## Sonora Bronchos Score All Of Ora's 21 Points In Season Thriller

By Ernie Boyd

Sonora Bronchos used two extra point kicks to defeat the gallant band of Ozona Lions 19 in Sonora last Friday in the opening district game of the season.

As far as Sonora's offense was concerned, it was Johnson's extra points, one of which was kicked from the 25, that spelled defeat for the Lions.

Johnson accounted for 171 of the 196 yards rushing and accounted for all of Sonora's pass yardage with two completions for 22 yards.

The ball game was in no sense, however, dominated by Sonora as the Lions roared into the game and held Sonora without scoring until four minutes into the half when the Bronchos scored a touchdown and kicked for a score. Sonora got its chance when the officials awarded a fumble to the Bronchos in the ball should have gone to the Lions.

Sonora came back strong in the second period and took a 14 to 7 lead when the Lions and Bronchos changed fumbles on the Lion to give Sonora its second score. Both of the Bronchos first two drives, Johnson was hit repeatedly the line of scrimmage and just did not go down.

The Lions, finding their offense stalled, turned to the spread and climbed right back into the game when Bobby Sutton led the ball club on a 70 yard touchdown march that was capped by a yard strike to Robert Martinez for the score. Sutton's try for extra point was wide and the Bronchos still owned a 14 to 13 lead.

The Lions held the rampaging Johnson and with time running out started goalward again, but this time Johnson picked off one of Sutton's passes and returned it to the Lion 15 before being hauled in.

Two thrusts at the line left the all just one yard closer and with third and nine to go facing Sonora, Johnson found Galindo open in the end zone and passed for the winning score.

The first extra point attempt was good but the Bronchos were caught holding and penalized 15 yards, but Johnson kicked it anyway.

Robert Martinez returned the kickoff 31 yards to the Sonora 19 and the Lions struck through the air in a sensational manner. Sutton drifted to his right and hit Stan Williams with a pass that ended up as a four yard retreat but when fading to his 86 he loosed a tremendous heave to Williams who gathered it in on the five and fell forward in the arms of three defenders to 2. Sutton slammed at left tackle twice, the second time going into the end zone. Again the kick failed and the ball game was just about over.

The Lions gained 141 yards rushing and 157 passing for a total of 278 yards as compared to 196 rushing and 22 passing for a total of 218 for Sonora.

First downs favored Ozona 15 to 9 but unfortunately the score is all that counts and it was 19 to 21.

## New Dodges-Plymouths To Be Shown In Open House at James Motor

The all-new Dodge and Plymouths for 1957 will be shown for the first time next Tuesday, October 30, when James Motor Co. will hold open houses all day in the greatest new car show in years.

"This is our 22nd year of showing, selling and servicing Dodge and Plymouth cars. We feel that we have the best products of the industry to show this year," Frank James, owner, said of the Tuesday show.

Coffee and doughnuts will be served to all visitors during the day and some mighty handsome door prizes will be awarded in a drawing set for the following day. All visitors will be asked to register and six different attendance prizes will be awarded in the drawing.

First prize will be a \$50 credit on a set of new U. S. Royal tires. Second prize will be 100 gallons of Humble gasoline; third prize will be 50 gallons of gasoline. Fourth prize will be two gallons of Zerex anti-freeze, fifth a complete motor tune-up for your car and sixth, a wash and polish job on your car. The drawing has been set for 2 p. m. Wednesday, the day after the show.

## Cub 'B' Team Comes From Behind To Down Rankin Squad 24 to 7

By Roy Killingsworth

Three long runs and heads up defensive play in the second half turned apparent defeat into victory for the Cubs "B" team in a game played in Ozona Tuesday afternoon of this week. The Cubs went into the second half trailing Rankin 7 to 6 but went into the lead when Deeney Holden returned the opening kickoff 65 yards and a touchdown to go into a lead and finally win going away 24 to 7. This was the final game of the season for the Cubs "B" team.

Rankin received on their own 49 to open the game and scored on a 40 yard run on the third play of the game to go into a 7-0 lead that held up until the second half.

After an exchange of punts during the remaining part of the first quarter and the beginning of the second quarter, the Cubs took the ball on their own 33 and began a touchdown march climaxed by one yard sneak by Richard Sikes for the TD. This touchdown drive was kept alive by the sharp running of Carl Montgomery, Deeney Holden and Rudy Martinez. Score at the end of the first half Rankin 7 Ozona 6.

After Holden returned the opening kickoff to bring the score to 12 to 7, Rankin failed to gain and punted to Ozona on their own sixteen. After a gain of two, Carl Montgomery broke over center and fought his way for 82 yards and the third Ozona touchdown. Montgomery was slowed, detoured and hindered on this run but never stopped as he turned in one of the better runs of the Cubs for the season. Score now 18 to 7 for Ozona.

The remaining part of the game was played in the center of the field with neither team threatening to score. Both teams were using the smaller boys who did not get to start the game.

Late in the fourth quarter Rankin tried a pass that was intercepted by Van Miller who returned it 60 yards and a touchdown behind some beautiful blocking to bring the final score to 24 to 7 for the Cubs.

Boys seeing action Tuesday afternoon were: Richard Sikes, Carl Montgomery, Rudy Martinez, Mark Baggett, George Blackstone, Art Kyle, Desney Holden, Jimmy Sutton, L. D. Long, Bob Childress, P. L. Childress, Van Miller, Tommy Fields, Buddy Anderson, Bob Herrera, Louie Mock, Tommy Everett, Fletcher Coates.

Only one game remains on the Junior High schedule and that with Del Rio on Nov. 8th. The game to be played at 7 p. m. A charge of 35 cents and 15 cents will be made at this game.

## E.L. (Son) Chapman Died Tuesday In Santone Hospital

Native Of Ozona Laid To Rest In Services Here This Morning

Funeral services were held at 10 o'clock this morning from the First Baptist Church for Ergar Lee (Son) Chapman, 64, a native Ozonan, who died early Tuesday morning in a San Antonio hospital.

Services were conducted by the Rev. Troy Dale, pastor. Burial followed in Cedar Hill Cemetery with Cody Funeral Home in charge of arrangements.

Pallbearers were James Chapman, Joe B. Chapman, Ed Shepperson and Byron Patterson, all of Ozona, Dan Kidd of San Angelo, L. E. Henderson of Langtry and Dub Hodges of Pumpville.

Mr. Chapman had been ill for the past six months and his condition had been critical for the last month. The family had moved to Ozona in September to seek their young son to school.

