Municipal Concert Formed Here; Member Drive

Plan to Sponsor Concerts Here by Talented Artists

A temporary organization of the Municipal Concert Association has been formed here for the purpose of sponsoring a series of annual concerts featuring world distinguished artists. The association was formed at a meeting of interested persons here last night. The association was formed for the sole purpose of bringing renowned concert artists to the community and enlarging the city's entertainment, cultural and social life.

Littleton and Mrs. H. B. were elected co-chairmen of the new association, with Jack Casbier executive secretary and Kirby, treasurer. Team captains were named to prepare prospect lists in preparation for the membership drive.

The membership drive will be held at a kick-off breakfast Monday morning, April 10, at the Methodist Church hall. Prospect lists should be secured only during the membership drive, and every citizen, as well as the citizens of other towns, are invited to join the association. At the end of the one-week campaign the membership list will be defined for the season, and no new members will be permitted to join for the next year. Annual membership for adults is \$5.00 plus federal tax, and a special rate of plus tax for students. There has been set low to enable members to enjoy the concert series.

Members of the Association will attend the concerts. There will be no single tickets sold for the concerts under the plan. This course of action is explained by representatives of the Association, who said that the success of the plan is in direct proportion to the number of members who join. All will be spent for the pleasure of concert attractions. Artists to appear here will be selected by a local committee from the membership list secured by contacting the Association's headquarters located at the Hotel Ozona.

Artists who will enlist for prospective members for the coming membership campaign were named as follows: Mrs. H. L. Robertson, Mrs. D. B. Pettit, Mrs. Harrell, Mrs. Bill Conklin, Mrs. Littleton, Mrs. P. L. Ross, Mrs. Jack McIntosh, Mrs. Stanfield, Mrs. Harold Fombrun, Mrs. Joe Oberkamp, Mrs. Williams, Gordon Aikman, Max Schneegans, Mrs. Jack McHenry, Mrs. Roy Thompson, Mrs. M. King, Ross Huff and Mrs. H. B. Tandy.

Mrs. Phoebe Cranfill, Mother of Mrs. Fleet Coates, Dies Here

Mrs. Phoebe Cranfill, 80, a resident of Big Spring who has resided with her daughter, Mrs. Fleet Coates, here for the last year, died early Saturday at the Ozona hospital.

She was the widow of W. L. Cranfill, who died in Big Spring in 1901.

Funeral services were held at 2 o'clock Sunday afternoon from the Eberly Funeral Home, Big Spring. Cody Funeral Home here was in charge of arrangements. Burial was in Big Spring.

Mrs. Cranfill, a native of Coryell county, is survived by three daughters, Mrs. S. E. Winfrey, Clovis, N. M.; Mrs. J. L. Smith, Seminole; and Mrs. Coates. One son, W. E. Cranfill of Wickett, 27 grandchildren and several great-grandchildren also survive. Grandsons served as pallbearers.

Petit Jury Called To Report Friday

The petit jury for the 112th district court has been ordered summoned to report at 10 o'clock Friday morning by Judge Garland Casbier of Fort Stockton.

Judge Casbier will reconvene the April term of court for the purpose of calling to trial defendants indicted by the April term grand jury. Seven indictments were returned by the panel.

Free Distillate Is Recovered In Clayton Wildcat

1800 Ft. Wildcat Spotted East of Midway Lane Field

Recovery was 1,480 feet of gas and distillate-cut mud with between five and 10 gallons of free distillate in the bottom of the drillpipe on a test in the Ellenburger by Magnolia No. 1 Clayton Ranch, Crockett county wildcat 10 miles east of Ozona.

Gas showed to the surface in 18 minutes at the rate of 330,000 cubic feet daily and a light spray of distillate after 50 minutes on the four-hour drillstem test through 2 1/2-inch bottomhole choke through 3/4-inch bottomhole choke from 8,699 to 8,737 feet.

Surfacing flowing pressure was zero; open flowing bottomhole pressure was 110 pounds; shut-in bottomhole pressure after 15 minutes was 4,375 pounds. No. 1 Clayton Ranch started a core at 8,737 feet and was cored ahead at 8,757 feet.

Operators recovered 50 feet of tight, dry dolomite on a core from 8,637 to 8,687 feet. Core hole was beingreamed to bottom preparatory to drillstem testing.

Previously, a test from 8,667 to 8,695 feet showed gas to the surface in 10 minutes at the minimum volume of 250,000 cubic feet daily and yielded 1,330 feet of gas and distillate-cut mud, with no water. Gas showed to the surface in four minutes that attained a volume of 3,460,000 cubic feet daily and recovery was 1,320 feet of gas and distillate-cut mud on a test from 8,627 to 8,659 feet.

The Ellenburger had been topped at 8,489 feet, 6,000 feet below sea level. Location is 1,320 from south, 1,980 feet from west line of section 12-GH-GC&SF.

Stanfield & Cousin of Midland have spotted a wildcat east of the Midway Lane (Ellenburger) field in northeastern Crockett county. Projection to 1,800 feet with cable tools, the firm's No. 1 University will be 330 feet from south and west lines of section 27-45-U.

AT MOTHER'S BEDSIDE

Dr. Alice E. Wilnot, Ozona drugless physician, is in Abilene at the bedside of her mother who is critically ill. Dr. Wilnot will remain with her mother, who is reported near death, until the end or there is definite improvement in her condition, she announced.

Man Lives After Feeling Bite Of 66,000 Volt Shock

Worker Installing New Substation Equipment, Badly Burned

W. R. Weaver, an employe of Allis-Chalmers Co. of Dallas, here with a crew of the company to service a set of giant transformers soon to be installed at the Ozona substation of the West Texas Utilities Co., felt the jar of 66,000 volts of electricity here Friday afternoon and lived to tell about it.

