## Here and There

By J. Troy Hickman

### UNSUSPECTED INFLUENCE

A long time ago I was a student in a small West Texas college. On the faculty was one special teacher who made the course in English Literature a delight.

She was a maiden lady in early middle life, not especially beautiful. But there was a twinkle in her eye and a friendly informality in her manner which endeared her to every student in the class. She had a wonderful sense of humor, she loved people, and she had an easy cordiality that made one want to be with her as much as possible.

I remember her as easily the most helpful teacher in my college career. Whatever appreciation I may have today of good literature and the joys of reading the written thoughts of others, I owe to a great degree to her. I'll always remember one course where we spent a whole semester on the Essays of Charles Lamb, and laughed together over the drollery of "The Essay On A Roast Pig."

We'll call this lady Miss Anne, for that was a part of her name. Never mind about the rest of it.

Such creatures are all too rare in this prosaic world, and they ought to live forever, as fairies were once believed to do. But it was not God's will that Miss Anne should spread sunshine forever.

In the very prime of her life, a cloud descended upon her. She developed a premature senility. In a few months that lovely lady became a meek little child.

She and her maiden sister lived in their own home in a Texas town. The sister had never been a wage-earner, but had kept house for them. Miss Anne had an insurance policy, a little money in bonds, a title to the house they lived in, and a little teacher retirement equity.

After the illness set in, all this melted away. It took the sister's full time to take care of the invalid. They finally had to sell the home and move into a little place at the edge of town. For a time they held body and soul together only by the most strenuous economies. There were no close kin to help them.

There came a day when Miss Anne had need of hospital care. They got her in a county charity ward. After each spell of illness she would recover and be taken home.

Students of former days who had known and loved Miss Anne eventually heard the story. The sisters were too fine and proud to ask for anything. But a group of friends living in Dallas compiled a list of persons who had been in Miss Anne's classes in years past. A letter was sent out. Many of us responded.

In a few weeks a second letter came from the Dallas group. I want to quote a little from it.

"Anne's bodily helplessness and mental state remain unchanged, but this news will be less sombre. Friends have sent in a total of \$3,248. Some have expressed their intention of sending monthly checks regularly.

"A simple trust arrangement has been set up with her minister and an old banker friend, Mr. A., and the treasurer of her local church as the trustees. Should there be any residue left after the death of both sisters, such remaining fund is to be given to the (Blank) College for a scholarship in memory of Anne. The lawyer who drafted the trust papers, as well as the trustees, are giving their services free. An anonymous friend is personally bearing the cost of these letters, so not a penny will be subtracted from the fund for expense.

"Almost without exception the friends who sent money said in their letters, 'Thank you for giving me the opportunity. Let me know if the need continues. I shall be glad to give more!'

"I wish I had some way of sharing with you the evidence of the height and depth and breadth of Anne's influence on so many lives!"

(Continued on Last Page)

## Ozona Lad Shows Grand Champ At San Antonio Show

### Pierce Miller's Ram Tops Junior Rambouillet Show

Pierce Miller, 12-year-old son of Mr. and Mrs. Eugene Miller of Ozona, showed the grand champion Rambouillet ram in the Junior Rambouillet show at the San Antonio livestock exhibition in judging completed Tuesday.

The ram, of Miles Pierce breeding, was reserve champion at the Crockett county 4-H Club show last month. The ram lamb which young Miller showed to the championship here placed tenth in the San Antonio show, showing in the two-tooth ram class there.

The grand champion ram was beaten out for the show grand championship by a ram shown by Miles Pierce of Alpine, the Ozona lad's uncle. The Miller ram won first place in his class over a ram lamb shown by Connie Mack Locklin of Sonora.

The ram will be exhibited in the San Angelo Livestock Show next week.

In the fat lamb competition, Crockett county 4-H Club exhibitors won three places. Joe Everett won 19 place and Erby Chandler won 32nd place in the crossbred class. J. R. Everett won 43rd place in the finewool division. All mutton lambs exhibited by the Ozona group will be sold in the auction sale in San Antonio Friday.

## Brock Jones In Commission Race From Precinct 2

### Ends Term On School Board In May, Seeks County Post

Brock Jones, who ranches east of Ozona in Precinct 2, this week launched his candidacy for the office of County Commissioner from that precinct, subject to the July primary.

A member of the school board for the past four years, serving as board president the last three years, Mr. Jones will retire at the end of his present term on the school board May 1 to seek the county post. He also served a term as a member of the county P. M. A. Committee.

In announcing his candidacy, Mr. Jones promised, if elected, to make a careful study of county problems and the duties of the commissioners and to devote himself to the task of making a good commissioner.

"I am not acquainted at present with the duties of the Commissioners Court and thus can not make any iron clad promises as to what I will or will not do until I find out what the job requires," Mr. Jones said. "But I will, if elected, make myself acquainted with the duties of the post and, to the best of my ability, carry out those duties to the best interest of this community and this county. I am definitely interested in this community and in Crockett county and will endeavor to do everything in my power to cooperate with other members of the court in giving Crockett county a good county administration."

## Elkhorn Project Flows Oil On Test

Continental Oil Co. 5-27 University, Elkhorn (Ellenburger) field project in Crockett County, 17 miles northwest of Ozona, flowed oil and gas on a drillstem test in the Ellenburger.

On a two-hour test between 7-017-7.174 feet, gas surfaced in nine minutes, mud in 65 minutes and oil in 67 minutes. It flowed 26.76 barrels of oil, no water, in one hour. Flowing pressure was 675-1,300 pounds; shut-in pressure for an unreported time was 2,675 pounds.