Born Aug. 9, 1892, in Ozona, Mr. Chapman was the son of the late Mr. and Mrs. Jim Chapman, pioneer Crockett county ranch couple. He had been in the ranch business most of his life, ranching about 21 miles northeast of Pumpville, for the last 32 years.

Survivors include the widow; two sons, Eddie Lee Chapman of Lovington, N. M., and Joe Boy Chapman of Ozona; one brother, Joe Chapman of Ozona; six sisters, Mrs. Ralph Watson, Mrs. Sam Cox, Mrs. Eldred Roach, all of Ozona, Mrs. Bill Foster of Houston, Mrs. Dan Kidd of San Antonio and Mrs. Louis Lagging of Douglas, Ariz., and one grandchild.

## Intermediate MYF In Trick Or Treat Drive For Needy Children

Members of the Intermediate Methodist Youth Fellowship will conduct their annual "Trick Or Treat" drive for hungry and sick children of the world Halloween night, next Wednesday, Mrs. H. B. Tandy, sponsor of the group, announced yesterday.

The group will gather at the church at 7 p. m. and will divide the town into sections and make only one call to a home. They will be identified by their marked collection cartons and arm bands.

Officers of the Intermediate MYF are Richard Sikes, president; Ann Davidson, vice president; Barbara Barbee, treasurer; Carl Montgomery, secretary; Sandra Whitaker, MYF Fund treasurer. Mrs. Arthur Kyle and Sandra Rathiff headed the planning committee.

## Stanolind Completes Noelke Field Gasser

The Noelke, Northeast (Queen sand gas) field of Crockett County has been extended one location north with completion of Stanolind Oil & Gas Co. No. 1 Albert Falting, in 3-0, Marshall Survey, 5 miles east of Iraan.

It was completed for a calculated absolute open flow of 2,675,000 cubic feet of dry gas daily.

Production was through perforations between 2,380-2,490 feet in 5 1/2-inch casing sets at 2,500 feet. Derrick floor elevation is 2,812 feet.

## Ozona Student Has Part In NTSC Play

DENTON — Kent Chapman, son of Mr. and Mrs. Joe G. Chapman, Ozona has been cast in the North Texas State College production of the Spewack play, "My Three Angels," Oct. 30 to Nov. 3.

Chapman, a sophomore drama major, will portray the part of Paul. He has also been active in student dramatic activities at Sul Ross State College.

DUCK HUNTERS — Fifteen miles of river front on Pecos river for lease to group of hunters. Ducks plentiful in season. For information call 594.

## Rotary Club To Stage Second Annual Turkey Shoot Here Nov. 11

The Ozona Rotary Club will stage its Second Annual Turkey Shoot on Sunday afternoon, November 11th.

The club had a very successful shoot last year, making enough to supply glasses for underprivileged children in the community for the past year, but the fund has been exhausted and there is need for more glasses.

The club hopes all sportsmen will mark the date of November 11th and plan to come out and warm up their guns prior to the opening to hunting season.

There will be a number of different kinds of shoots, including shooting at heads of live turkeys and target shooting for both large and small bore guns. Many valuable prizes as well as live turkeys will be offered as prizes for expert marksmen.

## Eldorado Next Big Obstacle In Path Of Lions

## Eagles Rated For Top Spot In District Competition

By Ernie Boyd

The Ozona Lions will travel to Eldorado this week to face the team picked by many in pre-season guessing to be the district champion this year. Even though the Eldorado team has not been as impressive as was at first expected they may still fulfill the predictions made for them before the season began.

Ozونا emerged from the 21 to 19 loss to Sonora with few injuries but may have lost end Jerry Jacobs for the week. It is still too early to tell for sure, but the sophomore wingman does not appear to be healing rapidly enough to be ready this week.

Eldorado, with a host of senior lettermen from which to mould a team has shown a crumpling ground game that has averaged around 300 yards a game, but thus far have been hampered by lack of a goal line punch.

While the Lions were pulverized 46 to 19 by Big Lake, the Eagles lost to the Owls 26 to 0, despite gaining over 300 yards and pushing inside the Owl 20 some six or seven times only to fail to dent the goal line.

The Ozona defense looked sharp for the first time this year last week and if the Lions can approach the level they attained last week the Eagles are apt to get some of their tail feathers pulled.

Gerald Stockton, a big bruising fullback, leads the Eagle offense but the Lions had more trouble with two fleet half backs, Harris and Solge in their meeting last year.

In other district games last week Menard came from behind to defeat Junction 26 to 18 in a free scoring contest that saw Junction score twice before Menard could count.

### District 8-A

Team	W	L	Pts	opp. pts
Sonora	1	0	21	19
Menard	1	0	26	18
Ozونا	0	1	10	21
Junction	0	1	18	26
Eldorado	0	0	0	0

## Continental Schedules Stepout In Crockett

Continental Oil Co. will drill its No. 16-C-T. Harris one location north and slightly west of production in the World, West (Strawn) field of Crockett County, 13 miles south of Texon.

Rotary drilling to 8,300 feet will begin when permit is received.

Location, on a 1,429-acre lease, is 3,300 feet from the south and 8,100 feet from the east lines of 1-BB2-N. A. Miller survey.

Miss Janice Spencer, attending Texas Tech in Lubbock, visited her parents, Mr. and Mrs. C. O. Spencer, over the week-end.

## Cub First Team Cops 8th Win In Row Over Big Lake Juniors 32-13

By Roy Killingsworth

The Ozona Cubs won their eighth consecutive game of the season when they soundly outplayed the junior high boys from Big Lake in a game in Ozona Thursday of last week. Thirty-eight Cubs saw action in this game that saw Coaches Womack and Lewis substitute by units all during the game.

The first unit, composed of the starting eleven, did all of the scoring for the Cubs and held the boys from Big Lake without a first down all evening. Big Lake scored one of their touchdowns on the second unit while the last one was scored on the third unit.

George Ybarra scored four times on runs of 12, 3, 44, and 50 yards while Johnny Jones scored the other touchdown on a keeper around right end on a run of 16 yards. To add to the score, Jim Williams added two extra points in the 32 to 13 victory.

Williams kicked deep into Big Lake territory to open the game and Galindo recovered a fumble on the first Big Lake play of the game on the 28. It took two plays to score with Freeman making 16 through the center of the line and Ybarra scoring from the 12. Ozona scored the next time they received the ball but not quite so quick making the score 12 to 0 as the first quarter ended.

Ozونا second unit took the field as the second quarter opened and it took Big Lake ten plays and three first downs to move the ball 68 yards for a touchdown.