Mr. Weaver suffered serious burns of his left leg and foot when he got too near the company highline entering the substation, causing an arc to his foot. He was working on top of one of the new, big transformers which was mounted on a steel car on tracks under the substation tower. The fact that the transformer was well grounded accounted for the man's surviving the shock, company officials said.

Mr. Weaver and a co-worker were on the transformers at work when the accident occurred. Weaver was knocked or dived off the transformer to the ground and the other workman followed suit. The latter was not injured.

The injured man was rushed to the Ozona hospital where he was revived and treated for burns. He was taken to Dallas yesterday in a Cod Funeral Home ambulance for further treatment. He was making a satisfactory recovery from his injuries.

Sinclair Plans to Plug and Abandon Henderson Wildcat

Sinclair No. 1 F. R. Henderson, Crockett county wildcat 12 miles south of the Midway Lane field, Tuesday was plugging to abandon at 8,540 feet in the Ellenburger after recovering sulphur water.

Recovery was the 1,000-foot water blanket and 4,140 feet of drillstem test from 8,458 to 8,540 feet in the Ellenburger topped at 8,080 feet on elevation of 2,551 feet. No. 1 Henderson was 660 feet from south and east lines of section 93-OP-GC&SF. The failure was 5 1/2 miles south of Weiner and other No. 1-E Isabel Vaughn Ellenburger failure.

Stanolid No. 1-BK University half mile southeast of Stanolid No. 1-G University, opener of the Block 39 Ellenburger field, was cleaning out at 8,200 feet after shooting.

Drouth Stricken West Texas Gets Drenching Rains

Soaker Ranges From Half to 2 Inches Over County

Powder dry West Texas gained a new lease on life last night as soaking rains came to wash away the gloom of drouth and cast a rosy glow on prospects for a real Spring awakening of West Texas rangelands.

After weeks of drying winds and fogging dust, ranchmen Wednesday afternoon eyed with hope the clouding skies and soon after nightfall saw the life-giving rains come again.

Falls in the Crockett county area ranged from a .6 precipitation in Ozona to two inches in areas west of Ozona. Ranchers to the south of Ozona reported approximately an inch of moisture and the fall was believed general over the county.

Jim Patrick, who has been under treatment in a San Antonio hospital for several weeks for a heart condition, was able to be about town this week. Mr. Patrick was dismissed from the hospital and returned to his home here two weeks ago.

500 Students To Invade Ozona For District Meet

Literary Events Slated Friday, Track & Field Saturday

An estimated 500 to 600 students from eight schools comprising District 23B will participate in the district meet scheduled for Friday and Saturday in Ozona.

The invasion started Wednesday when softball and tennis teams from Ozona, Sonora, Eldorado and Big Lake were engaged in preliminaries to decide the west half championship of the district in these events. Winners of these events will compete against winners in the east half of the district here Friday to determine the district champions.

Schools to participate in the district meet the week-end will be Ozona, Sonora, Eldorado, Big Lake, Junction, Menard, Rock-springs and London.

Literary events will be held in the high school building beginning at 9 o'clock Friday morning. Judges for these events will be from Sul Ross State Teachers College at Alpine, selected from the staff of the speech department of that institution.

Track and field events will be run off at Lions Stadium beginning at 9 o'clock Saturday morning. Jack Harris, Ozona football coach, will be the director of the track and field meet. Jack McIntosh, Ozona superintendent, is director general of the district meet. The one-act play contest will begin at 3 o'clock Friday afternoon in the high school auditorium. Admission will be free. The Ozona High School is entered in these events with a play being directed by Mrs. R. J. Adams. The school players are expected to perform at about 4 o'clock Friday afternoon. Final presentations in this contest will be given Friday night when winners will be announced.

All high school classes will be dismissed here Friday, Mr. McIntosh announced. Grade school children, however, will be required to attend classes as usual.

Crockett Voters Approve Fire Station, Courthouse Bonds

\$35,000 To Build Fire Station, \$15,000 To Repair Courthouse

Voters of Crockett county last Saturday approved by a wide margin two proposed bond issues for the county totalling \$50,000 for the purpose of building a fire station and county office building and repairing the courthouse.

One issue calls for \$35,000 in bonds to be used to build the fire station and the other for \$15,000 in bonds to be used to repair the present courthouse. The vote on the \$35,000 issue was 148 for and 10 against while the vote on the courthouse repair issue was 145 for to 11 against.

County Judge Houston Smith announced yesterday that a conference would be called in the next few days with members of the Volunteer Fire Department to discuss with the Commissioners Court the plans and arrangements for the fire station. Members of the department have made inspections of a number of fire stations in recent weeks and information gathered on these inspection trips will be used in the final preparation of plans already drawn for the building and as soon as all details are worked out an architect will be employed to draw up final plans and specifications.

Members of the Commissioners Court will meet at a date to be announced later to receive bids for sale of the bonds, Judge Smith said. A number of bond buyers have already made inquiry about the issues, the judge reported.

Jim Harrison, 62, Ranch Worker, Dies Of Heart Attack

Jim Harrison, 62, ranch worker employed on the Massie West ranch south of Ozona, died about 7 o'clock Thursday night at the West ranch following a heart attack a few minutes earlier.

Mr. Harrison had been employed in ranch work in this county for a number of years. He is survived by a sister, Mrs. Aaron Joslin of Knickerbocker.

Funeral services were held here Friday afternoon. Graveside services were conducted by the Rev. Clifton R. Tennison, pastor of the First Baptist Church. Cody Funeral home was in charge of arrangements.

