Thought for the Week

By J. Troy Hickman

ALL DRESSED UP AND NOWHERE TO GO

In the last fifty years man's inventive genius has taken a lot of the drudgery out of life. Electricity and steel now do most of our toil. Fewer people are saying, "O, my poor back!"

In the home much work is accomplished by pushing buttons and setting time clocks. Today more people have more comfortable, convenient, attractive, modern mechanized homes than have ever had them before. The kings of old did not have as many horsepower units and luxuries at their command as the middle class American has today. A person would be an ingrate not to appreciate the advantage offered by mechanized toil.

But what we have gained in saving labor we appear to have lost in the employment of time. We used to have work on our hands; now we have ourselves. We do not have enough necessary toil to use up our days. Sometimes it is harder to redeem idle time than it is to do hard work.

The machine has not relieved us of responsibility. If anything, it has made life more complicated. The machine takes care of a lot

CRISIS IN UNITED NATIONS... Faced with the greatest crisis of its history, the United Nations ordered a halt to the Korean war. Ignored by the Communists, the U. N. found itself in a bad spot. Unless military sanctions were ordered and its authority in the world upheld, its future existence was but a matter of time. The delegates, however, voted 7 to 1 for an American resolution endorsing the President's decision to send aid to South Korea in the form of United States planes and ships. By its action the U. N. has secured its future and its influence in world affairs, observers have agreed. The security council is shown voting 9 to 0 to invoke Chapter VII of the U. N. Charter.

of work, but we still have to take care of the machine. Instead of being workmen, we have all become mechanics.

Everybody knows that no matter how many other people are working for you, you still have the responsibility, including seeing to it that the worker does his work. The one thing that cannot be delegated is responsibility.

It may be that modern man is not as smart as he thinks he is. He has more leisure, but has he more happiness? He thinks he has solved some problems; but he has only shifted his problems to another level. All the time life gets more and more complicated. What we have gained for the muscles, we have lost for the nerves.

Take the city man, for instance. See him sitting at his desk, directing a big business with a few pushbuttons and six phones. His bottom is flat and his front convex from sitting. His shoulders are stooped, his head bald, and his nerves are ragged. To escape it all, he gets out of town when he can to the golf course, to his fish-

ing lease, to the mountains or the coast. He makes more money that he may escape to better places that he may recuperate to make more money.

As Peter Marshall puts it, "We have better ways of getting places; but we have no better places to go." Our kind of life improves the means; but it does not improve the end or purpose of life. We know the "how" of living but we don't know the "why."

Take the woman. Her home is expensive, attractive, convenient and modern. She has hired someone to push the buttons for her. Now she has the larger problem of investing her time so as to avoid being bored. It means cruising around in a car, morning games of canasta, endless teas which no one likes and no one has the nerve to refuse. By the time she is 35, she joins the crowd cluttering up the doctor's office, starts taking vitamins and definitely has "nerves." Other women

raised children in their day, carried the water and then washed, brought in the wood for cooking and toiled from sun to sun. And some of those other women were happier because they had some activity mixed with their responsibility. Responsibility without activity is like whisky on an empty stomach. The working woman had the pleasure of accomplishing something definite each day; the emancipated woman can never feel that she finishes anything, or that she ever starts anything. Her only concern is to compare her lot with the Jones, become unhappy and eventually, neurotic.

While we are talking, let's take the young people. They have more freedom than ever before. No one bothers them with rules or customs. They can go or not go, eat the cake or throw it on the floor, accept an invitation or refuse it. The result is that there is no cake, no invitation and no floor. Our young people today are o. k., but

they are bored with themselves and with life. Having thrown the social rules out the door, no social life is left. They have freedom but no place to use it. I believe some of them are getting tired and are about ready to trade in some freedom on something that works better.