With the score now Ozona 12 and Big Lake 7 the first unit came back to score in four plays with the final play being a pass from Jones to Ybarra good for 44 yards and the TD.

The second unit came back to hold the Owls for the remaining part of the first half.

On the third play of the second half, Ybarra broke over left tackle and outran the secondary for 50 yards and another Ozona touchdown, with the extra point the score now reading Ozona 26 — Big Lake 7.

With the third unit on the field, Big Lake made their second touchdown during the final minutes of the fourth quarter on a fifty yard run, score now 26 to 13, Ozona.

The first unit came back to score in three plays from their own 37. Jones passed to McMullan for 17, then passed to Good for 24. Jones then rolled out to his right for 16 yards and the final score of the game.

Jones attempted four passes during the game and completed all of them for a total of 105 yards.

The Cubs starting unit used 21 offensive plays to score five touchdowns against a Big Lake team that had seven freshmen on its starting line up.

Don't forget the final game of the season for the Cubs when Del Rio comes to Ozona for a return match. Should be one of the better games of the year, regardless of class.

## Pure Oil Co. Finals Pumper In Block 44 Ellenburger Field

The Block 44 (Ellenburger) field of Crockett County gained its second well and 1/2-mile southeast extension with completion of Pure Oil Co. and Texas Pacific Coal & Oil Co. No. 2-D University, 11-44-University, 8 1/2 miles southwest of Barnhart.

It was completed for a daily pumping potential of 111 barrels of oil, plus 1 per cent water.

Completion was through perforations between 9,211-221 feet.

The discovery, the same operator's No. 1-D University, was completed July 18 for a daily-flowing potential of 208.5 barrels of 47.2 gravity oil, with gas-oil ratio of 583-1, through a 24-64-inch choke and perforations between 9,028-396 feet.

The unusual, the new and the different kind of tropical fish will be found at the Aquarium Pet Shop, Phone 67.

## 4-H Club Elects, Sets January 12 County Show Date

## Erby Chandler Named Club President; 29 Members Feeding

Erby Chandler was elected president of the Crockett County 4-H Club at a 4-H club meeting held Monday night. Erby has been a 4-H club member nine years and during this time has stacked up a fine record of show winnings and judging achievements.

B. B. Ingham, III, was elected vice-president; Tommie Sue Chandler, Secretary; and Jacquelyn Williams, Reporter. The club members selected Alma Ingham, a 4-H Club member, as their 4-H club sweetheart.

The members selected as their adult leaders for the coming year, Mrs. James Childress, Mrs. H. C. Noelke, Jr., Bill Childress, and Jake Miller.

The Tenth Annual Crockett Show date was set for January 12th, while the site for the show has not been decided upon. Show judges were voted on for fat lambs calves, and breeding sheep and as soon as their acceptance is received will be announced.

Twenty-nine 4-H club members are feeding 125 fat lambs, 3 calves, 12 commercial ewe lambs and 60 Registered Rambouillet breeding sheep for the Spring Shows. Members are George Bunker, Erby Chandler, Tommie Sue Chandler, R. J. Everett, Joe Everett, Ladey Everett, B. B. Ingham, Alma Ingham, Judy Ingham, Pierce Miller, Jay Miller, Jacquelyn Williams, Billy Troy Williams, Larry Williams, Tommy Everett, Bill Jacoby, David Jacoby, Bob Childress, Frank Childress, Pleas Childress, Pam Jones, Abe Carruthers, Bob Carruthers, Mark Baggett, Penn Baggett, Jimmy Baggett, Herbie Noelke, Fremda Kay Noelke, and Bryan Montgomery.

The district 8-A basketball organizational meeting was held in Menard last week and the district schedule drawn up for the coming season.

At present Coach J. A. Pello expects to call the candidates for the 1956-57 season to practice Nov. 19th, with only one regular and three squadmen returning from last year's district championship club.

Interscholastic league rules limit the number of tournaments that a team can enter to three, and these three this year will be a pre-Christmas tourney in Rankin, the Big Lake tourney, which has been moved forward one week in January, and the Ozona Tourney which has been moved forward to the third week in January.

The Lions will open district play with Menard on the Lions court which is a departure from the last few years trip to Sonora to open the district chase.

## Pello Faces New Cage Season With Only One Regular Back From '55

By Ernie Boyd

Coach Pello will have some strong sophomores in David Sikes, Cleo Cervantex and Humberto Cervantex, in addition to several juniors among whom Rodney Franklin and Bobby Vargas are most promising.

In addition to the ones named Coach Pello will have some strong sophomores in David Sikes, Cleo Cervantex and Humberto Cervantex, in addition to several juniors among whom Rodney Franklin and Bobby Vargas are most promising.

THURSDAY, OCT. 25, 1956

#### BEST DEMOCRAT IN THE RACE

By G. Dixon Mahon  
West Texas Regional Chairman  
Democrats For Eisenhower

A Conservative Party was born in 1787 which adopted the following principles:

Direct popular control of government; the fullest measure of personal liberty consistent with law and order strict interpretation of the Constitution; preservation of the rights of the States; and opposition to centralize power in the Federal Government.

This Party was the Democratic Party, the party of the people, the conservative Party, adhering to these enumerated principles. But because its leadership has been, in the last several years, taken over by certain minority groups and because the present leaders have reversed every principle of the Party under which it was born and existed, the 1956 National Democratic Party can neither be considered the Party of the people nor can the label, being usurped by the left-wing liberal politi-

cians, be used to pull the wool over our eyes.

A political party is only the means or vehicle by which the people obtain in Government the principles in which they believe. The important things are the principles. When the party or means are usurped or taken away by persons alien to what we believe, we must find other means.

We are fortunate, for these stands a man through whom we can realize a continuation of conservative government; that man is Dwight David Eisenhower.

First, he wants to conserve the system of free markets and private initiative.

Second, he believes in the preservation of the tradition of incentive and reward.

Third, he wants to conserve the integrity of the peoples' money.

Fourth, he seeks to conserve the market mechanism when the government must act to avert a depression or inflation.

Fifth, he seeks to conserve and strengthen the economic ties among the free Nations.

What has been accomplished under this philosophy?

1. We are at peace. Transition from war to peace economy has been accomplished by encouraging business to create record prosperity.

2. The budget will be balanced in fiscal 1956 with surplus expected.

3. Inflation has been halted. The dollar value changed less than one cent since Eisenhower took over in 1953. From 1939 to 1952 the dollar had dropped forty-eight cents.

