inning at once, the firm's University will be 330 feet e southeast corner of sec- 7-45-U.

Leonid Hambro, piano virtuoso, will be heard in concert at the Ozona High School auditorium at 8 o'clock Saturday night. The concert is another in the series of the Ozona Municipal Concert Association.

Bishop Dedicates Methodist Church In Sunday Service

Bishop Smith Terms New Church 'Magni- ficent Structure'

Terming it a "magnificent house of worship," Bishop A. Frank Smith of the Houston area preached the dedication sermon and presided at the ceremonial dedication of the new Methodist Church of Ozona Sunday morning.

The \$225,000 debt free church was officially dedicated at the morning service in the presence of a congregation composed of members and friends of the church which filled the sanctuary to capacity. The structure was occupied the first time on Easter Sunday, 1949. The remaining debt against the church, of \$60,000, was wiped out as the culmination of a financing campaign carried on through December. Burning of the last note by Scott Peters, chairman of the building committee, was a part of the morning's dedication program, signifying the debt-free status of the building.

Also taking part in the dedication ceremonies was Brock Janis, chairman of the board of stewards; Bascomb Cox for the board of trustees; Rev. Fred Brucks, district superintendent; the pastor, Rev. J. Troy Hickman; and Bishop Smith.

Two former pastors, the Rev. J. H. Meredith of San Antonio, who served as pastor of the local church for 8 years, and the Rev. Horace M. King of San Antonio, pastor of the church while it was under construction, were here for the occasion as was Dr. Harold Cooke, president of McMurry College, Abilene.

"We are an obligated people because we are a privileged people," Bishop Smith declared in his dedicatory sermon. He said that it was unusual that a church could be dedicated so soon after its completion and he complimented the local congregation on its accomplishment, urging them to make use of the structure "for the glory of God and the advancement of His kingdom."

The dedication completed at the morning hour, the church congregation celebrated the occasion in the evening with a family night fellowship supper in the fellowship hall at 6 o'clock, followed by the evening service. The Rev. Horace M. King preached the sermon at the evening worship hour.

Marilyn Hubbard, a student at the University of Texas, is home for the free days between terms. She entertained with a Mexican supper for the girls of the high school senior class at her home Monday evening.

Hambro to Play for Municipal Concert Here Saturday Night

Leonid Hambro heralded by his fellow artists and the public alike as one of the outstanding discoveries in this generation of piano virtuosos, will appear in concert here Saturday night, February 3, for the Ozona Municipal Concert Association. The concert, to be held at the High School auditorium will begin promptly at 8 o'clock. Admission will be by membership card only.

The membership of the association here is in for a brilliant display of keyboard wizardry as proof of what has gone to make Mr. Hambro's appearances a very special event; wherever he has performed across the length and breadth of the land, Leonid Hambro owes much of his popularity on the concert stage not only to his superb pianistic skills but also to that indefinable quality known as "audience touch."

From the moment Mr. Hambro makes his first entrance, the audience seems somehow to know and sense that here is an artist who considers it a privilege to perform and who, along with his listeners, is going to enjoy the evening fully. Mr. Hambro states candidly, "I love to play for people — and I am happiest when I am at the piano in front of an audience. I think it is great fun." Thus he quickly destroys the oft held notion that artists are a peculiar breed of people with their heads in the clouds.

Dr. A. Helbing Buried In San Angelo Friday

Funeral services were held in San Angelo Friday for Dr. A. Helbing, a long time resident of Barnhart, where he practiced medicine and operated a drug store.

Dr. Helbing died Wednesday morning at his home in San Angelo following a heart attack. Funeral services were conducted from the First Presbyterian Church in San Angelo with the Rev. E. O. Wood officiating. Burial followed in Fairmount Cemetery.

Dr. and Mrs. Helbing moved from Barnhart to San Angelo in 1945. Mrs. Helbing, daughter of the late S. E. Couch, Crockett county ranchman and financier, owned extensive ranch land interests in Crockett county.

FORUM MAKES \$69 AT MARCH OF DIMES DANCE

The Women's Forum sponsored a square dance Tuesday night for the March of Dimes campaign. The callers, Hugh Akin and Dud Pettit, and the musicians, Homer Good, George Enne and A. E. Gilliam, all donated their services and the Country Club provided the dance hall. Receipts totalled \$69 for the March of Dimes. Mrs. Charles Williams, Jr., and Mrs. W. E. Ramsey served refreshments.

4-H Club Boys Place 16 Lambs In Ft. Worth Show

Win \$101 in Prizes; Over 500 Lambes Are Entered

Crockett County 4-H Club boys who took 39 fat lambs for show in the Fort Worth Livestock Exposition last week, placed 16 of the lambs in competition with entries from all over the state totalling more than 500 head.

