Death Claims Pioneer Ozona School Teacher

Miss Elizabeth Fussell Laid To Rest Here Sunday

Funeral services were held from the Ozona Methodist Church at 2 o'clock Sunday afternoon for the late Miss Elizabeth Fussell, long-time teacher in the Ozona public schools, who died at 2:00 o'clock Sunday afternoon in a Dallas hospital where she had been a patient for the past year and a half. Services were conducted by the Rev. Horace M. King, pastor. Bill Hanna, a former pupil of Miss Fussell's, sang "Rock of Ages." The funeral followed in Cedar Hill Cemetery with Coffey Funeral Home in charge of arrangements. Nephews Miss Fussell acted as pallbearers.

Miss Fussell was born in Rusk county, the daughter of the late Mr. and Mrs. J. M. Fussell, and was a resident of Ozona since 1912. Someone has said that to be young and the children tomorrow brings the highest interest rate. Miss Fussell spent her life investing in the character and qualities of the children of Ozona. Twenty-two years which she spent in teaching in the public schools here has left her touch almost every home in the community.

The Ozona Woman's Club was a hobby of Miss Fussell's and she proved a faithful member and the best worker in that group. She held many offices in the club, including that of president and also several state offices, number many friends among the club members of Texas through her work. She was also a faithful worker in the Eastern Star chapter here and a lifelong and devout member of the Methodist Church.

Surviving are three sisters, Mrs. M. Whitley of Cushing, Texas, Mrs. Charles Farr of Baytown and Mrs. Charles Williams of Ozona, two brothers, Dr. J. A. Fussell of Ozona and J. O. Fussell of Irving.

Install Aerial For Local Police Broadcast System

100-Watt Station To Be Used For Area Communication

Work of installing the 100-foot tower for the local shortwave radio broadcasting station is being completed by the sheriff's department for communication with law enforcement agencies in the area. The station is being used for intercepting law violators who are arrested last week.

The tall aerial tower is located on the water works hill, where the control station is to be located. A small house, to be built on concrete blocks, will house this station, which is to be installed as soon as the house is completed.

The radio system will include broadcast equipment on the transmitting and receiving sets to be located in the sheriff's office, the county jail and in two of the department cars. A temporary license for operation of the station will be issued by the Federal Communications Commission. The station will operate on the Texas shortwave frequency and will be able to communicate with the Department of Public Safety in San Angelo and other stations in a radius of 150 miles which have stations. However, the station can be sent a message by being monitored by the Department station at San Angelo.

Deputy V. O. Earnest, Deputies L. Laws and Alf Colbath and Gertrude Perry, office deputy, have been licensed to operate the equipment which will be ready to receive and broadcast.

Milburn E. Carey

Famous Director To Hold All-Day Band Clinic Here

Milburn E. Carey, Phillips U. Director, To Lead OHS Band

An unusual opportunity will be afforded members of the Ozona High School Band to receive instruction under one of the nation's outstanding band directors, at a one-day band clinic for the local band to be held on March 9th.

Milburn E. Carey, director of bands, acting director, School of Fine Arts, and professor of music at Phillips University in Enid, Oklahoma, and one of the most sought-after clinicians in the nation, has been secured to conduct a one-day clinic for the exclusive benefit of the Ozona band Thursday of next week. John Armstrong, director of the OHS Band, announced this week.

The clinic will be another step toward preparing the OHS band for the regional band contest to be held in Midland on April 1st. Mr. Armstrong said. Mr. Carey will direct the band in full band rehearsals and in sectional groups throughout the day.

Mr. Carey holds three degrees in music from the University of Illinois, Master of Music, Bachelor of Science in Public School Music and Bachelor of Music. In addition he has done graduate work at Northwestern University, Evansville, Illinois, and has studied under A. A. Harding, Raymond F. Dvorak, Mark Hindsley, Glen Bainum, Leo Ruckel and A. A. Andraud.

As adjudicator clinician, Mr. Carey has acted as director and guest conductor in Michigan, Illinois, Indiana, Tennessee, Missouri, Arkansas, Kansas, Colorado, Oklahoma, New Mexico, Texas and Florida. He is the author of a book on "Methods and Arrangements for Band and Orchestra," published in New York, and in summer work, has acted as bandmaster at the National Music Camp, Interlochen, Michigan, in 1947, and has conducted special work at Texas Tech, University of Kansas, Sul Ross College and Hardin-Simmons University.

Kinser To Open Paint And Body Shop In Ozona

E. R. Kinser has announced the opening of a new business in Ozona, an automobile paint and body shop, to be known as the Kinser Paint and Body Shop.

The new business is to be located in the quonset building, originally the Ozona Motor Company, and later used as a feed warehouse by the Ranch Feed and Supply, located on Highway 290 west of the Ozona Oil Company station. It was scheduled to be ready for operations the middle of the week.

Raymond Hudson, an experienced paint and body man, has been employed by Mr. Kinser to be in charge of the new business. Mr. Hudson has had many years of experience in body work and will offer all kinds of body repairing and repainting, from complete wreck overhaul to dented fenders, including installing door and window glasses.

Vote March 10th On Creation Of Soil District

Crockett Ranch Owners Decide If County To Share In Program

Resident land owners of Crockett County will decide at the polls Friday of next week, March 10th, whether or not a Soil Conservation district shall be created in this county, embracing all lands lying within the county's boundaries.

Order for the election has been issued by the State Soil Conservation Board of Texas in response to a unanimous expression in favor of holding the election made at a recent public hearing in Ozona conducted by the Board to determine if interest here was sufficient to warrant further procedure toward creation of the district.

