By J. Troy Hickman

### THE WELFARE COUNCIL

Believe that some of you interested in the Welfare Council what it is doing. Here are recent cases which have been handled from the Welfare Fund.

A Latin American lady with means of support, and who recently had a serious operation and long recovery period, without food. She got help from the Welfare Fund. Eventually she may find some way of supporting herself, but in her time of need the fund came to her aid.

A family whose father was ill and temporarily unable to work without food. The Welfare Fund granted temporary aid and prospects are that the family is self-supporting again very soon.

A few applicants are transients. A young father trying to move his family from another state to job in Texas oil fields, found himself stranded here, car broken down, no food, no money. His pregnant wife and three small children eaten nothing all day. They were sitting in the car on a hot day, waiting. The Welfare Fund bought them food, gasoline, and had up their car so they could continue on their way. You should have seen the children reach for food.

The Welfare Fund operates on a basis of need, more than of kindness. It is hard to tell someone who is worthy of help, and perhaps none of us is worthy of anything life gives us. New and almost anyone will have a bad luck, or will mismanage a situation, and find himself in need. The Welfare Fund is here to help such people. We make investigation of these needs, and we try to make the money go as far as it will.

It helps to know that another person cares and is ready to come to your aid. We never know when we will need such friendly help. The Bible says, "Let the strong help the weak." It says, "Bear another's burdens." The Welfare Fund is just one way of trying out these commandments. The cases I have described are all, by any means. There are many more like them.

If you think this work is worth your support, why not help us by giving a slip at the bank authorizing them to draw on you for a dollar or so to the fund, month, or as a cash gift to the fund. Leave your gift at the bank, the Stockman, or the sheriff's office. Mr. Earnest is doing a good job as treasurer of the fund, and he is out of the office, Mrs. Fry acts for him. Others give their time as investigators, looking into cases applying for help. The Welfare Fund is your town organization to help its own needy. It is a sort of insurance against needless suffering, a form of sharing, and as such it is a part of a human community. Keep the Welfare Fund in mind.

## WTU To Double Service Capacity Of Ozona System

### Town Growth Necessitates Distribution System Changes

Preparatory work will begin soon on the local distribution system of the West Texas Utilities Co. toward a change-over to an enlarged power distribution system which will, in effect, mean a doubling of the capacity of the system to serve the power needs of Ozona.

This was the announcement made this week by T. J. Bailey, local manager of the company, upon receipt of information on progress of plans of the company to make the sweeping improvement of the local system.

The mechanical details of the improvement will involve the running of an extra power line throughout the extent of the present distribution system, this to be the first work to be accomplished, and a change of all transformers in the system and some at the sub-station.

The improvement, or addition, will step up the voltage for the Ozona system thus making it possible for the company to virtually double the present capacity with the same facilities. Growth of Ozona and the resultant increasing demands for electric power made the change necessary, company officials said. Facilities are adequate at present for the demand, but with the saturation point almost reached, the expansion move is being made in advance of actual need to prevent low voltage conditions and consequent impaired efficiency of appliances which would have resulted from an overloaded distribution system. The new distribution system is expected to be adequate for Ozona's future needs.

The final change-over to the new system will be made within the next month or two, Mr. Bailey predicted. Workmen will be brought here within the next few days to begin the task of installing the new lines. When all preliminary work is completed, the final change-over will involve some hasty work on the part of expanded crews to minimize the expected interruption of service.

### New Vocational Ag. Teacher Moves Here

M. A. Barber, instructor in vocational agriculture at Garden City the past five years, resigned his position there last week and has moved to Ozona to accept the newly created post of vocational agriculture teacher in the local school system.

During his tenure at Garden City, the FFA chapter produced two Lone Star Farmers while teams under his direction took many prizes in judging contests and stock shows. At the state fair this year, Garden City had the third place crossbred lamb. The Garden City FFA chapter now has one of the top feeding barns in the state, a shop building and classroom.

## \$10,000 Damage From Fire at Franklin Home

Damage has been set at \$10,000 in the July 4th fire in the home of Mr. and Mrs. Bob Franklin in west Ozona. Origin of the blaze, which broke out in a storage closet, has not been definitely established. The loss was covered by insurance and Mr. Franklin has started reconstruction of the home.

But for an excellent and careful job of fire fighting by the well trained Ozona Volunteer Fire Department, the Franklin blaze would have caused several times the amount of damage. Mr. and Mrs. Franklin were away from home and the blaze was not discovered until it had made considerable headway. After locating the area of conflagration, the department extinguished the blaze with little damage to the rest of the house. One bedroom was gutted and smoke damage throughout the house resulted.

## Frankie Jones Buys Miller Station; To Merge Gas Business

Frankie Jones, owner of the Home Gas Co., here, purchased the business and leased the building of the former Miller Firestone Service Station, located a block from the highway intersection in downtown Ozona.

Mr. Jones has moved the stock and equipment of the gas company to the new location and will combine the two businesses into one and operate the butane gas and plumbing business, sale of gas and electric appliances, and the filling station and auto supply business.

Mr. Miller has been in the service station business in Ozona for 23 years. He and Mrs. Miller plan to continue to make their home in Ozona, he said, but his plans for the future are still indefinite.