The Ozona boys won a total of \$101 in prize money in the Fort Worth showing. Some of the lambs are scheduled to be sold in the auction sale to be held Friday.

In the fine wool sheep division, Graham Childress placed 6th and 7th; Jimmy McMullan won 24th and 33rd places and Erbie Chandler won 25th and 28th. A total of 45 places were awarded in each class.

In the crossbred showing, Bill Schneemann won 5th and 14th places; Erbie Chandler, 18th and 19th; Ronnie McMullan, 31st; Charles Garlitz, 35th and 44th; Jimmy McMullan, 37th and 38th; and Mike Clayton, 42nd.

The Crockett 4-H Club won 4th place in the showing of a pen of 15 sheep in the fine wool division and 5th place in the medium wool division pen of 15.

Austin Visitors Are Marooned by Weather

Mr. and Mrs. L. C. Proctor of Austin, parents of Ben Proctor, pass-catcher end on the Southwest Conference championship University of Texas football team, are marooned in Ozona by ice and snow. They were on their way home from the west coast, Camp Pendleton, where their older son, 1st Lt. Leslie Proctor, former county attorney of Austin, now of the Marines, recently sailed for Korea.

Mr. Proctor, a former T. C. U. baseball great, and known as an outstanding Texas school man, having been superintendent of the Temple schools for many years, is now associated with a Visual Education Concern. Mrs. Proctor is well known in Texas as a leader in the Southwest Texas Conference W.S.C.S. of the Methodist Church and especially in Ozona where she has conducted special Missionary education classes for the local W.S.C.S. Mr. and Mrs. Proctor have headquarters at the Hotel Ozona, but have been guests of many of their friends at informal, church and social get togethers.

Crockett 4-H Club Boys Enter San Antonio Show February 16-25

The Ozona, Texas, 4-H Club has entered 1 Aberdeen Angus, 2 Herefords and 50 lambs in the boys division of the San Antonio Livestock Exposition February 16-25.

The big ten day stock show and rodeo is offering \$53,000 in premiums for all standard breeds of livestock including a Cutting horse contest and a Quarter horse show.

The Everett Colborn world championship rodeo will give 15 performances starting the Tennessee Plowboy, Eddy Arnold. In addition Little Roy Wiggins, Guy Willis and the Oklahoma Wranglers will make up the musical portion of the show.

The Feb. 16-25 show will feature commercial exhibits, a huge outdoor display of farm-ranch machinery, exhibit cattle, Don Franklin carnival, horse show, rodeo and livestock exposition.

There will be an evening performance of the Colborn rodeo every night, Feb. 16 thru 25 with matinees on Saturdays and Sundays, Indians from the Taos reservation in New Mexico will perform their tribal dances at each show.

Mrs. Joe Williams was dismissed from the Ozona Hospital this week having suffered a pulled tendon in her ankle. Mrs. Williams' ankle will be in a cast for six weeks.

Phone the news to The Stockman.

Thermometer Sags to 3 Above as Biting Cold Continues to Hang on

The thermometer continued its downward trend to reach a new low for the current spell, the present winter's worst, this morning when the official reading at the U. S. Western Bureau observatory station here was 2.9 degrees above zero. Unofficial readings in other parts of the city were reported at zero.

It is the fifth straight day of biting cold for this area. Snow flurries and some sleet have been recorded, a thin blanket of snow falling on top of sleet, whitening the ground here Tuesday morning. Ranchers have turned ice breakers as they undertake to keep livestock watering troughs liquid, but the spell has not been as hard on livestock as it might have been because of the absence of moisture.

Shindig Program for Polio Fund, Postponed Because of Weather

The Saturday Shindig program, scheduled for Friday night of this week under sponsorship of the Ozona Lions Club as a benefit for the March of Dimes campaign, has been postponed until Friday night of next week because of bad weather.

The group of radio entertainers from San Angelo, who performed at the high school auditorium here last year, will present an hour and 45 minute program Friday night of next week, all proceeds above actual expenses to go into the March of Dimes fund.

Thirteen Called For Induction On February 6

Three Ozonans Listed From Five-County Draft Area

Thirteen selectees from the five-county area administered by Local Area No. 110 with headquarters at Sonora have received calls for induction into the U. S. Army on February 6. The selectees will gather in Sonora for transportation to the Army induction center in San Antonio.