Location is in 27-46-University.

## Burgess To Begin Photographic Course Here February 22

Glenn Burgess, a commercial photographer widely known for his photographs of the Davis Mountains and Big Bend Park, and instructor in photography at Sul Ross College at Alpine, will conduct an adult class in amateur photography at the Ozona High School beginning Monday night, February 22 and running for 12 weeks to end on May 10th.

Any adult or high school student is eligible for the class. The course fee is \$21 for the total of 26 hours of class instruction to be offered in the 12-week course. The class will meet each Monday night from 7 to 10 o'clock.

Mr. Burgess will cover the fields of picture composition and selection, photographic equipment, proper lighting methods, films and papers, and will demonstrate both picture taking and laboratory processing in the high school science laboratory and darkroom.

Those interested in enrolling for the course should contact J. Troy Hickman at once. Phone numbers 13 or 289.

## San Angelo Stock Show Promised Best In History, Feb. 25-28

The 21st Annual San Angelo Fat Stock Show & Rodeo, February 25, 26, 27 and 28, will be the finest in history, promoters promise. All facilities are new; Fairgrounds have been completely rebuilt.

This year again features Gene Autry & Associates famous Rodeo produced by Everett Colborn. Specialty acts include—San Angelo College's Glamorous Ramettes, Lightening C Quadrille, Budweiser White 8 Mule Hitch, comedy acts, precision drill by Tom Green County Sheriff's Posse, and a wild cow milking contest has been added.

More entries than ever before are in the Fat Lamb Show and the Junior Breeding Sheep Show. Other livestock shows—Fat Steers, Hereford and Angus Breeding cattle, and Breeding Sheep. On exhibition will be original Longhorn cattle, Santa Gertrudis and Brangus cattle. A Poultry Show has been added.

Gigantic parade, Thursday, 11 a. m. Friday School Day, reduced prices for Rodeo, free gate for students. Thursday grandstand tickets, if purchased before noon Wednesday, February 24, are \$1.50, which includes front gate admission.

Other feature attractions include Don Franklin Shows, Walter Kleptas's Lone Star Band, Parade of Champions, Trade Show with commercial exhibits. Night attractions at the auditorium downtown—Style Show, Friday, 8 p. m. and at All Star Western Round-Up, Saturday, 8 p. m.

## Welfare Council's First Monthly Report Shows Fund With Meager Balance In Spite of Careful Operation; Contributions Needed

The Crockett County Welfare Council, organized by a group of Ozona citizens early this year to give emergency spot relief to persons in need, has been operating about one month.

The January report is as follows:

Total contributions received for relief fund \$209.50.

Spent on relief application, \$62.21.

Balance in fund, \$147.29.

Here is a breakdown on the disbursement total:

Case 1. Food for transient family \$3.25

Case 2. Food for transient family \$4.00

Case 3. Food bill local cafe \$15.

Case 4. Food for transient family \$4.96

Case 5. Food for transient family \$10.00

Case 6. Frances Borrego \$15.00

Case 7. Andrew Borrego \$15.00

The Council appreciates the contributions which thus far have made it possible to carry on this work. It is evident from the report above that we are working on a small margin. Only one exten-

## Alpine-Coleman Playoff Game To Be Played Here

### Double A Bi-District Contest In Ozona Gym Mon. Night

A bi-district game between two top notch Class AA basketball teams of West Texas will be played in Davidson Memorial Gymnasium in Ozona next Monday night February 22.

Coleman, winner of the District 8-AA championship, will play Alpine, District 7-AA titlist, for the bi-district championship in the Ozona gym under an arrangement completed by coaches and officials of both schools. Facilities of the local gym were offered the two schools by Ozona school authorities.

The Monday night date for the Coleman-Alpine game was set with the possibility in mind that Ozona's Lions might be engaged in a bi-district game Tuesday night. In the event the Lions win the 6-A title, they will play Big Lake for the bi-district crown and a chance to go to the regional tournament in Lubbock Feb. 26-27. Where the Ozona-Big Lake game, if one is in order, will be played will depend on a coin flip or agreement of coaches.

The Coleman-Alpine tilt, matching two of West Texas' outstanding basketball teams, will be played starting at 8 p. m. Monday. Officials will be Curley Hays of Abilene and Charlie Lawson of San Angelo. Admission prices will be \$1 for adults and 50 cents for students. Local passes will not be in effect for this game.

## Piano Pupils To Be Heard In Recital

Miss Cleona Quiett will present her Junior and Senior high school group of piano students in recital at 3 o'clock Sunday afternoon, Feb. 21, in the high school auditorium.

Taking part in the program will be Wanda Carden, Brenda Douglas, Lynn Gustavus, Barbara Halbert, Gaylene Hughes, Beverly and Roy Neil Killingsworth, Pierce Miller, Linda Millsbaugh, Penny Phillips, Jeannene Thompson, Mark White, Jacquelyn Williams, Jimmy Williams, and Alleane Young.

The public is invited.

## PLAN STYLE SHOW

The Ozona Woman's Forum is making plans for its annual Style Show to be held March 6th, 3-00 p. m., at the Country Club. Fashions and jewelry by Maurice, Martha's Kiddie Shop, and Nathan's of San Angelo, and Sawyer Jewelry of Ozona.