## Phone Service Maintained Here In Strike Period

### Administrative Personnel Fills Gap During Walk-Out

Mrs. Claudie Butler, chief operator and "Mrs. Telephone" to Ozonans, worked long hours, almost around the clock for four days and nights while an unauthorized strike of phone workers was in progress here and in other towns served by the General Telephone Co. of the Southwest, and with an occasional relief by Ted Maxwell of Sonora, area manager, managed to keep local telephone service going during the strike period.

"Folks were mighty nice in Ozona during the time and kept their calls down to those absolutely necessary," Mrs. Butler said. "Otherwise it would have been impossible for us to have kept the service going."

Local phone workers walked off their job at 11 p. m. Wednesday and stayed out until 12 o'clock Sunday night when they, along with other workers in area towns, were induced to go back to their jobs pending settlement of the contract issues now in negotiations between company officials and union representatives.

"Emergency only" was the order of the skeletal staff who stood by on the switchboards, but administrative personnel of the company manned the switchboards here and elsewhere to augment the service to the best of their ability.

"It wasn't as good service as I would have liked to give, but it was the best I could do," Mrs. Butler said of her service. But Ozonans who had real need to use their telephones were glad to hear her familiar and always cheerful voice on the line during the strike time and were grateful for her sacrifice in the community's service. Mrs. Butler worked through the four-day period from 6 a. m. to 12 midnight, with an hour off for lunch, Mr. Maxwell and Billy Drennan of Sonora filling in as her relief during the few off hours.

## Johnson Flood Survey Funds In US Appropriation

### Senate Bill Includes Funds For Preliminary Work

Funds for a survey of the Johnson Draw flood control project in Crockett county were included in the huge one billion 800 million dollar appropriation in the rivers and harbors bill passed by the United States Senate last week. Senator Price Daniel reports from Washington this week.

Approval of the local flood control project has already been given by the State Soil Conservation Board at Temple, the Texas agency designated to handle such applications. The inclusion of the project in survey plans of the government indicates possible high priority rating when the application is finally placed before the federal government.

Fuller details may be available when local committees and citizens meet here July 29 with H. N. Smith of Temple, state Soil Conservationist, who has asked for a meeting with the local group to plan future moves.

## Two More Students From Ozona Enroll In McMurry Band School

Abilene, (Spl.) — Two more Ozona students have registered for McMurry College's seventh annual summer band school, making a total of six who plan to attend from Ozona.

The new enrollees are Lou Nelle Beall, daughter of Mr. and Mrs. Pink Beall; and Mary Lou Johnigan, daughter of Mr. and Mrs. Hartley Johnigan.

Previously registered from Ozona are Alleane Young, Becky Davidson, Mark White, and Beverly Killingsworth.

More than 275 bandmen and twirlers were signed to attend the band school as of July 7, according to Raymond T. Bynum, McMurry band director who is in charge. Total enrollment is expected to exceed last year's registration of 343 students, Bynum said.

The students will stay in the McMurry College dormitories and take their meals in the college dining hall. At the band school, they will receive instruction in music theory, solo instrument work actual practice in concert bands, and techniques of baton twirling and drum majoring.

## Boyd Clayton Named To FHA Committee; Succeeds J. Fogarty

Boyd Clayton, of Ozona is the new member of the Crockett County Committee for the Farmers Home Administration. His appointment became effective July 1.

Mr. Clayton succeeds John Fogarty, whose term on the 3-member committee expired this year.

Mr. Clayton ranches in Crockett County. The other two members of the committee are George Bunker and Marshall Montgomery, George H. James, Jr., is emergency loan supervisor here.

There is a Farmer Home Administration County Committee in every agricultural county in the country. The committee determines the eligibility of applicants and helps the county supervisor adapt the agency's loan policies and services to local conditions. Each member is named for a 3-year term, and one appointment expires each year. A member completing his 3-year term cannot succeed himself. At least two of the members must be ranchers or farmers.

The Farmers Home Administration makes loans to farmers to buy, improve, enlarge, or operate efficient family-type farms. It also lends money to farmers or their nonprofit associations to establish and carry an approved soil and water conservation practices. Purposes include establishing and improving permanent pastures, terracing, soil erosion practices, and (Continued on Last Page)

## Important Changes In Jury Law Pointed Out By County Attorney

Of interest to adult Crockett County citizens is the new jury service statute.

The new statute effective May 20, 1955, makes certain major changes and exemptions from jury service particularly with reference to age and with reference to women jurors, Dixon Mahon, Crockett County attorney, pointed out.

The statute has been amended to provide that "all competent jurors are liable to jury service, except the following persons:

"All persons over sixty-five (65) years of age (note that the age exemption was previously sixty (60) years of age).

"All females who have legal custody of a child or children under the age of sixteen (16) years.

"All registered, practical and vocational nurses actively engaged in the practice of their profession.

"The wife of any man who is summoned to serve on the same jury panel."

In addition to those exemptions, there are, of course, others of no general application.

"It is important to note that these are exemptions rather than disqualifications, and therefore, a person who is summoned for jury service is required to appear and claim the exemption in order to avoid jury duty," attorney Mahon declared.

## Cable Tool Wildcat In West Crockett Co. Set By Midland Men

A. C. Bruce & J. K. Somerville, Midland, have filed application to drill a 2,500-foot cable tool wildcat in Crockett County, 11 miles east of Sheffield and 3/4-mile northeast of the depleted Lancaster Hills field. It will be the No. 1-15 University of Texas.

