NUMBER 21

Another Heavy Vote Expected Here Saturday

3 Commission Races To Spike Torrid Governor Race

One of the most torrid gubernatorial run-off races in the history of Texas, usually supercharged politics will be spiked in Crockett county with three additional local races for county commissioner, a combination which is expected to bring out another record vote in the second primary next Saturday.

Although absentee voting has been heavier over the state than in the first primary, possibly indicating a heavier vote for the Saturday election, the reverse has been true in this county. But this is not taken to indicate that the vote will be relatively smaller in this county but rather that most vacations will be ended by this week-end, with schools starting next week, and most voters expect to be here to cast their ballots at the polls. Only 36 absentee ballots had been cast to the closing day Monday, Miss Leta Powell, county clerk reports.

The political spotlight over the state, of course, is turned on the heated race for the governorship between Governor Allan Shivers and Ralph Yarborough. Governor Shivers, representing the conservative element in the Democratic party of Texas, is opposed by Yarborough who represents the liberal or Truman segment of the party from which Texas deflected in 1952, led by Governor Shivers, because the national Democratic party leadership favored federal ownership of the Texas tidelands while President Eisenhower promised approval of any Congressional act of quit-claim to the oil rich submerged coastal lands.

Run-off races to decide who will represent three of the four commissioner precincts of Crockett county during the next two years starting next January 1 are of perhaps first concern to the voters in those three precincts. The top two in each precinct race are survivors of a mad scramble for the Commissioner posts, made more attractive by two successive salary raises voted by the present and preceding courts.

In Precinct No. 2, Paul Gibbs is opposing incumbent Commissioner W. T. (Bill) Miller. Miller led a field of six candidates in the July 24 primary with a total of 73 votes. Gibbs was in second place with 65.

In No. 3 precinct, Rusty Smith and Vic Montgomery vie in the voting Saturday for nomination to the Commission from that precinct. Smith was high in the July primary with 102 votes with Montgomery second with 75 in a field of five contenders. The incumbent commissioner in this precinct, B. B. Ingham, Jr. was not a candidate for re-election.

Jake Young and R. W. (Fats) Parker are contending for the Precinct 4 post, having survived the first primary over two other candidates. Young led the voting with 81 to 66 for Parker. Incumbent James Childress was not a candidate.

The only other race which voters Saturday will be called upon to decide will be that for Associate Justice of the State Supreme Court, Place 1, between incumbent Judge Few Brewster of Bell County and Alfred M. Scott of Travis county. The race for Judge of the Court of Criminal Appeals was not decided in the July primary, but the opponent of Lloyd W. Davidson of Travis county withdrew leaving Davidson's name alone on the ballot.

WOOL DEMONSTRATION

James A. Gray of San Angelo, A & M College Extension Service Sheep & Goat Specialist, will conduct a demonstration in sheep sorting at the T. A. Kincaid, Jr., ranch south of Ozona Friday, August 27. Invitations have gone out to a number of area ranchmen interested in the demonstration. The Kincaids will be host at a barbecue dinner at noon.

Record Number 4-H Club Members Enter New Feeding Program

Four-H Club members are busy getting sheep feeding projects under way with a record enrollment of 4-H Club members in prospect for this year. Old members who have feeding projects already started are Carl Conklin, George Bunker, Jr., R. J. Everett, Myrtle Mae Everett, Ladye Everett, Terry Jean Newton, Mark Baggett, Billy Jacoby, Wayne Woody, Gary Thomas, Erby Chandler, Joe McMullan, Billy Fish, Steve Fish, Chris Hagelstein, and Sonny Henderson.

New members having projects started are — Penn Baggett, David Jacoby, Bill Black, Charlie Black, Benny Friend, Clayton Friend, Joe Boy Clayton and Cheryl Clayton. Old members planning to carry on a feeding project are Mark White, Pleas Childress and Pierce Miller. New members making plans to start feeding projects soon are Buddy Ingham, Bobby Childress, Jay Miller, Ronnie Houston, Bryan Montgomery, Jimmy Baggett, and Sally Baggett.

So far thirty-five 4-H Club members have started feeding projects or indicated their desire to do so. Members will feed out registered Rambouillet rams and ewes, and finewool, crossbred, Shropshire and Southdown mutton lambs.

Humble Ellenburger Well In Todd Field Flows Oil On Test

Humble Oil & Refining Co. 1-B Shannon, 3/8-mile northwest of the same operator's No. 1-H Fee, opener and lone producer in the Todd, East (Ellenburger) field of Crockett County, 21 miles northwest of Ozona, was flowing to test.