Eligible to vote in the coming election on the soil conservation district question are all "natural persons who hold title to farm or ranch lands lying within the district, who have attained the age of 21 years, and reside within the county; who own land within a county, any part of which is included in the said territory," which includes all lands in Crockett County.

The election will be held in one voting box in the county, at the courthouse in Ozona. Polls will be open from 7:00 a.m. to 7:00 p.m. T. A. Kincaid, Jr., was named polling superintendent and Dempster Jones will act as election judge and W. E. Friend, Jr., clerk.

A two-third majority of those voting will be necessary for approval of creation of the district. Every resident land owner in the county is urged to vote on the issue in order that as full and complete an expression as possible can be secured from this county on the issue.

If creation of a soil conservation district is approved by the voters in the coming election, machinery will be set up immediately by the State Soil Conservation Board to perfect its organization. Since (Continued on Last Page)

Ira Carson In Race For County Commission Post

Rancher Is Candidate For Precinct No. 1 Representative

Another candidate for County Commissioner of Precinct No. 1, the Ozona precinct, pitched his hat into the county's unusually turbulent political ring this week. Ira M. Carson, Ozona ranchman, became the third candidate for the Precinct 1 post this week when he authorized formal announcement of his bid for the office.

Mr. Carson, a resident of Crockett County for 33 years, says that he is entering the race for commissioner with "no commitments or promises, and no axe to grind."

"I have been solicited by a number of friends to run for the office," Mr. Carson said. "If I can be of service to the county and enough people think so by voting for me at the polls, I will be happy to undertake the job and do my best to serve for the betterment of the county."

"I will be grateful for the support of all my friends, but I will not be mad at anybody who does not support me. It is everybody's privilege to vote as his judgement and conscience dictate. If I am the choice of the majority, I will serve to the best of my ability—if not, I will bow out, with malice toward none."

Mr. Carson enters the Precinct 1 race with two contenders already in the running. Incumbent Commissioner Rob Miller, a veteran member of the court, is a candidate for re-election, and Jack Sheridan, area supervisor for the Texas-New Mexico Pipeline Co., is in the running for the position.

Californian Proud Of 'Connection' With 'Millionaires' Town'

A Californian, Mrs. Hugh A. Andrews, who has been a subscriber to the Ozona Stockman for several years, but who has never visited Ozona, writes from Pasadena to express her pride "that I have some connection" with the "Biggest Little Town in the World."

"For some years I have been receiving your paper, and have enjoyed keeping up with the Ozona news," Mrs. Andrews wrote. "Through your columns I have become familiar with the names of many of your townsmen. When the last copy came last week, I was very much interested in your reference to the article about Ozona published in the Saturday Evening Post.

"I immediately provided myself with a copy, and greatly enjoyed the story and especially the picture of the very pretty and attractive girls on the first page. They certainly would be a credit to any city in the country."

"For many years we have owned sections in your vicinity, but I have never had the pleasure of visiting Ozona. I asked my agent, Mr. John M. Hefner of Dallas, to enter my subscription in your paper some time ago and sent him a check for the subscription.

"Congratulations you on the 'Biggest Little Town in the World,' and a feeling of pride that I have some connection with it. I remain, most sincerely — Elizabeth Telfair Andrews."

Meeting Of Baseball Enthusiasts Called For Tuesday Night

For the purpose of deciding whether or not Ozona can muster a baseball team to enter in one of the West Texas amateur leagues this summer will be decided at a meeting of baseball fans and players to be held next Tuesday night at 7:30.

The meeting will be held in the Wilson Motor Company building and all baseball fans are cordially invited. Byron Stuart, for many years player manager for the Ozona Rebels, in both Concho Basin and Trans Pecos league play, has announced that he wants to shift the managerial responsibility to other shoulders this year and team backers are looking for those shoulders. Stuart says that he still wants to play baseball but wants somebody else to take over the managing job.

Unless a gold mine of talent is unearthed in some of the nearby oil fields, prospects are not too bright for getting a team on the field this year. Players left from last year's squad will barely fill out nine places and, as usual, more hurling talent is the most pressing need. These and other problems will face fans at the Tuesday night meeting.

Pastor Conducts Revival Meeting At Baptist Church

D. Clyde Hamilton Of Odessa To Direct Song Services

Rev. Clifton R. Tenneson, pastor of the First Baptist Church in Ozona, will do the preaching during a week-long revival meeting to be held at the local church beginning Sunday, March 5th and continuing through the following Sunday, March 12th.

D. Clyde Hamilton of Odessa will lead the song services during the revival meeting. Mr. Hamilton is assistant pastor and music and education director of the First Baptist Church at Odessa.

Services are to be held twice daily, week-day morning services at 10:00 a.m., and the evening services beginning at 7:30 o'clock. The pastor and officers of the church extend a cordial invitation to the entire community to join the congregation in the daily preaching services.

Earnest Seeks Re-Election To Sheriff Office

County's Head Peace Officer Unopposed To Date

V. O. Earnest, sheriff, assessor and collector of taxes, in Crockett County, this week authorized the Stockman to announce his candidacy for re-election to the office, subject to action of the Democratic primaries.

Sheriff Earnest is seeking his second elective term in the office. He was originally appointed to serve as sheriff, assessor and collector upon resignation in mid-term of Bruce Harp. He was elected to his first regular term in the election of two years ago. He is so far unopposed for re-election in 1950.