The nerve-center of modern mechanized existence is the city. It is exhibit A of contemporary civilization. I believe that it is also public enemy number one. People who live in a city endure more insults to their human nature in a day than the people of Crockett county have in a year. For the city is made especially to whip people's ears down, to exalt steel and concrete over flesh and blood, the dollar over the spirit.

The fact that so many people today turn their backs on open space, sunlight, fresh air, quietness, and reality and fling themselves into the roaring and violent arena of the city, shows that something has gone wrong inside us. Something bad.

It may be that Oswald Spengler was right. He said, you know, that a nation lives like a person through childhood, youth, maturity, senility and death. He said that Western Civilization is in the senile phase of its life. Maybe he was right. The atomic bomb will clear the debris of civilization as far as back to the primitive, and our problems for us. Perhaps we shall be chopping wood and carrying water again. Perhaps we can flex their muscles, earning their bread, and keep house, wash clothes and bread.

Who knows? We might be a little better off that way. One thing is certain: As most of us are dressed up and where to go. We are on our way somewhere. We don't know where. And we don't know why. Maybe God knows, and He would give Him a chance to us. . . .

From where I sit... by Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What kind of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me, I'm all for

having a glass of beer or ale on occasion. Your "sociable beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a right in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

Joe Marsh

has a bargain base in the making with a to-attractive offers of fi- to state and local gov- All the federal govern- in return is a bigger ning hometown affairs. al study released today bers of Commerce add- for federal aid before Congress and came up tal of 307.

them were passed, they approximately \$3,200,- present federal spending ear and well over \$6,- a year by the sixth. e bills even hinted that in the states would by federal taxes, for id' they were offered. oposals cover 41 differ- grants-in-aid. They ch measures as spend- on for the federal gov- enter the character- aid and another \$50 mil- mote the health and of youth.

grants-in-aid to state governments have grown

steadily since the end of World War II, both in total dollar expenditures and in the number and variety of services subsidized. Federal aid outlays for the fiscal year 1950 amounted to approximately \$2½ billion. This is \$800 million more than the total sum paid out in the fiscal year 1948 — just two years ago.

The amazing thing about this flood of grant-in-aid measures is that few, if any, state governors have come to Congress asking for such legislation. Many state legislatures have adopted resolutions roundly criticizing federal grants-in-aid as a growing and costly evil. For instance, the Indiana legislature said,

"Indiana needs no guardian and intends to have none. We Hoosiers were fooled for quite a spell with the magician's trick that a dollar taxed out of our pockets and sent to Washington will be bigger when it comes back to us. We have taken a good look at said dollar. The political brokerage of the bureaucrats has been deducted. We have decided that there is no such thing as 'federal' aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states."

ROB MILLER SAYS THANKS TO VOTERS!

A word of appreciation to the Voters and Citizens of Crockett County for your vote in last Saturday's primary and for every consideration all of you have shown me during my 14 years of service as Commissioner of Precinct 1. I have enjoyed serving you and am grateful to all who supported me in this and years past.

I sincerely hope that you will continue to lend your co-operation and support to my successor and friend, Ira Carson, when he takes office.

Sincerely
ROB MILLER

THE AMERICAN WAY

Isn't it the Truth!

\$11,250 in Premiums Offered in State Fair Junior Livestock Show

The most constructive Junior Livestock program in the history of the State Fair of Texas will be carried out during the Fair's Mid-Century Exposition, Oct. 7-22. Ray W. Wilson, livestock department manager, has announced.

Junior Livestock shows, Oct. 17-21, will reflect the progress being made in Texas in the production of

quality market steers, lambs and hogs by 4-H Club members and Future Farmers of America, Wilson said.

Due to wide interest in the Junior program by these young farmers and ranchers, more than 200 Texas counties are expected to be represented. The youthful stockmen will compete for \$11,250 in premiums.

A Junior Commercial Steer Show will be a newcomer to the Junior Livestock list. It has been added to encourage more Future

Farmers and 4-H Club members to take part in a practical beef production program in Texas. The program has placed emphasis on economy in feeding out top grade steers through use of home-grown feeds.

