Letters To The Editor

DEAR EDITOR:

I am the wife of an oil field worker. I have an extra nice husband and two little boys.

The folks of Ozona that we have met are so nice and make us feel welcome—especially the storekeepers. The rumor we heard before coming here was, "People in Ozona will not welcome oil field workers."

We came over to get a place to stay and everyone was so nice to help us find a place to stay. If the person we went to see to inquire about a place to stay did not have one, he or she would call someone else to try to help us. I thought that was so nice of those people. It makes a newcomer feel so welcome.

But the point I would like to get over is this: I was waiting for my mail at the post office Wednesday, January 25th, at 12 o'clock. I overheard a little short, fat lady say to a man next to her, "I have to put this in here before some of these oil field workers rob me." You could have knocked me over with a feather.

I wonder if she claims to be a Christian woman. The folks on our rig mostly are nice, decent people. Some, maybe you could not call that, but that is so with everything. My family goes to church and we live decently. All we want is a chance to make our living honestly. We don't want anything unless we can earn it honestly.

I wonder if that woman has a daughter moving around into different towns trying to raise decent boys and girls and make a living. My husband and myself are very much interested wherever we go to put our children in a good school and to take part in everything. We do not have much money but give to everything and do not mind any hard work or time free to help someone else.

This letter is not meant for anyone but that little fat lady in the post office. We are so satisfied here and think most everyone here is so nice. This is the only way I could tell the lady. I sincerely hope no one else feels as she does.

The wife of an oil field worker

ED. NOTE - - Contrary to our usual policy, we are publishing the above letter though it was unsigned. Its tone is friendly and its message one that all Ozona people are entitled to read, because it is our belief that most Ozona people are friendly and ready to welcome the stranger in our midst. And we feel that most Ozonans will be gratified that the letter writer has found only one person in Ozona so far that she would criticize.

Dr. and Mrs. H. B. Tandy and Mills are in San Antonio this week where Dr. Tandy is attending a three-day meeting of the International Postgraduate Medical Assembly of Southwest Texas. The Assembly opened Tuesday morning at the San Antonio municipal auditorium.

4 Days Left To Pay Poll Tax For Right To Vote

Jan. 31 Is Deadline To Qualify For Ballot In 1950

Only four days remain in which to pay your poll tax for 1949, to qualify you to vote in this election year of 1950—in case you still have not done so.

January 31st is the last day in which you can pay your poll tax and be qualified to vote in 1950. This year is election year for county, state and regional officials, with the Democratic primary scheduled for July 22 in which local and state officials will be nominated for a place on the general election ballot in the fall. If your poll tax is not paid on, or before January 31st you will have no voice in the selection of these officials, nor in deciding any local issues which may come up for a vote.

Persons reaching the age of 21 years between January 1st, 1949, and December 31st, 1949, are eligible to receive an exemption certificate which will entitle them to vote in 1950. But such persons must go to the tax collector's office to receive such certificate. In the case of over-age exemption, persons who reached their 60th birthday before January 1, 1949, no exemption certificate is necessary for voting—you need but to keep your poll tax receipt.

In order to vote in a bond issue election, a voter must be otherwise qualified and must have rendered property for taxation and paid taxes on such property in 1949 for the right to vote in bond elections in 1950. Persons who render any property for taxation, an automobile, jewelry, cash or any personal or real property, this year, between now and April, will be qualified to vote in bond issue elections in 1951.

Lions Edge Reagan 30-28 To Stay In District Running

Two quick field goals by Sonny Meinecke in the fading seconds of the ball game gave Coach J. A. Pelt's Ozona Lions a district win over the Reagan County Owls of Big Lake on the new gym court here Tuesday night.

The Lions got off to a quick lead in the game, which they held to the third quarter. Cunningham, lengthy Lion whose accurate snatches off the backboard above equally tall Phillips of Big Lake, kept the Lions out in front, went out of the game shortly before the half and in the third quarter Phillips' grabs gave his teammates an advantage and the Owls pulled ahead. With Cunningham back in the battle was on an even footing until the visitors surged up two points in the last two minutes. Meinecke's two ringers and a tight Lion defense spelled a victory for Ozona.

Slatten of Reagan led the scoring with 11 points, with Meinecke a close second with 10 points.

The box score is as follows:

Ozona	FG	FT	TP
Meinecke	5	0	10

Donations To March Of Dimes Campaign Lag

Crockett County Goal Set At \$1,500; Need Great In 1950

Ozonans are lagging in their donations to the 1950 March of Dimes campaign on behalf of the National Foundation For Infantile Paralysis, Frank James, Crockett County drive chairman, announced this week.

