SHOPPING IN PRAGUE

U. S. News & World Report has published a "Memo from Prague", which it describes as the first report by an American in nearly three years. The writer entered communist Czechoslovakia as a guest of the U. S. Ambassador.

Most of the memo deals with prices in Prague's state-owned retail stores. The average industrial worker earns \$114 a month. A pair of nylon stockings costs \$13.50, and a pair of solid leather shoes for women run from \$50 to \$60. Sufficient good wool materials to make a man's suit costs \$420. Soap is \$2.25 a cake and coffee \$22 a pound. A soviet-made chocolate bar, the size of our nickle ones, commands 80 cents. Gasoline is sold at \$4.50 a gallon.

Since this report was made, the government has announced price cuts on some foods and consumer goods. But that has not changed the situation materially.

It may be wondered how the Czech people manage to live at all in these circumstances. The answer is that the government allows them sufficient low-cost foods, notably cabbage and cauliflower, to make subsistence possible.

Communism — which outlaws competition and private operation and ownership of property alike — is supposed to bring the masses of people wonderful living standards. This little account of what the consumer faces in Prague refutes that lie completely. By comparison, everything in one of our American retail stores, when the price is considered in the light of our income, is an unimaginable bargain. And American retailing is based firmly on the rock of private ownership in a free, competitive economy.

THE SUM OF GOOD GOVERNMENT

What is good government? Perhaps the best definition of all is found in Thomas Jefferson's first inaugural address: "A wise and frugal government, which shall restrain men from injuring one another, which shall leave them otherwise free to regulate their own pursuits of industry and improvement, and shall not take from the mouth of labor the bread it has earned—this is the sum of good government."

G. A. NEWS

By Sandy Wilkin

Every Monday we have GA after school. Our leader is Mrs. Bob Scott. We elected officers this week. The officers are Linda Merritt, president; Mary Fitzpatrick, vice president; Social Chairman, Mary Sue Trotter, and reporter, Sandy Wilkin.

We have songs, parties and other recreation. We all enjoy it very much. We are trying to get more new members. G.A. Halloween party will be a treasure hunt Thursday night, Oct. 29.

A recent letter from Mrs. Elton Smith of Van Horn advises that her husband, known as "Red" to Ozona friends, is slowly regaining use of his arm, which was mangled in a haybaler accident. Doctors promise near complete recovery after rehabilitating surgery. A run-down on whereabouts of the Smith children—Scott, recently discharged from William Beaumont Army Hospital and from the Army, is working in Sterling, Colo., Eddie has enrolled in Texas Tech and Bart is a junior in high school in Van Horn.

Mrs. H. B. Tandy and son, Mills, visited "fish markets" in Austin and Fort Worth and toured the State Fair in Dallas the past week-end. Mills, a tropical fish fancier and operator of an aquarium pet shop here, bought supplies and equipment—and more fish—from wholesaler in Austin and Fort Worth.

Mr. and Mrs. Ernie Boyd will attend homecoming at Baylor University this week-end and witness the Baylor-TCU game which will highlight the homecoming celebration at Waco. They will also visit with relatives in Sulphur Springs. Mr. Boyd teaches in the North Elementary school.

Mr. and Mrs. W. R. Baggett and Mr. and Mrs. J. M. Baggett were among Ozonans attending funeral services in Lampasas Wednesday for Mrs. Winnie B. Fox, who died at her home there Tuesday morning.

Man Wanted For Game Violation Still Eludes Area Officers

Game wardens and local officers throughout this area are still looking for a game law violator who led Game Warden John Lockett and Deputy Sheriff Billy Mills in a 60-mile 90-mile-an-hour race from the Hudepeth ranch south of Ozona to near Barnhart and then jumped from his car and escaped on foot.

The man, whose home is in Odessa, abandoned his car in which his wife and relatives were riding, and officers found two deer, a buck and a fawn in the trunk of the car. An uncle of the man, O. C. Mixon of Odessa, paid a fine of \$100 and costs here on a charge of illegal possession of deer.

If you haven't bought a ticket from the Volunteer Firemen for the hand-made gun case, to be awarded Nov. 20, see some member of the department today. Proceeds from the sale will go into the fire department social fund.

Menard Overpowers Ozona As Lions Take First District Loss

By Larry Lewis

The Menard Yellowjackets stung the Ozona Lions for 32 points last Friday night. It was the first District 6A game for the Lions this season.

