Taxpayers To Express Opinions On School Expansion

Specific Needs Proposal Framed

The people decide! The Ozona school board sounded the call Tuesday night to call Ozonans' attention to new school needs.

This year, it is noted in local records, enrollment rises. The "war-baby" classes will be cramping the junior and high schools as they are over-crowded.

The elementary schools are teachers are hired here to care for pupils as well as to teach. One thing is needed—urgently—more room, officials declare.

Plans have been made by division of four sections in the school for physical plant improvement. The band, homemaking, and elementary divisions are asked for greater space.

Plans in order that they may be of anticipated enrollment to alleviate present inadequacy. The school board has authorized architects to design architectural additions to the school to bring the Ozona school up to a higher standing.

Plans are now designing and approximate costs of proposed building needs. As these are completed, they will be displayed in town so that county taxpayers may have data on which to base their opinion on this program.

Preliminary step, the following information was compiled by Supt. Lem Bray. The proposed expansion program for four different departments and each is presented separately.

Elementary — Statistical enrollment (presented in the Ozona Jan. 27) makes it necessary to locate the kindergarten in the fifth grade in this year 1951-52. In order to meet this need, four classrooms in kindergarten room will need to be built. With an approximate cost of 275, it is felt that a new auditorium-gymnasium is needed. Also a clinic and school music room.

With an increasing enrollment, our band is steadily increasing. An adequate band program cannot be carried out with the present facilities.

Interest in sheet metal drafting and welding makes necessary to occupy larger quarters. Noise from power machinery is audible throughout the school under the present program.

Home-making Cottage — Home-making was introduced into the school system years ago to give girls cooking and sewing. Trends in education have additional requirements on the homemaking Department. The state Department of Education has the following: "Well equipped homemaking departments should have the type of furnishings and equipment that is comparable to the homes in the community. Adequate space and equipment should be provided to insure an effective homemaking program. The maximum number of girls enrolled in homemaking should be sufficient to make instruction in all areas of homemaking, to serve the various needs of individual groups, to present a variety of problems and to make it possible for different ways of doing things to be offered in the program. This eliminates a most important part of the homemaking duties. All well rounded course should be based on the experiences from each home living. This cannot be done without the bath, living room, dining room and bedroom. Facilities cannot be offered in the present arrangement.

Reading articles about this program will be presented in the Ozona Stockman.

Late Contributions, Shindig Swell March of Dimes Total to \$2,250

Late contributions and the net "take" from the Saturday Shindig program, sponsored here Friday night by the Ozona Lions Club, swelled the total for the Crockett County March of Dimes drive by another \$235, to make the total for the campaign approximately \$2,250, Beecher Montgomery, drive chairman, reported this week.

The goal of \$2,000 set by the drive chairman in response to urgent requests from the National Foundation for Infantile Paralysis for a far larger contribution this year to meet demands of the Foundation was exceeded last week.

The Shindig program, staged by a group of amateur entertainers who broadcast over San Angelo radio stations each Saturday night, was well attended here Friday night in the high school auditorium. A collection was made in the audience for additional funds for the Dimes campaign.

4-H Boys Leave For San Antonio Livestock Show

35 Lambs, 2 Steers to Be Shown by Crockett Club Boys

Eleven Crockett county 4-H Club members, parent, and 4-H Club sponsor, County Agent Wm. A. Bergfeld, Jr., left yesterday and today for San Antonio where the local 4-H Clubbers will enter 35 lambs and two fat steers in the second annual livestock show.

The local club boys made a splendid showing in the recent Fort Worth Exposition and Fat Stock show when they won 16 places in competition with some 700 lambs from all over the state. The boys won a fifth, sixth and seventh place and places ranged up to 43rd, in fine wool and crossbred lamb competition. No steers were entered in the Fort Worth show.

An Angus steer fed by Carl Conklin and a Hereford steer fed by Frankie Jones will be entered in the San Antonio showing. Boys who will exhibit fat lambs include Graham Childress, Jimmy McMullan, Brock Jones, Jr., George Bunker, Jr., Charles and Gail Garlitz, Bill Schneemann, Ronnie McMullan, Charlie Black and Wilburn Conklin.

Mr. Bergfeld left Wednesday morning with the livestock in a truck. Sifting of the lambs is due to begin this morning and sifting of the steers Friday morning. The show starts Friday and judging of livestock will be Saturday. The San Antonio auction sale will be held Wednesday of next week.

Bump Gate Crashers To Be Required to Pay for Damages

An epidemic of damaged bump gates throughout the county has prompted the Crockett County Commissioners Court to take steps to put a stop to carelessness on the part of drivers who travel ranch roads.