Son of Ozona Couple Signs With National League Boston Braves

Charles (Chuck) Bledsoe, son of Mr. and Mrs. A. D. Bledsoe of Ozona, has signed a contract with the Boston Braves of the National League and has been farmed out for conditioning with the Pensacola Flyers of Pensacola, Fla., according to word received by his parents.

Young Bledsoe, a catcher and potent hitter, played with the Bal-linger Cats in the Longhorn League in 1947 and in 1948 was with Tyler in the Lone Star League. He suffered an ankle injury while playing with Tyler and was out of pro baseball last year.

Last season, while playing amateur baseball in Houston, Bledsoe was voted Houston's outstanding amateur baseball player. He was a catcher with the Heights Bulldogs, a hot organization in the city league.

Chuck's wife is the former Louise Jacoby, daughter of Mr. and Mrs. Max Jacoby of Eola. She is visiting the Bledsoes here this week and plans to join her husband in Pensacola in the next few days.

Lions Club Softball Field Improvements Near Completion

Members of the Ozona Lions Club have been a busy lot the past week as they turned amateur carpenters to nail up the high board fence being erected around the improved Lions softball field.

The field has been smoothed, seeded with grass seed and a new and much improved lighting system installed. The field will soon be ready for the summer football wars and plans are being shaped for some spirited competition on summer nights. Additional bleachers to increase the seating capacity of the park are being installed.

Dr. Rider Stockdale To Be Associated With Dr. Tandy Here

Dr. Rider Stockdale, a graduate of the University of Texas School of Medicine is moving to Ozona to become associated with Dr. H. B. Tandy in the practice of medicine and operation of the Ozona Hospital.

Dr. Stockdale interned at Kansas City General Hospital and for the past year has been on the staff of the Texas & Pacific Hospital at Marshall, Texas. He is single.

Dr. Stockdale's father is admissions counselor for Stephens College for girls at Columbia, Mo. He has visited Ozona on a number of occasions and is known to many Ozonans.

DIST. SUPT. TO PREACH AT METHODIST CHURCH

Rev. Fred J. Brucks, district superintendent, will preach at the morning service next Sunday at the Ozona Methodist Church.

A covered dish luncheon will be staged in the church social hall for all the membership at noon Sunday. At 2 o'clock Rev. Brucks will hold the fourth quarterly Conference of the Ozona Methodist Church.

Ozona Quarter Horse Show May Set Entry Record

76 Entries Received To Wednesday, More Expected

A total of 76 entries from all over Texas had been received to Wednesday for the first annual Ozona Quarter Horse Show and Reining Contests and more were expected before the opening of the show Saturday at 1 p.m. at the Ozona Fair Grounds, Bill Bergfeld, secretary of the show, reported yesterday.

Charley Black is general chairman of the show with Bill Childress and Sonny Bailey as members of the committee.

Three classes of stallions and three classes of mares will be judged beginning at 1 o'clock Saturday afternoon Percy Turner, Water Valley quarter horse breeder, will be judge of the show. The afternoon judging of the halter classes is free to the public.

The grand champion stallion and grand champion mare will be judged at 8 o'clock Saturday night. Following this the performance classes will be judged. These consist of open reining and cutting horse contest. Chas. E. Davidson, Jr., and Vic Montgomery are co-chairmen of this phase of the show. Stock for the cutting horse contests will be furnished by Mr. Davidson.

Twenty-two Crockett county horses had been entered in the various classes to midweek. Other entries were from breeders from all parts of Texas.

Fourteen mares foaled in 1949 were entered for showing in that class. Seven were entered in Class II, mares foaled in 1948, and in Class III, mares foaled in 1947 or before.

Fifteen entries were listed for 1949 stallions, 5 for 1948 stallions and 8 for the three year and older class. There had been thirteen entries in the reining contest and seven in the cutting.

(Continued on Page 5)

Commissioners To Co-operate With Clean-Up Drive

County Trucks To Be Used April 20-22 To Haul Trash

Crockett County Commissioners Court voted Monday to cooperate in the citywide clean-up campaign now in progress under joint sponsorship of the organized civic and study clubs of the city.

County trucks will be made available for three days this month, April 20, 21, and 22, for the purpose of hauling away all accumulated trash collected during the campaign.

Ozona residents are being urged to start now the clean-up of their own premises and vacant lots they own. Particular stress is being laid on a thorough clean-up of alleys, behind store buildings and on vacant lots.

As a step toward minimizing the danger of disease outbreak in Ozona this summer, residents are urged to see that all cans, bottles and other trash are removed, garbage containers kept sanitary and all tall weeds and grass cut. Members of the volunteer fire department will cooperate with property owners in supervising the burning of weed accumulations from cleaning of vacants.

Note was taken by the Commissioners Court of the unsightly and unsanitary conditions created in the downtown section by air conditioners with water draining into the streets. A solution to this problem is being sought in conferences with local plumbers and the court plans to suggest remedies to owners of the offending air conditioners before taking action to abate the downtown nuisance.

THE "FUEL" OF FREEDOM

The president of one of the leading oil companies recently spoke on the danger of government control reaching a point where there can be no return to individual freedom.

Going on, he observed that a certain amount of restraint is necessary in all human endeavor — as in a football game where officials are needed to see that the rules are obeyed.

The oil industry is one of the best examples of what the "fuel" of freedom can accomplish.

done more to expand our living standards: In doing this, the industry naturally made a profit — but that profit was largely paid to the tax collector and for improvements and was nothing by comparison with the benefits realized by the public at large.

THE LOW-DOWN FROM HICKORY GROVE

For wrapping up an understandable statement on a technical kind of subject, I doff my fedora to this Mr. AcAfee of old Saint Louis.