Grand finale of the Junior Livestock program will be the Junior Auction sale, Saturday, Oct. 21, when top quality steers, pigs and lambs will be sold by the young exhibitors. John W. Carpenter, general chairman of the Auction Sale advisory committee, and L. H. True, chairman of the Auction committee, expect the most successful sale in history.

State Game and Fish Regulations Announced By Texas Commission

AUSTIN.—The Texas Game, Fish and Oyster Commission recommended a straight 45-day waterfowl shooting season beginning November 10. An earlier request for a zoning season to benefit Panhandle counties has been placed before the Federal Fish and Wildlife Service as has also a proposed bag limit of eight ducks per day and eight in possession instead of the four ducks per day and four in possession allowed last fall.

The commission authorized a nine-day antelope season west of the Pecos to be patterned after the 1948 special season in which 702 permits were issued to bag male antelope. The number of 1950 permits to be issued has not yet been determined.

Game and fish seasons for the newly created regulatory authority in the new twenty-eight county Panhandle area also were approved. They call for a deer and turkey season from November 17 to November 26 for all Panhandle counties except Armstrong, Randall and Briscoe. The limit will be one buck deer and two turkey gobblers for each hunter. The three counties were exempted because of recent restocking activities by the Game Department.

The Commission approved a whitewing dove season for September 15, 17 and 19 beginning at 4 p.m. and lasting until sunset with a limit of ten birds a day and ten in possession. The Commissioners voted for a statewide dove season of 45 days, beginning October 20 and lasting until December 3 in the south zone and beginning September 1 and running through October 15 in the north zone, with a daily bag limit of ten and a possession limit of ten.

The Panhandle area was granted a quail season from December 1 to January 16, which are the same dates as the general state law, but the bag limits for the new regulatory area were cut from 12 per day to 10 per day and the possession limit was cut from 36 per week to 20 in possession at any one time. The Commission abandoned plans for open seasons on antelope, pheasants and prairie chicken in the Panhandle because of insufficient data and a policy of "playing it safe" until more information on these species could be obtained.

For the regulatory area west of the Pecos, the Commission authorized a deer season and a quail season similar to 1949. In this area, El Paso and Terrell counties were

eliminated from the antelope hunting regulations.

The statewide deer and turkey seasons as well as the quail season are set by law and are not affected by the latest commission

action. Deer and turkey seasons for the state at large run from November 16 through December 31, inclusive, with a limit per hunter of 2 buck deer and 3 gobblers. The quail season is from

December 1 to January 16, inclusive, with a bag limit of 12 per week and a possession limit of 20.

Woman's work is never done!

WOMAN'S WORK IS NEVER DONE—that's not just idle talk. The average housewife works 63 hours a week. And she performs 70 different tasks in one day's work, which is proof positive (if anybody needs it!) that housekeeping is a rugged job!

Of course, today's housewife has many electric helpers to lend a hand and take much heavy work out of housework. But even the finest appliances need something else—low-cost, dependable electric service to give them life and usefulness.

That's why it's a compliment that West Texas housewives take electric service for granted. You flip a switch and know your electric helpers are ready.

You can take its economy for granted too. For your electric service is just about the smallest item in your family budget. It costs less than a pack of cigarettes a day, yet it helps you sew, cook, clean, wash and iron, guards your health, cools your home, heats water, entertains you. *What else gives you so much living value—at such little cost?*

Story of Post City Told in Historical Assn. Publication

AUSTIN.—"Post City, Texas," the story of Cereal Magnate C. W. Post's West Texas colonizing experiment, will be published in October by the Texas State Historical Association, Dr. H. Bailey Carroll, association director and University of Texas professor, announced.
The book by C. D. Eaves and Alvin Hutchinson tells how Post, opponent of socialism and the labor movement, purchased territory in Garza and surrounding counties and built a town based on his economic philosophy of individual enterprise.