Operations are to begin immediately. Location, on an 80-acre lease, is 1,550 feet from the north and 1,650 feet from the east lines of 15-29-University.

The Lancaster Hills field has been depleted since March, 1954.

The Pure-Bean field of Crockett County has been extended 1/2-mile northwest with completion of Pure Oil Co. No. 43-S R. L. Vaughan, in 82-OP-GC&SF, nine miles northwest of Ozona.

It was finalized for a calculated daily pumping potential of 59.47 barrels of 29.1 gravity oil, plus 65 per cent water.

Production was based on an actual 13-hour flow of 32.22 barrels of oil, through perforations between 1,393-1,397 1/2 feet in 5 1/2-inch casing set at 1,399 feet on total depth of 1,399 feet. Pay section was acidized with 80 gallons.

Top of pay was picked at 1,390 feet on elevation of 2,575 feet.

## Two Wildcats Staked In Crockett County

Crockett County gained locations Wednesday for two wildcats.

M. D. Bryant of San Angelo has announced location for a 2,700-foot rotary wildcat in Crockett County, 19 miles northwest of Ozona and 1 1/2 miles east of the one-well block 51 (Fusselman) field. It will be the No. 1-16 University of Texas Lands.

Location is 330 feet from the north and east lines of 16-46-University.

The project is being drilled on a farm from Humble Oil & Refining Co. and Continental Oil Co. Pool Well Servicing Co., San Angelo, has the drilling contract.

## County Court For Crockett County Is Now Restored

### Special Law Reverses One Passed By Legislature In 1908

For the first time in 47 years, Crockett county now has a county court with full civil and criminal jurisdiction as well as probate and condemnation.

Under a special law passed at the last session of the legislature, civil and criminal jurisdiction was restored to the Crockett County court, superceding a special law passed in 1908 limiting jurisdiction of the county court in this county, in effect disposing of this function of the county judge because of the absence at that time of need.

The change was made necessary by an increased load on justice of the peace court and the district court, into which all civil and criminal matters were channeled in the absence of a county court with full jurisdiction, and by a change in the law covering the offense of driving while intoxicated.

The latter change provides for a mandatory jail sentence in case of conviction on a charge of DWI. Under the law, the justice of the peace is not empowered to assess a jail sentence. DWI cases, then would have to go to the district court, and since that court is not in continuous session, the enforcement of this law would have been cumbersome.

The new county court here, over which County Judge Houston S. Smith will preside, will be in continuous session throughout the year, divided into four terms a year, new terms beginning with the expiration of the old.

A jury commission, appointed by Judge Smith, met yesterday to draw names for the jury panel. Thirty-six names will be selected and divided into two groups of 18 each. The first 18 will serve the court as jurors the first term and the second group the next term. New jurors will be selected at the beginning of next year.

The court will have jurisdiction in all misdemeanor cases and in civil matters involving sums from \$200 to \$1,000. The court will also be an appellate court, hearing cases appealed from justice court.

## One Dead, 4 Hurt In Highway Crash South Of Ozona

### Car Of Odessans Fails To Make Curve, Overturns

One man was killed and his four companions, all from Odessa, were seriously injured late Saturday afternoon when the car in which they were riding overturned on the highway 23 miles south of Ozona.

Jack Campbell of Odessa was killed instantly in the crash. Injured were Virgil Louis Morgan, 32, Melvin Carl Neiman, 25, Ray Kitson, 27, and Encelbio Luna, 20, all of Odessa and all employees of the Bronco Chevrolet Co. of Odessa.

Highway patrolmen who investigated the accident said the car failed to make the curve and overturned several times. The car, a late model Chevrolet, was almost totally demolished.

Campbell's body and the injured men were picked up by Cody ambulance and brought to Ozona, the injured to be treated in the Crockett County hospital. All had been sent to hospitals elsewhere or released this week except Neiman, who was still under treatment here.

## REDBIRDS STOP EAGLES

Ozona's Red Birds baseball team downed the Eldorado Eagles 6 to 3 here last Sunday afternoon. The Red Birds, managed by Tony Garza of El Sombrero Cafe, will play the McCamey Roughnecks here Sunday afternoon at 3 p. m.

## Free Chest X-Rays To Be Given Ozonans By State Unit July 21-23

A mobile X-Ray unit of the State Health Department will be in Ozona Thursday, Friday and Saturday of next week to make chest X-Ray examination of chests of people of Ozona and surrounding territory.

The unit, whose appearance here is sponsored by the Ozona Rotary Club, will be in operation by noon Thursday and from 9 a. m. to 5 p. m. Friday and Saturday. Everybody is invited and urged to get into the unit and have the chest X-ray made. The unit will be set up at the James Motor Co. Showroom.

**A COMMUNITY CONTRIBUTION**

A group of community-minded Ozona men have taken a considerable financial risk to bring to Ozona the kind of television reception formerly considered impossible, the kind of reception that only those fortunate enough to live within the broadcast radius of several stations could enjoy.

As all television and related equipment is, this installation was extremely expensive because it involves a 400-foot steel tower, more than ten miles of special cable and expensive electronic equipment such as amplifiers and similar units placed throughout the system. In fact, as most building projects turn out, the installation was much more expensive than engineers' estimated — so much so that it will take almost a 100 percent response on the part of potential subscribers here to cover the cost of the system and to make it self-supporting.