Operator washed lay section through perforations between 7,118-90 feet with 1,000 gallons of mud acid and then swabbed 1 1/2 hours. The project kicked off and flowed to pits for three quarters of an hour. Turned to tanks for eight hours, it made 84.88 barrels of fluid, which was 1.5 per cent water and the rest oil. The flow was through a 1/4-inch choke. Gravity of the oil was 36.8 degrees.

Location is in 58-UV-GC&SF. The Farmer (San Andres) field of Crockett County has been extended one location south and west with completion of Plymouth Oil Co. No. 1-Y University for a daily flowing potential of 66.24 barrels of 31.5 gravity oil plus seven-tenths of 1 per cent water, with gas-oil ratio of 630-1.

Production was through a 3/8-inch choke from open hole between 2,210 feet, where 5 1/2-inch casing was set, and 2,632 feet, the total depth. Top of pay was picked at 2,210 on derrick floor elevation of 2,727 feet. Pay section was shot with 325 quarts of nitroglycerine and fractured with 5,000 gallons.

Tubing pressure was 60 pounds; casing pressure, 700 pounds. Location is in 1-Y-University, 10 miles southeast of Big Lake.

Continental Harris Yields Oil In Strawn

Continental Oil Co. 5-C C. T. Harris, 3/8-mile south-southwest of production in the Ranch (Strawn) field of Crockett County, 10 miles northeast of Iraan, yielded free oil on a drillstem test in the Strawn.

On the two-hour test between 8,090-8,155 feet, gas surfaced 6 1/2 minutes. Recovery was 600 feet of free oil and 300 feet of heavily oil and gas-cut mud. Flowing pressure was 250 pounds.

Operator was preparing to drillstem test between 8,155-8,172 feet. Location is in 7-N, A. Miller survey.

Stanolind Oil & Gas Co. has filed application to amend location on its No. 1-BP University, one location east stepout to production in the Elkhorn (Ellenburger) field of Crockett County, 23 miles southeast of Big Lake.

The project will be drilled to 7,800 feet with rotary.

Location, on an 181.03-acre lease, is 660 feet from the south and 330 feet from the west lines of the northwest quarter of 28-46-University.

Schools Set For Wednesday Opening Gong

Faculty Meet Monday To Final Plans For New School Year

Ozona schools were set to open the 1954-55 term next week, with the first faculty meeting slated for 9 o'clock Monday morning and opening of all schools on Wednesday morning, September 1.

High school students will register today and Friday to be in readiness for next week's opening. Seniors were to register this morning and the Juniors this afternoon. Friday morning the Sophomores will register and Friday afternoon the Freshmen. Students in these grades who fail to register this week will have an opportunity to do so at 9 o'clock next Tuesday morning at the high school.

For the opening exercises Wednesday morning, students of the high school and junior high will assemble in the high school auditorium at 9 a. m. and students of the North and South Elementary schools will meet in their respective schools at the same hour. All pupils will remain in school for the full day Wednesday.

With two vacancies expected to be filled before this week's end, Supt. L.B.T. Sikes said that he expected a full faculty will report for the first faculty meeting Monday morning.

Members of the Ozona Lions Club will be host at a party Monday evening in the high school girls' gymnasium honoring members of the faculty of the Ozona system.

Tom Everett, 82, Retired Rancher, Buried Here Mon.

Heart Attack Takes Pioneer Rancher of Pandale Area

Funeral services were held at 4 o'clock Monday afternoon from the First Baptist Church here for Tom Everett, 82, an early-day resident of Crockett county and a long time ranchman in the Pandale section, who died Saturday evening of a heart attack while visiting a granddaughter in Odessa. Services were conducted by the Rev. Blake Woolbright, pastor of the Ozona church, burial following in Cedar Hill Cemetery.

Mr. Everett was born in Coryell County, August 18, 1872. He came to Crockett county before its organization in 1891 and ranched for a few years in the Pandale section, retiring from active management of the ranch in 1950. Since that time he had spent his time visiting his children and grand children. Mrs. Everett died in 1906 and was buried in Ozona.

Surviving are one son, Tom Everett, Jr., of San Antonio; two daughters, Mrs. Frank Boone of Carlsbad, N. M., and Mrs. Lloyd Deaton of Del Rio; two brothers, Rufe Everett of Ozona and Joe Everett of Del Rio; three sisters, Mrs. Will Gurley of Pumpville, Mrs. May Louthin of Del Rio and Miss Esther Everett of San Antonio; ten grandchildren and 7 great grandchildren.

Question Of Holding P.T.A. Carnival To Be Decided By Executives

Fate of the annual P. T. A. carnival, a money-raising event which has been staged each year for several years by the organization, will be decided at a called meeting of the Executive Board of the P. T. A. set for Thursday morning, Sept. 2, at 9 o'clock, in the auditorium at the North Elementary school.

