NUMBER 12

District Plans For Program

Water Plan Chosen Committee to Write Supervisors.

Steps toward compiling the plan and plan" of work for the newly created Crockett County Conservation District were taken by the board of supervisors meeting at the courthouse Tuesday evening.

The program and plan as finally adopted will constitute one of the complete surveys of all past existing conditions within the district and from the information compiled by the district's soil conservation and range improvement committee.

The program will be planned and followed by co-operating ranchmen. It is in the plan which will include a documentary record of information compiled by various committees assigned to different parts of the matter, will be a part of the purpose of the plan, its legal description, a description of the district and its description of all conditions existing on the soil and water conservation problem, physical conditions and land use, such as erosion, soil slope, damage by erosion, floods, land use and wild animal control work. Economic conditions will also be surveyed, and information on size of ranch and farm units, land ownership, owner-lessee agreements, equipment and power, ranch and farm income, credit, mortgages and debts, the tax and financial condition of the various sub-divisions and conditions of crops and livestock.

Soil Conservation District of the most democratic of governmental units. Cooperation in its program is on a purely voluntary basis and no suggestion of assistance is given by the district at the request of the operator. The district can request assistance from the Conservation Service or any agency of the state, federal or local governments in carrying out agricultural improvement within its boundaries. Operating ranch operators can use of the facilities of these agencies through the Soil Conservation District.

Crockett county district received a check for \$13,847 from the state of Texas as its first year's appropriation for soil conservation work. The Texas legislature appropriated 5 million dollars to be spent over a two-year period by soil conservation districts. The money is not to be paid to individual operators for carrying out certain practices as PMA government conservation program, but will be used by the board of supervisors in such manner as to afford the maximum benefit to all operators in the county. The board of supervisors has full authority to direct expenditure of the money but restrictions from any state or other than those imposed by the original appropriations bill.

Members of the board of supervisors who are in direct operation of the Crockett Conservation District this year include Troy Williams, R. A. Harrell, T. A. Kincaid, Jr. and L. B. Cox, Jr., elected from sub-divisions through 5, in the order named. T. A. Kincaid, Jr. was elected chairman of the board, R. A. Harrell, secretary, and Ralph

Ranchmen Reminded to Have Stock Sprayers Ready for Grass Fires

More than three weeks of dry weather and blistering sunshine have combined to dry out the fine stand of grass on Crockett county rangelands which resulted from early Spring rains.

This combination of circumstances has set up a grass fire hazard in this area which prompts a reminder from Fire Chief Bill Cooper to ranchmen to be ready to fight grass fires with their livestock spray machines until the city fire engines can reach the scene.

The fire chief suggests that ranchmen make a survey of their neighbors to find out which have spray machines and to urge all to have such machines in readiness to fight grass fires on short notice. A great deal of valuable grass could be saved in case of outbreak of fire by effective fighting early. The fire chief's suggestion of group readiness by ranchmen in a given area to fight fires in their own vicinity might be the means of controlling a potentially disastrous fire before it can make much headway.

The ranch type of power sprayers can make very effective grass fire fighters and would be a big help in controlling fire until the city tank trucks could reach the scene, the fire chief points out. Keep them filled with water, or have handy filling equipment to facilitate immediate response to a fire fighting call, is the chief's suggestion.

Buck Bailey, Coach At Washington U., Visitor in Ozona

Buck Bailey, formerly of Eldorado, a Texas football great of yesteryears but better known in these parts for his prowess (and his voice) on the baseball diamond, was a guest here this week of his brother, T. J. Bailey and family and visiting and reminiscing with friends of the early days.

Mr. Bailey is head football and baseball coach at the University of Washington, a member of the tough Pacific Coast conference. He had just returned from Omaha, Neb., where his Washington State baseball team competed in the national intercollegiate baseball tournament and emerged in second place in the tourney, beaten out in the finals by the University of Texas team by a score of 3-0.

In a talk before the Ozona Rotary Club Tuesday noon, Coach Bailey bemoaned a Pacific Coast Conference ruling which forbids member schools from soliciting players from other areas.

"Boys in the Southwest just mature sooner," he said. "The best high school football teams in the United States are to be found in Texas. Back in the days before the Pacific Coast rule against proselyting I used to pick up a few boys in Texas. I could use some of the bright prospects of today," he mused.

Mr. Bailey declared that many coaches are using the T formation more sparingly, realizing that to make the gain you've got to "lay the wood," — block. But the T formation will stay for its element of deception and quick strike and as a good pass formation, he declared.

Crockett Co. Tops Bonds Sales Quota

Crockett county has over subscribed its quota in the current Independence Drive sale of Series E United States Savings Bonds, according to the latest tabulation of sales reported by the Federal Reserve Bank of Dallas.

This county was assigned a quota of \$6,400 and sales to the date of last report were \$7,781.25.

Mrs. Lowell Littleton has been in Lubbock the past week visiting her mother, Mrs. R. E. Hardberger.

For rent: Four rooms and bath, \$45.00 per month. Write Mrs. Hammonds Sparks, Box 502, Eldorado, Texas.

Crockett 4-H Clubbers Win Honors In Show

First in Wool Judging 4th in Livestock at Sonora Show

In addition to bringing home two handsome banners, representing first place in wool judging and fourth in livestock judging, the Crockett County 4-H Club teams participating in the Sonora Wool Show last week also enriched the club treasury by \$25 in prize money for their accomplishments at the show. The teams are coached by County Agent Wm. A. Bergfeld, Jr.