Three Ozonans, Ralph Winifred Meinecke, Jr., John Richard Hurni and Ramon Ortega Gonzales, are included in the group. Others are three from Junction: Norris Lee Frazier, Alfred Ray Carter and Thomas J. Black; two from Rocksprings: Oscar Edward Reavis and Bill Earnest Seale; two from Eldorado: Alfred Ray Thigpen and Billy Dan McAngus; and three from Sonora, including two volunteers, Bobby Joe Granger and Charles Lee Haines and Fred Karl Junk.

Mrs. Jessie V. Truden, clerk of the board, announced the names of the three young men who have been granted postponement of induction until the end of the present academic school year. They are John Wesley Cardwell, Junction, attending Southwestern University, Georgetown; Albert Lowe Stanford, Eldorado, attending Texas Tech, Lubbock; and David Derry Shurley, Sonora, attending Baylor University, Waco.

Mrs. Truden announced office hours for the Sonora board office. The office is open three days a week, Monday, Tuesday and Wednesday, from 8 a.m. to 5 p.m. and is closed the remainder of the week.

Kenneth Parker, Ozona High School student, gravely injured in an automobile accident on Highway 290 east of Ozona on January 15, was taken to a San Angelo hospital last week for operations to repair broken bones in both legs. He was returned to the Ozona Hospital after the operations. He will be in the casts for three months. Parker was in critical condition in the Ozona Hospital for several days after the accident. Laura Walley, 15-year-old daughter of Dr. and Mrs. Cecil Walley, lost her life in the same accident.

G. T. Ball Of Boerne Leases Ozona Hospital

Hospital Now Open to Practice by All Med- ical Doctors

G. T. Ball, medical technician, who has been associated with the Boerne hospital for the past three years, has accepted a one-year lease on the Ozona hospital effective upon his arrival anytime between February 1 and March 20.

Announcement of the lease was made yesterday by County Judge Houston Smith following receipt of the signed lease contract from Mr. Ball.

Under terms of the contract, Mr. Ball takes a one-year lease on the hospital and the second floor offices at a rental of \$50 per month payable to the county, the hospital manager to receive revenue from sub-rental of office space to doctors and dentists on the second floor of the hospital building.

The lease contract requires Mr. Ball to keep the hospital properly staffed to comply with Blue Cross requirements for hospitals and provides that the hospital "be open at all times to all qualified, licensed medical doctors who might want to practice in same and have free access to the operating room of the hospital." The lessee will be required to pay for all fuel, water and other utilities for the two floors and provide janitor services for all three floors of the building. He will be required to keep accurate records of the hospital's income and expenses and to submit such records to the commissioners court at the end of the year.

The X-Ray machine, supplies and other equipment furnished for the hospital by Dr. H. B. Tandy, who has been operating the institution for the past year, will be purchased by the county. Dr. Tandy will turn back the hospital, effective today, February 1, and the county will assume management in the interim between this date and the date the new manager arrives. Mr. Ball has notified the court that it will be necessary for him to take time to dispose of some property he has in Boerne before coming to take over the hospital management.

International Choir From Wayland College To Sing Here March 1

The colorful and well-known Wayland College International Choir will arrive in Ozona by chartered bus on March 1. They are sponsored by Ozona High School.

Under the direction of Shelby Collier, the choir will present the music of many nations in the national costumes of these countries. The costumes have been furnished by missionaries, returned service men, and students of Wayland from other countries.

Prof. Collier, who taught music at the University of Guadalajara, Mexico, for the last two summers, has secured a number of interesting ones from the various states of Mexico. Other beautiful costume additions were collected during his stay in Mexico City over the Christmas holidays.

During the tour of eleven states early in the summer with five members of the choir, Collier added other costumes to the choir's valued collection. Among them was a velveteen Navajo Indian Chief's jacket, moccasins and head dress; also a Navajo squaw's dress. Much prized by the choir are the hand-made concho belts of silver and turquoise, lent by an Indian student who attends Wayland.

Other members of the choir wear costumes from Korea, Brazil, Japan, China, Russia, Latvia, Cuba, Hungary, Africa and Hawaii.

Mr. and Mrs. J. T. Keeton visited in Gainesville, Fort Worth and Dallas last week. In Gainesville, Mr. Keeton attended a school for insurance salesmen conducted by the Standard Reserve Life Insurance Co., which company he will represent here. They visited their sons, Joe and Harold, and their families in Dallas and Fort Worth.

OIL LEASES AND ROYALTY WANTED IN CROCKETT CO.

Individual will buy oil leases, large or small, and royalty, productive or non-productive. Please give all details, including legal description and price, in answer. W. M. White, Route 8, Box 123, Fort Worth, Texas. 41-5c

United Nations Topic For Woman's Forum

The Woman's Forum met at the Ozona Country Club with Mrs. Marshall Montgomery as hostess. The program for the day was on the topic, "Our Obligations as World Citizens" and the United Nations the discussion subject.