The meeting was called by Mrs. James Baggett, 1954-55 president of the P.T.A. The Executive Board members will discuss the organization's financial needs for the coming year and decide whether or not to stage the carnival again this year, Mrs. Baggett said.

Dana X. Bible To Speak Sept. 7 At Football Fete

U. T. Athletic Director To Attend Annual Posse Feed

Dana X. Bible, University of Texas athletics director, and former coach at that institution and at Texas A & M College and the University of Nebraska, will be the speaker when the Crockett County Sheriff's Posse entertains September 7 with a barbecue supper honoring members of the 1954 Ozona High School football squad and their dads.

Mr. Bible has accepted the invitation of the Posse to meet with the squad and other guests of the Posse in the girls gym of the high school where the annual supper will be staged.

Mr. Bible coached at Texas A & M College from 1916 to 1928 when he accepted a position as head coach at Nebraska. He served there until 1935 when he returned to Texas, this time to become head coach at the University of Texas. He became athletic director there in 1947.

In addition to members of the football squad and their coaches, Fred Hickman and Sonny Cleere, men of the faculty, dads of the football boys and other invited guests will attend. A barbecue supper, to be prepared by Cleophas Cooke, will be the evening's fare. A musical concert by members of the Fire Department Band will be presented during the evening.

33 Grid Prospects Report For Opening Workout Here Monday

Thirty-three grid hopefuls for the 1954 season greeted their new coaches, Head Coach Fred Hickman and Assistant Byron (Sonny) Cleere, at Lions Field Monday morning in the first workout of the season. A number of other boys are expected to join the squad next week when school opens.

The coaches were enthusiastic about squad prospects after a few days of the twice daily workouts. The first few days were spent in limbering up and running formations, with the tempo gradually stepping up as the squad limbered.

Fourteen veterans from last year's squad will form the nucleus of the new team. These include Bobby and Sammy Martinez, Lloyd West, Ronnie McMullan, Mike Clayton, Bennie Friend, Juan Delgado, Brock Jones, Jess Marley, Sonny Henderson, Eusevio Longoria, Arturo Gonzales, Antonio Rodriguez and Jody Jones.

"The boys are working hard and getting into shape fast," Coach Hickman said. They will have two weeks practice before opening the season in a non-district warm-up game with the Big Lake Owls in Big Lake on September 10.

Wayland College President To Preach Here Sunday Morning

Dr. A. Hope Owen, president of Wayland College at Plainview, will preach at the morning hour Sunday at the First Baptist Church here in the absence of the pastor, Rev. Blake Woolbright. Rev. Woolbright is holding a revival meeting this week in Iraan at the First Baptist Church in that city. The meeting will close after the morning services Sunday and Rev. Woolbright will return in time for the Sunday evening services.

Dr. Owen was pastor of the First Baptist Church in Plainview when he was elected to the college presidency. Prior to going to Plainview, Dr. Owen was pastor for a number of years in Oklahoma churches.

All members and friends of the church are invited to hear Dr. Owen.

Pleas Childress Named Chairman Of ASC Committee

Chas. Davidson, Ira Carson To Compose New Committee

Pleas Childress was named chairman, Chas. E. Davidson, Jr., vice chairman and Ira Carson regular member of the Crockett County Agricultural Stabilization and Conservation Committee in balloting completed Monday by participating ranchmen in the ASC program in this county.

Chas. Black, Jr., was named first alternate member and Marshall Montgomery, second alternate.

The new committee will take office September 1. Members and alternates will meet at 10 o'clock Wednesday morning at the office of Mrs. Mary Dunlap, executive officer, to be installed in office for the coming year.

The committee was elected by ballots handed out and mailed to eligible voters of the county. The candidate receiving the highest number of votes was declared chairman, the next highest vice chairman, and the next highest as regular member, first and second alternates in that order.

A slate of eleven nominees was submitted by the community election committee composed of John R. Bailey, Early Baggett and Bascomb Cox. The election committee was limited in its choice of candidates to those who had not taken part in politics, either as a candidate for office or as an election or party official in the past year.

Retiring members of the committee are Marshall Montgomery, chairman, and Frank McMullan. Other members of the committee during the past year who resigned to enter race for public office were Bill Seahorn, Jake Young and Bud Coates.

Congress Passes Authorization of Ozona Flood Study

Devil's River Survey Included In Rivers, Harbors Bill

What is presumed to be the first step toward a possible flood control dam above Ozona on Johnson Draw has been taken in the inclusion in the recently passed Rivers and Harbors bill by Congress a provision for a preliminary survey of the "Devils River and its tributaries."

Recognition of the Ozona flood problem and its relation to the authorization contained in the bill is given by the U. S. Army Corps of Engineers in a letter to Senator Lyndon Johnson of Texas, a copy of which has been forwarded to Wayne W. West, chairman of the Crockett County Special Flood Control Committee.