And furthermore says this Saint Louis gent—and it behooves congress to pay heed—if his company could be relieved of tax payments as are most Govt. power projects, his company could furnish free for 8 months of the year, all his residence customers.

Quite illuminating, says Henry. Thank you, I says. And if congress will now finally catch on, our free and easy old U.S.A. may yet save its bacon from socialism, like France and all over Europe etc, is cluttered up with, and which is slowin' 'em down.

Yours with the low down, JO SERRA

Annual Garden Party Held by Woman's Club

Observing the annual Garden Party, members of the Ozona Woman's Club met Tuesday at the home of Mrs. W. E. Friend, Jr.

The members brought floral arrangements in antique containers, and each told the history of the antique. Mrs. Lowell Littleton was program leader. Mrs. Joe Clayton

THE AMERICAN WAY

Look how you save with Dynaflow

FIRST thing you notice, of course, is the bother and effort Dynaflow Drive* saves.

Next, that Dynaflow saves you physically—after long trips you're less tense and tired, more relaxed.

But then, as the miles pile up—and this comes from cold, recorded fact after Dynaflow's two years of public operation—you spot savings you hadn't expected...

You save on tires—because power application is steady, even. On clutch expense—the usual friction clutch is gone.

You save on transmission maintenance, and the rear-axle expenses likely to go with it. And the way your engine is oil-cushioned against normal shocks and strains shows up in less engine upkeep.

* Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable (3) avoids "locking horns," (4) makes parking and garaging easier.

You may well discover another pleasant surprise, too.

We are getting a steadily mounting number of well-satisfied letters about gasoline mileage with Dynaflow cars.

The SPECIAL has shown some records little short of phenomenal. The SUPER is delivering mileage that compares most favorably with gear-shift cars. And the ROADMASTER more than holds its own with cars of its size and bulk.

In short, there's a lot more to please your budget in the 1950 Dynaflow than its new lower price. Refinements over the past two years result in savings that are sizable over the life of the car.

Knowing that, don't you want us to demonstrate the big side of Dynaflow—the utter smoothness of America's first oil-does-it-all drive?

Only Buick has Dynaflow—and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

Matchless Team - DYNAFLOW and F-263 In the Buick beauty pictured here you can have both Dynaflow and Buick's very latest in power, for every latest in power, for every 1950 SUPER has the F-263 engine, that lively high-compression stepper that's the big power thrill of the season. Dynaflow Drive is optional equipment at extra cost.

Bill M... Daughter Asks Picture Autographs

Following appealing letter received by Scott Peters, National Bank from Indianapolis mother of a 5-year-old victim of polio. A lot of letters that O... have received since publication of the article in the Saturday Post, this letter asks picture postcards of Texas people. I will come to the point. Her grandmother and I started her an autograph book and several scrap books. We put autograph cards in one and pictures in the other. Could you please send her some picture cards of Texas autograph-

I am writing to you.

I read a story of your town in the Post magazine.

I have a daughter who will be 5 May 30th. She had polio Aug. 24, 1946 and didn't walk until Sept 20th, 1949 and then only because the doctor put her in a cast from her shoulders to her hips.

The three years she didn't walk she lay on a frame with a two pound weight on one leg, but it didn't seem to help her back so the doctor put her in a cast. She can be up that way.

I will come to the point. Her grandmother and I started her an autograph book and several scrap books.

We put autograph cards in one and pictures in the other. Could you please send her some picture cards of Texas autograph-

ed by people you know there in your home town.

Diane loves music and will sit for hours listening to the radio. She loves picture shows. She does not get to see many as she gets tired sitting through a show. We hope to get a television set soon.

She is a good child and doesn't mind that she can't run and play like other children. Won't you please send her some picture cards.

Thank you from the bottom of my heart.

Mrs. Harold Overton
My daughter's name is Diane Overton, 3350 S. Rybalt St., Indianapolis, Ind.

Here to spend the Easter holidays were the following Ozona students attending A & M College: Joe Perry, Max Ward and Bernard Lemmons. Dick Scott, football star of the Aggie squad, was a week-end guest of Bernard Lemmons.

Bill Cooper, manager of the Crockett County Water Control and Improvement District, attended a meeting of the Fort Concho Water Sanitarians Association in San Angelo Tuesday night.

No Finer List of Names

On Earth!

If you had in your hand a list of all the people in the world who own and ride in Cadillac cars, we think you'd agree that you could search in vain for another list of equal size—and greater distinction.

Cadillac is the great common meeting ground for the world's distinguished people. Wherever the car is available, it has become almost the automatic companion for outstanding personal achievement.

And yet, such is the magic of Cadillac's manufacturing ingenuity, that this internationally distinguished car is available at a price which makes it a great practical value.

The lowest-priced Cadillac model—the lovely "Sixty-One"—actually costs less than certain models of numerous other makes of cars.

