NUMBER 49

Woman's Sponsors Up Drive

Urged to Clean-Up Morning

After clean-up campaign in the town, to begin next morning, is being sponsored by the Ozona Junior Women's Club.

Members from the club have been divided into zones into which the town is divided and a household telephone canvass is being made by these committees to enlist the cooperation of the residents of the city in clean-up a 100 per cent.

Members are urged to begin the clean-up of their own premises on Monday morning. All accumulated trash or refuse should be packed in some manner in a location convenient for pick-up by trucks. The Ozona Junior Women's Club is providing truck hire and a cleanup crew. A cleanup crew has been organized and it is hoped that trucks will be hauling the job the latter week.

Over a hundred volunteers from surrounding towns will be attending the Ozona band clinic and a number of as many or more will be attending the week-end to attend the meeting of the executive committee of the Sheep and Wool Association, membership of which are especially anxious to see prompt action being made in the clean-up week. All owners of property in the city are asked to see that they are in good order during the week.

Schoolboy All Star Game April 13

Teams to Vie for District Championship

The high school boys basketball team will open their district championship game in Iraan on Tuesday, April 13, and will play an 8-game district championship in the five-team district.

The district for the championship is completed at a meeting of the district officials here Tuesday. Schools composing the district are Ozona, Sonora, Eldorado and Iraan.

Each team will play two games each at home and one away. The district game will be played on Friday at 3 p. m. at the Powell Field which is now undergoing preparation for the season for both high school and town teams.

The officials are to be awarded the district championship. The complete season for the Ozona Lions is:

- Ozona in Iraan.
- Iraan in Ozona.
- Ozona in Eldorado.
- Eldorado in Ozona.
- Iraan in Ozona.
- Ozona in Big Lake.
- Big Lake in Ozona.
- Ozona in Sonora.

AND INSTRUMENTS

The Music Club is sponsoring a local collection of old instruments and instrument sheet music for shipment for use of musicians in war devastated areas. Those who have instruments of this kind are asked to call on Mrs. J. B. Cooper or Mrs. J.

Henry A. Coffield of Marfa Announces For 29th Dist. Senator

Henry A. Coffield of Marfa, who operates ranching interests in Presidio and Jeff Davis counties, former Mayor of Marfa, this week announced his candidacy for Senator from the 29th District of Texas.

Mr. Coffield, 54 years of age, is a native of Arkansas but has been a citizen of Texas for 31 years. He has high school and University education as mechanical engineer, and served in the U. S. Army during World War I. After his discharge from the Army he went into business in Marfa and is now actively engaged in ranching operation in Jeff Davis and Presidio counties. He served as mayor of Marfa for 14 years, retiring voluntarily last year. During World War II he served as a member of the Presidio County Selective Service Board and also actively engaged in war construction work, building camps and air fields for the government.

"I shall not present a platform of vague promises that are forgotten the day after election," Mr. Coffield said in a statement. "I am a candidate only because I know that I can, and will give the citizens of this district honest and fair representation. I shall work for everything that will benefit the state and our district. I will not favor any individual or group that would reap a benefit for themselves at the expense of the rest of the district."

"I expect the advice and help of every good interested citizen in this district, then when we successfully attain some goal. I cannot say, 'I did it,' but we can all say, 'We did it.' That is government by the people. That is Democracy."

16 Teams Lined Up In Community Basketball Meet

Second Round Openers in Four-Day Tourney Slated Tonight

Basketball players of varying degrees of proficiency, members of this year's high school squad and those who played an undetermined number of years ago, all mixed and mingled into haphazard teams, totalling 96 players divided into 16 teams, are teeing off this week in the annual PTA sponsored community basketball tournament.

Four opening round games were reeled off Tuesday night, the first session of the four-day meet, and bruising games they were with Referee Lefty Walker, tournament director, calling a foul only at potential mayhem and murder.

Starting at 6:30 tonight, Thursday, the second session of the four-day meet, will get under way, with the next eight teams paired off for opening round encounters. The quarter-final rounds will be played Friday night, starting at the same hour and the semi-final and championship games will climax the meet Saturday night.

Proceeds from the tournament will go into the PTA band uniform fund.

Mr. and Mrs. Bill Seahorn are the parents of a son born Tuesday morning in a San Angelo hospital.

Crockett 4-H Club Boys Sell Stock At Angelo

Good Showing Made In Second Major Exhibition of Year

Crockett county 4-H Club boys returned Monday from participating in the San Angelo Fat Stock Show after seeing their livestock sold at good prices in the auction sale Monday following the show. This is the second major livestock show this year in which the Crockett county boys have exhibited livestock in their first year of club work. Incidentally, the local boys made something of a record in this first year of competition, too, in that both the Houston and San Angelo shows in which they competed, not one head of stock was cut back by either show's sifting committee.

Philip Lee Childress, Jr., was the highest placing boy from Ozona in the San Angelo show with his third place registered Rambouillet ram. Bill Schneemann placed 23rd in the fine wool fat lamb class for a \$2 premium.

Lee Wilson of the Wilson Motor Co. here was one of the heavy buyers in the auction Monday, buying all of the Crockett county livestock. His purchases included a 985 pound calf fed by Lewis Robison for 37 cents a pound; a calf fed by Roy Alvin Harrell at 44 cents per pound, and lambs fed by Bill Schneemann, Tom Kincaid, Jimmie and Ronnie McMullan, Charlie Davidson, III, and Buddy Phillips at 39 cents per pound.

Entered in the San Angelo sale were 588 head of fat lambs which sold for an average of \$28.61 per hundred pounds and 80 calves which brought an average of \$41.09 per hundred pounds. Crockett county's entries averaged \$39 per hundred pounds on the lambs and \$40.50 per hundred on the two steers exhibited.