The Crockett county wool judging team took top honors in that event with a total score of 954. Kimble county was second with 935 points, Gillespie county third with 915 and Sutton county fourth with 914.

Graham Childress of the Ozona wool judging team won second place in high individual scoring. Marcus Hoelcher of Fredericksburg was first with 329 points and Graham was second with 327. Jimmie McMullan of the Ozona team tied with Richard Thallman with 317 points for fourth place.

In placing fourth in the livestock judging contest, Bill Schneemann was high for the Crockett county team with 506 points. Jimmy McMullan was second with 500, Ronnie McMullan, third with 450 and Graham Childress fourth with 447.

Entering their first major grass judging contest, members of the Crockett county grass judging team placed eighth in the Sonora contest. Jodie Jones was high individual on the Crockett team, followed in order by Charles Garlitz, Elvis Andrews and Charlie Black.

Approximately 35 teams from 4-H Club and F.F.A. organizations representing most of the counties in Central and West Texas participated in the various judging events in the two-day judging contests.

Bill Schneemann of Ozona won seventh place award on an aged ewe fleece which he also exhibited at the show.

On Wednesday night, 4-H Clubbers from Ozona took part in the schoolboy roping.

In the team roping, Ozona was represented by Jodie Jones, Charlie Black and Ronnie McMullan. Each boy was given two calves and Jodie Jones roped his two while Charlie Black roped and tied one. Alena Faye Powers rode in the 4-H Club sponsored Girls Barrel Race, representing the Crockett County 4-H Club. Alena Faye won first place in the contest and was awarded a beautiful belt buckle.

Joe Perry Attending ROTC Summer Camp

FORT HOOD. — Joseph A. Perry, son of Mrs. Gertrude Perry, of Ozona, arrived here recently to attend the Reserve Officers Training Corps summer camp.

Cadet Perry, majoring in History at A&M College of Texas, will receive six weeks of intensive field training in weapons, marksmanship, tactics and various other military subjects while at camp.

This training, intended to develop qualities of leadership for future use in military and civilian life, is being conducted for 520 advanced military students from 18 colleges and universities in ten southwestern states.

Satisfactory completion of summer camp, combined with required military instruction given at school will qualify Cadet Perry for a commission as 2nd Lieutenant in the Organized Reserve Corps of the United States Army upon graduation from A&M.

The camp is under the direction of Colonel Ray M. O'Day, Professor of Military Science and Tactics of the University of Arkansas at Fayetteville, Arkansas.

Mrs. J. A. Fussell is in Georgia at the bedside of her mother who is seriously ill.

Callan Graham of Junction, who seeks re-election as state representative of the 86th district. Mr. Graham is serving his first term in the office.

Callan Graham Seeks Re-Election as State Representative

Callan Graham, of Kimble county, State Representative for this district, has announced that he is a candidate for a second term subject to the Democratic primaries next month.

Graham, now serving a first term, is a member of five major house committees, and was among the ten members selected by the speaker of the house to serve on the Legislative Council, which is considered the most important interim committee of the legislature. It acts as the research agency for the legislative branch of the government, studying current problems and making recommendations to the legislature when it convenes. By reason of his work with the Council, Graham was sent to Chicago last fall to represent Texas in a conference of representatives from the other states studying mutual problems of state government.

Graham was reared in Kimble county, where he now resides and practices law. He is 36 years of age, married and father of three children. During the last war he was a pilot in the Army Air Forces, and served overseas for 14 months in the China-Burma-India theater.

Gulf Finals New Producer In Vaughan Field

Well Flows 312 Bbls. Daily; Montgomery Wildcat Dry

Gulf Oil Corp. No. 4 Vaughan in the Vaughan (San Andreas) field in Crockett county has been completed in six hours, rating 312 barrels of 27.6 gravity, pipeline oil daily.

Gas-oil ratio was 94-1. Production was through a half-inch tubing choke and open hole between 1,420 feet, where 7-inch casing was set, and 1,474 feet, the total depth. The section was acidized with 500 gallons. No. 4 Vaughan is 330 feet from south and west lines of north half of west 349.7 acres of section 85-0P-GC&SF.

Greenbrier Drilling Co. and Spartan Drilling Co., formerly William Hamm, Jr., No. 1 H. W. B. Montgomery, wildcat 10 miles south of Ozona, has been plugged and abandoned at 10,190 feet in dolomite. The failure was 660 feet from south and west lines of section 5-J-GC&SF. Elevation was 2,459 feet.

H. E. Childs, Jr., No. 2 Clara Couch, wildcat nine miles south of the Vaughan field, has been plugged and abandoned at 1,225 feet. The failure was 2,310 feet from north, 330 feet from east line of section 15-ST-GC&SF.

Moore Exploration Co. and Wood River No. 4-C H. M. Half Estate, Crockett wildcat, has been plugged and abandoned 298 feet in hard red-white sand. The failure was 50 feet from north, 514 feet from west line of section 69-1-I&GN survey.

Admission Charge To Be Made for Softball Games

The Ozona Lions Club has provided as fine a softball park for night play as will be found anywhere in this section of West Texas and hundreds of Ozonans are enjoying the nightly softball games being played in a well-kept park which provides comfortable stands for spectators, plenty of parking space for cars and a well lighted, attractive playing field.