The county's quota has been set at \$1,500 this year in view of the pressing need of the Foundation for funds to recover from last year's tremendous drain resulting from the greatest epidemic of polio in the nation's history. The local chairman hopes that Ozonans, who have had first hand knowledge of the disease's outbreak and the work of the National Foundation, will meet the challenge of this most worthy cause and go over the top on the 1950 quota.

Contributions through benefits and voluntary donations to date have amounted to less than \$100, the chairman reported this week. The benefit basketball game between roping clubs of Ozona and Rankin last Friday night resulted in enriching the local drive \$53. The Ozona Rotary Club voted a donation of \$25 to the drive and the Baptist Woman's Missionary Society voted a contribution of \$5.

The chairman's report of course, does not include money that is being given in the polio boxes which have been placed at vantage points throughout the business section.

It has been the custom in past years to make the March of Dimes campaign a purely voluntary drive, that is, no active solicitation is made for contributions. Benefit performances were staged and the dime boxes placed in business places. But the Foundation needs are so acute this year and the threat of another epidemic so appalling that new impetus is needed to bring in a liberal donation from every community.

Persons who have not yet donated to the campaign may do so by leaving money or checks at any business house in Ozona or with Chairman James at the James Motor Company.

The Ozona Lions Club is sponsoring the Saturday Shindig, a radio show broadcast every Saturday night over Station KTXL, in San Angelo, which will be presented in the High School Auditorium Saturday night, February 11. It will be a full two-hour show, 30-minutes of which will be broadcast from the auditorium stage over KTXL. Admission price will be \$1.00 per person and all profits above the actual expenses will go to the local March of Dimes drive, as will all contributions above the \$1 per person admission price.

Three Business Houses Burglarized Here Sunday Night

Three business places in Ozona were burglarized Sunday night with losses ranging from a few dollars to \$64 taken from one establishment.

A few dollars in cash and an undetermined amount of merchandise was taken from the Foxworth Galbraith Lumber Company, and the Ozona Boot and Saddlery. A leather billfold and belt buckle set were missed at the saddle shop in addition to a small amount of change left in the cash register.

Weekly Swing of SOUTHWEST FARM MARKETS

(USDA)—Most livestock and other farm products held fairly steady in the face of dull to good demand at southwest and midwest markets last week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Southwest and midwest hay markets faced slow trade last week under the influence of mild weather which permitted pasturage of grain fields and stubble. Ft. Worth sold No. 2 Mexican Hay at \$33.95 a ton and No. 2 Arizona hay at \$40.43. Receipts of hay over-ran demand at Kansas City. In North Texas trade, feed markets weakened under slowed demand.

Mohair advanced four cents in last week's Texas Hill country contracting. Sales for later delivery

were made at 61 cents a pound on adult mohair and 81 cents on kid. Wool held firm.

Cattle were mostly steady to strong at major southwest and midwest markets through Friday. But Monday, some classes weakened from 50 cents to \$1. At Fort Worth last week, buyers were aggressive for most classes as yearlings ruled strong and stockers found a ready outlet at stronger prices. Good demand for sausage bulls at San Antonio caused price upturns for this class. Oklahoma City saw stockers and feeders facing a good outlet on country account as prices worked up.

Butcher hogs faced active demand at 50 cents to \$1 advances at most southwest and midwest markets. Monday's top prices ranged between \$16 to \$16.50.

Slaughter lambs and ewes were steady to \$1 higher in the southwest and midwest.

Say Mr. Massingill, who is that blonde in Big Lake that you keep going to see?
Rev. Perdue, where did you preach last Sunday?
What were Smith and Meinecke doing with Miss Sealey's sisters in Big Lake, Saturday night?
Looks as though Lee is going to have to move to Sonora. He stays there enough!
Alton, who did you "stand up" Saturday night?
Betty Sue, we hear you are countin' the hours of single life!!
What were Frankie, Mary Ann, Judy, Slim, Deedle and Ted doing on water works hill, Sunday nite?
Tissie, what's wrong with your finger?? It's all swollen...
Deedle, what were you doing reading in English class Monday? Shame on you!
Well, girls, it looks as though we are going to have to put a bell on "Coach" Drake, so we can hear her coming.
Tom and Gib, where did you go Friday afternoon?? Those goats are pretty wild, aren't they?
Gussie, did you and Joan enjoy your little visit in the office? Oh, you giggles!!
Donnie, who are you flirting with now? We hear you really do get around! (Now, now, Donnie, don't you'se go get mad.)