The letter to Senator Johnson was from the office of the Chief of Engineers by Brigadier General E. C. Itschner, assistant chief, summarizing a report which the Washington office of Army Engineers had received from the Fort Worth office of the Corps of Engineers, Southwestern Division, on a preliminary survey of the Ozona flood of June 28.

"Alleviation of the flood problem in Ozona appears to be far beyond the scope of a project that could be constructed under available general authority for small projects contained in Section 212 of the Flood Control Act of 1950," the Assistant Chief of Engineers wrote Senator Johnson. "Construction of a larger project by the Corps of Engineers could be considered in a survey report, for which specific Congressional authority is required."

"Authority for an investigation of the Devils River basin, in which Ozona is located, is included in the rivers and harbors and flood control authorization bill which was passed by the House of Representatives on 26 July 1954, and reported favorably by the committee on Public Works of the Senate on 29 July 1954. (The bill has since been approved by both branches of Congress, and signed by the President.) Should the bill as reported by the Senate Committee on Public Works become law, initiation of the study will then depend on the availability of funds for the investigation. You may be assured that every effort will be made to allocate funds to a study of the Ozona area after the Corps of Engineers receives the authority necessary for its prosecution."

Tardy Ranchmen Are Asked To Report By Sept. 1, ASC Plans

Approximately 25 Crockett county ranchmen who early in the year indicated their intention to participate in the soil conservation program of the Agricultural Stabilization and Conservation Administration have not yet asked for an appraisal of practices to be completed and September 1 has been set as the deadline for notifying the local ASC office of their intentions, Mrs. Mary Dunlap, ASC executive officer, announced this week.

Money made available for payment for the various approved practices being carried out in this county under the ASC program has been allotted to each operator who signed up at the first of the year to participate. With only four months remaining in the year, Mrs. Dunlap said, it is necessary that ranchmen who have not yet made a move to use their portion notify the office by Sept. 1 of their plans. Those who do not indicate by that date their intention to use their allotment will be dropped from the list and the money allocated to other operators.

Notification has been received by the local ASC office of the receipt of an additional allocation of \$4,390 for use in conservation and range improvement work in this county in 1954.

THURSDAY, AUG. 26, 1954

Editorially Speaking -

WHAT WILL YOUR ANSWER BE?

Whether or not the people of Texas can successfully defend themselves against outside pressure groups will be known after the balloting in Saturday's run-off primary. Whether or not northern "liberals", hired goons of the CIO-PAC, and an avalanche of gold from all the ultra-liberal, socialist do-gooders who want to see Texas subjugated and responsive to the whiplash of party politics, can overcome the good sense of Texans will be decided in Saturday's vote.

The Texas way of life is under attack by determined forces—forces with evil intent. An Austin lawyer, a two-time loser in politics is ostensibly the spearhead of this attack. But actually this man, Candidate Yarborough, is unimportant as Candidate Yarborough, but as the unscrupulous mouthpiece of the gigantic conspiracy against Texas that has its roots in the Communist mire, he becomes the symbol of all the evil forces at work trying to undermine Texas economy, Texas political independence and Texas freedom of thought.

This is not to say that Ralph Yarborough is a Communist. But Ralph Yarborough is being used and backed by those forces that, put it as charitably as possible, are being used by the Communists. Read the story of Port Arthur, how the Communist dominated union moved in and virtually para-

lyzed a city, spread bitterness and hatred between neighbors, struck fear into the hearts of women and children — all without benefit even of a labor dispute of any sort, nor even a demand which employers might have a chance to negotiate or grant. See the pictures of the pickets in Port Arthur with their picket placards plastered with Yarborough stickers.

This is the man who will speak the words put in his mouth by the element which seeks to destroy Texas even though he knows them to be untrue. For instance, the statement that the Rangers had been withdrawn from Duval county, when their physical presence there then and now belied the statement. He sought thus to insinuate that Governor Allan Shivers was on the side of the George Parr gang in Duval when all the world could read the results of the first primary which gave Yarborough a two to one majority over Shivers in Duval county.

This is the man who has made promises that could not be made realities without unearthing incredible new sources of tax income. This candidate has promised, among other things, a bonus to veterans, a big system of dams in the state, a vastly expanded highway system, and huge increases in expenditures for public welfare.

Now the fiscal budget required to run the entire state of Texas is something like one-half billion dollars a year. With a little calculation it can be shown that Yarborough's promises would cost three and one-half billion dollars! Where does he think this money is coming from?

