to the following members: Mrs. J. D. Sheridan, Mrs. Allen Saunders, Mrs. Ted Pilcher, Mrs. Cleophas Cooke, Mrs. J. P. Pogue, Mrs. Lee Worthington, Mrs. Byron Stuart, Mrs. Jack Rutledge and Miss Jacqueline Theis.

Selvin, the magician, entertained members of the Rotary Club with tricks of magic at the regular club luncheon Tuesday noon. Selvin appeared in a program here

under auspices of the Ozona Woman's Club.

Mr. and Mrs. Arthur P... are moving to the ranch... they are able to make plans... following the burning of their house.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

★ **UNCLE SAM'S PART OF YOUR TELEPHONE BILL** ★

★ The Federal tax rate on local telephone service is 15%. The tax rate on long distance service, where the charge is 25c or over, is 25%. Other forms of telephone service are subject to Federal taxes at rates ranging from 8% to 25%. ★

★ This tax is imposed by the U. S. Government directly on the user of the telephone. The telephone company, at its own expense, serves as a collector. ★

★ Long distance calls and certain other services, being taxed at 25%, are taxed higher than the 20% rate for luxuries such as furs, jewelry, and perfumes. ★

★ This form of tax, that is an excise tax on telephone service, has traditionally been resorted to only in national emergencies. Your telephone company believes this form of tax should not be a part of the peace time tax structure. Representatives of the telephone industry have urged and will continue to urge before the proper Congressional committees that these excise taxes now be eliminated; and many users and representatives of users of telephone service are likewise urging that they be repealed by the tax legislation now before the Congress. ★