What happened to all the groceries from the H. E. lab? Shore been good ole carrots, aw haw!!
Tissie and Deedle, what were you looking for during choral period Tuesday? Couldn't you find one?
Bettye Maness, why were you trying to climb upon the table at the drug store? What will "Coach" think??
Marjorie and Kenneth Perdue, and Marilyn and Billy Ray were seen together Saturday night.
Why are some of the girls so excited about the tournament? They are looking forward to it even more than the boys!
Perdue, who is the new girl who seems to notice you?
Gordan Sparks has a new girl friend, so we hear. What will Eldorado do??
All of the girls like to hear Mr. Clarke play the piano!! (The boys do too!)
Mr. Pelto, shame on you! We heard that you were trying to bribe some of the H. E. girls to bring you cookies and cakes. (Mrs. Hull'll "pauk wittle Jarmon!")
Alton Smith is really learning a lot of English now!
Sure are lots of men who go to the post office everyday now. Could "checks" be the reason??
What about this, Mr. Pelto?
We hear that kids are still writing for gum. Can't we ever learn?

Ozonans Contribute To Tidwell Bible Building Fund Drive

WACO—Contribution totals for Baylor University's renewed Tidwell Bible Building campaign jumped upward Monday when Guy D. Newman, solicitations chairman, announced \$22,900 in new gifts and pledges as the result of his work last week in West Texas.

A "substantial amount" of the new money came from Mr. and Mrs. Arthur C. Hoover of Ozona. Mr. Newman said that the prayer room in the proposed \$600,000 building will be named for them or for someone they wish to memorialize.

Miss Adelia Ann Oldham and her mother, Mrs. Minnie Holmes Oldham of Abilene have given \$1,000 to the fund, Mr. Newman said. Other contributions and pledges of the week were for smaller amounts.

Mr. and Mrs. Fleming of Fort Worth announced on January 1st they would contribute \$100,000 to the building provided Baylor raised a like amount in 1950. President W. R. White assigned Newman to the job of raising the extra money, and set the goal at \$150,000 so as to complete the cost of erecting and furnishing the building.

These new gifts together with three \$1,000 gifts announced a week ago raised the total of the new drive to \$25,000.

Crockett Investors Bought \$101,100 In Savings Bonds In 1949

The people of Crockett County invested \$101,100.00 in U. S. Savings Bonds during 1949, according to the annual sales report received today by Scott Peters, county Savings Bonds chairman, from Nathan Adams of Dallas, state chairman. This compares with sales of \$78,955.00 for 1948.

Of the 1949 total, Series E, the so-called "people's bond" accounted for \$71,100.00, as compared with \$50,055.00 E bond sales in 1948. Series F and G sales were \$30,000.00 as compared with \$28,900.00 in 1948.

Total sales for the entire state were \$191,499,089, as compared with \$196,448,280 in 1948, Mr. Adams' report said. This is a decline of 2.5 per cent. However, Mr. Adams declared that sales last year were highly satisfactory in view of economic trends and because of a 3.9 per cent increase in the sale of E bonds, from \$139,591,216 in 1948 to \$145,114,738 in 1949. Series F and G bonds accounted for \$46,384,351 of the state's sales total last year.

Mr. Adams said that the people of Texas today hold more than \$1.5 billion in Savings Bonds, a substantial share of which are owned by citizens of this county. These savings, he added, give the community, as well as the individ-

ual owners, a high degree of financial stability.

GMC Reveals Changes In 1950 Truck Line

Advance details of changes that will be incorporated in its 1950 truck line, scheduled for national announcement early in January, were revealed today by GMC Truck & Coach Division of General Motors.

Largest exclusive producer of commercial vehicles, GMC in 1950 will feature stepped-up horsepower in its light and medium duty

engines, as well as a number of cab, chassis and engine improvements. The horsepower of the 228 cubic inch engine will be increased from 94 1/2 to 96, that of the 248 from 100 to 110 and the 270 from 104 to 120.

In addition, GMC will introduce new model series in the 1 1/2 and 2 1/2 ton range and two new six-wheeler series in the 24,000-32,000 gross vehicle weight range. There will also be two, new lighter Diesel tractor series HDCR-640 and 650 of 45,000 and 55,000 pounds combination weights, as well as aluminum equipment options in the big 900 Diesel series which allow weight savings up to 2,500 pounds.

From the stand-point of driver comfort, GMC's light and medium duty cabs will feature seats 56 1/4 inches wide, 1 1/4 inches wider than 1949 models and 9 1/4 inches more than the prewar models. They will have more headroom, improved door sealing and increased seating comfort.

Other advancements in GMC's light line include a one-piece, dust-proof floor in panel, suburban and canopy express models. On the suburban, side-hinged panel doors will be available as an option in place of the standard lift door and hinged tailgate. And all light duty models in the 100 through

250 series will be equipped with new airplane-type, double-acting shock absorbers.

New Texas Highway Maps Distributed

AUSTIN—Want to know the best route from Boca Chica to Texline?

Motorists may have the latest official Texas Highway map just for the asking.

D. C. Greer, state highway engineer, states that the 1950 map is the best ever published. Anyone desiring a free copy should contact the Texas Highway Department.