Hereafter, those who damage bump gates will be required to pay for their repair if authorities can find out the guilty driver, the Commission decided.

Bump gates will last many years if reasonable care is exercised by automobile and truck drivers who use them, it was pointed out. But in recent weeks a large number of the gates have been reported wrecked, presumably by trucks, since the gates can more or less "hold their own" against passenger cars. The repair has become a major item of expense to the county and efforts will be made to spy out the offenders and take action if necessary to make them pay for the damaged gates.

Mrs. E. B. Baggett, Jr., is in a San Angelo hospital where she will remain under treatment for a couple of weeks.

35 To Go For Physical Exams On February 16

Seven Crockett County Young Men Included In New Call

The 5-county area, including Crockett county, served by Local Board No. 110, with headquarters in Sonora, will furnish 35 men for armed forces physical examinations in San Antonio on February 16, it was announced this week by the board clerk.

Seven of the men in the group will be from Crockett county. They are Ernesto Tijerina Martinez, Jr., Tomas Longoria Rios, Pedro Gonzalez Vargas, Alfredo C. Delgado, Charles Manuel Cunningham, Alan Lee Armentrout and Richard Chelsea Kirby, Jr. Sutton county will furnish 14 men, Schleicher, 5; Edwards, 3; and Kimble, 6.

The men will leave Sonora the morning of Feb. 16. The complete list of other counties as announced by the board is as follows: Sutton county: Esequiel Garza Duran, John Wesley Joy, Henry Berlanga, Juan Noriega Reyna, Rudy Bittel, Jr., Miguel C. Ybarra, Jr., Charles Edwin Montgomery, Joseph G. T. DeBerry, Jose Guadalupe Sandoval, Abelino Castro Sanchez, Jr., Ralls Royce Reeson, Felipe Soliz Gonzalez, Ramon C. Santos and James Albert Yancy; Schleicher: Gordon Wesley Hamm, Reuben Neill Dickens, Ivan Hilton Herron, Anderson Pena Villareal, and Patton Randall O'Harrow; Edwards: Rex Hayden Long, Beauford Hue Lackey, and Joe Lynn Whittley; Kimble: Billy Jo Frazier, Carl Edward Baker, Ray Curtis, Jr., Richard Weldon Bradshaw, Billy Joe Davis and Robert William Davis.

Lem Bray Named To Full Term As Supt. Of Schools

One-Year Contract Given School Head for 1951-52 Term

Lem Bray, who has acted as superintendent of Ozona Public Schools since last October, was elected to a full term as superintendent at a meeting of the board of school trustees Tuesday night.

Mr. Bray came to the Ozona schools at the opening of the present term as principal of the high school. He had previously served three years as principal at Nocona, Texas.

When Jack McIntosh resigned as superintendent, Mr. Bray was named acting superintendent and at a later meeting of the board was elected superintendent to complete the present school year.

Mr. Bray was given a one-year contract as head of the schools for the 1951-52 school year.

Ozona Couple Wed In Portales, N. M.

Mrs. Viva Roberts and Cam Lilly were united in marriage on February 3 in the Church of Christ parsonage at Portales, N. M., Grover C. Ross, minister of the Portales Church of Christ, officiating.

Mrs. Lilly has been manager of the Crockett Hotel and the local Western Union office for the past two years. Mr. Lilly and son operate the C. O. Spencer Welding Service here.

Winter Concert of OHS Band Postponed

The annual winter concert of the Ozona High School Band has been postponed indefinitely. W. B. Skelton, director, has announced.

Postponement was attributed to the new uniforms not fitting properly. As soon as the uniforms are altered, a new date will be set.

Billy Ray Graves, son of Mr. and Mrs. Robert Graves of Ozona, has enlisted in the United States Navy and is stationed at the Naval training center in San Diego, Calif.

Conoco Opens New Field On Harris Ranch

Deep Wildcat Flows 49 Barrels Clean Oil In 30 Minutes

Opening by Continental Oil Co. of an oil field on the northwestern Crockett county ranch of the estate of the late Frank L. Harris of San Angelo appeared assured Monday.

The wildcat, 35 miles northwest of Ozona, on a drillstem test from 8,576 to 8,635 feet showed gas at the surface in 2½ minutes, flared in six minutes and clean oil in seven minutes. It flowed 49 barrels of 47.4 gravity oil, with no water, in 30 minutes through a three-quarter inch choke.