A sales tax? he says. A state income tax. No, he says. Where, then? Why, he propose to place a tax on gas pipelines. Well, that sounds good enough to most voters, not many of whom happen to own or have an interest in pipelines. But the joker is that such a tax has already been declared unconstitutional. It was tried several months ago as a possible means of getting more money for Texas teachers.

These impossible promises, these untruths and insinuations, the unfounded charges of wrongdoing of one sort or another to cover up the revelation of his own unsavory associates are things that Texas voters should think about when they go in the polls next Saturday.

Allan Shivers has made Texas a good governor. Texas has a cash balance in its treasury to operate the state government. Texas has one of the finest highway systems in the nation and a highway de-

partment free of politics that is building more and better roads every year.

Allan Shivers had the courage to choose the candidate for president who said that he would not veto a congressional act returning the tidelands to Texas school children against one that said he would follow the lead of his predecessor and veto such a measure.

Allan Shivers is a Texan who puts Texas first and principle above party. He has bowed to no pressure group for the sake of votes or political advantage. He is by far the better man of the two you will find on your ballot Saturday. He should be given a whopping big majority—a Texas answer to the outside elements that would move in to force Texas to accept the left-wing socialistic philosophy.

Mother Goose In Texas

By Ray Wood

How much wood would a woodchuck chuck

If a woodchuck would chuck wood?

He would chuck as much wood as a woodchuck would chuck

If a woodchuck would chuck wood.

The publication in children's books of the classic Mother Goose rhymes of Britain has made them almost standard childlore in America, but the lore of America's rural folks is far richer because the rhymes in vogue by the people were pure fantasy, intended only to be amusing and interesting.

Critters were a part of everyday life, so well known as to almost be part of the family, and the rhymes quoted was once known to almost every child in the country.

Even the lowliest critters have found place in the lore of a people who lived much out of doors and in friendly intimacy with them. One of the most charming fastasies is:

Dog tick, dog tick, Dog tick 'backer worm; Why can't a dog tick Dance like a 'backer worm? Next Week: Some real Texas rhymes.

WARNING!

TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after the job of organizing industry in Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East — specifically those in the CIO and its Political Action Committee — are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking — and voting — for them.

**HIGHLIGHTS
AND
SIDELIGHTS
From State Capitol**

By Vern Sanford
Texas Press Association

AUSTIN, Tex. — Saturday will tell the tale.

That thought is undoubtedly uppermost in the minds of gubernatorial candidates Allan Shivers and Ralph Yarborough . . . and thousands of Texas voters who have followed the fiery campaign from infancy to its high-tempo climax.

As August 28 approached, Governor Shivers and Judge Yarborough stepped up their respective campaigns. Both made special appeals to the thousands of potential voters who shunned the polls in the first primary.

In rallies and radio broadcasts over the state, the governor told listeners that good, sound state government was the only medium through which Texas could continue its prosperity.

"This is no time to start experimenting. This is no time to throw the state government into complete turmoil," Shivers said as he pictured Texas' present financial and economic picture as bright.

Shivers said that the state is now free of depression, that industry and employment are "booming."

"Most families are now better set financially with money in the bank, and the state government has a balance of \$27 million with which to work improvements," the governor explained.

Takes Dim View

While Shivers' picture of the present administration was a bright one, Yarborough's was the

Mattresses and Upholstery

WESTERN MATTRESS CO.

representative here Every Monday
Leave name with Mrs. Beasley
at 7-J or 176

opposite.

In a theme developed in the early days of the governor's campaign and followed steadily, he lashed Shivers and the state administration with curt and critical accusations.

Yarborough pitched in a new charge as he drove and flew over the state.

Large billboards over Texas urging motorists to drive safely were paid for by an oil company, Yarborough stated, a direct violation of law because Shivers' name was on the billboards.

He said it was a violation for a corporation to contribute to a political campaign.

In stump speeches Yarborough also had nothing but criticism for state government.

New 'Scenicruiser' Bus To Be Displayed In Ozona Sept. 1

A New Era in Travel History! The New "Scenicruiser" bus offers 4-way sightseeing with raised observation deck, huge picture windows, washroom facilities, perfected air conditioning and the world's smoothest ride. One of these new coaches will be on display here in Ozona, Wednesday, Sept. 1, 1954 from 3:45 p. m. to 4:45 p. m. on the south side of the city square.

Once in many years, there is a vital change in transportation—one that completely revises all previous standards of travel ease, comfort luxury. Such a new era in travel begins now with the Greyhound "Scenicruiser," most remarkable motor vehicle of the last half century.

Developed by Greyhound over more than a decade, and scheduled for operation of Greyhound and their affiliated carriers alone, the "Scenicruiser" is today a handsome reality. A great fleet of these new highway coaches is ready for service to every part of America—hundreds more are in production.