Mrs. Joe Pierce, III, was leader and Mrs. Bill Childress discussed the origin and purpose of the United Nations. Mrs. Jess Marley explained the structure of the United Nations and Mrs. Dempster Jones the achievements of the organization. Mrs. R. A. Harrell, a recent visitor to the United Nations meeting at Lake Success, N. Y., told the group about the meeting and exhibited a United Nations flag.

Various members of the club are corresponding with women in foreign lands and Mrs. Beecher Montgomery read an interesting letter received from a woman in Poland.

Others present were Mrs. Charles Black, Jr., Mrs. P. C. Perner, Jr., Mrs. Nip Blackstone, Mrs. H. A. Gustavus, Mrs. James Childress, Mrs. Pleas Childress, Mrs. Fred Hagelstein, Mrs. C. O. Walker, Mrs. Tommy Harris, Mrs. W. T. Stokes and Miss Wanda Watson.

The next meeting of the Forum will be with Miss Watson and Mrs.

Eddie Bower. Members will bring a gift for the little English girl the club is sponsoring.

U. S. Marine Corps Recruiting Sergeant To Be Here Saturday

U. S. Marine Corps recruiting sergeant, S-Sgt. Jack Harmon, will visit Ozona on Saturday, Feb. 3, to interview eligible young men for enlistment in the regular or reserve Marine Corps.

S-Sgt. Harmon, in charge of the Marine Corps recruiting office in San Angelo, expects to be in the vicinity of the Post Office during working hours that day.

Men eligible for enlistment are those who have not yet received their notice to appear for preinduction draft physicals between the ages of 17 to 29 years of age, inclusive.

Former Marines receive special consideration and can be returned to duty on the rate they held at discharge. Former servicemen of other branches of the military also receive special consideration and are offered an initial rate upon enlistment with possibilities of quick advancement afterward. All veterans must be able to produce original copies of honorable discharges.

Men 17 years old must be able to obtain their parents' consent. Men 18 years old, upwards, registered with the draft, must be able to show their draft registration cards.

Enlistment periods in the Marines are for three or four years in the regular Marine Corps or "for duty in excess of 30 days..." in the active duty reserve.

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Springs of stout spiraled steel on all four wheels let your wheels curtsy over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you. However you check it, you'll discover this: *The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.*

Better see your Buick dealer—soon.

Standard equipment, accessories and trim illustrated are subject to change without notice.

No other car provides all this:

- DYNAFLOW DRIVE • FIREBALL POWER
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

*Standard on Roadmaster, optional at extra cost on other Series. WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM.

"Smart Buick's Buick"

See in HENRY J. TAYLOR, ABC Network, every Monday evening.

THE LION'S ROAR

EDITED BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL

of the Week —

It happens to hear an weird sound coming from the auditorium during the third period, I can assure you it's not the choral club. The reason for this is that Helen Walker, piano playing seems to be the main talent and anyone who hears her play can assure you she's strictly tops. Volleys are close second, even though she does not go out for volleyball is also the only piece in the band.

She was born on Dec. 18, 1932 in Andrews, Texas. She entered Ozona High School in 1948 and remained until that eventful September 4, 1950, when she was graduated. She has enrolled in the senior class of the University of Texas at Austin.

Interested in her studies, she is a book worm. (Mrs. Cody says so.) Her ambition is to become a conductor of an orchestra. She has ambitions of being around and becoming a member of the O.M.O.O. Helen, she's the baby of the family, has blond hair, blue eyes, and stands 5 feet 6 inches tall. If you see her in the hall sometimes with a devil gleam in her eyes, it's because she's watching out for another "mean" mood. June, Darreene and Pat have a devil gleam at the same time you'd "shore-nuff" bet because there is very little telling what they're up to.

NOTICE

ALL ELIGIBLE BACHELORS: From Monday, Feb. 6, is back at OHS. It seems that this particular week backward week, but it's less, it is. All boys have been told to look out for stray cats in the prowl.

Burlesque Melodrama Being Prepared by Speech Dept. Class

A program of old fashioned fun is being prepared by the speech department for assembly later this week or the first of next week. Under the direction of O. L. Davis, Jr., speech students will present an eighteenth century burlesque melodrama, "The Widows Plight" or "Virtue Victorious."

The cast will include Jeannette Thompson, Lois McDade, Gussie Sparks, Wayne Kuykendall, David Price, Jane Adams, Felista Rodriguez, Juanita Vela and Earl Berry.

