## Wind Up Polio Drive With House To House Canvass

### Civic Clubs Cooperate In Taking Campaign To Every Home

Ozona's March of Dimes campaign for 1952 will be wound up this afternoon in a whirlwind house-to-house canvass of the entire town, seeking donations to the national and local fund to fight infantile paralysis.

The canvass will start at 1 o'clock this afternoon, with every civic club and organization in the city cooperating in this effort to give every resident of Ozona an opportunity to contribute to this most worthy cause, B. B. Ingham 1952 MOD chairman, announced.

The local wind-up campaign has been extended beyond the "Porch Light Campaign" being undertaken in many cities, with workers making a tour of the city from 7 to 8 p.m. and calling where porch lights are left burning as a signal that a donation will be made.

"We are staking the success of our campaign on this last afternoon canvass," Mr. Ingham said, "and with the cooperation of the clubs and organizations, every house is to be visited in the afternoon. Since the need is so great to overcome deficits of past years and to combat an every-increasing incidence of polio in Texas, I hope that Ozona people will respond liberally so that we may make an impressive showing in the 1952 campaign. Certainly every dime and every dollar is needed and will be put to good use."

From National Foundation for Infantile Paralysis headquarters in Austin come encouraging reports that Texans every where are rallying to the support of the organization in the current campaign, which is being continued "under a cloud of new polio cases," announcement from the headquarters pointed out this week.

"Polio continued to stalk Texas with 40 cases reported during the week ended January 19. The need for uninterrupted laboratory research was cited again as an essential goal of the annual March of Dimes."

## 'Dry Hole' May Produce Water For City Supply

### Hole Cleaned and Acidized; Test Pump Is Awaited

A fourth water well is thought in the making on water works hill this week as work of cleaning out and acidizing one of the dry holes drilled several years ago was completed.

The hole was drilled north of the cluster of producing wells now in use but missed the pool or stream from which the city's supply is now pumped.

As a reserve or stand-by supply and to insure an adequate supply of water during the summer when demand is highest, the water department had the hole cleaned and a 3,000-gallon charge of acid given the formation at the water producing level.

The acid ate its way into the area from which the present supply is pumped from the other wells, Bill Cooper, water works manager, said. While the acid was in the ground, pumps on the other three wells were operating at full speed, pumping water into the abandoned swimming pool nearby. After some time, presence of the acid was detected by taste in the water and pumping into the old reservoir continued until the acid had been dissipated.

Testing of the water with bailer from the drilling rig failed to lower the level and final tests to determine the producing capacity of the new well will be made with an electric pump similar to the ones now in use on the other wells. Arrival of this equipment was being awaited this week.

## 'Hot Sweater' Salesmen Fined Here for Failing To Pay Gasoline Bill

Two Pennsylvania men, peddling the well-publicized inflammable sweaters, were arrested last week in Junction on a pick-up call from Sheriff V. O. Earnest and brought back to Ozona to face charges of driving away from a local filling station without paying for gasoline.

The men were fined in justice court on pleas of guilty to the charges and information for a check on their draft status was given to Ed Darst, FBI agent of San Angelo.

The men, David Jack Palmer, 25, and Fred Nate Altman, 21, peddled four or five of the inflammable sweaters on a brief stop here. Tests made of the sweaters showed them to be highly inflammable, burning almost like gasoline, Sheriff Earnest said. Several dozen of the sweaters were found in the car in which the men were riding.

## Postmaster Hokit To Act As Draft Registrar Here

### Plan Will Permit Boys Reaching 18 To Register at Home

AUSTIN, Texas, Jan. 28. — Boys who reach the age of 18, required to register with the nearest draft board, can register in Ozona with Postmaster Floyd Hokit.

The nearest draft board is Local Board No. 110, Sonora, which has jurisdiction over Sutton, Kimble, Schleicher, Crockett and Edwards counties.

Mr. Hokit's services as registrar enables Crockett county boys to register in their own county without having to go to the expense and trouble of travel to Sonora.

A local board is maintained for the five-county area because one board can take care of it under present circumstances and thus help keep down the cost of government.

Brig. Gen. Paul L. Wakefield, state Selective Service director, said today that "people should appreciate the service Mr. Hokit is rendering the people of Crockett county. He does this job without pay as a patriotic service to his country."

All males are required to register under the draft law on their 18th birthday or within five days thereafter.

Maximum penalties that can be applied for failure to register is \$10,000 fine, or five years in prison, or both.

## Lee Roy Story Quits Fireman Post For Position in San Angelo

Lee Roy Story, full time fireman on-duty at the Ozona fire station, has resigned to accept a position with an automobile parts concern in San Angelo. Mr. Story and his family will leave today for San Angelo to "make their home."

Until a new full time fireman can be employed, members of the Volunteer Fire Department will man the fire trucks in case of a call, and efforts are being made to arrange for some members or other volunteer to sleep at the station in case of a night fire. The full time fireman is employed by the county.

Members of the Volunteer Fire Department were guests of County Judge Houston Smith at a barbecue supper Wednesday night at the station. Also present were representatives of the departments at Sonora and Eldorado.