4. Wage, price, rent and material controls have been ended.

5. The government cooperates with business instead of dictating to it.

6. Strike losses are 53% lower than under the preceding Administration.

7. Government has been removed from many activities competing with private business. The administration has sold 25 synthetic rubber plants at profit of \$10 million

dollars; sold inland water ways large lines, which had been operating at a loss, for \$9 million dollars; got defense department out of many commercial activities, such as coffee roasting, logging and sawmill operation, bakeries, laundries, ice cream plants, etc., etc.

8. The Reconstruction Finance Corporation has been liquidated.

9. It has practiced economy, cut off fat, unnecessary jobs eliminated, up to 273,000 positions taken off federal payroll at a saving of over \$1 billion dollars a year.

10. Our military defenses are the strongest in peace time history at a greatly reduced cost. In fiscal 1953, under the Truman budget, national security costs totaled \$50.4 billion dollars. In fiscal 1956, under Eisenhower, the total cost was \$39.5 billion dollars.

11. By better buying methods and use of property, in two years the General Services Administration saved \$330 million dollars by salvaging and redistributing old property for reuse last year alone, and taxpayers were saved \$71 million dollars.

12. Cut taxes by billions, an all time record, including \$3. billion cut in individual income taxes; \$1.4 billion cut in excise taxes; \$1.4 billion cut by liberalized deductions and fairer tax treatment of millions of persons and thousands of businesses.

13. Tax laws revised in the direction of values.

14. Ended crook and crony favoritism and sent to prison a large number of tax evaders, crooked Revenue Officials and racketeers.

If we Democrats will but search our intellect thoroughly, we will find that there is but one choice for President, Dwight David Eisenhower the best Democrat in the race.

Mr. and Mrs. Taylor Word of Ozona visited their son and daughter-in-law, Dr. and Mrs. Max Word in Dallas over the week-end. Dr. Word, a graduate of the A&M College veterinary school, is now a medical student at Southwest School of Medicine in Dallas.

## Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower or even in our town Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty well spoken man, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick, whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did the just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "He has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw McGovern's candidate out with the tail out of."

"The ones I am worried about are those out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It sure is hard to face Ike with their attitude."

"To tell you the truth, this country isn't a terrible thing, but the Stevenson guy driving it."

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators.

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right."

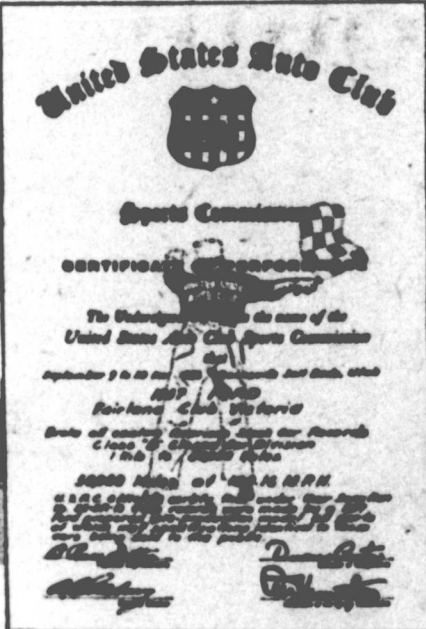

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelands bill."

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and they are rejected and this country home on being peaceful, progressive and progressive. It's liable to get them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was kidding, and he didn't like it much, but he'll call him the next time one of the kids gets the group, because like I said he's the only doctor in town.

Tex

Never before in history has anything built by man traveled so far in so short a time — by land or sea!

## An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 29 days. Ford No. 1 averaged 106.10 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 438 national and international records.

This test was run on the Bonneville Salt Flats in Utah... It was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal

to 5 years of normal driving.

Not in all history had a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear-of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car—buying dealer—the greatest the world has ever seen.

### EDITORIAL

Although we call you "Dearest Juniors", you, the senior class of 1951, are really well liked here because of your ever unbroken spirit.

When the going of school and lessons really gets dull, we can always count on members of the junior class to put things up. Sometimes it's a 25-cent piece in the flag pole, or a sign on the water tank, or a car parade during noon. What ever the case, it's the juniors.

Thanks kids, for adding the spice we need for a good school!

### ASSEMBLY

Last week Mrs. Kiefer took us on a trip to Holland by means of a projector screen and slides. The scenes were beautiful and very interesting to us because of the differences in our country and there. We saw the fields where tulips are raised, the weather vane cottages, the small flower vans, the bicycles which are the main means of travel to church, and the old towns with the curious buildings and the churches. The houses were the most beautiful sight we saw. The great light conditions, according to color, and the unusual architecture is breathtaking.

Thank you so much Mrs. Kiefer for this very interesting program.

### THANKS TO OUR SUPPORTERS

Dear Senior Supporters:  
 To you who are making our senior trip the climax of our senior year, we would like to say "THANK YOU!" You have contributed to us by buying our concessions. We feel you have enjoyed eating with us at the football games; although sometimes the cold drinks were not cold, nor the hot dogs hot. We have done our best and we are certain we will improve our service.

We are looking forward to the next home game, November 20, to help us gain a foundation for our senior trip.

Thanking you again, The Senior Class.

### AM SAYS

In a clean-cut thriller Friday night the Oregan Lions took the fall out of a 38-0 score against the Seneca Braves.

It was predominantly by one of the biggest passes ever completed in school-day football, a 64 yard kick from Rocky Sullivan to Stan Williams.

This Friday we will meet the Sitkone Eagles in a contest that could possibly decide the district winner.

The Oregan K will play the Sitkone K tonight. The winner is doubtful but as a lion Oregan K will try to get the K game.

Following the game with Sitkone we have a week-long lay-off, but when we finish the road, I hope we will be ready to start.

It is a hard working, determined kid, doing what he can for his team. You see when you get out of the feeling up-set that your team lost, he can make you feel sincerely ashamed with "I tried!"

It is the sixth week of school since I began. Still expressing my opinion about the school, with a loud clamor of "Six weeks test have begun." "Six weeks isn't it?" "Not more than nine or ten anyway, but as six weeks is an institution — I take this opportunity to expose them.

Weeks before they arrive, students spend hours studying them. Then during the last they don't sleep a wink. All you have to do is study, study, study. Now are here with all the important questions like: What is the name of pi? What was Geronimo's middle name? How many people there were who had glass eyes in Florida peninsula? What is the volume of a body of gas if it is 14 feet by 3 meters, by 100 paracents, its internal security number is STUPE-90-8888888, and was interrogated for pro-

### F. M. A. NEWS

On October 24th, the Future Homemaking girls met in the homemaking cottage.

We talked about having a Halloween Party.

Dartha Melton reported on the State meeting.