"I have made honest and diligent efforts to perform the duties of the office to the very best of my ability," Mr. Earnest said, "and if the voters see fit to return me to office for another term, I will continue to do so. I know that I have not pleased everybody, but I believe there are none who can say that I have not been fair, honest and diligent in every official action. I consider my job a full-time one and I have given, and will continue to give it full-time attention, subject to your call at any time of the day or night. I am deeply grateful to the people of Crockett County for their support and cooperation in my efforts and I will appreciate the opportunity to continue in your service."

Sheriff Earnest's force consists of Mrs. Gertrude Perry as office deputy in charge of tax assessing and collection, motor vehicle registration, etc.; Chief Deputy Hearst Laws and Night Deputy Alf Colbath.

Kinser Seeks Re-Election As Commissioner

Incumbent To Battle Two Opponents In July Primary

E. R. Kinser, with a record of 14 years of service as a member of the Crockett County Commissioners Court from Precinct 4, this week authorized announcement of his candidacy for re-election to that office.

Mr. Kinser serves as representative on the county's governing body from the southwestern section of the county.

Basing his candidacy on his record in office, his experience in affairs of the county gained through his long service as a member of the court, Mr. Kinser promised constituents his continued best efforts to serve both his precinct and the county as a whole to the best of his ability.

Commissioner Kinser will face two opponents in his campaign for re-election. Previously announced as candidates for Commissioner from Precinct 4 are Sid Mills-paugh and James Childress, both young rancher residents of the precinct.

Crockett 4-H Club Boys Exhibit Stock At San Angelo Show

Crockett County 4-H Club members are winding up their season's livestock feeding program with the showing of their stock at the San Angelo Fat Stock Show and Rodeo in San Angelo this week.

Ben Conklin and Erby Chandler each will show a steer in the San Angelo show. Frankie Jones will exhibit two Rambouillet ram lambs and fat lambs will be shown by Sonny Henderson, Carroll Stratton, Charles Garlitz, Jimmy McMullan, Tom Kincaid, Bill Schneemann, Ronnie McMullan, Mike Clayton, Graham Childress, Carl Conklin and Tom Robison.

New Fire Engine For Ozona Dept. Delivered Here

500-Gallon Pumper To Earn Additional Insurance Credit

Ozona's new fire engine will be on display on the south side of the square all day Saturday in order that citizens might have an opportunity to inspect it. Two firemen will be on duty with the truck at all times to explain its operation, and citizens are invited to inspect the new equipment.

Property in Ozona and Crockett County soon will become much safer from destruction by fire. A new fire engine, one of the finest pieces of fire fighting equipment to be had, was delivered here late last week by the Burk & Sims Fire Equipment Company in San Antonio.

A 500-gallon combination booster and pumper, the handsome new fire fighter is mounted on an F-7 Ford 3-ton truck of 145 horsepower. The pumper carries a 400-gallon capacity water tank with two hoses, a 3/4 inch red hose and 1 1/2 inch fire hose, both of which can be put into immediate use in fighting fire as soon as the truck is stopped at the scene of a fire. In addition, two 2 1/2 inch hoses can be connected to each side of the machine, all operated by the huge pump powered by the truck motor.

The big pumper, a fire engine red trimmed in hand-painted gold trim, has passed the state tests and is approved by the State Fire Insurance Commission. The pump delivered 725 gallons per minute from draft at 120 pounds pressure in the official state tests.

The new fire engine is quartered temporarily in the rear of the Ratliff Hardware & Furniture Co. building pending realization of present plans for construction of a fire station.

The equipment will not be available for use in fighting fire for several weeks more, Fire Chief Bill Cooper announced. Orders have been placed for 1,000 feet of 2 1/2 inch fire hose and other equipment and as soon as this arrives, the truck will be ready for use.

Members of the Ozona Volunteer Fire Department met last night to adopt constitution and by-laws for the organization to comply with state requirements. The department is now organized and operating to meet all requirements of the Fire Insurance Commission to earn insurance credits for the town granted for organized Volunteer departments.

Country Club Organization Is Shaped At Meet

51 Signers Secured In Stockholder Drive; Name Committees

Steps toward shaping the organization of a country club in Ozona were taken last night at a meeting of the 51 persons who have subscribed \$500 each of stock in the proposed new club.

Temporary organization was perfected at the meeting and a building committee was appointed to study plans for construction of a club house.

The Country Club organization plans to purchase a site for the country club at the north edge of Ozona from W. E. Friend, Jr., a 100-acre tract which Mr. Friend has offered to sell to the club at \$40 per acre, the price he paid for the land from the Powell estate.

The club plans construction of a club house, with facilities for men's and women's club rooms, dance or assembly room, kitchen, etc. A nine-hole golf course, to be laid out on acreage around the club, is also included in the plans.

THURSDAY, MARCH 2, 1950

Mrs. T. L. Nelson, who recently underwent an operation in a San Angelo hospital, has returned to her home here. With Mrs. Nelson at the time of her illness were Mr. Nelson and their son, Lee Nelson, of Sanderson, and daughter, Mrs. Joe Diffie of Bisbee, Arizona.

Lions Send Delegates To Fort Stockton Meet On Rail Discontinuance

A committee composed of President Gene Williams and Dick Henderson from the Ozona Lions Club attended a conference in Fort Stockton Saturday, of delegates from affected towns to shape plans for concerted action in opposing the petition of the Santa Fe Railroad to discontinue passenger train service between San Angelo and Fort Stockton.

The group will meet again in Big Lake on March 15th, the local delegates reported. No definite action was taken at the Fort Stockton conference.