The play takes place in the widow's humble dwelling at Grandpap's Crossing, Indiana on Christmas Eve, 1870.

The lovely Araminta, a poor young widow, lives with her mother and Mazda, her child, the light of her life. The scene is one of genteel poverty. There is no food or coal in the house and it is a bitterly cold night. Bludsoe Heartensole, the widow's brother-in-law, insists upon marrying Araminta. His foul schemes and the intervention of a noble fire laddie bring to a climax "Virtue Victorious."

Fads and Fashions —

Spring, 1951, is just around the corner and with it will come linen suits, organdy dresses, straw hats.

Now, there is that tag end of winter feeling. Thinking if you have to wear that blue tweed skirt once more you'll die.

Seems no one has anything new this week. The only thing we predict to start a fad and eventually be a fashion (or habit) has nothing to do with clothes and it was not started in OHS but by a student of our school while in Fort Worth.

Maybe next week we'll have something to report.

More "LION'S ROAR" on page four.

Roar Reporter Tells Thrilling Story of 'The Missing Scholar'

Editor's note: This article will be carried in installments. It is believed that the whole story release now would rival "Panic in the Streets." Watch it every week.

It was a perfectly normal school day as the Warden of the study hall bellowed out the names one at a time as small, frightened, trembling, little voices meekly squeaked out their responses: Smith — here, Davis — here, Young — y-y-y-yes-is, Jones, — hh-here, Baker — no answer.

There was a dreadful, almost deadly silence as everyone in the study hall fearfully waited for an answer. There was none. It was obvious that Baker had "flew the coop." Everyone knew what the penalty was for escaping and everyone became petrified as the investigation began. The guards were all called in immediately and sent out with their bloodhounds in pursuit of poor Baker.

As the period slowly, slowly dragged on, everyone became more and more fearful. There was no studying done, for the suspense was too terrific. And then the blow came! Guard Number Two came in with a smirk on his scarred face and an evil gleam in his bloodshot eyes. The bloodhounds were panting.

An unidentified person was reported to have been seen screeching around the corner on two wheels, in a green, two-toned, (license No. EJ 3627) bicycle, in the general direction of the Ranch drug store. There was an instance's murmur in the study hall and then all that could be heard was the rapid beating of hearts. Would be poor old Baker escape or would he be caught and - and - and no — surely not that — Still there was the already deadly silence as everyone waited to see how it would all end. — To be continued.

"CHEER UP, PAL, IT COULD BE WORSE"

Do you feel let down lately? Do you sleep through all your classes, walk down the hall in a daze, resulting in several collisions daily? Do you just plain feel like you could not possibly survive another dreary frustrating day of school? In this case it is very possible that the diagnosis could be a slightly exaggerated variety of early spring fever.

We shall call the disease, "mid-

winter weariness." The symptoms of this disease are: A disinterest in all classes, feeling like you could throw a book at the teacher every time she patiently tries to explain why A2 plus B2 equals C2, a desperate feeling, feeling like you'd rather jump out the second floor window, than to sit in that study hall another minute. (This particular symptom can sometimes become extremely dangerous), a disinterest in your appearance. (You don't give a hang how you

look, who cares if your hair is not perfectly in place, if your lipstick is on crooked, and so what?)

A good remedy for this disease: Try immersing your head in a bucket of ice cold water twice daily, or perhaps a three weeks holiday would help (however chances are you'd only become bored with life) maybe some not-too-strenuous sport would help, boxing, for the girls and checkers for the boys. If none of these suggestions seem to help, then maybe a new romance would be the very thing.

CHANGE TO WINTER GRADE LUBRICANTS IN YOUR CAR

Your car needs special attention this time of year. Summer weight grease and motor oils make hard starting and sluggish performance. Let us "winterize" your car today — including radiator flush and anti-freeze.

Ozona Students Attend Student Activities Conference in Odessa

Two students from Ozona High School were sent to the West Texas Student Activities Conference in Odessa last Saturday. Pat Hickman, editor of the Lions Roar, and Lois McDade, editor of Ayer, were accompanied by O. L. Davis, Jr., sponsor of the two publications. The conference was sponsored jointly by the Odessa Schools and the Interscholastic League.

The meeting was held at the Odessa Senior High School Building. Following registration Saturday morning, lectures, demonstrations, and programs were presented by attending delegates. Students were free to choose the subjects most interesting to them and to go where there was a group discussing or learning about that one topic.

There were two divisions — forensics and publications. Ozona students spent the morning listening to a demonstration debate by Lubbock and Midland teams. Criticism was given by Bruce Roach, of the Texas University Interscholastic League. A group discussion by visiting debaters followed.