After the meeting was adjourned by Maggie Dale, refreshments were served.

Come to our next meeting!

### SCIENCE CLUB NEWS

The Oregan Science Club has elected its officers for the year. They are: President, Betty Moore; Vice-President, Joe Sedman; Secretary, Jim Burton; Assistant Secretary, Judy Dale; Reporter, Ray Neil; Killingsworth, Sponsor, Mr. Smith.

As of yet all of the members haven't gotten their projects started, but a few very interesting ones have been planned.

### SCOTCHMERE REPORTS

This last week has been an uneventful one. George has been in the hospital as result of a back injury in football practice. What could have happened? Was it a smart rick? "Wahin has been at the hospital a lot lately? I wonder if she's sick?" Some news came to George while he was in the hospital.

John had to go to the hospital after the Seneca game. You can't get it too down there. By the way, if you missed the Seneca game, you missed the greatest high school game ever seen! But here I thought all the way Jerry got his ankle hurt in the first play of the game! H's all, hobbling around!

Walter seems to have gone with something from Alvin territory. Sit, Cars!

By the way, Walter's dog got hit and she had to chase it all over town — The "outback" Babe!

ery where — underneath, on top of, running around, jumping over, passing by, twisting from or driving through the evening. Teammates rub them, officials penalize them, students cheer them, kid brothers idolize them, coaches criticize them, observers advise them, and mothers worry about them. A football player is covered in cloths, hops in a helmet, pants in pads, and the best of young manhood in incubation.

When your team is behind a football player in incubation, carelessness, indecisive, lazy, undisciplined and stupid. Just when your team threatens to turn the tide of battle, he misses a block, fumbles the ball, drops a pass, jumps offside, falls down, runs the wrong way and completely forgets his assignment.

A football player is a composite he calls like Notre Dame, strong like Notre Dame, but more often than not plays like Grand Canyon Grade School. To an opponent's publicist, he has the speed of a gazelle, the strength of an elephant, the size of a fox, the guilelessness of a cat and the ability of Red Grange, Glen Davis, Bronko Nagurski and Jim Thorpe combined!

To his own coaches he has, for press purposes, the stability of a snail, the fleetness of a small the mentality of a mule, is held together by adhesive tape, boiling wire, sponge rubber and has about as much chance of playing on Friday as would his own grandfather!

To an alumnus, a football player is someone who will never kick as well, run as far, block as viciously, tackle as hard, fight as fiercely, give as little ground, score as many points or generate nearly as much spirit as did the particular players of his yesterday.

A football player is a wonderful creature — you can criticize him but you can't discourage him. You can defeat his team but never his spirit.

Night as well admit — he is an alumnus, coach, or fan, he is your football player as found in-

personal representative field, your symbol of hard play. He may not be American but he is an American. He is not out for his race, religion, democratic or finances, but he blocks, tackles, and seeks individual glory for the sake of his team.

He is a hard working, determined kid, doing what he can for his team. You see when you get out of the feeling up-set that your team lost, he can make you feel sincerely ashamed with "I tried!"

### YAMMING AND GOING

The student council is working hard on the Halloween dance which is Saturday night. We hope everyone will come to the cafeteria for a big time.

Winners of the most popular contest were Liz Pearson and George Suncer. Congratulations kids!

Someone is getting pepped up for the Sitkone Eagles Friday night. Good luck Lions!

Congratulations to the Lions for the outstanding game they played Friday night.

Miss North got a new electronic read her camera. She says she loves pictures and is going to be better than ever!

### WHAT IS A FOOTBALL PLAYER

Football players are found everywhere where — underneath, on top of, running around, jumping over, passing by, twisting from or driving through the evening. Teammates rub them, officials penalize them, students cheer them, kid brothers idolize them, coaches criticize them, observers advise them, and mothers worry about them. A football player is covered in cloths, hops in a helmet, pants in pads, and the best of young manhood in incubation.

When your team is behind a football player in incubation, carelessness, indecisive, lazy, undisciplined and stupid. Just when your team threatens to turn the tide of battle, he misses a block, fumbles the ball, drops a pass, jumps offside, falls down, runs the wrong way and completely forgets his assignment.

A football player is a composite he calls like Notre Dame, strong like Notre Dame, but more often than not plays like Grand Canyon Grade School. To an opponent's publicist, he has the speed of a gazelle, the strength of an elephant, the size of a fox, the guilelessness of a cat and the ability of Red Grange, Glen Davis, Bronko Nagurski and Jim Thorpe combined!

To an alumnus, a football player is someone who will never kick as well, run as far, block as viciously, tackle as hard, fight as fiercely, give as little ground, score as many points or generate nearly as much spirit as did the particular players of his yesterday.

A football player is a wonderful creature — you can criticize him but you can't discourage him. You can defeat his team but never his spirit.

Night as well admit — he is an alumnus, coach, or fan, he is your football player as found in-

personal representative field, your symbol of hard play. He may not be American but he is an American. He is not out for his race, religion, democratic or finances, but he blocks, tackles, and seeks individual glory for the sake of his team.

He is a hard working, determined kid, doing what he can for his team. You see when you get out of the feeling up-set that your team lost, he can make you feel sincerely ashamed with "I tried!"

### TEST!!

It is the sixth week of school since I began. Still expressing my opinion about the school, with a loud clamor of "Six weeks test have begun." "Six weeks isn't it?" "Not more than nine or ten anyway, but as six weeks is an institution — I take this opportunity to expose them.

Weeks before they arrive, students spend hours studying them. Then during the last they don't sleep a wink. All you have to do is study, study, study. Now are here with all the important questions like: What is the name of pi? What was Geronimo's middle name? How many people there were who had glass eyes in Florida peninsula? What is the volume of a body of gas if it is 14 feet by 3 meters, by 100 paracents, its internal security number is STUPE-90-8888888, and was interrogated for pro-

It is heart-breaking and trying, bone crushing and brain draining, so why can't we end it? Then after it is all over you are studying for next six weeks' examinations!

**Garden Club Reminders**

Shrubs that will do well in this area, classified by height:  
Large — Eucalyptus japonicus, up to 15 feet; pittosporum (tender) 6 to 15 feet; Pyracantha, red and orange berries; sumac; tamarix; retama, photinia.  
Medium — Cotoneaster; Graythorn; Spring Glory; Lynebird's Gold; Yew, Podocarpus; Elaeagnus, Fruit Landi; Spirea, Reeves Double; Abelia, grandiflora, 6 to 8 ft.; Jasmine, averygreen; Holly, Burfordi; Nandina, Mahonia, Sen- sa.