The Ozona Lions Club at its meeting last week voted to appropriate \$100 to the local Boy Scout fund to help finance the trip of a group of Scouts who will attend the National Boy Scout Jamboree to be held in Valley Forge, Pa., this summer.

The Club voted not to send a club delegate this year to the Lions International convention in Chicago. Members are being encouraged on the other hand, to attend the District 2-A convention to be held in Brownsville.

Wrong guy on the knee

Highway Dept. Spends 12 Pct. Of Income On Highways Within Cities

The Texas Highway Department is now maintaining about 1,750 miles of pavement in towns and cities. This amounts to about 5 per cent of the total mileage in the

state. Maintenance cost since 1943 for municipal mileage has totalled approximately 3 million dollars, or about \$600 per mile, with 1 million of this having been spent in the fiscal year of 1949.

In addition to maintenance costs the department has spent 50 million dollars since the war on con-

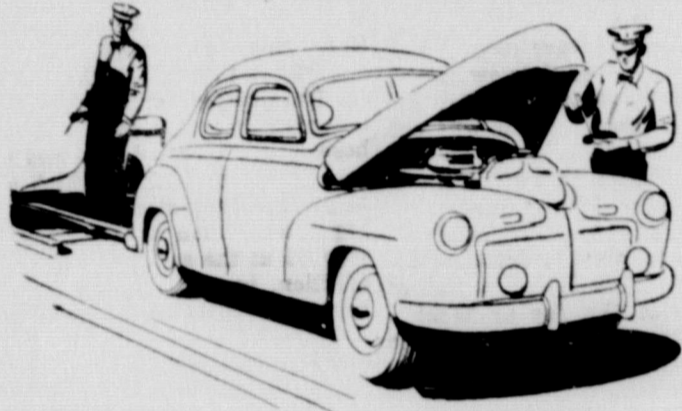

struction projects in the municipal portion of the highway system. That figure is almost the exact amount which was spent on municipal projects prior to and during the war.

Another interesting and significant fact is that the state highway department is spending 12 per cent of its net income on the 5 per cent increment of the highway system that lies within the limits of municipalities.

YOU'VE A DATE WITH SPRING

— and your Buick Dealer

YOU read it on the calendar—and you feel it in the air.

Spring—and the outdoors calling—and that lively jubilation that comes with winter's passing.

And nowhere is the spirit more in evidence than at your Buick dealer's.

For it's Spring Jubilee time with Buick. Time to trot out and show off all the gay and brilliant beauties of his 1950 line.

Time for you to sample, in proper setting, all the new life and brilliance of Buick valve-in-head straight-eight power—time for you to meet the greatest cure for spring fever known—the easy, effortless, mile-mastering stride of a Buick under your command.

There are wonderful things for you to look into:

A Riviera in Sedan prices. Two-door Sedanets, four-door Sedans in a wide range of power and prices. Convertibles, Estate Wagons, a Coupe—cars for every taste and practically any budget.

There are even gay new spring colors to help you meet the season in proper garb. And of course, if you haven't yet done so, there's Dynaflo Drive* for you to meet and sample.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Yes, you've a date—right now—to meet spring at your Buick dealer's. A date not only to see pleasant things—but to hear pleasant news as well.

For Buick prices are something to jubilate about too. They start just above the lowest bracket—and they are accompanied by very easy-to-take arrangements as to the "deal."

How about today—at latest tomorrow—for keeping your date with your Buick dealer?

Features like these mean BUICK'S THE BUY

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher

In 1946 these boys won the first Opportunity Awards at the A. and M. College of Texas—four-year scholarships for outstanding Texas high school graduates who would otherwise be unable to attend college. This year they are graduating from Texas A. and M. with college records which prove they took advantage of the opportunity.

Honor graduates of Texas high schools in 1946, the boys were selected for Opportunity Awards by the college Scholarships Committee on the basis of scholarship, leadership, character and need.

Each of them received \$200 to \$300 a year plus a job to pay college expenses. The jobs they have held during school include those of waiter in the mess halls, fry cook in a cafe, stable boy, yard man, laboratory assistant, printer's devil and baby sitter. During summer vacations they have worked on farms and ranches, in offices, on the highways and as roughnecks in the oil fields.

Required to make above-average grades in order to hold their scholarships, they have ranked high in their classes. One has an almost perfect A average for his four years. The average of all grades made by the entire group in four years is above B.

They have won their share of honors in their other campus activities. One was president of their Freshman class, another outstanding in intramural athletics, while another won a summer fellowship for leadership in campus religious activities. Five were elected to the top military honor organization, the Ross Volunteers, and six to top scholarship honor societies. Nine will graduate as Honor Military Students.

Since this "pilot" group entered school in 1946, the Opportunity Awards program has grown. There are now 148 boys enrolled at Texas A. and M. College on these scholarships, with sixty or more expected to be granted opportunities next September.

Softball Players Champ At Bits; Lions To Improve Field

Maybe its the weather of the past few days.

Anyway, Ozona softball players are looking longingly in the direction of the Lions Club softball field.

Rumors are afloat that promoters are quietly picking players to form a team for entry in the city league play this summer.

The Lions Club, too, has noticed the warm sunshine and has instructed its softball committee to look into improvements at the field in preparation for the summer softball wars. The Club plans to improve the lighting system, extend the water pipes and shape up the playing field.

In the not too distant future, the club softball committee is expected to call a meeting of enthusiasts to shape up league teams for summertime play.