In the afternoon they attended a newswriting lecture by Professor Granville Price of Texas University. A publications workshop was one of the interesting highlights of their visit.

Among the selections to be chosen from were: debate, drama, declamations, extemporaneous speaking, lectures covering each division of newswriting and publishing newspapers.

News of Departments

There is a proverbial saying that "The way to a man's heart is through his stomach." There is no doubt about the anatomic truth of this statement, but the underlying implication is something to be considered a little more. Cooking is undoubtedly an art, and men undoubtedly appreciate it, good cooking, anyway. Girls in home-making classes are learning what constitutes a well balanced meal, the nutritional value of various foods, and the actual preparation of them. If the aromas drifting out the doors and down the halls before classes are dismissed for lunch are any true signs, the men of Ozona are truly in danger of losing their hearts to these future homemakers.

Grammar has succeeded the first semester's literature study in English classes. Miss Sealy's second period senior English students are using an entirely different approach to such things as dangling participles and split infinitives. Each day some topic is chosen by a student. Five or six sentences are written on 4 x 6 inch cards by all members of the class. Mistakes are checked and the cards are kept so the students will keep from making the same errors again.

Taxes and social security are the subjects being studied in book-keeping class, how much from each person and why that amount. Comments by students: "Poor Daddy," and "not really?"

Shorthand students are now transcribing their short hand at the typewriters.

Ozona Teachers Take Part in Area School Visitation Program

Nineteen members of the Ozona schools faculty have participated in the system's teacher-visitation program. Most of the others have plans made and dates set for their visits.

"The program is running very well for the first year," Lem Bray, superintendent, commented. "Many new ideas that will profit the individual teacher and the school as a whole have been observed and brought back to Ozona."

Under the program, each teacher is required to visit some school in the area not more than 225 miles away for one day. Teachers are expected to visit outstanding teachers in their field and observe their methods and techniques critically. They must prepare a detailed report on their return.

School systems visited so far by members of the Ozona staff have included Austin, San Antonio, Midland, San Angelo, Waco, Abilene, Sonora, McCamey and Crystal City.

Staff members who have completed their visitation are: Lem Bray, Blake Yager, George Masingill, Jean deMontel, Marjo de Montel, John Skinner, Fred Stoker, Glenn P. and Mrs. Carolyn Hicks, Jack Harris, Miss Mary Drake, Mr. and Mrs. L. B. Harris, Mrs. Thad

Tabb, Mr. and Mrs. Clyde Joiner, Allan Boedeker and Mrs. Hugh Akin.

WHAT KIND OF WORLD IS THIS GETTING TO BE?

What kind of world is this getting to be when:

Teachers start having people to take names,

Report cards drop from all A's to all B's,

When backward's week turns school upside down,

When no one knows who got the "goat,"

Everyone freezes until no one can study,

Mr. Harris teaches girls P. E.,

P. E.,

Mr. Matthews goes off to war,

Mr. Davis gets a letter saying "Greetings from Uncle Sam,"

Barbara slows down in typing and gets "speedie" in math,

We get music like we did in assembly, (barber shop quartette)

When there is no news for the Lions Roar,

The snow doesn't stay on the ground long enough to make snow balls,

The girls have nothing to do after this week,

There is no news for this column?

Phone News to the Stockman

Five Ozona Students To Attend Galveston Band Clinic Feb. 7-10

Five Ozona Band students will journey to the Texas Music Educators' Convention - Clinic held in Galveston February 7-10. W. B. Skelton, director, will accompany the group.

Helen Walker, OHS senior, has been selected as a member of the All-State Band as a flutist. She was selected from more than a thousand applications submitted. Only one hundred were chosen. She will play under the direction of Dr. Harold Bachman of the University of Florida.

Other band members attending are Tom Piner, Don Cooper, Marion Mock and Jimmy McMullan. These students will attend classes under instrumental specialists.

The All-State Band will perform February 9 in a public concert at which time the All-State Orchestra and Chorus will present numbers.

Two New Teachers Added to System Here

Two new teachers have been added to the Ozona Public Schools faculty within the past two weeks. Mrs. Blake Yager, recent bride

of OHS's principal, is now teaching a first grade section in the South Elementary School. Mrs. Yager is a June, 1950, graduate of Baylor University and previously taught in the Nocona elementary schools.

Bill Lafferty, January graduate of the University of Texas joined the Junior High staff Monday teaching language arts and social studies. He replaces A. J. Deans who resigned Christmas to enter business here. Mrs. Ted White has been substituting until Lafferty's arrival.