All of the fat livestock exhibited by the local boys was sold at the auction. Philip Lee Childress brought back his registered Rambouillet ram as there was no sale for breeding livestock.

Send In Your Suggestions! Contest Still Open To Pick Name For Ozona Baseball Team

Some pretty clever suggestions for a name for the Ozona independent baseball team are coming into the Stockman office.

A contest has been launched by the club management to pick an appropriate nickname for the team, and a season pass for the 1948 diamond wars is the prize to the person who suggests the name which a committee of judges deems most suitable and appropriate. A secret committee will judge the entries and designate the winning suggestion.

Let's have more — and more — suggestions. A penny postcard or letter, even a slip of paper delivered in person, anything with your written suggestion, and your name, sent to the Stockman will qualify your entry for consideration. Make as many different suggestions as you like. They will all be considered.

Come on, folks, what shall we call 'em — when they win, we mean, of course.

Baseball Meeting May Be Held Monday Night in San Angelo

A meeting of baseball moguls of the area, to be held in San Angelo possibly next Monday night, has been suggested by T. J. Bailey, president of the Ozona Baseball Club. The meeting will be held in San Angelo.

Purpose of the meeting would be to discuss organization of a league among teams of this vicinity for the coming summer season. The Ozona club is interested in a league of six or eight member teams instead of the 12-team circuit which made up the Concho Basin league last year.

Action To Be Taken To Stop Dumping of Trash on Highways

State laws forbid the dumping of trash along public highways and in public places other than areas designated for the purpose and county officers and state highway patrol officers have begun a drive here to stop the growing practice of dumping trash along highways and in draws and open spaces in the city.

Members of the Commissioners Court this week authorized Sheriff V. O. Earnest to begin a patrol of the city and highways leading from the city to apprehend, if possible, persons guilty of littering the highways and other spots with refuse.

The city dump is located about a mile off the highway at a point about four miles east of Ozona. Persons who do their own trash hauling may drive to the dump ground and dump trash, in which case they are asked to use care in dumping within the area to avoid cluttering driveways used by trucks in unloading at the dump ground. It would take but a few more minutes time to drive to the dump ground than to dump in the highway right-of-way, officials point out.

Hereafter, any person caught dumping trash on the highways, streets or any area in or near the city other than at the dump ground will be arrested and will be subject to a stiff fine, officers warn.

Conoco To Drill Second Silurian Test in Block 47

N'west Outpost to Discovery; Midway, Tippet Add Wells

Continental Oil Co. Friday staked location for a northwest outpost to its prospective Silurian discovery in the Block 47 (Grayburg) field in northeastern Crockett county. The seventh producer in the Midway Lane (Ellenburger) field and the second in the Tippet (Wolfcamp) field were completed at the same time.

Continental was scheduled to drill No. 1-A-12 University 660 feet from the south and east lines of section 12-47-U, with rotary to 9,700 feet if necessary to explore the Silurian, starting March 9. The outpost will be one-half mile west and a quarter mile north of Continental No. 1-A-12 University, which has indicated production from the Silurian through casing perforations at 9,210-9,300 feet, after acidizing, and is preparing to pump No. 1-A-13 University in the C NE SE 13-47-U.

Sinclair Prairie and Atlantic No. 1-62 University, C SW SE 21-46-U, quarter mile north extension to the Midway Lane field, flowed 63.68 barrels of 45.5 gravity oil during the last two hours of a three-day test to establish a daily potential of 509.44 barrels. Gas-oil ratio was 1,250-1. The gauge was through a half inch tubing choke. Plugged back to 7,621 feet, the well had been treated with 4,000 gallons of acid.

Gulf No. 1-G J. Homer Tippet, extending the Tippet (Wolfcamp) field in northwestern Crockett county approximately 1,000 feet southeast, was completed with a daily flowing potential of 148 barrels of 40.7 gravity oil and gas-oil ratio of 1,022-1. It was gauged through a 3-32-inch tubing choke and casing perforations at 6,325-31 feet. The zone had been acidized with 100 gallons. Location is 3,501 from the northeast, 330 feet from the northwest line of section 40-31-H&TC.

Forest No. 1-A State Tippet, third producer in the field and northeast, offset to the discovery, was drilling plugs from 5 1/2-inch casing cemented on bottom at 6,127 feet. It is 330 feet out of the south corner of section 4, J. H. Tippet survey.

Special Road Tax Election Set For April 3

Voters Decide Issue Of Providing More Maintenance Fund

An election to determine whether or not the Commissioners Court of Crockett county shall be authorized to levy and collect a special road tax not to exceed 15 cents on the \$100 valuation to augment present tax revenues for that purpose will be held throughout the county on Saturday, April 3. The election was set to coincide with the annual school trustee election.

An order calling the election was passed by the Commissioners in session here this week and notice of such election issued in a proclamation by County Judge Houston Smith as required by law.

The order was passed in response to a petition signed by the required number of taxpaying citizens asking that such an election be called.

The special road tax proposal was initiated by petition following disclosure by the Court of the inadequacy of the present tax levy of 15 cents for road purposes. Present revenues are inadequate in the face of higher labor costs and the extensive addition of road mileage in this county in recent years by reason of continuing oil development. Present funds are insufficient to meet operating costs necessitating cessation of maintenance work for several months of each year, and leave no funds with which to purchase new road machinery to replace machines which are being worn out.

Dr. W. H. Elkins To Address Meeting of PTA Here Monday

Dr. W. H. Elkins, president of the San Angelo College, will be the guest speaker at a meeting of the Ozona Parent-Teachers Association in the high school auditorium Tuesday afternoon starting at 3:20 o'clock.

The regular meeting of the association, scheduled for Monday afternoon, was postponed until Tuesday afternoon in order to accommodate Dr. Elkins.