Small shrubs—Euonymus, pulchellus, dwarf; Hypericum; Cotoneaster horizontalis; Tamarix hispida, 3 to 4 ft.; Red Honeysuckle.  
Large trees — Honey Locust, Mimosa, Retama, Huisache, Live

Oak (slower growth); Moraine Locust (no seed pods or thorns, slower growth).

**METHODIST WSCS MEET**

Study on Southeast Asia was continued when the Woman's Society of Christian Service of the Methodist Church met Wednesday morning at the church. The study, on Indonesia and the Philippines, was led by Mrs. L. B. Cox, III. Devotional was by Mrs. J. S. Pierce, III and the closing prayer by Mrs. J. A. Fussell. Coffee was served by Mrs. S. M. Harvick.

Members present were Mrs. L. B. Cox, III, Mrs. Joe Pierce, Mrs. Charles Williams, Mrs. J. A. Fussell, Mrs. B. B. Ingham, Mrs. H. E. Tandy, Mrs. Floyd Henderson, Mrs. S. M. Harvick, Mrs. Herbert Kunkel, Mrs. O. D. West, Mrs. Bailey Post, Mrs. John Henderson, Mrs. Ewart White, Mrs. R. A. Harrell, Mrs. V. I. Pierce, Mrs. W. D. Cooper, Mrs. Madden Read, Mrs. Taylor Word, Mrs. Clay A-

dam, Mrs. J. S. Pierce, III, Miss Ethel Wolf and one visitor, Mrs. Nat Read.

**THE DEMS ONLY HOPE**

In keeping with their usual high-level, statesman-like methods of campaigning, the Democrats have now put out a windshield sticker which says: "Don't Blame Me I Voted Democrat — If you want a golfer, let's elect a good one"

If we did not consider the presidential election too serious a matter for such high jinks, we could easily come back with a shoe for the opposition's foot: "Bob Hope for President — If you want a comedian let's elect a good one."

All of which makes us wonder: what ever happened to those "Don't Blame Me I Voted Democratic" stickers?

Mrs. William Van Zandt Sloan  
... nee Miss June Perner

### Miss June Perner Becomes Bride Of William Van Zandt Sloan In Methodist Church Rites

Miss June Perner, daughter of Mr. and Mrs. Stephen Perner of Ozona, became the bride of William Van Zandt Sloan in a ceremony Saturday afternoon in the Ozona Methodist Church. Rev. Leroy Russell, pastor, officiated at the double ring ceremony. The bridegroom is the son of Mr. and Mrs. Clarence Sloan of Saginaw, Texas.

Mrs. R. A. Harris, organist, accompanied Jim Ad Harvick, who sang nuptial selections.

For her wedding the bride chose a dress of pure silk taffeta in antique white, cycled with bodice of hand-clipped Chantilly lace and a Sabrina neckline. The softly draped skirt formed a bustle effect and extended into a sweep train. For something old she wore a ring of her great grandmothers, Miss Susie Schneemann, cousin

of the bride, was maid of honor. Mrs. Chris Perner of Lubbock and Mrs. Sam Perner of Ozona were matrons of honor. Bridesmaids were Misses Nancy Schwartz of Fort Worth, Miss Elizabeth Kohler of Dumas, and Miss June Ringer of Ozona. Louise Perner, niece of the bride, was the flower girl. Charles Maugham of Smithfield attended the bridegroom as best man. Ushers and groomsmen were George Enloe, Fort Davis; Sam Perner and Chris Perner, brothers of the bride; Bob Schwartz, Haslet, and Penn Cruz, Fort Worth, nephews of the bridegroom.

Following the ceremony, a reception was held in the fellowship hall of the church. Receiving guests at the door were Mrs. Pleas Childress, Mrs. Eldred Roach and Mrs. Joe Pierce. In charge of

corsages for the house party were Mrs. T. J. Bailey, Mrs. Marshall Montgomery and Mrs. Jim Ad Harvick. At the bride's book were Mrs. Jack Brewer and Mrs. Bill Schneemann. Music during the reception hours was provided by Mrs. H. B. Tandy and Mrs. Hillery Phillips, Jr. Pouring were Mrs. Roy Henderson, Mrs. S. M. Harvick, Mrs. Hillery Phillips and Mrs. George Montgomery. Serving the wedding cake were Mrs. L. B. Cox, Jr., and Mrs. Lowell Littleton.

Others in the house party were Mr. and Mrs. Paul Perner, Mr. and Mrs. Hugh Childress, Mr. and Mrs. Will Baggett, Mr. and Mrs. Boyd Cox of Rankin, Mr. and Mrs. Max Schneemann, Mrs. Louise Murchison of Fort Stockton, Roy Henderson, Marshall Montgomery, Mr. and Mrs. P. C. Perner, Mr. and Mrs. Richard Flowers, Mr. and Mrs. Bill Baggett, Mr. and Mrs. Ele Hazelstein, Mr. and Mrs. John Coates, Mr. and Mrs. Hugh Childress, Jr., Mr. and Mrs. Bill Schneemann, Mr. and Mrs. George Banger, Mr. and Mrs. George Bean of San Angelo, Mrs. Charles Williams, Mrs. Armond Hoover, Jr., Mrs. Charles Schneider and Eldred Roach of Eldorado.

Following a wedding trip to New Mexico, the couple will be at home on the Sloan farm north of Saginaw. The bride is a graduate of Ozona High School and of Texas Christian University, Fort Worth. She taught in the Ft. Worth Public Schools last year. Her husband attended AAM College and is engaged in the cattle business.

Mr. and Mrs. Roy Henderson entertained Friday evening at the rehearsal dinner in their home.

Relatives of the bridegroom attending the wedding were his parents, Mr. and Mrs. Clarence Sloan of Saginaw, Mr. and Mrs. Bill Crantz and two sons, Fort Worth, Dr. and Mrs. Fisk of Santa Fe, N. M., Mr. and Mrs. Charlie Smith of Houston, Mrs. P. K. Bond, Mrs. J. Schwartz, Mrs. John Ferrell and son, John, Jr., all of Fort Worth.

New shipment tropical fish at the Aquarium Pet Shop.

### HE'S TALKING ABOUT THE TIDELANDS?

In a Great Falls, Montana, speech, Stevenson said the Eisenhower administration has permitted public lands to "be invaded by and given away to selfish private interests."