## Pure To Drill Deep Wildcat On Vaughan

The Pure Oil Co. will drill a 7,800-foot rotary wildcat in Crockett County, 10 miles northwest of Ozona. It will be the No. 35 R. L. Vaughn.

Drilling, on the 2,680.6 acre lease will begin Feb. 16.

Location is 1,004 feet from the south and 2,496 feet from the west lines of 82-OP-GC&SF.

The prospector is 3 1/4 miles north and slightly east of Gulf Oil Corp. 2 Ed Bean, wildcat failure abandoned Dec. 19, 1951, at 8,400 feet, elevation unreported. The project tested the Ellenburger, topped at 8,115 feet, but found no shows.

The project is 3/4-mile northwest of the Pure-Bean field, which produces from an average depth of 1,298 feet, and two miles southeast of the Vaughn field, which produces from the Grayburg at an average depth of 1,501 feet.

## Gene Williams For Commissioner In Precinct 3

### Native Ozonan Makes It Five-Way Contest In Prec. 3

Gene Williams, native Ozonan, ranchman and Magnolia station operator, this week announced his candidacy for County Commissioner from Precinct No. 3, subject to action of the Democratic Primary, July 24.

Mr. Williams is presently engaged in ranching west of Ozona and also owns and operates the Magnolia filling station here. He entered the ranching business in Terrell county with two of his brothers, Jack and Charles, before the last war, selling out when all were called into service. He served four years in the Army during the war, returning here to re-enter the ranch business, later acquiring the Magnolia station.

He has been active in local civic affairs having been a charter member of the Ozona Lions Club and the Volunteer Fire Department and having served a term as president of each.

Referring to his candidacy, Mr. Williams declared that if he is elected as Commissioner from Precinct 3, it will be his intention to give all the time necessary to the discharge of the duties of the office and that he can and will cooperate with other members of the court in a business-like administration of county affairs.

"All I can promise the voters is that I will do my very best to make a good commissioner if I am elected," Mr. Williams said.

## Midway Lane 1300 Field Is Extended By Shell Producer

The Midway Lane 1300 field of Crockett County, 20 miles southwest of Barnhart, has been extended one location north and west with the completion of Shell Oil Co. 16 Chambers County School Land for a daily flowing potential of 100.8 barrels of 36 gravity oil plus two tenths of 1 per cent water. Gas-oil ratio was too small to measure.

Production was through 3/4-inch choke and open hole between 1,266 feet where 5 1/2-inch casing was set, and 1,287 feet, the total depth. Top of pay was picked at 1,264 feet on derrick floor elevation of 2,642 feet. Completion was natural.

Location is in 4-Chambers east.

## Jack Holt Slates Shallow Oil Test

Jack Holt of Ozona has filed application to drill his 1 Humble-Martin 3/4-mile north and slightly east of production in the Dry Creek field of Crockett County, 2 1/2 miles northwest of Ozona. Cable tool drilling to 1,500 feet will begin when permit approved.

Location, on a 349-acre tract, is 2,790.5 feet from the north and 2,994.7 feet from the west lines of 38-OP-GC&SF.

## Lions Cinch Tie For Dist. Title By Win At Eden

### Junction First Dist. Team To Tame Lions In 3 Years

After dropping a close one, 54-51 to the rampaging Junction Eagles here Monday night, their first district loss in 27 starts and in three years of play, Coach Swede Pelt's Ozona Lions bounced back Tuesday night to slam down the Eden Bulldogs 60-42 to cinch a tie for the 1954 District 6-A crown.

With one more game to go, the Lions now hold a one-game lead over Junction in the district race. Junction, which barely eased by Sonora Tuesday night by a one-point margin, has lost two district games to one for Ozona.

The Lions go to Menard Friday night to play the decider, while the Junction Eagles will invade the Eldorado camp for their last stand. Should Ozona win or Junction lose, it will be another basketball championship for Ozona and a chance to meet the Reagan Owls from Big Lake in bi-district play.

In the event of a tie between Junction and Ozona for the district title, the two teams will meet in a play-off, probably Saturday night, with the site to be decided by negotiation or by a flip of the coin.

Trailing eleven points at one point in the game with Junction, the Ozona lads put on a determined fourth quarter spurt that tied the score at 49 all in the waning minutes and with seconds to go, Sammy Martinez sneaked the ball and drove down unopposed to lay in a crisp shot that would have tied the score and probably called for an extra period. But the referees called it a tie ball. At another point, Johnny Ramirez had a chance to tie it up with only seconds to go but missed one of his two free throws to remain a point behind. The visitors dropped in another field goal in the hectic last seconds for a three point victory.

Charles Garlitz paced his teammates in the win over Eden by dropping in 23 points. Bobby Martinez scored 15 points and Johnny Ramirez 10. Ronnie McMullan accounted for 7 and Sammy Martinez, 6. Eden's Pfluger also scored 23 points.

## Annual Boy Scout Financial Drive Is Launched Here

### Workers Lined Up To Solicit Funds for Council Work

The annual financial drive for the Concho Valley Council, Boy Scouts of America, in Crockett County was launched at the Tuesday meeting of the Ozona Rotary Club.

A. O. Fields, Ozona drive chairman, feels that the drive will be a success because of the following good people who are working on the drive: W. R. Baggett, T. J. Bailey, Gordon Aikman, Scottie Houston, Mrs. Glenn Sutton, Bill Cooper, Lowell Littleton, Ben Williams, Ernest Dunlap, James Isbell, P. L. Childress, H. W. Baker, J. B. Monroe, P. T. Robison, T. J. Newton, Oscar Kost, V. H. Ratliff, John Hobaugh, Mrs. Kirby Moore, Mrs. Melvin Semmler, Mrs. James Semmler, Mrs. J. B. Miller, Mrs. Elie Hazelstein, Mrs. Buddy Moore, and Troy Williams.