Safety Dept.'s War on Speeders Saves Lives Of 60 Texans in June

AUSTIN.—An even 60 Texans were alive at the end of June because of the Texas Highway Patrol's war against speeders. That figure represents the number of less lives lost in traffic accidents during that month than in May.
Walter J. Elliot, Chief, of the Texas Department of Public Safety's Patrol Division, reported today that his men filed more ar-

rests for speeding during June than in any previous one-month period in the history of the organization. In that 30-day month, Patrolmen spread a total of 3,390 speeding charges on the arrest records of the state, thereby causing, at least a temporary halt in the continuing upward trend of traffic fatalities which has been noted each month since the beginning of the year.

Colonel Homer Garrison, Jr., Director of the State Safety Department, points to the 146 traffic victims of June and calls attention to the fact that this is a decrease of 19 over the same month of 1949. And referring to the fact that June was the first month of this year which showed a decrease he attributed it to the all-out directive issued by Chief Elliot to his men to "bear down" on the speeders.

"Speeding," Garrison stated, "accounted for the largest proportion of the 11,742 cases of all types filed during June by members of the Texas Highway Patrol."

He further stated that members of the Patrol filed 773 D.W.I. cases and 878 passing violation cases during the same period. The average rate of convictions in all traffic offenses was about 95% he said.

What in the world could take its place?
Every minute of every day, your telephone is on hand when you need it most. It's a willing helper that runs errands for you—saves you time in your shopping—makes appointments. It keeps you in touch with friends and loved ones near and far. Then, too, your telephone is a priceless aid in an emergency.
Truly it can be said of your telephone that few things give you so MUCH for so little.

San Angelo Telephone Co.

Small Home Plans

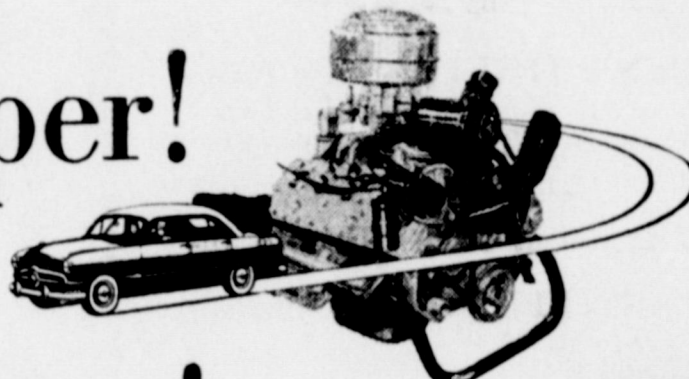

THE CHILTON has three bedrooms that are arranged so that the front bedroom may be used as a workroom, office or den. This bedroom has an adjoining lavatory and closet and can be reached from both the kitchen and front entrance. The other two bedrooms open into the hall from which the bedrooms can also be reached.
The bedrooms have wardrobe closets, the linen closet is in the bedroom hall and there are closets in the front vestibule, the kitchen and in the hall. The kitchen has ample space for dining. The sink is under the windows with the refrigerator on the left and the stove on the right side.
Plans call for a full basement and frame construction throughout. The exterior is finished with wide siding. The roof is planned to be of asphalt shingle.
The overall dimensions of the Chilton call for 32 feet by 40 feet. Floor area totals 1,109 square feet, while the cubage of this house equals 21,625.
For further information about THE CHILTON, see us, or write the Small House Planning Bureau, St. Cloud, Minn.

FOXWORTH-GALBRAITH Lumber Company

What a stepper!

Just hint to the gas pedal and she steps out like no other low-priced car. And that's true whether you're driving a Ford V-8 or "Six". But this high-stepper is a low spender when it comes to costs. You can own a V-8, for example, for hundreds less than most "Sixes"—and a Ford "Six" for even less.

What a stopper!