Dr. Elkins will speak on higher education, the topic for the day's study. C. S. Denham, superintendent of schools, will act as program leader. Invocation will be pronounced by Rev. Horace M. King and music will be provided by Miss Jacqueline Theis and Mrs. H. B. Tandy.

Over 100 Band Pupils Expected Here for Clinic March 19-20

More than 100 students of band in eight West Texas schools are expected to be in Ozona Friday and Saturday of next week, March 19 and 20, to attend the second annual Ozona Band Clinic to be held here on those two days.

Band members will register at 10 o'clock Friday morning and the first rehearsal is scheduled for 11 o'clock that morning.

Frank Malone, former director of the S.M.U. band, now director of the Student Union building on the Methodist campus, will be guest director for the local clinic. G. A. Rhoads, director of the Ozona High School band, will be the host director and in charge of the clinic schedule.

Bands to be represented and the approximate number of pupils from each to be in attendance are: Big Lake, 17; Menard, 13; Junction, 10; Alpine, 17; Iraan, 17; Fort Stockton, 17; Grandfalls, 9; and Sull Ross College, 3.

Mrs. V. I. Pierce and Mrs. Joe Oberkamp spent the week-end in San Antonio.

\$435,000 School Bond Election Is Set for March 23

Court Sets Election Date in Response to Petition

At an election to be held in all the county on Tuesday, March 23, resident property taxpaying qualified voters of Crockett county will be called upon to decide whether or not bonds in the amount of \$435,000 shall be issued for the purpose of erecting necessary additional school facilities to take care of the county's growing needs.

In response to a petition bearing names of 122 qualified voters requesting the calling of such an election, the Commissioners Court in session here this week set Mar. 23 as the date for the election and named election judges in the seven voting precincts of the county to hold the election.

The proposed bond issue will be serial bonds bearing interest at the rate of not more than 3 per cent and maturing annually in varying amounts for retirement of the entire issue in 15 years.

Proceeds from the sale of such bonds, if approved by the voters, will be used to erect a new ten-room elementary school to relieve overcrowded conditions in the present grade school; a 5-classroom addition including an auditorium for the Latin - American school; a teacherage to provide housing for additional teachers in the local system; a new high school gymnasium with regulation size court, dressing rooms and storage space and a seating capacity of 1,200; and a new football field and stadium.

The bonds can be issued without the levy of taxes above the present maximum rate of \$1.50 on the \$100 valuation for maintenance and bond retirement.

Election officials named by the court to hold the election are as follows:

Courthouse, Ozona — W. M. Johnson; Powell Field box, Chas. S. Black, Jr.; Owens Ranch box, Jeff Owens; Howard Well box, Lloyd Coates; Kinser Ranch, Peery Holmsley; W. T. Utilities Power Plant, J. W. George; and George Thompson box, A. A. Hall.

Baker Sells Grocery Store To M. K. Ellis

Former M System Manager in Angelo Takes over Mar. 15

Hubert Baker, who has operated Baker's Food Store here for the past ten years, adding a frozen foods locker plant about three years ago, this week announces sale of the grocery department of the business to M. K. (Duke) Ellis of San Angelo.

Mr. Ellis, who has been general store supervisor for the "M" System Stores in San Angelo for the past seven years, will take charge of the local business next Monday, March 15.

Beginning next Monday, the store will be closed for remodeling and rearrangement of stock and fixtures, Mr. Ellis said. He hopes to be open by the end of the week.

Mr. Baker retained ownership of the frozen foods locker plant and will maintain offices in the store to attend to the locker business. All other departments, including the grocery and market, will be under Mr. Ellis' management.

Mr. Ellis, who has had many years experience in the grocery business, has announced that the policy of the new store will be to sell for cash. By buying for cash and selling for cash, he can pass on the resulting saving to the customer, he said.

During the period in which the store will be closed next week for remodeling, locker patrons may gain entrance by knocking on the front door, it was announced.

THURSDAY MARCH 11, 1948
Office Supplies—Stockman office

Conoco No. 1-A-13 Swabs 33 Barrels Of Oil in 8 Hours

Continental No. 1-A-13 University, indicated Silurian discovery in the Block 47 (Grayburg) field in northeastern Crockett county, swabbed 33 barrels of oil, with no water, during eight hours of the 24 ending early Tuesday. It was shutdown the remaining 16 hours for swab repairs.

The well had been reported previously shutdown for a pump. Its production is through casing perforations at 9,210-300 feet. The section had been reacidized with 10,000 gallons. Location is the C NE SE 13-47-U.

Continental No. 1-A-12 University, slated to explore the Silurian half mile west and quarter mile north of No. 1-A-13 University, had not spudded. It will spud and set and surface pipe with cable tools, then install a rotary. Location is the C ES NE 12-47-U. Humble No. 2 Ethel Childress

Smith estate, east offset to Humble No. 1 Mrs. Grady Mitcham, lone well in the Childress (Ellenburger) field in northeastern Crockett, perforated 5 1/2-inch casing from 8,104-300 feet. It had shown a small amount of gas and no oil in swabbing down 5,000 feet, and continued swabbing. The out-post is 810 feet from the north, 660 feet from the west line of section 13-AB-D&SE.

In the Midway Lane (Ellenburger) field in northeastern Crockett, Sinclair Prairie and Atlantic No. 2-62 University had spudded to 67 feet in lime. No. 2-67 University was drilling at 4,730, No. 3-67 at 3,384 and No. 1-68 to 6,771 feet, all in shale.

Professor of Organ to Play Sonora Program

R. Cochrane Penick, professor of organ at Mary Hardin-Baylor College, will present a program of organ music at the Methodist church in Sonora on Sunday, March 14, at 3 p.m. The recital which is under auspices of the Sonora Music Club, will be free to the public.