The Lions Club did not set up the softball park to make money but in order to operate the lights and maintain the park, some revenue is essential. To meet these expenses, voluntary contributions have been sought from spectators via the hat passing route. While the crowds have not diminished in recent days, the collection plate gets slimmer and slimmer, the softball committee reports.

Believing that most fans want to see softball, or hardball, pay its own way in Ozona and that none would object to a nominal charge for admissions to the park, the Lions softball committee has decided to charge a 25-cent admission for each adult at each of the games — the kids to be admitted free.

And with the brand of fastball that is being played in the city league this summer, it is doubtful if any fan will begrudge the quarter for the privilege of watching a good ball game in such pleasant surroundings.

Dr. Cecil R. Walley Opens Offices Here For Medical Practice

Dr. Cecil R. Walley, physician and surgeon, has opened offices for the general practice of medicine and surgery in the Tom Harris building across the street from the Hurst Meinecke grocery store.

The building, formerly occupied by the Bailey Shoe Co. has been partitioned into a series of rooms to be used by the doctor as a waiting room and office, two recovery rooms an examination and consultation room, x-ray, laboratory and sterilization room and toilets. The entire building has been air conditioned with a refrigerated air system.

Dr. Walley is being assisted by Miss Thelma Ruth James, a graduate nurse who has been with the doctor for the past eight years, and for three years prior to that time was in nurses training in his hospital in Jackson, Miss.

Dr. Walley comes to Ozona from Jackson, Miss., where he has been engaged in the practice of medicine and surgery for the past 14 years. For the past six years he has operated the Dr. Willis Walley Hospital in Jackson, established by his father who died six years ago. He is a graduate of the University of Alabama and the Emory University Medical School at Atlanta.

Dr. and Mrs. Walley have five children, three daughters and two sons.

Congressman Regan Praises Truman in Korean War Action

EL PASO — (special — U. S. Rep. Ken Regan of the 16th congressional district Tuesday night praised President Truman's stand in Korea and said that he is "in favor of telling these Communists where to go. The longer we delay the worse off we will be."

Regan addressed a political rally in El Paso before leaving for Washington for the critical days ahead of the 81st Congress.

"I oppose and I still oppose giving economic aid to Korea," Regan said. "I have seen \$200,000,000 in planes dumped into China only to be taken over by the Communists. "The same situation faced us in Korea.

"America's action today cannot help but command the respect of the rest of the world. We can only hope it will stiffen the forces of democracy and prove a turning point in the advance of communism in Asia."

Telephone Co-op Sign-Up Extended Until July 24th

13-County Unit Will Make Application For Govt. Loan

Acting on advice from R. E. A. officials, acting committeemen representing 13 West Texas counties interested in forming the proposed West Texas Telephone Co-operative, have postponed final closing of the sign-up campaign until July 24 when another meeting of representatives is to be held in San Angelo.

Ira Carson, representing Crockett county at the meeting last week reported the committee action to postpone sending the application for a \$500,000 loan from the federal government for construction of the co-op telephone system until applications are signed and the entire system definitely outlined.

The West Texas Telephone Co-operative proposes to construct a modern two-wire system to serve rural residents throughout the 13-county area. Subscribers will pay \$5 with application and will be obligated to pay \$45 more on completion of the service. This is the only payment to be made by subscribers other than the monthly rental, which will not exceed \$3.50 and any toll charges incurred. The system will be hooked up with existing privately owned exchanges for local and long distance service.

It is estimated that more than 50 per cent of the ranchers in Crockett county have already signed application blanks for the proposed new telephone service. Those who have not yet signed and wish to do so, should contact one of the committeemen assigned the task of securing applications in the various areas of the county. The county was divided according to present soil conservation sub-divisions and a representative appointed from each of these locations to receive the telephone applications. These men are Dick Henderson, Ralph Jones, R. A. Harrell, Wayne West and Sid Mills.

Blanks may be secured from any of these men or from Mr. Carson or County Agent Bill Bergfeld.

Co-op To Receive Bids On New REA Lines On July 6

Don McCormick, manager of the Southwest Texas Electric Co-op, with headquarters in Eldorado and serving a four-county area, has announced that bids will be received by the co-op on July 6 for construction of 189 miles of new electric lines to serve rural users located in Menard, Sutton and Crockett counties.

This new unit of electric service recently received approval of loan from the Rural Electrification Administration in Washington and will bring electric service to a group of ranchmen in the Ozona vicinity to the north and southwest of the city. Mr. McCormick said.

Six contractors have asked for plans and specifications, the REA manager said, and the co-operative is expecting a good bid price on the construction job.

Approximately 80 miles of new line will be construction in Crockett county in the Ozona vicinity, Mr. McCormick said.

Mrs. E. C. Cunningham have been with Mrs. Cunningham's mother, Mrs. Laura Tuttle of Tahoka, who suffered a stroke last week. Mrs. Tuttle, who is under treatment in a Tahoka hospital, is reported somewhat improved. Mrs. Lonnie Smith, a granddaughter of Mrs. Tuttle's and son, Danny, plan to leave today for Tahoka to be at her bedside.