The following discussion of the Scout set up and operation was prepared by the drive chairman, Mr. Fields, in order that Ozona people might have a clear understanding of the purpose of the local fund drive:

"In past years, some have been confused about the local Boy Scouts' connection with the Concho Valley Council. Some have thought when they give to the (Continued on Last Page)

Ford's New Ball-Joint Suspension gives you the Newest Ride on the Road!

This revolutionary new Ford front suspension soaks up road shock before it reaches you! Makes all riding and handling easier!

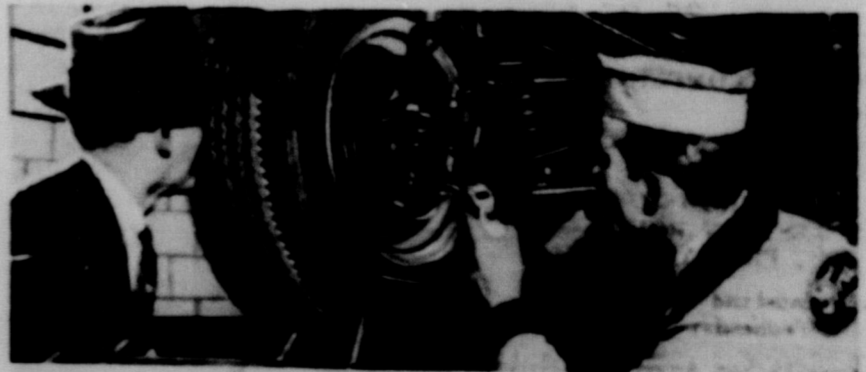

Seals out dirt. You can forget road splash because dirt and water can't get into the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean--wear is kept to a minimum.

Keeps that new-car feel. You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

THE "OLD" roads won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too, not only on turns but on the straightaways as well. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal this modern ride--because no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford. Whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six you get the quick response and smooth, quiet operation of a modern overhead valve, low-friction deep-block engine. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership--with clean, modern lines... sparkling new colors... and harmonizing upholstery fabrics and trim.

Eliminates 12 wear points. Ford's Ball-Joint Front Suspension eliminates 12 of 18 points of wear found in conventional systems. Rubber bushings supports at inner ends of suspension control arms not only reduce the number of wear points but also insulate chassis from road noises.

We cordially invite you to Test Drive a '54 Ford

### Third Producer In Ranch Field Finaled For 120 Bbls. Daily

The Ranch (Strawn) field of northeastern Crockett County has gained its third producer and a 3 1/2-mile southeast and southwest extension with the completion of Continental Oil Co. 3-C C. T. Harris.

It was finaled for a daily flowing potential of 120 barrels of 67 gravity distillate, no water, with gas-oil ratio of 15.333-1. Production was through a 32-64-inch choke and perforations between 8,080-090 feet in 5 1/2-inch casing cemented at 8,228 feet, the total depth. Gas volume was at the daily rate of 1,840,000 cubic feet.

Casing pressure was 525 pounds; tubing pressure, 275 pounds. Location is in 4-BB2-Francis Boren survey, 12.5 miles south of Texon.

#### WEDNESDAY BRIDGE CLUB

Mrs. Gene Thomas, Mrs. Wayne E. West and Mrs. Robert Cox were hostesses to the Wednesday Bridge Club at the House of Flowers Tea room Wednesday afternoon.

High score award went to Mrs. Charles Ratliff, second high to Mrs. L. B. T. Sikes, guest high to Mrs. Jack Brewer, traveling prize to Mrs. Taylor Deaton and bingo to Mrs. Frank James. Others present were Mrs. Cleophas Cooke, Mrs. Chas. E. Davidson, III, Mrs. M. A. Lemmons, Mrs. Floyd Moss, Mrs. Hillery Phillips, Jr., Mrs. Byron Stuart, Mrs. E. B. McConnell and Miss Joan Holt.

#### HOT TAMALES SALE

Delicious hot tamales will be on sale in the city park Saturday afternoon beginning at 2 o'clock as a benefit for Troop 63 Ozona Boy Scouts. The tamales will be priced at 65 cents per dozen.

#### FORMER OZONAN ILL.

Mrs. Robert J. Meybin of Roanoke, Virginia, the former Dixie Davidson of Ozona, daughter of the late Judge and Mrs. Chas. E. Davidson, critically ill in a Roanoke hospital, was reported somewhat improved yesterday but still in very serious condition. Mrs. Meybin became ill last week and when it became apparent that her condition was serious, members of the family were notified. Her twin brother, Chas. E. Davidson, Jr., and Mrs. Davidson, of Ozona, and a sister, Mrs. Mark Garver of Little Rock, Ark., are at her bedside.

Airman and Mrs. George Crocker of Montgomery AFB, Alabama, are parents of a daughter born in the Montgomery base hospital Saturday, Feb. 13. The baby, named Margaret Mona, is a granddaughter of Mrs. E. C. Alford of Ozona and Sid Schwalbe of Big Lake. Mrs. Alford left Ozona Monday to be with her daughter and new granddaughter. Mrs. Crocker is the former Betty Jane Schwalbe. She was discharged from the Women's Air Force as a sergeant last October, after serving a little over two years.