The system is proving highly satisfactory as to quality of reception from the three stations customers of the system may enjoy. With custom built antennas for each of the three stations, amplification equipment in the tower and along the system lines, the community antenna system is the only one yet devised for satisfactory television reception in extreme fringe areas. Users have access to both CBS and NBC network programs as well as studio productions from the three stations.

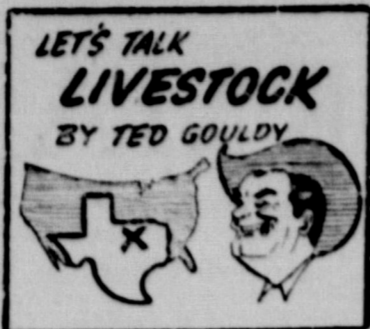

The connection charge was made as low as possible, considering the size of the investment, so that the entire community could enjoy television and the system be self-supporting, with a moderate return on the investment. We believe it is a worthwhile contribution to better living in Ozona and one that should receive support and encouragement that it might be maintained to bring to Ozona homes the modern miracle — television.

FORT WORTH — Searing summer sun that scorched pastures and threatened some promising crops over much of the Southwest started the cattle and calves rolling to market this week in normal heavy seasonal numbers.

Prices on grassy cattle and calves weakened all down the line with 50 cents declines general and some sales fully \$1 per hundred off.

Despite the weaker fed cattle market across the Corn Belt, the small numbers of fed steers and yearlings that arrived at Ft. Worth sold steady to strong, and some supplementally fed grass steers were a bit higher. A shipment of Montague County fed grassers sold at \$21.25, and several loads of their mates sold earlier had brought only \$21.

Comparative prices at Ft. Worth Monday: Good and choice fed steers and yearlings \$19.00 to \$22.50; medium and plainer kinds \$11.00 to \$18.00. Fat cows \$10.00 to \$13.00; canners and cutters \$6.00 to \$10.00; bulls \$10.00 to \$14.00. Slaughter calves \$10.00 to \$19.00; stocker steer calves \$21.50 down; steer yearlings \$19.50 down; stocker cows \$8.00 to \$12.00.

**Lambs Weak to 50 Cents Lower**  
Slaughter Spring lambs of good to choice kinds sold at \$18 to \$20.50 at Fort Worth Monday. Medium and lower grades sold from \$10 to \$17, a few culls under \$10. Feeder Spring lambs sold from \$13 to \$15. These prices were 50 cents under last week's close, with spots off more.

Yearling lambs and older sheep sold steady. Fat yearling lambs cashed at \$14 to \$15, and the medium and lower grades sold from \$8 to \$12. Old ewes \$4 to \$5. Old bucks around \$3.50 to \$4. Old wethers \$7 to \$10.50, and two-year-old muttons \$12 down.

**Fabulous Future For Miss Wool Of 1956 Promised By Sponsors**

San Angelo — A fabulous future is in store for the young lady who qualifies as "Miss Wool of 1956," according to the San Angelo Chamber of Commerce and The Texas Sheep and Goat Raisers Association who are sponsoring the contest.

An all-wool wardrobe valued at \$4,000 will be awarded to the lucky lass chosen from the contestants by John Robert Powers, said Russell Willis, manager of the San Angelo Chamber of Commerce. There will be trips to the fashion centers of the United States, and appearance on television and radio with all expenses paid. There will also be a personal appearance at the National Convention of Sheep and Wool Growers to be held in Fort Worth in December.

The annual competition, climaxing with the coronation of "Miss Wool," will be held in San Angelo during Wool Fiesta Week, August 31 to September 3, 1955.

To qualify, Miss Wool hopefuls should be between 18 and 25 years of age, at least 5 feet 6 inches tall (without shoes), wear size 12

dresses, and never have been married. Entry blanks may be obtained by writing Miss Wool, Box 712, San Angelo, Texas. The deadline for all entries is midnight, July 31, 1955.

Susie Schneemann, daughter of Mr. and Mrs. Max Schneemann, is visiting her brother-in-law and sister, Lt. and Mrs. Clyde Sias in California. She also visited with an aunt, Mrs. Ruth Perner, in Los Angeles.

**The CORRAL TRADING POST of Sonora**

We invite you to stop by on your way to Buchanan and Devil's River lakes, and to inspect the most complete line of sporting goods in this area.

We are dealers for Johnson outboard motors. We will accept your old motor as a trade-in and can finance your new Johnson outboard.

The Trading Post, operating under a Federal Firearms License, is your dealer for all kinds of firearms. We offer expert counsel and advice, based on many years of practical experience and gunsmithing.

Let us recommend the gun for your needs. We will accept your old gun as a trade-in, and finance your new one.

To All Our Friends and Patrons:

**THANK YOU**

WE HAVE SOLD our business, the Miller Firestone Service, to Mr. Frankie Jones of the Home Gas Company.

IN RETIRING from the business life of Ozona after 23 years, we wish to express our sincere thanks to all of our friends and former patrons. We have enjoyed serving you through the years and are grateful to you for the measure of success in the enterprise we have enjoyed.

AS WE PASS the business along to our successors, we hope you will continue your patronage in the same measure we have enjoyed and we feel that you will get the same brand of fine service from Mr. Jones' organization as we have tried to bring you. Again our thanks to all of you.

Sincerely

Mr. and Mrs. Richard Miller

### Miss Judy White Weds Alex Ogilvy, III, In Morning Ceremony At Methodist Church Sat.

In a ceremony performed at the Ozona Methodist Church at 10 o'clock Saturday morning, Miss Judy White became the bride of Alex Ogilvy, III.

