## Election Day Roping Planned Next Saturday

### Jackpot and Matched Events Slated to Start at 2 p. m.

There will be big doings in Ozona next Saturday. It's election day and an Election Day roping has been scheduled by the Ozona Roping Club.

The event will be a sort of afternoon's entertainment for the folk who come to town to vote. Roping Club officials point out, and the day's activities will be climaxed by a dance on the fair grounds platform for all comers. Music will be provided by the Western Playboys of San Angelo.

The roping program at the fair grounds arena will begin at 2 p. m. There will be matched and jackpot roping events plus a Junior Boys' calf roping and ribbon roping. A nominal admission charge will be made to cover expenses of the Roping Club.

Everybody is invited to the roping and to the dance to follow at 9 p. m. on the fairgrounds platform.

## Midland Men Spot Shallow Wildcat on North Edge of County

John H. Healy and W. B. (Dub) Yarborough of Midland have staked a shallow wildcat in north-central Crockett county, almost on the Regan county line.

Their No. 1 University will be 330 feet from south and west lines of northwest quarter of section 20-7-U, with rotary drilling projected to 3,300 feet, if necessary, to test the San Andres. Drilling is to start by Aug. 1.

Drillsite is on a 320-acre lease secured by the operators from Cities Service Oil Co.

It is four miles northwest of the World field which produces from the Grayburg with average top if pay at 2,621 feet, three miles southwest of the Grayson field, in Reagan county, which produces from the San Andres with average top of pay at 3,099 feet; one mile north-northwest of Cities Service No. 1-76 University, plugged and abandoned June 26, 1948, at 3,315 feet after topping the San Andres at 2,970 feet on an elevation of 2,843 feet; and 15 miles southwest of Big Lake.

Wildcat drilling depths: Southland Royalty Co. 1-3 Todd estate, 140 feet in hard lime; Humble 1 Davidson, 4,425 feet in shale.

## Byron Williams Spots Wildcat On Childress Ranch

### Ozonan to Drill 1400 Foot Test 8 Miles North of Ozona

Byron Williams of Ozona No. 1 John Childress has been staked as a 1,400-foot cable-tool wildcat in central Crockett county.

Location is 216.8 feet from north and 330 feet from west lines of section 28 1/2-CD-P. L. Childress survey, on a 37.27-acre lease. Drilling is to start July 28.

Drillsite is eight miles north and slightly east of Ozona; four miles south of Pure Oil Co. No. 1 Mitcham, plugged and abandoned Oct. 2, 1951, at 1,596 feet; four miles west-southwest of Powell-McFarlane No. 1 Luckett, active wildcat; and five miles northwest of Boyd No. 1 Shannon, plugged and abandoned Feb. 28 at 1,352 feet.

## WANTED TO BUY

Am interested in buying 100 white face registered heifers if not more than \$100 per head. Kirby L. Vidrine, Care Moss Hill Plantation, Cannonburg, Miss. 16-3p

Mr. and Mrs. Allen McKinney attended the Freeman Revival in Odessa last Sunday.

## All Star Game Set For Next Saturday; Rained Out Last Week

The Little League all-star game between Ozona and San Angelo North league stars, set for last Saturday night but postponed on account of rain, has been reset for next Saturday night on the local diamond, Byron Stuart, manager of the local all-stars announced this week.

The Ozona Little League stars, selected from the four teams participating in the league combat, smothered the Big Lake stars in the first all-star game two weeks ago. Arthur Kyle and Joe Tom and coach for the Big Lake game and Byron Stuart and Loy Elmore will coach in the coming contest with the San Angelo stars.

The game has been set for 8 p. m. at the Lions Club field.

## Oilers Continue To Set Pace In Little League

### Lowly Kleaners Give Leaders Scare in Close Battle

With a win and a loss, their first in the second half flag chase, marked up on their ledger during the past week-end, the Cosden Oilers continue to set the pace in the Ozona Little League.

The first half champs and leaders in the second half were clipped by a surprise attack from the Spencer-Stevens Mechanics 13 to 3 last Thursday night but bounced back Monday night to shade the luckless Kyle Kleaners 12 to 11 in a free-scoring thriller.

Ozona Butane Gassers also split in the week-end play, winning Thursday night from the Kleaners and losing Monday night to the Mechanics. The Mechanics, showing their teeth after a bad start, copped two in a row the week-end causing a shiver to run through the ranks of the leaders as they boom down the comeback trail. The Gassers and Mechanics are tied for second place. Only the luckless Kleaners are still without a win in five starts during the second half.

The standings:

	W	L	Pct.
Ozona Oilers	4	1	.800
Ozona Butane	3	2	.600
Spencer-Stevens	3	2	.600
Kyle Kleaners	0	5	.000

The schedule: Thursday, July 24, Ozona Butane vs Cosden Oilers; Spencer - Stevens vs Kyle Kleaners; Monday, July 28, Spencer-Stevens vs Cosden Oilers; Kyle Kleaners vs Butane Gassers.

Bobby Sutton, fireball hurler for the Oilers, leads the pack in batting with a sizzling .615. Tied for second are three sluggers with averages of .588. They are Young of the Kleaners, Caswell of the Mechanics and Cervantes of the Gassers. A Rivera of the Gassers has a .555 average; J. Williams of the Gassers .437 and S. Williams also of the Gasser crew, .437. Young, Cervantes and Caswell lead in total hits with 10 each.

In the pitching department, Sutton, Cervantes and Cooper are all undefeated, Sutton having won three and Cervantes and Cooper two each. Cervantes leads in strike-outs with 39 and Sutton trails with 29. Cervantes has turned in four home runs, in addition to his pitching and his .588 batting average. He has scored 12 runs and batted in 17. Young and Caswell are in second place in the RBI department with 11 each. Caswell has scored 11 runs and Chandler of the Oilers and White of the Mechanics, 9 each.