Mr. Penick is a native of Austin, Texas. He has studied organ at the Institute of Musical Art in New York, and the Union School of Sacred Music. During the war he was an aircraft engineer at Consolidated Vultee Aircraft Corp., in Fort Worth. At present he is head of the organ and theory department at Mary Hardin-Baylor. Mr. Penick's concerts have drawn warm praises from the press of the South in recitals given at Beaumont, Greenville, South Carolina, and many other cities. His program will include such well known numbers as Schubert's "Serenade," "Abide With Me," and "To a Wild Rose."

There will be a reception immediately following the recital to which everyone is cordially invited.

Mr. and Mrs. S. M. Harvick and daughter, Ann, spent the weekend in San Antonio with their son-in-law and daughter, Mr. and Mrs. Don Dwyer.

Ozona Laundry AND DRY CLEANERS

Phone 164

Through depression, through drouth, through good times, had times, war time, any time, it has been our policy to give you the very best of QUALITY in our DRY CLEANING SERVICE. Let us continue to serve you with

QUALITY, ODORLESS DRY CLEANING

Your Patronage Is Appreciated

(Ross Hufstetler, Head of Dry Cleaning Dept.)

AND UNEXCELLED LAUNDRY SERVICE

With the addition of new equipment and a shift in personnel, we are able to offer you better quality and better efficiency in laundry work than we have been able to offer in the recent past. Have your laundry done where it will be carefully handled, neatly done, where linens will retain their original whiteness.

It has been an established fact that our rough dry service is actually more economical than the same service could be if rendered at home, whether in the washing machine or on the scrub board. Consider this:

- Linens mangled and folded ready to use.
- Towels tumbled to a fluffy, soft, new look.
- Wearing apparel clean and dry.
- Dresses and soft shirts starched
- All this service for Only 9 Cents Per Pound

Make it easy on yourself from the standpoint of both personal labor and ECONOMY by patronizing our rough dry service. We will finish all or any part of your bundle — just specify the service you want.

"Just leave the house cleaning to me"

GRANDMA will tell you that housecleaning was one chore she hated—and Grandpa dreaded. But that was before Reddy Kilowatt, your electric servant, was available to take so much work out of housework.

Now, with the low-cost, dependable electric servant, Reddy Kilowatt, ready to lend a hand—or a dozen hands—housecleaning has been stripped of much of its drudgery. Housecleaning—and housekeeping, as well.

For about a dime a day, the housewife has a dozen helpers at her elbow. Today, electric servants wash, cook, sew and clean—they preserve her food, light her home and entertain her guests.

Never before has electric service done so much to make life easier and more comfortable. Yet the West Texas Utilities Company is furnishing to residential consumers electric service at rates 17 per cent less than ten years ago. What other item in the budget does so much for so little?

Recent Bride Is Honored at Tea

Honoring Mrs. Charles Williams, Jr., a recent bride, Mrs. Charles Williams, Sr., Mrs. Joe Clayton, Mrs. Byron Williams and Mrs. Gene Williams entertained with a tea Thursday afternoon in the Clayton home.

Mrs. Boyd Clayton greeted the guests. The hostesses and the honoree were in the receiving line. Mrs. Brock Jones and Mrs. James Childress were at the piano during the tea hours. Mrs. John Coates presided at the bride's book.

The tea table was laid with an imported linen cloth of punch work and embroidery. An arrangement of pink sweetheart roses, carnations and pale pink ranunculus were centered on a mirror reflector with a standing wedding ring of pink tulle and sweet peas. Pink tapers in crystal candelabra stood on either side of the centerpiece. The buffet was centered with pink gladioli and blue Dutch iris and pink tapers.

Presiding at the table were Mrs. Roy Henderson, Mrs. J. A. Fussell, Mrs. Joe Sellers Pierce and Mrs. George Bunger. Assisting in the dining room were Mrs. John Childress, Mrs. Pleas Childress and Mrs. Jack Wilkins. Members of the house party wore colonial nosegays of tulle and flowers.

Fifty guests called during the afternoon.

Mr. and Mrs. Williams were married Feb. 5 in San Angelo. After a two weeks honeymoon in New Orleans they returned to Ozona to make their home.

Before her marriage, Mrs. Williams was Miss Myrtle Jones, head surgical nurse at Clinic Hospital. She is a daughter of Mr. and Mrs. George Jones of Chattom, Ala.

Red Cross Workers Exceed Quota in One Day Campaign Here

Members of the Ozona Literary Club, who took over the job of making the solicitation in the annual Red Cross Fund Drive in Ozona this year, went well over the top in the first day of the campaign here Tuesday. Bill Cooper, Fund drive chairman, reported.

The drive goal was set at \$400 for Crockett county, the National Red Cross assignment to the local chapter for national needs. Before the day was over Tuesday, Literary Club solicitors had turned in a total of \$597. Mr. Cooper reported.

A few of the workers had not completed canvass of areas assigned them and planned to continue the drive until all had been given an opportunity to contribute if they so desired. Persons who wish to contribute to the Red Cross and who have not been contacted by the solicitors are asked to call Mrs. Byron Stuart, Mrs. R. J. Adams or any other member of the club, or turn in their contribution to Mr. Cooper at the water office.

Great News for every motorist who breathes!

Come in — see the real thing in automatic all-season heating and ventilation!

HERE'S an amazing new system that combines fresh air... automatic warmth... and sheer magic! In winter—it keeps car air automatically at the desired temperature... with a gentle blanket of warmth instead of the old-style blast of heat. It circulates warmth fore and aft, side to side. Does away with window-fogging problems. Gives you a complete change of air once a minute! On rainy days—it picks dry, fresh air right out of the mist... keeps interiors crisp and windows clear.

During heat waves—it circulates a quiet flow of fresh air throughout the car... even when windows are closed and the car is standing still!