The bride, the daughter of Mr. and Mrs. Evart White of Ozona, was given in marriage by her father. The bridegroom is the son of Mr. and Mrs. Alex Ogilvy, Jr., of Odessa.

The double ring ceremony uniting the couple was performed by the Rev. J. Troy Hickman, pastor. The bride wore a gown of camellia white silk taffeta. It was fashioned with a deep portrait neckline which was filled in by a yoke of illusion and brief shirred sleeves complemented by short glaze kid gloves. The molded bodice was enhanced in front by soft tucks which were accented at either side by appliques of tiny organdy flowers and also at the neckline of the gown. The elongated bodice extended into a deep V at the waistline and buttoned down the back with tiny taffeta covered buttons. The very bouffant skirt was bell shape and swept into a chapel length train.

Her veil of imported illusion fell in graceful tiers to fingertip length from a tiny brimmed taffeta calot, accented by organdy flowers.

She carried a cascade bouquet of phalopsis orchids with lilies of the valley and loops of pearls. For something "borrowed and blue" the bride wore the star sapphire ring of Mrs. Chas. E. Davidson, Jr.

Miss Mildred Henderson of Houston was maid of honor and Mrs. Sidney Rex Moughon of Gilmer served her sister as matron of honor.

Bridesmaids were Mrs. David Lynn Riley of San Antonio; Mrs. James Richmond and Mrs. Perry McPherson of Dallas; Miss Margaret Wright of Houston; Miss Bertha Joyce Ogilvy of Fort Worth, sister of the bridegroom, and Miss Della Glover of Abilene, cousin of the bride.

The bridal attendants wore identical dresses of petal pink crystallette over taffeta. They were

fashioned with deep V necklines, accented by a soft surplice of folds at the waistline, forming a cummerbund effect. The push-up sleeves were complemented by short white gloves. The pleated full skirts were waltz length and they wore matching pleated half hats and shoes the same color as their dresses.

Their bouquets were cascades of pink carnations and plumosa fern. Dick Rice of Odessa was best man. Groomsmen were Lt. Fred Willis, Freeman Gross, Roy Smith and George Schlemeyer, all of Odessa, Sidaey Moughon of Gilmer, Jim Richmond of Dallas and Graham Childress of Ozona.

The altar was decorated with white tapers in brass candelabra and baskets of white stocks and gladiolas on either side of the altar. The chancel rail was decorated with garlands of plumosa fern caught with pink carnations.

Mrs. R. A. Harrell, organist, presented nuptial music and played the accompaniment for the soloist, Mrs. Barry Williams of Houston, who sang "I Love Thee" and "How Do I Love Thee" and the Lord's Prayer during the ceremony.

A reception in the church fellowship hall followed the ceremony. Greeting guests at the door were Mrs. Joe Pierce, Mrs. W. E. Friend, Jr., Mrs. T. A. Kincaid, Jr., and Mrs. H. B. Tandy. Mrs. Henry Strauss of Austin, cousin of the bride, was at the bride's register.

The table was laid with nylon net over a white cloth and was centered with an arrangement of pink and white carnations. The three-tiered wedding cake was at one end and the silver punch bowl at the other.

Serving were Mrs. Clinton Glover of Abilene and Mrs. Hugh Childress, Jr., aunts of the bride, Mrs. S. M. Harvick and Mrs. L. B. Cox, Jr. Others in the house party were Mrs. Bit Terry, Mrs. L. B. Cox, III, Mrs. Wayne E. West, Mrs. John Johnson of Dallas, Mrs. T. A. Bailey, of San Angelo, Mrs. Ira Carson, Mrs. J. A. Fussell, Mrs. P. T. Robison, Mrs. James Childress and

Mrs. Lowell Littleton.

The bride is a graduate of Southern Methodist University in Dallas where she was a member of Kappa Kappa Gamma Sorority. She taught Kindergarten in the Ozona schools last year. The bridegroom attended A&M College and Texas Tech and returned recently from service with the Army in Korea. After a wedding trip to Ruidoso, N. M., the couple will be at home in Lubbock, where Mr. Ogilvy will be a student at Texas Tech.

The rehearsal dinner was given by Mr. and Mrs. Alex Ogilvy, Jr., Friday evening at the House of Flowers Tea Room.

The bride was honored at a series of pre-nuptial parties during the past week. Mrs. Jack Brewer and Miss Jeanette Trotter were hostesses at a coke party at the home of Mrs. R. L. Flowers. Present were Misses June Perner, Jeannene Thompson and Shirley Kost. Mrs. Chris Perner, Mrs. Byron Cleere and Mrs. Fank McMullan, Jr.

Mrs. Hillery Phillips, Jr., Mrs. Joe Bean and Mrs. Johnny Hunicutt entertained with a coke party at the Hillery Phillips home Thursday morning to honor Miss White. Present were Misses Della Glover of Abilene, June Perner, Shirley Kost, Jeannene Thompson, Mrs. Hugh Childress, Jr., Mrs. Joe Couch, Mrs. Joe Williams, Mrs. L. B. Cox, III, Mrs. Glen Richardson of Sonora, Mrs. Wayne E. West, Mrs. Chris Perner, Mrs. Byron Cleere, Mrs. Jack Brewer, Mrs. Boyd Baker, Mrs. Carl Appel, Mrs. Jim Ad Harvick, Mrs. Clinton Glover of Abilene, Mrs. N. W. Graham, Mrs. Hugh Childress, Jr., and Mrs. Evart White.