Mr. and Mrs. Ray Piner attended graduation exercises at North Texas State College in Denton Sunday when their daughter, Miss Edith Lou Piner, was awarded the Bachelor of Arts degree in business administration. Miss Piner will teach junior business administration in the Hadley public schols beginning Monday.

## Erby Chandler Wins Third In Ft. Worth Show

### 13 Places Won by Ozona 4-H Boys in Sheep Show

Erby Chandler, 10-year-old Ozona 4-H Club boy, who showed his crossbred lamb to the grand championship of the county show here early this month, won third place with the lamb at the Fort Worth Livestock Show in Fort Worth the past week-end. Erby also placed seventh with another lamb.

Twenty boys, members of the Crockett County 4-H Club, with County Agent Paul Newton and a group of parents, were on hand with some 50 head of sheep for the sifting operations Friday morning. The local shipment was sifted to 26 lambs which were allowed to enter the competition.

A total of 13 places were won by the Ozona boys in the fine wool and crossbred lamb competition, including a fourth place pen of 15 head, won by the club as a unit.

In the fine wool division, Bill Schneemann placed 29th and 35th, Graham Childress, 43rd; and Scott Hickman, 41st and 44th.

In the crossbred showing, Erby Chandler won third and seventh; Tom Kincaid 14th and 30th; Tom Robison, 30th; George Bunger, Jr., 34th; and Bill Schneemann, 41st.

Other 4-H boys making the Fort Worth trip included Charles and Gail Garlitz, Jimmy, Ronnie and Joe McMullan, Jody Jones, John Lee Henderson, Charlie Black, Ray Robison, Bobby Sutton, Brock Jones, Jr., Clayton and Benny Friend.

The local club boys are now priming their show sheep for the San Antonio show next month.

## Lions Win Third Dist. Cage Game Against Junction

### Go to Menard Friday Night, Play Sonora Here Tues. Night

Ozona High School's Lion cagers kept a clean slate in district competition so far this season by trimming the Junction Eagles 43-24 Tuesday night on the Junction court. This is the third straight district win for the Lions, Sonora and Eldorado having fallen before the locals in their first two starts.

The Lions will go to Menard Friday night for their fourth district start and then next Tuesday night will entertain the Sonora Broncs open the second round of play in the season's double round robin.

Charles Garlitz led his teammates in the scoring department in the game against Junction. Charles scored 13 points, with Bill Schneemann in second place with a total of 11. Wertebach and Britte scored 6 points each to lead the Eagles.

Ozona	FG	FT	PT

Total	9	6	24

Ozona Junior High dribblers lost to the Junction Juniors 33-20 and the Ozona girls dropped their contest to the host club 44 to 24.

## Pajamas Ignited From Gas Stove, Ozona Child Suffers Serious Burns

Penn Baggett, 6-year-old son of Mr. and Mrs. W. R. Baggett, Jr., suffered serious burns on his left leg early Wednesday morning when his pajamas were ignited from a gas stove at the Baggett ranch home two miles north of Ozona.

Fortunately, Mr. Baggett was sitting near the stove and grabbed the child the moment the flames leaped up the leg of the pajamas. The blazing garment was stripped from the child's body in time to avoid burns higher on the body. After applying first aid treatment the parents rushed the child to Ozona to a physician.

The burns were severe along the leg in several spots but the attending physician expressed belief that the area would heal satisfactorily.

## 1952 Auto License Plates Go on Sale Here Next Monday

Beginning next Monday morning, Feb. 4, the 1952 motor vehicle license plates will go on sale at the sheriff's office here.

Mrs. Gertrude Perry, office deputy, advises that it will be necessary for all motor vehicle owners to present their certificates of title and last year's registration receipts before new plates can be issued.

Procedure under new registration laws make it mandatory that the tax collector check motor numbers on certificates of title and registration papers, Mrs. Perry said, thus making it necessary that owners have these papers at hand when they apply for new plates.

## Ozona WAC Assigned To Maxwell AFB, Ala.

MAXWELL AFB, Ala. — WAF Private First Class Betty Jane Schwalbe, daughter of Mrs. E. C. Alford, Ozona, Texas, has been assigned duty with the 1063rd Communications Squadron, Maxwell Air Force Base, Alabama.

Previous to her present assignment, Pfc. Schwalbe received training as a teletype operator through an Air Force Training Program in operation at Francis E. Warren Air Force Base, Cheyenne, Wyoming.

Maxwell Air Force Base, Alabama, is headquarters of the Air University, commanded by Lieutenant General Idwal H. Edwards.

## Today Is Final Day To Pay Poll Tax For '52 Vote

### Total Wednesday Lagging Near 200 Under Last Election Year

Newspapers, radios and organized groups throughout the state have been hammering at all of us, the citizens, for the past month to "pay your poll tax and be ready to vote in this election year of 1952."

But to yesterday afternoon an estimated 200 or more potential voters in Crockett county still had not called at the collector's office to pay the \$1.75 poll tax and thus qualify themselves to register their opinions at the polls this summer and fall.