SONORA COLUMNIST STILL WORRIED ABOUT POST STORY

The Devil's River News, Sonora, writer of the column titled "Son of a Gun," continues to fret about the recent article in the Saturday Evening Post about Ozona. Following up last week's comments on the article, "Son of a Gun" confessed some confusion over the issue as follows:

"We're all confused about something so we'll tell you about it and maybe someone can straighten us out. When we read the article in the Saturday Evening Post about Ozona, the millionaires' town, we thought we read that land in Crockett County is never sold, merely handed down.

Then we picked up the morning Standard-Times from San Angelo and came across the following want-ad: 'In the millionaires' county, one of the best ranches, well improved. Plenty water, grass and game. No bitterweed. 12 sections for sale by O. A. Carr, Exclusive, 322 North Main, San Angelo, Texas.'

For "Son of a Gun's" benefit, we might explain that the millionaire owner of that place probably had 12 sections more than he needed to leave his heirs in good standing. That, or he had not read the Saturday Evening Post lately.

New Method May Aid Allergy Sufferers

GALVESTON—Respiratory allergy sufferers—those who battle hay fever, asthma, and hives—will be aided by a research discovery of University of Texas scientists.

The process, allowing physicians and researchers to watch actual allergic reactions on living human tissue, was developed by Drs. J. M. Rose and C. M. Pomeroy.

"The technique may be used to find what causes a person's allergy by testing his sensitivity to possible irritants, and to find new allergy-stopping drugs," Dr. Chauncey Leake, University Medical Branch vice president, said.

In testing a sufferer, minute pieces of tissue are clipped from his nose with little discomfort. They are kept alive in a chick embryo fluid culture.

Scientists introduce a possible irritant in the culture and use a special-phase microscope to watch for an allergic reaction. If the tissue swells and stops living on the culture, the cause of the patient's discomfort is found.

New drug cures may be discovered by checking their effectiveness in stopping allergic reactions started on tissue samples.

Mrs. Miles Pierce Honored At Tea

Mrs. Victor Pierce and daughter, Mrs. Eugene Miller, entertained at a tea Monday afternoon in the home, honoring Mrs. Miles Pierce of Alpine, the former Miss Jacqueline Theis of Midland, who became the bride of Miles Pierce in Midland, January

receiving with the hostesses and honoree were Mrs. Raymond Theis of Midland, an aunt of the bride, Mrs. Jack Noble of Midland, a sister, and Mrs. Leggett Heard, her grandmother. Mrs. Theis of Midland, mother of the honoree, was ill and unable

to attend.

The house was decorated with Spring flowers. Alternating at serving were Mrs. Tom Smith, Mrs. S. M. Harvick, Mrs. W. E. Friend, Jr., and Mrs. Raymond Leggett. Organ and piano music was furnished during the tea hours by Miss Wanda Watson, Mrs. R. A. Harrell and Mrs. James Childress.

Others in the house party were Mrs. Bill Childress, Mrs. Jim Ad Harvick, Mrs. Gene Williams, Mrs. Joe Pierce, Mrs. Lee Childress, Mrs. T. A. Kincaid, Jr., Mrs. Jess Marley, Mrs. Joe Oberkamp, Mrs. Hillery Phillips, Mrs. Wayne West, Mrs. Jerry Hays, Mrs. Bill Clegg and Mrs. P. T. Robison. About 80 guests called

4-H Club Members Observe 4-H Club Week March 4 To 12

COLLEGE STATION—More than 1,850,000 4-H Club members in the United States will observe National 4-H Club Week, March 4-12. They will be joined in their activities by the 225,000 volunteer local adult leaders, the 14 million former members, their parents and friends. According to the state 4-H leaders of Texas A&M College, the 113,514 4-H members in Texas will strive to increase their membership during the week and at the same time will show what they have accomplished during the past year.

A summary of the reports from the county extension agents in the state show how important the 4-H program is to Texas. 4-H members grew crops on nearly 51,000 acres of land; everything from cotton and corn to soil improving crops; they planted and cared for more than 10,000 acres of home orchards, home gardens and truck crops; they carried out soil and water conservation practices on 29,300 acres and conducted pasture improvement demonstrations on 27,300 acres.

They owned 58,893 head of livestock and they sold more than 23,000 head for approximately 2 1/2 million dollars. They exhibited nearly 22,000 head of livestock and poultry at 212 livestock shows and fairs and sold \$272,000 worth of poultry and eggs from their demonstration flocks.

4-H boys and girls are trained in leadership. They are a cooperative group for they know there is strength in numbers and unity of purpose and they are good citizens because they practice democratic procedures in their meetings and participate in community affairs.

4-H members in every section of the state invite you to join with them in the observance of their national week. Visit a member, a local meeting or one of the special affairs they have planned. You'll be glad you did for here is a group that is leading the way to better living for a better world.

Legislature Digs Up 23 Million Dollars In New Tax Levies

During the recent special session, the legislature completely fulfilled the objectives assigned to it by Governor Allan Shivers. The legislature voted a 10 per cent increase in revenue collected under the omnibus bill and passed a bill calling for a 1 cent per package tax on cigarettes.

A total of 175 million dollars was received last year under the omnibus bill, and the 10 per cent increase will provide for an additional 15 to 17 million dollars in revenue. The cigarette tax should bring in another 8 million dollars, making a total of at least 23 million dollars to be used for state institutions.

Employment Office Ready To Aid Ranchers In Securing Employees

L. W. Keilers, manager of the Texas Employment Commission office in San Angelo, was in Ozona Tuesday surveying local labor conditions for the purpose of guiding the employment office in its responsibility of certifying areas within its jurisdiction for alien laborers.

