## Crockett Youth Shows Champion Lamb At Santone

### Joe Everett Ram Cops Top Honors; Locals Win Many Places

Joe Everett, 17-year-old Crockett county 4-H Club member, showed the grand champion Rambouillet ram in the Junior Rambouillet reading sheep show at the San Antonio Livestock Exposition Tuesday. The Ozona lad's ram is a two-tooth ram and won first in that division and won the show championship over the first place winner in the ram lamb division.

The Crockett county 4-H Club exhibitors won one first and a championship, one second place, three third places, one fourth, two fifth, one seventh and two eighth places in the breeding sheep division and placed 33 lambs in the fat lamb division to make a fine showing at the San Antonio show, according to the report furnished the Stockman by county agent Pete Jacoby who is shepherding the Ozona club members at the show.

In the Rambouillet ram lamb division, Pam Jones won seventh place. In the two-tooth ran division Joe Everett placed first, Jay Miller third, Pierce Miller fifth and R. J. Everett eighth.

In the Rambouillet ewe lamb class, B. B. Ingham, III, won third place, and Pam Jones fourth and fifth. Pierce Miller won second with his two-tooth Rambouillet ewe, Jay Miller won third and Pleas Childress, III, won eighth.

The San Antonio Junior breeding sheep show was the largest this year in the history of the show. There were 120 breeding sheep entered in the competition.

Crockett County 4-H Club members placed 33 lambs in the fat lamb show last Saturday. Each of these lambs are entitled to be sold at auction Friday, the San Antonio sale in past years offering the young feeder a premium price of from 30 to 35 cents a pound above market price.

In the strongest and largest fat lamb show in the history of the San Antonio event, Crockett county 4-H Club members made a strong showing in placing 50 percent of their lambs. There were over 1,100 lambs entered in the fat lamb division.

In a class of 402 finewool lambs, Frank Childress of Ozona placed 27th and 32nd and Brock Jones, Jr., 29th and 42nd.

The county group of 15 lambs placed third with 12 groups showing in this class. In the crossbred class, Bill Jacoby placed 41st. The county crossbred group placed fourth, just out of the money.

In the Southdown lamb competition, where some 200 lambs were entered, Mark Baggett placed 16th and B. J. Everett 37th. The county group of 15 Southdown lambs placed third, thus making 17 of those lambs eligible for entry in the auction sale.

Other Ozona 4-H Clubbers who placed lambs besides those mentioned were Benny Friend, Erby Chandler, Penn Baggett, Clayton Bunker, George Bunker, Jr., Carl Cannon, Bob Childress, Joe Everett and Earl Deland.

## Freshman Cagers Wind Up Unbeaten Season With Win Over Menard

By Ernie Boyd

With its leading scorer and chief play makers moved up to full time B team duty and part time first team action, the Ozona freshmen finished an unbeaten season in Menard Tuesday night with a 44 to 40 victory over Menard.

Humberto Cervantez led the first year men with 18 points and was followed by Cico Cervantez with 13. The game was the closest and actually the only close game the Cubs have had this season with the Cubs needing an overtime period to win the contest.

Ozuna led through most of the contest but were not able to pull away from their taller opponents. Both clubs had chances to win the contest in the fading seconds but both missed their chance and the extra period was needed.

Last Friday night the Cubs toyed with Eldorado, running up a 20 to 0 lead in the first quarter before reserves took over and finished the contest with a comfortable 59 to 18 win.

The Ozona B team, playing without their freshman members who were on the A team reserve list, dropped a hard fought 44 to 42 game to the Eldorado reserves in Eldorado last week and then using the freshmen lost a 50 to 48 game to the very tough Menard reserve five. The loss to Menard was by the same margin the Ozona five defeated the Menard team here, but with the freshmen playing the Ozona five had previously trounced Eldorado 55 to 30.

Humberto Cervantez, who played only the last quarter due to having just played in the freshman contest, tied Jimmy Brown for high points for Ozona in the Eldorado contest with 12 points while in Menard Jerry Jacobs dropped in 16 points to lead the reserves.

## Commercial Lamb Show Planned By FFA February 25

## Ozona Gets Next Convention of Hill Country Firemen

### Group To Meet Here Next August For One-Day Session

Ozona will be the next convention city for the Hill Country Firemen's Association, an organization of volunteer firemen from seventeen West Texas towns.

An invitation extended by Ozona Fire Chief Joe Tom Davidson was accepted unanimously by the organization when Chief Davidson pointed out that Ozona, youngest member of the Association, had never had a convention. Winters had entered a bid for the next semi-annual convention of the group. The convention will be held here on Tuesday, August 14.