The "Scenicruiser" is not just a motor bus—it represents an entirely new conception of relaxed and effortless travel, sightseeing pleasure without parallel. This luxury coach heralds a significant change in the travel habits of millions!

A 43-passenger coach, the "Scenicruiser" accommodates 33 passengers on a raised rear observation deck (reached by three easy steps) and 10 passengers in the forward section. The unique design of this bus permits 4 direction sightseeing on the rear level, unmatched observation through huge picture windows on both levels. The "Scenicruiser" also incorporates a completely equipped washroom, easily accessible from both forward and rear sections of the bus.

Settle back, relax in attractively designed easychairs, as colorful as they are comfortable. Foam rubber cushion cradle your body, adjustable footrests and increased leg room let you stretch out—and the entire contoured chair reclines to any desired position at

the touch of a lever. Styled by Raymond Loewy Associates, the "Scenicruiser's" modern interior makes use of new and unusual upholstery fabrics, skillfully blended with bright colors.

It's hot outside, it's pleasantly cooler inside, because of "Scenicruiser's" highly perfected air conditioning. Utilizing the structural parts of the body for either cooling or heating the coach interior, the air conditioning system is capable of changing the air in the coach every 40 seconds, dehumidified, cooled or heated, as required. Individual, instant-exhaust smoke vents enable each passenger to smoke as often as he desires, without disturbing others.

The "Scenicruiser" provides the smoothest, gentlest ride on highway, anywhere! That's because of Anr Suspension—a revolutionary advance in bus riding comfort first introduced to highway transportation in the "Highway Traveler" coach in 1953. In addition the "Scenicruiser" will have power steering and power brakes to insure positive control by the driver and to add to the smoothness and safety of operation.

The first of these new "Scenicruisers" will be placed in operation by Kerrville Bus Company, Inc., some time during the last half of September, 1954. Others will be placed in operation as they become available. These new Scenicruisers will be used in the through-no change service between New Orleans and Los Angeles via Houston, San Antonio, Kerrville, Junction, Sonora, Ozona, Fort Stockton, Pecos, El Paso, Tucson and Phoenix.

Cattle Feeding Likely To Be Heavy In Texas

Fort Worth — Most observers on the market at Fort Worth are of the view that there is a strong probability that more cattle will be fattened in Texas during the next six to eight months than for a comparable period in several years.

Many of the cattle will be grain-fed and many others will be carried on grain pastures with probably some supplemental feeding. Already reports are coming in of the movement of sizable numbers of "wheat pasture" calves and yearlings into the winter wheat grazing areas of the Texas Plain and Panhandle.

Conditions have been made quite promising in some sections that have received heavy showers recently. The shower activity has been continuing and while the benefits are not general, there has been enough aid to breed some optimism. Optimism is the commodity that cattlemen thrive on.

Another factor that portends big feeding operations are the feed crops that are going to be made in sections of the West Texas Plains. In some sections are reported the best in years. Storage is at a premium and there are plenty of cattle around. This means lots of cattle will likely be fed in

the Plains and Panhandle.

We are told that the "nubbin" corn produced in many parts of the Eastern third of Texas, will also be fed to cattle. This corn was of too poor quality to be salable, and when ground with cob, shuck and all stepped up with some protein and some urea to increase the digestibility, it will put pounds on cattle.

Our information is that many farmplots of from half a dozen to a couple of dozen head of cattle will be fed this way and some of the larger feeders will be "in" again this year.

The bankers are losing the purse strings on farmers in the Corn Belt and more stockers and feeders are moving into those states.

Order buyers at Fort Worth say that they have more orders for the "good kind" than they are able to find in the runs lately.

Many of these are going into Illinois, Indiana and into the Western Corn Belt. However, the demands spreading to the Eastern Corn Belt and over into the South East as some relief from heat and drouth has been reported in some sections there.

It looks like a big year for cattle feeding in the West. Fort Worth's dealers and order buyers report heavy demand continues from Arizona and the West Coast.

The West Coast operators are filling feeding pens and are still taking lots of the "plainer" kinds of stockers and feeders off the yards at Fort Worth every week.

The feeling seems to be general that cattle prices have been pretty well established with the better fat steers and heifers due to sell around the \$20 to \$25 range. This more stable situation seems to be predicated on the present earning power of the consumers and the

proportion of their expendable income that will be spent on meat.

On Monday's market, prices were strong, spots higher and calves were 50 cents and more higher than last week's close.

Sheep and lambs found the market generally steady with choice Spring lambs up to \$19 and feeder lambs at \$15 down.

TEXANS ... Do You Doubt It Now?

Here is conclusive proof of the link between Parr, Yarborough and C.I.O.

This news story, appearing in the Dallas Morning News on Sunday, August 22, 1954, will convince all TRUE TEXANS that there is a conspiracy by the Parr-Yarborough-CIO Machine to TAKE OVER TEXAS.