Early in the first quarter Robert Kidd intercepted a pass and went 32 yards for first Menard touchdown. Conversion attempt failed. On the next tally, Kidd passed to Wallace who went all the way.

In the second quarter Garlitz, who was outstanding for Ozona, passed, skirted ends, and drove through the Menard line to no avail. Frank Wallace ran for the next Menard score around right end. The next score for the Yellowjackets came very soon when John Winslow intercepted a pass and went 62 yards for the touchdown. There were no touchdowns made in the third quarter.

In the fourth quarter Hollis Klett scored from the Lions 2 yards line. Klett went over the goal line for the extra point.

Injuries hurt the Lions seriously. Charlie Hale could be used on defense only along with Sam Martinez. Benny Friend was taken out because of a leg injury. Eusevio Longoria was also injured.

This week the Lions play Eldorado and are out to win a victory to stay in the District race. With a lot of support from the stands, the Lions will win the game Friday. So I close with the Lion War Cry. BEAT ELDORADO

Dear Mae:

I think Mr. Brentz is going to have to do something exciting so Marilyn, Liz and Jerry will pay more attention to him instead of writing notes.

I wonder what happened to Rosie and Ronnie? Probably nothing except a temporary argument. It seems that Benny and Ann are back together again. I just wonder how long it will last THIS TIME. . . ? ? . I think Marilyn is still trying to get date with Mike Clayton. WHO WOULDN'T!! I just can't imagine what happened to Alena and Mike. Huh? Marilyn!!! No one has hooked "Hot Lips" yet. Carol had better get to work.

Last Saturday night Buskey was leading a girl around. Wonder who she was? It wasn't an Ozona gal.

I have a feeling that Don trusts Jimmie a little too much. After Don got off the bus Jimmie sat by ? ? ? ? Dwight and Beverly seemed to be doing O.K. on the bus Friday. Oh yes, I have news for J. P. She'd better wash her face better. HUH J. P.

The Jan and John romance is still going strong!

and robbers?

We have in our country today a new modern up-to-date school with all the accessories such as bones, horsemeat and fire hydrants. It is at the Roscoe B. Jackson Memorial Laboratory in Bar Harbor, Michigan. Who does it teach? Dogs. Who else would want bones and fire hydrants? Phillips maybe.

Here's something about a 2500 MPH wind tunnel that will be used to test designs for new supersonic planes and missiles.

Doctors are now trying to get an extraction from the hibernative gland of hibernating animals—wonder why from hibernating animals?—to inject people who need a heart operation so their bodies can be cooled to a lower temperature because the blood moves slower at a low temperature. (Artificial hibernation, huh?)

Do you know that sound only travels in rubber at 177 ft-sec? and in air at 1,080 ft-sec? This might be awfully helpful if you ever live in a rubber house. (Now what made me say that?)

Do you have a canal that needs cleaning? If you do GE has put out floating vacuum cleaner that cleans canals. It develops enough pressure to suck up 1,500 pound boulders. What are boulders doing in a canal? Boulders belong on mountains. If they're in a canal then the canal must be full of mountains, and why vacuum mountains.

Oh, Oh, here comes Mr. Leath and he told me to lay off him so we'll be seeing you next week (if we live that long).

Dates and Doin's —

Quite a number of people had dates Sunday night—some were: Carol and Buddy, Martha and Sonny, Ann and Benny, Vivian and Ronnie, Charles and Susie, Alena and Jody, Billie and Don, Carol B. and Brock, Jane and Graham, Carolyn and Kenneth L. (Eldorado).

Saturday night couples were: Sandra and Rudy, Nancy and Dick Mc, Rosie and Jody, Carol and Wayne, Alena and Mike, and Georgiana and Kenneth.

Everyone was excited over Bill S. being home, but he was the happiest. We will be glad when Tom gets here so Betty can get that lonesome look from her eyes.

Ann said something about being lost at A. and M. but we know how that is.

Shirley seems to have had a good time in Odessa, David? Or who was it Kost? Barbara went, too, and interested everyone with her future telling experiences.

Sandra and Buddy were seen at the drive-in Thursday night.

Pat (among others) seems interested in Charles S. in play practice Kent C. has an exciting scene that he also practices, on the other members of the cast, Ask him what he calls it.

The girls are being subtle about dates Saturday night, but we haven't heard of many results.

"George" finally admitted in H. E. that she was making "nothing". The knitting has faded a little and everyone is busy on their projects.

Martha and Carolyn are having a dance Friday night. They want everyone to come.