Approximately 250 firemen and their wives were on hand for the convention held Tuesday in Coleman. The day's program included a parade, a business meeting, memorial services, a banquet and dance.

Ozona firemen attending the convention were Chief Davidson, Bill Cooper, James Semmler, Bill Carson, Bud Harrison and Cleophas Cooke.

Ozona's six-man pumper team placed third in that event in the afternoon races. The Ozonans' time was 26.9 seconds, just 1.9 seconds under the first place winning Brownwood team. James Semmler, representing Ozona in the one-man race, placed second. First place was won by J. T. Patrick of Sonora who at the morning business session was elected president of the 17-town association.

In the business session, resolutions were adopted supporting a bill to outlaw the manufacture and sale of fireworks in Texas; and another asking the State Insurance Commission to adopt a change in the key-rate determination to allow credit for night patrol.

## Past Presidents Of 43-Year-Old PTA Honored Monday Night

Then in 1918 the organization disbanded until September 19, 1924, when it was reorganized with Mrs. Frank Friend as president. Since then the PTA has been an active association with the exception of two years, 1944-46, being resumed again under the guidance of Mrs. Jake Young.

Tom Harris, manager of the Foxworth-Galbraith Lumber Co., here, underwent surgery in a San Angelo hospital Tuesday morning.

## Man Held Here In Service Station Theft To Be Returned To Cal.

Olzie Rushing, 47, arrested here last week by Sheriff V. O. Earnest on charges of attempted robbery of the Sutton Chevron Station, is wanted on felony theft charges in California and is being held here for California officers, expected to arrive this week.

Rushing is charged with theft of the car he was driving in Oakland, Calif., and with theft of a gasoline courtesy card from Hanford, Calif. He has signed a waiver accepting return to California where he will face charges of theft and possibly forgery of the courtesy card signature.

Rushing had bought two new tires from the Ozona service station and while Sutton was mounting the tires on his car, Rushing opened the station's cash register and scooped up a handful of bills, including one local check, and stuffed them in his shoe. Officers found the money in the man's shoe, which he at first insisted belonged to him, but could not explain presence of the local check to the service station.

## Lions Cinch Tie With 5-Point Win Over Menard Five

### Menard Win Over Sonora Tonight Could Give Lions Title

By Ernie Boyd

Coach Swede Pelt's Ozona Lions came from behind in the second period Tuesday night and then held on through a hectic second half to edge a hard fighting Menard team 72 to 67.

The win, coupled with last Friday's 60 to 37 conquest of Eldorado, gave the Lions a 7 won and 1 lost district record and a tie for first place even if Sonora succeeds in winning from the Yellow Jackets in Menard Friday night.

In the two team's previous meetings, the Sonora team won a last second two-point decision in Sonora but the Yellow Jackets, who haven't given the Lions much trouble here during the season, have a vastly better ball club at home.

In the Eldorado contest last Friday it was the fine shooting of Bobby Martinez and Johnny Ramirez that paced the Lions to victory as Martinez hit for 24 and Ramirez got 15.

The game was close until the fourth quarter but the Lions managed a ten point lead in the second period and never allowed that to slip below eight.

Mid way of the final period, with an 11-point lead, the Lions applied pressure to the Eagles and they collapsed as the Lions pulled away sharply.

For Eldorado Gerald Stockton got 15 points to garner nearly half of his team's points.

With the title on the line, the Lions then moved to Menard and

## Petition Requests Election On Bond Issue For Schools

### \$200,000 Issue Sought For Housing, Auditorium And Repairs

A petition bearing the names of more than 100 Crockett county voters was presented to County Judge Houston Smith this week asking that an election be called to decide the question of issuing \$200,000 in school bonds for the purpose of providing teacher housing units, a new auditorium for the South Elementary school and needed repairs on the North Elementary building.

The petition, circulated by committee members from the Ozona Woman's Club and the Woman's Forum, was the outgrowth of several months planning and investigation by the board of trustees of the Crockett Consolidated Common School District who have endorsed the bond issue plan as a means of solving the teacher housing problem and the need for additional school facilities, with the ultimate aim of saving approximately \$18,000 per year now being paid out by the schools in rentals for teachers houses.

The election date will be set by Judge Smith as soon as the necessary legal forms can be completed by bond attorneys employed by the county. Such forms are expected to be complete in the next few days and the election date set within the next month. If the bonds are approved by the voters, construction on the housing units and other contemplated construction can begin possibly by April 1 and be completed in time for the opening of the next school term in September.