Sharp Increase in Farm Real Estate Taxes Noted in '49

COLLEGE STATION. — Sharp increases in Texas farm and ranch land real estate taxes during 1949 were revealed in a recent survey made by E. P. Gabbard, head of the Department of Agricultural Economics and Sociology, and Robert G. Cherry, professor of agricultural economics, Texas A. and M. College.

Levies made by state and local governments totaled an average of 25.7 cents per acre, rising from 22.4 cents per acre the previous year. This is an increase of 3.3 cents per acre or 15 per cent over the 1948 average.

1949 was the third successive year that land taxes have advanced, say the economists. During the 11 year period, 1935-46, taxes were quite stable, varying only slightly from an average of 18 cents per acre. The typical farm or ranch tax bill in 1949 was 40 per cent above that level.

Most of the rise in 1949 was accounted for by increases in state and school district taxes. County

and special district levies have increased very little since 1948. The advance in the state rate on farm and ranch real estate from 42 cents per 100 dollar evaluation in 1948 to 72 cents was the largest item in the 1949 tax increase.

"Gilmer-Aiken" legislation caused part of the increase in school taxes. A considerable number of farms and ranches were in "dormant" common school districts with little or no school taxes before the legislation was passed. They point out that during 1949 many of these school units were consolidated with active districts, resulting in higher taxes.

Increases in individual counties and top-of-farming areas varied widely throughout the state. Of 197 counties in the survey, only three, Jim Wells, Eastland and Atascosa, registered declines of

as much as 15 per cent. All top-of-farming areas showed increases. The highest increases occurred in the Blackland area and in the northern counties of the Grand Prairie. Many of the state's common school districts are concentrated in these areas, and numerous consolidations have occurred recently. The Lower Rio Grand Valley, parts of the Coast Prairie, and the Canadian River Grazing area had the smallest increases.

The decline in prices received for agricultural products during 1949 at the same time that taxes were increasing caused a big change in the ratio of prices to taxes. According to the economists, prices that the farmer received for his products decreased 8.9 per cent from 1948 to 1949 while farm and ranch real estate taxes were advances 15 per cent.

This movement of taxes and prices in the opposite direction resulted in a relative increase of taxes of 30 per cent.

Although the rise in farm and ranch real estate taxes may halt temporarily in 1950, conditions indicate that the upward movement of the last three years is likely to continue, but probably at a slower rate. Public demands for expanded local government services such as schools, road and hospitals, they conclude, may cause a

continued rise in local and state taxes.

Will Fritz, chief of police on the Dallas city police force, a cousin of Mrs. T. A. Fritz, Jr., of Ozona, visited Wednesday on his way to Dallas after appearing in a hearing in a court hearing at Angelo. Mr. Fritz was accompanied by two other Dallas police officers. Mr. Kincaid accompanied the trip back to Dallas on a

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is ...

YES! NO!

Union leaders' answer to Board is ..

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are: Chicago Great Western Railway Company Chicago, Rock Island & Pacific Railroad Company The Denver & Rio Grande Western Railroad Company Great Northern Railway Company The Western Pacific Railroad Company