Mr. Keilers announced that ranch operators who need labor may make application to the employment office and efforts will be made to supply suitable employees from its files. The office also serves persons seeking employment and persons who want work in agricultural pursuits are invited to file their names and qualifications with the office.

The employment office serves as intermediary in placing bracers, or Mexican nationals on jobs in this county where local labor is not available to fill the need.

COVERED DISH LUNCHEON AT METHODIST CHURCH SUN.

Church officers and teachers of the Ozona Methodist Church and their families will enjoy a covered dish luncheon in the social hall of the church next Sunday. Meat and drinks will be furnished, families bringing their covered dish to add to the dinner, the pastor, Rev. Horace King, announced.

The church Board of Trustees will meet at 1:30 and at 3:00 o'clock the Board of Stewards will meet. At 4:30, the Juniors will meet for fellowship and Church membership training. The Intermediate MYF meets at 7:00 o'clock.

Social Security Application Blanks Available At P.O.

"During the last three months, 130 persons needlessly wrote letters to our office for application for social security cards," stated George Clark, manager of the San Angelo social security field office. "These persons were evidently unaware that an application blank could have been obtained right from their home town post office. The post offices as a service to the people, carry these blanks and are ready and willing to hand them out to all who ask for them."

"By obtaining this application at the post office," Clark continued, "the individual can save himself wasted effort and loss of time, since there is no need to write a letter asking for one. As soon as the completed application is mailed to us, we will issue a social security card."

Enumerators May Earn \$8 to \$9 Per Day Taking Census

Persons employed as enumerators for the 17th Decennial Census in Crockett County will earn about \$8 or \$9 per day it is announced by George T. Kesler, Census District Supervisor, whose office is located at Court House, Odessa, Texas. The enumerator's pay scale is based on the payment of piece prices, so much per name, per farm or per dwelling enumerated in the Census.

Applications for enumerator jobs now are being received by the District Supervisor's office. Approximately 100 positions are to be filled. Most of the enumerators will be employed for a period of from two to four weeks. They will be expected to complete their work within a limited period of time without regard to the customary number of hours worked each day or week. Evening work will be necessary in order to reach occupants of dwellings who are away during daytime calls but no overtime will be paid.

Enumerators will have a high school education or equivalent experience, be in good health and of good character, and preferably between the ages of 25 to 45 years. Veterans will be given preference over non-veterans provided they are otherwise qualified. Enumerators in rural areas must furnish their own cars. The method of payment and rate of pay will provide for the expense of operating cars on official Census business.

Persons receiving Federal retirement pay, state and local government employees, law enforcement officers, officers of political organizations or persons engaged in political activity are ineligible for employment as enumerators. Neither can close relatives be employed in the same local Census office.

SNAKE SEASON TIPS

Texas are cautioned about poisonous snakes and advised what to do if bitten in an article in the February issue of "Texas Game and Fish," official departmental publication. The author, John E. Werler, Curator of Reptiles, San Antonio Zoological Society, writes that more persons die from snake bites in Texas than in any other state and adds that the Lone Star State has at least 18 varieties of poisonous reptiles. He says that keeping premises clear of rubbish is one good way of keeping snakes away from homes. The trash oftentimes attract mice and rats which snakes feed on and also provides cover for the reptiles.

Remington adding machines at the Stockman office.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Lewis Carrol Stinnett

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of April, A.D. 1950, at or before 10 o'clock A.M., before the Honorable District Court of Crockett County, at the Court House in Ozona, Texas.

Said plaintiff's petition was filed on the 13 day of July, 1949.

The file number of said suit being No. 961

The names of the parties in said suit are:

Sally Ann Stinnett as Plaintiff, and Lewis Carrol Stinnett as Defendant.

The nature of said suit being substantially as follows, to-wit:

Suit for divorce to dissolve bonds of matrimony that now exist between Plaintiff and Defendant. Plaintiff alleges that on or about January 1st, 1949 by reason of improper conduct of the Defendant, Plaintiff was forced to permanently abandon him and there was one child born to Plaintiff and Defendant as a result of said marriage, namely a boy, 10 months of age named Lewis Carrol Stinnett, Jr.; that said child resides with Plaintiff in Crockett County, Texas and that to the best interest of said child the Plaintiff have care and custody of him.

Issued this 23rd day of February, 1950.

Given under my hand and seal of said Court, at office in Ozona, Texas, this 23rd day of February, A.D. 1950.

George Russell, Clerk District Court, Crockett County, Texas.

Band Presents Annual Concert

The Ozona High School Band, directed by John Armstrong, presented its annual concert in the school auditorium Monday night, February 27th, at 8 o'clock. The program consisted of the best numbers that will be played by the band at the regional band festival to be held at Midland, Texas. There were solo numbers on trumpet, trombone and saxophone. The concert was performed by the band and was conducted by the guest conductor on the occasion was Charles Senning of Midland.

Motor Team Play In Angelo Tourney This Week

The Ozona Motors basketball team will play the Checker Cab 'B,' 46 to 48 in the opening game of a double round robin tourney, February 19, at the Dallas Athletic Club. The Checker Cab 'A,' 49 to 51 in the feature game, was played Sunday, February 20, at the Community Gym, in Angelo. The Motors team lost its game of the Ft. Stockton tourney 33 to 32 last Friday night, February 24th, to the Fort Worth Veterans. The Ozona team is entered in the Angelo tourney this week. The first game is with Goodland on Friday night.

Volleyball Girls Lose District Bout To Big Lake Team

The Ozona volleyball girls lost their first District game last Friday, February 24th, in Big Lake. The score was 48-12. High honors for Big Lake went to Pat Strain, who made 16 points, and Joan King who made 12 points. Betty Maness, Judy White, Mary Ann North and Joan Holt played good for Ozona.