This '50 Ford actually helps you apply the brakes. They're 35% easier-acting King-Size Brakes that use car momentum to help you stop. Like Ford's extra-rugged "Lifeguard" body, they give you the kind of protection you'd expect only of costliest cars. And for added safety and comfort, you ride low and level in the "Mid Ship" section of the car, between the wheels—not over them. You're cradled in comfort on "Hydra-Coil" front springs and "Para-Flex" rear springs that give a road-hugging smoothness truly amazing.

What a looker!

Yes, again in '50, Ford received the Fashion Academy Gold Medal as "Fashion Car of the Year." And Ford's stay good looking because their baked-on finish is "made to live outdoors." That means high resale value which, together with Ford's low running costs, puts Ford further out front as America's savinest car.

'50 **FORD**

And what a saver— all the way!

Take a Test Drive today

OZONA — TEXAS

THE QUESTION IS ANSWERED

If any question remained in any one's mind as to the need for the strictest possible economy in government, the grim march of recent events must have answered it.

This country is now committed to a policy of active resistance to communist aggression. It is a policy which has the full approval of the leaders of both political parties and of the nation at large. It is a policy whose cost no one can as yet estimate. At best, it seems inevitable that our expenditures for military and related

purposes will rise materially.

In the light of this, how can further waste and unnecessary domestic spending be countenanced? In a world struggle for survival, there is no room for the welfare state, for government pampering of the individual — or for spending our tax money for any purpose which can be accomplished by private enterprise.

Government has its hands full, and more, with desperately difficult tasks which only government can handle. At this time, of all times, it must keep to its proper constitutional duties.

BERLIN COMMUNISTS BLOW UP CHURCH — The historic Georgian church, one of Berlin's most famous landmarks on the Alexander Platz, survived the fire and explosives of World War II. The Communists, contrary to reports by engineers, termed it unsafe and destroyed it by dynamite. Protestant leaders protested, but the demolition squad destroyed it as Communist police and Russian soldiers covered an indignant crowd of Berliners. The church was damaged by World War II bombs.

To Support Fight to
Retain Tidelands**

HOUSTON. — Ownership of the basic resources of the nation has been imperiled by the Supreme Court Tidelands decision, the Texas Manufacturers Association asserted yesterday in calling upon business associations of other states to take action to help return the submerged oil lands to Texas, Louisiana, and California.

"If the federal government, by court decisions, establishes the policy of expropriating state lands

without just compensation, only a slight additional step will be required for the government to exercise the same powers over private property, irrespective of its type or location," Ed C. Burriss, TMA executive vice president, said in a statement. "If the federal government can acquire oil lands in such a manner, there is every reason to believe that in the course of time it will take over other basic resources of the nation."

He made the statement by direction of the TMA Board of Directors, which voted unanimously to urge associations in other states

to "take such action as is advisable to bring about the active support of their Congressional delegations in the interest of legislation that will definitely remove the federal government's claim to the Tidelands."

**A SINCERE "THANK YOU"
FROM B. B. INGHAM, JR.**

I am deeply grateful for every vote I received in last Saturday's primary and if I am elected to the office of County Commissioner from Precinct 3 in the general election in November, I shall do all in my power to so serve as a member of the court as to merit the confidence you have expressed in me. I shall be inspired to greater effort to measure up as nearly as possible to the record of my distinguished predecessor and it is my sincere hope that I can be of constructive service to the community.

To all who supported me and to all who encouraged me in the decision to seek the office, my sincere thanks.

E. B. INGHAM, JR.

Lottie Jo Owens, Shackle Bloom Wed in Garden Service

LAKE, July 25. — Before the ceremony on the lawn of the Tom Owens ranch, Miss Lottie Jo Owens and Shackle Bloom exchanged nuptial vows at 7:30 o'clock Monday evening. The bride is a daughter of Mr. Tom Owens of Big Lake. The bridegroom is a son of Mr. Leslie Bloom of Houston.

Bode Owens, pianist, played nuptial music and accompanied Miss Billie Hall who sang "Because" and "The Lord's Prayer."