See it and you'll agree—it's the successor to all the car heating and ventilating systems you've ever known!

So drop in soon at your nearest Packard showroom. See how the new Packard Eights let you "tune in" the best of every season!

There's New Glamour in the Way it Goes

TAKE the glamour of its tapered gracefulness for granted, if you will. One glance tells you it's tops.

Take an inside peek at its newly fashioned interiors—and see if you're not dazzled by the luxury that greets your eyes.

But wait—just wait—till you learn what makes this banner beauty run off with the year's high honors on the highway. Dollars to drachmas—you'll fairly itch to get in and GO!

For now your right foot commands a Fireball power plant that's as eager as a panther on the prowl—yet is so quieted in purr and pulse you barely sense its telltale throb.

Now you slip through traffic or light out cross-country as relaxed as a baby with his bottle—in a body that's bountifully big, cozily cushioned,

and insulated against the usual noises of traveling.

Now you experience the first scientific system ever devised to shield a car's ride against road noise, shake and the vibration build-up that previously took advantage of an automobile's tendency to play sound box.

Now you ride the washboard roads and cobbles as though they were carpet—thanks to coil springs all around—plus extra-low pressure tires, carried on Buick's own wider, more stable Safety-Ride rims.

And last but not best, if a Roadmaster's your choice, you can enjoy the really effortless driving—in a new kind of drive that not only frees you of gear-shifting, but that doesn't even shift itself!

It's Dynaflo Drive—a drive that's devoid of all halt, lag and hesitation through all speed ranges—because here, for the first time, the power plant itself does what gears used to do.

Fact is, you'll find the new Buick sparkling with more than a score of new advances—in ten brilliant models that span three series and give you your choice of three wheelbases and four power ratings.

So why dally? Here, certainly, is the dilly of the year for smartness and roominess—for the newest in driving ease and riding relaxation—and for all those basic bounties that are forever Buick's.

Place your order with your dealer now—whether or not you have a car to trade—and hasten the day when you'll reach those motoring heights you hanker for.

BUICK alone has all these features

- * DYNAFLOW DRIVE
* TAPER-THRU STYLING
* VIBRA-SHIELDED RIDE
* HI-POISED FIREBALL POWER
* SAFETY-RIDE RIMS
* QUADRIFLEX COIL SPRINGING
* FLEX-FIT OIL RINGS

Four New Locations Spotted in Block 47, Midway Lane Fields

Superior Oil Co. of California slated 3,000-foot cable tool tests in the Block 47 (Grayburg) pool and Sinclair Prairie and Atlantic jointly have spotted another location in the Midway Lane (Ellenburger) field in northeastern Crockett county.

Superior No. 1-P-47-A University will be 330 feet out of the section 8-47-U; No. 1-P-47-B University will be 330 feet out of the southwest corner of the south-

west quarter of section 9-47-U, and No. 1-P-47-C University will be 330 feet out of the southwest corner of the north half of section 14-47-U. All the tests are due to start in the near future, according to the applications for permits.

Sinclair Prairie and Atlantic will drill No. 2-62 University in the Midway Lane field 660 from the north, 1,980 feet from the east line of the south half of section 21-46-U. The proposed 7,700-foot rotary operation will be a quarter mile north of No. 1-62 University, quarter mile north extension. It is scheduled to start at once.

No. 1-62 University was taking a potential gauge Thursday, with plugged back depth 7,621 feet. No. 2-67 University was drilling at 4-100 feet in lime, No. 3-67 University at 2,525 in shale, and No. 1-68 University at 6,425 in lime.

At the south end of the Midway Lane field, Shell No. 2 Chambers county school land was making hole at 3,089 feet in lime, Shell No. 3 Chambers county school land at 1,260 in shale and sand.

Mrs. Wayne West is recovering from an operation performed last week in a San Angelo hospital.

Additional Storage Key To Solution of Butane Shortage

AUSTIN. — Some sixty-five thousand (65,000) tons of steel will be necessary to fabricate sufficient facilities if Texas is to avert another serious shortage of butane next winter, Railroad Commissioner Wm. J. (Bill) Murray, Jr., pointed out to a sub-committee of the National Petroleum Council last week.

Murray blamed the butane shortage during the past two years

on huge increases in demand and a shortage of facilities owned by distributors and consumers.

He recommended that dealers increase their bulk storage facilities in order to store butane during the summer months when there is little demand. He also suggested that consumers increase the size of their storage tanks to a minimum of 300 gallons, adding that 500 gallons would be preferred.

When the shortage became acute this winter, Governor Beauford H. Jester appointed Murray Chairman of his Emergency Fuel Commission. Although neither this body nor any other branch of government has any legal authority to control the distribution of butane, it has been instrumental in relieving part of the distress by obtaining the release of several million gallons of butane which was going into industrial uses.

"A shortage next winter can be averted only by wholehearted cooperation of the producers, distributors and consumers," Murray said.

George Russell Asks Another Term In Clerk's Office

George Russell, another of the long-term veterans in the family of Crockett county public servants, will seek re-election in the coming Democratic primaries.

Russell has authorized announcement of his candidacy for reelection to the post of county and district clerk, subject to action of the Democratic primaries in July.

The veteran clerk, who is now serving his ninth term in the office seeks election to a tenth term on the basis of his long record of service in the office. In the important job of keeping county and district court records, Mr. Russell has the help of an efficient deputy clerk, Miss Leta Powell, whose term of service parallels that of her boss.

Mr. and Mrs. Bascomb Cox were in Dallas over the week-end visiting their son-in-law and daughter Mr. and Mrs. Ed Reynolds.

Cowboys Present Fine Saddle to Davidson at Auction

Cowboys don't forget their horses. Back in December, Davidson, Ozona ranchman, gave the ropin' party at his 100 Southwestern rodeo 750 roping enthusiasts three days, and everyone "on the house."