Gas rated 7,644,000 cubic feet daily making gas-oil ratio 3,259-1. Flowing pressure was 3,855 pounds. Savings were being bailed out early Monday, preparatory to diamond coring. The formation had not been identified but was said to be possibly the Fusselman section of the Silurian.

The strike is listed as Continental No. 1 C. T. (Ted) Harris, 1,980 feet from the north and east lines of section 15, block 3, Washington County Ry. Co. survey. It is that portion of the ranch of the late Frank L. Harris of approximately 36,000 acres on which Ted Harris of San Angelo has the surface use. Ted Harris operates a total of 50 sections of deeded and leased University lands. His brothers, T. Wayne Harris and Leasel A. Harris, also of San Angelo, ranch on 100 sections of deeded and leased University lands.

The minerals under the ranch are held jointly by Ted Harris, T. Wayne Harris and Leasel A. Harris and their sister, Mrs. Zeb French of San Angelo, the former Miss Frankie Harris, and Mrs. Paul Smith of San Antonio, the former Miss Margaret Harris. A quarter of the royalty under the ranch was sold to Humble Oil & Refining Co. several years ago.

Continental No. 1 Harris is only two miles south of University block 6 and five miles south of the Reagan county line. It is six miles west of the World (Grayburg) field, 8½ miles north-northwest of the Shannon (Grayburg and San Andres) field, 10 miles south-southwest of the Grayson (San Andres) pool and 14 miles south of the Big Lake multipay field.

Crockett Furnished Only One Prisoner to Texas System in 1950

HUNTSVILLE, Feb. 12 — One person was committed to the Texas State Prison system from Crockett county in 1950. There were no commitments in 1949 and two in 1948. The highest number of commitments occurred in 1946 and 1947 when three were imprisoned each year.

These figures were revealed by Dr. Rupert Koehnizer, director of classification at the prison and head of the sociology department of Sam Houston State Teachers College. His advanced students aided in the survey which dates back to 1928.

The total number of commitments from Crockett county since 1928 is 26.

Texas city areas continue to send more people to prison than smaller towns and rural areas.

In 1950, more than half the new convicts sent to the State Prison system came from only eleven of the state's 264 counties. These counties represent about forty per cent of the state's population.

In order of the most number of commitments, the eleven counties were Harris, Dallas, Bexar, Tarrant, El Paso, Hidalgo, Travis, Lubbock, Jefferson, Nueces and Wichita.

They furnished 1,505 of the 2,995 prisoners committed during 1950, or 50.25 per cent of them. Based on 1949 population estimates, the eleven counties had a total population of 2,845,000 which was 39.35 per cent of the estimated state population of 7,230,000.

Rebels Meet Bergstrom Mustangs in Return Match Friday Night

The Ozona Rebels, local independent team, takes on the Bergstrom Air Force Base Mustangs in a return match Friday night, Feb. 16, at 8 p. m. in Davidson gymnasium.

Last Saturday night the Rebels posed out the Mustangs in the final 6 seconds of play, 60-58. Swede Peltó, local high school cage coach, drove for the basket with a perfectly timed lay-up shot only a second before the final gun. Peltó led his teammates in scoring with 23 counters.

The return match has developed into a highly pitched "grudge" game. The Mustangs, coached by Peltó's ex-crew chief, Sgt. Bill Rogers, notified Rebel officials Wednesday of his team's desire for the game. He added that this time there would be no use for a last second basket, that his service men would lead throughout the tilt.

Last Saturday's win gave the Rebels a season record of 11 victories against 2 defeats.

The 1951 edition of the Ozona Independents is composed of 10 men. H. P. McClanahan is playing manager. Swede Peltó, consistently the team's high point man, starts at a forward position. Jack Harris, Lion grid mentor, plays center and Martin Hearne and Jim Dudley start at guards. Playing on the team are Don Cooke, Beecher Montgomery, O. L. Davis, Jr., Carlton Smith and Joe Williams.

Admission prices will be 25¢ for school children and 50¢ for adults.

Pupils of South Elementary to Be Given Eye Tests

An eye examination program was begun Thursday, February 15, at the Ozona South Elementary School. Under the direction of Fred Stoker, principal, each child enrolled there will be tested with a tele-binocular set during the two-day program.

Dr. Maurice Lemmons will assist the teachers in the technical interpretation of results obtained. The South Elementary PTA has voted to aid those children to buy glasses whose test records show that such would be desirable for them.

The tele-binoculars used in the program here have been borrowed from the Sonora school system.

Jennie King Circle To Sponsor Brownies

The Jennie King Circle met at the home of Mrs. B. B. Ingham, with coffee at 9 followed by a business meeting and program at 9:30.