## LOCKER PLANT TO CLOSE

T. J. Bailey, owner of the Ozona Locker Plant, has announced to his customers that the plant will be closed on August 4. All locker renters have been notified to remove food from the lockers before that date. No announcement has been made of plans for disposition of the equipment.

GLAMORENE, the Rug-Cleaning Miracle, on sale at Ratliff

## Four Vacancies In Faculty Of Ozona Schools

### P. O. Hatley Succeeds Yager as Principal of High School

Four vacancies remain at this time in the faculty of the Ozona Public Schools for the 1952-53 term, Supt. Lem Bray reported this week.

Mr. Bray reported on a shift in personnel which will fill the vacancy in the post of principal created by resignation of Blake Yager. P. O. Hatley, who served last year as principal of the Junior High School, has been named to the high school principalship. Johnny Clark, Junior High teacher, will become the new principal of that school. The other two principals, W. H. Stockard of the South Elementary, and Glen Hicks of the North Elementary, will return.

Nine members of last year's faculty have resigned to date, Mr. Bray reported, some of these places having been filled since the resignations were handed in. Resigned are Mr. and Mrs. L. B. Harris, shop and South Elementary kindergarten, respectively; Miss Virginia Grant, sixth grade; Miss Dorothy Franklin, second grade; Mr. and Mrs. Robert Browning, fifth and first grade, respectively; Mrs. Thad Tabb, fourth grade; and Mr. and Mrs. Yager, high school principal and fifth grade, respectively.

Work is nearing completion on complete repainting of the interior of the high school auditorium, the high school library and the interior of the South Elementary school. New drapes and curtains are to be hung in the high school auditorium before the opening of school in September.

## Elkhorn Field Extended North By Conoco Strike

### No. 21-A Shannon Fi- naled for 1,573 Bbls. Daily Flow

Continental Oil Co. No. 21-A Shannon has been finaled as a quarter-mile north extension to the Elkhorn (Ellenburger) field in Crockett county, for a daily flowing potential (calculated) of 1,573 barrels of 40.8 gravity oil with gas oil ratio of 518-1. Potential was based on an actual nine-hour flow of 589.76 barrels.

Production was through a 5-16-inch choke from open hole above 7,387 feet, drilled-out depth. Total depth is 7,400 feet. Casing pressure was 175 pounds; tubing pressure, 475 pounds.

Location is 670 feet from north and 2,069 feet from east lines of section 21-UV-GC&SF.

Atlantic Refining Co., Ed Cox No. 1-B Shannon, half-mile west outpost to the Elkhorn field, was drilling below 7,415 feet in Ellenburger dolomite after topping the Ellenburger at 7,395 feet on elevation of 2,709 feet.

Other Elkhorn tests: Conoco No. 20-A Shannon was drilling below 6,530 feet in sand and shale. Conoco No. 22-A Shannon had reached 6,817 feet in shale.

Magnolia Petroleum Co. No. 1 Henderson, wildcat has been plugged and abandoned at 12,769 feet in dry Ellenburger. The project had plugged back several times into the Wolfcamp and tested dry.

Location is 560 feet from south and 1,880 feet from west lines of section 7-SK-TCRR.

Texas Pacific No. 1-A Bair, wildcat, has been plugged and abandoned with total depth at 9,676 feet after topping the Ellenburger at 9,170 feet on elevation of 2,092 feet.

Location is 5,940 feet from north and 660 feet from west lines of section 44-1-I&GN.

Sun Oil Co. No. 1 Mitchell, wildcat in section 111-1-I&GN, was making hole at 11,501 feet in sand and sandy shale.

## July Water Use Sets All Time High Mark

While many other West Texas towns remain on strict water use rationing and lawn irrigation is forbidden, Ozona piled up a new all-time record for water used in the month past.

Ozonans used a total of 29,225,000 gallons of water in the month ended with meter readings this week, Bill Cooper, water department manager, reported. This is approximately a million gallons over the previous record set in July of last year.

But for the one inch rain which fell here last Saturday, the record might have climbed over last year's by two to three million more gallons, Mr. Cooper said. The rain sharply slowed down the rate of water use for the last two or three days of the period before meters were read. The rate of use is nearly a million gallons a day.

With the three pumps now in use, the water department has a total 24-hour pumping capacity of approximately 1,800,000 gallons. The small pump, producing 225 gallons per minute, runs continuously, while the two larger pumps, of approximately 500 gallons per minute, operate from about 6 a. m. to 10 p. m. The water district is now drilling another well in which a 500-gallon pump will be installed and has a smaller producer, capable of about 200-gallons per minute, as an additional standby.

## Sykes Gospel Singers To Be Presented Here Next Tuesday Evening

The Sykes Gospel Singers, a colored quartet of mixed voices, will present a concert at the Lions Club softball field next Tuesday evening starting at 8:15 o'clock.

The Gospel singers will appear here under auspices of the Ozona Lions Club. The singers feature Prof. Charles Hall, one of the world's great piano players and Sister Christine Sykes, nationally known gospel singer. Sykes Singers record for the Specialty Recording Co. of Hollywood, Calif., and broadcast over the Mutual Broadcasting System for several years.

Admission charges will be 75 cents for adults and 25 cents for students.

## 'Scott Peters Bank' To Open July 29 in Arlington, Texas

The Arlington Citizen, weekly newspaper published at Arlington, Texas, in its issue of July 17 carried a front page picture of former Ozona Banker Scott Peters and two other officers of the First National Bank of Arlington watching a workman put the finishing touches on the exterior of the new bank's building, being remodeled in readiness for its opening.