The bride wore a gown of white imported chantilly lace over white satin, designed with ballerina-length skirt. The white illusion finger-tip veil, caught to a corsage of pearls and pearl flowers, belonged to Mrs. John Robert Scott Jr., cousin of the bride. For something old, the bride wore earrings of gold and diamonds belonging to her grandmother, Mrs. E. E. Bolt of Junction. The penny in her shoe was sent to the bride by the Rodeo Girls Association of which

she is a member. Wearing lace tulle, the bride carried cream gladioli centered with an orchid.

Mrs. Vic Montgomery of Ozona was matron of honor. Her gown was fashioned of cream lace over blue satin. She wore a short veil to which flowers were attached and carried yellow gladioli.

Serving as best man was David Bloom of Fort Worth.

The ranch home was scene of the reception. The table was centered with a white and blue arrangement on a reflector, flanked by white tapers. Mrs. Phillip Schneemann of Grant, N. M., presided at the three-tiered wedding cake. At the bride's book was Mrs. Frank Hearne of Big Lake.

For the two-week wedding trip to Mexico City and Acapulco, Mexico, the bride wore a navy faille suit with navy and white accessories. Her corsage was an orchid.

Upon returning the couple will be at home in New Braunfels.

A graduate of Ozona High School and Texas Christian University, the bride taught physical education for two years at Big Lake. Both she and Mr. Bloom were members of the Bryson Club at TCU. The bride has been sponsored numerous times in rodeos and one year appeared at Madison Square Garden with Roy Rogers. She was ranch queen one year at TCU. Mrs. Bloom is a granddaughter of the late Mr. and Mrs. Clint Owens of Barnhart, pioneer ranching family, and also of Mrs. E. E. Bolt of Junction and the late Mr. Bolt.

The bridegroom was graduated from Jeff Davis High School in Houston, and Texas Christian University where he was a football player. Having served three years in the Navy, he is now a coach at New Braunfels High School.

Out-of-town guests for the wedding included Mrs. Dave Bloom of Fort Worth, Mrs. Leslie Bloom and son, Russ, of Houston; Mrs. E. E. Bolt, Junction; Mrs. J. Hall, Los Angeles, Calif.; Mrs. Phillip Schneemann and children, Phyllis Joy and Linda Jo, Grant, N. M.; Mr. and Mrs. Fleet Coates, Vic Montgomery, Ozona; Mrs. Frank Hearne, Big Lake; Bode Owens, Buck Owens, Tommy Clint Owens, Barnhart; and Mr. and Mrs. Jim Lucas of Eldorado.

A NOTE OF THANKS FROM IRA CARSON!

I want to express my sincere appreciation to all my friends for their support in the election last Saturday. I feel that it is a real compliment to me and I shall do my very best to merit the confi-

dence you have placed in me. It will be my intention to represent everybody in my precinct and to serve to the best of my ability for the best interests of the county as a whole and all the people. I feel that yours was the difficult task in the election to choose between

two of your friends, and you may be sure that whether you voted for me or against me, I consider all of you my friends and as your public official will work for the best interests of all of you.

Sincerely,
IRA CARSON

THANKS!

Crockett County Voters

This is to express my thanks and gratitude for the grand vote you gave me in the Democratic Primary, July 22

Election —

(Continued From Page One)

Judge Morrison who presided at a session of the 112th district court here in the Spring.

Robert S. Calvert was an overwhelming favorite for Comptroller of Public Accounts. The incumbent comptroller received 443 votes to 123 for his opponent, Clifford Butler, in this county. Bascom Giles, Commissioner of the General Land Office, likewise was the choice of Crockett voters, polling 449 votes to 151 for Allred.

J. E. McDonald, Commissioner of Agriculture, whom the state Democratic committee undertook to purge from the party because of his alleged Republican leanings, and who led a field of three opponents in his race for re-election, was a heavy favorite of voters in this county, polling 232 to 137 for his nearest rival, John C. White. McDonald and White will continue the battle in the August 26 run-off primary.