The Circle voted to sponsor the Second grade Brownie troop as one of its projects this year. Mrs. Stephen Perner continued the study on "We Seek Him Together," the lesson being on the chapter "Formal and Informal Worship." She concluded with the scripture for the day. Mrs. Floyd Henderson talked on the Ashram to be held in Kerrville in August. The program was concluded with a prayer by Mrs. L. B. Cox, Jr. The Circle adjourned to meet Wednesday, February 28 with Mrs. Tom Harris at 9 o'clock.

Present for the Circle were Mrs. Stephen Perner, Mrs. L. B. Cox, Jr., Mrs. Tom Harris, Mrs. Dempster Jones, Mrs. T. A. Kincaid, Jr., Mrs. Floyd Henderson and Mrs. B. B. Ingham.

Doug MacDonald, coordinator of physical education in the Ozona schools, has resigned his position here to accept a post as a assistant coach of football in the Class AA Sulphur Springs High School. Mr. MacDonald has been released by the local schools to accept the Sulphur Springs position and will leave Friday of this week. He will be line coach.

Mr. and Mrs. D. E. Pettit had as week-end visitors at the ranch Mr. and Mrs. John Armstrong and Mr. and Mrs. Bill Oliver, all of Kerrville.

Blanket Of Snow Brings Year's First Moisture

Damage to Livestock May Be Offset by Needed Moisture

A blanket of snow, officially gauged by the local weather station at two inches but estimated to four inches, covered Ozona and vicinity Tuesday night to bring the first moisture to this area since last September.

The snow rode in on a frigid blast from the north which hit the area early Tuesday morning, the temperature gradually dropping through the day. A freezing drizzle threatened for a time during the day to bring a damaging ice storm but in late afternoon the rain turned to sleet and later to snow. The snow continued to fall until near midnight.

The moisture content of the snow was considerably higher than the light flurry which accompanied last week's bitter cold weather. The weather station here gauged the precipitation from the snow at .19 of an inch.

Although some lambs may have been lost during the night, and livestock may suffer from the cold and snow, ranchmen see in the moisture from the snow a possible offset to their losses in benefits to the range.

Shell To Drill Deep Wildcat In N'west Crockett

Ellenburger Test on U. T. Land Northwest Of Harris Strike

Shell Oil Co. has scheduled an Ellenburger wildcat in northwestern Crockett county, eight miles northwest of Continental's deep strike on the Frank L. Harris estate ranch.

The firm's No. 1-5 University, projected to 11,000 feet with rotary and beginning at once, will be 660 feet out of the northwest corner of section 28, block 5, University survey.

It will be one mile south of the Upton county line and south and slightly west of the junction of Upton-Reagan county line with the north boundary of Crockett, and 12 miles east of the Crockett pool and the same distance west and slightly north of the World field.

The deep project will be on a block of 2,672.8 acres in Crockett and Upton counties which Gene Goff of Midland purchased for \$28,000 at auction in Austin on Dec. 8 of last year. Bonuses totaling \$2,510,650 were paid for leases on 138 tracts of University of Texas land in West Texas at that time.

Requirements besides the bonus was for a well to be started within 180 days after date of sale and drilled to 10,500 feet, or to commercial production of oil or gas, or into sulphur or salt water in the Ellenburger, or into granite at a lesser depth.

The acreage, listed for sale as tract 124, is all in block 5, University survey. It consists of the north half of section 21 in Upton county and the following in Crockett: south half of section 21, southwest quarter of section 20, west half of section 29, northwest quarter of section 32, north half of section 33, and all of section 28.

In the Tippett field, Champlin No. 1 Tippett was drilling at 5,036 feet in lime and shale, Blackwood & Nichols No. 1 GuH-Tippett at 4,615 feet in lime and shale.

Magnolia No. 1 Boyd Clayton was drilling at 3,515 feet in lime. Humble No. 1-E Cox was taking electric surveys to total depth at 8,668 feet in Ellenburger dolomite after recovering 390 feet of drilling mud with no shows on a one hour drillstem test from 8,618 to 8,668 feet.

New Costumes, Songs Added by Wayland College Famed Choir

The Wayland College International Choir, which will sing here March 1, was organized in the spring of 1948 by Prof. Shelby Collier, head of the Department of Fine Arts.

They will sing at the High School Auditorium in Ozona under the sponsorship of Ozona High School and at the First Baptist Church under church sponsorship.

Last season the choir traveled over 10,000 miles to appear in 100 concerts during that time. The choir is composed of students from many states and nations singing in nine different languages.