The newspaper announced that the bank would have its formal opening on Tuesday, July 29. Mr. Peters is a director of the new bank and its executive vice president. He and Mrs. Peters moved to Arlington earlier this year and Mr. Peters supervised the remodeling of the former theatre building purchased to house the new bank.

## Judge Fraser Advances New American Creed of Self Dependence, Pride

A new and fresh approach to the problems which beset America today, an optimistic outlook for the final righting of today's many wrongs through a predicted reawakening of the good people of this land, was offered by Judge Alan R. Fraser of Alpine in an inspiring talk before the Ozona Rotary Club Tuesday.

Judge Fraser, a candidate for associate justice of the Court of Civil Appeals in El Paso and at present judge of the 83rd district court in the Alpine district, finished his talk by presenting his famous "American Creed," which has been adopted by the national Veterans of Foreign Wars for distribution throughout the land.

## Candidates Round Out Campaigns On Eve Of Primary

### Crockett Expected to Register Record Vote Total

It's been a feverish week for candidates throughout the state and there has been some campaigning even in Crockett county as the date for the Democratic primary, set for next Saturday, draws nearer.

Many local observers are anticipating a heavy local vote, maybe a record vote, for Crockett county. This guess is based on apparent intense and renewed interest on the part of voters in state and national politics, several interesting state and district races plus one county-wide contest and three precinct races to lend local interest for voters in this county.

Headlining the local county contests is the four-way race for the sheriff's office, with incumbent Sheriff V. O. Earnest challenged by three opponents, W. E. (Jack) Hallmark, Bill Finley and Frank James.

Precinct No. 1, the Ozona precinct, will make a decision between two who are contesting for the office of County Commissioner. Incumbent Ira Carson is opposed by Ralph Jones for that office.

Commissioner Charlie Black from Precinct 2 has two opponents seeking his seat on the Commissioners Court. They are Bill Miller, oil field worker in Todd Field and Rancher Bud Coates. The other commissioner contest developed in Precinct 4 where the incumbent commissioner, James Childress, is opposed by Jake Young. Both are ranchmen. B. B. Ingham, Jr., Precinct 2 commissioner, is not opposed for re-election.

An indication of the interest among local voters is the large number of absentee votes which had been cast here to early this week. Sixty absentee ballots had been cast at the week's beginning, County Clerk Geo. Russell reported.

Voters in the coming primary will discover a brand new type of ballot, never before used in Texas. Opposite each candidate's name appears an open square. Texas election law makes it possible for a voter to make an x or similar mark in the square to indicate his choice of candidate, the voting method used in many other states, or he may still vote in the manner of Texas voting of many years past, mark through the names of all candidates you don't want and leave the man of your choice unmarked. And there may be a lot of voters who will still like to "express themselves" with a big black mark through the fellow they are "agin."

Also new but used enough now to become familiar with most regular voters is the perforated "ear" on the ballot, the "secret ballot" plan adopted by the legislature a couple of years ago. Ballots are numbered and the ballot and the perforated corner carry the same number. This ballot number is not recorded on the poll list voters being numbered in order of appearance, and the little corner slip, which the voter is required to sign on the back, is deposited in a locked and sealed box, not to be opened unless there is a court contest of the election. After a month these slips and the ballots are destroyed.

With this new ballot, Texas voters will choose their governor, lieutenant governor, United States Senator, Commissioner of Agriculture, Commissioner of the General Land Office, a Congressman at large, Railroad Commissioner, Comptroller, Treasurer, Attorney General and voters in various districts will pick state senators and representatives, court officials and county and precinct officers.

Of particular statewide interest is the governor's race, with Governor Allan Shivers, seeking a second elective term, opposed by Ralph Yarborough, Austin attorney, and Mrs. Allene M. Traylor of San Antonio.

THURSDAY, JULY 24, 1952

**FRANKNESS LACKING IN FRANKED MAIL USED IN U. S. SENATE RACE**

Since he announced at the last minute for the United States Senate, Congressman Lindley Beckworth has been talking — loudly and self-righteously about being

a "poor boy" candidate. Facts which have recently been brought to light make it evident that Mr. Beckworth's pose of being "poor" is shockingly hypocritical.

While he has thrown up this smokescreen, Mr. Beckworth, who has the all-out backing of the Washington crowd, has been using the taxpayers' money to flood the entire state with campaign propaganda. As a Congressman, Mr. Beckworth is entitled to use the mails free to carry on strictly non-political business with the constituents in his home district. The candidate, however, has had his Washington office staff (whose salaries are paid by the taxpayers) mail out hundreds of thousands of pieces of literature and letters throughout the State under this free-mail privilege.

One State official, Senator Wayne Wagonseller of Bowie, has pointed out that the cost to the taxpayers of Mr. Beckworth's mailings probably will be nearly \$100,000 — far more than any other Texas candidate has spent or is likely to spend. But Mr. Beckworth has not reported this item on his expense reports and rolls along saying that his opponents are spending big money. This is hypocrisy at its worst. The abuse of the frank is one

reason that the Post Office Department has operated in the red so long. That is why the public is paying more now for postal service and that is why newspapers are finding their postal rates increasing.

We feel that Texas voters should — and will — make it clear to Mr. Beckworth on election day that they disapprove his callous indifference to the burden taxpayers are now carrying. In all the time he has been in Washington, Mr. Beckworth has established no record of economy. He has voted in the past seven years to spend more money than had been spent in the previous years of our Nation's history.

Mr. Beckworth obviously has no regard for the taxpayers. He is not the kind of man Texans need to represent them in the Senate — San Marcos "Record."

**North-South High School All Star Game Features Coach School**

FORT WORTH. — Wide-open football comes to Texas Aug. 8.

It's the potent Split formation as coached by Maryland's Jim Tatum versus the ever-threatening spread formation of TCU's Dutch Meyer.