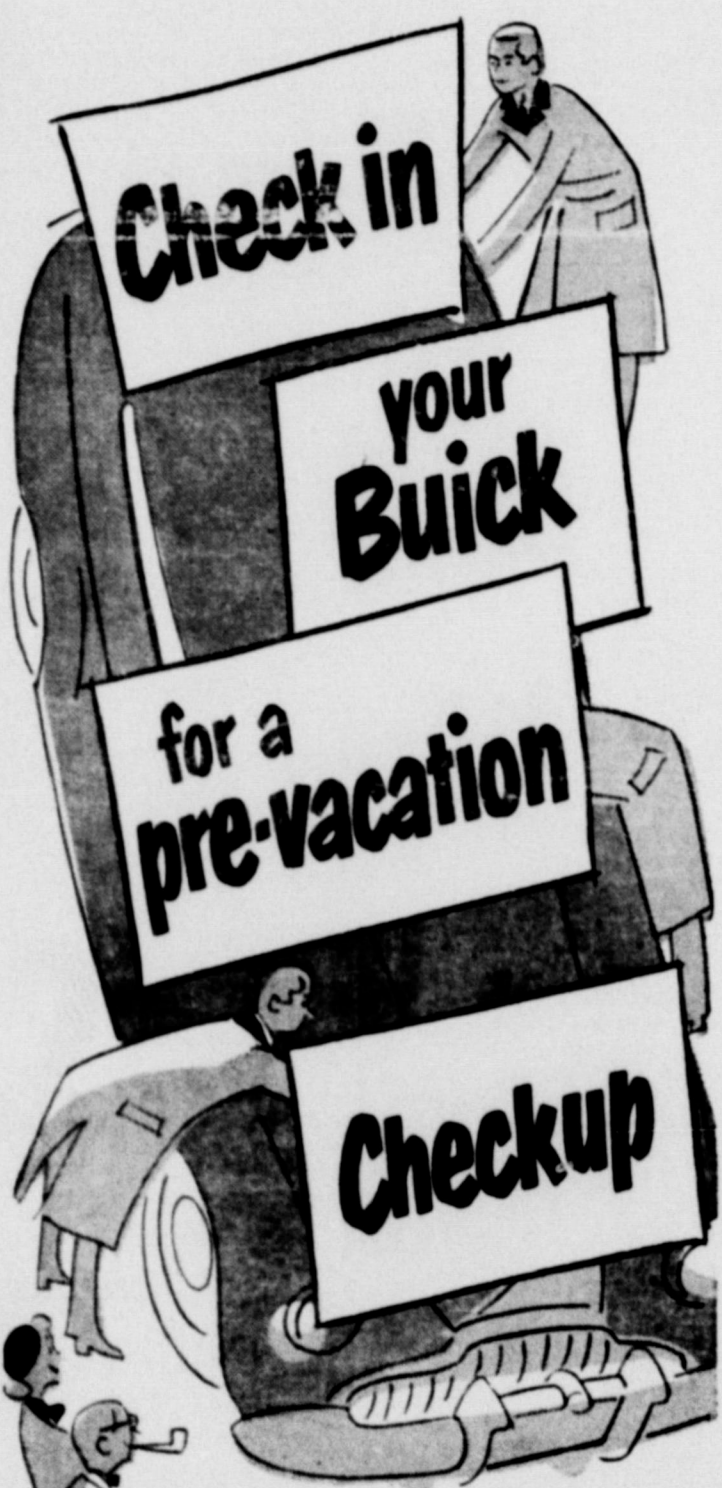

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Safety-check: stop lights, signal lights, headlight aim, brake lining, tires, front wheel bearings.

Correct by machine: wheel alignment for easier steering.

Step up performance: clean spark plugs, adjust carburetor and distributor, tune up engine.

Increase tire life: cross-switch all five tires.

Improve ride: LUBRICARE "lubrication-plus" maintenance.

Survey Shows Business Taxes Fall on Public

The influence of taxes on the American family will be uppermost in the minds of members of Congress for the next few weeks.

How can they satisfy increasing public demands for tax reduction and at the same time find other taxes to offset such a reduction? Their problems is made doubly hard by the fact that Uncle Sam wants to spend \$5 1/2 billion above his income next year.

A tax study issued this month by the Brookings Institution, an impartial research organization, revealed that three fifths of all manufacturing corporations take the corporate income tax into account in determining the prices of their products.

A group of congressmen, doing some rough figuring on their own recently, concluded that a family of three persons with an income of \$3,000 pays \$201.60 of that income in corporation taxes which are included in the prices of the things they buy.

DAUGHTER TO NUSSBAUMERS

Mr. and Mrs. Joe Nussbaumer of Del Rio are the parents of a daughter born Monday morning in a Del Rio hospital.

Civic Groups Invited To Show Army Films

AUSTIN. — Most civilians don't realize how easy it is to borrow motion pictures from the Army.

"They take the roundabout way. Some first write to Washington. Others request the film from another Army headquarters," Colonel Pendleton said.

All any church, school or civic organization in the state of Texas, excepting El Paso, need do is address a request for films to the Signal Officer, Fourth Army, Fort Sam Houston, Texas.

Subjects ranging from horsemanship to precision bombing are available. Civics and history instructors may find useful films on Japanese government and on

the forces behind World War II. For the engineering student are movies on bridge construction, telephone circuits and road building.

Developments in atom bombs and rockets and a description of the "new army" are proving popular with civic clubs.

Veterans of the 29th Infantry Division and of the 82nd Airborne Division will find complete histories of their units, long out-dated and no longer useful, were found stored in a leased building.

erations as Sicily, Bougainville, Japan and other campaigns.

For Safe Keeping

A House Appropriations Committee study disclosed that in one year the Federal Bureau of Internal Revenue printed 500 million tax forms and 115 million instruction sheets to supply 47 million taxpayers.

CATTLEMAN
OILMAN
BUSINESSMAN
AUTHOR
CIVIC LEADER

His Platform

- I will vote to maintain an adequate national defense.
I will vote to continue aid to our European allies temporarily in the interest of world security and a stable national economy.
I will work to balance the national budget by voting against unnecessary governmental expenditures.
I will vote to reduce taxes whenever possible.
I will vote against socialized medicine and all forms of compulsory health insurance.
I will vote to broaden and expand our national soil conservation program.
I will personally assist in establishing a plan to assure West Texas of adequate water supplies.
I will vote to provide our veterans with adequate hospital facilities, assistance in education and business, and all other benefits to which they are rightly entitled.
I will work for a fair balance between labor and management. I believe the Taft-Hartley Law should be amended to protect the public and serve as such a balance.
I will fight to free West Texas of discriminatory freight rates.
I will vote at all times to protect our small independent oil producers against the threat of foreign oil imports.
I will do everything in my power to see that the cities of the 16th Congressional District get and keep commercial air service.
I will work to improve trade relations with Mexico — one of our foremost potential markets for goods from the United States.
I will vote, should the occasion arise, to retain the 75-cent-an-hour minimum wage standard set by the last Congress.
I will support public housing projects in underprivileged areas where private contractors cannot afford to build decent homes and apartment buildings.
I will fight communism and socialism with all my power.
I will never dole out special favors to any special interests at the expense of the majority of our people.
I will stay on the job and never dodge issues while I am in Washington.
My vote on every measure confronting the Congress will be based solely on one consideration — the best interests of the 16th Congressional District, the State of Texas, and the United States.