New Uniforms for Ozona High Band

New uniforms for the Ozona school band were received this week according to W. B. Skelton, director. He and band members are now in the process of identifying and cataloging the 70 uniforms. He has announced that the new uniforms will be issued to band personnel early next week.

The new uniforms are an eggshell white trimmed in purple and

gold. The coats are of a treated Navy officer's cap is a modified Panhard annual mid-winter band will be given February 23 appearance of the band in uniforms.

Miss Rosalia Friend was last week-end for a short two-week term from Dallas.

PAYMASTER FEEDS

the Railroads RESPECT...

the Labor Unions seek to

REPUDIATE...

this agreement!

What is the TRUTH?

At various states in the present dispute with the brotherhoods of railroad operating employees

... the railroads agreed to arbitrate. The union leaders refused.

... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.

... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated.

The Agreement is given in full below.

(2)

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet annually to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting, Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If the parties are unable to agree at such conferences whether or not further wage adjustments are justified

MEMORANDUM OF AGREEMENT

Washington, D. C.
December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.

2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.

3. Settle rules for 40 hour week and 6 day week.

4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.

5. Settle following rules:
Initial Terminal Delay (Conductors and Trainmen)
Interdivisional Runs
Pooling Caboose (Conductors and Trainmen)
Reporting for Duty
More than One Class of Service
Switching Limits
Air Hose (Conductors and Trainmen)
Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)

6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.

7. Quarterly adjustment of wages on basis of cost of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

Speaker Meeting

Workers Circle of the Ozona Methodist Wednesday morning at the home of Mr. J. R. for coffee and

Harvick led the separate worship and a session was held on formal worship and Using a Worship

Mrs. L. C. Proctor of Austin, First Vice President of the Southwest Texas Conference of W.S.C.S. was a special guest and spoke to the group on "Making Worship Mean Much."

Mrs. Harvick concluded the session with devotional service using the theme, "With Healing in His Hands." Mrs. Victor Pierce played music of Bach for the quiet listening time. Mrs. Joe Pierce read an interpretation of the Twenty-Third Psalm by Mabel Reed Wilson. The story of the picture, "Praying Hands," by Albrecht Durer was given by Mrs. Charles Williams, Sr. Mrs. H. B. Tandy read the scripture from Luke II. The Lords Prayer in unison concluded the meeting.

Others present were Mrs. M. B. Flippen, Mrs. D. B. Pettit, Mrs. Max Schneemann, Mrs. Oscar Kost, and Mrs. Charles Williams, Jr.

The next meeting of the circle will be at the home of Mrs. Max Schneemann, Wednesday, Feb. 14.

The Executive Board of the W.S.C.S. of the Ozona Methodist Church will meet Friday morning at the home of the president, Mrs. H. B. Tandy at 9 o'clock. Members are Mesdames Joe Clayton, W. D. Cooper, B. B. Ingham, Joe Pierce, D. B. Pettit, L. B. Cox, Jr., Alvin Harrell, Charles Williams, Jr., T.

A. Kincaid, Jr., W. P. Conklin, N. W. Graham, Stephen Perner, Hugh Childress, Jr., Scott Peters, B. C. Flowers, Charles Williams, Sr., S. M. Harvick, V. I. Pierce, Paul Perner, Floyd Henderson, Abe Caruthers and Ted White.

The next regular meeting of the entire W. S. C. S. will be a business session and program meeting Wednesday morning at 9 o'clock, February 7, in the Junior room of the Methodist Church. The Willing Workers circle will be hosts for coffee and Pamela Jones and Pierce Miller will play piano numbers for the group.

1950 Set Record for Polio Incidence in Texas, Records Show

AUSTIN.—Texas wound up 1950 by setting a grim new record in polio incidence — 2778 cases for the year.

Never before in state history have so many cases been reported during a 12-month period. Eight cases occurred during the last week in December.

That in itself is significant, for not a single week passed that did not see at least one case of the so-called hot weather disease being diagnosed in some part of the state.

The total incidence of the disease in 1949 was 2255 cases, establishing a record up to that time. But there were 53 weeks in 1949 instead of the normal 52, and that figure includes cases occurring all 53 weeks.

Two hundred and 3 counties out of the state's 254 were involved in the 1949 outbreak. That's comparable to the 201 counties which experienced polio in 1950.

The counties of Colman, Harris, Jefferson, McCulloch, Nueces, Tarrant, and Tom Green each reported a single case of polio the last week of the year. A Veterans Administration hospital had one case as the year ended bringing the total for the week to 8 from all sources.

The disease reached its peak on August 12, when 131 Texans fell

ill. That marked the greatest single weekly incidence ever to be reported.