Last Saturday, February 18th, the volleyball team lost to Big Lake in the consolation finals of their tournament by a score of 24 to 20.

Betty Maness was named on the all-tournament team and was awarded a gold volleyball.

The district schedule is as follows:
Feb. 24 — Big Lake — There
Feb. 28 — Sonora — Here
March 3 — Eldorado — Here
March 7 — Big Lake — Here
March 9 — Sonora — There
March 14 — Eldorado — There
All home games will be played in the girl's gym.

Band Participates In International Program At Eagle Pass

The Ozona band left bright and early Wednesday, November 22, for Eagle Pass. The band participated in the annual celebration that is held every year on Washington's Birthday to encourage friendly relations between the United States and Mexico.

The band members arrived in Eagle Pass about 10:30 and were assigned a room where they could put their horns and uniforms. The Ozona band didn't have to play before the judges until 2:30, so the members were free to do what they wanted to. Some went into the large auditorium to listen to good bands from Texas and Mexico, playing their concerts. Others went across the border to

Piedras Negras and bought souvenirs, then ate dinner.

After playing a concert for the judges at 2:30 the band took its place in the long 22 unit parade and marched through the town to the San Juan Patio, where the International Friendship Day program was held. Dr. Joe Ripple, former Ozona teacher, now president of the Eagle Pass Rotary Club delivered a speech during the program.

After the program, the parade marched back to the International Bridge and broke up. The Ozona band marched approximately 69 blocks.

Some members went across and had supper at Pieras Negras and others stopped in Villa Acunia to eat. The band got home about 12:15 and a good time was had by all.

The following Friday, the band went to Mertzson and played a concert in Mertzson's new auditorium. The band will make a trip to Midland soon for the District band contest.

Vacuum Cleaner

"Picks up all the dirt!" - - -
Say, Jimmie, when did you start playing "ditchum" with the night watchman?

Tom, what was all that paint on your car Saturday night? Are you just practicing, or is it real?

Tom, Tissie, Ted and Deedle were in Angelo Saturday. Have fun kids?

Jo Lou, couldn't you find any clothes in Angelo? Here's a tip. Look in the middle of the street at Chad & Beau.

We heard that K. Perdue was being chased by several girls at the slaughterhouse. He was in such a hurry, he nearly tore the garage down. Robbing the cradle, aren't you?

Gib, what were you doing running around the hills Saturday? Looking for horses??

Gussie, why were you and Red so anxious to get to the stadium?

Spring training already??
Gib, did you catch any fish Sunday? You did go fishing, didn't you?

Alton, what were you doing in Del Rio, Sunday?

We hear Glenn C. is quite a cowboy these days. How about that, Tige??

Mr. Massingill went to Austin this week-end. See your girl friend, George?

Has anybody seen a bug running around loose? Ted says one got away. How about that, Dee?

Betty Maness, why were you trying to get a drink out of an air hose, Friday night?

Mr. Felto, we didn't know you were kin to Frank "Snout" Parr! Did you buy one of those bath mats?

Say Kay, did you and Alton have fun, Saturday night?

Seems we have a couple of future "Powers models" in school. Now Joan, you and Marilyn behave while in New York.

Coach MacDonald, those were sure pretty shorts you had on Sunday afternoon. Were they your wife's??

Coach Drake, where did you learn to sing like you were doing Friday night? It really knocks 'em dead, no fooling.

Mr. Boedecker really blew his top Monday in choral. Now girls, you know how to behave; remember his blood-pressure!

Gussie, what were you doing in the closet Monday?

Tom, you were kind'a shakey coming out of Nathan's Saturday. Tissie could hardly hold you up!

Betty M., why were you going to phone Miss Drake at 3:00 in the morning?? Back hurting again??

Philips U. Band Director To School Ozona Band March 9th

Ozona is holding its own band clinic Thursday, March 9th, in the high school auditorium. The band will rehearse all day under the direction of Millburn E. Carey of Enid, Oklahoma.

Mr. Carey is director of the Phillips University Band at Oklahoma.

The band is rehearsing so that they will be ready for the regional contest that is to be held at Midland, April 1st.

Three Students On Honor Roll

Only three students in the entire high school had grades high enough to be placed on the honor roll for this six weeks.

Those who made the honor roll were Reta Sue Ballinger, who is a sophomore, Glenda Jetton and Doris Palmer, who are freshmen.

This list was announced by Mr. James Bramlett, principal of the high school.

17 OHS Boys Start Training For Track

Seventeen boys started working out for track last Wednesday, February 15th. They are Charles Cunningham, Frankie Chapman, James Yancy, Alton Smith, Hodges Femyby, Jose Ortiz, Wilburn Conklin, Virgil Machado, Raul Machado, Sergio Martinez, Bobby Womack, Tom Piner, Bill Schneemann, Jimmie McMullan, Gordon Sparks, and Ignacio Perez.

These boys are working hard

Scouts Honored At District Court Of Honor Here

Rank Awards And Merit Badges Given Fourteen Scouts

Twelve rank awards and two merit badges were presented to Scout Troops 53 and 63 of Ozona and Troop 19 of Sonora in district court of honor ceremonies held Friday night at the courthouse. Lea Roy Aldwell, Sonora, presided over the West Ranch District court.

Second class awards were presented by Ed Vitela, committeeman of Troop 63, to Ozona Scouts Charlie Castro, Bobby Martinez and Enemencio De la Rosa.