The total vote in this county for the unopposed district, county and precinct candidates was as follows: District Judge Garland Casabier, 677; Dist. Attorney Hart Johnson, 677; County Judge Houston Smith, 681; County Attorney N. W. Graham, 660; Sheriff V. O. Earnest, 663; County Treasurer Tom Casebeer, 678; Prec. 2 Commissioner Charlie Black 26; Justice of the Peace W. M. Johnigan,

563; and Constable Tom Smith, 558.

Lowell Littleton, county Democratic Chairman, whose name did not appear on the ballot, won re-nomination to that post by the narrow margin of 1 vote. His name was written on the ballot for that post by a lone voter who remembered that the post should be filled.

Mr. and Mrs. T. A. Kincaid, Jr., and Mr. and Mrs. C. O. Spencer left this morning for Dallas to attend a meeting of dealers with the Ford Motor Co. Kincaid and Spencer are local Ford and Mercury dealers.

Tom Casebeer, ill in the Ozona hospital, is reported making satisfactory progress toward recovery this week.

Mr. and Mrs. Joe Pierce are spending a few days in South Texas visiting in Corpus Christi, Bay City and other points.

Miss Owens Honored at Pre-Nuptial Parties

Miss Lottie Jo Owens who became the bride of Shankle Bloxnight at the Owens ranch near Houston in a garden wedding Monday night at the Owens ranch near Big Lake, has been named honoree at recent pre-nuptial events here.

Among them was a gift coffee at the Tea Room Thursday morning.

Hostesses were Meses Fleet Coates, Max Schneemann, Coralie Meinecke, George Montgomery, Phillip Schneemann, Hugh Gray, Beecher Montgomery, Jack Holt, Taylor Word, Hudson, Mayes, Byron Williams, and George Russell. White gladioli decorated the party rooms, the coffee table being decked with Marconi daisies and white asters.

Mrs. Bode Owens and Mrs. George Montgomery presided at

the coffee service the first hour, and Mrs. J. W. Owens and Mrs. Max Schneemann served the second hour. At the register was Mrs. Beecher Montgomery. Guests were received by Miss Owens, Mrs. Tom Owens, Mrs. Fleet Coates, Mrs. Phillip Schneemann and Mrs. Lottie Bolt.

About 75 guests called. Those included from out of town were Mrs. L. H. Caruthers, June Caruthers, Mrs. Bode Owens of Barnhart, Mrs. Robert Scott, Jr., Montana, Mrs. J. E. Hall and children Gary and Nancy, Los Angeles, Calif., Mrs. Owen Porter, Mrs. Lottie Bolt, Junction; Miss Lois Doyan, Miss Daphne Pritchard, Big Lake, Mrs. Elizabeth Pool, San Angelo,

Mrs. Vester Hughes, Mrs. John R. Scott, Mertzon, Mrs. Phillip Schneemann, Grant, N. M., Mrs. James Dockery, Santa Anna.

An informal morning party Wednesday honored Miss Owens in the home of Mrs. Coralie Meinecke. Hostesses for the occasion were Mrs. James Dockery, Mrs. John Robert Scott and Miss Sue Meinecke.

Those present were Meses. Byron Williams, Beecher Montgomery, Wayne E. West, Bland J. Tandy of Big Spring, Paul Teas, Bass and Nancy, Los Angeles, Calif., Bill Dunlap, Bob Bailey, Bill Bergfeld, H. P. McClanahan, Bill Hannah, Tom Owens, W. F. Colquitt, Phillip Schneemann, Misses Betty Grimmer of Winfield, Ia., Janice

Woods and Gerry Braggs, Mrs. Paul Teas, Mrs. H. P. McClanahan and Miss Corinne Teas entertained for Miss Owens Saturday morning with a party at the Hillier's Phillips