His Record

Led movement that enabled Odessa to become a full-fledged City. Helped found the Odessa Chamber of Commerce and the Odessa Rotary Club. Odessa's first city attorney, holding office eight years. President of the Ector County School Board that began construction of Odessa's multi-million-dollar school system. Leader in Permian Basin oil development. Past chairman of the Odessa Better Housing Committee and Ector County Centennial Commission. Leader in drive that raised money to buy 7000-acre ranch for Boy Scouts of America in the Davis Mountains. Member of Democratic Party's National Finance Committee in 1948. Judge of the 70th Judicial District of Texas.

San Angelo Society To Be Guests of WSCS At Birthday Party

Twenty - one members of the Woman's Society of Christian Service of the Methodist Church were present when the Society met for a coffee and program in the church social hall Wednesday morning. The attendance by Circles was announced as follows: Willing Workers Circle, 9; Jenny King Circle, 7, and Sunshine Circle, 5. Mrs. S. M. Harvick and Mrs. V. L. Pierce were hostesses.

A business session, with the president, Mrs. H. B. Tandy, presiding, preceded the first lesson on the Society's summer study course, "Women of the Bible." The lesson took the form of a roundtable discussion led by Mrs. R. A. Harrell. The next lesson on

the topic will be on Wednesday morning, July 19, in the social hall.

The Ozona Society voted to invite the San Angelo First Methodist Church Society to meet with the local group at 9 o'clock Wednesday morning, July 12, for the Society's district-wide Round Robin Birthday Party series. All members of the local society and women of the church are invited to attend the joint meeting. At a later date, the Ozona Society will be invited to a meeting with the So-nara Society. At each of these joint meetings, the visiting Society provides the birthday cake and the home society the program.

Present for this week's meeting of the Society were Mesdames H. B. Tandy, R. E. Ingham, R. A. Harrell, Charles Williams, Floyd Henderson, Jim Ad Harvick, Jack

Wilkins, Dempster Jones, Charles Williams, Jr., Bescher Montgomery, George Montgomery, Scott Peters, J. L. Odom, M. B. Flippen, Abe Carruthers, L. B. Cox, Jr., Beall Barbee, Bright Baggett, V. L. Pierce, Paul Perner and S. M. Harvick.

The Society voted to hold its monthly meetings for the balance of the summer at the church rather than in the ranch homes of members as in former years.

Judge Moss Heads Ballot in Larger Counties of Dist.

ODESSA — District Judge Paul Moss of Odessa will head the 16th District Congressional ticket on 52,534 of the 67,231 ballots to be used in the July 22nd Democratic primary election.

In drawings held Monday to determine the position of the candidates' names on the ballot, Judge Moss' name was drawn first in seven of the largest counties in the district.

The counties are El Paso, Ector-Midland, Pecos, Reeves, Winkler,

and Jeff Davis. Incumbent Ken Regan will head 8,293 ballots, having led the draw in Upton, Culberson, Reagan, Terrell, Loving, Hudspeth and Ward counties.

Fred Hervey, the third congressional candidate, was first on the draw in Brewster, Presidio, Crane and Crockett counties for a total

of 5391 ballots. Drawing results were immediately available in Guadalupe county.

DRUGS

We Haven't Lost Sight of A Drug Store's Mission

Drug stores, within the last few years, have become the target of much good natured joking because of the multiplicity of items handled that have no relation to medicines.

We too handle many items that are not properly in the drug and medical class but we have never lost sight of the fact that a drug store purveys to the health of the community through accurate and careful compounding of the prescriptions that guard the health of the community.

Chevrolet trucks give you more powerful performance, thriftier operation

You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Two rugged, wonder-working Valve-in-Head engines—the Thriftmaster 92-h.p. and the new Loadmaster 105-h.p.—bring you performance that saves you time and money. New Power-Jet carburetion provides smooth, quick acceleration, and the 4-speed Synchro-Mesh transmission in heavy-duty models means faster shifting and greater safety on the grades. To you, this means wonderful new performance ... less time on the road ... less time in the haul. So do yourself a favor. Visit our showroom today. Chevrolet trucks have what you want!

Light for the Week

J. Troy Hickman

This week we had occasion to travel to central Texas on a family concern. It was not until we realized that this was not a day or night, but a week, that we spoke of, day or night. We drove to a seacoast in that region. Same as in almost daylight because the air cooled. As we sat on the porch talking to friends, I was mopping my brows at eleven p.m.

On our return trip, made in the afternoon, it was hot. Around noon, at the house of Roosevelt, the temperature was above 100. We were melting on the road. As we climbed the hill on this side of Ft. Roosevelt, the air felt better. It was still better in this direction made on the good side.

After a cooling bath, I got in a chair on the lawn at the side of the parsonage a bit of thinking. This

was the coolest spot I had found. Why should we go off somewhere, when we have an ideal vacation land at home?

A thin feeling over my left hip pocket, where I carry my billfold, gave further arguments for staying at home.

So, I am glad to be back. As one citizen of Ozona, I recommend it. The ancestors showed good judgment in picking this spot.

I there were a Chamber of Commerce here, they should put me on the payroll.

METHODIST SERIES CONTINUED

The sermon series at The Methodist Church will be continued next Sunday with these topics: Morning, "The Fourth Commandment — Keep the Sabbath Holy;" and the evening, "How God Reveals Himself in a Person." The sacrament of The Lord's Supper will be observed at the morning hour and a brief altar prayer service will close the evening hour. The Methodist Church gives a cordial invitation to all who wish to attend the services.