Poll tax payments took a spurt during the past week, with some 200 or more additions to the poll lists during that period. The total stood at 900 poll tax receipts issued to Wednesday afternoon, which was an increase from last year's off-year total of 766 polls.

More than 1100 poll taxes were issued in Crockett county in the last election year.

Mrs. Gertrude Perry, office deputy, announced yesterday that the collector's office would remain open during the noon hour today and would be open until 6 o'clock this evening and later if there are people waiting at the closing hour.

Adding Machines at the Stockman.

## Andrews Winner Of 21st Annual Ozona Tournament

### Illness-Plagued Ozona Lions Advance To Semi-Finals

Andrews High School's Mustangs, entering the Ozona tournament for the first time, copped the championship of the 21st annual basketball festival here the weekend. The Mustangs defeated the fast Reagan County High School Owls from Big Lake 43-34 in the championship final Saturday night in Davidson Memorial gym.

Carrizo Springs, also a new entry in the local tourney, with Jim Bramlett, former Ozona High principal, now Carrizo Springs principal, in the rooting section, crashed to the consolation championship after being eliminated from the championship bracket in the opening game by the runner-up Reagan Owls. The well-balanced Carrizo Wildcats swamped the Menard Yellow Jackets 56-27 for the consolation trophy in the Saturday night final.

Ozona High School Lions, despite handicaps of illness among its first stringers and absence of others at the Fort Worth Livestock Show, advanced to the semi-finals by defeating Fort Stockton Thursday night in first round play and then taking Eldorado in quarter final play Friday night. The Lions fell before the rampaging Reagan Owls 48 to 26 in the championship semi-final Saturday afternoon. Three starters on the Lion squad stayed over for the opening game Thursday night, leaving immediately after the game for Fort Worth where they were ticketed to show sheep in the 4-H Club show division. These boys, who were absent for the balance of the tournament, were Scott Hickman, Bill Schneemann and Charles Garlitz.

As if it were not enough to have three first stringers out for the stock show, two others, Joe Bailey and Tom Piner, were ill with flu and Bill Maness, another top hand, was just recovering from an attack. All of these boys were on hand for the games, but Maness was the only one able to play, because of their physical condition.

Only six Lions were available for duty in the Eldorado and Big Lake games and they gave a good account of themselves. They were Wilburn Conklin, Wayne Kuykendall, Don Cooper, Virgil Machado, Bobby Womack and Dod Hammond, with Bill Maness able to go a little in the final games.

The champion Andrews Mustangs placed three players on the all-tournament team, with two from Big Lake, two from Carrizo Springs, and one each from Menard, Lake View, Fort Stockton and

(Continued on Last Page)

## January Temperature Readings Range From 20 to 81 Degrees

January's weather in Ozona presents a confusing picture when you examine the temperature readings on the U. S. Weather Bureau instrument being maintained here at the fire station.

The temperature readings ranged from a crisp 20 degrees on the tenth of January to a sweltering 81 degrees four days later. The 81 degree high followed a period of eight straight days when minimum readings were below the 32 degree freezing point, the low readings reached in early morning hours. The month's average maximum reading was 68.8 degrees and the minimum average 40.7 degrees. The month's average temperature was 54.7.

Except for the shower or drizzle last Sunday morning, you may not believe that measurable moisture had fallen here during the month, but the sensitive government rain gauge shows a total of .14 of an inch of moisture during the month. The tiny moisture showing was spread over four days of measurable precipitation, .02 on Jan. 3, the same on the 16th and 21st and .08 last Sunday morning.

THURSDAY, JAN. 12, 1934

**THE LAW DOWNS FROM HICKORY GROVE**

There is much confusion in the law — also there is much confusion — likewise much doubt — also lack of confidence as to just what is planned for us, in Hickory Grove citizens that is. We have a man in our hands — we have a man in an exempt suit, traveling in and from across the Arkansas putting away under process — pulling the blankets from our established customs — which draw our freedom to keep what we want — leaving our rights to work for what you, where, or for the law much. We did not know we would have all this trouble and lack of confidence when we came down to the retail place a dozen years ago and voted a big "you bet" in the idea that we would be rolling in milk and honey if we got turned over the whole thing to the warrens. Now look at it — Ozona, where at first it was a barren, like the palms and dates on the Sahara, just beyond the group. Now, I say this, like the owner who travels and confuses — let every

under shake off his pride and confess his past wickedness — admit he was not so smart as he thought. Then roll up the sleeves and start cleaning out the rubbish — rubbish in fact, that is, the long and protracted talk. Yours with the lawdown, JY HERBIA

**METHODIST CHURCH NOTES**

**Sermon Series (Continued)**  
"Deliverance," the next topic in the series, "Through the Hills" will be Sunday morning, February 12 at 11 o'clock, according to the Rev. A. T. Tom, pastor of the Ozona Methodist Church. This study will be a series of Bible chapters and their interpretation. The series will be followed by an observance of the Sacrament of the Lord's Supper.

