E

A VOICE FROM THE PAST

An old newspaper is like a voice of the past. It bears witness the changes that come with me. Last week I saw a yellowed d fraved copy of The Ozona Kicker for July 23, 1907. It was ought in by Mrs. R. A. Harrell. he paper was so brittle it had be handled with great care. That was Ozona like 46 years ago this July when the town's weekly pice was published by Tom Nomer Crockett County sheriff and en and edited by Jesse McKee? The leading story was a sumyears, was killed Monday mornary of new laws passed by the ing in a highway accident near

tate legislature, exactly 50 in Thermopolis, Wyo. number. Among them were bills legal limit, a bill providing state ploration Drilling Co. of Tulsa, O. agriculture and home economics. and their present concern is to get came wardens, a bill against roos- kla., was on his way to inspect ter fighting, a bill providing that four drilling rigs which he had social games and an awards ban- pools. juries be drawn by the wheel me- in operation in Wyoming. J. R. Kersey Former Postmaster,

Long Time Ozona Resident Died Monday Afternoon Here

James R. Kersey, 77, a resident of Ozona for about 35 years, post-90 cents per quarter; from 75 master here for many years, form-

manager of Ozona's water and electric system, was laid to rest in Cedar Hill Cemetery following services from the Ozona Methodist Church at 4:30 Wednesday afternoon.

Mr. Kersey died suddenly at the Crockett County Hospital Monday afternoon from a heart attack. He had been under treatment in the hospital for several days for asthma and was to have been released the following day so much had his condition improved.

Funeral services were conducted by the Rev. J. Troy Hickman, pastor of the Methodist Church. Burial followed in Cedar Hill Cemetery under direction of the Cody Funeral Home.

Pallbearers were R. T. Taylor. Richard Flowers, Pascal Northcutt, Tommy Newton, Brock Jones Bascomb Cox, Lowell Littleton. Baggett, Monroe Baggett, E. B. Baggett, Jr., Houston Smith, Hugh Childress, Sr., Richard Miller, N. W. Graham, Hugh Childress, Sr., Bob Cooke, Joe Patrick and Evart White.

A better performance was daughters, Mrs. Albert Bailey of Surviving are the widow: two San Angelo and Mrs. Robert E. Austin of Fort Worth; three sisters, Mrs. J. B. Smith of San Aning brones and high-heeling Brah- gan and Mrs. J. C. Cunningham of

He's Driving His Cares Away !

There's a great industrialist in Detroit, and a wellknown scientist in New York, and a famous statesman in Washington who will tell you that the best way to relax from the cares of the day is to get behind the wheel of a 1953 Cadillac.

And there are also thousands upon thousands of other Cadillac owners throughout America who will gladly add supporting testimony to these revealing statements.

For these motorists know, from their own personal experience, that there is no faster or surer way to relax and refresh than to take to the highway with a smooth, comfortable, quiet Cadillac car.

It makes a man feel good just to sit behind the wheel. As he glances about his Cadillac's gracious interior, he's reminded that he has made something out of his years-and that, in itself, gives a lift to his spirits.

And then, once he's out on the highway-well, in no time at all, he's as happy and contented and trouble-free as it's possible for a motorist to be.

He is surrounded with comfort-and his driving is so relaxing and effortless and enjoyable that his mind clears, as the miles go by-and his heart grows gay and his outlook bright and hopeful.

He has literally driven his cares away!

You really ought to try it sometime. Come to think of it, you ought to try it today . . . after your day's work is done.

The car is waiting-and so are we.

Buy Dr. Caldwell's 30r size roday. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Some Chevrolet advantages worth considering when you're ready to choose a car ...

Next to a new house, a car is probably your most important purchase. Here are some facts to help you make up your mind about which make to buy.

Don't you agree that it's well worthwhile to weigh all the factors carefully before you buy any new car? Let's consider the major reasons why people choose one make over another and see how the 1953 Chevrolet stands in those respects.

Styling You Can Stay Proud Of

Styling, of course, is a matter of personal taste. Because we think Chevrolet is the best-looking car in its field, doesn't necessarily mean you'll think so, too. But we can tell you that the majority of our showroom visitors prefer Chevrolet styling and compare its appearance most favorably with cars costing a great deal more.

And you might consider this: Chevrolet styling is the newest in its field. It's the kind of styling that stays new, too. For it is based, not on fads or extremes, but on the fundamentals of good, modern design.

The One Automobile Body Almost Everyhody Knows

It's not really surprising that so many people prefer Chevrolet's appearance. For Chevrolet is the only low-priced car with Body by Fisher. And Fisher, as you know, is the only automobile

body manufacturer with a world-wide reputation for styling, craftsmanship and quality.

The Many Benefits of High-Compression Power

When you drive a new Chevrolet (and we hope you'll do that soon), you'll notice these things: faster acceleration from a standing start; greater passing ability in traffic and on the highway; the new ease with which you climb steep hills.

These are just some of the benefits of Chevrolet's new high-compression power. In gearshift models, there is an advanced 108-h.p. "Thrift-King" engine with a 7.1 to 1 compression ratio. Teamed with the new Powerglide automatic transmission * is an entirely new 115-h.p. "Blue-Flame" engine with 7.5 to 1 compression ratio. It is the most powerful engine in Chevrolet's field.

A Great Gain in Gasoline Economy

Along with remarkable new performance, Chevrolet's advanced engines give you far greater gasoline mileage. In fact, this year marks the most important gain in economy in Chevrolet history. And that includes substantial savings on over-all upkeep, is well as on gasoline.

New Getaway in the New Powerglide*

The new Powerglide automatically drops into "Low" range for starting and for passing in city traffic. Then, as you glide along, it slips smoothly and almost imperceptibly into cruising range. The results are much faster and more positive acceleration, and much lower fuel consumption.

The First Power Steering in a Low-Priced Car

This year's Chevrolet is the only car in its field to offer you the extra case and convenience of Power Steering. optional at extra cost. With it, you can spin the wheel with the strength of one finger. You can seesaw in and out of tight parking places without the slightest strain. You get an additional cushion against road shocks and jars. Driving is easier, safer.

A Smoother and a Safer Ride

Chevrolet is the heaviest low-priced car. Model for model, a Chevrolet will weigh as much as 200 pounds more than the other makes. You often hear people say they buy high-priced cars because they're heavier, hold the road better and ride better. Well, isn't it logical, then, that Chevrolet's extra weight (which comes from extra strength of body and frame) would result in a better ride?

Chevrolet is the Lowest-Priced Line

Certainly, price is one of the most important factors of all. We're glad to be able to tell you that Chevrolet is the lowest-priced line in its field.

Now, you might well ask, "How can Chevrolet offer me more and still cost loss?" There is a simple, logical answer to that.

Remember that Chevrolet builds more cars than any other manufacturer. Chevrolet, along with General Motors, has greater facilities for research, for engineering and production. So, isn't it reasonable that these greater facilities bring manufacturing advantages and economies which Chevrolet can pass on to you in terms of higher quality at lower price?

An Endorsement Given No Other Car

Again this year, more people are buy ing Chevrolets than any other car. Obviously that wouldn't be true unless people liked Chevrolet better. Unless Chevrolet offered more things people want-more value.

So, when you're ready to choose your new car, wouldn't you agree that Chevrolet merita your careful consideration? We welcome your visit at any time, so that you can look the car over yourself and try it out on the

*Combination of 115-A.p. "Blue-Flame" engine and Powerglide outomatic transmission andional on "Two-Ten" and Bel Air merida at estra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR! NORTH MOTOR CO. Avenue E and 9th Street