HALLOWEEN WITHOUT VANDALISM!

By the Student Council

Halloween is a certain date that we set aside each year for small children to enjoy dressing up in costumes and go spooking. High school students sometimes get the idea of Halloween mixed up with the word "vandalism".

Are you the one who gets a kick out of breaking windows, scratching cars, damaging city property, or working over someone's

front yard? I hope not! Ozona has always shown some recognition to safety rules, but this year let's show all of our parents that we can and will show recognition to these rules. The town people would like to share their Halloween with us, so let's share ours with them. We, as high school students, can show our interest in our school town, and friends if we try. We all know that it's no fun to go out the day after Halloween and find trash (Continued on Page Six)

THE OZONA STOCKMAN

ONE WEEK ONLY!

WE'LL GIVE YOU THE EXTRA TRADE-IN PRICE YOU'D GET IF YOUR PRESENT CAR WERE A MERCURY

No matter what make of car you're driving, we'll allow you the same extra trade-in price you'd get for a same-model, same-year MERCURY—the car with the top trade-in value in its field!

WHY MERCURY GIVES YOU MORE—NOW AND WHEN YOU TRADE IT IN!

There are 4 good reasons why Mercury is so much in demand—and why the average trade-in price allowed by all dealers on used Mercurys is consistently higher than competing cars.

- Mercury styling.** Clean, long, low lines set the style and stay in style. Mercury interiors are smarter, more colorful, more attractive.
- Proven V-8 performance.** Mercury is no Johnny-come-lately to the V-8 field. It has *always* been a V-8, and this is the best-performing Mercury in history. Try it—compare it for get-away, for hill-climbing, for handling ease!
- Proven economy.** With Mercury, economy is no idle boast. Mercury's high gas mileage has been proved—Mercury with optional overdrive has five big wins in four official economy runs.

4. More extra power features. Mercury offers the widest selection of optional power features in the popular-price field—including the new 4-way power seat, power brakes, power steering, electric window lifts, no-shift Merc-O-Matic Drive, and even gas-saving Touch-O-Matic Overdrive.

Add these to Mercury's sturdy construction and low maintenance costs—and you see why Mercurys are always in top demand, new or used. Higher trade-in value makes Mercury's true cost very little more than the lowest priced cars. A Mercury is a solid investment, because you get back more when you finally trade it in.

Now—to make it even easier for anyone now driving any other popular-priced car to own a Mercury—we'll give you the extra trade-in allowance you would get if that car were a Mercury! We'll show you the actual, impartial figures—make you the most exciting offer in town! Bring your old car in today—and drive home a Mercury!

baskets, rocks, smeared cars, torn clothes, old cans and all sorts of junk scattered over your yard and in the street. Let's make Halloween a date to be remembered as a night for fun, trick or treats, spooks, goblins, and witches.

So, what do you say, that we, as the students of Ozona Public Schools, make a point to make this and every other Halloween safe and forget about that contagious germ called "Vandalism"?

SOPHOMORE CLASS NEWS
By Georgiana Ball

Carolyn Stuart made two announcements about two dances; one Friday night after the game and the Student Council will give a dance Halloween night. Sarah Hicks made a suggestion that we send some flowers to Charlie Black who is in the hospital. We appointed Miss North to take care of the flowers and make arrangements to send them.

FRESHMAN CLASS

Last week we had two class meetings. Tuesday we also had our regular class meeting. We discussed the Halloween party. The Student Council is giving the party at the library, eight o'clock, Halloween night. The party will be for the whole High School and we are sure it will be fun for all.

Joyce Henderson and Lou Nelle Beall volunteered to plan the game for our class meeting, Tuesday, November 2, 1953. Reporter Lou Nelle Beall

JUNIOR CLASS NEWS
By Sonny Henderson

Lynn called the class meeting to order. Sonny made the motion to send Charlie some flowers, it was seconded and carried and then it was discussed. The class voted and selected pajamas instead. Betty W. announced the Halloween Party and told about the surprise and the party. Sandra brought up a suggestion for a gift for Mr. Leath as director of the Junior Play.

HALLOWEEN DANCE SATURDAY NIGHT

When the Student Council met Monday, we discussed having a Halloween Dance. The dance will be in the library at O.H.S. so we expect everybody to get a date and come at 8:30 prepared to dance until 11:30. The room mothers are going to help us and furnish the refreshments. Of course, as you've probably already guessed, the music will be furnished by records. This dance is a swell place to come and have fun without vandalism.