The new map has been brought up to date to show all of the recent changes in the principal highways of the State. Complete mileage tables are shown.

Twenty-five full-color pictures show points of interest in Texas and along the Pan-American highway in Mexico.

The highway department distributed three hundred thousand copies of the 1949 edition. An even larger demand for the new map is anticipated.

EVERY NINETY SECONDS...

In the short space of time it will take you to read this, a home will burn someplace in the United States. That is the literal truth—a home is destroyed every 90 seconds.

Will your home be next? It can be—unless you take a few simple precautions. One of the greatest tragedies of dwelling fires is that most of them could be easily prevented. To take one example, carelessness with cigarettes is a major cause of disaster. So are overloaded electrical circuits and frayed wiring. And so are improperly maintained stoves and heating systems.

There are many other hazards that exist, to some degree, in nearly every home. Are your basement attic and closets littered with old magazines, old furniture, old clothes and other odds and ends that are all ready to feed a fire?

The loss of a home is more than a purely material waste. Fire insurance, vital as it is, can't pay for everything. It can build you a new house, but it can't replace possessions whose value is largely extrinsic. In many of our homes, human beings are killed, injured and mutilated—and all the money in the world can't make up for that.

Do You Want To Cut Your Federal Taxes?

Slash Government Cost

If your personal or business expenses go up and your income and efficiency come down this year at the same rate as that of the Federal Government, you will be in the hands of the sheriff at an early date.

Workers, farmers, and businessmen from Maine to California know this. The answer is in the Report of the Commission on the Organization of the Executive Branch of the Federal Government. This twelve-man, bipartisan Commission was unanimously created by Congress with the approval of the President. At the suggestion of Mr. Truman, former President Hoover was made its Chairman and Secretary of State Dean Acheson, Vice Chairman. The late president Franklin D. Roosevelt long had advocated such a reorganization of the government.

There is a two-fold purpose behind the effort to reorganize the Executive Branch of the Government: One—the elimination of the inefficiency caused by overlapping and duplication; two—this should lead to a reduction of your taxes. If our Government can save from three to four billion dollars a year by more efficient methods of conducting our business, failure to act is stupid short-sightedness.

Action, however, depends upon the President and Congress. The President has already submitted a number of reorganization recommendations. The Congress has adopted several of these, most important having to do with the housekeeping of the armed forces, which save the taxpayer more than \$500,000,000 a year. But these are only first steps. There will be more ahead if Congress is made to realize Mr. and Mrs. Taxpayer want more tax-saving economies. Congressmen and Senators will vote for just so many of the Commission's recommendations as you, their constituents, demand.

What can you, as an individual, do about it? The answer is to write your Congressman and Senators. Tell them you want the Recommendations of the Commission on the Organization of the Executive Branch of the Federal Government made the law of the land. Join the non-partisan Citizens Committee set up to obtain the necessary action to make the Commission's report work. Write to the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Pennsylvania, for more information about the Commission Report. Tell your neighbors about it. Make speeches! Make your representatives in Washington act—now!

TS&GR And PMA Representatives In Discussion Of Mohair

SAN ANGELO — A thorough discussion of the new mohair support program for 1950 was had between Texas Sheep and Goat Raisers' Association representatives and officials of the Agriculture Department's P.M.A. in Washington, January 9th, Jake Mayfield, Association president, has reported. The group recommended that mohair be supported at 90% of parity or about 60 cents a pound average.

At a later meeting in which they joined with representatives of the National Wool Growers Association, the National Wool Marketing Corporation, the Pacific Wool Growers Association and the American Farm Bureau Federation, it was proposed to the Department of Agriculture that growers of both wool and mohair be given the option to either take or refuse the government's appraisal of their product during the marketing year. Mayfield said that this proposal, if accepted, would

allow a grower to try to sell on the open market until just before the end of the marketing season and then if the open market price was lower, he could still sell to the Commodity Credit Corporation at the appraised price. The support level of wool will almost certainly be at 90% of parity because of the wording of the law, Mayfield added, but there is some question as to what the mohair price level will be in the 60% to 90% support range. Another meeting will be called to fix the price schedule on the various grades of wool and mohair.

A special progress report on the Mohair Market Research Project was made to the Association representatives by Ralph E. Burgess of the Burgess Company, doing the actual work on the project. One phase of the contract, all of which is expected to be completed in the latter part of this year, has been completed. The group was shown blends of synthetic fibers with various grades of mohair. The next phase of the project will be the manufacture of yarns and fabrics utilizing these particular blends, according to the contractor.

Attending the meetings from Texas were Mayfield, Frank Roddie, First Vice-President, Fred Earwood, Ernest Williams, Secretary and Congressman O. C. Fisher.