And the masters of the two formations will be at the helm directing two all-star high school squads in the annual all-star football game of the Texas High School Coaches Association Annual School, Aug. 4-8.

The game — first time ever scheduled for Fort Worth — is the climax of the annual school sponsored by the coaches association. It will be played at 8 p.m. Friday, Aug. 8, on the plush carpet of TCU's Amon Carter Stadium.

Careful screening by two committees have aligned all stars from Class A to Class 4-AAAA teams into two squads — the South and North All-Stars.

Looming as a new high in scoring, the annual game will see the Meyer spread being used for the first time although Meyer has coached the all stars before. The 1951 season was the first time for Meyer to use the spread through an entire game and it brought a Southwest Conference Championship.

Meyer will coach the South All-Stars with the aid of his chief assistant, Othol (Abe) Martin, the Frog backfield and offense coach.

Tatum, to be assisted in coaching the North All-Stars by Jack Henneier, his assistant at University of Maryland, brings the intricate Split-T to the all star game for a fourth time. Although this is Tatum's first time as an instructor at the school and as coach of one of the all star teams, the Split-T in three previous attempts has not won a single time.

Tatum had an undefeated record at Maryland in 1951 and went on to upset Tennessee in the Sugar Bowl. He isn't a stranger to the Southwest. His 1946 Oklahoma eleven, winner of the Gator Bowl that year, appeared in Texas.

In the 17-year history of the all-star game the North eleven holds an 8-7 edge in victories with two games resulting in ties.

A letter received by the Stockman this week from Dr. J. Hollis Weaver of Houston, a former Ozonian reveals that Dr. Weaver recently suffered a heart attack and has been recuperating at his home

for four months. He is making satisfactory recovery, he said. Dr. Weaver, a dentist, is the brother of Bob Weaver of Ozona.

county, Erwin O. Nimitz of Orange county, Phil Hamburger of Harris county, Roy Selman of Houston county and Herb Petry of Dimmit county.

Voters in this area have two district races to decide, that for Associate Justice of the Court of Civil Appeals at El Paso and for state representative. In the judicial race are District Judge Alan R. Fraser of Alpine and Judge Henry Russell of Pecos. In the race for 78th district Representative, Joe Burkett, Jr., of Kerrville, the incumbent, is being opposed by John P. (Johnny) Hill of Ingram.

Elections will be held in all voting precincts in the county. Polls will be open at 8 a.m. and close at 7 p.m.

**NOTICE:**

The Freeman Revival, big tent meeting at Odessa, will continue through next Saturday. The meeting will close next Sunday night.

**Shivers Points to Consistent Support of Texas Road Building**

Governor Allan Shivers this week accused his opposition of making "fantastic" charges in a last-minute effort to minimize the greatest farm-to-market road building program in Texas' history. "The record shows that during my administration, there have been more miles of paved rural roads completed in Texas than anytime in history," Governor Shivers said. "And this is just the beginning — the program is just getting started."

"Yet in a desperate effort to confuse people, this Washington-picked candidate for governor has plucked a lot of figures out of thin air, pieced them with some utterly ridiculous conclusions and passed them out as true facts."

Governor Shivers said that a tabulation of the distribution of state highway use tax money to counties revealed that \$795,351 had been channeled to Crockett county for road building purposes in the county during the Shivers administration.

The figures show that since Shivers became the state's chief executive, a total of \$370,100 had been spent or is being spent in Crockett county for the construction of 41 miles of farm-to-market roads. In addition, the expenditure of 243,000 for 22 more miles of paved rural roads has been authorized for this county and construction will begin in the immediate future.

A breakdown of benefits received during Governor Shivers administration by this county from highway use tax money further shows that the county has received \$107,573 in license fees and \$74,678 has been paid this county in road bond funds.

**Women's Golf Assn. Winners Announced**

Ozona Women's Golf Association met Tuesday morning at 8 o'clock for match play. Luncheon was served at noon.

Trophy play winners were as follows: First flight, Dorothy Montgomery; second flight, Charlotte Phillips and Pauline Montgomery, tie; third flight, Elizabeth Colquitt.

In match play were: First flight, Velma Marley, Jonsey Williams, Marge McMullan and Dorothy Montgomery; second flight, Wilma Friend, Pauline Montgomery and Charlotte Phillips; third flight, Benny Gail Phillips and Elizabeth Colquitt.

Those attending were Lois D. Kirby, Gladys Pierce, Nettie Holt, Mary Friend, Willie V. Baggett, Ada Pierce, Imogene Friend, Bess Harris, Mary Deaton, Velma Marley, Dorothy Montgomery, Charlotte Phillips, Wilma Friend, Pauline Montgomery, Elizabeth Colquitt, Benny Gail Phillips, Joan Holt, Kay Kirby, Donna Beth Davidson, Jeanie Williams, Brownie Harvick, Vivian Clayton, Emma Lou Adams, Mary Allen of San

Angelo and Barbara Dent of San Antonio.

The club will meet next Tuesday at 3:00 p.m. for a coke party and then matched play. Hostesses for the coke party will be Velma Marley and Blanche Walker.

**Sale Ad Withdrawn As Miss. Farmer Finds Oil Derrick Improved Farm**

Oil wells have a way of making a poor farm look mighty good.

A man in Mississippi recently submitted copy for an advertisement he wished to run in The

Stockman. The ad described a Mississippi farm for sale. A statement of cost was submitted to the prospective advertiser and this week a second letter came.

"Be sure and kill that ad," he wrote. "An oil well was brought in three miles from my property and to the north there are about 30 wells, something like 7 miles away. I have been offered an unbelievable price for my royalty."