MAN OR WOMAN to distribute Watkins' Nationally Advertised Products to established customers in Ozona. Full or part time. Earnings unlimited. No car or other investment necessary. I will help you get started. Write Mr. C. R. Ruble, Dept. F-3, The J. R. Watkins Company, Memphis, Tenn. 1p

#### CARD OF THANKS

We wish to express our heartfelt appreciation to all the Ozona people who were so nice to us during Mr. Mock's illness. We are sincerely grateful for your kindness.

Mr. and Mrs. H. R. Mock

### Texas Co. Shannon Test Swabs Oil

The Texas Co. 1-A NCT-1 M. A. Shannon, Crockett County test one location southeast of production in the one-well Todd, North (San Andres) field, swabbed oil in the San

Andres. From open hole between 1,803 feet, where seven-inch casing was set, and 1,840 feet, the total depth, the project swabbed 127 barrels of load and acid, and 66 barrels of new oil in 16 hours. Pay section had been acidized with 5,000 gal-

Location is in 11-101GCC&S. Roy Harrell, son of Mr. and Mrs. R. A. Harrell, was listed on the first semester Honorable Mention list of the Schreiner Institute high school department, according to Dean W. C. Weir.

## how long is 3 minutes?

It was more than enough for Lincoln to deliver the 267 words of his famous Gettysburg Address!

On Long Distance calls you can average about 500 words in 3 minutes. In fact, the majority of our Long Distance calls are completed in that time.

When you can say so much so economically, it pays to use Long Distance often. And remember, always CALL BY NUMBER. Your calls go through twice as fast.

# Cadillac

## Expect It to Be Copied!

The beautiful new 1954 Cadillac is now in our showroom—and this is an automobile that every American motorist should see . . . and inspect . . . and drive!

They should do this, first of all, because it will give them a better understanding of the things by which to judge the world's motor cars. And they should do this, too, because it will give them a revealing glimpse into the future of automotive design.

For it can be said, with the full support of historic precedent, that much of today's Cadillac will find its way into the cars of tomorrow.

Cadillac's sweeping new lines, its new proportions of glass and steel, and its many superlative new details of design will unquestionably have a profound influence on automotive stylists the world over.

The new roominess of Cadillac's interiors, the new beauty of its appointments, and the new richness of its fabrics and leathers will give the industry completely new standards of comfort and luxury.

And Cadillac's great new power and responsiveness, its wonderful new handling ease and its

incredible smoothness of operation are certain to serve as engineering guideposts for years to come.

But imitation is one thing—duplication another. And no amount of imitation could ever produce Cadillac's happy combination of brilliant styling, extraordinary luxury and magnificent performance.

Nor could it bring to another motor car Cadillac's unprecedented acceptance among the world's motorists . . . the feeling of pride that comes to the man who sits behind its wheel . . . or its reputation as the Standard of the World.

These are Cadillac "exclusives"—hard won through decades of motor car leadership, and through undeviating adherence to the highest ideals of automotive production.

We repeat—you ought to come in and see the new 1954 Cadillac. For it is Cadillac's annual report to the nation on the progress of American motor car design—and the news has never been so exciting!

You'll be most welcome at any time.

## Heard From The Test Tube

By Jerry Carrier

I was looking through the Science News Letter this week and I've come to the conclusion that I'm lucky to be here. I found 15 different things about sickness; they range from cancer and polio to backaches and ulcers; and considering that there are only 16 pages in the News Letter this week, it doesn't look too hopeful.

But the of testtube tells me that man has made another step toward the peaceful use of atomic energy. R. C. A. has developed a new atomic battery which converts atomic energy directly into electrical energy. It consists of a transition and a piece of radioactive strontium 90 held close together; this produces a maximum potential of one fifth of a volt.

I'm sure you've all seen one of these little toys that looks like a golf ball with a peg on one end. You know how the gadget can be spun with the peg at the top and the end of it standing on that very same peg. Well, this little gadget has physicists in a tarmack. All sorts of theories have been advanced on how it works but none seem to be too good. Even our scientists don't know which end's up. (Excuse me.)

The testtube tells me that the opossum's trick of playing "possum" isn't too good of an idea. He says that it's a one-sided game with opossum usually getting the worst end of it. It seems that it is a known fact that opossums never live to any "ripe old age".

I hear that you can get your own name engraved on book matches now. In 25 Carat gold. For the price you pay they ought to add one more carat and make it genuine 24 Carat gold. Can't you see everybody carrying around 24 Carat gold matches to light cigarettes worth a measly 1 1/2 cent a piece. One thing about it, it sure could break a lot of smokers of smoking, or sharp increase in cigarette lighter production. See you next week.

## Band Group Reports On Trip To Dallas

By Don Lott

Wednesday evening at about 8:45 we left Ozona in high spirits for Dallas. We encountered dust and high winds most of the way. We ate at Underwood's pit Bar-B-Q in Brownwood. We arrived in Dallas about 11:00 p. m. and checked into hotel. The all state chorus was singing in the lobby of the Adolphus Hotel under the direction of Mr. Travis Shelton.