During the fall tour of last year the choir sang in the principal cities of Texas and New Mexico. In the spring they sang for the Southern Baptist Convention in Chicago.

At the beginning of the summer Collier and six members of the choir made a tour of 11 states covering over 10,000 miles. Each night they sang in a different church. Later in the summer he took five of the students to the Wayland College Summer School in Guadalupe, Mexico.

While he served as instructor of music at the university the stu-

dents studied the music and the language. Many new and colorful costumes have been added to the choir's collection as well as new music, which has been especially arranged for the choir.

The choir was organized by Professor Collier in view of the international aspect of the Wayland College campus. Since its beginning the choir has sung for schools religious and civic organizations over the country in order to promote international good-will and understanding.

Students May Win Historical Essay Prize

AUSTIN. — Texas high school students have a chance to win a \$100 prize or eight other prizes by writing an historical story about the town or region in which they live, or on any other topic in Texas history.

The Junior Historian, published by the Texas State Historical Association at the University of Texas, is sponsoring a writing contest open to regular Junior Historian chapter members and to any Texas high school student who becomes a member at-large by subscribing to the magazine.

Details and contest rules may be obtained by writing to the Junior Historian, Box 2131, University Station, Austin, Texas.

Mrs. Valentine Melvin has accepted the position as administrator of the Sterling County Hospital at Sterling City, Texas. Miss Lynn Boutell has accepted the position of superintendent of Nurses. The new building will be ready for occupancy about April 1.

What's its Power?

FIREBALL!

(Only Buick can make this statement)

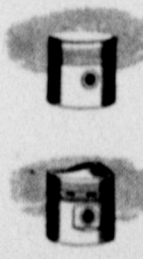

BEND an ear to the deep baritone song of this marvel motor, and you'll know we aren't fooling when we call it Fireball.

What happens beneath that brawny Buick bonnet happens in no other car in the world.

Years ahead of the rush to high-compression valve-in-head engines, Buick was in there pitching for more power from every drop of fuel.

The result: a spectacular engineering phenomenon you feel the instant you touch toe to gas treadle. A rapid-fire sequence of tiny tornados, let loose their pent-up power every five inches a Buick travels.

If you could look inside that Fireball engine, you'd see why. Instead of the flat-topped pistons used in other cars, Buick uses a turbo-top piston, like this:

So the inrushing fuel whirlwinds into a compressed ball that adds a super-urge to the downstroke of the piston.

And you get the thrill — and thrift — of this Buick "first" in every mile you drive.

More, you get a tried-and-true engine that's

been polished and perfected in every detail up through the years.

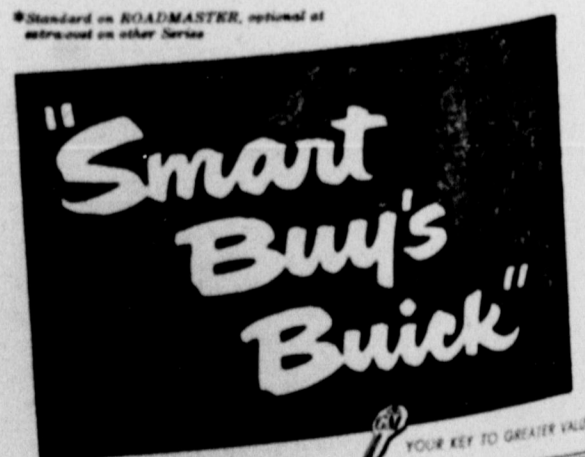

Again and again, compression ratios have been stepped up to keep pace with advances in fuels. Self-setting valve lifters contribute to silence. Micropoise balance and Hi-Poised engine mountings add two more Buick exclusives.

And the silken might of this Fireball's power has been made more beautifully obedient by still another "first"—Dynaflow Drive.*

So we list as a prime reason why "smart buy's Buick" this Fireball power plant—and a host of happy owners will say "Amen."

Better see your dealer soon.

Forum Studies on Citizenship

Wanda Watson and Mrs. Beecher were hostesses to the Forum at its regular Thursday at Miss Watson's home.

The club continued its study of Citizenship with emphasis on the United States and the United Nations. Mrs. Hugh Childress, Jr., and Mrs. W. T. Stokes were also present.

UNESCO; Mrs. Martin on International Trade; Mrs. James Childress on Children's Emergencies; and Mrs. Beecher on the Declaration of

Human Rights.

Gifts were brought by members to be sent to the little English girl whom the club has adopted as one of its projects. The club decided to make individual gifts to Boy's Ranch within the next month.