He did want to run an ad, however, and enclosed a check to pay for it. But in it he wants to buy 100 head of registered Hereford heifers. That farm looks a lot better in the shade of an oil well der-

**HAUL WITH A DODGE AND CUT YOUR COSTS!**

"Our Dodge trucks give us exceptional over-all economy,"

... says LEO MAGUID, Agent & Best Distributing Co., Madison, Wis.

"Economy is one of the many things we like about our Dodges. They're real low on all costs—especially on oil and upkeep.  
 "These trucks are on the go for 5 1/2 days every week, carrying extra-heavy payloads. They always keep running and have never had any major mechanical trouble.  
 "The drivers tell us the new Dodge has real comfort and drives like an automobile."

See us today for the best buy in low-cost transportation...

**DODGE "Job-Rated" TRUCKS**

**JAMES MOTOR COMPANY**

Phone 225

Ozona, Texas

- ▶ Cut costs with a Dodge truck "Job-Rated" to fit your job—from 1/2-ton to 4-ton.
- ▶ Power-with-economy is the first principle of a Dodge engine, thanks to L-head design, high-efficiency carburetion.
- ▶ Low upkeep is engineered into every Dodge truck with features such as floating oil intake and other Dodge advantages.
- ▶ gyrol Fluid Drive—available on 1/2-, 3/4-, 1-ton, and Route-Van models—saves wear and tear.
- ▶ Come in today for a good deal!

Save on gas and oil. Every Dodge engine is engineered throughout for top economy. Operating costs stay low, thanks to lightweight aluminum-alloy pistons with chrome-plated top piston rings, 4 rings per piston, and other features.

Save on maintenance. Dodge "Job-Rated" trucks keep you on the road—and out of the repair shop. You get exhaust valve seat inserts, positive-pressure lubrication system, and other big advantages that help prevent costly breakdowns.

Save on long life. Husky frames, sturdy axles and high-capacity springs provide extra strength, lengthen truck life by years and years. Because a Dodge "Job-Rated" truck lasts longer, it will have a high-dollar trade-in value!

**ROAD BOND ELECTION**  
 Notice that an election will be held on the 16 day of August, 1952, at the places, in the manner, and on the proposition set forth in the attached copy of an Order for Bond Election, duly entered by the Commissioners'

**Texas:**  
 Take Notice that an election will be held on the 16 day of August, 1952, at the places, in the manner, and on the proposition set forth in the attached copy of an Order for Bond Election, duly entered by the Commissioners'

Court of Crockett County, Texas, on the 14 day of July, 1952. Said attached Order for Bond Election is made a part of this notice for all intents and purposes.  
 Geo. Russell!  
 County Clerk, Crockett, County, Texas.

8. Election Precinct No. 8 at Todd Field in Crockett Co., Texas, with O. Q. Alford as Presiding Judge, and Mrs. O. Q. Alford, Clerk.

9. Election Precinct No. 9 at Midway Lane in Crockett Co., Texas, with Mrs. Oma Odom as Presiding Judge, and Mrs. O. R. Henderson, Clerk.

The ballots of said election shall have written or printed thereon the following:

"For the issuance of the bonds and the levying of the ad valorem tax in payment thereof"

"Against the issuance of the bonds and the levying of the ad valorem tax in payment thereof"

Each voter shall vote on the proposition hereby submitted by placing an X in the square beside the expression of his choice, or said voter may scratch or mark out one of said expressions, thus leaving the other as indicating his vote.

The manner of holding said election shall be governed, as near as may be, by the General Election Laws of this State, except as modified by the provisions of Chapter 3, Title 22, Vernon's Annotated Revised Civil Statutes of Texas, Revision of 1952, as amended, and none but resident property taxpaying qualified voters of said County and who have duly rendered the same for taxation shall be allowed to vote at said election.

Notice of said election shall be by publication of a copy of this Order in a newspaper published in said County for three successive weeks prior to said election. In addition thereto, a copy of this order shall be posted in four public places in said County, one of which shall be the courthouse door, at least three weeks prior to the date of said election.

The County Clerk is hereby authorized and directed to cause said notice to be published and

posted as herein above directed and further orders are reserved until the returns of said election are made by the duly authorized election officials and received by this Court.

The above order being read, it was moved and seconded that same do pass. Thereupon, the question being called for, the following members of the Court voted AYE: Ira M. Carson, Charlie Black, Jr., B. B. Ingham, Jr., James R. Childress; and the following voted NO: None.

Passed, Approved and Adopted this the 14 day of July, 1952.  
 Houston S. Smith, County Judge, Crockett County, Texas.  
 Ira M. Carson, Commissioner Precinct No. 1  
 Charlie Black, Jr., Commissioner Precinct No. 2  
 B. B. Ingham, Jr., Commissioner Precinct No. 3  
 James R. Childress, Commissioner Precinct No. 4

**ORDER FOR ROAD BOND ELECTION**  
 The State of Texas  
 County of Crockett

On this the 14 day of July, 1952, the Commissioners' Court of Crockett County, Texas, convened in Regular session at the regular meeting place thereof at the Courthouse in Ozona, Texas, with the following members of the Court present, to-wit:

Houston S. Smith, County Judge; Ira M. Carson, Commissioner of Precinct No. 1; Charlie Black, Jr., Commissioner of Precinct No. 2; B. B. Ingham, Jr., Commissioner of Precinct No. 3; James R. Childress, Commissioner of Precinct No. 4; Geo. Russell, County Clerk; and the following absent: None, constituting a quorum, and among other proceedings, passed the following order:

There came on to be considered the petition of Charles Ratliff and 103 other persons asking that an election be ordered upon the question of issuing bonds of Crockett County, Texas, for the purpose of constructing, maintaining, operating macadamized, graveled or paved roads and turnpikes, or in aid thereof in said County.