State health department death records show 201 polio deaths through the first 11 months of 1950, and 192 deaths from that cause during all of 1949.

Week-end guests in the home of Mr. and Mrs. Ted White for the dedication service at the Methodist Church Sunday were Mrs. E. E. Sawyer and Mr. and Mrs. Edwin Sawyer and children, Sarah Ann and Edwin, Jr., of Sonora. Also a guest for the week-end was Mrs. White's niece, Miss Dorothy Martin, a student at Southwest Texas College at San Marcos.

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape — imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Dammit, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Dammit found that taking HADACOL helped his system overcome a deficiency of Vitamins B₁, B₂, Niacin and Iron.

Here is Mr. Dammit's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

John R. Bailey, who underwent an operation in a Temple hospital Monday, is reported doing well at midweek.

Mrs. B. B. Ingham, Jr., is recovering in Ozona hospital after undergoing an operation last Thursday morning.

Just Out! NEW FORD TRUCKS for '51 WITH PROVEN

Like ALL new Ford Trucks for '51, this 145-h.p. BIG JOB gives you Power Pilot Economy. Over 180 models... one for almost any job!

Highball along to a new high in SAVINGS! Ford step-ahead engineering triumphs again with Power Pilot Economy! With many other new features!

• '51 is a BIG year for Ford Trucks! A host of great NEW features make new Ford Trucks more than ever the owner's choice for economy—the driver's choice for comfort! New 5-STAR Cab... new autothermic pistons, new high-lift camshafts... new 4-speed Synchro-Silent transmission available at extra cost in Series F-4, F-5 and F-6. Check the list of new Ford Truck advancements, and you'll know they're the BIG money-savers for '51.

ONLY Ford offers you a choice of V-8's or Sixes! 4 great engines. Over 180 models... And ONLY Ford in the low-price field gives you Power Pilot ECONOMY... Come on in and talk it over!

Ford Trucking Costs less because—

FORD TRUCKS LAST LONGER!

POWER PILOT ECONOMY

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. It automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements. Unlike conventional systems, the Power Pilot uses one control instead of two, yet is designed to synchronize firing twice as accurately. You can use regular gas... you get no-knock performance. Only Ford in the low-price field can give you Power Pilot Economy!

Using latest registration data on 6,593,000 trucks, life insurance experts prove Ford Trucks last longer!

See them today!

Draft Regulations Forbid Enlistment After P. E. Notice

AUSTIN. — State Headquarters for Selective Service and some local draft boards in Texas are being swamped with pleas of many young men of draft age to permit them to join the service of their choice after the induction process has begun.

"We are forbidden by law and regulation to permit enlistment in such cases," commented Brigadier General Paul L. Wakefield, state Selective Service director. "We have no authority to act favorably on such requests."

The state director said that Section 15 of the Selective Service law states that no person shall be accepted for enlistment after the induction process is started.

"This prohibition against enlist-

ment has been interpreted by the Department of Defense to mean that no person shall be accepted for enlistment after he has been notified to report for armed forces

physical examination by a Selective Service local board," General Wakefield said. Local draft boards were advised of this interpretation by official

publication under date of November 16, 1948, an dthe official advice has been in force and effect since that time. Before order to report for pre-

induction physical examination issued there is no prohibition of any kind, against the enlistment of any man registered with a board.

Go See It.. For an Inspiration!

You ought to go see the new Cadillac. You ought to walk all around it and look at it from every angle—and you ought to open the door and get in and sit down.

You ought to slide over behind the wheel and look out over that jewel-like dash into the exciting beyond.

And you ought to do this, whatever the car you own today—and whatever the car you expect to own.

For it will lift up your spirits and add to your faith in America's industrial enterprise and productive ingenuity.

You look at those beautiful, flowing lines—and you can't escape the conviction that America's industrial artistry in metals is unsurpassed in all the world.

You look at the fabrics that tailor the seats and cushions—and you realize that America's manufacturing genius is unapproached for bringing luxury into everyday life.

You look at the flawless execution of every structural detail—and you have the comforting feeling that America's industrial craftsmanship is in a class by itself.

But your greatest inspiration is yet to come.

You ask the price of the lowest-priced Cadillac model—and you find that it's easily within the means of hundreds of thousands of American families.

Where else, in all the world—you ask yourself—could there be such a blending of luxury and practicality?

And the answer, of course, is—"nowhere." It's simply an American "monopoly."

Yes, here is the new standard for the automotive world. It is new in beauty, in comfort, in luxury and in performance.

So come see it soon—and come with your hopes high.