ASSEMBLY PROGRAM

Our assembly program Thursday was brought to us by Dr. H.

B. Tandy. The program was two short films. The first one was on nutrition, the second was a comic on safe driving. Everybody seemed to enjoy these films.

Students Invited To Enter Essay Contest

Students in the 11th and 12th grades in all of Texas public, private, and parochial schools were invited by Harry Bengé Crozier, Chairman of the Texas Committee for Employment of the Physically Handicapped, and H. P. Hackney, Commander, Department of Texas, Disabled American Veterans, to participate in the 6th Annual Essay Contest sponsored by the two organizations.

Crozier said that rules of the contest had been sent to all High School Superintendents and Principals and those students interested should contact their respective schools.

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

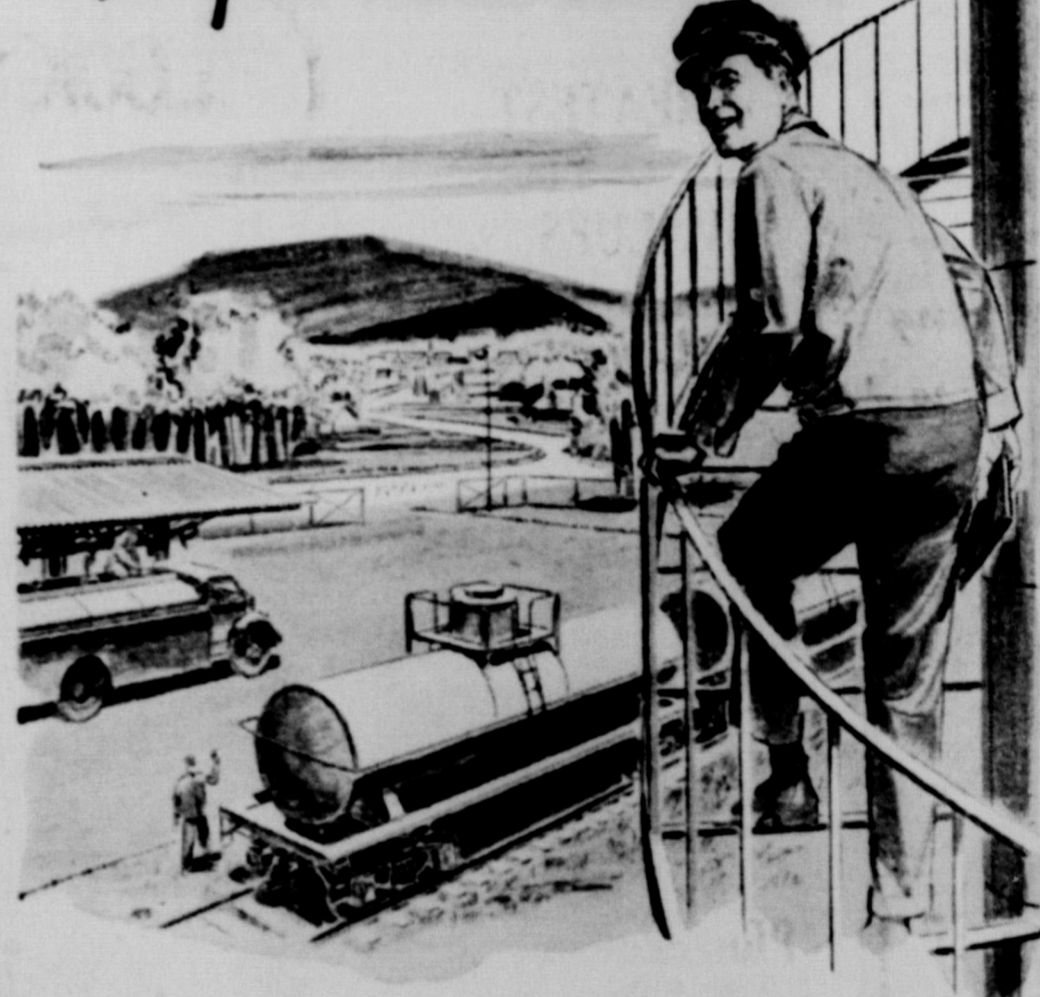

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Last Wednesday, we talked about the things on the playground. We decided that some things are not safe to do. You should not lie down, sit with your feet on the inside, or stand up on the merry-go-rounds. You should not go down the slide head first or climb it from the front. The Kindergarten swings are for children six years or younger. Older children will break them. We also talked about the swings, you should not push a person very high, run under the swings, or stand up in them. The Ozona P.T.A. voted at their last meeting to purchase a new duplicator machine for our school. This essential piece of equipment was ordered and has arrived. "HEY THERE, MR. BAGPIPER"—Three-year-old Bobby Jo Bailey of Dallas ran to the side of Scottish Bagpiper Bobby Laidlaw and tugged his kilt in a vain attempt to get his attention while he shrilled a tune on the lawn of the Texas Scottish Rite Hospital for Children. Laidlaw and 21 other members of the Plymouth Kiltie Band gave a concert at the hospital in Dallas before 40 tiny patients, including Bobby Jo who is undergoing free treatment for a crippled hand. P. S. There was a happy ending for the two Bobbys. As soon as Sgt. Piper Laidlaw finished the tune ("The Eyes of Texas," no less), he laid down his pipes and talked to the little girl.

her could bring up the green stuff in jig time.

While the runup in prices was most noteworthy on the cattle and calves, other species shared the better tone.

Hogs drew steady to 75 cents higher prices, small butchers and shippers setting a fast pace and buying most of the top hogs 50 to 75 cents above last week's close.

In the sheep barn, slaughter lambs and slaughter yearlings were strong 50 cents or more higher. Some spots were \$1 or more above the close last week, the kind and condition considered. Feeder lambs drew prices. Old ewes were strong to 50 cents up.

Good and choice slaughter steers and yearlings sold from \$17 to \$22, and common and medium sorts sold from \$10 to \$16, some shelly kinds below \$10. Fat cows drew \$9.50 to \$12, and canners and cutters sold from \$6 to \$9.50. Bulls sold from \$7 to \$13.