The next morning we went to the Roof Garden, in the Adolphus Hotel to hear the Big State Band play. The first hour was a special session on rehearsal techniques. Mr. Dvorak was the director. The program consisted of Rio Blanco by Canova, Fable Overture by Gillet, An American Scene by Grundman, Adagio from Symphony No. 2 by Schumann, Oedipus in Colonos by Saccorini-Franko, Five American Folk songs by Siegmeyer, and Legend by Creston. Mr. Dvorak gave suggestions on grading and suggestions on how to start clubs in the band to encourage practicing. Thursday afternoon we went out window shopping and looked Dallas over. That evening some of us went to the dance for students and chaperones in the Cactus Room in the Adolphus Hotel, the others went to a late movie.

Friday morning after breakfast we returned to our rooms until time for Big State Band to meet for program preparation at the Roof Garden, Adolphus Hotel. They went over everything that they were going to play that evening. The Grand Concert at Fair Park Auditorium consisted of the march Emblem of Unity by J. J. Richards, Song of Jupiter by Handel arranged by Anderson, Tribute to Sousa by Whitney, Great Gate of Kiev from Pictures at an Exhibition by Mussorgsky arranged by Leidner, The Major Domo by Homer A. Anderson, Legend by Paul Creston, Big Lake Polka by Earl D. Irons, Irish Washerwoman by Leroy Anderson and the March

Conquest by Newman. There was sitting in the lobby by all-state chorus under the direction of Archie N. Fopes on Friday evening.

We got up Saturday morning; ate breakfast and left as soon as possible. We arrived in Ozona about 5:00. We were all glad to be home again and we all had a good time.

I am sure that I can speak for the others as well as myself when I thank you and Mr. and Mr. Hatley and the school for letting us take this trip. We hope that some of us can represent our school by being in the all-state band next year.

## Lions Bounce Back To Beat Eden After Loss To Junction

By Larry Lewis

The Ozona Lions lost their first district game here Monday to the Junction Eagles by score of 54-51. It was the first district loss this year and broke a 27 game winning streak in district play.

The Eagles were ahead most of the game and had pulled ahead 5 points at the half. Led by Moss, the Eagles had the lead cut on them to 4 points at the end of the third. Moss made 18 of the 25 points of the Eagles the last half.

The Lions showed a bit of hustle the last minutes of the third period and all of the fourth but could not muster up a basket in the few seconds left in the ball game. Sam Martinez stole the ball with 20 seconds left to go and made a crisp shot that tied up the game but it was called back by the referees for a tie ball.

Moss led the scoring for the evening by making 30 points for Junction while Charles Garlitz led the Ozona scoring with 17.

The Lions, hungry for a championship, unleashed their fury on the Eden Bulldogs there Tuesday trouncing them 60-42.

By winning, it assured the Lions a definite tie for first place with Junction. If the Lions win over (Continued on Page 5)

ward tomorrow night they will have won their third district championship in a row.

In the scoring column, Charles Arlitz led the Lions in scoring with 23 points while Bob Martini followed with 15. Bill Pleuger and the Bulldogs with 23 points.

**Dates and Doin's**

Wednesday night dates were Ronnie, Vivian; Charles, Sandra; Donald, Larvin; Charlie, Betty; Ed, Rosie.

After-game dates were Kenneth, George; Jody, Rosie; Charles, Sandra; Ronnie, Vivian.

The big event of the week was the Valentine Dance in the library Saturday night. It was a backwards dance sponsored by the sophomore class. Seems that everyone had a date. The girls really got on the ball and had dates weeks in advance.

Wanda, Shirley and Jane were men at the dance stag. They were mainly interested in something (or someone).

Sonny, Betty, Buddy, Sandra; and Rat took "Licky" back to Angelo Sunday.

What's between Gibbs and "Thrill"? They haven't been seen together much lately. Gosh, Gibbs, what's wrong with you?

After a heart-breaking game Monday night with Junction, there were no dates. Every one must have been too upset.

Basketball will be over this week. Maybe there will be more news next week.

**Clothes and Fashions**  
By Jane Adams

At the Valentine dance: Some of us looked like Valentines in red and white: Carolyn Stuart in grey red chintz, Ann Baggett in bright red dress with a surprise neckline that was filled with a red and white ruffle-fronted design. Carol Friend wore a nubby white sweater appliqued with wide red owl. Shirley and Vivian wore pale green felt skirts—Shirley's apple green, Vivian's lime green and belted with dark green. Georgiana and Sarah wore blue tangerine; Georgiana's with a wide red

summer band and Sarah's with a scarf draped from belt to hem. Wanda looked terrific in a pink velveteen skirt, casual pink shirt and very feminine pink earrings.

In sewing class: Preparing for Spring. Lot's of the we couldn't do without -them gathered skirts; lots of linen, sometimes printed, sometimes in wonderful new colors; a few formals being made already and one is going to be part net and part lace in a beautiful soft beige color.

And for Spring, more and more and more white. We know of at least one coat-dress and one mid-dy suit, both made of sparkling white faille.

**Dear Mae:**

Well, it won't be long until six weeks are here again. I guess I'm ready! Are you?

Last Saturday night everyone had a date (Even me, since it was backwards.) We all had loads of fun. Some of the dates were: Janice and Kent (an old couple back together again), Jan and John, Betty and Brock, Cecilia and Jerry, there were a lot of others, but I was dancing so much I hardly had time to notice. Boy, am I glad it was backward so I could dance with all the boys that I really wanted to. Oh yes, Sarah and Hugh were there and you should have seen Sarah's strapless black dress. It was beautiful! (She really got the wolf whistles.) It was over at 11:00 and everyone wanted it to last longer, even the sponsors, I think.