**Covered Dish Supper**  
The monthly Fellowship Dinner in the form of a Covered Dish Supper will be this Sunday night, February 12 at 8:30 o'clock. Each family in the church is invited to be present with a dish of food. There will be the show at this meeting.

**Young People in Vespers**  
Instead of having the usual meeting at 8:15 o'clock, the Methodist Youth Fellowship will attend the Vesper Service in a body. The pastor's wife will be the seventh and in the Bible series, "A Vision in the Desert."

Mr. and Mrs. J. E. Miller and children, Michael, Van and Linda spent the week-end visiting Mr. and Mrs. E. H. Gallenkamp of Kingsville and attended the wedding of Mrs. Miller's niece, Miss Rachel Gallenkamp to William E. Rice of Longview, Texas. The wedding took place at the First Baptist Church in Kingsville.

Capt. and Mrs. M. E. Rippen, Jr. and two small sons of San Antonio were guests over the week-end in the home of his parents, Mr. and Mrs. M. E. Rippen, Sr. He is a dentist and is stationed there for eight weeks of training.

**Plateau Shrine Club Elects Officers at Meeting in Sonora**

The Plateau Shrine Club met in the Shrine House of St. James Episcopal Church, Sonora, on January 11 for the purpose of electing officers and members of the Board of Directors for 1934. The following were elected: J. E. Newell, Sonora, president; C. C. Frost, Junction, first vice president; C. C. Sycamore, Sonora, second vice president; E. E. Suter, Sonora, treasurer; Alfred Schwabach, Jr., Sonora, secretary. Members of the Board of Directors are: E. E. Suter, Jr., Ozona; Robert Swanson, Junction; C. E. Scott, Sonora; and Gene Hestiff, Elmore. Regular meetings of the club are held in the Shrine House the second Monday night of each month.

Mrs. Matt Vaughan of the Ozona Dress Shop was among those attending the American Fashion Association Spring and Summer market in Dallas last week.

H. T. Johnson of Ozona underwent an operation in a Temple hospital Monday of this week. He was reported doing well at midweek.

Effective February 1, the local Western Union office will be transferred from the Grant Hotel to Mrs. Jassy Spertman's book store.

Mrs. J. A. Fassel returned Tuesday from Glen where she has been at the bedside of an aunt who was seriously ill.

Mrs. Germa Sobies and two children were here from Midland this week to visit Mrs. Sobies' mother, Mrs. Lindsey Hines and family.

GENUINE SAMSON Folding chairs FOR RENT at Earl's Hardware & Furniture Co.

It surely was the height of something or other when a mother called the police department the other day to order a dozen prints of the picture the officers had taken of her delinquent son.

Although the modern telephone may be taken out of coffee cream for the breakfast table, one is sure to have a better variety of coffee or meal on her dressing table.

See for yourself how a Chevrolet truck can cut your costs in every way

- FACT No. 1 - Costs Less to Buy
- FACT No. 2 - Saves Money on the Job
- FACT No. 3 - Right Truck for Every Load
- FACT No. 4 - Keeps Its Value Longer

Assume a truck user buys an American-made truck, not just any truck. That's why more of them buy Chevrolet trucks than any other make . . . nearly as many as the next two makes combined! What they get for their money is a rugged, sturdy, dependable truck that's factory-equipped to their job and job-load-right power, right capacity, right gear—with savings in purchase over other trucks of comparable specifications, and a record of savings on the job that can't be topped. Come in and let's get down to work on how a Chevrolet truck can cut your hauling or delivery costs. You can't make a better buy—no more your money!

... WILL BE SERVED... These two here are probably the youngest platoon leader and the youngest regimental commander in Korea. They are Sgt. 1st Class Joseph R. Nelson (left), 18, of Washington, who found himself in charge of a platoon when casualties took the senior officers, and Col. Charles Mount, College Park, Ga., who at 25 commands the 32nd regiment of the seventh division. Col. Mount is a West Point graduate and a veteran of World War II. His wife and two children live in Tokyo. Both Sgt. Nelson and Col. Mount made their first visit to Korea in the Inchon invasion last September.

**Executive Committee Shows Year's Work, New Programs**

Members of the executive committee of the Methodist W. S. C. S. met at breakfast in the home of the Society president, Mrs. B. Tandy, Wednesday morning to review the work that has been accomplished in the past year and to discuss a preview of projects to be taken in the coming year.

The committee in a busy session following breakfast discussed the observance of "World Day of Prayer" which was fixed for February 22, 1952. The committee was appointed to honor two members of the Society in the past year with memberships. A nominating committee also was named to prepare a list of nominees for the March 5. The nominating committee includes Mrs. W. Tandy, Mrs. Paul Perner, Mrs. M. R. By, Mrs. Charles Wilcox, Mrs. L. B. Cox, Jr. and Mrs. Childress, Jr.

For the executive committee meeting were Meses. W. Tandy, Troy Hickman, Paul Floyd Henderson, Charles R. Sr., B. C. Flowers, Joe Hugh Childress, Jr. A. S. M. B. Flippen. The next meeting will be on Monday at the church. A play, "The Mock Scene," will be given in the missionary education class.

oOo Mrs. L. B. Cox, III, guests this week Mrs. M. R. By, Miss Martha Manley, Mary Lawson, Joan Noelle and Pat Walker, students at Southern Methodist University in Dallas. The group is enjoying a few days before leaving for home.