The great Cadillac engine is so economical to operate that gasoline mileage actually approaches that of the smallest, most economical cars. In a recent officially-

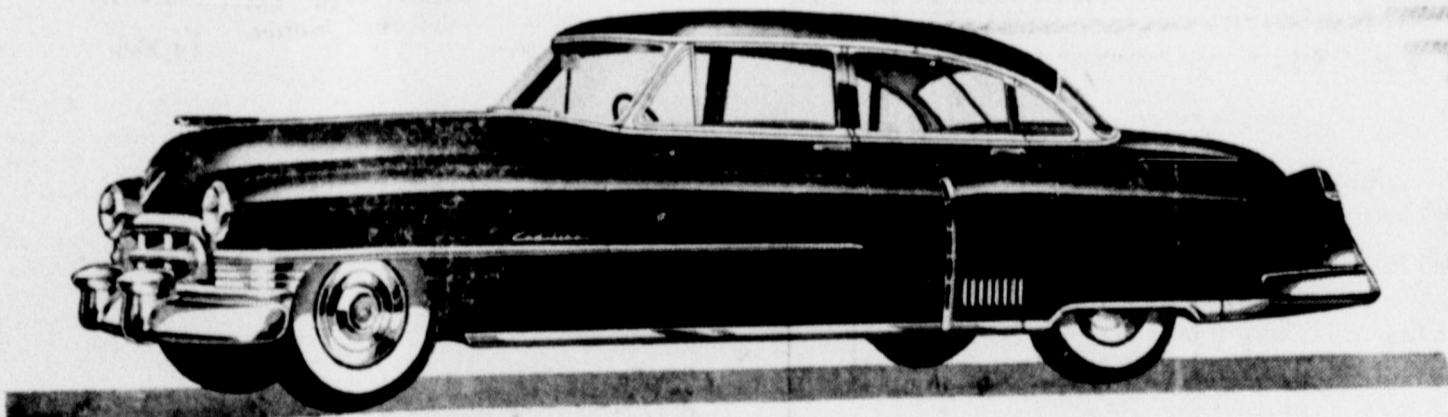

supervised economy run, three Cadillac cars averaged better than twenty-two miles to the gallon for 751 miles!

And there is simply no practical limit to the car's endurance. It is merely a question of how long you wish to keep it and drive it. The full lifespan of a Cadillac has never been accurately measured.

In view of all this, isn't it the part of wisdom to add your own name to the list of those who own this distinguished car?

This is a wonderful year for moving up to Cadillac. The car has never been so beautiful, so luxurious—so utterly thrilling to ride in and drive. It is an everlasting satisfaction to utilize and possess.

Better come in and talk it over. We'd be most happy to see you—any time. But please bear in mind that every day you delay will cost you its price in pleasure and satisfaction. Why not come in today?

COMMITTEE MEETS TO CONSIDER ATOMIC SECRET LEAKS . . . The joint congressional atomic committee—Sen. Tom Connally (D., Texas), David Lilienthal, A. E. C. chairman, and Sen. Brien McMahon (D., Conn.), chairman of the joint atomic congressional committee—holds an emergency meeting in Washington to discuss with the A. E. C. "such information as the commission possesses regarding the British scientist, Dr. Emil Fuchs, who has been arrested in London as a spy." Atomic energy commission members reportedly told the legislators that this British case is far more serious than the 1946 Canadian spy case.

Judge Paul Moss To Open Campaign For Congress April 18

ODESSA.—Setting the pace in a contest that promises to attract nation-wide interest, District Judge Paul Moss of Odessa will formally open his campaign for Congress with a broadcast over nine radio stations April 18.

The broadcast will be heard in El Paso at 7:30 p. m., Mountain Standard Time, over Stations K-ROD, KEPO and KSET.

It will be carried at 8:30 p. m., Central Standard Time, by Stations KOSA and KRIG, Odessa; KVLF, Alpine; KVKM, Monahans; KIUN, Pecos; and KCIS, Midland.

"I intend to state my position squarely and frankly on every major issue confronting both our district and our nation," Judge Moss said.

"I have never tried to evade any issue. I don't intend to start trying now.

"I think the people of the 16th Congressional District are entitled to know exactly how I stand on all matters that affect them. I wouldn't ask them to elect me

their representative in the national government under any other conditions."

At the same time, plans to open Moss for Congress headquarters in El Paso and Odessa — also on April 18 — were announced by a group of Judge Moss' supporters.

The Odessa headquarters will be in the Elliott Hotel.

The El Paso headquarters will be at 405 Myrtle Ave., across from the United States Courthouse.

Judge Moss, long a prominent member of the Democratic Party, plans an intensive campaign.

"I am going to see all of the people I can in the 19 counties that comprise our congressional district," he said.

"I want to meet them and talk with them. That is the only way, I think, to find out exactly what they expect from their congressman.

The people of the district have a standing invitation to see me anytime."

Judge Moss expects to visit each community in the district several times before the Democratic primary election, July 22.

"I have had a number of re-

quests from friends around West Texas to visit their cities," Judge Moss said.

"I plan to accept those invitations as quickly as I can. It is deeply gratifying to know that so many people are interested in my candidacy."

In several cities — including Odessa and El Paso — plans already are under way to set up clubs to join in Judge Moss' campaign.

Judge Moss presides over the 70th Judicial District, comprising Ector and Midland counties.

During almost 25 years in Odessa, he has engaged in practicing law, cattle raising, oil production, and numerous civic and business enterprises.

He also is the author of several books.

Mr. and Mrs. Madden Read had as Easter holiday guests, Mr. and Mrs. Hubert Jones of Austin, Mr. Read's brother-in-law and sister and their sons, Jimmy Read, a student at Sul Ross State College in Alpine, and Nat Read, attending North Texas Agricultural College at Arlington.

His mother, Mrs. Nat B. Read, who came with the Joneses is remaining for an indefinite visit.

Music Club Members And Guests Enjoy Junior Day Program

The Ozona Music Club observed Junior Day when the club met Tuesday in the social hall of the Methodist Church. Several young Ozona musicians performed on the day's program.

Wanda Carden, Shirley Kost, Joan Bower and Betty Norris, pupils of Mrs. W. A. Bergfeld, played piano solos. Paulita Cisneros and Billie Chandler, pupils of Mr. Clark, also played solos.