At Sunday afternoon performance of the San Antonio rodeo, Davidson was presented a \$750 saddle with "World's Champion Friend," tooled into the leathers on each side.

On the saddle were silver plate bearing inscription, "Donated as a token of appreciation, from all the cowboys of the county."

Paid for by contributions of the grateful cowboys and visitors, the saddle was presented by Toots Mansfield, president of the Ozona Rodeo Association; Vic Mott, Ozona; and Ted Powers, Ozona ("Top o' Windmill" in the Times).

First Ground Broken In Citywide Program for Ozona

Monday morning of the ambitious street paving program which is to be completed by the end of the summer.

County machinery was working in the east side of Highway 290, excavating and setting the curb and grading with the caliche.

Forms were being set for grading work was completed the curb and gutters. Douglas and Callum of the contract for the curb and gutter work, and gravel have been stockpiled and contract for the paving work in preparation for.

A gravel washing machine has been set up and is being hauled from Draw for the job.

Temperature Sags to All-Time March Low Of 14 Degrees Here

Sharing the fate of other Texans and the rest of the nation, Ozonans shivered this morning under the lowest temperature of the winter and what is perhaps an all-time March low for this area. The mercury sagged to a low of 14 degrees here early this morning, according to a reading at the official weather station maintained by Mr. and Mrs. Leo Bawcom. The temperature rose slightly during the morning and at mid-morning stood at 17 degrees.

C. W. Brown to Drill Crockett Wildcat

C. W. Brown of McCamey planned to start last week a scheduled 1,200-foot, cable tool wildcat in Crockett county 28 miles south of Ozona. The test is No. 1 Robertson-Fitting, 990 from the north, 2,310 feet from the west line of section 3-SK-TCRR. Loffland Bros. Honolulu and Signal have leases in the area. Rotary was being rigged up and water well drilled for Stanolind No. 1-AX University, slated Ellenburger wildcat in the Block 47 (Grayburg) shallow field in north-eastern Crockett county, for which an application for a permit was filed Feb. 18. The test is in the C SE NE 13-47-U, quarter mile north of Continental No. 1-A-13 University, Silurian prospect which failed in the Ellenburger.

BOYCE HOUSE "GIVES YOU TEXAS"

Men strive for success. But what is success? Measured by the standard of their day, many men were failures — and yet they achieved immortality. Defeat may be the path to finer fame and greater glory than victory. Who occupies the larger space in history — Hanibal, the military genius of ancient Carthage, who lost only one battle; or Scipio, the Roman who won that one battle? Hundreds of biographies have been written about Napoleon; half a dozen about Wellington, the victor of Waterloo. Who will be remembered longer: Robert E. Lee or U. S. Grant? Lee's name shines with glorious luster; he is the embodiment of chivalry, of knight-hood, of gallantry; Grant is remembered only because he overwhelmed Lee by sheer weight of numbers.

Your columnist is probably the only person in Texas who has neither read the book, "Gone with the Wind" nor seen the movie of that same name nor heard the song, "Open the Door, Richard" nor ever been in THAT store in Dallas.

As far as his contemporaries were concerned, Shakespeare was just one of the boys.

The checking out time of hotels is getting earlier and earlier. It used to be 6 in the afternoon; now, at most of them, it is 5 or even 4. If this keeps on, pretty soon when a man registers, he will

already owe one day's room rent.

Expect folks are a little "het up" in the Young County capital. A radio commentator recently remarked he was from Graham where, he said, "there is the biggest square in Texas — and folks with heads to match." That's what the man said!

Gamma Globulin May Protect Children Against Measles

AUSTIN. — With the incidence of measles more than three times higher than the seven year median, Dr. Geo. W. Cox, State Health Officer, has issued a statement concerning the use of gamma globulin for protecting very young children from an attack of this perennial childhood disease and its often serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him gamma globulin," Dr. Cox advised. "Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may postpone the disease if gamma globulin is administered within eight days from the time of exposure."

The State Health Officer emphasized the fact that gamma globulin cannot give a child permanent protection against measles and added that the protection is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be

used, and a baby who is protected by it now can be protected by it again in June or July. Gamma globulin can go on shielding him against measles until he is old enough and strong enough to stand an attack without serious consequences.

During an outbreak of measles Dr. Cox said that it is well to keep children under five years of age, and more especially frail children away from all other youngsters who might serve as sources of infection. Statistics show that nine-tenths of all measles deaths occur in children under five years of age.

CHARLIE MCCARTHY ENLISTS

DALLAS. — Charlie McCarthy was given the honorary rating of Sergeant in the Recruiting Service by Lt. Colonel F. W. Maxwell, Commanding Officer of the Dallas Recruiting District. Edgar Bergen, Charlie's boss, jokingly pointed out that Charlie had been reduced in grade as he had been Staff Sergeant during the war.

Mr. and Mrs. Kelly Potter of McMinnville, Tenn., are here this week, the guests of Mr. and Mrs. Neal Hannah.

Mr. and Mrs. Bryan McDonald were here last week for a few days visit with Mrs. McDonald's mother, Mrs. Chas. E. Davidson.

"Good" Grass Isn't Good Enough!

The output of our grasslands can be doubled! Top experts of the U. S. Department of Agriculture will tell you that. So will many a far-sighted rancher and farmer out of his actual experience. So will students and teachers of land management everywhere... In that bright possibility of range and pasture improvement lies one principal hope for more food for a hungry world. Not only more food, but better food. For proper grassland management will improve the fertility of the land, and the nutritive value of the foods coming off it. It will save the land, too, protecting the precious layer of topsoil from blowing away or washing off to sea. And it will increase the amount and value of hay for cash-crop or winter feeding.