Cox and children, Lynn and George will go to Wichita, Monday with Martha to visit parents, Mr. and Mrs. Sam

**Ozona Hospital Is Accepted As Member Texas Hospital Assn.**

The Ozona Hospital has just received notice that it has been accepted as an Active Institutional Member of the Texas Hospital Association, the activities and programs of which are directed toward "better health for Texans." The requirements for membership in the Association are that a hospital be registered by the American Medical Association and that doctors practicing there be members of or eligible for membership in their county medical society.

Being a member of the Texas Hospital Association is beneficial to an institution because it indicates to a community that its hospitals are qualified and ethical, and are meeting the high standards of good hospitalization.

Membership affords opportunities of member hospitals by frequent contacts with other hospitals in the Association concerning procedures and practices. It also offers a means of joining with other Texas hospitals in any advancement of their interests.

oOo Mr. and Mrs. James Bramlett and infant daughter were guests of Mr. and Mrs. J. A. Pelto during the basketball tournament last week.

oOo Jerry Carl Lonon, formerly of Ozona, was here during the between semester holidays, visiting Kenneth Parker. Both boys are freshmen at SAC, where Jerry is majoring in petroleum engineering and Kenneth in law.

Schoolmates for most of their grammar and high school days, these boys plan on going to Texas University together for the completion of their studies.

**Here Friday!**

**THE GREATEST CAR EVER BUILT  
IN THE LOW-PRICE FIELD**

**The big  
1952 FORD**

*Out-performs them all!*

Ford's completely new 101-h.p. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

*Exclusive Power Pilot Economy!*

Both the new Ford Mileage Maker Six and the Sixty-Six V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

*New Coachcraft Bodies!*

Ford's new Coachcraft Bodies are longer, stronger, distinctive in their modern beauty. They offer new hull-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

*Out-values them all!*

With such modern design and engineering features as new High-Style Control Panels, new Power-Foot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

*Out-rides them all!*

Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, quietest ride of them all — a level ride on straightaways, an even keel on curves.

*Out-sizes them all!*

The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

*Full-Circle Visibility!*

With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

You can pay more but you can't buy newer or better!

**'52 Ford**

Fortunatic Drive, Overdrive, white sidewall tires (if available) and five-tone colors on Customline Sedan optional at extra cost. Equipment, accessories and trim subject to change without notice.

Society — Doris West

### Not Enough Talk —

**By Marion Mock**  
Longnose Lou was nosing around during the basketball tournament and it seems as if the OHS girls didn't go with the out-of-town basketball boys this year. Could it be that they learned their lesson of last year? — It seems as if Rosie gave Ronnie back his football jacket in exchange for an identification bracelet. What do you think? Was it an even trade? — What big date was Doris telling Henrietta about in study hall Monday? — Joe Bailey and Vivian Trotter were seen dating during the tournament. Enjoy the show, kids? — Jimmie must be either keeping his private life secret or he's off women for we haven't seen him with anyone lately. Come on, Jimmie, give the girls a break. — We hear Rosie had a date with Jody the other night. — Hum —  
In case any of you are wondering about the title, it's not a misprint. Due to the fact that the news locker hasn't produced any news lately, the gossip column has just about fizzled out. So, in order to revive this "communication with the private lives," the newspaper staff is going to give some lucky student the privilege of being "Snoopy Sue" for a week. Anyone wishing to be the writer of "this" please get in touch with Miss Koepf or Marion Mock.

### News From Shut-In

Does a person lose weight in a hospital? This question was answered when Bill Gillit and Wayne Kuykendall interviewed Hugh Russell in the Ozona Hospital. Maybe it's the food or maybe one doesn't have a chance to work up an appetite. Anyway Hugh has to wear some cotton over his wrist watch to keep his watch from falling off.

Hugh will be in the hospital for at least three more weeks. Then he can go outdoors though he will be wearing crutches.

Hugh says he's going to live in the snook hall when he gets out, because the doctor says he can't go to school.

The writer noticed a notebook on Hugh's dresser in the hospital and asked him if he had to study while he was in the hospital. He answered, "Yes, Mr. Massingill has been visiting me frequently, but now when I see him coming, I tell the nurses to tell him I'm asleep."

Although it may seem tiresome staying in a hospital Hugh seems quite cheerful. He has been working on model airplanes and reading funny books. But no school for another three months seems pretty good to anyone.

### BE A BOOK WORM

"A teenager's thinking and working isn't all sugar and spice with nothing solid behind it." Personality Plus, a new book in the library, may help you to find out what a teenager's thinking and working is like. While looking for this book you will run across other new books like, You Can Always Tell a Freshman, Wenderly, and, Both Were Young, and any number of other books for girls as well as books like Great Caesar's Ghost!, North Forks, Hill Doctor, The Kingdom of Flying Men, The Twenty-Fifth Mission, and others for boys.