The High School Girls Chorus, directed by Allen Boedeker, sang three numbers, and the grade school Beginners' Band, directed by John Armstrong, played three numbers. Mr. Armstrong was program director for the day. The program was enjoyed by club members and many guests.

A delicious refreshment plate of frosted punch, cookies and nuts was served by the hostesses, Mrs. R. A. Harrell, Mrs. L. B. Cox, Jr., Mrs. John Armstrong, Mrs. Henry Witchee and Mrs. H. B. Tandy.

The next meeting of the club will be May 4 at which time a book, "Music to My Ears," by Taylor will be reviewed. New of-

ficers will be installed at the next meeting also.

Mr. and Mrs. Sid Moughon were here from Dallas to spend the Easter holiday with Mrs. Moughon's parents, Mr. and Mrs. Ewart White.

Mr. and Mrs. Don Dreyer and two children were here from San Antonio to spend the Easter week-

end visiting Mrs. Dreyer's parents, Mr. and Mrs. S. M. Harrell.

MISS AUDREY FAYE DUNCAN, daughter of Mr. and Mrs. A. Duncan of Decatur, Texas, will become the bride of Bland Tandy, son of Dr. and Mrs. H. B. Tandy of Ozona, in a wedding ceremony at Decatur on June 17.

Class IV entries are M. L. Baker, Carson & Son, Rachel Irene Ellenauer A. R. Eppenauer, 2 head Hammond Sparks, Denton & Kraohn, 2 head, J. B. Miller, M & M Ranch, 2 head, Paul Perner and P. C. Perner and John Dudlin.

Class V entries are Charlie Boy Davidson, Charlie Black, Stanley B. Mayfield, J. A. Meek and Jim Sutton.

In Class VI, three-year-old and older stallions, entries are L. P. Elwoodworth, Jr., R. A. Stuart, Frank B. Black, Noelke & Donaho, Punk Snyder, Bob Bailey, Abe Carruthers and Buster Cole.

Entered in the reining contest are Buck Smith, Foster & Hildebrand, Walter Brooks, Charlie Boy Davidson, Cargile & Son, Bill Donaho, Punk Snyder, Kay Black, Gerald C. Nobles, Tommy McNeill, Buster Cole, P. C. Perner and Margaret Montgomery.

In the cutting horse contest entries include John Dublin, Chas. E. Davidson, Jr., (on Cowboy), Jim Calhoun, Guy Harrell, Jess Koy and Buster Cole.

Sterling City Horse Show Slated April 22

Nine trophies will be presented at the Sterling City Horse Show, April 22, 1950. Grand Champion stallions and mares of the Quarterhorse, Thoroughbred and Palomino divisions will receive trophies. The champion gelding and reining horse will each receive a trophy and all reserve champions will receive rosettes.

The American Quarterhorses Association donated the Quarterhorse trophies. Chase Holland and W. P. Barnes of San Angelo each donated a trophy. Mrs. Glenn Mayes, Garden City, is presenting a special trophy to the champion quarterhorse stallion in memory of her parents, Mr. and Mrs. M. T. Sullivan, pioneer breeders of Quarterhorses.

Edd Heller of Dundee will judge the show. The ladies of the Methodist Church will serve lunch in the basement of the Methodist Church.

Entries should be in by April 15, 1950. No stall facilities are available, but all horses are welcome. Feed and water troughs should be brought.

THE AIR FORCE DECORATES BOB HOPE . . . Comedian Bob Hope receives in Washington the "exceptional service award for long outstanding interest in military aviation and military airmen, and generous support of both," from Air Secretary W. Stuart Symington, while Hope's wife, Dolores, looks on with pride. After Hope received his award, one of the air force's highest decorations, Mrs. Hope received a scroll of appreciation which said, in part, her "talent and presence contributed much to the morale of airmen overseas and in hospitals." Hope spent Christmas with the boys in service in far-northern bases in Alaska. He spent most of the war years entertaining service men.

RUPTURE SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Cactus Hotel San Angelo Friday only, April 21, from 9 a.m. to 4 p.m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, affecting immediate results. It will not only hold the rupture perfectly, no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. 6509 N. Arctian Ave. Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

WILL KEEP CHILDREN in my home any evening except Wednesday and Sunday. Experienced. Mrs. Bill Brown, phone 79.

BAPTIST W. M. S.

The Woman's Missionary Society of the First Baptist Church met Wednesday afternoon in the home of Mrs. Pleas Childress. Mrs. Henry Witchee led the Bible lesson. Others having parts on the program were Mrs. Ben Williams, Mrs. E. L. Lawson, Mrs. Jack Brewer, Mrs. O. C. Webb, Mrs. H.

A. Gustavus.

Others present were Mrs. Roy Sewell, Mrs. Raymond Smith, Mrs. Doyle Perdue, Mrs. Clifton Tension, Mrs. A. J. Steen, Mrs. Roy Thompson, Mrs. J. T. Keeton, Mrs. Jim Patrick and Mrs. S. L. Butler.

WANTED — Plain sewing. See or call Mrs. Sam Houston. Phone 306W.

Popular Theories On Deer Habits Exploded By Govt. Trappers

AUSTIN — Some popular theories about movement and feeding habit of deer have been challenged in findings by Game, Fish and Oyster Commission crews.

For example, the old deer hunters' observations that deer feed during certain positions of the moon were not borne out by the studies, according to the Director of Wildlife Restoration. If weather conditions were to their liking, the deer fed regardless of the moon.

The trappers reported that mule deer moved around or fed very little during short periods of wet cold winds, high winds, and during rain or snow storms. It appeared that the deer congregated in arroyos, headers or on the lee side of hills and remained there until the weather changed. Low temperatures alone did not seem to keep them from feeding. If the wind blew hot or cold for several hours and slackened up for only a short period, the deer became very active.