Joe Brown Ross, district chairman, presented second class awards to the following members of Troop 19, Sonora: Jack Adkins, Edward Aldwell, Raymond Darrow, Don Eaton, Benny Friend, Turney Friess, Willis Minnick and Don Valliant.

A first class award was presented to Genaro Reinberg by Gene Ramirez, scoutmaster of Troop 63. Sam Martinez, committeeman of Troop 63, presented Life Scout awards to Sammy Martinez and Pete Cisneros.

Ramirez presented the Bronze Eagle palm to Andres Vela.

Merit badges were presented to Sammy Martinez and Pete Cisneros and Andres Vela by Wayne Mathews, scoutmaster of Troop 53, Ozona.

The district first aid contest was announced for March 24 at Eldorado. The next court of honor will be held at Sonora.

toward the district meet which will be held here April 14 and 15. Towns that will compete in the meet will be Iraab, Ozona, Big Lake, Sonora, Eldorado, Junction, Menard, Rocksprings and London.

Coach Harris said that it was too early in the season to tell which event each boy would be in. But he is looking forward to a successful season.

Accurate and Complete

RANCH RECORDS

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Vote March 10 —

(Continued From Page One)

there is no other means of bringing about official organization of the district, the State Board will appoint two of the five supervisors who are ultimately to form the governing body of the district. These two supervisors, whose appointment is to be made on petition signed by a number of ranchmen of the district, will then have official authority to make application to the Texas Secretary of State for a certificate of organization, which certificate makes the soil conservation district a governmental subdivision and a public body, corporate and politic, under the provisions of the Soil Conservation Law of Texas.

After the organization becomes legal, an election will be called for the selection by resident land owners from among their number three more supervisors, each from a separate subdivision, who will serve with the original two appointees to form the five-man board of supervisors of the district. After the first year, all supervisors will be elected from their own subdivisions to serve on the board.

After organization has been completed, the district, which is an independent unit of local government, subject to dictation from no source whatever, will organize to draw up its program and plan of work, which is a complete history and description of the land and its uses and the people who live on it. From this, the district will proceed in the direction of improving ranch lands by making use of technical advice and help offered by the U. S. Soil Conservation Service and other governmental agencies who stand ready to assist at the request of the district.

J. M. Baggett has returned to his home here after undergoing surgery in a San Angelo hospital where he has been under treatment for the past month.

Mrs. Phillip Lee Childress received treatment in a San Angelo hospital last week.

Post Article Brings Letter From Early Day Methodist Pastor

Many Ozonans, especially the older members of the Ozona Methodist Church will be interested in a letter, inspired by the Saturday Evening Post article, from an early day Ozona Methodist pastor, the Rev. Wallace M. Crutchfield.

Rev. Crutchfield, now secretary of the Retired Minister's Club, Methodist Church, East Oklahoma Conference, at Roff, "Hereford Heaven," Oklahoma, wrote in part as follows:

"Those were happy years that I lived in Ozona and served as pastor of the Methodist Church. I have had a big time since then, serving three different districts as Superintendent, acting as church editor, and being the minister of a half dozen of our great churches here in Oklahoma.

"In my seventh year as pastor at Drumright, serving a great Cathedral Church in the most typical oil field town over here, I broke my right leg just outside of the pelvis and got it mended surgically, but the mend left me with a limp, though I got a walking leg. So it happened that I retired. Immediately a call came for me to supply the church at Tishomingo, which is a state college town, and I stayed there four years.

"Now I am winding up my first year here in 'Hereford Heaven' at

V. O. EARNEST

Roff. One daughter lives with me and the other has a family in Winslow, Arkansas, where we have had a small ranch and a summer home for twenty-five years. While at Drumright in 1945, we lost Mrs. Crutchfield.

"I have threatened to take out some day and start somewhere, to wind up at Ozona. The daughter who lives with me said, 'Big Daddy, what's the use of that new Packard car we have out there if you can't get in it and go to Ozona, a place you love so dearly.' I always recall that people were never more gracious to a man than the Ozona people were to me those years that I lived there.

"Roy Turner, our Governor, has

a ranch just south of Roff. He has his own landing field and flies over whenever he needs to come. Ranches preempt this whole area and it still reminds me of Ozona and my friends of other years.

"Best wishes to everybody."

Wallace M. Crutchfield

Humble Abandons Cox Wildcat Well Near Ozona Airport

Humble No. 1 Alma Cox, Crockett County wildcat 3½ miles south west of Ozona, was making electric log surveys Saturday preparatory to plugging and abandoning at 8,221 feet, in the Ellenburger. It was 600 feet from the north, 1,980 feet from

the east lines of section 3, block QR, GC&SF Ry. Co. survey.

Humble No. 1-B Alma Cox, western Crockett wildcat in section 39-GG-HE&WT, swabbed 71 barrels of fluid—65 per cent water and 35 per cent oil—in 12 hours. It continued swabbing with plugged back depth 6,338 feet, in Wolfcamp lime.

Magnolia No. 1 Boyd Clayton wildcat in section 12-GH-GG&S 10 miles east of Ozona, was drilling at 6,080 feet in lime and shale.

Mr. and Mrs. Walter Auzan plan to start construction of a new home in Ozona next week. The home is to be constructed of Austin cut stone.

Cooperation also pays on the telephone party line

Like frosting sweetens a cake, cooperation lends a sweet note of harmony to a telephone party line. Use the telephone sharingly—spacing calls reasonably—hanging up the receiver carefully—all help to make a party line run smoothly.

Try it on your party line and watch it bring better service to everyone.