There are a lot of fiction as well as non-fiction. The non-fiction books run along this idea, How The United Nations Work, Television Story, Rocks and Their Stories and others.

Those who are interested in poetry will be glad to know that there are several new books of poetry.

### BIRDSEYE VIEW OF THE TOURNAMENT

## It's Loaded — So Be Careful!

Before you drive the Golden Anniversary Cadillac, there is one thing we should like to impress upon you: It's loaded—so be careful!

There's more power in that dynamic engine than you'll ever need—except for the rarest emergency. And it should never, never be used for dramatic display on the get-away.

If somebody else wants the honors when the light turns green—let 'em go. You don't have to prove anything, anyway.

But that great power works for you—even when you're not unleashing it to the limit.

It works for you as a reserve—and gives you that easy, quiet, flowing ride which makes a Cadillac such a joy to own and such a thrill to drive . . .

It gives you that slow-moving engine—that simply loads at all legal speeds—and which is a literal Methuselah when it comes to long life . . .

And it is a primary reason for that unbelievably low upkeep expense, at which Cadillac owners never cease to marvel. Some fleet owners have found, for instance, that Cadillacs cost less to operate and maintain than any other cars they have ever used. And the easy-going engine, that never operates under strain, is a big factor in this economy.

Yes—Cadillac's great power works for you—and is necessary—and is one of the vital reasons why Cadillac's performance is so outstandingly different.

But we trust that no Cadillac owner will ever use it for dominating the highway. To do so is not only counter to the rules of safety—but it is not in keeping with the graciousness the motoring public has come to expect from the person who sits at the wheel of a Cadillac.

Have you seen this great Golden Anniversary creation? If not, we should be pleased to welcome you to our showrooms—at any time.

THE GOLDEN ANNIVERSARY

### WATER PUMP

Neat and Better!

### The RED JACKET-REDA "Submerg-Pump"

The Latest in Water Pumping Equipment for the Home and Farm

- ★ THE ONLY YOU DON'T SEE, CAN'T HEAR AND NOVEL LUBRICATE
- ★ MOTOR AND MOTOR COMPLETELY UNDER THE WATER
- ★ NO PRIMING—LUBRICATION
- ★ NO PIT OR PUMP HOUSE
- ★ CAN BE INSTALLED QUICKLY AND EASILY
- ★ CAPACITIES TO 200 GAL PER HOUR
- ★ PRESSURES TO 60 LBS.
- ★ PUMPING DEPTHS TO 120 FT.

Tested, Tested and Proven FOR OVER 30 YEARS

Pumps identical in design to the Red Jacket-Reda "Submerg-Pump" have been used successfully in the oil fields for over 30 years. Millions of barrels of oil water and brine have been pumped from depths down to 10,000 feet under varying oil field conditions—a tribute to the quality construction and reliability of this new type pumping equipment.

### Wanted: Economical and Economy

This is the only type of submergible pump that can be installed in wells as small as 2 1/2" diameter and operate. Pumps tank and controls can be installed anywhere. Costs less to operate because of greater pumping efficiency.

### What If?

Jamie K., Tadpole and Smoky ran out of gas in Sonora someday? Mr. Pelto could ride a horse?

The Journalism class could put out a "super" paper?

Norris Fogue put someone's clothes on fire by throwing matches?

Bob Thomas didn't go to the Air Force?

All the teachers quit teaching and went to work?

Jamie K. had a job??

Chuck went to school in Ozona College?

Billy West had a car instead of a "Studebaker?"

### Carrizo Springs Takes Consolation

Carrizo Springs won consolation over Menard by a 56-27 score here Saturday night at the tournament.

Carrizo Springs lost its first game to Big Lake then won over San Angelo B. Their next chore was to defeat Fort Stockton after which they marched to the final game and consolation.

Buck Turk and Harold Holder of Carrizo Springs made all-tournament.

Phone News to the Stockman

### Hats Off to You -

The Student Council of OHS wishes to express its thanks to the people who supplied rooms for the basketball boys during the tournament. Without the help and cooperation of many townspeople, the annual basketball tourney could not have the success it's met with during the past 21 years.

Thanks again, you loyal supporters.

### Ozona Shines in Opening Round Games OZONA VS. FORT STOCKTON

The Lions met the Fort Stockton bunch for their first game of the tournament. The Lions many mistakes were excused because of the few practices they had had during the week. At the half the boys were trailing 15-10. But the last half found an entirely different team and in a short time the Lions had the lead. All during the third and fourth period the boys held the lead as the game ended they were still going away. The final score was 38-29.

### Smile a While

Staggering with weariness, the farm horse started up the slope, pulling a heavy load.

"Giddap," called the Yankee farmer, shaking the reins. The horse tugged, lost its footing and went down on its knees. The farmer cursed.

"Git up, you thunderin' idiot!" The horse lay on its side and stared dejectedly over its shoulder at the farmer who burst out, "Tarnation thunder! Ef, you don't git up, I'll drive right over you!"