In the mule deer trapping routine, it was learned that deer were attracted to the traps in several types of terrain. When inclement weather prevailed, traps located near the foot hills were visited more often than those in the valleys. The deer did not object to traps out in the open but seemed to prefer those near trees. A trap near a public road was used

very little and never regularly. Traps near watering places did not seem to have an advantage. After rains and during freezing weather, the traps up near the foothills gained in popularity and several of the traps near water were abandoned by deer after one deer was taken.

Unwanted species enlivened trapping procedure. In one experiment, crews found that the deer were not attracted to traps by mistletoe and apples. But kangaroo rats and rabbits responded quickly to the fruit diet. The curious types caused considerable annoyance. One set of traps netted a cow, two calves and several raccoons as well as deer. Raccoons drew a general nuisance rating because four traps in one set were thrown by the pesky night prowler.

Other undesirable animals attracted by cottonseed cake bait included peccary, turkey, hogs, pack rats and even ants. As winter progressed and native food declined, the disturbance in traps became serious. On occasions one third to one-half of all traps were thrown by raccoons alone. Collared peccary or javelinas became a serious pest and at times no less than one-fourth of all traps set were thrown by these animals.

The portable traps used to catch deer for transplanting are made of aluminum with plywood doors at each end of the single compartment which slide up and down in channels like windows. When the deer step on a buried

box-like device in the center of the enclosure, a spring is released pulling wires that drop the sliding doors.

All deer are tagged in the ear with a metal numbered tag. The tag bears the notation that hunters bagging the game should notify the Game Commission. Trappers cut off the buck's horns for the dual purpose of preventing them from injuring themselves or other deer while in transit and also to spare them from becoming a target of hunters immediately after release. But the time the buck gets on legal hunting ground with a new set of antlers, the scientists will be ready to record how far he traveled from the original releasing place, how long he lived, and other data vital to planned wildlife management.

Entries Arriving For San Angelo Horse Show April 29 & 30

SAN ANGELO — First entries for the San Angelo Horse Show scheduled April 29 through 30, are being received at the secretary-manager's office and horse show officials are expecting an outstanding 1950 show.

Entries in the halter performance classes must be in the horse show office by April 15.

As an added feature to the 1950 San Angelo Horse Show, an open jack-pot calf roping event will be staged in conjunction with the show. Deadline for this event and the ladies barrel race will be 5 p.m. April 29.

Purse for the open jack-pot roping and ladies' barrel race is \$100 and added money of \$10 entry fee for each performance to be divided 40, 30, 20 and 10 per cent.

Divisions of the halter judging with eight classes in each division are the Quarter Horses, Palomino Pleasure Horse, Palomino Stock Horse and Thoroughbred and Halfbred sections. Halter classes will be judged April 29.

In the performance classes the following classes will be judged: reining, western equipment, clover leaf barrel race, western pair, three gaited junior class with riders under 12 years of age, the ladies barrel race and the open jack-pot roping event.

Judges for the show will include: Claude B. Mullins, quarter horse breeder from Hallettsville, Texas, quarter horse judge; C. E. Botkin of Abilene, judge of Palominos; and Wade Winston, of Snyder, Reining judge.

Among college students home for the Easter week-end were John Fussell from the University

of Texas, Chris Perner from TCU, J. G. Hufstedler from ACC, Sammy Perner from Sul Ross, Kerry

Tandy from Texas Western, Ed Lou and Ray Piner, Jr., from North Texas State.

Someday you will Cook Electrically

WHY NOT NOW?

Thousands of Texas homes switched to electric cooking during 1949. This year, that many and many more will discover this newer, better method of cooking.

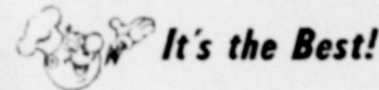

for **CLEAN Automatic Cooking** that's always **CERTAIN** Switch to **Electric NOW!**

- It's fast
- It's clean
- It's modern
- It's safe
- It's automatic
- It's economical
- It's certain
- It's cool
- It's healthful
- It's convenient

Yes, more and more women everywhere, every day are discovering how simple and easy it is to prepare good food on an electric range. For it's not just a better range... but a better way of cooking. No other method of cooking offers you the ease and convenience, the economies of modern electric cooking. Just ask any friend who cooks electrically... she'll tell you the "buy-word" for good cooks today is Electric!

Faye Duncan Wed Bland Tandy Decatur June 17

Mrs. A. L. Duncan of Decatur has announced the engagement of their daughter, Audrey Faye Duncan, to Bland Jack Tandy, son of Dr. and Mrs. Tandy of Ozona.

The wedding will take place at 6 p.m. in the First Baptist Church of Decatur. The Rev. Bell will officiate.

Tandy attended Arlington College and North Texas College and served two years in the Navy. Miss Duncan graduated from Decatur Baptist College in June. She is a member of Press Club and the League of Women Voters.

The couple will reside in Big Lake where Mr. Tandy is employed by the McVay - Stafford Company of Tulsa.

CARD OF THANKS

To take this means of expressing our gratitude to the people of Ozona and surrounding area for many acts of kindness and expressions of sympathy on the occasion of the death of our brother, Jim Harrison. We are especially grateful to those who sent beautiful flowers.

Mrs. Aaron Joslin and family

Bland Tandy, employed by an Ozona company at Big Spring, spent his Easter week-end here visiting his parents, Dr. and Mrs. H. B. Tandy.

Mr. and Mrs. Arthur Byrd Phillips, both students at the University of Texas, spent the Easter holidays here visiting their parents, Mr. and Mrs. Arthur Phillips.