Charlie Black, civic chairman, is in charge of arrangements. It was reported that the club cleared \$70 on its March of Dimes square dance.

Members present were Madames Charlie Black, Hugh Childress, Jr., James Childress, P. L. Childress, Pill Childress, Ele Hagelstein, Jess Marley, Martin Harvick, Austin Millsbaugh, Beecher Montgomery, W. T. Stokes, Charles Williams, Jr., Boyd Baker, Abe Caruthers, Jean Odum and Miss Wanda Watson.

The next meeting of the Forum

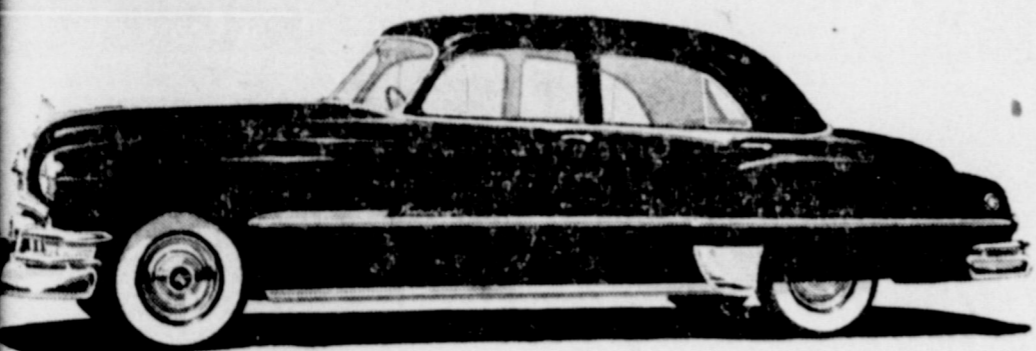

will be held February 22 at the home of Mrs. Joe Clayton, with Mrs. Charles Williams, Jr., and Mrs. Jess Odum as hostesses. A Federation Day program will be presented with Mrs. J. M. Montgomery of Fort Stokton as guest speaker. Officers of the Ozona Woman's Club and the Ozona Literary Club will be guests.

T. L. Nelson of Ozona is reported improving after suffering a relapse from the flu. The Nelsons live on the Troy Williams ranch 23 miles north of Ozona. Their son, Lee Nelson of Blanco, is here for a visit with his parents.

THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL

Sonora Girls Win; Volleyball Tourney; Big Lake Consolation

Ozona's first volleyball tournament Saturday was joined by seven surrounding towns. The tournament was held in the new Davidson Memorial Gymnasium starting at nine Saturday morning and ending at nine that night. Three trophies were given to champion, second place and consolation winners. These trophies were shown in Ratliff Hardware display window.

At nine o'clock Saturday morning Ozona's B string lost to Eldorado's A string 16-51. Comments by the Ozona girls were, "We were only warming up." Eldorado's high point performer was munda with fifteen. Simmons of Ozona was high with four points.

The second game was started about 10 o'clock, Sonora against Big Lake. This was a tight game until the half, but Sonora came out on top in the last, beating Big Lake, 36-29. High point players for this game were Smith from Sonora with 14 points and Strain of Big Lake with a total of 8 points.

The next game was the one we call the best when Ozona "really got in there and pitched" against Junction. This game started at 11:15 and ended with a score of Ozona 31 and Junction, 21. The girls played a good game and everyone was very proud of them. Leona Ruth Cunningham was high point with ten. Betty Maness coming up next with nine points, both of Ozona. Bell and Hill tied with a score of five each for Junction.

At 1:15 Ozona's B team played Big Lake. It was a mere slaughter of 79 to 1. And as far as the high point players go Pepper from Big Lake didn't enter the game until the half and made the high score for Big Lake, 21. Pat Cooper made Ozona's only score.

Tournament play was resumed after dinner at 2 o'clock when Eldorado and Sonora played. The score was 17 to 45 with Clark of Eldorado leading the scoring with five points. Sonora's Patsy Dremmen helped Sonora win with a total of 12 points.

Three o'clock brought around the Ozona-Iraan game. This one is where Ozona went out of the tournament with a 22 to 34 loss. Leading scorer for Iraan was Vera Rowe with eleven points and Ruth Sparks of Ozona with 7 points. Both teams played a good game.

Junction played Big Lake at 7 for the consolation trophy. Junction lost 30 to 43. Big Lake's Pat Strain totaled up 13 points.

For the championship, Sonora battled it out with Iraan at 8 o'clock. This was also a close game till the last half when Sonora decided it wanted the championship trophy and ended the tournament 35 to 19. High point Vera Rowe scored 6 for Iraan and Zane Gardner from Sonora scored 10.