It appearing to the satisfaction of the Court that said petition is signed by more than 50 of the resident property taxpaying qualified voters of Crockett County, who own taxable property in said County and who have duly rendered the same for taxation and is otherwise in conformity with law.

It further appearing to the Court that the amount of the bonds be issued will not exceed one-fourth of the assessed valuation of the real property of Crockett County, Texas.

It further appearing to the Court that it is advisable to issue said bonds and that said petition should be granted, and said election as prayed for shall be ordered:

**Therefore, Be It Ordered by the Commissioners' Court of Crockett County, Texas:**  
 That an election be held in said county on the 16 day of August, 1952, which is not less than thirty days from the date of this Order, at which election, in accordance with said petition, the following proposition shall be submitted to the resident property taxpaying qualified voters of said County for their action thereupon:

**PROPOSITION**  
 "Whether or not the bonds of said Crockett County shall be issued in the amount of \$200,000.00, bearing interest at a rate not to exceed 3% per annum, and maturing at such times as may be fixed by said Commissioners' Court, serially or otherwise, not to exceed 10 years from date, for the purpose of constructing, maintaining, and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof; and whether or not an ad valorem tax shall be levied and collect on all taxable property in said Crockett County for the current year and annually thereafter while said bonds or any of them are outstanding sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due."

That said election shall be held at the following places in said County and the following named persons are hereby appointed officers for said election:

1. Election Precinct No. 1 at Court House Building, in Ozona, Texas, with Alvin Harrell as Presiding Judge, and W. M. Johnigan, Clerk.
2. Election Precinct No. 2 at Powell Field in Crockett Co., Texas, with Mrs. Bill Roberts as Presiding Judge, and Mrs. W. H. Lewis, Jr., Clerk.
3. Election Precinct No. 3 at Jeff Owens Ranch in Crockett Co., Texas, with Jeff Owens as Presiding Judge, and Mrs. Jeff Owens, Clerk.
4. Election Precinct No. 4 at Blakeney Ranch in Crockett Co., Texas, with Levoyd Parker as Presiding Judge, and Mrs. Levoyd Parker, Clerk.
5. Election Precinct No. 5 at Geo. Thompson Ranch in Crockett Co., Texas, with A. A. Hall as Presiding Judge, and Mrs. A. A. Hall, Clerk.
6. Election Precinct No. 6 at West Texas Utilities Power Plant in Crockett Co., Texas, with C. O. Holt as Presiding Judge, and Charley Young, Clerk.
7. Election Precinct No. 7 at James Childress Ranch in Crockett Co., Texas, with Allen Gann as Presiding Judge, and Mrs. Allen Gann, Clerk.

**I EARNESTLY SOLICIT YOUR SUPPORT IN MY RACE FOR**

**County Commissioner Precinct No. 1**

Believing it to be the privilege of any qualified citizen to offer for public office, I have entered the race for County Commissioner of Precinct 1 and am taking this means of informing voters of my candidacy and soliciting their support in the July 26 primary.

It may not be possible for me to see all the voters, but I want to assure all that I will be grateful for their support.

I would like to serve as your Commissioner and feel that I am qualified to discharge the duties of the office. I have lived in Crockett county for more than 25 years and am familiar with the problems of the people of this area.

If you see fit to vote for me in the coming election, I pledge you my full attention to the job and my best efforts to serve to the best interests of the people of this precinct and the county as a whole.

Sincerely,

**RALPH JONES**

Candidate For Commissioner, Precinct No. 1  
 (Political Advertisement)

New GMC Model 470—powered by the sensational new "302" gasoline valve-in-head 145 h.p. engine. Also available as cab-over-engine.

GASOLINE 1/2 TO 30 TONS  
DIESEL 2 1/2 TO 35 TONS

## TOPS IN PAY LOAD!

If you use gasoline-powered tractors in the 45,000 GCW class, here's big news. This new GMC Series 470 will haul more pay load than any other vehicle of its rating with comparable standard equipment—up to more than a half-ton than some!

That's because GMC has found new ways to take dead weight out of truck design by advanced engineering.

One example is GMC's sensational new "302" valve-in-head engine that delivers 145 h.p. at 3200 r.p.m. It weighs less than other engines of equal power by as much as 500 lbs. Yet it's the highest-compression gasoline truck engine ever built—gives you extra mileage from regular fuel!

Come in. Compare them—in power, in pay load, in rugged long-life construction—against all the rest!

Then check the price and you'll agree: nowhere else will so little buy so much in a 3- to 4 1/2-ton truck.

**HERE'S YOUR PAY-OFF  
ON A GMC 470**

UP TO A HALF-TON LESS WEIGHT HERE    MEANS    UP TO A HALF-TON MORE PAY LOAD HERE

Same weight-saving in cab-over-engine model

### Taliaferro Garage

OZONA, TEXAS

You'll do better on a used truck with your GMC dealer.

# For A Second Term ALLAN SHIVERS FOR GOVERNOR

#### THE TRUTH ABOUT OLD AGE ASSISTANCE

Governor Allan Shivers wrote and helped pass the first Old-Age Assistance Law in Texas.

He stands for equitable distribution of funds for the needy.

Two years ago he was one of the leaders who tried to get more money for the aged, a cause that failed because the voters disapproved a constitutional amendment.

Governor Shivers has, in the past and will in the future, advocate making available to our deserving citizens, not merely enough for a meager existence, but sufficient funds to carry them through the evening years of life as proud, dignified citizens.

An increase of \$5 in each pension check is due next October.

#### THE TRUTH ABOUT COUNTY ROAD FUNDS

Farm-to-market road building has been the greatest in history during the Shivers administration.

During Governor Shivers' administration, Crockett county has received \$795,351 rural road benefits from state highway user taxes as follows:

License fees \$107,573, road bond surplus \$74,678, construction of farm-to-market roads \$370,100, authorized but not under construction \$243,000.