THE AMERICAN WAY

"For Whatsoever a Man Soweth..."

Commission Clarifies Provisions of New Texas Fishing Laws

AUSTIN — Reported misunderstanding of the statewide fishing law prompted the Executive Secretary of the Game, Fish and Oyster Commission to restate some of the principal provisions Saturday.

The law, passed by the last regular legislative session to replace many conflicting local statutes, permits persons to fish without a

license in their home counties and in the counties separating the county of their residence and adjacent counties unless they use artificial bait. Fresh water fishermen who use artificial bait are required to have a license regardless of where they fish.

The act also permits Texans to fish in counties adjoining their home counties without a license unless they use artificial bait or use live bait. Licenses are required of persons fishing for commercial purpose regardless of where

they fish.

There also has been some misunderstanding about the trespass law. Persons still need the permission of owners to enter property that is closed, when they desire to hunt or to fish. Land that is not enclosed is available to sportsmen without the permission of the owner.

For the benefit of persons living on the Gulf Coast and for those planning to visit that area, no license is required for sports fishing in salt water. Commercial fishermen have to be licensed, as usual for operating in salt water.

Mrs. T. C. Hickman of Del Rio spent two days last week at the home of her son, Rev. J. Troy Hickman.

\$90,000,000.00

Over 90 Million Dollars cash surplus was in the General Fund of Texas when W. O. REED concluded his term as Speaker of the House of Representatives in 1948. TODAY THERE IS NO SURPLUS.

Elect W.O. REED

YOUR LIEUT. GOVERNOR

W. O. REED has really done something about efficiency and economy in our state government besides talk about it.

W. O. REED wrote the pay-as-you-go law which put Texas on a cash basis in 1942, and prevents the Legislature spending money it does not have.

W. O. REED believes our state government, like a family, should live within its income.

WE NEED REED!

From where I sit... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, school principal, nearly had an accident.

She was following them on the highway and the paper flattened her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck.

She missed... but only just! The parties were recognized and as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

Joe Marsh

Reed Making Vigorous Race for Lt. Governor

A state government, like a family, should live within its income, W. O. Reed, former Speaker of the Texas House of Representatives, declared this week as he vigorously pushed his campaign for Lieutenant Governor.

Reed, who is now serving his ninth consecutive term in the legislature from Dallas county, is

well qualified to speak with authority on economy in government, for he has actually done something about it.

He was the author of the pay-as-you-go law which put Texas on a cash basis and prevents the legislature from spending money it does not have. While Reed was Speaker in 1947-48, he directed legislation which resulted in a surplus of over \$90,000,000 in the general revenue fund at the end of his term.

"Additional taxes are not the answer to the rising cost of state government," he declared. "I am definitely opposed to any kind of a general sales tax, income tax or gross receipts tax."

"I firmly believe that if common sense and practical business economy are used in running our state, Texas can halt the runaway cost of governmental expenditures."

Shrine Temple Charter Granted at San Angelo

SAN ANGELO. — San Angelo has been granted a Shrine Temple charter at a recent national Shrine Convention in Los Angeles. The first ceremonial to initiate candidates into Suez Temple, the new designation for San Angelo, will be held in the fall of this year.

Officers of the organization, just back from the national convention, said the fall ceremonial will provide charter membership for hundreds of West Texans who are in the jurisdiction of the new temple.

Jurisdictional lines have been worked out with all Texas temples except El Maida of El Paso. A meeting of the officers of Suez

and El Maida will be held in the near future to complete the organization for Suez.

All nobles who signed the petition for a temple will be recognized by the recorder of the date of their first business meeting. All nobles who did not sign the petition may apply for membership in the new Suez Temple within the next six months.

HOLIDAY
 Each year, we people of this county pause from our every day life and take time out to celebrate our National Independence Day. Years ago, a group of men gave their lives that we might live in this land of ours with freedom and safety for our lives and liberties.
 On the 4th of July each year, the people of the holidays take time out of their lives and their loved ones to observe a day of remembrance for the men who gave their lives for our freedom. On a day of remembrance we compile a record of death and destruction because of the lack of a plan and care on the part of the people of Texas.
 The people of Texas can expect a violent death over the weekend, from Saturday through Tuesday. Out of that group of 100 men, women and children, approximately 36 died in traffic accidents on streets and highways. Drownings, fires, fireworks, homicides will all take their toll upon the people of Texas.
 The Texas Safety Association asks that if each of us would

but stop and think and exercise a little care and a lot of good common sense, that many of these lives can be saved. Remember these few rules: When driving, drive defensively. Stop often and rest so that you may remain alert at the wheel. Check your vehicle carefully before starting on a trip. And remember that intoxicating drinks and driving do not mix. If you plan to go swimming, know the place in which you will swim. Do not swim immediately after eating. Do not stay in the water after you become tired. If you cannot swim, stay out of deep water. If you must use firearms, handle them with care, know your target, and do not shoot in unprotected places. Refrain from horse play while carrying firearms. If you must celebrate with the aid of fireworks, remember that each little firecracker or skyrocket is potentially dangerous. Remember that fireworks are a very great fire hazard, and when using them, always respect the rights of other people around you.

BE CAREFUL — REMEMBER THE LIFE YOU SAVE MAY BE YOUR OWN.