Friday morning, Mrs. L. B. Cox, III, was hostess at a brunch at her home, naming Miss White as hon-

oree. Present were Miss June Perner, Mrs. Chris Perner, Mrs. Jack Brewer, Mrs. James Chapman, Miss Della Glover, Mrs. Clinton Glover, Mrs. Evart White, Mrs. Hugh Childress, Jr., Mrs. Sidney Moughon, Mrs. Glen Richardson and Mrs. N. W. Graham.

Phone News to The Stockman

Mrs. J. G. (Gib) Armentrout honored her son, James Ray, on his second birthday last Thursday, with a birthday party in the home of Mrs. Armentrout's parents, Mr. and Mrs. Earl C. Cunningham. Assisting Mrs. Armentrout in entertaining was Miss Alena Fay Powers. Guests were James Gleen, Gary Lynn and Den-

nis Paul Monroe, Mrs. J. E. Monroe, Mrs. Junior Whitney, Mrs. Konnie and Eloise Whitney, Mrs. ney and Linda Goodfellow, Mrs. Theo. Sparks, Bobby Richard, Mrs. dra Earlene Mayfield, Mrs. Mrs. Mayfield, Miss Billie Chandler, Mrs. W. H. Chandler, and the grandmothers, Mrs. Earl Cunningham and Mrs. Allie Armentrout.

## See the Difference?

(No Center Posts!)

188-hp Buick SPECIAL 6-Passenger, 4-Door Riviera, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

YOU certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list.

It's a Buick Riviera, of course.

Which means the low and rakish look of a Convertible — a solid steel roof overhead — and no center posts in the side window areas to obstruct your view.

But that's only the beginning.

Here you get two extra doors. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear.

Here you get massive half-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.)

Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom.

And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

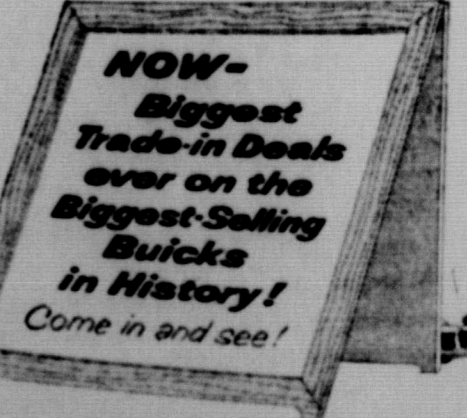

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom — yet with no increase in wheelbase or over-all car length.

So we repeat—you certainly ought to come in and see this stunning new kind of hardtop.

It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series — the SPECIAL and the CENTURY. And it's all Buick — with Buick power, Buick ride, Buick handling—and the spectacular performance of Buick's Variable Pitch Dynaflo.\*

Drop in today—tomorrow at the latest—and learn what Buick's all time record sales year can mean to you in the way of a whopping-big trade-in deal.

\*Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

**Grass Needs Help  
In Establishing Its  
Growth After Drouth**  
By Sam Fitzhugh, SCS

The most critical season of use for our native grasses is during the growing season. The amount of growth of these grasses that can be made is directly correlated to several factors. The first being rainfall, whether or not there is moisture for growth. Secondly, how much cover and litter was left on the ground from previous years growth in order to get a higher percentage of rain in the soil where it falls. Thirdly, the vigor of each plant as it enters the growing season either limits or enhances the production of that grass. A plant in high vigor is capable of more production than one in low vigor. Next is the percent of climax or original grasses present, for these are the grasses which support and supply 90 percent of the grazing at the time. The last, and perhaps most important factor affecting plant growth, is the amount of grazing given the plants while green. A plant is similar to a human in that they both must have food to sustain growth. Unlike humans, who get their food off a table, a grass plant must manufacture its own. The manufacturing places are not the roots, not the stems, but the leaves of plants. A plant must always have leaf surface in order to maintain a growing balance between roots and top growth. When the top growth is grazed by more than 1/2 of its normal height, the food manufacturing process is curtailed. The roots are then called upon to restore that top growth before new roots and more leaves can be produced. The closer the total top of a grass is grazed the slower is recovery to normal. It can thus be seen why close grazing during the growing season will allow for only a small portion of the normal size of a plant to be grown. This practice of leaving at least 1/2 of the top growth is termed "proper use" by the conservationist.

There are several benefits of this management practice. By applying this practice livestock numbers can be better brought in balance with annual grass produc-

tion. The grasses themselves are allowed to produce their maximum so that there is feed on the ground for winter use. In turn the feed bill may be lessened. The stock also are able to produce to their utmost for more wool, mohair, lamb, and calf weights. The vigor of the plants is such that they can go into their dormant period and store food in the roots for next years growth. Some of the growth remains on the ground forming a protective cover which slows evaporation, prepares a seedbed where young grass seedlings may grow, and ties down the soil preventing erosion. All of these and many more are practices pointing toward a more stabilized agriculture. This not only affects the land owners in the Crockett Soil Conservation District and others in surrounding areas, but also every individual on this good earth. For it is a fact that man is entirely dependent upon the soil and its products for his subsistence.