The petition asks that the bonds bear interest at a rate not to exceed 3 percent. However, most Crockett county bonds sells for less than 2 percent. The issue will probably be retired in a ten-year period and will not increase the present school tax rate.

The school board has laid plans for construction of 20 teacher housing units on school property on the hill just east of the present teacher houses, the first constructed here, on the hillside east of the high school building. Surveyors who have blocked off the property estimate that suitable building lots can be prepared for as many as thirty houses on the plot.

Purchase of an adjoining lot on the south side, formerly owned by Ezra Trotter, has recently been completed to afford a street entrance to the area from the south.

The move toward construction of school owned houses for teachers, long advocated here by civic groups and others who have studied the economic situation of the schools, has been forced by the probable severe housing shortage to be created by the influx of personnel to man the new Air Defense Command radar station soon to be constructed five miles east of Ozona and other big construction projects in the immediate future.

The school system is now paying approximately \$18,000 a year in rent for individually owned houses. The saving of this amount annually will lack only a few thousand dollars of paying the interest and sinking fund for retirement of the entire \$200,000 bond issue in a ten-year period.

It is estimated that around \$25,000 will be needed to make repairs on the North Elementary building. Faulty construction of the building has resulted in the buckling of concrete floors in the building and cracking of walls, the floors in some rooms being from three to four inches off level.

Need for an auditorium at the South Elementary for assemblies and for other gatherings of the student body has been apparent more each year as the enrollment increases. Students in the school now are served the noon meals from the cafeteria in the hallways, there being no room available of sufficient size to accommodate the group.

THURSDAY, FEB. 16, 1956

**NEWS COVERAGE — DAILY STYLE**

A few Ozonans who had advance knowledge that an Ozona youth had shown the grand champion ram in the Junior Breeding Show of the San Antonio Livestock Exposition Tuesday, the most coveted honor in that particular field of competition, were somewhat amazed upon reading the account of the show in the morning daily which purports to serve this West Texas area.

The three-column headline over the story proclaimed that Ballinger Sonora and Del Rio entries had won in the San Antonio showing. Headline honors were deserved by the Ballinger youth who won the "silver shears" award for most points won in the show and by the Sonora teenage girl who had the champion junior Rambouillet ewe.

But if you read far enough in the article, the third paragraph down you found that Joe Everett, Ozona 4-H Club youth, showed the champion Rambouillet ram. And the next paragraph, which presumably produced headline material, related that a Del Rio youth had shown the reserve champion ram — second place to the Everett

ram. If the daily newspaper of a city which draws multiplied thousands of shopping dollars from a prosperous community in its trade territory chooses to exhibit prejudicial treatment of that community in its news coverage, that community is not particularly harmed, but the matter should be of grave concern to the retail establishments, the hospitals, doctors and other professional interests who profit from business which overflows from the community into the metropolitan center.

Ozona's sports minded citizens have long since become accustomed to having its sporting events ignored in a certain corner of the daily's sports page, but it's a pretty cruel blow to a teenage youngster's pride to have a major accomplishment in his 4-H Club career so callously minimized.

**WHO IS HIT HARDEST?**

The federal income tax begins at 20 per cent, on the lowest taxable incomes. From there on it rises fast until it reaches 91 per cent in the high brackets.

You might logically judge from this that people of large means, because of progressive taxation, pay most of the tax bill. But they don't. Eighty-four per cent of all individual income taxes collected come from the basic 20 per cent rate — and only 16 per cent from the surtaxes. As Graham Patterson puts it in Town Journal, "So the high rates are actually more destructive of income than productive of revenue."

Excessively costly government hits everyone — and it hits people of moderate means hardest. There aren't enough rich people to carry the load.

We shall always remember with deep gratitude your comforting expression of sympathy.

Fort Worth — Cattle trade was active on all classes, except steers, yearlings and heifers on Monday at Fort Worth. The price on heaves was slowed by low asking prices as salesmen maneuvered to recover some of last week's losses. Packers were reluctant to increase costs in view of the low close last week in the meat trade.

However, prices were fully steady to strong and spots 25 to 50 cents above last week's extreme points. Cows were strong and sold to 50 cents higher. Bulls were weak. Slaughter calves of less than 550 pounds were strong, but steer kinds were about steady. Steer trade was active and strong with demand centering on the stuff and light-weight yearlings and calves coming in fields and pastures in each of the Southwest following a recent moisture were increasing inquiry for these types steady.