Mrs. J. Troy Hickman was called to Temple this week to the bedside of her father, J. W. Roe, who has been critically ill.

Drive **DODGE** ...the only truck that's "Job-Rated" for easy handling

Drives like a dream!
 That's what you'll say once you get behind the wheel of a Dodge truck. It's "Job-Rated" for comfort and convenience... to make driving a pleasure in traffic or on the open road.

Parks like a kiddie car!
 Shorter wheelbase and shorter over-all length make parking a snap. Your Dodge truck is "Job-Rated" so you can slip easily into those parking spaces you used to pass up.

Rides like a baby carriage!
 Smoo-oo-th is the word for the ride you get in a Dodge "Job-Rated" truck. Extra-long front and rear springs are tough, yet flexible. And they're rear-shackled to last a lot longer.

Turns on a dime!
 Just a feather-touch to the wheel and you make shorter turns, whether you're backing up, turning around, or parking. "Job-Rated" wide tread front axle and cross-steering make it possible that way!

Now! 99¢ Fluid Drive!
 Available only on Dodge "Job-Rated" Trucks (1/2-ton, 3/4-ton and 1-ton models). Ask for Fluid Drive booklet.

Job-Rated for low cost transportation

POWER: ... 8 great truck engines—each "Job-Rated" for PLUS power.
ECONOMY: ... priced with the lowest. "Job-Rated" for dependability and long life.
BIGGER PAYLOADS: ... carry more without overloading axles or springs because of "Job-Rated" WEIGHT DISTRIBUTION.
EASIER HANDLING: ... sharper turning! Parks in tight places. "Job-Rated" maneuverability!
COMFORT: ... widest seats... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.
SAFETY: ... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

With all their extra value **DODGE "Job-Rated" TRUCKS** are priced with the lowest

Callan Graham —
(Continued From Page One)

During his first term in the legislature he became known as one of the leaders of the group fighting for greater economy in government. However, after the state ran out of money for the state hospitals the mentally ill and other afflicted wards of the state, Graham introduced, handled and passed the Hospital financing program during the special session of the legislature last winter.

In making his announcement for a second term, Graham said he knew that he had made mistakes during his first legislative service but he felt that the rich experience of his first term would enable him to render a more valuable service to the district in the future. "Experience and seniority mean a great deal in the legislature," he said, "just as in every other field. My only promise is that I will give the job my very best efforts, that I will continue working for a reduction in spending, and that I will profit by the experience and the mistakes of my first term. Believing that I can make the district a more effective and useful

representative during a second term, I solicit the vote and support of every person in the district."

CHOOSE the college that knows what you want and need in higher education and will help you get it. That's San Angelo College. The College is the beauty spot of your own area's biggest city—a center for cultural, educational, recreational and religious activities, as well as a nerve center for trade and commerce. You will find it to your advantage to have your freshman and sophomore college years near home in the college that pleases your parents too.

San Angelo College

This 112-million-dollar, coeducational, public, Area College is fully accredited. This means that credits earned at San Angelo College are recognized at the leading colleges and universities. The curriculum includes fine arts, pre-professional and terminal courses. The entire plant is new and the 60-acre campus is most attractively landscaped. Twenty-two years of successful, effective, economical, higher education. Small classes. Personal attention. Write for catalogue and for reservation blanks in the College's new dormitories.

Small Home Plans

The Chatham
Small House Planning Bureau

THE CHATHAM has a sleeping area, consisting of three bedrooms and bath, which is separated from the rest of the house by the front vestibule from which all rooms can be reached without passing thru any other. Twin wardrobes are provided in each bedroom, two closets in the hall and a coat closet in the rear vestibule. Cabinets in the kitchen are designed for efficiency in a U-shape. The sink is under the window, the refrigerator on the left and the range on the right. Dining space occupies the balance of the kitchen and is well lighted.

The living room has a double-glazed glass picture window unit and a fireplace with a continuous mantel over low bookshelves. Projection of the living room and front bedroom forms a covered terrace which protects the front entrance.

Overall dimensions are 30 feet, with a floor area of 1,212.24 cubic feet.

For further information about THE CHATHAM, see the Small House Planning Bureau, St. Cloud, Minn.

SERVICE WITH A STYLE

Whether they are fighting the weather as limemen, speeding traffic as operators, or working in the business office, telephone people are inspired by a strong sense of public duty.

This is reflected in the way telephone people work—and in their efforts to serve you. That is why telephone service is service with a style—a style all its own.

San Angelo Telephone Co.

SILENT PARTNERS
with power aplenty!

ONLY FORD IN THE LOW-PRICE FIELD OFFERS YOU A PICK OF POWER

Meet the "getaway" king of the low-price field: Ford's amazing new V-8. Meet its even lower-priced brother—Ford's new advanced "Six." They're partners in power . . . companions in quiet. For Ford engineering has "hushed" them both to a whisper. Remember only Ford in its field offers you a V-8 . . . only Ford a pick of powerhouses.

IT'S ECONOMICAL TO BUY AND TO OWN

A "Test Drive" will tell you the '50 Ford's quality story better than any words. And you'll be delighted to learn what over 250,000 '50 Ford owners know—that Ford is low in first cost, low in upkeep and operating cost, high in resale value, and low in depreciation. So look into this sound investment yourself, with a "Test Drive" at your Ford Dealer's.