The way is wide open for you to improve your grass. Strong and willing allies stand ready to help you. For advice and active help in planning your own grass-management program, there's your County Agent... For technical, practical help in putting your program into operation, call on the Soil Conservation Service technician who lives in your district... And for information on newest experimental developments, call on your State Agricultural College or experiment station.

The program of good management for your grassland which you work out together will probably consist of some—or perhaps all—of the following practices. If you're in the range country: (1) Livestock numbers balanced to the amount of grass you can produce. (2) A rotation schedule of seasonal grazing. (3) Water located conveniently. (4) Elimination of excessive brush. (5) Wider distribution of salt to prevent over-grazing near salt source. (6) Re-seeding of over-used or abandoned range. (7) Introduction of improved native grasses and adapted new grasses. (8) Irrigation. (9) Protection against wind and water erosion. If yours is farm pasture land: (1) Liming. (2) Fertilization. (3) Seeding with pasture mixtures which stretch the grazing season at both ends. (4) Weed control by mowing or chemicals. (5) Rotation grazing. (6) Avoidance of over-grazing. (7) Irrigation.

We of Swift & Company have the same deep, basic interest that you have in range and pasture improvement. More and better grass is to our interest as it is to yours—and to the nation's. That's why we urge you to act, if you have not already done so, to increase the productiveness of your grasslands.

OUR CITY COUSIN

Cries Our City Cousin to the hired man, "Please turn off that big electric fan!"

Martha Logan's Recipe for SPRINGTIME PORK AND VEAL

- (Yield: 5 to 6 servings)
- 1/2 pound pork shoulder
 - 1/2 pound veal shoulder
 - 1/2 cup diced rhubarb
 - 1 1/2 teaspoons salt
 - 2 tablespoons flour
 - 1 tablespoon sugar
 - 1/4 cup water

Cut pork and veal into 1-inch cubes. Brown in heavy skillet. Add rhubarb. Cover and simmer 1 hour. Remove cover. Combine salt, flour, sugar, and water. Stir lightly into meat. Simmer 5 minutes to blend. Serve hot with or without toast.

Soda Bill sez:

... that flatery is soft soap—and soft soap is mostly "Iye."

Profit Comes from SAVING!

The story at the head of this page is about farmers and ranchers making the most of their grasslands. By good planning, managing well, and operating efficiently, they can grow more grass, produce more food for the world, and make more money. While writing that story, I was struck by a similarity in the Swift business. For it is careful planning and efficient operation that keep us in business, too. Like you with your grassland, we've got to make the most of what we have. We've got to practice efficiency. We, also, must cut costs, operate with economy. Not only the important economy of finding uses and markets for every possible by-product, but economy and efficiency all along the line.

Maybe you saw Swift's recent financial report for 1947. It showed that we earned \$22,334,977 after provision of \$12,000,000 for high cost additions to fixed assets. This earning represented one cent out of our average dollar of sales. That one cent was earned in large part by the savings we made. The operating figures of our business prove that statement. They show where the savings came from. New methods of doing things which save time and cost. Modern equipment replacing old, worn equipment. Better ways discovered by Swift research to produce, use and handle Swift products. A small saving here... another there... little economies pyramiding into big economies. Until, added together, the savings which we made last year in the actual day-by-day operation of the Swift business amounted to a considerable part of our earnings.

Careful planning, good management and efficient operation are "musts" in our business as in yours. "Little things" can often add up to the difference between a profit and a loss.

F. M. Simpson, Agricultural Research Department

More people drive...
More people want
CHEVROLETS
than any other make of car

True for years—and truer than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Utilized Knee-Action Gliding Ride.

Chevrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

Education Is Study Topic for Junior Woman's Club Meeting

Education was the subject of study when the Ozona Junior Womans Club met last Thursday with Miss Wanda Watson as hostess. Leader of the program was Mrs. Arthur Phillips. The chairman of the school board, Max Schneemann, discussed the proposed school building enlargement program with the club. Mrs. T. J. Bailey gave an interesting paper on "Work and Progress in Our Schools." Miss Jacqueline Theis and the school sextet composed of June Perner, Doreen and Jeannean Thompson, Gwendolyn Earnest, Wanda Carden and Jane Maris gave some musical numbers.

Following the program a tea was enjoyed by the group. The tea table had a center piece of snapdragons and fern. Mrs. Henry Carden presided at the coffee service.

Completing the group of those present were Mrs. Nip Blackstone, Mrs. Jess Marley, Mrs. Eddie Bowler, Mrs. Ele Hagelstein, Mrs. Hugh Childress, Jr., Mrs. Miller Robinson, Mrs. W. T. Stokes, Mrs. Bill Childress, Mrs. C. O. Walker, and Mrs. Bill Bissett.

FRIDAY BRIDGE CLUB

Mrs. Scott Peters entertained her bridge club Friday afternoon. Spring flowers were used in the party rooms.

High score prize went to Mrs. J. M. Dudley, low to Mrs. J. M. Baggett and bingo to Mrs. Early Baggett. A salad plate was served to Mrs. H. B. Tandy, Mrs. Max Schneemann, Mrs. Hillery Phillips, Mrs. Willie M. Adams, Mrs. W. R. Baggett, Mrs. Johnie Henderson, Mrs. Joe Pierce, Mrs. Lee Childress, Mrs. Floyd Henderson, Mrs. Stephen Perner, Mrs. Lowell Littleton, Mrs. Tom Harris, Mrs. Epperson, Mrs. J. M. Baggett, Mrs. J. M. Dudley and Mrs. Early Baggett.