WANTED

FOR WOMAN to take over established Watkins Cusumano of Ozona. Full time income \$45 weekly up. No car or income necessary. We will help start. Write C. R. Ruble, of the J. R. Watkins Company, West E. H. Crump Blvd., Ozona, Tenn. 1-29

ONE FOR "SLIPS THAT PASS IN THE NIGHT"

Mrs. W. J. Grimmer of Winfield, Iowa, a former Ozonan, passes along a clipping from the Winfield Beacon's church announcement column that is destined to make the Reader's Digest column of ludicrous typographical errors that cause editors sleepless nights.

In the Methodist Church announcement of scheduled Easter services a paragraph reads as follows:

"The morning worship will be at 11:00. Parents desiring to have their babies during this service, get in touch with the pastor of the church."

A versatile pastor, one would say. And Mrs. Grimmer notes in the margin, "Winfield, Iowa, will make the headlines, too!"

Mr. and Mrs. R. H. Schmuck, former Ozona residents who moved from here to Big Lake, have been transferred to Houston. They are living at 3846 Wichita St., in Houston.

Texas Experiments Propagate Russian Species of Grasses

RENNER, Tex. — The Texas Research Foundation is taking the lead in rounding up, and putting to productive work, a group of Red Russian aliens.

They — the staff of the Foundation at Renner, just north of the Dallas city limits — are not finding it necessary to alert J. Edgar Hoover or Senator McCarthy's Communist investigating forces. These aliens are not the secret-stealing or sabotaging breed of Soviet.

These particular "Red" Russians are several outstanding forage grasses and such grasses they are! They are among the nation's very best, and the fact that they are infiltrators from Soviet Russian or pre-Soviet Russian borders does not prevent them from moving toward what appears to be their well-founded Texas destiny. This trend relates to their experimental roles in the extensive grass-breeding nurseries and test plantings of the Texas Research

Foundation, for use in the Texas blackland soils and elsewhere.

Among these grasses of Russian extraction included in these experiments are Smooth Brome grass (Southern strains), several valuable Bluestem grasses, and Intermediate Wheat grass.

Two ex-Russian grasses, Smooth Brome and Intermediate Wheat grass, are ranked high in promise among cool-season perennial grasses being tested at Renner.

Among the warm-season grasses coupled in this experimental program with the Brome and Intermediate Wheat grasses are two more which hail from Asiatic Russia, and are being tested for the best warm-season growing and yielding qualities. These are the King Ranch Bluestem and Angleton Bluestem.

Turkestan Bluestem K-R strain, now usually referred to as King Ranch Bluestem, has made phenomenal gains in use by Texas farmers in the past few years. It originally came to this country from Russian and Chinese Turk-estan.

Angleton Bluestem, also from Asiatic Russia, takes its name from its successful growth near Angleton, Texas. It is believed possibly capable of becoming a potent factor in revitalizing Texas pastures and ranges, if strains can be developed at Renner which will grow this far north without danger of winter killing.

Another Bluestem native of Russia, as yet unnamed and being test-grown thus far principally at the vast King Ranch, seems to be a distinct possibility for possessing the richest merit of all. This grass is as yet a dark horse, however.

Mrs. Madden Read left Wednesday for Austin to be at the bedside of a brother, Jess Ellis, who suffered a heart attack and is in serious condition.

Ralph Carden, University of Texas student, spent the Easter holidays here in the home of his grandparents, Mr. and Mrs. Ralph Watson.

Accurate and Complete

RANCH RECORDS

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Over 250 Entries Seen in Del Rio Spring Meet

DEL RIO. — More than 250 stall reservations have been made for the spring race meet in Del Rio April 25 through April 30.

The races, sponsored by the Del Rio Livestock Association, will see the cream of the quarter-horse crop as well as thoroughbreds competing. Much interest is centered on the futurity race.

Race officials said a nice bunch of colts has been entered in the futurity and a full gate is expected for the event.

Horses from many well-known stables have been entered in the

events and a number of outstanding quarter horses, including Barbara B and Mayflower, will be running in the spring meet.

Many are already in Del Rio and working out at Del Rio Park, where the races are run.

The Chamber of Commerce and the merchants of the city have cooperated with the Del Rio Livestock Association and a half-holiday has been declared for the opening day of the meet. The city is prepared to welcome

a host of visitors to the races, April 25 through April 30.

Miss Sue Meinecke, a student at TCU in Fort Worth, spent Easter here visiting her mother, Mrs. Coralie Meinecke.

FOUND — Pair of eye glasses in zipper case. Owner may recover same by paying for this ad at the Stockman office.

It's MISS AMERICA for beauty

Just one look will tell you why the '50 Ford is a style show all by itself... why it's the only car in automotive history to twice receive the Fashion Academy's Gold Medal Award as "Fashion Car of the Year" (and two years in a row, at that!)

It's MR. BIG for size

No other car in Ford's field offers so much hip and shoulder room. The '50 Ford is big and feels big. The more you take this great car out on the road, the more you'll feel its luxurious big car comfort, its effortless "finger-tip" steering and its solid roadability. A ten-minute "Test Drive" will convince you that the '50 Ford is truly Mr. Big for performance and for value.

And Champion of its Class for ECONOMY

'50 FORD

Here's real evidence of Ford's extraordinary gas economy. In the official AAA supervised Mobilgas Grand Canyon Economy Run, a '50 Ford Six equipped with Overdrive* won in its class — the three full-size cars in the low-price field. Low first cost, low operating cost and high resale value mark Ford—V-8 or "Six"—as the "Big Economy Package" in its field. "Test Drive" it at your Ford Dealer's today.

"TEST DRIVE" IT AT YOUR FORD DEALER'S