**LADIES GOLF ASSN.**

Ozona Ladies Golf Assn. met Tuesday morning at 8:30 for play. Balls were won by Liz Williams, Dorothy Pierce and Marjorie Ramsey. Other players were Katy Jones, Marge McMullan, Ada Pierce, Pauline Montgomery, Jeanie Williams, Gladys Pierce and Donna Beth Davidson.

Next Tuesday, July 19, the lady golfers will tee off at 8 a. m. Luncheon will be served at the club house at 12:30 and bridge will be enjoyed in the afternoon.

OZONA — TEXAS

**HIGHLIGHTS AND SIDELIGHTS From State Capitol**

By Vern Sanford

Texas Press Association

AUSTIN, Texas — Every outward sign of courtroom confidence is being exhibited by Bascom Giles. His trial on charges of taking \$6,800 from the state, in connection with a Kinney County land deal, got under way July 5. Almost the entire first week was spent in selecting jurors. More than 50 witnesses were subpoenaed by the state before the trial began, but Giles' attorneys refused to show their hands by issuing early subpoenas. Testimony is expected to consume the greater part of two weeks.

Giles, who originated the \$100,000,000 veterans land program, and administered it until Jan. 1 of this year, appears to be as cool and confident as any man in the room.

**Parr Trial Starts Monday**

A judge's attack of asthma gave South Texas political boss George Parr breathing spell last week. But Parr faces additional difficulties in a federal income tax evasion case set for July 18 in Austin.

Parr's trial on a conspiracy charge in District Judge John R. Fuchs' court in New Braunfels was definitely postponed when the 69-year-old jurist was severely stricken with asthma.

Parr, along with 11 others, is under indictment for misappropriation of Benavides Independent School District funds in Duval County.

**Desegregation Policy Set**

It's "hands off" for the State Board of Education, in racial integration of local school districts. School districts will get their state aid money whether they are segregated or not.

**Interscholastic League Reappraises**

Texas public schools which admit Negroes will not be barred from Interscholastic League activities next year.

This ruling, made last week by the league's executive committee, resulted from a petition from the El Paso system regarding its status. El Paso plans to desegregate next fall.

Interscholastic League's constitution, framed before the U. S. Supreme Court's ruling against school segregation, limits membership to "any public white school."

**Preliminary Work On Pecos River Bridge On Hiway 90 Proceeds**

Work is in progress by the Texas Highway Department at the Pecos River Canyon, according to an announcement made last week by G. P. Brown, resident engineer at Del Rio.

The department is laying a base line for triangulation in measuring canyon width. This is the preliminary work for the construction of a billion dollar bridge which will span the Pecos Canyon and replace the present low-water crossing erected after the bridge washed away in the June flood of last year. — Sanderson Time.

EDW. A. CAROY OPTOMETRIST Complete Optical Service 24 YEARS IN SAN ANGELO Phone 5384

A few days ago in the House, HR 3822, known as the Mexican Labor Bill, was up for vote and some "veteran" Members of Congress kept watchful eyes on the visitors' gallery. Why? On March 1, 1954, just as the same bill was being discussed, the Portor Ricans blasted the Floor of the House with gunfire.

In fact, the shots came just as the vote was being started on the first amendment to the bill — so when we reached that point a few days ago, a Texas member said: "OK, boys, hold tight to your seats and get ready to return their fire. This is it!"

Congressman's mailbag: Want to look inside my mailbag, and see a portion of the contents for a recent day? . . . A portion of the contents: A city official wanted me to help him locate and buy a surplus firetruck . . . a "skin-diver" wanted me to help him obtain a pair of aqua-lungs . . . several persons asked for aid in securing the release of friends or relatives from the Armed Forces, petitions received both for and against the Federal Highway program . . . A father wanted me to have the State Department expedite papers for his son in Germany, who was attempting to get permission to marry a German girl before his overseas tour ended.

But back to that mailbag: A petition was received asking for aid to the American Indian . . . and a copy of a bill introduced by a United States Senator 28 years ago was sent to me, with a request that I check on the status of the bill — and I found that both the Senator and the bill had been a long-time dead.

I also had a letter from a man who wanted to locate a United States Senator from Missouri, who, before going to the Senate, had handled legal transactions for the inquiring person's grandfather. I found the Senator died 40 years ago. (Came a follow-up request: locate the Senator's old files and records).

Expected to be on the calendar for Floor Action during the week of July 11-18 are such measures as HR5168, the Farm Credit Act of 1955; HR 7089, having to do with Servicemen's Survivors Benefits; HR 5614, to amend the Communications Act of 1934 and HR 6373, to extend Domestic Minerals Program Act. It is possible also that the Minimum Wage Bill and certain Social Security Amendments might come to the House

during the upcoming week.