A traveling salesman, having missed the bus, found himself with two hours to spend in Brushville. He approached an ancient porter.

Traveling man — "Got a picture show here?"

Porter — "No."

Traveling man — "A pool room, or library?"

Porter — "No."

Traveling man — "Well, how on earth do you amuse yourselves?"

Porter — "We go to the grocery store in the evenings. They have a new bacon slicer."

Jim — "What's the best thing for hives?"

Sim — "Bees."

Actor — "Yes, my friends, usually my audiences are glued to their seats."

Friend — "What a quaint way of keeping them there."

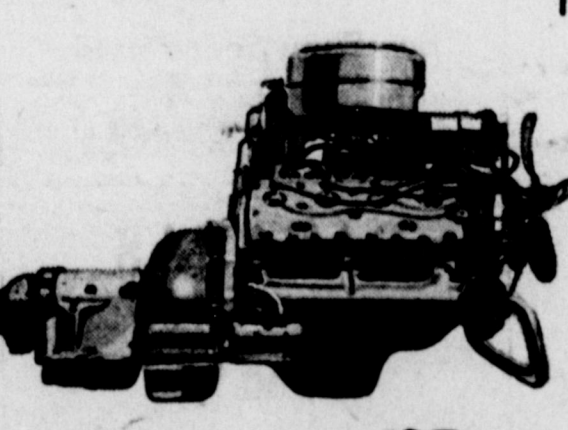

Miss Judy White is spending a between-terms vacation here with her parents, Mr. and Mrs. Evart White. She has as a guest Miss Margaret Bond of Dallas. Both are students at Southern Methodist University in Dallas.

First Showing Today

Meet the Most Challenging New Car of the Year and for Years to Come!

Here's the new stepped-up successor to the engine which for two straight years won top class honors in officially sponsored economy tests. This year—even more efficiency, greater horsepower, and better power-to-weight ratio. It's high-compression, V-8 power at its best—by the company which has built more V-type engines than all others combined.

3 GREAT TRANSMISSIONS—Mercury offers you a choice of three dependable performance-proved drives: silent-ease standard transmission; thrifty Touch-O-Matic Overdrive; and Merc-O-Matic\*, greatest of all automatic drives.

\*Optional at extra cost.

# the New 1952 MERCURY with MERC-O-MATIC Drive\*

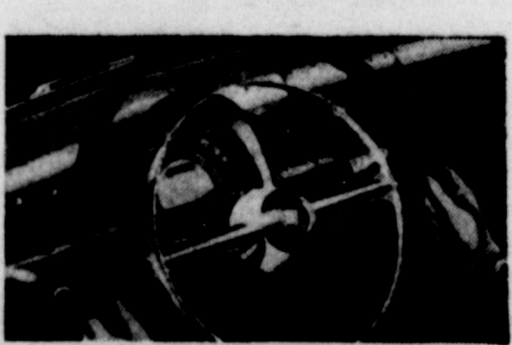

FEAST your eyes on this, America. Mercury has done it—brought you a really new 1952 car that's far, far ahead... that stands as an even greater challenge to the motoring world than last year's Mercury, one of the most popular cars that ever came down the American Road.

Your first look begins to tell you why. For here's something entirely new in car design... swift, clean lines that sweep from the new "Jet-scoop" hood (inspired by the smartest European cars) to a strikingly new rear deck design. Here's styling made possible for the first time in automotive history by revolutionary new

techniques in metal engineering. But wait till you feel the stepped-up pace, the steady balance of this beauty. There's more power—125-horsepower high-compression V-8—greater pick-up, and even better efficiency. And that's saying plenty when you think of the prize-winning Mercury performance of recent years.

So hurry on down to our showroom. Be one of the first to see, drive, and own the car with the "future features" today... the challenging new 1952 Mercury.

Standard equipment, accessories, and trim illustrated are subject to change without notice. White side wall tires when available, or any color.

No other car on the road offers so many advanced features for your comfort and convenience. Features like the up-front, "quick-sight" Interoceptor instrument panel, matchless Merc-O-Matic Drive\*, suspension-mounted "Floor-Free" brake pedal, and the centralized "Hide-Away" gas cap for easy fueling from either the right or left. It's your look today at the cars of tomorrow.

"Out of thin air" comes the HIGHEST HORSEPOWER in Buick history. NOTE FROM YOUR BUICK DEALER: Presented here is the story of a great new engine development, as told by the men who did the job. We reprint the story here in its entirety—as we couldn't beat it if we tried.