PROCLAMATION BY THE COUNTY JUDGE OF CROCKETT COUNTY, TEXAS

TO ALL TO WHOM THESE PRESENTS SHALL COME:

BE IT KNOWN that I, Houston S. Smith, County Judge of Crockett County, Texas, do hereby order a Special Road Tax Election to be held throughout the County of Crockett pursuant to order made by the Commissioners Court on March 9, 1948, said Election to be held on

SATURDAY, APRIL 3, 1948 and notice thereof is hereby given to the people as required by Article 6791, R. C. S., 1925; and

Said Special Election shall be held for the purpose of determining whether or not said Court shall levy upon the property within Crockett County, a Special Road Tax not to exceed 15c on the \$100.00 taxable value.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the seal of the

Commissioners Court to be affixed hereto, this the 9th day of March, A. D. 1948.
(SEAL) Houston S. Smith
County Judge, Crockett
County, Texas 49-3tc

I-DEAL BRIDGE CLUB

Mrs. Ted White was hostess to members of the I-Deal Bridge Club at her home Monday morning with a garden breakfast. The dining table was decorated with iris and bouquets of jonquils were used on the piano. Prizes were sprinklers and gardening tools and gardening gloves were given as table cut prizes. Flower seeds were used as favors.

Mrs. W. V. Guidroz won the club high score award and second high went to Mrs. Jack Robinson. Mrs. Bill Baggett took guest high prize and Mrs. D. L. Scott the bingo award. Table high cuts went to Mrs. H. N. Brown, Mrs. L. E. T. Sikes, Mrs. R. L. Flowers and Mrs. Conley Cox.

Members present included Mrs.

H. N. Brown, Mrs. Marvin Barnes, Mrs. D. L. Scott, Mrs. W. V. Guidroz, Mrs. John Marshall, Mrs. B. W. Stuart, Mrs. Jack Robinson, and Mrs. L. B. T. Sikes. From where I sit ... by Joe Marsh

Ben's Bride Gets Chickenhearted

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as babes... she'd named them... they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers... but he figured Sue had put up

with his peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

UNCLE SAM'S PART OF YOUR TELEPHONE BILL

The Federal tax rate on local telephone service is 15%. The tax rate on long distance service, where the charge is 25c or over, is 25%. Other forms of telephone service are subject to Federal taxes at rates ranging from 8% to 25%.

This tax is imposed by the U. S. Government directly on the user of the telephone. The telephone company, at its own expense, serves as a collector.

Long distance calls and certain other services, being taxed at 25%, are taxed higher than the 20% rate for luxuries such as furs, jewelry, and perfumes.

This form of tax, that is an excise tax on telephone service, has traditionally been resorted to only in national emergencies. Your telephone company believes this form of tax should not be a part of the peace time tax structure. Representatives of the telephone industry have urged and will continue to urge before the proper Congressional committees that these excise taxes now be eliminated; and many users and representatives of users of telephone service are likewise urging that they be repealed by the tax legislation now before the Congress.

DODGE

Qualities Beyond All Boundary of Price

The combined qualities in today's Dodge car are far beyond all limits of price, since price will not buy them elsewhere. You get size and weight, power and speed, style and trim, with excellent appointments. But *with and beyond* all these you get a smoothness of performance not known before. This is a big new fact in automobile affairs which belongs to Dodge, and which should also belong to you.

Conoco To Drill --

(Continued from Page One)

of Barnhart, set a retainer at 8,650 feet, squeezed 150 sacks of cement and was standing. Texaco No. 1 Tom Smith was running 9 3/4-inch casing, with total depth 3,220 feet in shale; Texaco No. 1 Victor Pierce was drilling at 9,976 feet in sand. The scheduled Ellenburger wildcats are in the same section, 5-O-Clarissa W. Miller, 21 miles south and slightly east of Ozona.

Mrs. Ira Carson underwent major surgery in a Temple hospital Tuesday morning. At last reports she was making satisfactory recovery.

Ozonans Asked to Open Homes to TSGRA Executives March 26

Despite a tight housing situation locally, members of the board of directors of the Texas Sheep and Goat Raisers Association have been invited to come to Ozona to take part in entertainment features planned for them on Friday evening before the quarterly meeting of the directors of the association scheduled for Saturday, March 27.

Since sufficient accommodations can not be assured in local hotels, Ozona residents are being asked to open their homes to the Sheep and Goat Raisers executives and their wives for Friday night.

Hubert Baker and Mrs. Pleas Childress have been named to the Community Council's housing committee and persons who will have overnight accommodations in their homes for one or more persons on this occasion are asked to call one of these committeemen.

Members of the executive committee will meet in committee sessions Saturday morning, will be entertained at a luncheon at noon at the Granny Miller hall and will meet for the business session in the afternoon sessions of the committee will be held in the courthouse. All sessions of the directors, both in full session and committee meetings, are open to the public, and Ozonans, whether members of the association or not, are cordially invited to attend any of the meetings.

The Women's Auxiliary of the Association will hold quarterly meeting here at the same time and some special entertainment features for wives of executives and members of the Auxiliary have been planned by a committee headed by Mrs. Ashby McMullan.

The visiting ladies will be entertained at a coffee Saturday morning at the home of Mrs. Chas. E. Davidson, Jr., and at a tea and book review at the Granny Miller hall in the afternoon.

The Rhythm Club of Ozona will have a dance at the courthouse on Friday evening before the convention and the visiting association members will be invited as guests of the club.

BIBLE CLASS MEETS

Members of the Ladies Bible Class of the Church of Christ met Wednesday afternoon at the Granny Miller Hall to continue the class study. Present were Mrs. J. B. Miller, Mrs. J. W. Johnigan, Mrs. Doug Kirby, Mrs. Dorris

Haire, Mrs. W. T. Gooden, Marvin Barnes, Mrs. James H. Hagelstein, Mrs. Bill Taylor, E. B. Hickman, Mrs. Gene G. and Mrs. Walter Gooden. Mimeograph supplies at the man office.