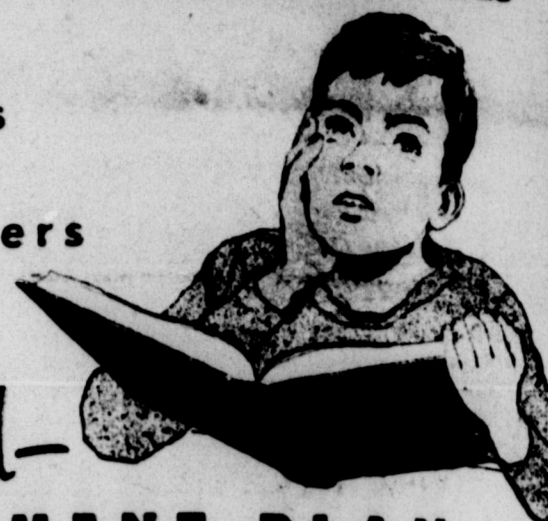

The shiftily-lipped Stevenson quickly reversed his field then and said: "I want a government that will honor its obligations to generations yet unborn."

The latter is exactly what Ike did when he signed the bill returning the Texas tidelands. He see.

was honoring governmental obligations not only to future generations, but to the present generation. And the tidelands are "no more dead than is Alaska." Just elect a Democratic President and Congress and

### Barnyard "WHOOdonit"

The Barn Owl Controversy still rages in our town. One group claims owls should be protected because they eat vermin. The other faction holds that those little howlers also eat chickens... and should be shot.

Now Pops Parker claims both parties are right. All owls clean up vermin. Some owls also clean out an occasional hen yard.

The way to spot a bad owl, according to Pops, is to put up a 10-foot pole in the chicken run with a No. 2 trap on it. A marauding bird generally perches to

look over the situation before he strikes, giving you your evidence, and the culprit!

From where I sit, I doubt if this will end the owl argument. People have different opinions on the subject—just as they have different opinions about whether beer, tea or what-have-you makes the best thirst quencher. Examine the facts and make up your own mind. I say... and be thankful we live where that's possible.

## Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sled-hammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new 57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

Come in and see how well these new Alcan champs measure up to your job.

### FIRST WITH THE MOST MODERN FEATURES:

New 283-cubic-inch Taskmaster V8 is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

LCF models outdate C.O.E. trucks in every way, yet offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special features include built-in 3-speed power divider.

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and Overdrive (optional at extra cost).

All the way in DRIVE range with Powermatic! This Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!

## New Plymouth Hardtop

The 1957 Plymouth Sport Coupe (hardtop) has a low silhouette, long wheelbase, and powerful Fury 301 engine and revolutionary new Torsion-Aire ride—said to be the most important advancement in automotive design since the introduction of independent front suspensions. Car pictured here is the Belvedere with Sportone trim.

## New Plymouth Suburban

Plymouth offers 12 different models of Suburbans in its new 1957 line of cars. They include two-door and four-door models, with either PowerFlow Six or Fury 301 engines. Four of them are 9-passenger cars with a rearward facing third seat. All have Plymouth's revolutionary new Torsion-Aire ride. Car pictured here is Custom 4-Door Suburban.

## New 1957 Plymouth

The new 1957 Plymouths are low, wide, ground-hugging and fun. They have a revolutionary new Torsion-Aire ride, said to be the most important advancement in automotive design since the introduction of independent front suspensions. The parking signal light is positioned parallel to the headlight to give a headlight effect.

## 1957 Plymouth, To Be On Display Oct. 30, To Be 3 Years Ahead In Design Features

The 1957 Plymouths displayed by dealers nationwide beginning October 30, Plymouth J. P. Mansfield announced. The new Plymouths will be at the James Motor Show.

Wider and more powerful model represents a change in styling, body and chassis.

said the new car is of a telescoping of Plymouth planning.

we are about to introduce style and features of we had thought, only a ago, as possible for a," Mansfield said. "We d faster than we had public has shown an to accept dramatic

mouth models are as five inches lower than ing 1956 models. The has been lengthened inches for all models in inches on standard mo- 2 inches for Suburban ons in the 1957 line. car has the appearance length which comes lonal styling. A broad g tail fins and forward eadlight brow all con- e impression of length. design, Plymouth has d its most significant ce the introduction of front wheel suspen- coil springs in 1934. is called Torsion-Aire. reral re-design of the

front suspension, coil springs have disappeared. They are replaced by torsion bar springs which together with other equally basic improvements in both front and rear, produce a new kind of ride and new "handling."

The completely new front suspension and steering system creates a remarkable degree of stability under forces of acceleration, braking, and cornering. At the same time, according to Plymouth engineers, the vehicle is more softly sprung than ever before. For the first time on an American passenger car, ball joints are combined with torsion bar springs to create the unique combination of ride and handling characteristics. A new rear suspension incorporates relocated leaf springs, which contributes to the new better ride.

All of the 1957 Plymouths have more powerful engines than 1956 models. The standard V-8 for all models except the Plaza in the new Fury 301, the number signifying displacement. The plaza V-8 retains a displacement of 277 cubic inches but, like the Fury 301, has a new camshaft, new carburetion, and other innovations to achieve increased performance and economy.

The compression ratio of the Fury 301 is 8.5 to 1. Plaza V-8 compression remains at 8 to 1. The compression ratio of the PowerFlow Six is increased from 7.6 to 1 in 1956 to 8 to 1 in 1957.

Other innovations in the 1957 line include: New 14-inch wheels and low pressure, large section tires.

New 11-inch brakes, of Chrysler Corporation's Total Contact design.

A new integral all-weather air-conditioning system which combines heating, cooling, dehumidifying and ventilating in one underhood unit, available on all V-8 models.

Padded instrument panel and sun visor available as optional equipment.

New safety recessed center steering wheel.

New full-view windshields with 15 per cent greater glass area in sedans and Suburban and 43 per cent greater in hardtops.

A new line of Suburban station with many advanced features including a rearward facing third seat in nine-passenger models, roll down tail gate window, wrap-around quarter window, torsion bar tail gate hinge, optional in-side concealed luggage compartment with lock on all six passenger Suburbans and a fuel tank mounted in left rear fender.

As in the 1956 offering, Plymouth for 1957 offers four lines of standard automobiles. Belvedere is the top line, Savoy the middle and Plaza the lowest-priced. A two-door hardtop is available in the Savoy line and both a two-door and four-door hardtop are available in the Belvedere line.

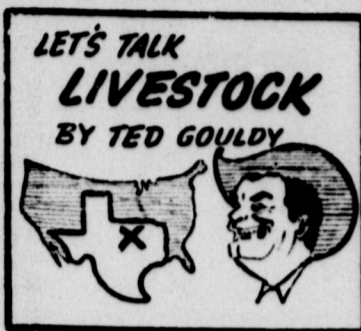

Suburbans again in 1957 make up a district line of cars, in three groups—Deluxe, Custom and Sport—and in 12 models taking into account two-door and four-door models, and six-passenger and nine-passenger bodies, and V-8 and six cylinder models.