With the dressed lamb trade on the Eastern Seaboard sagging steadily in recent sessions the tone was bearish on the Fort Worth market. Early bids were fully \$1 per, but salesmen managed to sell the bulk of the lamb supply at around 50 cents lower prices.

Top lambs sold from \$17 to \$18 and feeder lambs sold from \$17 downward. The medium and low-grade cashed in the \$12 to \$16.50 bracket. Old ewes drew \$6.50 to \$7.50, and aged wethers drew \$5 to \$12.50. Yearlings muttons sold at \$16 downward. Old bucks sold around \$6.50.

**World Day of Prayer Observed February 17**

A day of prayer begun by a small group of U. S. women seventy years ago will be marked by millions of Christians around the globe on Friday, Feb. 17, in services dedicated to world peace and understanding.

At services circling the earth for more than twenty-four hours, people of all ages and races will pray in more than a thousand languages and dialects for understanding among the nations of the world. And with their prayers will go offerings of money and material goods to help relieve human need and suffering wherever it exists.

In the United States alone last year, World Day of Prayer offerings provided more than \$460,958 for co-operative Christian ministries in health, education, and welfare at home and abroad.

Sponsored in the United States by United Church Women, the program is prepared each year by an author from one of the 134 co-operating countries. This seventieth year is marked by a service written by American Indian leaders from the Cook Training School in Phoenix, Arizona, with the theme "One flock, one shepherd." An interdenominational and interracial service will be held at the Ozona Methodist Church at 9:30 a. m. Friday.

**From where I sit ... by Joe Marsh**  
**She Knew It All The Time**  
Chances are, long ago your grandma knew how to keep you from catching cold. Mine did. "Stay out of drafts," she'd warn. "Bundle up. Don't get wet."  
Then, maybe, when you grew up you found that the old lady's theories were considered old fashioned. Germs were the thing — and the way to avoid a cold was to avoid infection by somebody who already had one.  
Now I read where scientists aren't so sure. Germs carry a cold, of course, but they now believe something else "sets it off" — something like drafts, wet feet or going without your muffler. *Grandma, take a bow!*  
From where I sit, there's liable to be sound reasoning behind the old customs people believe in. "Early to bed, early to rise," for instance — or the practice of drinking hot milk or a glass of beer at bedtime. I'm not saying you ought to hold with these beliefs yourself... but you'd better get the facts before giving them the "chill!"

### EDITORIAL

We never have more than we bear. The present hour we are always able to endure. As our day is our strength. If the trials of many years were gathered into one, they would overwhelm us, therefore, to give us our little strength. He made first one, and then another, then removed both and kept us a third, heavier, perhaps, than either; but all is so wisely measured to our strength that the heaviest need is never broken. We do not enough look at our trials in this restless and successive view. Each one is sent to teach us, and altogether they have a lesson which is beyond the power of any to teach alone.

"I'll send you for a little time a child of Mine," He said.  
 "The you to love while she lives, and mourn for when she's dead. It may be set at seven years or twenty or a time.  
 But will you, I'll send her back, take care of her for Me?"  
 She'll bring her hearts to gladness you, and should her way be tried.  
 You'll have her lovely memories as when her your grief.  
 I cannot promise she will stay, even all these years with you.  
 But there are lessons taught down there I want this child to learn.  
 The lesson this world would ever give in My search for teachers true, believe.

And from the things that crowd life's lanes, I have selected you. Now will you give her all your love, nor think the labor vain.  
 Her fate be what I come to call to take her back again."  
 I feared that I heard them say "Dear Lord, Thy will be done."  
 For all the joy Thy child shall bring, the risk or grief we'll run.  
 We'll stand her with tenderness, we'll love her while we may, and for the happiness we've known forever grateful stay.  
 But should the apple fall for her much sooner than we've planned,  
 We'll know the better grief that comes and try to understand."

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

FEBRUARY 10, 1927

Ele Bright Baggett, 5 year old son of Mr. and Mrs. Bright Baggett, suffered a badly sprained arm Tuesday afternoon when he fell from the fence at the Baggett home.

Pon Seaborn of Ozona has a test to determine whether a man is a West Texan or not. He hands him a package of "Marco Toro" papers and if he can roll a decent cigarette of a presentable form, he belongs here; otherwise he is a rank outsider.

The approaching marriage of Miss Leta Graham and Nelson Hawkins, to take place March 3, was announced at a bridge tea given by Mrs. Evart White, a sister of the bride-to-be at the home of her mother, Mrs. N. W. Graham Tuesday afternoon. At the close of the games Mrs. Warren Clayton won high score. The guests then went to the dining room where tea was poured. Eighteen guests attended.