After all the games were played gold volleyballs were presented to the most outstanding players who made up an all-tournament team. "Ozona" was inscribed on each volleyball. The trophies also were given at the same time. Everyone enjoyed the tournament and hope to have it again next year.

SAY, HAVE YOU HEARD? HEARD WHAT? — Well, about the Student Council Sock Hop, of course. They say there is to be fun for all and Food. Students Praise Melodrama Staged By Speech Classes

Friday the High School saw one of the best assembly programs put on this year. It was the speech class' production of "The Widow's Plight."

Lois McDade was hilarious as the widow's mother. Jeannene Thompson played Araminta, the young, virtuous widow, the only light in her unhappy life being Mazda, her darling daughter who was played by Ruth Sparks. Wayne Kukendall was Bludsoe, the villain, brother of Araminta's late husband. David Price played the heir posing as a fire laddie who saved Araminta from the hands of Bludsoe. Jane Adams played Lancelot's mother, a woman who had made a fortune putting gin in a potent medicine. Juanita Vela and Felista Rodriguez were the neighborhood gossips and Earl Berry, the policeman. O. L. Davis, Jr. directed the melodrama.

The plot was typical of the old-fashioned melodramas. It was a good play, one in which the audience heartily cooperated by alternately booing and cheering.

Student of the Week

Our choice for student-of-the-week this week, stands about six feet, three inches tall, has pink eyes, white hair and is very rarely seen around. Of course, he always is around, it's just that no one ever notices the poor guy. His most outstanding features are his extremely enormous ears and his slightly out-of-proportion feet.

He is really a very excellent, grade A, student and he is fond of Choral Club. His favorite past-time is just loafing and as to his favorite, he says Martini very dry.

Just in case you haven't met our student-of-the-week, then I'm sure someone at OHS could be glad to introduce you to HARVEY.

FOR SALE

All my property in Ozona consisting of Fireproof Building 50 x 100 and lot adjoining same on back 100 x 100 with two rent houses on same, one furnished and one unfurnished. The property has an income of over \$300.00 per month.

FOOLISH QUESTIONS

Doesn't it just kill you to go into the bathroom, sharpen your razor blade, get out a towel, bath rag, put lather on your face and then have someone remark "Are you going to shave?"

Go into the house and put on your bathing suit, bathing cap, beach towel and then some say "Going swimming?"

To answer the telephone and tell who you are and then for the other party to say, "Oh, are you home?"

Come into the Study Hall and give Mr. Pelto the permit that tells where you are going and then inquires, "Where do you wish to go?"

CONTINUED STORY FINALE

The tragic verdict rang out like a pistol shot — guilty — no, no, it just couldn't be — the condemned Baker made one final lunge, freed himself and dashed toward the door. Before the guards could reach the door, he was gone, but the vicious blood hounds were again set loose and it was only a matter of time until the poor victim was dragged back in.

Baker was completely broken. His one, last chance had vanished. He was completely reconciled to his awful fate. He stood with a defeated and downcast look on his face, as he heard his tragic sentence. — Five laps around the gym. (END)

Fads and Fashions

Spring 1951, still isn't here. For four weeks we've had nothing to report. First: we admitted there is nothing to say, then we gave some hints on grooming, finally, there was a report on spring's new fash-

ions — but there's no spring.

We'll see it we can remember what woollens were draped on for the volleyball tournament. Well, there was nothing, really, that has not been seen all winter. We were too hot in an angora sweater to notice anything but the ventilation

anyway. Maybe a month from now we'll tell you something. Mrs. George Matlack left for an extended visit with her mother in California, Oregon and Washington.

into our hearts, we would find that the things with which we have filled our lives are not what we really want and need.

The person who has God in his heart may be lonely, but never alone; hurt but never destroyed; despondent, but never defeated.

Countless thousands wept over the picture, "Sonny Boy," in which Al Jolson sang, "Friends may forsake me... I still have you, Sonny Boy."

PMA Asks Opinions on Mohair Grade Rules

COLLEGE STATION. — The Production and Marketing Administration, U. S. Department of Agriculture, is asking for comments from mohair producers and other interested persons on the proposed grade standards for mohair.

The proposed standards are the first ever developed by USDA for mohair and will serve as an aid in mohair trading by providing a guide that would be uniform throughout the country.

Seven grades are included in the proposed standards. They are Grades 40's, 36's, 32's, 28's, 24's, 20's and 16's.