### Cows Open 25 to 50 Cents Higher At Fort Worth

Fort Worth — Supplies of cattle and calves were reduced at Fort Worth Monday following rains the previous week in much of the territory. The trade was very active on cows and prices were 25 to 50 cents higher. Other classes of cattle and calves reflected mixed prices and little change from the previous week's closing prices.

Comparative included: Good and choice fed steers and yearlings \$16.50 to \$24.00; fed heifers \$23.50 down; common and medium steers and yearlings \$10.00 to \$16.00 Fat cows \$9.00 to \$12.00; canners and cutters \$5.50 to \$9.00; bulls \$8.00 to \$11.50, odd head \$12.50. Good and choice slaughter calves mostly \$14.50 to \$17.50; fancy heavies to \$18.50 and above. Common and medium butcher calves \$10.00 to \$14.00; culls \$8.00 to \$10.00; stocker calves of medium to good grades \$13.00 to \$18.50, choice scarce;

steer yearlings \$17.50 down; stocker heifers \$2.00 to \$3.00 under similar steers.

### Feeder Lambs 50 Cents Higher Killers Rule Steady

Stocker and feeder lambs reflected stronger demand resulting from the recent rains and some sales to go into North and East Texas were at prices strong to 50 cents above last week's close. Northern orders were still limited to mostly fleshy to fat feeders with quality and some weight, but these also get away better.

Slaughter types of lambs and older sheep were generally steady. Good and choice fat lambs sold from \$18 to \$20, and cull to medium sorts sold from \$10 to \$17. Stocker and feeder lambs sold from \$10 to \$16.50, with replacement lambs selling above \$15.50 usually carrying good shearing pelts and some good flesh.

Slaughter ewes were quoted from \$3.50 to \$5.50, most sales \$4 to \$5. Old wethers drew \$8 to \$12. Yearling muttons sold from \$10 to \$15.

### LADIES GOLF ASSOCIATION

The Ladies Golf Association met last Thursday for golf in the morning and bridge in the afternoon. Mrs. Lefty Walker was bridge hostess. High in bridge went to Mrs. Jesse Marley and bingo to Mrs. Clay Adams.

The new officers were installed, president, Mrs. Hillery Phillips;

Vice President, Mrs. Ashby McMullan; Secretary-Treasurer, Mrs. Joe Friend; Corresponding Secretary, Mrs. Bill Cooper; Reporter, Mrs. Jo Pierce. Mrs. Lindsey Hicks is bridge chairman for November and December.

Those present were Mesdames Hillery Phillips, Joe Pierce, Lloyd Sherrill, Victor Pierce, Nip Blackstone, John Childress, Jesse Marley, Clay Adams, Lefty Walker and Lottie Patterson.

### Miss Barbara Fields, Johnie Griffin Wed

Mrs. and Mrs. A. O. Fields announce the marriage of their daughter, Barbara, to Johnie C. Griffin, son of Mr. and Mrs. Johnie C. Griffin of Ozona. The wedding took place August 2 in Villa Acuna, Mexico.

After a wedding trip through New Mexico, the couple are at home in Kirkland, N. M., where Mr. Griffin is employed with the Western Drilling Co.

Mrs. Griffin is a 1954 graduate of Ozona High School and attended Sul Ross College in Alpine and Draughon's Business College in Abilene. The bridegroom is a graduate of Coleman High School and attended the University of Texas where he majored in petroleum engineering.

 (Continued from page one)

Roy Glen Sutton, Jess Marley and Robert Martinez played outstanding defensive games, and for the first time this season reached the level Lions fans had felt them capable of.

Jake Young, Kent Babb, Billy Bob Holden and Jerry Jacobs along with Jimmy Brown contributed mightily to a defense that showed no real weakness.

The Lions passed 18 times completed 9 and had one intercepted. Another pass from Williams to Young was broken up by an official.

**Bennett-Gotcher Rites Read In Garden Setting**

A garden wedding at the home of the bride's parents Saturday evening, October 28, at seven thirty o'clock united in marriage Miss Jeannette Garder Bennett and Roger Alfred Gotcher. The Rev. Robert H. Scott officiated at the double ring ceremony in Batesville.

The bride is the daughter of Mr. and Mrs. L. J. Bennett of Batesville, and the groom's parents are Mr. and Mrs. Charles W. Gotcher of Ozona.

A background of pyracantha, white chrysanthemums, gladioli and candelabra formed the setting for the exchange of vows. Richard Bennett of San Antonio, cousin of the bride, lit the candles.

Mrs. Boyd Barber at the organ accompanied John Nance, uncle of the bride, as he sang "Because" and "The Lord's Prayer".

The bride, given in marriage by her father, wore candlelight satin with fitted bodice, pearl embroidered neckline, long sleeve tapering to points over her wrists, and a bouffant skirt extending to a gracefully flowing train. Her chapel length imported veil of hand embroidered Madrid lace was held by a satin cap adorned with pearls. She carried a white Bible with a white orchid and stephanotis.

Miss Hazel Margaret Bennett of George West, cousin of the bride, was maid of honor. Bridesmaids were Miss Judy Bennett of San Antonio, Miss Marsha Nance of Thornton, cousins of the bride, and Miss Arlene Gotcher of Ozona, sister of the groom.

Flower girls were Debbie Bennett, niece of the bride, and Cathy Nance of Thornton, Rebecca and Priscilla Polchinski of Bellaire, cousins of the bride.

Mr. Gotcher was his son's best man. Jim Bennett, brother of the bride, and David Bennett of George West, cousin of the bride, were ushers.

Following the ceremony a reception was held on the terrace. The bride's cake was a double wedding ring encircled with white tulle. It was served from a hand-made imported lace covered table. The bridal attendants' bouquets formed the centerpiece.

**W. M. U. CIRCLE MEETS**

The Betty Tansy Circle of the Baptist W. M. U. met this week with Mrs. Pless Childress for the monthly mission study meeting. Myrtle Everett, chairman, presided.

Audry Glyn, dressed in Japanese kimono, taught the first portion of the book "Japan Advances." A short history of Japan was presented, and the book, which covers missionary work in Japan since the war was reviewed. Several Japanese curios were shown by Mrs. Childress and Mrs. Lon Thomas. Coffee and cake were served to 17 members and the new WMU president, Mrs. Buster Loudamy.