From the expressions on Don's and Jimmy's faces Monday morning they must have had a good time in Dallas. If you should happen to see Judy and Don running around the school with a butcher knife, pay no attention to them. They're not crazy, they're looking for Deadwood.

Charlie, Brock, Dwight, Jimmy and Don had a wonderful time in Dallas! Wonder what they did???

Well, Mae, I've got to go and finish failing English (as usual). Love,

Lizzie

P. S. (Postphone Sentences)

Mae, I sure did have fun Sunday night after church. All of the young folks went over to Roy Mann's for fellowship. Everyone

had a great time with C. A. Roberts and Jack Kay. They'll both be at the Baptist Church during the revival. We sure will be glad to have you there, too, Mae, if you can come. See you next week.

**Personality of the Week**

**WHAT IF —**

Vivian and Ronnie started going steady?

Some people didn't write notes? Buddy and Sandra were going steady?

We had another Backwards dance?

Mr. Wilkins didn't make people sit in the floor?

Ann and Benny didn't fuss? Jan and John weren't going steady?

Bill and Sussie could see each other more often?

D. J. B. D. and C. hadn't gone to Dallas?

Sarah hadn't worn that beautiful dress to the V. dance?

The girls had been bashful at the V. Dance?

Jack W. had asked Jess M. to the V. Dance?

Billie L. had gone to the V. dance?

**THE VALENTINE DANCE**

The sophomore's sponsored the valentine dance this year. It was held Saturday, February 13, 1954 in the high school library.

The library was decorated with red hearts which looked real nice, thanks to the sophomore Mothers.

Also refreshments were served with punch and sandwiches.

Being the dance was backwards, a big crowd turned out and every-

one seemed to have a good time. We are all looking forward to another soon.

**MUSIC, MUSIC, MUSIC**  
By Cecilia Cooke

The program last week was brought to us by the Music Club. Miss Quiett had some of her students to play and sing.

Wanda Carden was the announcer. Jeannene Thompson, Roy Neal Killingsworth, Mark White, and Wanda Carden played the piano. Then Lynn Gustavus, Jeannene Thompson, and Wanda Carden sang a solo.

To end the program Wanda Carden and Jeannene Thompson sang a duet. The song was "Seven Lonely Days."

They were all quite good. It showed they enjoyed music and liked to play and sing.

I know high school enjoyed it and I am sure junior high did, too. Thank you for the enjoyable program which we all enjoyed.

LET'S TALK  
**LIVESTOCK**  
BY TED GOULDY

Fort Worth — Stocker cattle and calves were stronger at Fort Worth Monday. A load of 872-pound stocker cows drew \$15. Some 750-pound feeder yearlings drew \$20. Fed cattle were numerous and slow and weaker. Cows were barely held steady. Slaughter calves drew firm rates.

In the sheep barn prices were steady to 25 cents higher on fat lambs, and fully steady on other sheep and lambs. Fat woolled lambs cashed at \$20 to \$21, and shorn fat lambs drew \$17.50 to \$19. Shearing type feeders were quotable at \$20.00 down. Yearlings muttons drew \$12 to \$15, and aged wethers \$12.00 down. Old ewes \$7 to \$9, with stocker ewes \$10 to \$12. Old bucks \$4 to \$5.

Hog prices were steady to 25 cents lower on butcher hogs with top kinds at \$26.25 to \$26.75. Sows were \$1 higher at \$21 to \$24.

Incidentally the corn-hog ratio for the week ended Feb. 6 was 16.6, meaning that 100 lbs of pork would buy 16.6 bushels of corn. This ratio is highly favorable to hog production.

A year ago the corn-hog ratio

was 12.0 on the same date. A group of 4-H and FFA boys visited the Fort Worth Stockyards Monday and marketed some fat lambs. The top lambs in their shipment brought \$21.50. The day's extreme top.

**SUPPER BRIDGE CLUB**

Members of the Supper Bridge Club and guests were entertained Friday evening at the House of Flowers by Mr. and Mrs. Bill Baggett, and Mr. and Mrs. Charles Applewhite.

The Valentine motif was carried out. Mr. and Mrs. Maurice Lemmons won high score, Mr. and Mrs. L. E. Cox, III, received the second high award, bingo prize was won by Mr. and Mrs. Taylor Deaton, and Mr. and Mrs. E. B. McConnell were winners of the traveling award.

Others present were: Messrs. and Mmes. Larry Albers, Will M. Colquitt, Bill Cooper, Joe Couch, Jim Ad Harvick, L. D. Kirby, Floyd Moss, Wayne E. West.

**Odessa Schedules Wildcat In Crockett**

J. W. Gaddy of Odessa has filed application to drill a wildcat in Crockett County, 32 miles northwest of Ozona. It will be the 1-A Shannon.

The project will be drilled with cable tools to 2,500 feet. Operations are to begin as soon as permit is received.

Location, on an 80-acre tract, is

330 feet from the north and 990 feet from the west lines of 33-1-GC&SF.

The prospector is 3 1/2 miles northeast of Houston 1 Shannon, opener and lone producer in the Shannon (Cisco) field, which was finished in February, 1953, for a daily pumping potential of 81.75 barrels of oil plus eight barrels of water. Production was through perforations between 6,608-618 feet and 648 feet.

It is also 2 1/2 miles west and slightly north of Phillips 1 Shannon, a wildcat failure, plugged and abandoned at 2,695 feet. Plugging date was not available. The following tops were reported on elevation of 2,816 feet: Yates 1,567 feet; Grayburg, 2,562 feet; and the San Andres, 2,675 feet.