Good and choice fat calves sold from \$13 to \$17, with some outstanding fancy heavies of around 600 pounds to \$18 to \$20. Common and medium slaughter calves drew \$9 to \$13, with culls at \$7 to \$8.

Good and choice stocker cows drew \$7 to \$12.50. Stocker and feeder steers and yearlings sold from \$10 to \$16.

Good and choice slaughter lambs cashed at \$15.50 to \$17, and good shorn lambs sold at \$16.50 down. Stocker and feeder lambs cashed at \$10 to \$13. Medium and lower

grade lambs cashed at \$8 to \$15. Old ewes sold from \$5 to \$5.75. Some solid-mouthed ewes to \$6.50. Yearling muttons sold from \$10 to \$14, old wethers drew \$6 to \$8. Old bucks sold at \$2 to \$2.50.

While stockmen in general are jubilant over the rains and the improved market, we'll bet that none of them breathed a bigger sigh of relief than Secretary of Agriculture Benson.

The pressure has been building up on him hour by hour and the Cattlecade organized by the Farmer's Union was a climax that was highly unpleasant for Benson.

Some observers feel that Benson will either have to back down from his previous opposition to high supports or resign in short order. Some Washington observers feel like his tenure of office has only a matter of weeks to run.

However, personal friends say that Benson is not the type to become dismayed and quit under fire. Certainly right now he is getting the test of a lifetime.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—The belief that the seasonal peak of cattle movement had passed was further enhanced by the lighter runs of cattle and calves around the major marketing circle Monday.

This factor, coupled with rains over much of the Southwest, was enough to spring a stirring rally in prices that wreathed the faces of cowmen with smiles all over the Stockyards here.

While the advance was uneven and some sales showed more climb than others, the general picture was one of climbing prices. Sales 50 cents to \$1 per hundred above last week's close were the rule.

Some spots were up considerably more. As an example there were 113 small calves of 202 pounds at Fort Worth Monday shipped from the Kokernot ranch at Alpine. These calves drew \$20. Mates to them a week ago sold at \$15.50 with a trim. While the general advance was not so pronounced as this case, it was typical of the way the stocker trade came to life on the heels of the rain.

Reports of rain from sections of the winter wheat grazing areas could be expected to revive speculative interests in cows, calves and yearlings suitable for such pastures. Some open weat-

It's the Principal of the Thing!
Every autumn our High School has a contest to see who can get the most ads for *The Recorder*—the school magazine. The winner becomes honorary Principal for a day.
Skip Roberts won last week, and his first (and only) official act as "Principal" of the school was to announce in a loud, clear voice: "I hereby declare today a school holiday!"
Knowing Miss Gilbert, the real principal, it was no surprise to me that she laughed as hard as anybody else... and said to go right ahead.