Remember the CIO-PARR link has been repeatedly denied by Ralph Yarborough.

EVERYONE IS INVITED — FREE BALLOON FOR CHILDREN

KERRVILLE BUS COMPANY, INC.

"Friendly Service"

Letters to The Editor —

Austin, Texas
August 20, 1954
TO THE PEOPLE OF TEXAS:
A person should put up with a lot before he gets mad at his neighbor; and, therefore, we did not get mad when our neighbor, Mr. Ralph Yarborough, took a stand against our school children by joining forces with those northern politicians who wanted to steal the Texas tidelands, or when Mr. Yarborough allied himself with the C.I.O. or when Mr. Yarborough announced a program that would more than double our taxes, but we did get mad, extremely mad, mad all over, when he charged that Travis County precinct 229, where we live, had, always been a Republican precinct.

Precinct 229 in the northwest part of the City of Austin, referred to as Brykerwoods precinct, is a typical Texas Community of law abiding citizens. Practically all of the men work at various trades and professions, and their wives apply themselves keeping house and taking care of their families.

In 1932, 1936, 1940 and 1944 the precinct, of which the present precinct 229 was a part, gave a big majority vote to Franklin D. Roosevelt for President, and in 1948 this precinct gave a majority vote to Harry S. Truman for President; and in 1952, when Adlai Stevenson turned his back on Texas, Precinct 229 gave a majority of its votes to Dwight D. Eisenhower in the same manner that the entire State of Texas voted. These facts show that Mr. Yarborough either does not take enough interest in his own community affairs to know what his neighbors do or he is deliberately trying to deceive the voters of the State.

Mr. Yarborough may not know his neighbors or what they do, but his neighbors know him and they know that this unfounded accusation that his neighbors are Republicans is typical of the many others misleading innuendos and false charges made by Mr. Yarborough against Governor Allan Shivers. Mr. Yarborough's neighbors know that during Governor Allan Shiver's administration more money has been spent on State hospitals and mental institutions,

salaries of teachers raised a greater precinct, more miles of highway built and more progress on water conservation made than during any other Governor's administration; and when Mr. Yarborough goes up and down the State not telling the facts on these issues, his neighbors are not surprised, because they know him. They know what he has done and has not done, and how he acts in Austin, and particularly in Brykerwoods community; and that is why Brykerwoods (Precinct 229), where Mr. Yarborough lives, voted 893 to 367 for Governor Allan Shivers in the first primary.

We housewives, who are qualified voters of precinct 229, are proud we are Democrats. We do not want the Democratic party to be taken over by a National Socialist group dominated by northern labor leaders and big city bosses. We do not want to be forced into the Republican party. We resent being called Republicans by Mr. Yarborough or by any other person. That is why we are writing this letter to register our protest. We know that a majority of Mr. Yarborough's neighbors feel like we do. The vote of 893 to 367 for Governor Shivers proves it.

Sincerely,
Mrs. Cecil C. Rotsch

FORD IS FIRST IN SALES

-by thousands

National new-car registration figures* for the first six months of 1954 prove that Ford leads the industry in sales! In fact, ever since car production has been free of restrictions, more and more new-car buyers have been swinging over to Ford. That's because Ford offers more things for more people than any other car. In today's Ford, for example, you get the matchless benefits of owning the only car in the low-price field with a V-8 engine (the new Ford Y-block V-8) . . . the only car in Ford's field with the smooth ride of Ball-Joint Front Suspension . . . the only car in Ford's field with truly modern styling . . . the only car in Ford's field with such high resale value.

*SOURCE: R. L. Polk and Company. Registration figures for January through June, inclusive, the latest period for which figures are available. F. C. A.

Come in . . . learn all the reasons why FORD is Worth more when you buy it . . . Worth more when you sell it!

Spencer Motors

OZONA — TEXAS

Business Buildings Damaged By Flood Are Being Rebuilt

Four more business buildings along Highway 290 west of the draw that were destroyed or damaged in the recent flood are being rebuilt. The new and enlarged M & M Cafe, which was destroyed by fire at the height of the flood, is nearing completion and is expected to be ready for opening late this week or early next week.

Construction has started on the Hubbard Garage building which collapsed from force of the water and was a total loss. The new structure is being built of cast-concrete blocks.

Also rebuilding is the new Humble Station, built by Judge Houston Smith and completed only a few weeks before the flood. The building was badly damaged and the merchandise, owned by Leo Bawcom, was a total loss.

The Montgomery Grocery, whose building and stock were a total loss, has been rebuilt some time and is in full operation. Other businesses in the area which suffered less extensive damage have all been repaired.