In this county, 41 miles of farm-to-market roads have been built, and an additional 22 miles have been authorized for construction, for a total of 63 miles.

Governor Shivers' administration has consistently supported the Crockett county road building program and will continue to do so in the future.

(Pol. Adv. Paid for by Jack Dillard)

*Together we will continue to  
build a greater Texas*  
**Allan Shivers**

### Ozona Airman Given Post in Washington

WASHINGTON, D. C. — Airman Third Class Pedro Vargas, Jr., son of Pedro Vargas, Box 743, Ozona has been assigned to Andrews Air Force Base, Washington, D. C., it was announced today by Major General W. O. Senter, Commanding General of the Air Weather Service.

Airman Vargas, a 1950 graduate of Ozona High School, enlisted in the Air Force in July 1951. He completed his basic military training at Lackland Air Force Base, San Antonio, Texas. He then attended Tennessee Polytechnic Institute, where he completed a course as a clerk-typist.

Airman Vargas has been assigned as a clerk-typist to the office of the Inspector General of the Air Weather Service.

The Air Weather Service, to which Airman Vargas is presently assigned, is a component of the Military Air Transport Service (MATS) and is responsible for providing weather information to

the U. S. Air Force and Army throughout the world.

### SAUNDERS TRANSFERRED

Capt. Allan W. Saunders of Ozona left Wednesday for a new assignment at Carswell AFB at Fort Worth. Capt. Saunders, who spent a few days leave here visiting his family, has been stationed at Mountain Home AFB in Idaho.

Capt. and Mrs. Saunders attended the national convention of the Flowers by Wire Association in Dallas and the following week attended the state convention in San Antonio. Capt. Saunders was re-elected vice president of the state organization in San Antonio. Mrs. Saunders is operating the floral business here while he is in service.

### BOY TO BROWNS

Mr. and Mrs. Bill Brown are the parents of a son born July 16 in the Ozona hospital. The boy, named Timothy Don, weighed 7 pounds 3 ounces. Mr. Brown is minister of the Ozona Church of Christ.

Alpine, Texas

Dear Judge:

I have recently learned that you are a candidate for Associate Judge of Civil Appeals at El Paso, Texas. I have followed your course on the District bench for a number of years and am convinced that you possess all of the attributes of a real Judge; you have the legal knowledge, the judicial temperament, and the courage to apply the law as you see and understand it, regardless of whom it affects.

If I lived in your district I would not only vote for you but would do whatever I could to help elect you. I trust that the voters of your district will appreciate your service as a District Judge and will promote you. During the 17 years that I served on the Court of Criminal Appeals I read your decisions in cases that were appealed to the higher courts and your record is such that you may well be proud of for all time to come.

Yours truly,  
(Signed) C. G. Kreuger

(The author of the above letter was a distinguished Judge of the Court of Criminal Appeals in Austin until his retirement a year ago. This letter was absolutely voluntary and unsolicited.)

**Lemmons Brothers Receive Degrees, One From UT, One, A&M**

Bob Lemmons was graduated in recent exercises at the University of Texas with the degree of Bachelor of Science in Petroleum En-

gineering. This is the second de- gree earned by young Lemmons, having received his B. S. in Mechanical Engineering from the U- niversity in 1949. Bob has been employed with the Stanolind Oil Co. as a junior petroleum engi- neer. Bernard Lemmons was gradu-

ated from Texas A & M College with a degree in physical in edu- cation. He is now waiting a call to active duty with the U. S. Air Force in which he holds a re- serve commission as a second lieut- enant. Both brothers, sons of Mrs. Ben Lemmons, received their degrees

this month. They are now vacation- ing in California with their moth- er and other brother, Stanley, who

is employed in Cleveland, Ohio, as a civil engineer.

**To the Voters of Crockett County, Texas:**

As you already know, I am making the race for Sheriff, Assessor and Collector of Crockett County, and while I have tried to make a close canvass and have tried to see everyone, I may have missed some and if so, it was unintentional and I take this method of soliciting your vote and influence in the primary election on July 26th. I also desire to express my appreciation to everyone for the nice and courteous treatment given me in this race by all the people, and also desire to thank my three opponents for the nice way they have conducted their campaigns.

I hope you will give my candidacy your most careful consideration, and I will appreciate your vote and influence.

Sincerely,

**W. E. (JACK) HALLMARK**

**It saves your strength - and it might save your life**

CAN you imagine parking a car as easily as you steer it on a straight-away?

You twist the steering wheel with one hand—turn the front wheels until you get the last inch of advantage from Buick's short "turning radius"—spot the car in a tight spot at the curb—or swing out when the car parked in front of you seems impossibly close.

For this alone a lot of people—especially women—are saying that Buick's Power Steering is the biggest advance since Dynaflo Drive.\*

But you're going to find out something more as you pile up the miles.

You're going to feel the same confident

and thrilling sense of command you have always felt in a Buick, because Power Steering only goes into action when extra effort is needed to turn the wheels.

You're going to find that your front wheels track just as they always have—that they automatically swing back on course, after you've made a turn, when you ease your grip on the steering wheel.

You're also going to find that Power Steering takes over when your front wheels hit loose dirt or sand—road irregularities and chuckholes—and smooths down their jerk or tug on the wheel in your hands.

All this adds to the ease and pleasure of driving. But it adds to the safety, too,

because, in the rare event of a blowout, Power Steering helps you keep control. There's no sudden and violent jerk ever when this helping hand's on the job.

Add to this the level-gaited serenity of Buick's Million Dollar Ride—the "rarin' to go" exuberance of its Fireball 8 Engine—the spread-out room, the luxurious fabrics—the way this great performer can turn up its nose at gas stations—and there's only one smart thing for you to do:

Drop in — or pick up your phone — and arrange to give this marvel a tryout. Even the price says, Better buy Buick now.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. †Now available on Super as well as Roadmaster—optional at extra cost.