No, we didn't have to build a new engine. We took Buick's valve-in-head Fireball Engine—which makes the most of high compression. We drew on 12 patient years of Buick carburetion research. And we came up with more might, more miles, from gas—right out of thin air, in more ways than one. When you talk about "miles per gallon" you think of fuel, because that's what you buy. But air's free—and for every gallon of gasoline, a busy engine can gulp more than 8,000 gallons of air. The problem is to deliver air in the right proportions, throughout the full range of speeds at which you drive. A carburetor—big enough to supply the air needed at full throttle—can be wasteful in stop-and-go driving. A carburetor sized for thrift in city traffic literally smothers your engine when you really give it the gun. So Buick engineers developed the Airpower carburetor—a four-barrel automatic—and here's how it works. Loafing along, two barrels are working, two stay closed. And you get a low-speed

thrif and smoothness that's out of this world. As you pick up speed, the "stand-bys" come into play—feeding not just more gas, but more air too—so you keep getting maximum power from each drop of fuel. You have 170 effortless horsepower when you need it—a tremendous reserve ready to go into instant action at the nudge of your toe. You have the satisfaction of knowing that you get this power with a frugal use of gas. At 40 you use less gas than you formerly used at 30. That's the story of Airpower carburetion in facts and figures straight from the factory. But statistics can't tell you the breath-taking joy of heading for new horizons in a great-powered new ROADMASTER. When can you do that? Better come in soon. Lots of other folks are flocking into our showroom these days to see the greatest array of new Buicks we've had in years.

Sure is true for '52. When better automobiles are built BUICK will build them.

POWER. MORE SERVICE. RAND TOP-LEFT MACHINES. A DEMONSTRATION.

# The Difference In Cars For '52 Is PACKARD

In Style... In Performance... In Value!

SMARTEST CAR on the road—brimming with get-up-and-go—the brilliant Packard for '52 is today's top motor-ing value and better in 70 ways!

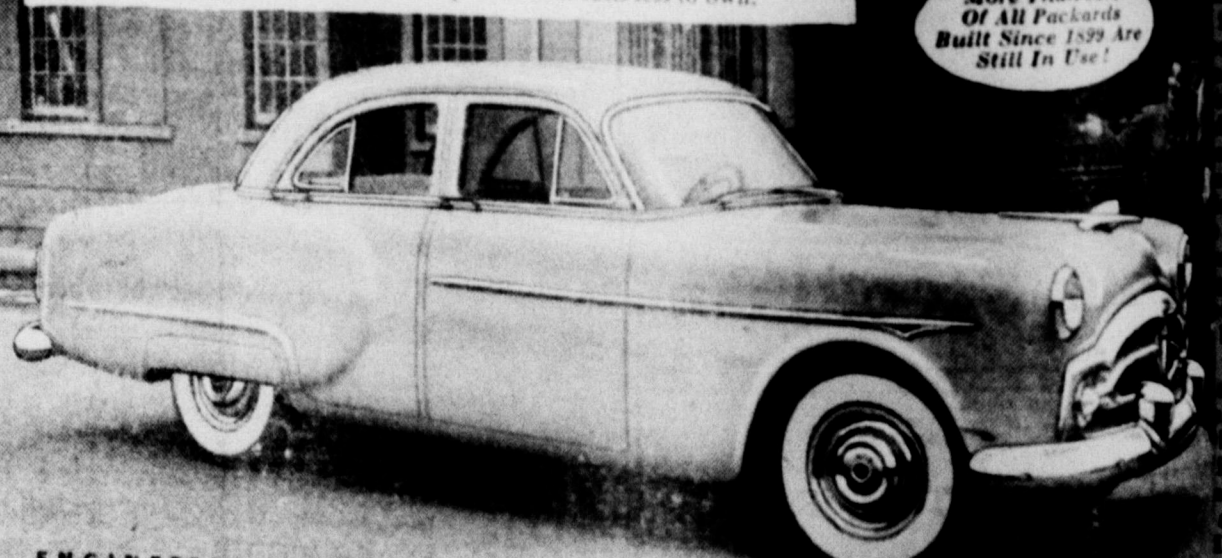

● ● Only Packard gives you Ultra-matic—the automatic drive that outper-forms all others under all conditions! Only Packard has Easomatic Power Brakes for quicker, safer stops. All-

steel bodies are cushioned at all 18 mounting points.

● ● Look at one more car. If you are going to spend \$2500 for a car, then invest one hour in seeing how few dollars more it takes to own a Packard. Packard costs less to buy than you may think and the record over the years proves that it costs less to own.

ONLY PACKARD HAS ULTRAMATIC—THE AUTOMATIC DRIVE THAT OUTPERFORMS THEM ALL!

More Than 53% Of All Packards Built Since 1899 Are Still In Use!

ENGINEERED TO OUTPERFORM — BUILT TO LAST

ONLY PACKARD BRINGS YOU NEW EASOMATIC POWER BRAKES FOR QUICKER, SAFER STOPS!

● ● Packard Ultramatic excels all other automatic drives in performance, safety, economy and dependability.

● ● New Easomatic Power Brakes give faster, surer stops—require 40% less foot pressure, 25% less time to apply!

● ● Packard builds great engines! Packard's Thunderbolt Engine, the highest-compression eight, has up to 25% fewer working parts than engines of comparable power!

● ● Packard's safety-glass area of 3.046 1/4 square inches permits all-around vision.

● ● Handsome new and fresh exterior color combinations accent Packard's smart, low lines. Seen wide as the car is high.

● ● Every Packard car goes 4.25" separate inspections. "Built Packard" means built to last!

PACKARD ASK THE MAN WHO OWNS