Before these grades were established a survey was made that involved producers, warehousemen, manufacturers of mohair products and others to obtain their views on the proposed classifications.

Comments regarding the proposed mohair grade standards should be sent to the Director, Livestock Branch, Production and Marketing Administration, USDA, Washington 25, D. C. and should reach the Director before June 30, 1951.

Scott Peters, whom the Stockman last week reported as heading for Florida to spend the balance of the winter, evidently heard that temperatures were moderating the past week-end.

Training of Youth
In Democracy Need for
Survival Says Speaker

Members of the Ozona Woman's Club met Tuesday at the home of Mrs. J. W. Henderson, Jr., to hear one of the club's outstanding programs of the year.

Mrs. N. W. Graham, program leader, introduced the guest speaker, John L. Bishop, former Ozona school superintendent and now principal of the San Angelo High School, who spoke to the group on "What Democracy Demands from Education."

Mr. Bishop declared that if Democracy is to be a government by the people and for the people, its foundation must be based on individual responsibility and that democracy can not exist without personal participation. Americans are extremely careless with their heritage, the speaker said, as witnessed the last national election when only 29 per cent of the qualified voters voted to elect the president of the United States. We are not an informed, 100 per cent voting people, he said.

No government can stand against the isms of today unless its people are educated, Mr. Bishop said. Democracy demands that we prepare students to meet their responsibilities as citizens, homemakers and workers, and it is the duty of all adults to set the proper example.

Suggestions and needs for improving our Democracy and making it work and last were made by the speaker. These suggestions were as follows:

That we (adults) teach appreciation for Democracy. Most people demand too much of Democracy — want everything done for them. Democracy is sharing rather than just receiving.

We need to teach students what Democracy really is — and have enough freedom of speech to tell them where and why it is faulty, that they might improve it.

We need to teach them that Democracy should be a weapon of peace.

Young people should be taught the dignity of work, given the privilege of taking care of themselves — being pampered and having too

much is leading to weakness and decay.

Responsibility to others, that one person's rights end where the other fellow's begins.

Students should be taught to be physically, mentally and morally strong. They should be taught to think for themselves.

To teach our students that each right and privilege has its responsibility.

Mr. Bishop closed with a plea that adults, parents, teachers and leaders become good examples for

the youth by really practicing the way of life called Democracy.

The program closed with a piano duet, "Trees" by Joyce Kilmer, played by Elva Vitela and Billie Chandler. The Valentine motif was carried out in flower decorations and refreshment table. Others present were Mesdames M. B. Flippen, N. W. Graham, W. R. Baggett, S. M. Harvick, V. I. Pierce, W. E. Friend, Jr., P. T. Robison, Bill Brown, Troy Hickman, Charles Williams, Sr., Walter Augustine, Stephen Perner, Sherman Taylor,

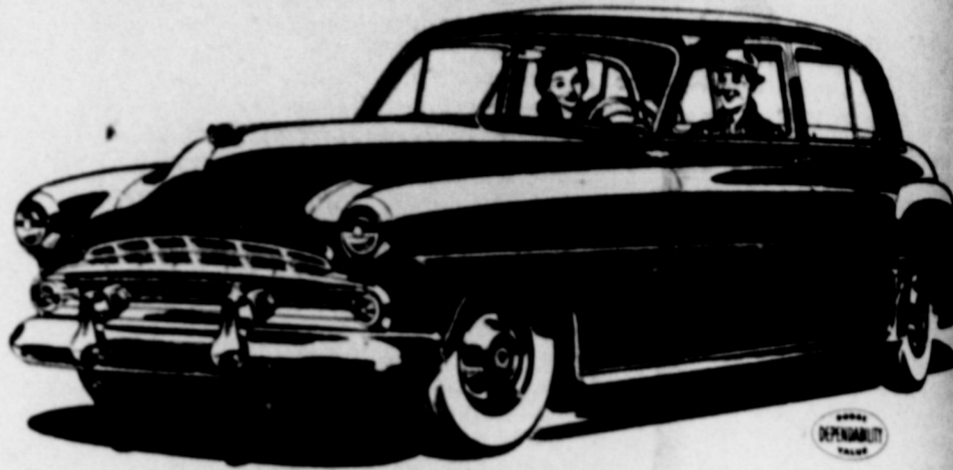

Joe Pierce, Jr., Jack Hoover, W. N. Hancock, Cox, Jr.

Mr. and Mrs. Elva Vitela gett, of Lufkin are the parents of a son born Sunday in a Lufkin hospital. The baby is a girl named Mr. and Mrs. E. B. Baggett of Ozona.