Sure is true for '52 When better automobiles are built BUICK will build them

White AND TERM TEXAS ASSIGNER OF CULTURE CONTINUING PROGRESS AS LARGEST INDUSTRY for by Bill Swindell

**Here and There**

By J. Troy Hickman  
(Continued From Page One)

ation was fired by what he saw in the minerals exhibit at Denver the day before, brought in a pocket of rocks, every one of which, he declared, was packed with silver and gold.

The park of the Big Wind River reminds one of the colors in Palo Duro Canyon and Painted Desert, except that its exquisite formations feature — believe it or not — chartreuse and Key Largo shades. The prospect of having to drag the trailer over a pass more than 9,500 feet high had worried me some, but when we got there, the thundershowers had so cooled the air that we had no trouble, even though we did a lot of second gear work for about 18 miles.

Jackson's Hole is not a hole at all, but a valley high up in the mountains whose floor is some 7,000 feet above sea level. Towering over it are the Grand Teton Mountains, snow-capped and draped in a mantle of clouds, majestically rearing their sheer granite cliffs skyward, and cut by rivulets of water running swiftly from the melting snowfields in the upper reaches to the valley streams below.

Jackson's Hole figured prominently in the fur trading business

of the early eighteen-hundreds. Its settlements of Jackson, Moran, and Moose fairly drip with Western trappings. Near Moose is a unique Episcopal Church, constructed of logs, and with a big picture window back of the altar which looks out upon the snow-crowned peaks of the Tetons.

Into the five camps of Jackson Teton Park, the fifteen camps of Yellowstone, and the countless camps of other national parks flock people of every kind, riding in every sort of vehicle imaginable, and camping in every possible way from de-luxe palace trailers and plush lodges to ground tents and cloth cots. Each night the odor of innumerable pine-wood campfires hovers over the scene, and the sound of woodmen's axes makes the welkin ring. Various large animals may be seen on the auto roads and trails and the bears raid some camp nightly. Silver dollars are legal tender here and you pay 26 cents for gasoline. You see some memorable sustains not of the West Coast variety, but the deep reddish brown that seems to go clear to the bone.

Someone said that some parks have one thing and some another, but Yellowstone has everything. We had to see it all in the cold rain. It started falling as we set up camp in the West Thumb auto park and it was raining when we left. Our feelings that first wet evening were soothed by a surprise gift from a neighbor camper of a day's catch of cut-throat trout. We had never tasted this pink meat before. It is as good as anything can be. People in park camps are talkative, friendly and Texas was well represented all over the Yellowstone. If you ever come here, bring an axe, for wood comes in the form of 60-foot lengths of pine tree. Bring also an iron skillet and a tin bucket for coffee.

Nearly everything important can be seen from the loop road, a long 150 miles of thrills. In addition to the world's most famous geyser, Old Faithful, you see the Grand Canyon of the Yellowstone and the Upper Falls in one package. In my book, this is the greatest sight of all. Here with a lavish hand nature has splashed on a mighty cameo of rugged cliffs the most varied and subtle agglomeration of pastel colors, and the white waters of the Yellowstone River foam over a fall much higher than the Niagara.

More than 2,000 hot springs, fountains, mud pots and geysers, boil foam, spew and gush endlessly, sending up clouds of spray, steam and sulphurous gas. The fish were biting everywhere that day.

Our minds have been divided all this past week between these fascinating sights and the Republican Convention, one of the greatest shows ever staged in our lifetime. We followed nearly every minute of it, night and day, on the car radio. The new Republican Party which emerged from the epic struggle, led by the Eisenhower-Nixon team, will give the Democrats something to worry about, come next November.

We are about to hook onto the trailer now to make the next leg of our jaunt which, the Lord willing, will be Butte, Anaconda, Helena and the Glacier International Park, which lies partly in the U. S. A. and partly in Canada.

FOR SALE — Two - bedroom house. Call Joe Watley, Phone 3130. 8-tfc

**Judge Fraser**  
(Continued from Page One)

The creed is in the nature of a pledge for Americans, a pledge that henceforth they will throw away their crutches of government subsidies and handouts and walk upright in the pride traditional with Americans; that they will stand firmly against and speak out against intolerance and discrimination; that they will support public officials who have a constructive program to offer, commend them when they deserve it and criticize them conservatively that confidence and respect for government may be restored; and to so live that our children will be proud of us and our fellowmen have confidence in us "and this I do because I realize that the regaining of individual and national respect is my own personal responsibility."

The four-part pledge itself follows a preamble which reads, as follows: "I am an American, descendant of the men of Valley Forge and Bunker Hill. I have been thinking pretty deeply lately, and I just don't believe that our present way of living and doing business is truly American or in any way reflective of the American way of life. It seems to me that by our indifference, extravagance, and selfishness, we have not only damaged our country, but have lost a great deal of respect for our government and for each other. This is all too apparent from the daily news in the papers, from the many column writers, on the air and the general conversation; and this unhappy state of affairs is as ap-

parent to our neighbor nations as it is to us. "Therefore, I invite my fellow Americans to join with me in the following pledge. I take this pledge because I realize that I am as much to blame as anybody else and the responsibility is mine." Judge Fraser borrowed the words of Winston Churchill on the eve of an expected German invasion after Dunkirk and called the future of America "Our Finest Hour." Americans, he said, have learned their lesson, their lesson

of irresponsibility and the greatest value of the mistakes we have made are that we realize them. "I have implicit faith in the American people to finally turn on the right road," Judge Fraser said, "and I think that we face 'Our Finest Hour' in the future in getting back to the true American way." oOo