GIVES TO EMERGENCY MARCH OF DIMES DRIVE

Ozona Woman's Forum has sent a \$10 contribution to the emergency March of Dimes campaign. The emergency drive is being conducted to cover the National Foundation's deficit for the year occasioned by heavy drains of polio care and the recent vaccine tests.

Ken Cody, Ozona funeral director, is in the Ozona hospital for treatment for a back injury suffered while lifting a patient from an ambulance cot at the hospital.

New Fire Siren Tests Postponed: To Be Made Monday

Tests of the new, more powerful fire siren which has been purchased for Ozona, will be held next Monday unless the siren again fails to arrive, members of the Ozona Fire Department announced this week.

The big siren, said to be four times louder than the one now in use here, was to have been tested last Monday but due to delay in shipment did not arrive as scheduled. The manufacturer has promised that the siren will be delivered in time for the tests next Monday.

The siren, which will arrive by truck, will be moved to several projected locations and sounded here Monday as a test to determine the most suitable location for permanent mounting.

Mrs. Lowell Littleton has returned to her home here after undergoing surgery in a Temple hospital. She visited for a time with her mother in O'donnell after her release from the hospital.

You grow up the day you have your first real laugh at yourself. —Ethel Barrymore.

Former Ozona Girl Is T. S. C. W. Graduate

DENTON, Tex. — Mrs. Patricia Hickman Plepler, daughter of Rev. and Mrs. J. Troy Hickman, was among the 153 students who received degrees from Texas State College for Women Aug. 20. Mrs. Plepler received a bache-

lor's degree in kindergarten primary education. She has been active in the Daughters of TSCW Alumnae Club, Alice Freeman Palmer Literary Social Club and Aquatics Club.

She also has attended Sul Ross College.

In the summer commencement, 69 students were awarded master's degrees; 82, bachelor's degrees and

three, doctor of philosophy degrees.

President John A. Guinn delivered the graduation address in the Main Auditorium at 9 a. m.

Cpl. Chris Perner, son of Mr. and Mrs. Stephen Perner, has been released from a hospital in England where he was under treat-

ment for two or three weeks. Cpl. Perner is attached to a U. S. Army radar unit in England.

Mrs. and Mrs. Gerald Setterle and daughter, Susan, from Alice Texas are guests of Mr. and Mrs. Sam Perner of Ozona.

Radar Storm Warning System Is Installed

AUSTIN — A network of radar stations which will give Texas the best storm system now available in the world will soon be completed.

There are now 11 stations in operation, and three more will soon be in operations. Another at Lake Charles, La., which serves a section of Texas will add up to 14 in operation for this state.

E. L. Hardy, regional director of the US Weather Bureau, has advised Governor Allan Shivers that the last three in the chain will be in operation within six weeks at Austin, San Antonio and Lubbock.

Besides the one at Lake Charles those already functioning are at Amarillo, Victoria, Brownville, Corpus Christi, Houston, Abilene, Fort Worth, Galveston, Midland, San Angelo, and Wichita Falls.

Hardy told the Governor that once the network is completed, it will be "the best and most up-to-date storm warning system now available anywhere in the world".

Hardy added that storm reporting and the general warning service maintained by the US Weather Bureau will be extended and improved tremendously by the installation of the equipment, which is able to detect heavy rainfall, tornadoes, hurricanes and other severe weather manifestations.

The US Weather Bureau ties the radar net into the Department of Public Safety communications system through special arrangements between the two organizations. All Weather Bureau radar reports are received by Public Safety Communications within about two minutes after a warning is issued.

Once reports are received, Public Safety units track the storm and warn people who are in its course. The Public Safety units also advise the Weather Bureau as to whether the storms are turning into tornadoes.

NOTICE!

Anyone interested in an Assembly of God Church being organized in Ozona contact Lesslie Thompson, pastor, Assembly of God Church, Big Lake, Texas. Box 593, Phone 384-W. 1p.

Red Cross Annual Meet Reset For Sept. 14 To Avoid Conflict

Originally set for September 7, the annual meeting of the Ozona chapter of the American Red Cross has been reset for Tuesday, September 14, it was announced this week by chapter officials.

The change in date was made to avoid conflict with the annual banquet honoring members of the football squad and their dads set for the night of September 7 by the Crockett County Sheriff's posse. Dan X. Bible, athletic director of the University of Texas and former A & M and University

of Texas football coach, will be the speaker on that occasion.

A nominating committee named by Chapter Chairman W. D. Cooper has drawn up a slate of officers and division heads for submission to the annual meeting. All Ozonans interested in Red Cross work and planning of its program in the community are invited to attend. Plans will be discussed at that time for the disaster planning institute to be held here September 27.

SON TO BODE OWENS, Jr.