Two Chrysler automobiles, one owned by Harry J. Friend, Jr., and the other by Charlie Davidson, were wrecked at the Patrick Hill on the Sheffield road Tuesday

night, when they collided after an alleged race from the downtown section. The race is said to have started from Smith's Drug Store. Young Friend was leading and at the Patrick hill decided to turn around. Not seeing Davidson coming, he turned his car across the road and at that moment Davidson's car hove into sight and turned a double flip after striking the other car a glancing blow. Both cars were badly damaged.

Possibly the fact that the ornament on the ceiling of the district court room of Crockett County is a horned frog has resulted in the large number of young men of Ozona attending Texas Christian University where the Athletic teams are known as the "Horned Frogs."

Members of the freshman class of the Ozona High School entertained the Junior class with a Valentine party last Saturday night at the home of Mrs. John Mitchell.

Two hard fought basketball games were played on the new courts here Tuesday afternoon between the girls and the boys of Ozona and Mertzon, with Ozona winning both matches. Velma Richardson substituted for Ethel Ben-

nett at the end of the half and the visitors scored only one goal. Monte Sapp, Hallie Kirkpatrick, and Mildred North were outstanding players for the locals. The boys game was characterized by fumbles, but it was a clean peppy game. Earl Deland at center and Cal Word at guard were the outstanding players for Ozona.

A Chevrolet touring car belonging to George Baker of Ozona was stolen in San Angelo last week while Mrs. Baker was attending a theatre there. The car was parked on a downtown street and when Mrs. Baker emerged from the show her car was gone. No trace of it had been found this week.

Mr. and Mrs. W. R. Baggett spent the week end in San Angelo.

John Bailey and Walter Childress went fishing this week. They are expected back Thursday afternoon.

Mrs. Joe Oberkamp, Mrs. Lee Henderson and Mrs. Judge Montgomery are spending a few days in San Antonio.

STRENGTH IN RESERVE

**YOUNG MEN WANTED**

UNCLE SAM needs young men for his peacetime Army of Reservists. YOUNG MEN need what Uncle Sam has to offer.

Strong nations seldom are attacked. It is only when a nation becomes weak, when its military strength is at a low ebb... when its men are untrained for battle... that an enemy strikes. To keep peace - keep strong. For a nation to maintain military might it must have a large, well-trained Ready Reserve - well versed in the latest in military know how and equipment.

It is up to the young men of America to provide this manpower. Under the Reserve Forces Act of 1955 American youth may continue in school with a minimum of interruption, while serving in the U.S. Army Reserve.

"Borrowed some hot water for th' wash. Gotta get home before it cools!"

Well, at least she knows the big laundry secret: "The hotter the water, the whiter and cleaner the wash." But she doesn't know the modern way to be sure of all the hot water you need all the time. Only the automatic GAS water heater does the trick! It's 3 times faster than non-flame heaters. Costs less to buy and install — a fraction as much to operate. Get sizing information today.

won a share of the title in one of the hottest ball games of the season.

The Yellow Jackets showed a vast improvement both in tactics and in shooting and, with Pete Perry leading the way, jumped into a first quarter lead.

Trailing at the end of the first quarter, the Lions began to warm up to their own pressure tactics and with Johnny Ramirez leading the way the Lions pulled into a 32 to 30 lead.

The lead shifted twice and then Menard took a one-point lead with five seconds to go but Bobby Sutton hit a set shot from mid-court just as the buzzer sounded to send the Lions to the rest period with a 36 to 35 edge.

Menard cracked a little in the third period and the Lions got 8 points before the home club could score but once on their way again the Yellow Jackets contested every point with some sharp shooting by Perry, Menzies and Pollard.

Lloyd West and Juan Delgado rose to the occasion and pumped in 15 points in the second half and freshman Jerry Jacobs, playing under pressure for the first time, hit three field goals to just about account for the victory margin.

Stellar Lion forward Johnny Ramirez led the Lions with 23 points, much of which came when the Lions put on their drive to take the lead in the second period. In addition to leading the Lions scoring, Ramirez and Juan Delgado contributed great work in bringing the ball down the floor.

Bobby Martinez, Johnny Ramirez, Jake Young, and Jerry Jacobs all did a great job of rebounding against their much taller opponent. Martinez and Young both went to the sidelines with fouls, Young leaving with five minutes to go, and Martinez with a little over three minutes to go.