The Texas Co. 1-A NCT-1 M. A. Shannon, one location offset to production in the one-well Todd, North (San Andres) field of Crockett County, 17 1/2 miles northwest of Ozona, was taking potential test.

On the first 10 hours of the test, the well pumped 45.4 barrels of 27.7 gravity oil from open hole between 1,803-1,840 feet, the total depth.

Location is in 11-10-GC&SF.

FURNISHED APARTMENT for Rent. \$60 per month, bills paid. See the manager, Ranch Theatre, ttc.

**RAISE A BIG CALF LIKE THIS Without a Drop of Milk**  
(After it's 3 days old)

*Mr. Dairyman:*

You don't have to feed any milk to calves any more. As soon as they're 3 days old, take them off the cow and feed Purina Nursing Chow milk replacer twice a day. Also self-feed Purina Calf Startena plus block salt and water.

When calf is 30 days old, quit all gruel and feed only dry Calf Startena in a trough. This plan is way easier than feeding milk and grain. It's way cheaper, and it grows a bigger, more rugged calf. This sounds like a big order, but drop by and let us tell about folks in this community who are doing everything we say. Or try the Purina Plan on just one calf and see for yourself.

**RANCH FEEDS & SUPPLY**  
Phone 24

**THE THUNDERBIRD**, a new kind of car combining high performance with the comfort, convenience and safety of a conventional model, has been added to the Ford line. The Thunderbird has a powerful 160 h.p. Y-block V-8 engine and its low, graceful body is of all-steel construction. Equipped with a convertible cloth top which folds completely out of sight behind the rear seat, the Thunderbird can be purchased with a special composition hardtop, making it a complete all-weather car. Its overall height is 51.5 inches—nearly a foot lower than the 1954 Ford sedan—yet it has only slightly less road clearance. Most of its major parts are interchangeable with Ford's regular line of cars. The Thunderbird is scheduled for production by Ford Division next fall.

**LADIES GOLF ASSN**

**Here and There**  
By J. Troy Hickman

(Continued From Page One)

Your letters came from London, Canada, New York, Washington, from the west coast, the deep south and from scores of little towns in Texas. They came from professors in great universities who were once Anne's freshmen, from ranchers, teachers, lawyers, business men, two Supreme Court justices, from ministers, doctors, housewives, and from many a widow and retired person who shared that which they gave.

"I could always count on her," wrote a professor in the University of California, "for a walk around the campus in the rain, for good talk, for reading aloud, and always for sound advice!"

"One public school teacher said simply, 'Here is my check. Forget? How could I ever forget?'"

In these days when so many are wondering whether it is worth while for a teacher to make personal sacrifices to stay in the profession, such a testimony is reassuring.

And in these days when so much is made of the physical plant of a college, is it not true that, after all, the big thing in any college or school is the personality and character of the teachers?

In our moments of doubt we may say, "Who will show us any good?" But human life is full of gratitude and goodness, even if it does sometimes take tragedy to bring it out.

There is no calculating the influence of one life for good. Like a pebble cast into a stream, the circles widen and continue.

God is not only good, He is also wise. For just as Miss Anne gave her days of health and vitality to influencing young people for the good, so now in the Providence of God, from a bed of helplessness, she is still at it—still bringing out the tender and grateful impulses that are beneath the surface in all of us.

Thus her suffering becomes the occasion for another's blessing. As Paul once put it, "All things work together for good to those who love God and are called according to His purpose."

MY HOME for sale. Armond Hoover. 46-tfc

**Boy Scout Drive —**  
(Continued from Page One)

Concho Valley Council they are not helping the local Scouts. The fact is that the annual council expense for each boy in Scouting is \$20.00. Counting our two Scout Troops and two Cub Packs which we have in Ozona, we have 123 boys in the Scouting program. So actually we receive more service from the Concho Valley Council than we pay for.

There are two distinct and separate types of Boy Scout financing. First, there is the local organization like our Cub Packs and Scout Troops. Of course they must have monetary backing. However funds for these units should be provided by the boys through and with the support of unit sponsors. It has been proven many times that it is much better for a Scout to help earn his own way through such projects as chicken barbecues, scrap iron drives, delivery of circulars for stores, benefit shows, and other methods of making money by giving the public "it's money's worth." Such activities develop a sense of responsibility in the Scout. A Scouting unit does not operate through solicitations.

Secondly, there is the area Council, such as our own Concho Valley Council. It should be thoroughly understood that any organization as big and as busy as the Boy Scouts of America must have a central staff of well trained professional leaders. There are Scout units in our community because the people have wanted them enough to help set up and financially support a Council that does most of the hard work of planning and organizing a Boy Scout Program. This professional group organizes new units, helps to find and train new leaders and workers, runs summer camps, furnishes educational material for adult leaders, keeps records on each Scout, furnishes awards for achievements and offers many indispensable aids. The Council does the things for Scouting that few volunteers have the time to do. The Council is your Council and operates under the direction of your local representatives. The only method of financing the professional organization—the Council—is through solicitation. Local Scouting units have many sources or opportunities for obtaining operating expense, but the Council has only one—solicitation for individual investments in Scouting.

The Council budget is set and administered by volunteer Scouters from all over our Council which covers 24½ counties here in West Texas. All the money we raise is spent right back in our area.

Your investment in the Boy Scout program will best serve boys if made through our own Concho Valley Council, Boy Scouts of America.