Some of our Major action last week included: Passage of HR 3822, to extend Mexican Labor Act for a period of three and one-half years by the House; Senate ratified four treaties on protection

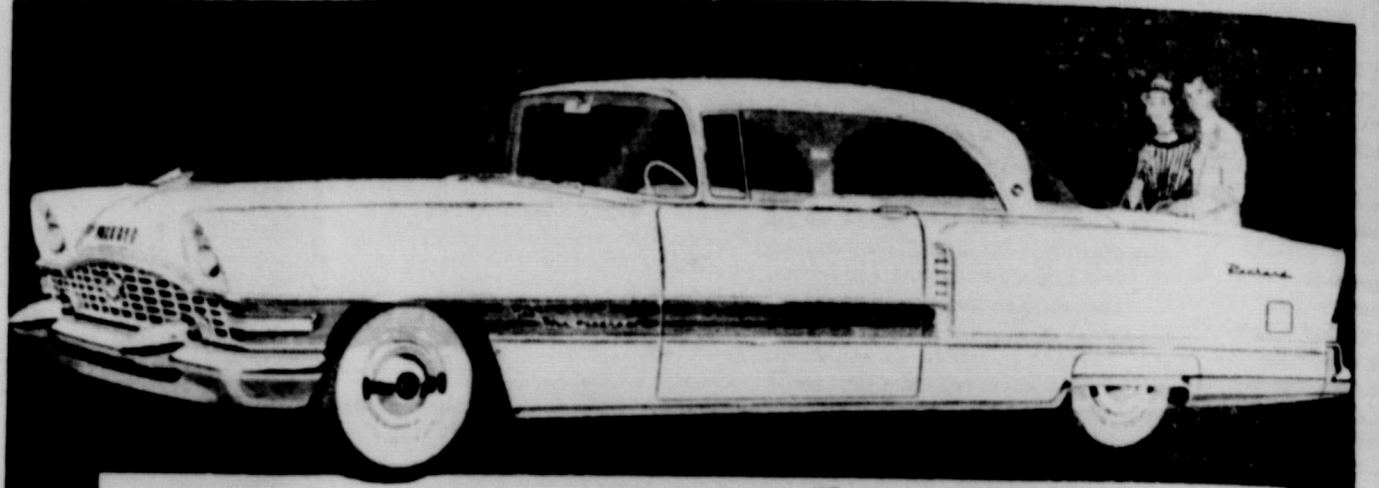

of war victims; Senate also cleared for White House action HR 3990, authorizing Federal investigation of water resources project in Alaska; House cleared mutual security bill for the President's action, passed Philippine trade re-

vision bill and adopted a conference report on the Military Public Works bill.

Attest: Sandra Augustine, Notary Public  
 Hillery Phillips, Boyd Clayton, Lowell Littleton  
 Crockett County, Texas

**From where I sit ... by Joe Marsh**

**Neither Rain Nor Hail ... Nor Broken Boxes!**

Red Fowler, local R.F.D. mailman, got an English car—with a right-hand drive so he can stuff mailboxes from behind the wheel. "It's great!" Red reports. "But it would work a lot better if all mail holders would follow regulations. A mailbox should be 40 inches high, on the right of the road... within reaching distance from a car window. If one is knocked down, the owner should have repairs pronto." Come to think of it, Red is pretty good about his obligations delivering packages, supplying

stamps, cashing money orders—saving us trips to the Post Office. Let's fix up those boxes so he can get his chores done fast.

From where I sit, obligations always work both ways. For instance, I figure that I'm obliged to respect your right to enjoy your favorite beverage—be it coffee, tea, beer, buttermilk or whatever. Why? Because I'd expect you to do the same for me. The Golden Rule should be followed "to the letter" by everyone.

*Joe Marsh*

**Go places with Studebaker**  
*...the Number 1 quality car!*

many other conservation measures, as well as irrigation and farmstead water improvements. Most of the soil and water conservation loans and loans to buy, improve, or enlarge farms are made from funds advanced by private lenders and insured by the agency.

The agency makes emergency loans, but only in areas designated by the Secretary of Agriculture as being in need of emergency loans due to some calamity. Crockett County is designated for emergency loans because of the drought.

Before the agency can make any loan, the applicant must have the approval of the County Committee. In the case of farm ownership loans, the farm to be purchased, enlarged, or improved must also be approved by the committee.

This agency does not make a loan of any type to an applicant whose credit needs can be handled by other credit sources.

**Field Representative Of Social Security Office Here Friday**

Holley E. Rees, San Angelo Social Security Field Representative for the Ozona area will be at the District Courtroom, Friday, July 15, at 9:00 a. m. to give personal service to claimants and other inquirers.

Since any farm or ranch employee who is paid as much as \$100 in cash wages from one employer is now covered by social security, it is very important that he be able to show his employer his social security account number card Mr. Rees stated.

If the worker already has a card, he should not apply immediately for an original or duplicate card. Application blanks are stocked at all post offices, or may be obtained at any social security office.

Social security offices are glad to furnish information on social security coverage for farm workers as well as on all other recent changes in the social security law.

**Pittsburgh Pirates To Conduct Tryout Camp At Ballinger**

The Pittsburgh Pirates will conduct a tryout camp at Ballinger, Texas, on Wednesday and Thursday, July 20 and 21. The sessions will be held at the Ballinger Baseball Field and will start daily at 9:00 a. m.

The camp will be under the direction of Pittsburgh Pirates scout Buddy Hanchen. Hanchen will be assisted by Bill Moore.

Players must be at least 16 years of age to be eligible to attend and no Junior American Legion player will be permitted to participate in the camp if such participation would interfere with any of his Legion activities, and such tryout will only be permitted with a letter of approval from either his Legion coach or the Commander of the Legion post he represents in Legion play.

Players are expected to furnish their own baseball shoes, uniforms and gloves with the Pirates furnishing all other equipment. Players will also be responsible for their traveling and living expenses, with the understanding that all expenses will be reimbursed to those signed to contracts with Pittsburgh organization clubs.
